CAMPUS MAIL

Dear Lynn:

Please provide this office with information on the current status of Laszlo Molnar a sometime Computer Operator in the Computing Centre. The last notice I have from your department concerning him stated he was a temporary appointment from April 1, 1980 to July 31, 1980. I spoke with him by telephone today and apparently he is still working or has been re-appointed or something. Is he a temporary Computer Operator that is recalled from time to time or is he a sessional person. What is his present status, that is, is he working and if so, from when to when?

Thanks for the information.

Yours truly,

Carole Cameron
