Dear Sir,

*Jackson Estate*

I am receipt of your letter respecting the two tanks standing by the house of the late Sam Jackson, if these tanks are necessary to any parties who may rent the house and the tanks would have to be replaced before the house could be rented do not accept any offer, but if they were used originally, and other arrangements have now been made so that they are now not necessary you may accept the offer.

Yours truly

*W.E. Fisher*
