Sub Recorder,

Dear Sir:

During a conversation with a Mr Horner here today, your name was mentioned as being connected with the Roche D'Blue Mine.

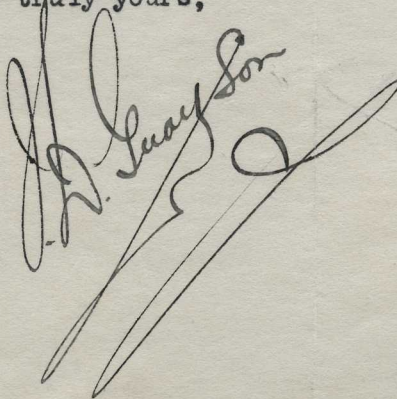

In writing you I thought you might be in a position to bring to my notice any attractive mining properties. This might be interesting to any onwres you might know in your district.

If there is anything you can do for me in this connection and you can induce any owners to send me full descriptions of what they really have, with their lowest price and terms, I do not doubt but what I would be of some assistance to them as I am very closely connected with several large concerns who would be interested in making examinations with a view to purchase, providing there is some encouragement.

I would appreciate anything you can do for me in this connection.

I am,

Very truly yours,

Provincial Police Office
