F. DALLAS, Bursar.

S. W. MATHEWS, M.A. (Queen's), Registrar.

J. RIDINGTON, Acting Librarian.

All inquiries should be addressed to The Director of Summer School, University of British Columbia, Vancouver, B. C.

GENERAL INFORMATION

OBJECTS OF THE SCHOOL:

The University of British Columbia has three purposes in view in establishing its first Summer School: (1) to assist High School teachers who are giving instruction in Science and in French; (2) to assist teachers who wish to qualify themselves to hold a First Class Certificate, in covering part of the work prescribed for the Senior Grade; and (3) to provide courses in Education for all persons who may be qualified to take them.

COURSES OF STUDY:

For the Summer Session of 1920 three groups of courses will be given corresponding to the three purposes outlined above. The courses arranged for High School teachers of Science provide ten hours, weekly, of instruction in lecture room and laboratory; all other courses provide five hours. An outline of the programme follows:

Group I. (for High School Teachers in Science and French):

1A. Botany, 10 hours.
1B. Chemistry and Physics, 10 hours.
1C. Methods of Modern Language Teaching, 5 hours.

Group II. (for students preparing for Senior Grade Examinations):

2A. Biology, 5 hours.
2B. Chemistry, 5 hours.
2C. English, 5 hours.
2D. French, 5 hours.
2E. History and Civics, 5 hours.
2F. Latin, 5 hours.
2G. Mathematics, 5 hours.
2H. Physics, 5 hours.

Group III. (in Education):

3A. School Administration, 5 hours.
3B. Modern Movements in Education, 5 hours.

If, in any case, the number of applicants for a particular course be insufficient to warrant instruction being given in that course, it will be withdrawn.

Subject to the exigencies of the time-table, students may freely elect their courses from the above programme. *They are advised to carry not more than* 15 *hours a week. It is important that intending students communicate at the earliest possible moment with the Director of the Summer School, stating what courses they intend to take, and what books, if any, they will have to procure.* Their attention is called to the declaration slip forwarded with the announcement.

ADMISSION:

All students applying for admission to the Summer School will be required to present evidence that they hold an Intermediate Grade Certificate of the Province of British Columbia, or its equivalent.

EXAMINATIONS:

At present the University will assign no collegiate credit to courses taken in the Summer School; and it will set no examinations, except in the case of the courses in Group III. The results obtained by students doing work in this group will be recorded for the use of the Provincial Department of Education. Two courses taken in this group will be regarded by the Department of Education as the equivalent of one foreign language as required for the Senior Grade. In the case of students in Group II., it is expected that those who elect sufficient studies and who supplement this work by private reading, will be able to pass the Provincial Examinations of the Senior Grade after attendance at two sessions of the Summer School. But it is left to their own discretion to decide when they shall take those tests and how they shall prepare for them.

SUPPLEMENTARY READING:

The instructors of the Summer School will be glad to outline courses of private reading for students to follow during the winter months; but the University cannot at present undertake to supervise this work during the regular University session.

THE SESSION AND REGISTRATION:

The Summer School of 1920 will be in session from July 5th to August 14th inclusive. *All students must register on or before July 5th.* No persons will be admitted to a class unless they present a certificate of registration.

FEES:

All students registering at the Summer School will pay a fee of Ten Dollars.

ATTENDANCE:

Students must attend regularly the meetings of a course for which they register. Those whose unexcused absences from such a course exceed one-eighth of its total number of meetings will not be credited with attendance in that course.

BUILDINGS:

The work of the Summer Session of 1920 will be conducted in the University's temporary quarters on the site of the Vancouver General Hospital at Tenth Avenue and Willow Street.

BOARD AND LODGING:

Good board and lodging can be obtained in the vicinity of the College at a cost of $40.00 a month and upwards; or, separately, board at $35.00 and upwards per month; rooms at $5.00 to $10.00 per month. Lists of approved boarding houses may be obtained from the Director or the Registrar.

TRANSPORTATION:

The Department of Education of the Province of British Columbia authorizes the following statement to teachers with regard to transportation:

> Railway and steamboat fares (not including berth and meals) will be refunded by the Department of Education of the Province of British Columbia to all teachers in British Columbia who attend the Summer School of the University and who meet the requirements as to attendance. Return transportation will be provided by the Department of Education for all teachers returning to points from which, or in the vicinity of which, tickets to Vancouver were issued. Teachers going from the Summer School to points other than those from which tickets to Vancouver were issued will not receive transportation from Vancouver to such new points of destination.
>
> It is important that intending students who are teachers should note and obey the following instructions with regard to transportation:
