CAMPUS MAIL

Dear Adrien:

As yesterday's Division meeting you requested a list of the name of AUCE people working at VGH. I am enclosing it herewith. There may be new people not on the list that have not been signed up as yet but there should not be too many of these. Should there be names on the list that no longer work at VGH please let me know, for our records. Thanks.

P.S. The Faculty of Medicine and Department of Medicine within the Faculty are mixed together. I would appreciate your sorting people out and letting us know. This would speed up mail delivery in the future.
