Dear Mrs. Ellis:

Re: Medical & Dental Appointment Entitlement

I am writing with regards to our conversation Wednesday, January 21st, when you enquired as to your right to take dental and medical appointments on University time. I thought I would try to clarify your situation.

When you are working as a continuing Part-time employee, you are exempt from these benefits (Article 30.08(c)). You stated that you sometimes work full-time for several months at a stretch. In this case you would be entitled to the benefit of medical and dental appointments as per Article 30.06(c) each month that you are employed full-time.

I hope that this helps to clarify your situation. If you have any further questions, do not hesitate to contact us.

Yours truly,
