Paving, Point Grey—Tenders close 5 p.m. today at the office of G. G. Heighway, Clerk of the Municipality of Point Grey, for the paving of 4th Ave. from Alma Rd. to Blanca St. Tenders will in all probability be opened at the next meeting of the council and it is the intention of the Municipality to have const. on this work started as soon as possible.

Alternative bids for what is considered the best pavement for the steep grades along with the tenderer's own specification is the preference that is being given firms wishing to tender on the project. Tenders are also being submitted for concr. curbs and gutters. The estimated cost is $50,000.

Notice is given in this week's issue of The Provincial Gazette that certificates of incorporation have been granted to the following: The Canadian Trading Co., with head office at Vancouver and capitalized at $100,000; Jabour Bros., Prince Rupert, $25,000; Mutual Security Mortgage Co., Vancouver, $50,000; R. C. Company, Vancouver, $10,000; Tabro Safety Device Co., Victoria, $200,000.

TENDERS CLOSE TOMORROW FOR CLEARING AND GRADING

Hydro-Electric, Kamloops, B. C.—A vote will be taken next Monday for the purpose of raising $40,000 in extending and improving the electric lighting system of the Municipality. The ratepayers will also vote on the same day the by-law for raising $35,000 for waterworks extensions. If these by-laws pass construction will be started as soon as debenutres covering the work are sold.

PROPOSE SHINGLE MILL AT NEW WESTMINSTER

Mill, New Westminster—It is announced by Industrial Commissioner Darling that a lease has been secured and all preliminary steps taken in connection with the erection of a shingle mill with a capacity of 200,000. The Mackie Mill & Mercantile Co. of Gettysburg, Wash., are the owners who are promoting the scheme. The location of the site is on the south side of the Fraser near the G. N. tracks.

DISCUSS LUMBER TRADE WITH COMMONWEALTH

A deputation representing the lumbering interests of the Province, headed by Mr. R. Alexander, recently waited upon Premier McBride relative to the outlook for reciprocity with Australia and New Zealand. While recently in Ottawa, Sir Richard had a talk with Sir Geo. Foster, Minister of Trade and Commerce in this connection and stated that the outlook for the lumber business of this Province was never more favorable.

BRIDGE PROJECT WILL BE DELAYED

Bridge, Victoria—At a meeting of the Johnson St. Bridge Committee of the city council, the proposed Johnson St. Bridge was discussed and owing to the fact that the Railway companies interested in the project do not deem it advisable to prepare for an early start on the work, which is necessary at the present time, it is likely that nothing further will be done on the scheme until the money market changes.

WILL PROCEED WITH EXTENSIVE IMPROVEMENTS

Improvements, Saanich—Official notification has been given out that the Municipality of Saanich intend to construct as a local improvement the extension and widening of Shelbourne St. from North Dairy Rd. to Mount Douglas Park. The estimated cost of the work will be about $30,000 of which the Municipality will pay $2,763.50.

Improvements will also be made to Lake Road, between Carey Road and Agnes St. A subway will be built under the V. & S. Ry. and a reinf. concr. culvert at Swan Lake. The estimated cost of this work is $50,000 for which tenders close Dec. 7th. A court of revision will be held Dec. 14th when complaints against the work will be heard.

The Value of Spare Moments

From every section, and from all sorts and conditions of men, messages come to tell of earnings increased and futures brightened through study of I. C. S. Courses during spare time.

One letter gives the romance of a young man in California that began with little or no education; another tells the story of a high school graduate in Maine that found himself educated for everything but to make a living. Here are the heart-trobs of a fellow that toiled 12 hours a day and studied his Course as best he could; of a foremen or superintendent that enrolled because his ambition aimed at still bigger things.

No matter where you live, how little spare time you have, or how brief your schooling, the I. C. S. can raise your salary. That statement is backed with 20 years of success and a record of 400 or more advancement letters received every month.

I. C. S. Courses have made draftsmen, foremen, and superintendents of shop hands; building contractors, architects, structural and concrete engineers of carpenters and masons; advertising men, window trimmers, chemists, illustrators, and designers of clerks; electrical, mechanical and steam engineers of laborers; mine inspectors, foremen, and mining engineers of mine workers; bridge engineers, surveyors and mappers, civil engineers, gas engineers, automobile runners and civil service employees of young men willing to use their spare time to mold a career.

Suppose you were to increase your earnings only $20 a month—what a fine return that would be on your spare-time investment! Yet some have increased their earnings $250 a month.

Mark and mail this coupon and you will receive free information how you can increase your earnings by spare-time study.
