OIL PLANT WILL BE COMPLETED BY APRIL

VICTORIA—All the tanks to be erected at McLaughlin Point by the Imperial Oil Company have now been completed, and it is expected that the big plant will be in operation by about next April.

The principal work now under consideration by the engineers is the construction of the wharf, which will be L-shaped and about 150 feet long. Owing to heavy weather lately operations have been practically at a standstill, but at the first opportunity, the undertaking will be continued. The first crib has been laid down and two spans have been set out from the shore, while dolphins have been placed in position. The construction of the wharf is in the hands of the Taylor Engineering Works, Credit-Foncier Bldg., Vancouver.

After other details have been completed in connection with the pier, pipes will be laid down from the various tanks to the end of the wharf. These will be equipped with pumps.

Yesterday a start was made by the Dominion Construction Company, Vancouver, with the building of the stables and warehouses.

TIMBER STATEMENT FOR THE MONTH OF OCTOBER

The timber statement for the month of October, issued by the Department of Lands, Victoria, show that the total scale of sawlogs for the province amounted to 52,162,364 feet board measure, in addition to 123,733 lineal feet of piles and poles and 14,859 cords of ties, shingle bolts and fence posts. The sawlogs scaled in the various districts are as follows: Vancouver, 30,252,786 ft.; Cranbrook, 9,689,487 ft.; Nelson 5,401,713 ft.; Island, 4,267,156 ft.; Prince Rupert, 1,637,105 ft.; Vernon, 746,248 ft. Cranbrook district recorded 49,175 lineal ft. piles and poles; Vancouver, 41,405 lineal ft.; and Nelson, 20,340 lineal ft.

Timber sales recorded during the month cover an estimated total of 7,656,000 ft. sawlogs, to produce a total estimated revenue of $10,817.

RECEIVING TENDERS FOR REPAIRS AND ALTERATIONS

NORTH VANCOUVER—City Clerk J. F. Collins will receive tenders up to 5 p.m. Monday, December 13th, for repairs, alterations and improvements to the small building at the west side of the city hall. These will include carpenter work, plumbing and the construction of a chimney. Plans and specifications may be had on application to the City Engineer.

MAY BUY SCHOOL SITE

Owing to the need in the near future of a school in the locality, it is probable that the School Board will purchase 18 acres of land in South Hastings Townsite. The finance committee of the board has recommended that the purchase be made.

LUMBER MILL FIRE

Fire broke out in the engine room of the False Creek Lumber Co. and caused small damage on Sunday afternoon.

TO ERECT NEW CRANE

The Canadian Pacific Ry. proposes to instal an electric crane with a lifting power of fifty tons.

VANCOUVER BUILDING PERMITS

Only Permits amounting to less than $500 will be found under this head.

7898—Gray Bros., partitions in warehouse, cor. Hamilton & Davie; G. B. Baker, contr.; $200.

CONSIDERS IT TIME TO DISCUSS MARKET PLANS

NEW WESTMINSTER—Ald. Goulet inclines to the belief that it is too late to start the construction of the new market building this winter, but he considers it a good time to discuss plans. Of the original sum of $500,000 raised for harbor improvements, a balance of $23,000 was left after the first unit was completed, and the rental of the dredge and the sale of scows brought in about $10,000 more. In Ald. Goulet's opinion, the Northern Pacific's advance rental payment on its lease of the present market site, $25,000, is on the credit side of the waterfront improvement fund, and the second payment, due three months before the railway takes over the property, or by June, 1916, at the latest, will add $27,000 more. Out of these funds approximately $38,000 was used for extending the new market site at the foot of Tenth Street, about $1,000 in repairing the main wharf, and the remainder should be available for the construction of the new building.

DEPUTATION TO INTERVIEW PROVINCIAL GOVERNMENT

VICTORIA—Reeve Bridgman, Clerk Farmer and Councillors Loutet and MacLurg, representing the Municipal Council of North Vancouver, have asked the Provincial Government for a date for an interview during this week in respect to municipal business. While here the deputation will take up the question of the best method of installing a water system east of Seymour and discuss whether a plan should be prepared for approval covering the whole area, and installed in units, or a plan to supply only present applicants.

TO DECIDE UPON BUILDING OF ADDITION

SAANICH—Financial returns showing the expenditure for the year will come before the Saanich Council at its meeting this week. This will enable the reeve and council to decide as to whether it would be advisable to award the contract for the proposed addition and alterations to the Royal Oak Municipal Hall.

TO BUILD CONCRETE STEPS

The city council has agreed to the plan of the Western Amusement Co. for the construction of concrete fire exit stairs inside of the Avenue Theatre building in place of the outside iron fire escapes, which have to be removed. The company is given until April 1 to complete the work.

NEW ARC LIGHT.

NORTH VANCOUVER—It has been recommended that a street arc light be placed in front of the Armory at the corner of 15th St. and Forbes Ave.

FIRE ON CORDOVA STREET

Damage estimated at about $600 or $700 has been done by a fire at the premises of Robert Stewart, manufacturer's agent, 432 Cordova St. W.

SOUTH VANCOUVER FIRE CHIEF'S REPORT

SOUTH VANCOUVER—Fire Chief Lester has handed in his report covering the operations of his department for the year up to the end of November. The report shows that 218 alarms were responded to throughout the year, and that the total losses from fire, including both buildings and contents, amounted to $28,661.40. The total value of the property involved in these fires amounted to $214,148.78, and the insurance carried was $109,530.

REVELSTOKE FIRE.

REVELSTOKE—The home of John McLeod on Second St. was totally destroyed by fire on Sunday night. It is understood that $1,000 insurance was carried.

SMALL FIRE

NORTH VANCOUVER—A small fire occurred Saturday in the residence of H. Rumsay, 322 Fifteenth St. W. The loss is small and is covered by insurance.

RICE MILL DAMAGED.

VICTORIA—A fire has occurred in the rice mill at 516 Herald St. The damage was small.

CONGOLEUM
Floor Coverings

If you have Congoleum on your floors, you can run a mop over them and they will be cleaner than any swept floor. Congoleum is waterproof right through—water cannot injure it. Compared with printed linoleum, Congoleum is more durable, more attractive, more waterproof, yet the price is less. Congoleum requires no fastening—any one can lay it—it won't curl up.

Congoleum Rug Borders, laid next to a rug or carpet, give the actual appearance of polished oak.

GETTING ON THE MAP.

In an address to the members of the Chicago Garment Manufacturers' association—representing an annual business of $20,000,000—President Joseph L. Eisendrath recently heralded 1915 as the most prosperous period that the industry had ever faced. He urged his fellow manufacturers to advertise, Advertise, and then ADVERTISE some more.

"Don't forget that it is your advertising man who puts you on the map. Unless you want to fail, don't listen to any backwoodsman who tells you that it doesn't pay to advertise. It DOES pay to advertise, and the men who are successful today are the men who realize this fact and practice it.

"Your advertising man is a great factor in putting you on the map.

"It's a good system to keep telling people about your goods, whether they are buying them at the time or not. It is even true that they may not buy them tomorrow, but they are going to buy them ULTIMATELY.

"Cease to advertise and you'll be forgotten."

"Keep up your advertising constantly and consistently. Do not give a big splash, followed by a whole lot of silence.

"Advertising is salesmanship. You send out salesmen in a new territory and you find that they have to do a deal of missionary work before the territory becomes profitable. It's something like that in starting advertising. But use of advertising as an advance agent breaks the ground for the salesman in these days of successful and profitable business.

"Make the public want your goods."

LITTLE BUSINESS BEFORE THE STREETS COMMITTEE

VICTORIA — But little business came before the Streets Committee of the City Council last week. The request of the Victoria Machinery Depot for permission to erect a temporary building to allow of an extension of its plant for the manufacture of munitions of war was granted and will be formally approved at this week's meeting of the council. Complaints regarding the conditions of Cecilia Street were referred to the City Engineer for report, and a complaint of the Marine Iron Works at the delay in completing the repairs to Rock Bay Bridge was tabled for the time being, as the City Engineer expected to be in a position to submit a report shortly relative to the early inauguration of the work.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. No more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined, and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

AUCTION SALE OF TIMBER BERTH COVERING DOMINION LANDS.

The right to cut timber under license on Berth No. 2210 comprising the following lands in the Province of British Columbia, will be offered at public auction at the upset price of $5511.80, including cost of survey, at 2 o'clock p.m. on Wednesday the 9th February, 1916, at the office of the Crown Timber Agent at Calgary, in the Province of Alberta:—

Timber Berth No. 2210, situate in the Province of British Columbia, comprising a portion of the 5000-acre coal reserve block lying between Elk River and the south branch of Michel Creek, about 42 miles north of the international boundary containing an area of 1.17 square miles, more or less as shown on plan of survey thereof approved by the Surveyor-General, dated the 10th of August, 1915, and of record in the Timber and Grazing Lands Branch of the Department of the Interior. A license will not be issued until the full amount of the purchase price and the ground rental for the first year have been paid.

The conditions of payment, rate of rental, etc., are contained in the Timber Regulations, a copy of which, together with a blue print showing the location of the berth, will be furnished on application to the undersigned or to the Crown Timber Agent at Calgary, Alberta.

B. L. York,
Controller.

Timber and Grazing Lands Branch, Department of the Interior, Ottawa, November 17, 1915.

PROPOSALS WANTED

GENERAL CONTRACTS.

W. F. Jones, 501 Hastings, has completed the plans for the main building of the Port Moody Steel Co. and tenders are now being taken from several contractors. At the present time the company has not decided whether they will let a contract for the work or erect the building by day labor under its own supervision, this question depending on the figures which will be submitted. In any event work will be started as soon as possible on this structure while other buildings will be erected from time to time in the future.
