Dear Sir:

Mr. Pat Thomas from WCB/OEB recommended that I write to you for a copy of an arbitration award.

The case involves an employee in a Prince George Plywood Company who was disciplined for excessive relief breaks.

Because some of my fellow union members have temporary problems with kidney, bladder and related infections, and others must face similar troubles because of diabetes or age, I have been instructed to pursue information on their behalf.

Please forward a copy of the arbitration award to me at the above address.

Sincerely,

Karen Shaw
Safety Officer
