PLANS ARRIVE FOR PROPOSED ELEVATOR

Grain Elevator, Vancouver—A set of plans and spec. for the proposed Govt. grain elevator to be erected on Burrard Inlet have been received by the Vancouver Harbor Commissioners, Old P. O. Bldg., Pender & Granville Sts., and contractors desiring to tender on the project can do so upon application to the Commissioners. Tenders close at the office of the Deputy Minister of Trade and Commerce, Ottawa, Nov. 30th.

Specifications call for the completion in detail of reinf. concr. bldgs., elevator handling and cleaning machinery, structural steel dock galleries and all work incidental to a plant of this character.

Plans and spec. may be obtained from the chief engineer, Board of Trade commissioners, Ross Bldg., Saskatoon, Sask., upon a deposit of $100. Each tender must be accompanied by an accepted cheque for $35,000, made payable to the Minister of Trade and Commerce, Ottawa. An important clause in the spec. is that the contr. shall purchase all material and supplies from Canadian producers and none other can be used without the consent of the Minister of Trade and Commerce.

The main structure or storage house will be 232 feet by 71 feet, and will have a total storage capacity of 950,000 bushels of grain. Therein there will be 52 circular bins and 32 interspace bins. The workhouse will be 126 feet by 62 feet, with passenger elevator tower 12 feet by 16 feet. It will have 32 circular bins and 21 interspace bins and 15 outerspace bins, with a total storage capacity of 306,000 bushels. The sacking and transforming building will be 62 feet by 25 feet.

The cost of the structure is estimated at about $1,250,000.

NEW RULING AFFECTS B. C. TIMBER INTERESTS

As a result of the ruling just promulgated by the United States customs officials an ad valorem duty of 15 per cent has been imposed on a large number of lumber items which have for months been entering the States duty free from Canada. Inasmuch as the new order is the result of a decision by the assistant attorney general at Washington, it is probable that the Porvincial Government will bring the matter to the attention of the Department of Trade and Commerce at Ottawa.

IMPERIAL OIL PLANT NEARING COMPLETION

Oil Storage, Port Moody—The Imperial Oil Co.'s oil storage tanks, etc., are rapidly nearing completion, and it was stated yesterday that before the end of the year the project will be completed and ready to handle oil. The construction work is being done by Beers, Ltd.

Some time ago the company made application to the Victoria council for permission to erect a plant consisting of warehouse, office bldg., pipe lines, storage tanks, etc., all to be built of fireproof const., and this was granted, but it is doubtful whether const. work will be started for some time.

Award Contract.

Police Station, Point Grey—The contract for erecting the sub-police station on Shaughnessy Hgts, for the Municipality of Point Grey has been awarded to J. Cook of Eburne. Const. will be rushed.

VANCOUVER BUILDING PERMITS

Only Permits amounting to less than $500 will be found under this head.

7193—Wickham's Cafe, alter. restaurant, 270 Powell St. rear; J. B. Sterling, Contr.; $160.

7194—Jas. McGown, 1 sto. fr. shed, 1112 Harwood St.; owner; $50.

7195—Chas. E. Smith, alter. store, 1601 Commercial Drive, owner; $200.

7196—Miss D. Hunt, 1 sto. fr. work shop, 2221 Third Ave.; owner; $100.

7197—A. Mackenbzie, 1817 Commercial Dr., 1 sto. fr. addn. to store, 1825 Commercial Dr., owner, $150.

7198—D. H. Rice, 1 sto. fr. garage, 806 Hastings E .,owner, $66.

TENDERS CLOSE TODAY FOR ESQUIMALT SEWERS

Sewers, Esquimalt—Tenders for the construction of section "D" of the proposed sewerage system for the Municipality of Esquimalt close today, and a contract will probably be awarded at the council meeting this evening. This section will take in the district in the vicinity of the proposed government drydock.

Tenders also close today for interior fittings for the post office and customs station now under the course of const. for the Dominion Government, at Duncans, B. C.

AGREEMENT REACHED ON JOHNSTON ST. BRIDGE

Bridge, Victoria — At yesterday's meeting of the council the agreement between the city and the E. & N. Railway Company, relative to the new Johnson Street bridge, was formally approved, and the agreement will be forwarded to the head office of the company at Montreal for signature by the company.

In a few days the agreement between the city and the B. C. Electric Company will be ready for final consideration. Should its terms be acceptable to both parties, there will be nothing to prevent the city submitting the by-law to authorize the raising of funds for the city's share of the structure at the next annual election.

FOUNDATION WORK ON COURTHOUSE STARTED

Courthouse, New Westminster—The Dominion Construction Co., contrs. for the addition and alteration to the New Westminster courthouse are experiencing considerable difficulty in laying the foundation owing to an unusual amount of water being encountered several feet below the surface. This portion of the work will probably take a month to complete before actual construction work can be started.
cussed. It is likely that tenders will be invited in the near future.

Const. Work Stopped.

Depot, New Westminster—Awaiting the result of a conference with the Govt. in regard to the site of the proposed G. N. Ry. depot construction work will be held over until something definitely has been decided. The structure will be only a temporary one.

May Construct Tunnel

Sewers, New Westminster—It is possible that a tunnelling project of considerable magnitude may be undertaken by the contractors who are constructing the sewer outfall which will serve both the Glenbrook and Sapperton No. 2 systems.

Lumber Rates Reduced.

Owing to a slight reduction in war risk insurance the Blue Funnel Line are in a position to announce a considerable reduction in the handling of lumber from the North Pacific to ports in the United Kingdom.

ARCHITECTS INVITED TO INTERNATIONAL COMPETITION

Melbourne, June 30, 1914—The Australian government announces an international architectural competition for the purpose of selecting the architect of the Parliament House and possibly incidentally additional architect for other government structures of the new Federal Capital City, Canberra.

Only tentative outline sketch designs for the building are requested, and eight (8) prizes are offered aggregating £6000 the first being £2000, in addition to commission for service at the scale of the Royal Institute of British Architects.

Designs may be submitted in either Melbourne or London before March 31, 1915, and wil be judged by the following jury of architects:

George T. Poole of Australia.
John J. Burnet of London.
Victor Laloux of Paris.
Otto Wagner of Vienna.
Louis E. Sullivan of Chicago.

The decision of the jury will be final.

A program will be issued to any practicing architect on application to the High Commissioner for Australia in London. Works Departments of British Colonies, or British Embassies at Berlin, Madrid, Paris, Rome, St. Petersburg, Stockholm, Vienna, Washington, from whom also copies of text in French or German may be had on request. Copies in Esperanto may be obtained from the High Commissioner or from the Esperanto headquarters at Geneva.

The importance of this event is not to be measured by that of the foremost building of the commonwealth, but by the opportunity to establish an architectural standard not only for the entire future seat of government in Australia, but for a great new democracy of scope, scale and modern advantages as well as the climatic conditions differing radically from any prototype in Europe or elsewhere.

The Value of Spare Moments

From every section, and from all sorts and conditions of men, messages come to tell of earnings increased and futures brightened through study of I. C. S. Courses during spare time.

One letter gives the romance of a young man in California that began with little or no education; another tells the story of a high school graduate in Maine that found himself educated for everything but to make a living. Here are the heart-trobs of a fellow that toiled 12 hours a day and studied his Course as best he could; of a foremen or superintendent that enrolled because his ambition aimed at still bigger things.

No matter where you live, how little spare time you have, or how brief your schooling, the I. C. S. can raise your salary. That statement is backed with 20 years of success and a record of 400 or more advancement letters received every month.

I. C. S. Courses have made draftsmen, foremen, and superintendents of shop hands; building contractors, architects, structural and concrete engineers of carpenters and masons; advertising men, window trimmers, chemists, illustrators, and designers of clerks; electrical, mechanical and steam engineers of laborers; mine inspectors, foremen, and mining engineers of mine workers; bridge engineers, surveyors and mappers, civil engineers, gas engineers, automobile runners and civil service employees of young men willing to use their spare time to mold a career.

Suppose you were to increase your earnings only $20 a month—what a fine return that would be on your spare-time investment! Yet some have increased their earnings $250 a month.

Mark and mail this coupon and you will receive free information how you can increase your earnings by spare-time study.

Cut Your Selling Cost

The more sales you make the less is the cost per sale.

Advertising will help increase sales; give it a chance.

The *British Columbia Building Record* reaches the architect, the contractor. Do you sell them?

A favorable impression is made for your goods, for your service, and the selling cost is cut down. Let's talk it over.
