

PROVINCIAL FISHERIES DEPARTMENT,

VICTORIA, Oct. 11th, 1911.

A. Forayth, Esq.,
Fisheries Overseer,
Port Essington, B. C.

Dear Sir:

Your letters of the 27th ult. were awaiting me on my return from Lillooet and I must thank you for the information you convey as to the pack on the Skeena and at Lowe Inlet.

The pack has been exceptionally good as you state and I can only trust that the spawning beds have also been well seeded. Mr. Wynn made the trip but I have not as yet received his report. Of course it was impossible for you to go under the circumstances which I regret in view of your having told me that you would like to make the trip. I trust that you will be able to get across to Victoria while south so that we can talk over conditions generally.

Yours respectfully,

D. H. Wautye

for Commissioner of Fisheries.
