Dear Sir:

We regret to have to inform you that our Indian Fisherman named Simon Shaw was drowned today at the mouth of the Skeena River off the Oceanic Cannery. He was fishing with another Indian named Andrew Lewis (both Kitkatla Indians) License 2964 Dominion, and 3512 Provincial.

When the deceased man fell overboard he was using the Pump & was standing on the gunwale in the stern of the Boat, with the tiller held between his knees & Lewis says he told him to "look out" as he was in a dangerous position.

Andrew Lewis also says that he was using a small hand saw for some purpose at the time the accident happened.

Yours truly,

WALLACE FISHERIES, LTD.
