Campus Mail

Dear Rita,

On December 14, 1981, Murray Adams spent some time with you at Employee Relations describing AUCE Local One of which you are now a member. He also made some, if not all, articles of our current collective agreement known to you.

As a result of the completed membership record form having been delivered to our office yesterday, a file has been set up for you in our membership files. Your name has been added to the mailing list and you should begin to receive the latest mailings from this office, including the monthly newsletter, very soon.

I am enclosing your official membership card which is attached to a receipt for the initiation fee which will be deducted from your paycheque along with the union dues. You authorized these deductions when you signed the dues authorization form at Employee Relations. Please sign both documents immediately. The receipt is for your records and the card should be carried with you to union meetings for identification purposes.

If you have any questions regarding the collective agreement or other union matters, please call this office at 224-2308.

Yours truly,

Wendy G. Lymer,
Secretary-Treasurer,
AUCE Local One
