Graduate Assistants Association
16 Bancroft Ave.
Toronto, Ontario

Dear person,

The teaching assistants at Simon Fraser University are hoping to apply for union certification in a month. We suspect the University will fight the certification on the grounds that ~~StA.~~'s are students and not employees. I am wondering if the Ontario Labour Board made any similar or relevant rulings in this regard and if you could send us a copy. It might also be helpful to know the exact wording on your certification, and any brief you may have written.

If there is any cost in copying this material, etc., please bill us.

Sincerely,

Melody Rudd
