Demand for Pickers Fairly Light

A slight improvement in local labor market conditions occurred during June, reports Art Neill, Manager of Canada Manpower Centre. Most industrial sectors in the area shared in the increased activity.

Major construction continued to be less active than in recent years but residential and light commercial building set a rapid pace. Shortages developed in many non-union trades occupations.

Strawberry harvesting commenced during the month. Demand for pickers was fairly light, probably due to the availability of contract labor.

Manufacturing and service industries provided a number of job opportunities. The shortage of qualified auto mechanics, auto body repairmen and partsmen continued.

There continued to be an influx of people from the Greater Vancouver area and the other provinces seeking employment and living accommodation in the Valley, Neill says.

Three supervisors are being kept on their toes every weekday in the Aldergrove Park, where the Langley Recreation Commission is conducting a Parks Program from 10 a.m. till noon and again from 1 p.m. to 5 p.m., every day including Saturday. Anyone is invited to attend, it is free.

New Schedule for Jackman dump

The Jackman Road garbage dump in Aldergrove will be closed Wednesdays and instead open on Sundays in the future, says Langley municipal clerk, Derek Doubleday.

The change in schedule to make it possible for local house-holders to get rid of their garbage during the weekend, will go into effect next month.

TROPHY FOR ALDERGROVE GARDENERS

Jack and Nellie Nachbar, of Bakerview Gardens have donated a perpetual trophy to be given out each year for the best flower garden in Aldergrove.

A stipulation to the eligibility of entering into the yearly contest is that at least six rose bushes are grown in the garden and that this is located within the Aldergrove area (telephone exchange prefix 856-).

Entries will this year close on July 21 and must be made to the Aldergrove Agricultural Assn., c-o Charles Haid, 26675 Fraser Hwy.

The winner will be awarded the trophy at the association's fall fair in September.

Responsible Young Start Coffee House

A group of young people from the North Otter area have shown a tremendous initiative in getting a Coffee-House happening together in a building on 50th Ave., which has been donated to them. The group first applied for an O.F.Y. grant in order to put their project together, however, they were turned down, but that did not stop these young people, they babysat, mowed lawns, cleaned up yards, and for the money they earned doing these chores, they remodelled the building which used to be an egg grading station into a coffee house. The establishment is now open and they extend an invitation to the teenagers of the district to come out Fridays or Saturdays between 8 p.m. and 12 midnight and enjoy free coffee and donuts, music, singing jam sessions or just rapping sessions. They have obtained promises from some groups to come out and play, but no certain date has been set yet, it will be announced later.

The building can be found by going north on Otter and turning west on 50th Ave., it used to be the 'Fresh Nest' egg grading station, but by the end of this week it will have a new name. When you come out it might be a good idea, too, in case you play an instrument to bring it along, if not just bring yourself and have a good time. A word of warning: there are a couple of strong bouncers at the place to get rid of any kid who thinks he's going out there to have a different kind of 'fun'. The group hopes that the teenagers who will be using the coffee house will appreciate the amount of work that has gone into this project, and not abuse it, mostly for the teenagers' own sak.

Kids, you often have expressed the wish for a place to go and play your music and rap with kids your own age, well here it is, so don't abuse it.

Members of Branch No. 265, Royal Canadian Legion are helping to build an addition to their Aldergrove premises. Here we see a group at the cement-pour July 14th. From left to right we have Harry Gibbon, Bob Purdy, Gene Barfoot, Nick Grychowsky and Stan Carr. Way back is Jim Engelmyer, the superintendent of works.

LETTERS TO THE EDITOR

We all know where 'Grove is

Editor, The Star, Dear Sir,

During the months of July and August, an OFY funded planning study will be contacting people throughout Langley Municipality. The name of the study is "Rural Resident Land Use in Langley Municipality" and the aim is to relate actual land use with attitudes toward future development. The six members of the study team are: David Arpin, Leslie Baker, Betsy Carlson, Judie Davis Glick, Jenny Schultz, and Margaret Weins. The study will consist of a questionaire taking about ½ hour to complete. Approximately 260 resident owners of two acres or more will be contacted by letter. An interview date will be arranged by telephone. On that date a member of the study team will bring the questionaire to the person being interviewed. It is hoped that by filling out the questionaire while a study team member is there, more discussion and personal views can be expressed. Since much of this study is based on personal contact, the members of the project are seeking the full participation of the community. Anyone with questions is asked to contact the undersigned at 534-8375.

I would like to add that everyone in this study knows that Aldergrove is part of the municipality!

LET'S GET BACK ON THE RAILS—

by Mark Rose, MP

Whether we like it or not, there's going to be big trouble on the railroads this summer. In recent years, railroad wages, both the non-ops and running trades, have fallen alarmingly behind other industrial incomes and the membership is clearly arming for a showdown.

National rail union leadership, in common with leadership of other unions, cannot afford to go back to the membership with a puny settlement these days or their fat will be in the fire, and that's for sure.

From my contact with the many railroaders I represent, it's hard to tell whether the men are madder at the CN-CP management or their own national union officers. But they are angry with both.

It ain't the way it used to be any more. Railroaders were once the princes of industrial workers but because of poor salaries, poorer pensions and lousy working conditions, the CN is losing 18 per cent of its work force, (or 7000 men), each year. As a result, twenty-three percent of CN's work force has been on the job two years or less.

A substantial proportion of rail workers, then, are very young, more militant and better educated than their older colleagues. The young guys are far more interested in bucks today than security tomorrow, so they are constantly leaving for better jobs. A CN switchman at Port Mann, with a wife and two kids, earns roughly the same income as a similar family of four on welfare.

Who can blame him then if he quits the CN for a better job or goes on strike for improved wages. How else can he provide his family with a decent home and reasonable standard of living? Besides, what's he got to lose - his job isn't much anyway - as long as he continues railroading.

But should he suddenly withdraw his service in a fight for a better deal, it's a different story. He suddenly becomes "essential" to the public interest. The striking railroader is transformed overnight from an overalled near welfare recipient to a sturdy and vital cog in a transportation system upon which the wealth of the nation depends.

The prairie farmers will set up a howl about how grain shipments cannot be stalled. Lumber, auto and resource interests will raise up a storm concerning the damage to our economy flowing from any prolonged rail tie-up — and they're right on.

Typically and naturally, a huge clamor will develop for an immediate recall of Parliament to legislate railworkers back to work. This legislation will enjoy profound public support but no help to the railworkers at all.

The pattern over the last thirtyyears on the railroads indicates that rail companies know that the men will be legislated back to work because they are "essential". CN-CP management, therefore, need never bargain seriously with the unions and they don't. Why should rail management do anything but stall when Parliament traditionally bails out the companies at the expense of the men?

For the non-ops their 15 per cent wage demand is entirely justified as is their demands for better pensions. It still leaves them 17 per cent behind US manufacturing workers despite higher productivity.

If it comes to a strike - and we all hope it won't - I for one want no part of any legislation to send the men back to the job and leave the companies alone. If no reasonable and decent settlement can be achieved and a strike occurs, it's trusteeship for both companies and unions as far as I'm concerned.

Paralysis Healed

Do our thoughts have anything to do with our health? In a radio program next Sunday morning, July 22, a young actress tells how she was permanently healed of paralysis when her thoughts were turned toward her true spiritual identity as a beloved child of God. The stations carrying this Christian Science broadcast are listed in an ad in today's Star, titled, "The Truth That Heals."

Workshop happening in Langley

Amy Roberts will conduct a workshop in dance therapy in Langley, starting Monday, July 23. Dance therapy is sponsored by the women's resource centre and is open to women of all ages in the Fraser Valley area. Dance therapy is a combination of breathing and dance movement taken from various schools of dance including T'ai Chi and Eurythmics, for the purpose of getting in touch with your body. Anyone interested in weekly summer classes in dance therapy should contact the women's resource centre in Aldergrove, 856-4204 as soon as possible. Classes will probably be held in the Peterson Road school open area. The centre is located at 2961 Jackman Road in Aldergrove.

Remember the Ventures?

by Rick Dennis

The Japanese really have a yen for recorded music. To be exact, 120 billion yen. That's how much the people of this teeming little island spend on discs and tapes every year. In Canadian currency that averages out to a cool $400 million.

Japanese rock fans have also had the opportunity of watching virtually every major American and British pop act perform here in the last two years ever since Blood, Sweat & Tears broke the musical ice in a packed Tokyo auditorium in January 1971. Prior to that it was thought that Japan was too soft a market for progressive rock acts judging from the disappointing sales of these artists on the local record racks. Now it turns out that these artists sold poorly mainly because the average Japanese record buyer had never seen the various acts perform.

When the veteran jazz rock act filled the hall to capacity it became apparent that here was a lucrative new market for Japanese promoters. Since then such artists as Chicago, Emerson, Lake and Palmer, Free, Elton John, Creedence Clearwater Revival, Led Zeppelin, Grand Funk, Cat Stevens, Ten Years After, Three Dog Night and Jethro Tull have all played here to wildly enthusiastic response.

But bigger than BS&T, Led Zeppelin, Chigaco, Cat Stevens or any of the so-called "supergroups" that rank so high on our popularity charts is a group that most of us in North America have forgotten about years ago - that mid 60s instrumental combo whose records were once an indispensable part of any party - the Ventures. Remember them? Beginning in 1958 with a million-selling single "Walk Don't Run" the Ventures in the next ten years proceeded to sell almost 40 million singles and LPs. And they still manage to place an average of one album a year on the U.S. charts. But their remaining popularity here cannot even begin to match their fame in Japan.

The veteran group first travelled to Japan ten years ago in a tour package with Bobby Vee and Jo Ann Campbell. At the time the group was virtually unknown in the country. The promoter recalls he had the hardest time convincing the Japanese music fan that the Ventures were a major recording act in the States. The tour did not do well. But after the performers left Japan their first album was released and the Ventures started catching on. By their third album they were selling in the hundreds of thousands. The Ventures next tour several months later evoked the biggest response from Japanese ticket buyers in the history of the industry there. The promoters recalled that every concert was sold out before the printing on the admission tickets were even dried. And it was all by word of mouth. The promoters didn't even have time to print up posters.

Since 1962 the Ventures have toured Japan nine times and register for this at MSA, phone 859-7681.

after a decade their popularity remains unchallenged as one of Japan's top selling acts, a longevity few groups can boast in North America.

One of the surprising things about the Ventures' success is that they are equally successful as composers. Ventures' compositions are in such demand that it takes two professionals just to look after the group's musical catalogue. A Japanese music columnist reports that Japanese record companies regard it as almost a sure bet for a new singer to break into the highly competitive market if he or she chooses a Ventures composition as her debut disc. Ventures compositions include "Ginza Lights", "Stranger in Midosuji", "Electric Monsoon", and "Tokyo Nights", all million-sellers recorded by local Japanese performers.

But in spite of the booming record sales and the brisk concert business every Japanese rock fan and pop music executive still seeks the answer to the burning question - When is Elvis coming?

And from Russia comes word that the company's leading manufacturer of recorded music, Melodiya Records, will stop production of 78 rpm records in 1975. (The 78s were manufactured mostly for rural areas - I guess they haven't gotten around to three speed machines in some places). Melodiya also reports that annual output this year is up 40 million records, to 210 million discs sold in the past 12 months. The company is considering expanding its capacities for pressing stereo records but Melodiya executive A. Karpov reports, "The lack of portable stereo record players on the market is still a greater problem." Exactly.

Library Course Welcomed

An offer by Douglas College to give a short course in basic library skills has been welcomed enthusiastically by staff members of the Fraser Valley Regional Library.

FVRL director Howard Overend said that 40 branch staffers had already agreed to register for the 30-student course scheduled for October. The response was so great that a second course may be given in the fall to accommodate the overflow, he said.

The Douglas College course will take five Friday afternoons and will cover subjects such as philosophy of librarianship, administrative records, reference service, library business methods and audiovisual techniques.

The director said the course was a good example of co-operation between the two institutions and reflected the growing interest of Douglas College in serving the community.

Left to right: Mrs. and Rev. Val Hergesheimer of Duncan, B.C., and Rev. and Mrs. Richard J. Hergesheimer, now of Aldergrove.

NEW LUTHERAN MINISTER INSTALLED

After four years without a resident pastor, Immanuel Lutheran Church, North Jackman Road, once again has a shepherd. Last Sunday afternoon, July 8, the Rev. Richard J. Hergesheimer officially became the pastor of Immanuel congregation, through the Rite of Installation by the Rev. Norman W. Eifert, Circuit Counselor of the Fraser Valley Circuit.

The little frame church, soon to be replaced by a larger, contemporary structure, overflowed into the bright sunshine as the congregation listened to Richard's father, the Rev. Val Hergesheimer of Duncan, B.C. read the sermon text. On the basis of I Corinthians, Chapter 4, verses 1 to 5, Pastor Hergesheimer stressed the fact that pastors are Christ's servants who are to obey their Master's commands. They are stewards of the "mysteries of God" - the Word and Sacraments, and are to be responsible to Christ for the use which they make of these holy things. He quoted the Apostle Paul who said "I am not at all concerned about being judged by you, or by any human standard, I don't even pass judgment on myself ... The Lord is the one who passes judgment on me." Pastor Hergesheimer continued "To Him both Pastor and members must daily come for forgiveness, and through forgiveness inspiration to work together to build the new church and to serve the community with Word and love." Organist was Mrs. Irene Hippe.

Members of the clergy from Surrey, Port Coquitlam, New Westminster, Abbotsford and Chilliwack wxtended a blessing, and guests attended from Vancouver, the entire lower mainland as well as Saskatchewan, Manitoba and beyond.

Following the service, chairman Robert Pippus invited all present to drive to the O.A.P. Hall for a reception and supper. The lavishly spread buffet table was dominated by a huge cake with the following inscription: "And He shall be like a tree planted by the rivers of water, that bringeth forth his fruit in his season; his leaf also shall not wither; and whatsoever he doeth shall prosper", taken from the Psalms.

The chairman read a congratulatory telegram from Mrs. Richard Hergesheimer's parents in Detroit, and a sing song led by Rev. Val Hergesheimer rounded out the program.

The tables, set for 150, were decorated with roses and lilies from the garden of Mr. John Reichert, and the head table was flanked with standing arrangements of gladioli provided by Mrs. Conrad Miller and Mrs. Ruth Kirkoff. Preparations for the dinner were in the hands of Mrs. Shirley Kramer, Mrs. Frieda McKay and Mrs. Vi Hadwick, and many of the teenagers assisted with serving and clean-up.

Pastor and Mrs. Hergesheimer would like to express their deep thanks for the warm welcome they have received. It has made them feel very much at home. They are residing at 2633 Bellingham Highway (264th St.). The phone number is 856-7027.

Council to buy house

Langley district council may be in the market for a student-built home this year. And if the high school students of Aldergrove or Langley High majoring in construction should build another home this year council might just snap it up.

Ald. Ralph Barichello told council last Monday night that the parks committee have discussed the acquisition of a dwelling for a caretaker at the Aldergrove municipal park.

Mayor George Preston said the building could be used as a watchman's home, a women's resource centre for day care, and as a park concession stand.

Barichello said the woodworking students at Aldergrove for the past three years have been building houses, and he also had heard a similar construction program might be tried during the next semester at Langley high.

He thought council should put in a bid on one of these structures.

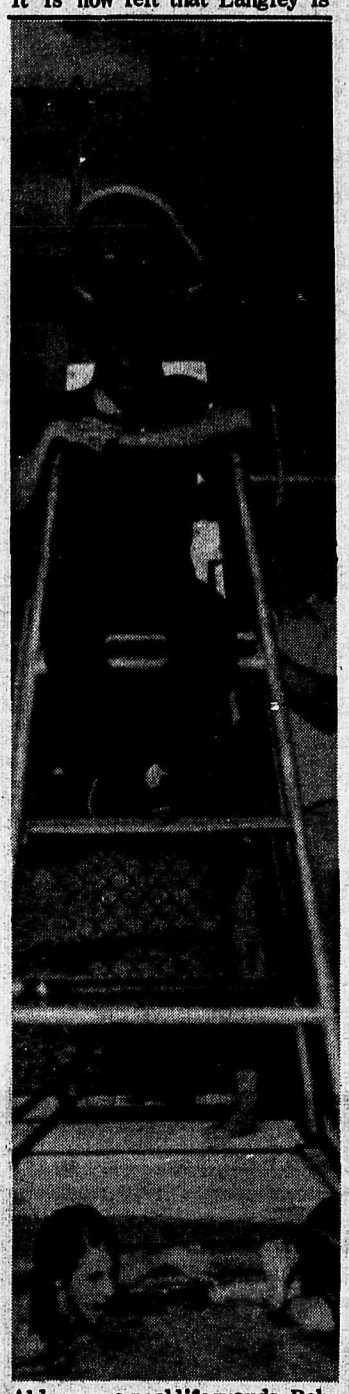
Meals-on-Wheels suspends Service

At a meeting held at the home of the President Miss Dorothy Peacock it was decided to discontinue the Meals On Wheels service for a one year period.

Since 1971 when Meals On Wheels first started, every effort has been made to increase the number of people taking advantage of this service, but it is now felt that Langley is not ready for such a service. Since June 1971 to Dec. 1972 only 500 meals were delivered, despite the excellent coverage in the newspapers, hundreds of pamphlets, distributed in the hospitals, apartment buildings, stores, welfare department and doctors' offices, talks on CJJC announcements in the churches etc. Plus the good meals supplied by the Club Cafe.

It is with regret that this decision was reached, and the President expressed her thanks to the executive, the drivers, the Club Cafe, and to all the organizations who contributed financial assistance. If there is an organization who would like to take on this project or who wishes further information a call to the President at 534-5604 would be welcome. In the meantime all supplies have been put in storage, and the money will be left in the Meals on Wheels account for a period of one year, at which time an executive meeting will be called and a final decision will be made at that time.



Aldergrove pool lifeguards, Rob Fletcher (sitting), and Murray Beggs, watch the antics in the busy pool.

SHOW TALK

by Frank Marshall

Columbia Pictures have just announced a slate of four films which are under production now and they seem to be good ones, at least let's say they have been adapted from good material. "The Porkchoppers" from the best selling novel of Ross Thomas, which is the story of a tough behind-the-scenes expose of intrigue, corruption, and drama which explode into a vicious battle for power and control of a steelworkers labor union.

"Get The Police", a story about two professional football players whose lives are threatened by a crime syndicate, this is from a story by David Scott Milton.

"The Ten-Second Jailbreak" is based on a book by Eliot Asinof, Warren Hinkle and William Turner and is a spectacular true-life adventure and escape of an American imprisoned in a Latin American jail charged with murder and gun-running.

"The Onion Field" based on the latest book by best-selling policeman - author, Joseph Wambaugh, it's a factual documentation of the murder of two policemen by two ex-convicts and their subsequent trial.

You can see from that list that at least Columbia Pictures are going to try and bring better features to the screen in 1974.

Well it's finally happened, the legendary story of the nine foot tall man-like creature, known as "Sasquatch" is finally going to be a movie. Denver author Edward Hawkins has been retained by CVD Studios to write a screenplay to be titled Sasquatch. Hawkins is to gather all the material available collected by a research agency in Seattle and this information will be the basis for the film.

Langley Speedway Result

SPORTS

by Larry Pynn
Phone 856-6010

Because of the holiday 'The Star' took last week I will briefly outline the results two Sundays ago at Langley Speedway. In the Super Stock "A Main" it was George Stuart, of Campbell River, who found first spot while Gordie Hemrich and John Rothwell took second and third. Rothwell won the trophy dash as well. In the Claimers event Shane Brown took first place. Gordon Harding of Langley is presently the Carlings Point leader in this class. He placed third that day, behind Bill Harris.

This last weekend saw some extremely rough and tumble action by the local boys. To begin the corner man was almost run over by an out of control driver. Fortunately the car just brushed his elbow. In the "A Main" super stock race both Al Mullet, former Carling Points leader, and Jim 'Savage', McMillan were disqualified in the eighth lap for unnecessary roughness. With the absence of these two top drivers, 'Savage' won the trophy dash, earlier, Gordie Hemrich was given the opportunity to power his '69 Chevelle to an easy first place finish. Mullett stopped in the middle of the track to complain but it was of no use because his car was only towed away by officials in the end. Second place went to John Rothwell and third spot went to Randy Cheadle, a Washington driver.

In the Claimers it was Stan Cavanagh, Reg Kennedy and Al Pendergast who took the top three spots, respectively.

Next Saturday night at 8:00 p.m. racing fans will see the Super Stock, Modified Stocks and Claimers combine to make 75 wild men on the ⅜-mile oval. The racing should be good and hairy.

Jackman Road Motocross

Combine one hundred and thirty riders with one mile of rough, rocky track; add a dash of sun and you have the ingredients for a first class motocross race. This is just what avid fans experienced two Sundays ago at the Jackman Road gravel pit.

The course was the roughest anywhere this year to date. This was due largely to the large number of boulders that the pit presented. Unfortunately, there were many injuries. The most serious ones were a broken collar bone, broken ankle, cracked elbow and dislocated shoulder. Just to show what these racers are made out of, one rider decided to fly over an unscheduled fifteen foot cliff. The result was very painful, leaving the driver on the ground for fifteen minutes. By the next heat, though, he was back in the saddle racing as hard as ever.

The next race will be held in September, so all of those who are ignorant to this incredible sport are invited to attend. Here are the final results:

Old Timers: - 1st Lee Landis (Husky), 2nd Ron Farmer (Yamaha), 3rd Vic Dickinson (Maico).

School Boys (12 yrs. and under): - 1st Mike Eyre (Honda), 2nd Shawn Duncan (Yamaha), 3rd Terry Hofoss (Yamaha).

School Boys (13 and over): - 1st Guy Rodrigue (Yamaha), 2nd Mark Olson (Honda), 3rd Rueban Springman (Yamaha).

125 cc Jr.: - 1st Russel Peters (Husky), 2nd Ashley Wildman (Suzuki), 3rd Allan Duffy (Suzuki).

125 cc Sr.: - 1st Bob Levy (Suzuki), 2nd Gary Rempel (Husky), 3rd Larry Mackenzie (Honda).

125 cc Ex.: - 1st Rick Sheron (Monark), 2nd Ton Kratzer (Husky).

250 cc Jr.: - 1st Lorne Petko (Sap.), 2nd Gary Beeton (Honda), 3rd Kenneth Darvin (Honda).

250 cc Sr.: - 1st Pat Pronick (Yamaha), 2nd Bob Levy (Suzuki), 3rd Niels Frederickson (Husky).

250 cc Ex.: - 1st Henning Hansen (Husky), 2nd Wayne Schuler (Suzuki), 3rd Barry Kohls (Honda).

Open Jr. : - 1st John Drajgovic (Yamaha), 2nd Gordon Aubenback (Husky), 3rd John Duffy (Greeves).

Open Sr.: - 1st Rick Lamb (Yamaha), 2nd Mickey Van Dyke (Kawasaki).

Open Ex.: - 1st Herning Hansen (Husky), 2nd Wayne Grimm (Maico), 3rd Jim Walker (Kawasaki).

LITTLE-LEAGUE WRAP-UP

Well, the regular season of the Langley Little League is over for '73, with the completion of last week's games. Aldergrove teams fared the best in the Minor and Mini-Minor Leagues. The Roadrunners took the top spot in the Minor League while the Bobcats and Otters cleaned up the first two places in the Mini-minors.

Hardball games in the Seniors are still being played, though, as the B.C. Senior Little League Championship is now in progress at Douglas Park, Langley. Teams from Langley, White Rock, Southern Interior, Lynn Valley, Arbutus, Whalley, Highlands and Dawson Creek are participating in this event. The Tournament will run to July 26 with games at 6:30 p.m., Monday through Saturday, and 1:00 p.m. and 4:00 p.m. on Sunday afternoon. The winner of the double-knockout event will travel to Quebec for the Canadian championships and ultimately the best will meet in Indiana for the Little League World Series. Here are the final point standings for the year:

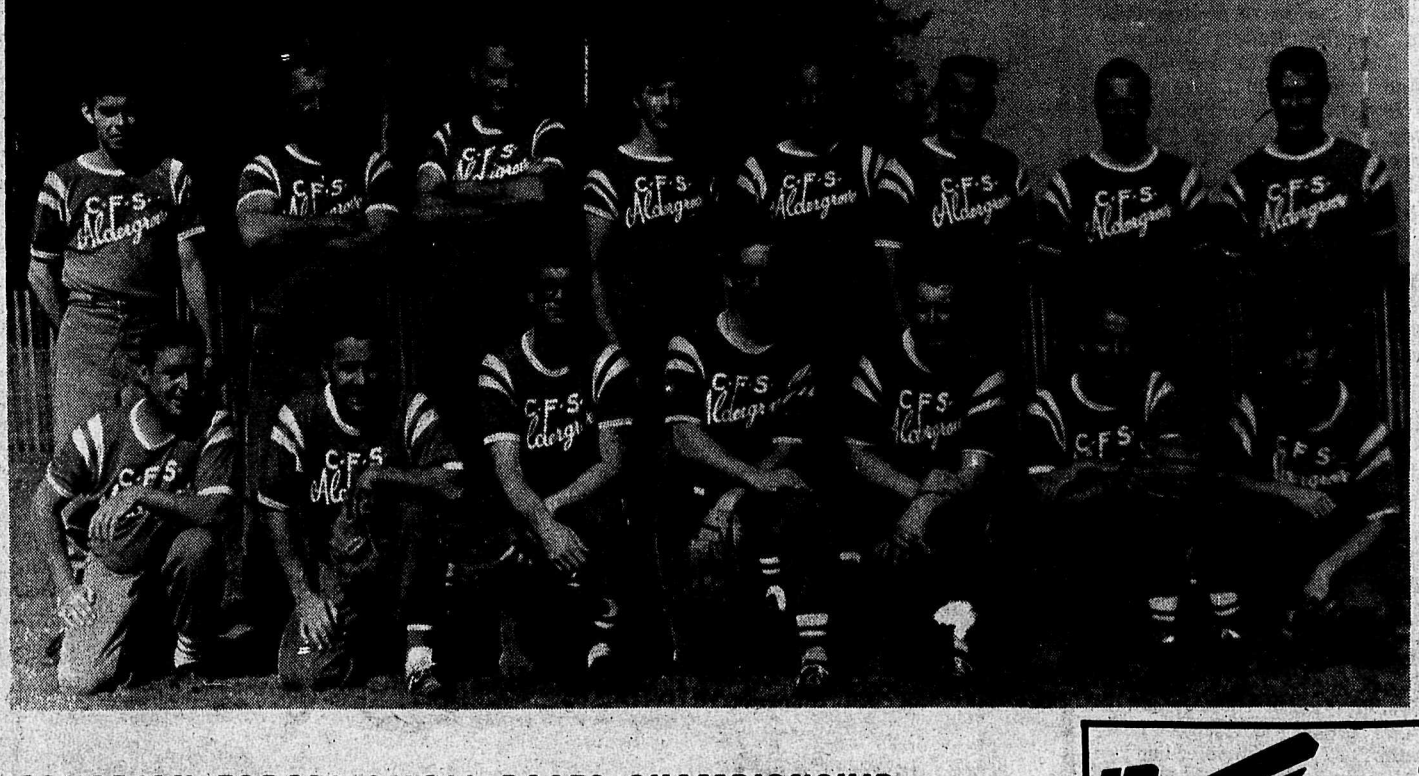
Acting Commanding Officer Captain D. Jackson is pitching the opening of the tournament held at CFB Aldergrove last weekend. The tournament was between four Canadian Forces teams from Beaver Lodge, Baldyhughes, Kamloops and Aldergrove.



CANADIAN FORCES SMALL BASES CHAMPIONSHIP

The Aldergrove Navy Base was the site this past Friday, Saturday and Sunday of the Canadian Forces Small Bases Softball Championship. The teams, composed of the Navy men, were C.F.S. Baldyhughes, Kamloops, Beaver Lodge and Aldergrove. C.F.S. Baldyhughes was the ultimate victor in the tournament that saw each team play a total of three games apiece.

Acting Commanding officer Captain Jackson threw the opening pitch, before a hefty throng of spectators, to kick off the event. Lieutenant Commander Dykes, meanwhile, presented the awards to the respective groups on Sunday afternoon. Corporal Strocel of Aldergrove was awarded a trophy for being leading hitter throughout the tournament. The teams' win-loss record was as follows: Baldyhughes - 3 wins, 0 losses; Kamloops - 2 wins, 1 loss; Aldergrove - 1 win, 2 los es and Beaver Lodge - 0 wins, 3 losses. Baldyhughes now travels to Esquimalt Monday, July 16th for further play-downs. The winner there will attend a National Championship in Toronto, Ontario. The event was a tremendous success for all involved and our best of luck is put forth for the Baldyhughes team. Also many thanks to Al Crichlow for his assistance.
