Matsqui Objects

No money for LMH

The Central Fraser Valley regional hospital district is having second thoughts about approving money for refurbishing of water towers in Langley.

The directors at their meeting in Murrayville Monday, decided that money taken out of their regional hospital district ¼-mill emergency fund may not be the best source from which Langley Memorial hospital could obtain funds to refurbish their water towers, which supply the facility during water shortages.

At their meeting in January the directors approved part of the $50,000 fund for this purpose, but since the provincial government has not yet OK'ed the proposal, and since Matsqui council objects to this use of the money, directors suggested that the matter should be the subject of a long-term bylaw.

For almost a year Langley hospital has been asking for the money, which is normally held for an extreme emergency for the MSA and Langley hospitals.

Bad Weather – fewer jobs

Severe weather conditions during January drastically curtailed employment activity in a number of local industry sectors, reports Art Neill, the Abbotsford Canada Manpower Centre manager.

Particularly hard hit was construction, Neill says. The majority of building projects were forced to shut down resulting in layoffs for many workers. However, he says, there was still an improvement compared with a year ago.

The manufacturing industry produced the bulk of the demand for workers in January.

As usual for this season, there was very little agricultural industry.

Wendy Armstrong of the 2nd Langley Guide Company. One of two girls to receive All-Round Cords at the Guides and Brownies annual mother and daughter banquet.

FVMPA Meets In Abbotsford

The annual general meeting of the Fraser Valley Milk Producers' Association will be held in the Matsqui Armories building, Abbotsford Airport on Thursday and Friday, March 23 and 24.

H.S.Berry, president of the B.C. farmer-owned marketing organization that sells under the Dairyland and Pacific milk brands, will chair the two-day gathering. Reports on 1971 business operations and policy discussions will highlight the meeting.

Phone exchange expands

A total of $388,000 will be spent this year to expand and improve telephone facilities serving subscribers in Aldergrove, the B.C. Telephone Co. said last week.

The funds will be used to provide additional switching equipment for local calls, to begin construction of an addition to the telephone company's central office building and to install new cable throughout the Aldergrove area.

Ron Hartney, the company's district customer service manager, said the planned expenditures are required to keep pace with growth in the demand for services provided by B.C. Tel in the Aldergrove area.

B.C. Tel has budgeted more than $16.6 million for additions and improvements to telephone facilities in the Fraser Valley in 1972.

The company's province-wide construction program will cost $131 million this year.

Of the funds allocated for Aldergrove, $285,000 will be spent for installation of cable, much of it to be placed underground.

Most of the cable will go to serve new and existing residential areas in the southern and western parts of the exchange area.

Another $44,000 will be spent during 1972 to install switching equipment made necessary by the increasing volume of local calls in Aldergrove.

And $65,000 will be spent to begin construction of a 750-square foot addition to the central office building of the 856-exchange.

The building addition is required to house still more local switching equipment, which will go in service early in 1973. Total cost of this project will be $129,000.

Remand home should be a regional onus

Action may be taken by a planning committee of the Central Fraser Valley regional district, to cut down on some red tape concerning zoning changes.

A meeting will be held March 1 in the regional district offices in Abbotsford, and chairman, Mayor Doug Taylor of Matsqui says that in some cases rezoning changes could fall under municipal rather than regional jurisdiction, thus cutting down on an 80-day waiting period.

Other business to be discussed will include a number of requests from Langley city and district.

These include a request for financing of a $170,000 sewer line project, a pollution control bylaw, and the matter of the remand home which Langley district feels should be a regional district function.

Three big developments okayed

Three big developments are slated for Matsqui and Sumas

In Matsqui a 100-acre section of land, north of South Fraser Way between Gladwin and Trethewey will be turned into high, medium and low density subdivisions. The Central Fraser Valley regional district meeting in Langley Monday, gave the go ahead to the plan by making a change in the regional plan. Directors were told that the land is poor for agricultural use.

About 15 people per acre will be the maximum density, and the area will be served by sewer and water lines.

Mayor Doug Taylor of Matsqui says that work could begin on the site within the next few months, and 1,500 people could be living there two years from now.

The other Matsqui development, also granted by the regional board, is for a mobile home subdivision to be located south of the 401 freeway near Clearbrook. This 34 acre view property is in Taylor's opinion ideal for young people who wish to buy a lot to set their mobile homes on. He says that water and sewer will be provided.

The big development in Sumas is for conversion of an 82 acre section of land south of the 401, between Riverside and Mackenzie Roads.

Approximately 1,500 people would be provided with various types of housing, a school, a church, and possibly a senior citizens' development.

The directors of the regional district changed the regional plan for this project as well. Mayor George Ferguson of Sumas says that the developer is ready to go on the project.

Retraction and Apology

We regret that a recent issue of The Star (Jan.26, 1972) contained an article headed "Service Station burns to the ground" and under the by-line of Gary Chambers in which, we are informed, certain information was erroneous.

The information in question was obtained by our reporter, Chambers from a Matsqui fire department official, and we had no reason to doubt its accuracy.

However, we have been informed by Edward Flanders, the proprietor of Flanders Chevron Service, Bradner that he was not using a torch, nor was gasoline spilling onto the garage floor at the time the fire started. Also that extreme caution was used by the garage management and staff and that a ready fire extinguisher was expended on the fire.

We offer sincere apologies to Mr.Flanders for any inconvenience or embarrassment that may have been caused by publication of misinformation.

LETTERS TO THE EDITOR

All you people speak your minds

Editor, The Star, Dear Sir,

If Mr. or Mrs. or Dr. Name Withheld had read my letter (Feb.2) right, he-she would have noticed that the receptionist-nurse at Langley Memorial told me that there was no doctor around till 5:30 in the morning. She (the receptionist) was the one who told me n o t to bring my daughter in—because there was no doctor.

Also, the second recording (on Dr.Hyslop's telephone) did not tell me to go to the hospital "where you will receive immediate medical attention." It only told me to phone Langley Memorial hospital. Which I did.

How lucky you are, Name Withheld, that you had b o t h your doctors (and a surgeon) on your call. I do not criticize that at all. But if it's left up to luck (or something else) — then I still maintain that we need more medical doctors in Aldergrove.

How about a medical building in Aldergrove?

I hope all you people from Aldergrove who phoned me about my first letter, would let the editor of The Star know your points of view. Do we need more doctors in Aldergrove or don't we?

With your help perhaps we can get this much needed, life-important medical help.

And it could mean the difference between life and death for you or one of yours some day.

Thank you!

Yours truly,

Mrs.J. Steensma,
Aldergrove

Not to Censor

Editor, The Star, Dear Sir,

This is to inform your readers that a special committee of the Legislature has been established "to review the policy governing the classification of motion-picture films prior to their display within the province and to make recommendations to the House for any revision thereof deemed to be in the public interest."

It is pointed out that the philosophy of the present legislation is classification, not censorship. The basic classification of movies is carried out by the provincial film classification director so that people are aware of what is being shown and may make up their own minds as to whether or not they wish to attend any particular film.

The last day on which submissions may be received is February 29. Any persons wishing to make written submissions are welcome to do so by writing either the chairman or secretary.

Sincerely,

Burt Campbell, MLA,
Chairman;
Hon.Isabel Dawson,
Minister without Portfolio,
Secretary.
Special Committee on the Classification of Motion-Picture Films, Parliament Buildings, Victoria, B.C.

Great Aspirations

The newly formed Aldergrove Lacrosse Association, now a member of the BCLA, sure has big plans for the future.

Dennis Ross, our roving sports editor, last week told of the hopes and aspirations of the young group, and this week we had a phone call from Mrs. M. Jolly outlining the further progress done through the last week.

Mrs. Jolly tells us the group plans to build a 150 ft. by 200 ft. all-season, multi-purpose lacrosse box in the Aldergrove area in the not too distant future; that 64 young players, 6 to 12 years of age, were recruited into the group from the Aldergrove elementary school alone; that three divisions and six teams will be formed by the end of March; and that playing (at the Bradner box, for a start) will commence on May 1.

Mr.Jolly, formerly with the Vancouver Burrard team will be coaching, but, says Mrs. Jolly, the young group needs all the help it can get.

So far the O.F.I.Credit Union has signed up for the sponsorship of one team.

Incidentally, there will be a general meeting on Thursday, Feb.24 at 8 p.m. in the Aldergrove elementary school, and all interested individuals are urged to attend.

★

I noticed Monday that B.C. Dept. of Highways crews were busy at work on the Bellingham highway south — filling in elephant traps large enough to swallow one or two compact cars a piece.

Wonder if that's MLA Hunter Vogel's response to more recent requests from various sides for improvements to the provincial highway?

★

By the way, my good friend Hunter seems to be beating the election drum. (See Report from the Legislature this week)

But maybe he should confine himself to fight for local improvements (viz. Bellingham highway) instead of riding off into the Canadian mist fighting windmills on the federal scene.

Leave that to the heavyweights, Hunter, and try to look after the constituents who elected you to represent them.

Let someone else solve the Quebec problem and whether or not PET stands for fuddle duddle.

Just a friendly suggestion.

Wanted to buy

Acreage in the Aldergrove area. Langley or Matsqui. Two to 10 acre home-site, no buildings or old buildings, trees and hilltop or -side. Private buyer wants to deal directly with owner. State property's size, location and price asked, with name and phone number in letter to Box 62, The Aldergrove Star. All letters will be answered.

Frontier Carnival March 24

by Carol Harvey

On Friday, March 24, the students of Aldergrove secondary school are putting on a western-style "Frontier Carnival."

Proceeds from this will go to the Students' Council to help pay for the various student activities.

One of the features of this carnival will be a bazaar called the Trading Post. Items for this bazaar are obtained by asking students to bring in any surplus items they have around the home such as dishes, ornaments, jewellery, kitchenware, toys etc. So on Monday, boxes were set up to collect this week's batch of articles — pocket books and comics.

Tuesday evening Grove's basketball team played Agassiz in a home match. The Jayvees won their game with a score of 42 - 38. However, the senior girls and senior boys lost their games.

The senior boys played a very exciting game that ended up by going on to two minutes overtime when our boys were defeated by a very close 58 - 57.

On Wednesday, the grade 8 sewing class went on a field trip to the Clearbrook shopping centre to buy material and patterns for their class projects.

After school Grove's soccer team played their first game against Langley. They were victorious with a score of 20-4.

Then Friday evening, Grove's senior girls and senior boys basketball teams played Agassiz in a re-match. The outcome — senior girls were defeated but the senior boys won with a score of 58 - 45.

Ron Friesen Wins SFU Award

Ronald Friesen, of 28950 Huntingdon Road, R.R.2, Aldergrove was one of twenty-eight Simon Fraser University students recently receiving university awards.

The awards, ranging from $75 to $225, are given each semester to students in good academic standing who have made valuable contributions to the university or the community.

Friesen received a $75 award.

Around Town

by Irene Orwick

Mrs. Bessie Arnold was in Vancouver last weekend, and it was nice and sunny there she said. But on returning home in the evening she was surprised to see all the snow and the slippery conditions of the highway. Coming up the Hospital Hill she noticed the road crews busy sanding and from Livingstone Road to Aldergrove the road was really bad. She was happy to get home safely, in between showers of rain, snow and all that hail. The sun broke through for a short period — and lo, there was a beautiful rainbow. So near — but she didn't bother to look for the pot of gold anyway.

Mrs. Pearl Kryzanoski returned from Coquitlam last weekend. She had been visiting her daughter, Helen there.

Mr. and Mrs. Joe Scharf were receiving congratulations last week on the occasion of their 56th anniversary. On the 16th Mrs. Scharf had friends drop in to visit her "happy birthday" — and to make her day complete Joe Jr., from Nanaimo arrived just in time to have coffee with them.

Both Mrs. Agar and Mrs. Jackson returned home from their respective holidays.

Friday, being such a lovely day brought forth the whist players. Seven tables were playing in the Aldergrove OAP hall. The ladies' first prize was divided between Mrs. Fred Miller and Mrs. Jackson. Second prize was won by Mrs. Gunderson. Gents' first Mrs. Freda Hanes, second Mrs. Ness. Lunch was served by Mrs. Hanes and Mrs. Agar, and that concluded a very pleasant afternoon.

Mr. and Mrs. Linfoot, from Victoria spent the weekend with Mrs. A. Burmeister.

Another business for Aldergrove, the Kraft Kabin opened on Friday. I just had a quick look inside, and I'm really so pleased about it. I've hoped for so long for a place just like that — a place where you can buy hobby materials. So, gals, do support this little store and make it possible for it to stay in Aldergrove. My very best wishes to the two enterprising ladies — and welcome to Aldergrove.

On behalf of the O.A.P. group I take the opportunity to extend the most sincere sympathy to the Breier family. I shall always remember Mrs. Breier Sr. as a very lovely person. I knew this warm-hearted lady for over 30 years and she was always so kind and thoughtful in her relations with other people.

Mt. Lehman News

by Mary-Liz Stadnyk

Mr. and Mrs. T. Solstad of Haney visited friends in the district last Sunday.

Winners of the crib game held in the Army and Navy clubroom on Tuesday evening, were Mrs. Len Dumont (for the ladies high) and Mr. Chester McNeil (for the men's high).

Mrs. Mary Stadnyk and Ted Iverson attended the home show in Vancouver on Friday.

Laurel and Stephen Lengert were guests of Cindy Unrau (Surrey) last Saturday on the occasion of Cindy's 7th birthday.

Mrs. Peter Holen of Burgess Road passed away suddenly last week.

Mrs. M. Stadnyk visited Mr. and Mrs. Bruno Adamcewicz of Surrey on Saturday.

Supr. Hon. Royal Lady Visits Grove

by M. Beggs

At the regular meeting Feb. 10, the ladies of the Order of Royal Purple (Aldergrove) lodge no. 38 were highly honored in receiving the official visit of Eileen Shirley, Supreme Honored Royal Lady of Canada.

Honored Royal Lady Mary Miller was in the chair for the meeting which was followed by a most enjoyable social hour.

The highlight of the Feb. 24 meeting will be the presentation of the Travelling Gavel to Aldergrove from the White Rock lodge.

LEGALS

PROVINCE OF BRITISH COLUMBIA

DEPARTMENT OF LANDS, FORESTS AND WATER RESOURCES
Water Resources Service
Pollution Control Branch

APPLICATION FOR A PERMIT UNDER THE POLLUTION CONTROL ACT, 1967.

1. I, Trinity Junior College, of 7600 Glover Crescent, (P.O. Box 789), Langley, British Columbia, hereby apply to the Director of Pollution Control for a permit to discharge effluent from a domestic sewage treatment plant located at Trinity Junior College into the Salmon River which flows North and discharges into the Fraser River and give notice of my application to all persons affected.
2. The point of discharge shall be located at the Salmon River just downstream of the B.C. Hydro & Power Authority Railway Bridge.
3. The land upon which the effluent originates is Trinity Junior College, Parcel G., Ex. Plan 4722, D.L.316, Group 2, New Westminster District.
4. The quantity of effluent to be discharged is as follows: — Maximum rate 1.2 C.F.S., 450 Imp.gal. p.m. Maximum 12-hour discharge 33,000 Imp.gallons, Average 24-hour discharge 62,000 g.p.d. (Imp.gallons). The operating season during which the effluent will be discharged is October 15 through May 15.
5. The average characteristics of the effluent discharged shall be equivalent to or better than S.S. 25 ppm; T.S. 900, BOD 30 ppm, pH 6.5 - 8.5, Temp.-Ambient, E.Coli. mpn-100 ml. 750, Taxi Chemicals - None.
6. The type of treatment to be applied to the waste before discharge is as follows: Mechanical Secondary Aeration Basin followed by Chlorination and retention in ponds for discharge during the winter months or as noted above.
7. I, Derek John Doubleday — Municipal Clerk, hereby testify that this application does not conflict with the local by-laws of the Corporation of the District of Langley, Langley, B.C.
(sign.) D.J. Doubleday
8. This application dated on the 23rd day of December, 1971 was posted on the ground in accordance with the Pollution Control Regulations.
(Signature of applicant or agent)
P.G. Walker & Co. Ltd.,
(for) Trinity Junior College.

This application is to be filed with the Director, Pollution Control Branch, Parliament Buildings, Victoria, British Columbia. Any person who qualifies as an objector under Section 13(2) of the Pollution Control Act, 1967, may, within 30 days of the date of application, or within 30 days of the date of publication in the B.C. Gazette or in a newspaper, or where service is required within 30 days of the serving of a copy of the application, file with the Director an objection in writing to the granting of a permit stating the manner in which he is affected; those who do not so qualify may file with the Pollution Control Board an objection in writing under Section 13(6) in the same manner and time period as described above.

In support of the application the following information is submitted: —
(a) The works will be entirely on applicant's property.
(c) The characteristics of the waste before and after treatment are as follows: —
Suspended solids (p.p.m.) 350 ppm (before treatment average) 25 ppm and 50 ppm (after treatment average and maximum); Total solids (p.p.m.) 1,200 ppm (before treatment average), 900 ppm and 1,000 ppm (after treatment average and maximum); Biochemical oxygen demand (p.p.m.) 240 ppm (before treatment average), 30 ppm and 50 ppm (after treatment average and max.); pH range 8.0 (before treatment average), 6.5 to 8.5 (after treatment average); Temperature range (deg. F.) 40 deg.F. to 65 deg.F. (Ambient); Coliform bacteria (m.p.n. per 100 ml.) 1 x 1,000,000 (before treatment average), 750 and 1,000 (after treatment average and max.); Toxic chemicals (p.p.m.) None; Miscellaneous N.A.

Flow from the holding pond will be retained during the summer months, May 15th to October 15th, when the Salmon River Flows are under 20 c.f.s. (approx. 11 M.G.D. (l.) except during high river flow in any given year. Minimum dilution ratio that will be allowed at any time is 100 to 1.

BOYS! GIRLS! Here's a chance to JOIN the HAPPINESS KIDS

The happiest kids are those who make music and the happiest musicians are those who play the accordion. Here's *your* chance to learn. It's easy, it's fun, and it makes you the most popular member of your crowd.

WE FURNISH THE ACCORDION

You'll have the time of your life learning the accordion by our easy method, and you'll be surprised how fast you learn to play music everybody likes. The cost is *very low* because we furnish the instrument. Why not ask dad or mom to visit or telephone us for the exciting details.

Report from the legislature

Aid for tenants

by Hunter Vogel, MLA (Social Credit - Langley)

Bill 39 hit the floor of the legislature, Friday, something of a bombshell. The Premier of the Province as Minister of Finance has decided to recognize the tenant.

Bill 39 provides $50.00 as an annual grant to renters over the age of 65 years.

Eligibility requires that the applicant have passed the 65th birthday before applying. Also the applicant must have rented for one full year before applying.

There appears to be no other restrictions.

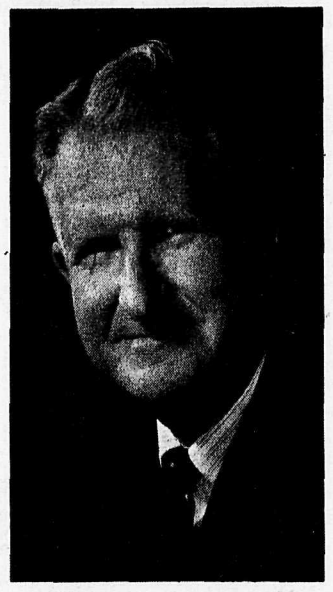
A fair bill. Help for the tenant over 65 years of age. I am glad to see this recognition.

TRUDEAU THROWS STONES

I could have said Pierre Trudeau throws insults — becomes a common mudslinger. This might be a good line, but it would not truthfully express my opinion. I only know the Prime Minister through television, and the printed word. I have not seen him or listened to him speak, but I have a definite impression.

I would say common he is not. If he were a big man and a good man, another Laurier, he could save this land of ours. If he does not have these qualities he will divide this country irrevocably — to the point where no cure or healing is possible.

To attact the Premier of British Columbia was to attack the people of the west — everyone of us. He called Premier Bennett a bigot. This Premier was chosen by the people of B.C. in seven elections over 20 years. He says we have chosen and accepted a bigot as a leader. Canadians commonly have a high simmer point — they are calm and fair. The people of the west will have the last word at the ballot box. To win applause in a partisan eastern Liberal crowd the Prime Minister resorted to invective and broke the rule of reason. Don't debate the issue — attack the man, resort to the personal insult. I did not expect this.



I feel that all we Canadians everywhere have lost some stature. I like the temperate comments of the Member for Oak Bay. He was quoted as saying that: "Trudeau's comment was not indicative of the kind of behavior which should exist at the top level of government." It won't serve any useful purpose he said, "it's strictly detrimental to federal-provincial harmony."

Eric Dounton, reporting to the Sun newspaper (Feb.14, Page 2) said, "That bigot jibe was not a slip of the tongue. It was a tartly calculated comment reflecting the deep aversion for Premier W.A.C.Bennett which Prime Minister Trudeau is said to have expressed often in private."

Eric Dounton, author of the above remarks.

LAW SUIT — POOR REPLY

A government MLA, Dudley Little of Skeena, says he will lose the lawsuit. He may be right. An all-powerful federal government writes the law. They can probably take the money from the B.C. taxpayer and use it for a gigantic pork barrel.

The Quebec position has always been clear. They stand for two Canadas. A special deal for the people of Quebec. They are not just plain Canadians — they wish to remain hyphenated and separated to that.

I feel that economic health and strength for survival will come only through unity. We are a conglomerate of ethnic groups and I think we would do well to look upon our European origins with quiet pride as something valuable in our past. The future lies in unity and one undivided Canada — no barriers and no ghettos.

Think Canadian

The Langley NDP publicly condemns the CBC for purchasing "the American propaganda series 'O'Hara U.S. Reasury'." It's theme, says Gordon Stewart, "is the infallibility of the U.S.Treasury — and we think it's unfit for Canadian viewing."

"Why not a series on the infallibility of the R.C.M.P., using their 'We always get our man' motto? At least it would be Canadian."

Stewart says the local NDP has had 'a tremendous response in the area' to a recent membership drive. He says the party, on the local level, is fully prepared for a fight in the next provincial election.

Look to Egypt, Mr. Gaglardi

It seems there is a campaign emanating from Victoria in favor of building the Moran Dam long before the Energy Board reports on whether it would be a good thing or not.

We hesitate to anticipate the findings of the B.C. Energy Board on the best solutions to B.C.'s future electrical power requirements.

However, we do believe that we must all remain alert against the continuing soft-sell propaganda campaign which seeks to make the Moran Dam a credible solution even before the Energy Board reports.

It is particularly alarming that this campaign emanates from the provincial cabinet and prominent Social Credit MLA's — taking up a tune first hummed by Premier Bennett in an indirect way several years ago.

So successful is this campaign that even the brightest journalists who report from Victoria are showing signs of falling for it in the very act of reporting that it is going on.

They write, for instance, about the damage which might occur to salmon runs if the Moran Dam is built. That's almost like suggesting that water might run uphill.

All experience with salmon spawning waters shows that major interference destroys salmon crops. No one has produced anything to overcome this body of experience — which was the major reason that the Moran proposal was rejected years ago.

Aside from destroying a salmon crop worth, say, $50-million a year, what well fed country could morally destroy a major expanding protein source when producing more food is a key ingredient of human survival on earth?

How long would the United States stay in the International Salmon Commission, jointly controlling commercial catches with Canada, if Canada destroyed the major salmon runs? How long would any salmon last with uncontrolled commercial fishing?

Then there are those talking Moran for flood control. Have they really examined the difficulties in reconciling massive water storage for power production with providing catchbasin capacity for flood crests? Do they realize that a very careful flood control system — involving some power production — was worked out years ago on the upper reaches of the Fraser because it made ecological and engineering sense — as well as minimizing danger to salmon?

Finally, there is the experience of Aswan Dam, where silting that built the mighty Nile delta is now filling up behind the dam and destroying the delta — the very cradle that was civilization. How do the Moran proponents propose to avoid silting behind Moran Dam which would both fill up the reservoir and cause ecological breakdown in the very Fraser Valley and Delta areas they're talking about preserving from flooding?

The Energy Board will undoubtedly examine all these matters. It will certainly have to find some miraculous wells of information to reach answers favoring construction of the Moran Dam.

Why then, is a propaganda campaign going on in government circles long before the Board's report comes in? Is the government determined to build Moran Dam come, hell, high water and the findings of the Energy Board?

Is the government trying to enlist unthinking public support so it can once more engage in what Mr.Gagliardi used to call "a triumph of imagination over the cold facts of engineering?"

We're not dumping eggs says marketing chairman

British Columbia Egg Marketing Board chairman, W.H.L. Brunsdon of Shawnigan Lake, said last week that a charge that the board has dumped outside eggs within British Columbia is untrue.

He said that the board operates on behalf of the total provincial egg industry, that it takes note of all representations made to it by the people in the industry, and responds in a manner calculated to be in the best interest of all.

Therefore, when a resolution was received recently from the British Columbia Egg Producers' Association asking the board to apply a program of equalization for all egg producers, it was reviewed and studied along with similar representations made by many individual registered producers. The secretary-manager of the board was then instructed to collect the information received and to present that information with his recommendations to the board for further deliberation. That was presented in the form of a memorandum and after studying same the board has now resolved that the pooling system for eggs as is applied in the lower mainland shall be applied as soon as possible in the whole of the province.

Brunsdon said that by such action, the lower mainland and Vancouver Island members of the board believe that not only will the industry become more stable for the benefit of the provincial economy, the consumer and the trades allied to egg production, but the cost of achieving and maintaining that greater stability will be shared equally by all producers.

"By applying the pooling system to the whole province, B.C.'s egg producers will be free to locate their egg production units wherever they choose," said Brunsdon, "with the assurance that they can always obtain a fair share of the total provincial market, according to their quota, at a price comparable with their fellow producers in other parts of the province. By such movement, and with the continuation of transfer of marketing quota from producers in the lower mainland to producers in the interior and Vancouver Island, this province's egg production will have full opportunity to resettle in an orderly manner to satisfy local demand in all parts of the province."

Brunsdon said that if some Interior producers are protesting the board's policy because they are afraid of losing their local markets, then they may be assured that it is the board's sincere intention that they will continue to be free to operate as egg marketers as long as they wish. He went on to say that one of the board's concerns and responsibilities is to see that all of the board's registered producers have an equal opportunity to receive the same returns per dozen from the egg production end of their farming efforts.

City Man Dies In Car Crash

A man was killed when a car left the road in the 2700-block of 56th Avenue in Matsqui early Sunday was later identified as Maurice Babish, of 1649 East 58th Ave,, Vancouver, a passenger in the car.

Five other occupants, including the driver, escaped injury.

Sewers Completed

Residents living in the area served by the new Clearbrook Mill Lake system, must obtain permits prior to being hooked up to the sewer system.

Matsqui public works chief, Reg Chester said that sections of the new line will be completed shortly. He says that property owners will be notified by letter when the service is available and should not apply to connect to the sewer until after the letter has been received.

Chester adds that all fees are payable at the time of permit application.

The Clearbrook - Mill Lake sewer system was started last summer and financed by a long term loan agreement between Matsqui and the federal and provincial governments.

Market report

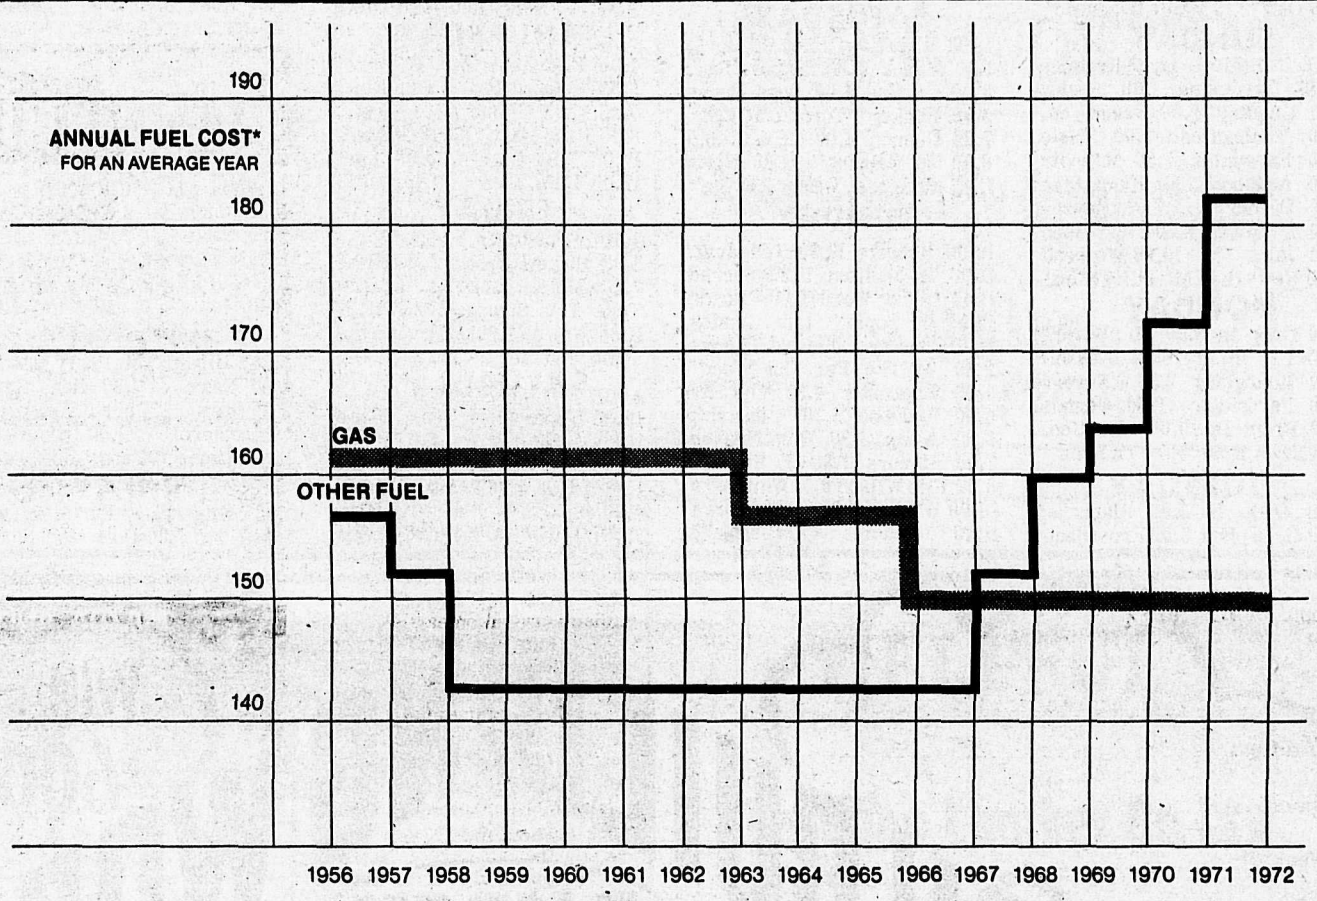
Total receipts for the week at Cloverdale's West Coast Auction were 617 cattle, 65 hogs and 13 sheep. The market was steady on butcher cattle and cows, with veal a little stronger.

The following prices were noted:

Good steers $33 to $34.75, medium and Holstein steers $27 to $32.75, good heifers $29 to $32.75, plain and med. heifers $24 to $28.50, best Holstein cows $21 to $24.50, canners and cutters $14 to $20.50, bulls $27.10 to $30.20, good beef cows $21 to $24.75, butcher hogs $24.50 to $25.25, sows $15.25 to $24.75, feeder hogs (each) $15.50 to $18.50, and weaners (each) $8.50 to $13.

Good veal $42 to $50, med. veal $34 to $41.50, baby calves (each) $18 to $63, good feeder steers $34 to $37.60, Holstein feeder steers $27 to $32, and stock cows (each) $280 to $320.

Dave Hunter's 5th Hereford Show and Sale will be held April 22 and entries are invited as soon as possible.



*Based on accepted furnace efficiencies for a typical 1200 sq ft house

Natural Gas. Cheaper now than in 1956.

Not since Elvis sang Jailhouse Rock, not since charcoal 'n pink, fins on cars, or bobbysocks and crewcuts, has the price of natural gas gone up a single cent.

In fact, it's gone down twice.

Until 1967 the price per gallon of the other common fuel was economical too. But look what's happened these last five years. The annual "other" fuel bill in our example has climbed steadily from $142 in '66, to $172 two years ago, to $181 as of January '72...

Which makes natural gas so much cheaper than the other fuel, you can actually save an entire year's heating cost every three years![1]

And natural gas is wonderfully clean. Which is not only good for the air, but good for your drapes and walls and furniture.

It's easy to convert. Start by calling your Gas Man at B.C. Hydro. He'll pop over and work out an estimate, free and with no strings attached. If you like the savings he shows you, you're on your way to a brand new gas furnace with easy financing available through B.C. Hydro.

At least one of your bills can be less each month. Instead of more, and more, and more...

[1]*The other common fuel has an extra cost per year of $19: recommended parts and service contract—$14; extra electricity for burner motor—$5.*

Natural Gas
Cheaper now than in 1956.

Mowgli Of The Birch Tree

by Gary Chambers

I was walking one very hot summers day during my childhood, when I chanced to come upon a tree. This may seem quite normal to you, but then you may not have spent your childhood on the Canadian prairies. In any case, it was such a hot day and I'd been walking for such a long time that I decided to sit for a spell in the shade of the huge birch and let my mind wander through the intricate patterns of the sun's rays as it glistened and reflected on a shimmering pool of cattle water nearby.

I had been sitting at the foot of the tree for about five or ten minutes when suddenly I realized that my neck had become quite stiff. I began wrenching and rubbing it to get the blood flowing freely again when suddenly as I bent my head in an upward direction I noticed a well-polished black shoe dangling from in the foliage of the tree. Stunned, I stood up and walked away from the tree trying to get a better view of whatever was at the other end of the shoe. As I did so it became clear to me that hidden in the green camouflage of the massive plant was a uniformed Cub Scout.

Fears that had been mulling in my head left me and I requested that the fellow descend and join me. Without a word he did so and was soon standing before me. His uniform was immaculate, the shoes were mirrors, I could see myself in them quite clearly. His socks were pulled tight to the right length, no wrinkles or creases, dark blue shorts (that I felt must have been hot on such a sweltering day) showed no sign of lint, and the green shirt was covered up one sleeve and most of the breast with insignias and emblems. Even his short peaked cap was pulled to just the correct position on his head, he was the epitomy of regimented virtue.

I began questioning him, I asked what he was doing in the tree? I asked why he was alone in the cattle field in uniform? I asked why he was so neatly dressed after having climbed and descended a tree? And I asked why in heavens name he had not made me aware of his presence? His reply was short and clear.

"I was in the tree," he said, "because I am a Cub Scout and I am a direct descendant of Mowgli the Jungle Boy, and we all know jungle boys spend considerable lengths of time perched in trees." I was taken aback; he continued, "I am alone in the field in uniform because I'm a fearless Cub, and I'm on a secret mission, surveying the area as an advance scout for the rest of the pack. I always do my scouting in my uniform." Again I was taken aback; once more he continued, "I'm ship shape inspite of my tree climbing because I'm a proud chap, my uniform is part of a proud tradition, and if I couldn't climb a tree without mucking it up, I most surely would not climb a tree." It was becoming too much to believe. "I did not make you aware of my presence," he went on, "because Lord Baden-Powell, the founder of my glorious sect, told me that people never look up. Or at least seldom. I was merely testing his claim on a sleepy wanderer."

The whole thing had become too much for me, I had to seat myself once more at the foot of the tree to digest the story. As I seated myself so, I began to notice a cold feeling in my feet, as though they were wet. I opened my eyes to study the situation. There were my feet outside the tent covered in dew. What was more I had fallen asleep in uniform, my shirt and shorts were disgracefully wrinkled. The peak of my cap was bent, too. Quickly I raced from the tent to the wash lean-to, I wanted desperately to press my uniform before the rest of the pack awoke.

As I dashed across the compound I recalled the badges and insignias on the sleeve of the Mowgli I had met in my dream. Indeed, if I kept my shorts pressed I, too, may wear those insignias some day. For now I was just a tenderpad and I had a long way to go.

Total net income of Canada's farmers from farm operations during 1970 dropped more than 45 per cent from the previous year.

In 1816 there were 10 post offices in Lower Canada and nine in Upper Canada. Today there are approximately 8,827 post offices in Canada.

Fort Cub display depicts Old Fort Langley

The 1st Fort Langley Cub Pack placed a display in the window of Waska's Clothing Store in Fort Langley this Monday to commemorate the opening of Scout Week around the world.

The display depicts the Fort Langley and was entirely the work of the Cubs themselves.

George Brewer, the leader of the Fort Cub Pack was asked how his pack fared for leadership staff. His reply was that the group had very able and willing staff; also he said that the administrative work was ably handled by a lively committee set up to deal with such affairs. The pack is not the norm, however, most Cub packs and Scout troops find leadership a problem. The Aldergrove Scouts have disbanded completely because the leadership was not there even though the boys were.

Grove Guides place display in store window

Members of the Aldergrove Guides placed a display in the window of Gardiners Pharmacy on Friday. The Guides placed the display to Commemorate Boy Scout and Girl Guide Week. The display concerns a penny fund that the Guides operate to help the underprivileged around the world.

Captain Betty Rowe of the group, who has recently been promoted to District Guider helped the girls design and set up the display although most of the work was done by the girls themselves.

The display will remain in the window until the end of Guide Week.

Regiment your kids, it's good for 'em

by Gary Chambers

Look at me, the radical bum who (although he seldom admits it) thinks on the far left. I wrote that headline and I meant what I wrote. I am, it's true, a radical — my thoughts do tend to swing to the left quite often — but I like to think that I'm a useful radical. I also like to think that the time I spent in the uniform of the Boy Scout movement, and later in my country's militia helped to build the grain of usefulness that dwindles in my leftist soul.

The Boy Scouts, thank heaven never tried to teach me anything more than how to be human. They never smothered me with archaic nonsense about the evils of this and the virtues of that. The sole virtue that I was asked to seek as a Scout was the virtue of being a clear-headed human being with a right to agree or disagree with whatever I chose, and the right to find comradeship among people who thought the same way I did.

I have heard the Scouting movement described as being outdated, I have heard people say that its days are numbered. Why is it that people can so misconstrue? Of all the youth movements I have known of or belonged to, and I might add that there have been a few, the Scouts were probably the most updated and go-ahead group of all. I'm not afraid to say what I think, and if you suspect that I would be likely to speak this way of any organization you're wrong. There have been groups and fraternities long recognized as being good for youth, that I feel are training grounds for Mafia bosses. "They're full of pomp and salesmen's kids," and I refuse to touch them with a barge pole. But I can tell you that if I had a son or daughter he-she would be in the Scouts or the Guides like it or lump it.

And when he-she asked why, I would give the same answer that most radicals give, "Don't knock it till you've tried it, man."

Guide Promotion For Aldergrove Leader

Capt. Betty Rowe of the 6th Langley Guides was appointed District Guider on Tuesday, Feb.15 at the Otter hall district meeting. She was given the promotion by Mrs. E. Christensen, district commissioner.

Mrs.Rowe has been with the Guides and Brownies for some years now and this promotion is the result of many hours of devoted service to the youthful movement.

Betty Rowe

Basically it means that she is now in charge of the Guide and Brownie groups in the areas of Aldergrove, County Line, Fort Langley, Harmsworth and Bradner. As her first official act as district guider she presented Mrs. Betty Smallenberg of the 7th Aldergrove Brownies with her Tawny Owl.

Betty Smallenberg

This promotion places Mrs. Smallenberg second in command of the pack.

District promotion of Cookie Week. Poster contest winners.

8th Langley Guides practising first aid.

Fort Guides Wrap Up The Year With A Banquet

In the Fort Langley community hall on February 18th, the 2nd Langley Brownie Pack and the 2nd Langley Guide Company (both of Fort Langley) held a mother - daughter banquet just prior to their annual decorating ceremony. There were about 120 people in attendance and among these were the district guider Mrs. Leader, district commissioner Mrs. E. Christensen, and Mrs. B. Griffiths the divisional commissioner.

The dinner was smorgasbord and was served by the Rangers of the area, who are the equivalent to Rover Scouts.

Following the dinner the groupbegan ceremonies to present Guides and Brownies with their badges and other honors. Among the presentations made were All-round Cords, the second highest honor that a Guide can achieve. The cords went to Miss Terry LePage and Miss Wendy Armstrong.

Other ceremony consisted of members of the Guides and Brownies showing by means of monologue and demonstration what it takes to become a Guide or Brownie and what it means once you have become one.

Scout Leaders pleasecomeforth

Amidst all the ceremony this week of the annual Boy Scouts Week, we are sorry to say that Aldergrove actually has no Scout Troop. There was a Scout Troop at one time, but as is the case with many Scout Troops these days they went under through lack of leadership. The Star does not feel that this is a good situation when the boys of Aldergrove would like to have a Scout Troop but when no one comes forward to lead them. Should any of ou readers find it in their heart to reach out and offer such leadership, we request they get in touch with, us by mail or telephone and we will in turn direct them to the correct quarters.

There may be some doubts in some people's minds as to whether they are qualified for such work The fact is, all though the Scouts always have had, and always will have, ridged standards of leadership, all it takes to do the job is the will. It may not be written in Scouting for Boys, but basicly this is what Scounts is about. Where there is a will there is always a way.

Patricia W.A. will continue Scholarship Fund

Patricia W.I. held the February meeting at the home of Mrs. Halliday, with 14 members and two visitors present.

Subscription to Consumer's Magazine was renewed for another year.

Mr. Sherritt, Principal of Aldergrove Secondary School, sent a letter thanking members for their past contributions to the Scholarship Fund, and asked thet they give support again thei year. Members agreed to send the same amount as in previous years.

Some time was devoted to discussing the nominations for the provincial Board Officers, and the appropriate form was completed.

The pyjama patterns, which the hospital prefer to be used, have still not come forward. These patterns are to be used for the garments in the Douglas District Competition. Members decided that the material would be purchased in bulk. The pyjamas are donated to the Children's Hospital and the Queen Alexandra Solarium after the competition.

The Institute still has one quilt on hand, and this will be raffled at a tea to be held in the O. A.P. Hall in Aldergrove in May Tickets for the raffle will be on sale shortly.

Prizes were won by Mrs. Pepin and Mrs. Desmarais.

Next meeting will be held at the home of Mrs. H.S. Robinson, co-hostess Mrs. Ashton.

Spirit Of Prophesy

Divine healing's place in prophecy will be examined Sunday at Christian Science church services, where 'Christ Jesus' is the topic of the lesson-sermon.

It includes this text from Revelation: "The testimony of Jesus is the spirit of prophecy.'

Citations from Science and Health with Key to the Scriptures, by Mary Baker Eddy, include this sentence: "The highest earthly representative of God, speaking of human ability to reflect divine power, prophetically said to his disciples, speaking not for their day only but for all time: "He that believeth on me, the works that i do shall he do also..." and "These signs shall follow them that believe."

Services at Christian Science Society, 5806 - 200 St., Langley, begin at 11:00 a.m.

Obituaries

MARY S. BREIER

Passed away at Langley Memorial Hospital February 17th, 1972, Mrs. Mary Susana Breier in her 86th year, late of Aldergrove.

She is survived by two sons Joseph C. Breier of Aldergrove and William of Montreal, and eight grand children. Predeceased by her husband and two sons.

Requim mass was celebrated in St. Ann's Catholic Church in Aldergrove on Saturday 19th at 10.00 a.m. with Father John Holzapfel celebrant, followed by interment in the family plot at Aberdeen Cemetary. Prayers were said in St. Ann's Church Friday evening at 8 p.m. Hendersons Langley Funeral Home was in charge of arrangements.

Mrs. Breier had lived in Aldergrove and Langley for the past 22 years and in B.C. for the past 55 years. She came to Canada as a young girl of fifteen.

She was earlier very active in St. Ann's Church W.A. and in Aldergrove community activities in general. She will be sadly missed.

VIC MARK

Vic Mark, of 23080 - 96th Ave., Ft. Langley, passed away Feb.15, 1972.

Mr. Mark was born in Austria on April 1, 1909. He is survived by his loving wife, Rita, mother Mary Olynick, of Edmonton; two brothers, Jack Olynick and Mike Olynick. Also Mr. Mark had three sisters, Mrs. Isabel Desjardin and Mrs. Vicky Symbaluck, both of Edmonton, and Mrs. Jean Stackruck the third sister who resides in Oshawa, Ontario.

Mr. Mark was 62 when he passed and had lived in the Fort Langley area since 1955, before which he lived for 42 years in Edmonton, Alberta. He was owner-operator of Vic's Auto Body in Fort Langley.

Funeral services were held Friday, Feb.18 at 1 p.m. at Anderson's Funeral Chapel. Interment was at Fort Langley Cemetery with the Rev. R. Pollock officiating.

Award of All-Round Cord to Diane Ross by District Commissioner Mrs. Margaret Hennig.

Manure plant in Matsqui

The Central Fraser Valley regional district is in favor of development of a chicken manure processing plant for Matsqui.

At Monday's meeting, held in Langley municipal hall, directors were asked by Mayor Doug Taylor of Matsqui to cut down on the amount of red tape it takes to rezone a portion of land near Glen Valley on the Fraser River, where a company wishes to establish a chicken manure processing plant.

Directors, after discussing the interpretation of the rural land use definition, now on the books, decided that such a venture could be classified as an agricultural pursuit.

This means that Fraser Valley Organics will be able to establish a processing plant, thus cutting down a potential problem of pollution caused by wet chicken manure.

Taylor said that three quarters of the province's poultry business is located in Matsqui and the plant would collect the unprocessed materials from poultry operations in the district.

Smile

A man appeared in a newspaper office to place an ad offering $500 for the return of his wife's favorite pet cat.

"That's an awful high price to pay for a cat," said the clerk.

"Not for this one," replied the man. "I drowned it."

Nurses to be asked advise

Despite the urgings of the MSA hospital advisory committee, the Central Fraser Valley regional hospital district may still call on the registered nurses association for advice pertaining to hospital development.

At their January meeting, a letter from the nurses stated that they would provide advise as to equipment and other needs to the hospital district should they require it, for example in planning a hospital referendum.

However, in reply to the letter which was forwarded at that time to the hospital advisory board, the board decided that since the nurses work is so varied, that if one wished to give advice, they'd all want to.

But the hospital district directors decided that if they require advice from the nurses they'll seek it, anyway.

Quiet week at Matsqui Court

Matsqui court saw only two major charges this week.

Rodney Varty of Mission appeared in court on two counts of false pretenses. He was charged with writing bad cheques to obtain money. Varty pleaded guilty and received a three month sentence on Feb. 14 before Judge A.H.Kelly. It was not Varty's first offence.

The second case was one of William V. Jany, an inmate from Matsqui Penitentiary. He was found unlawfully at large as an escapee and was given an extra six months on his previous sentence. He was discovered through the print detection services while he was serving time in a Prince George jail for a minor offence committed there.

Weather Report

by Norman Green

1972 Temperatures

Date	Max.	Min.	Rain	Snow
Feb.13	43	31	.09"	0.4"
Feb.14	42	31	1.12"	0.5"
Feb.15	50	33	1.13"	—
Feb.16	46	30	—	—
Feb.17	45	29	.74"	—
Feb.18	55	35	.26"	—
Feb.19	55	36	.02"	—
Feb.20	—	31	—	—

Means normal for the period: High 45 deg., Low 31-32 deg., Precipitation 1.61".

The first really mild weather of the winter arrived on the 18th and 19th. The maximums of 55 deg. were the highest since Nov.13 which had 57 deg. and were both only one degree below the records for the dates. From Nov.22 to Feb.14 (85 days) temperature stayed below 50 deg., an unusually long period. Warmest in December was 49 deg. on the 1st and in January 48 deg. on the 20th.

Since Feb.5th it has been wet, however, with precipitation so far this month totalling 7.33", well above the February normal of 6.55" and not far from January's total of 7.84". Southern B.C. is fortunate not to have had the winter weather that has recently harassed the Terrace area. Last winter's snowfall total reached a record 219.7", compared to 208" in 1965-66, but to February 19th this season they have amassed 249" already.

Precipitation totals for 1971 were unusually high in most areas, and in the Central Fraser Valley a record at Aldergrove, Mission and Stave Falls.

Aldergrove 82.64" (1950 - 79.86"), Mission 82.77" (1953 - 79.05"), Stave Falls 110.36" (1953 - 107.46"), Abbotsford Airport - 2nd highest - 76.23" (1950 - 76.86"), Chilliwack - Vedder Canal - 93.89", Agassiz 76.38", Vancouver City 71.70" (4th highest - records commenced 1900), Whonock 85.36", Hope 71.14", New Westminster 72.89", Simon Fraser University 86.59", North Vancouver (Lynn Creek) 120.21", Alouette Lake 125.85", Seymour Falls 164.71", Tofino 139.40", Spring Island 164.63", Prince Rupert 98.02", Tasu, Queen Charlotte Islands 169.73", and Ocean Falls 195.10".

Interesting Night

Rec. Commission meeting

It was an interesting way to spend an evening.

Mrs. Jolly presented an excellent brief from the Aldergrove Lacrosse Association and won financial support up to $200.00.

Any group willing to organize framework with that kind of potential deserves all the help and encouragement that we can give them. Trevor Beggs volunteered to be their liaison man.

Skiing reported one broken leg, covered by insurance.

Alderman Bob Duckworth (Langley City) talked about a mooted sports complex in Langley City featuring a lacrosse box, all-weather soccer field and lighted pitch.

He did not mention a year.

Much talk was heard of a lighted field hopefully at the Fort community. Further investigation as to feasibility is being done.

Lucky Laggers Tops

by Lottie Kuna

After 23 weeks of bowling the Lucky Laggers are on top with 128 points. They had the highest team total of 3,228. Two of the team members had the highest triples for the day—Evelyn Thomas (603), and Dee Hlasny (607). Dee also had one of the high singles (234).

Good games were also bowled by Margaret Bowler (267-549) and Betty McKinley (220).

Tally Ho, once more

by Anne Wilson

With the coming of warmer weather the Fraser Valley Hunt has emerged at last after an unwelcome layoff due to the impossible weather conditions of the last two months.

On Saturday, Feb.12 a number of intrepid hunters gathered at 256th and 0 Avenue for a hound exercise. Although not an actual hunt as the fields are still too wet, the riders did enjoy a good hack down 0 Avenue. The weather was not ideal but anything was an improvement after two months of snow. The ten or more riders and several followers and friends enjoyed a picnic lunch and coffee at Mrs. Mary Wilsons on 0 Avenue.

Spurred on by continued good weather and increased enthusiasm another Hound Exercise was held last Saturday, Feb.10 at Mr. and Mrs. John Colton's on Telegraph Trail. Over 25 riders from the Langley area and Vancouver enjoyed an excellent ride covering extensive ground between Telegraph Trail and 256th, returning to Colton's for a very welcome cup of coffee and lunch.

On Saturday, Feb. 26 another hunt is planned from the San Pedro Equestrian Center on 16th and 264th.

Hope to see you there!

Tally Ho!

Sunclub Seminar

Meadowbrook Sun Club in Aldergrove will be the site of a public relations seminar on Sunday, Feb.27, when advertising counselor Jack Jackson, who operates his own public relations firm in Orlando, Florida, will address club leaders and members of the Western Canadian Sunbathing Association. The cram course will cover the entire spectrum of communications, advertising and public relations.

Also in attendance will be Robert Johnson of Los Angeles, California, president of the American Sunbathing Association.

The seminar is a prelude to an advertising campaign of the ASA, and similar gatherings are planned for Los Angeles, San Francisco, Portland and points in the east. A press conference has been set up for

"The Famous Brill Sisters" is the title of this photograph taken by Pete Swensson of Aldergrove. The picture was shown at Tokyo, Osaka, Yokahama and Sapporo (Olympics). Only 179 out of 3,440 photographic entries were selected of which Mr.Swensson had three acceptances.

-Pete Swensson Photo

Sports club strikes again

Last week the Sports Club executive dropped a bombshell in announcing the aquisition of Pat Mulhern as their new div.7 rep team coach next season.

Last Thursday's newsleaks spread word of another major shakeup in the offing.

Wayne Sager, pilot of the all-star div.6 team is stepping down, to be replaced in 72-73 by John Timmerman and George Timmins.

An addition like this will be tantamount to rigging twin Cummins diesels to an Austin 850. Between them these gentlemen boast over 40 years in the game.

George got his start in one of the better boys' schools of Aberdeen back in the 1940s where he captained their top eleven to the Culloden Cup against a picked British side. He emigrated to Canada at that decade's end, settling in Langley. Refusing several offers from Coast League organizations, Mr.Timmins threw in with the forming Borsato force, staying with them for sixteen seasons. Three years ago he teamed up with a squad of other former greats to make the Fort's FLQ a Valley power. The club has lost none of its class and now operates under Fort Hotel sponsorship. His coaching career began a decade ago with the old Borsato Juvenile group through three winters, once reaching the B.C. semifinal. His services have been in constant demand over the past fifteen years as an impartial, capable referee.

John Timmerman hales from Holland. As a schoolboy he starred on picked elevens, both junior and senior. Nullifying any chance of a professional contract and spoiling any hopes at being chosen for the Olympics, John's family brought him out to Canada. Spurning offers from the City, Mr.Timmerman has donated his talents at different times to almost every club in the Fraser Valley. His finesse has helped to make Fort Hotel's defense what it is today.

As a coach, John started out eight years ago with Langley Prestons in div.6, losing the league but taking home the coveted Challenge Trophy. He progressed with Prestons over a three year period, relinguishing the club only when satisfied that he had found competent management for the group and transferred his services to L.S.C. where he prospered until last spring.

The dynamic duo of Timmins and Timmerman teamed up with a willing and eager squad of youngsters will give the New Westminster League a brand new experience.

There is a complement of boys in Langley good enough to qualify for the L.S.C. div. 5 rep team next season. These two hombres shall choose them, groom them, polish them, and unleash them upon an unsuspecting world.

600 Visit Stampeder

by Walt Levy

Good weather for Sunday's Motocross at Stampeder Park in Aldergrove was a welcome change for the 100 riders and about 500 spectators.

The track was in very good shape and only a few mud holes prevailed.

This was the second of a five-race series for a trip of the top ten riders to California and one can see as the series goes on that there will be a real see-saw battle between the top contenders.

Throughout the day the only accident was in the 250 cc Jr. (first year riders) class. The starting flag went up and no sooner had they reached the first corner there was a scramble of many bikes. When all got sorted out one rider was at the bottom of the pile and a call for the first aid man went out. The fellow (Pat Pronick of Surrey) looked in pretty bad shape and was rushed off to the hospital but soon word came back that he was okay.

The top finishers in the classes for the day were:

100 cc — Stephen Brown, of Langley.

125 cc Jr. — Jim Walker, also of Langley.

125 cc Sr. Glen McKenzie, of Burnaby.

125 cc Expert — Pete Van Breugel, of Aldergrove.

250 cc Jr. — Bill McLean, of Burnaby.

250 cc Sr. — Terry Hatfield, of Burnaby.

250 cc Expert — Ron Keys, of Vancouver.

Open Jr. — Kent Pedersen, of Vancouver.

Open Sr. — Stan Johnson, of Burnaby.

Open Expert — John Maynard of Seattle, Washington.

Old timers, a new class this year, was won by Stan Johnson.

In this class (Oldtimers) a rider has to be 38 years or over.

The next event in the series will be on Sunday, March 5th. The races will be getting under way at 12 noon.

Totems triumph

Aldergrove Secondary School's senior boys basketball crew has done the old town proud.

Guided by Mr.A.Rahn and Mr. R.Apperly the boys have come out the other side of league play with the championship and having suffered but one setback in the year.

To win it they had to beat Agassiz, Garibaldi and Saint Mary's.

And all this with just seven ball players.

Gary Reece—top point-getter in the loop, Ken Moore and Wilf Franks (also in the top ten) plus Roy Miller, Kelly Morgan, Jerry Anderson and Dexter Morgan.

They now tackle either Chilliwack or Maple Ridge for the right to proceed in B.C. playdowns.

The school has another set of winners as well. Their Junior Varsity club ran an undefeated season in their section of play. These are boys whom for one reason or another are not able to make first string junior or senior.

The Star wishes to extend sincere congratulations to both player personnel and management for these sterling performances.

Classy Matches At Cloverdale

Neil Austin provided the class of a real bang-up boxing card at Cloverdale Saturday night.

The name of the game was Alberta versus B.C. and the prairie province was under heavy pressure. Though willing, game and eager they won but one fight.

Austin, at 126 as usual had his best local evening to date, stopping Bert Duperron at 2:56 of the third. Duperron was very strong and a real come-on artist but just could not cope with Neil's fast hands and shifty bootwork.

In other bouts featuring localites Rick Eedy won a very close go with Albertan David Knight. Martin Rowan eked out a close one over Ed Laver (Alberta), Keith Hunter drubbed Ray Duperron (Alberta) and Glen O'Connor decisioned Ken Sorensen (Rocky Mountain House).

Neil Austin, Langley's ace in gladitorial combat.

Color and Excitement

All the color, excitement and precision of the 43rd annual Canadian Curling championships come to you when CBC-tv covers the 1972 Brier from St. John's, Newfoundland.

CBC -tv hosts Doug Maxwell and Don Chevrier will feature Brier action highlights as they unfold Monday to Friday, March 6 - 10. The reports will be seen daily at 11:40 p.m. PST throughout the week, with a special color telecast on the whole tournament scheduled for Sunday, March 12 from 11:30 to 1:00 p.m. PST.

The winning rink of the 1972 Brier will go on to Garmisch-Partenkirchen, Germany, to represent Canada in the World Curling championships, portions of which will be carried live on CBC-tv March 25 at 11:00 a.m. PST. Other countries represented at the World Championships are: Scotland, U.S., Sweden, Switzerland, Norway, France and Germany.

At presstime only the Ontario provincial championship had been decided. The winner was Eldon Coombe and his Ottawa rink.

Applications are now open for employment as Guards or Instructors in the Langley City - Fort Langley and Aldergrove Pools.
Applications are also open for Parks supervisors. Applications should be in by March 1st, 1972. Write to Pete Swensson, Director, R.R. No. 2, Aldergrove, B.C.

SPORTS

Strained "Friendly" Combat

Div.2 Langley Kin snuck past Aldergrove Dons in a Sunday "friendly" contest.

The friendship was at times a bit strained but referee Curt Berton maintained adequate control.

Kin goals came from Nielsen and Medos. Assists were by Bridson and DeGianni.

Aldergrove's single was scored by John Potter on an assist by Sid Anderson. The game was excellent preparation for more serious play and enjoyed by both sides.

Weekend Soccer

On Saturday L.S.C. div.7 and Langrove sawed off 1 - 1 in a crowd pleaser.

Div.3 Georgians fell 6 - 5 to Coquitlam Bel Aire. It was an interesting thing all the way. Langley fell behind 4 - 1, then led 4 - 5, then flushed it down the flue.

They dropped another on Sunday to Wesburn 4 - 3. Goals by Robinson (2) and Massey (1).

Defending B.C. champs LSC Legion were tied 1 - 1 at home by a North Van side — Centennials. L.S.C. got their goal with just two minutes remaining.

And Haney div.4, sporting an eighteen year old net-minder dumped LSC 4 - 2.

Div.7 L.S.C. fell 1 - 0 to Cliff Avenue in a Saturday exhibition.

Div.1 Langley Prestons staged one of their better performances in the follow-up game. Final damage was 8 - 1 over Bradner Royals. Prestons' rigorous practise schedule bore fruit while Royals showed the ill effects of a long layoff.

Navy Wins Semi Final By Default

Ald Navy div.7 in their league championship playoff series on Saturday advanced to the finals, but not in a manner enjoyed by either their coach, Syd Anderson or the players.

They won by default.

Surrey United, the other semi finalist did not show up.

Navy will play off against Bel Aire Warriors March 4. Field of play is yet to be named.

"OH MY GOD, I HIT A LITTLE GIRL!"

The injury or death of a child is a terrible price to pay for believing that you could drink and drive with safety.

You can't.

As soon as you have more alcohol in your bloodstream than your body can use up, it interferes with your ability to think, act, and see properly. Your reactions slow down. You can't stop as quickly or steer your car as efficiently as when you're sober.

You risk the lives of yourself, your family, your friends, and anyone else who is unlucky enough to be along for the ride or travelling on the same road.

The next time you stop off at a bar or go to a party:

1. *Don't drink an alcoholic beverage if you intend to drive.*
2. *If you drink, take a taxi or let a sober driver take the wheel.*
3. *If you think you can drive as efficiently after drinking as you did before, think again - it just isn't so.*
4. *If you excuse your behavior by saying, "It can't happen to me," remember that it can happen, and it only has to happen once.*
