865 Terminal Avenue  
Vancouver, B.C. V6A 2N3

Dear Mr. Ball:

Please find enclosed herewith examples of a form we would like a quotation on.

The measurements of the form are 5½"x2 3/4". It is a two-part form with printing on both sides and is treated so that printing or writing on the top copy carbons onto the bottom copy.

At present the two-part form is made of card stock but I have seen a similar form that has one part card stock and one part light weight paper.

I am probably not giving a very good description of what we want buy please quote to us the price for 1,000 copies. Thank you. The earlier you could supply this information the better.

Yours truly,

Carole Cameron  
Union Organiser  
AUCE Local 1
