March 16, 1978 minutes cont'd.

5. Provincial Report - Lid Strand
   a) The provincial convention has been changed from the second to the last week of May.
   
   b) Provincial Seminars
      - seminars are to be held in locals with assistance from the provincial because of the special problems in each local and the difficulty in transportation for outlying locals in attending seminars in the Lower Mainland.
   
   c) Lid reported on where our provincial assessment goes, i.e., helping to organize T.A.'s at S.F.U., paying Organizer's salary, office rent and expenses, etc.

6. Grievance Committee Report
   a) General report - Jean Priest
      Composition of Committee at present: 2 Division Representatives, 3 members-at-large, 2 ex-officio members.
   
   b) Jeff Hoskins -
      i) explained what a 96.1 is and why we use this section of the provincial labour code as often as possible before resorting to arbitration.
      ii) reported 2 grievances have recently been settled through 96.1 rulings
          - Notification - the University has finally agreed to keep us informed of hirings, resignations, etc.
          - Job Postings - all positions of 3 or more months duration will now be posted, except in cases of Leave of Absence where they may be filled by temporary promotion within the Department.
   
   c) Pat Gibson -
      - Reclassification - on investigation, this was deemed to be a Misclassification of a II position which should have been a III. The University declared it to be a Reclassification of about 5% of the work. This was settled in our favour as a Misclassification and the job was made a III.

7. Contract Committee Report - Ray Galbraith

Commencement of Negotiations
- the University has not made an effort to contact us with regard to starting negotiations, although it is 3 weeks since we notified them in writing of our willingness to negotiate.

- there has been no response to messages left in an attempt to contact them, nor any explanation for their lack of response.

- the University is now well past the deadline of February 28 for submission of proposals for changes to the contract.
March 16, 1978 minutes cont'd.

8. Executive Recommendation - Jeff Hoskins

That action be taken against employees in the bargaining unit refusing to pay dues and assessments as of April 16, 1978.

(It was reported in January that all nonmembers were now paying dues. This turned out to be not true, as 18 people were not, in fact, paying. The Union sent a letter pointing this out to Bob Grant, cc to everyone involved. The University had never contact some of these people, who were now balking at paying six months dues all in one deduction.)

CARRIED

Cobie Wennes that the report be adopted. ADOPTED

Roby Toren

10. Other Business

a) Campus Day Care Donation - Jerry Andersen

Jerry explained the situation of children in Day Care at the University who have no indoor gym space in which to play during the winter. They have now had a hut made available but cannot afford the cost of renovations.

Jerry Andersen that AUCE donate $1,000 to the Day Care Council for refurbishing a hut for the use of the children. CARRIED

b) SORWUC motion

Results of the referendum: 167 - yes 460 - no 90 - spoiled 666 - total

c) IUOE Strike - Mary Tainsh

Bill Kadey has promised to give AUCE as much notice as possible if they have to extend their picket lines beyond the Power House. Mary will contact AUCE executive members and stewards when necessary to be present when AUCE members encounter a picket line when coming to work.

Policy re: Picket Lines: members are expected to respect picket lines wherever they are encountered. A picket at a main building entrance or a usual entrance to the building is considered to blockade the building.

If only a small number of members are kept from work because of picket lines, it is suggested that the loss of wages be shared equally by the bargaining unit.

d) AIB and Income Tax - Neil Boucher

Payback amount is excluded from gross salary on T4 slips.

e) Union Dues tax receipts - Jeff Hoskins

It was requested that anyone who knows anyone who did not receive a receipt for Union Dues contact the Union Office if they can provide an address.

15. Mar. 23/78 R.A. Grant

    - Notice of Annual General Meeting Monday, April 17, 12:00 noon, Bayshore Inn.
The policy grievance on Articles 3.01 - 3.04 (Definition of Employee) and 22.01 - 22.03 (Promotion, Transfer, Job Postings and Selection) has been settled at a Labour/Grievance Committee meeting. This grievance was settled through an application to the Labour Relations Board. By going to the LRB for a decision, instead of taking the case directly to arbitration, the Union was able to save several hundred dollars in arbitration expenses.

The grievance was a result of the University not posting jobs, of three or more months duration, with termination dates. This allows the University to hire people outside our bargaining unit (non-posted jobs). And, according to our contract, after a three month period these people are considered continuing employees, therefore bringing into effect the involuntary transfer and recall clauses (to permanent jobs?)

A verbal agreement between the University and Union was reached on the following:

All vacancies of three or more months duration shall be posted, with the exception of leave of absence, including maternity leave, which may be filled by temporary promotion under Article 22.07.

These positions will be posted if the employee on leave of absence fails to return from leave of absence, i.e. terminates employment.

No position of over three months duration shall be filled from outside the bargaining unit without being posted in accordance with Article 22.01.

This agreement will be effective from February 14, 1978.

This agreement has run into some trouble being finalized in writing. What the University agreed to verbally and what they want to agree to in writing are two different things. The problem should be resolved soon, since our verbal agreement version is exactly the same as the one the Labour Relations Board Officer recorded.

A tentative settlement on the grievance regarding Article 5.03 (Notification by the University) has been reached.

The Union instituted this policy grievance because the University was not complying with Article 5.03. This article requires notification "within five working days when an employee has been hired, promoted, transferred, recalled or resigns." This article enables the Union to ensure that the University lives up to its obligations to hire, promote, transfer and recall employees within the terms of the contract.

Only after arbitration had been invoked and only after the Union submitted the grievance to the Labour Relations Board did the University start to comply with Article 5.03.

On February 14, 1978, the Grievance Committee met with the University Labour Committee and came to a tentative settlement in the presence of a Labour Relations Officer. Since the University had already started to send the notifications, although not within the specified time limits, the Union is leaving the matter open to see if the time limits are suitable.

Grievance Committee
The Grievance Committee needs membership approval of two motions concerning arbitration expenses.

One of the grievances concerns Student Services. The University has advised the Union that they are going to phase out the Placement Section of Student Services. At first we were told that Canada Manpower has an agreement with the University allowing Manpower to perform the function of the Placement Section. Now, the University claims that they are unilaterally stopping their placement service and, they claim, that Canada Manpower is starting up their service next day as a matter of coincidence. Therefore, they claim, they are not contracting out to another employer. The Union has disagreed and has grieved the University's action under Article 5.05 (Contracting out), Article 5.06 (Bargaining unit work) and all of Article 19 (Technological, Automation and other changes).

The Union view of the situation is basically as follows: The Placement Section of Student Services is not being phased out but being replaced by services outside the bargaining unit, i.e. Manpower. The University has every control over the situation because there will not be any change in the services provided or the duties involved. All the University can accomplish by this action is to reduce the bargaining unit by three members and to set a precedent in phasing out AUCE jobs in preference to services outside the bargaining unit.

The second grievance is typical of so many grievances, in that it is concerned with a job promotion/transfer. The University refuses to follow any concrete methods in determining the successful applicants for posted jobs. In this case, the grievor has at least equal qualifications and several years more seniority than the incumbent. The University decision has been grieved under Article 22.03 (b) "Applicants for posted vacancies shall be appointed on the basis of ability, qualifications and seniority."

Motions

1. Moved that the Student Services Contracting Out Grievance be taken to arbitration and all related expenses approved.

2. Moved that the Main Library Transfer Grievance be taken to arbitration and all related expenses approved.
STRIKE COMMITTEE

Will AUCE members be prepared to lose up to $50 per month in order to help fellow members who are currently losing wages as a result of the operating engineers' strike? 395 ballots were cast at the union office on March 30/78 on this question. 213 people voted against this motion, 181 voted for it and 1 ballot was spoiled.

Approximately how many AUCE people have been affected by the operating engineers' strike to date? A rough estimate would be 230.

The duration and picket locations that have directly affected us are:
- 2 days at the faculty club
- 1 day - old administration building
- 1 day - Mary Bollert Hall
- 5 days - main administration building
- 1 day - Henry Angus building

There are, of course, other buildings that affect other unions on campus that have been picketed. Because of the pickets, certain AUCE members have lost a day's pay, but the majority have lost much more. The AUCE people have cooperated almost 100% regarding refusal to cross picket lines. These AUCE members are suffering loss of wages as a result of the strategic location of their work place while the rest of us have not and we can all estimate from our safe positions what the chances are of a picket line showing up in front of our building.

The question the strike committee is concerned about is this: If we had a rotating strike ourselves, would the members support this type of action? Would we then agree to have a wage assessment to meet the wage loss of those on pickets who would be putting pressure on the university for us and our contract? After all, some of our members who work in buildings that would most affect university operations if struck, are bound to be chosen by the strike committee of our union or another campus union. If the membership defeats a motion like the one above, then in all probability only a small percentage of our union will be heavily penalized for respecting union policy.

Strike Committee
April 7, 1978

At an informal session held at noon on April 7th. at the Lutheran Campus Centre, a good turnout of affected AUCE members met with executive representatives to discuss and express their feelings regarding IUOE picket lines which they had been respecting for the week April 3-7. It was evident that they were very concerned as to their financial position, and will no doubt have a spokesperson representing them at the upcoming membership meeting.

Andy McKee, head shop steward of IUOE local 882, was on hand to speak to the group and answer 'thorny' questions. He apologized for the suffering caused to AUCE members during their strike, and thanked us for our continued unified support.
As our membership is distributed over a vast area across campus, the newsletter serves as the cumulative source of information regarding our union. It is this committee's aim to present all submissions, reports, etc. on a strictly regular basis, giving readers enough information and opportunity to review any item and respond; either at membership meetings, or in written form to appear in an upcoming newsletter. As our nine allotted meetings are (usually) scheduled for the second Thursday of a given month, the deadline date for future ACROSS CAMPUS issues will fall on the last working day of the month, lending enough time to compile, print and distribute before a pending meeting.

The incoming communications committee hopes to fulfill its obligation to the membership by printing every signed item submitted, regular reports from each committee, correspondence in summary and a background brief on upcoming motions. As it is our first issue, our apologies for any fluctuation from the above procedure. Hopefully, experience will iron out any irregularities.

The committee wishes to thank Ray Galbraith for his time and energy in relation to his long stint as the communications committee, and his help in inaugurating us to the finer points of newsletter publication.

APOLOGIES to Larry Thiessen, Heather Fink, Cathy Agnew, Lid Strand, Marjorie Butt, et al, whose submitted material did not appear in this issue. We will print 'next time' unless otherwise informed.

A GYM FOR JERRY - WHY NOT A DECK FOR DOUGLAS???

And now a gym! Although it no doubt essential to the 26 individuals involved - what percentage of our union do these people represent? The contribution from these people - 9.2% of $10,000 is $900, that is, less than $40 each. Perhaps they could use their own money, not collective funds. Are we going to be asked to approve donations at the whim of any union member.

It is a worthy cause, but... some young parents seem to expect handouts from all institutions these days - government, university, and now unions - in loco parentis, they should look to themselves. Independence used to be an important personal value.

Perhaps I could get Jerry to move that a donation be given to me to build a deck - I have been saving for it for the last five years, but could use the money for much more frivolous things...

REPLY TO ELEANOR DONDANEAU AND THOSE OF HER ILK:

"...Local I didn't have such a 'facility' to fall back on when organizing."

Oh, they didn't, did they? Well, let me tell you, Ms. Fatcat; you who make twice the minimum wage and have better benefits than most women ever dream of having; you who are so greedy that you couldn't part with 1/4,000 th of your salary to help a deserving group of fellow human beings. Local I got support from the very same people who are supporting SORWUC now and being one of those people I almost regret those weeks of working 10 hour days for 'the cause' when three years later the cause turns out to be greedy, penny pinching, self-serving individuals like you. Whether or not you were ever aware of it, AUCE got countless hours of free labour from people who thought in terms of a working women's community that could benefit the whole by helping out a part.

AUCE didn't work because of the proverbial boot strap pull. It worked because a group of people had enough foresight and charity to get in there and help pull together, whether or not they were on the bloody payroll. So get your facts straight before you come off sounding so bloody self-sufficient and self-righteous---because you weren't; not in the Fall of 1974.

GOVERNMENT TO SUPERVISE STRIKE VOTES

This government interference in what is essentially an internal trade union matter is unwarranted, and an insult to the integrity of B.C. trade unions. Government supervision of strike votes will not change vote results. However, the bureaucratic and financial burden placed on unions by the regulations will be immense, especially for those unions with many small units. For the building trades, whose units change daily in composition, the delay caused by the mandatory 48-hour notice is totally unworkable. The regulations will be a hindrance to all concerned and should never have been introduced.

The regulations require the following strike vote procedures:

1. Appointing a Returning Officer. As soon as a union wishes to conduct a strike vote, it must appoint a Returning Officer, who will be responsible for conducting the vote. While it is the union who appoints, it is still unclear who this person can be (the union's business agent? a lawyer?). The Returning Officer can appoint others as deputy returning officers and clerks to help in conducting the vote — who these can be is equally unclear.

2. Notification of Government. The union must notify the L.R.B. of the details of the dispute: names of union, employer, and Returning Officer. The Minister must be notified of name and address of R.O. as well.

3. Employee Lists. The R.O. is responsible for getting a list of employees, giving copies to the union, the employer, the Board, and to each scrutineer. The employer must give the R.O. an employee list on request.

4. Scrutineers. The union may appoint two scrutineers for each poll. The Board shall have "persons" at each poll, but who these persons shall be is left unclear. (L.R.B. staff? appointed lawyers?) This is the government supervision.

5. Notice of Vote. The R.O. decides the date, time and place of the vote, and location of polling stations. The R.O. must post notices approved by the Board, and give 48 hours notice before taking the vote.

6. Voting. Each ballot shall ask the question: "Are you in favour of a strike? yes __ no ___."

7. Mailed Ballots. The Board can now direct that a mailed ballot be conducted. Also, there are no provisions to allow a vote to be conducted partially by mail.

8. Vote Count. The Regulations direct that the votes be counted per poll, not per unit. Results of the vote are to be filed with the L.R.B. per poll. This form of tallying can allow unfair public (employer) knowledge of internal union variations in strike vote support.
The Regulations are unnecessary, bureaucratic and costly. Strike votes are internal union matters and should remain so. No allegations have ever been made that B.C. unions do not conduct democratic strike votes. The Regulations should be withdrawn.

Food for Thought

If he talks on a subject, he is trying to run things.
If he is silent, he has lost interest in the organization.
If he is seen at the office, why doesn't he get out?
If he can't be found, why doesn't he come around more often?
If he does not agree the boss is a skunk, he is a company man.
If he calls the boss a skunk, he is ignorant.
If he is not at home at night, he must be out drinking.
If he is at home, he is shirking his duty.
If he doesn't beat his chest and yell strike, he is a conservative.
If he does, he is a radical.
If he doesn't stop to talk, his job has gone to his head.

If he does, that's all he has to do anyway.
If he loses a discipline grievance, he's a poor agent.
If he wins, that's what he's paid for.
If he gives someone a short answer, we'll get him in the next election.
If he tries to explain something, he's playing politics.
If he gets a good contract, why didn't he ask for more?
If his clothes are pressed, he thinks he's a big shot, if they aren't he isn't fit for the job.
If he takes a vacation, he has had one all year anyway.
If he is on the job a short time, he is inexperienced.
If he's been on the job a long time, it's time for a change.
