Dear Friends:

The February 19, 1981 general membership meeting of our local passed a motion of support to all CUPE locals currently involved in a strike with the GVRD. We wish you good luck in your struggle to obtain a collective agreement that is satisfactory to you.

We further applaud your fight to obtain equal pay for work of equal value for your members. This is a battle that our own union has been fighting for since 1973. If you are able to make the breakthrough in your present negotiations it will go a long way to helping other unions make this gain too.

In Solidarity,

Carole Cameron
