The University of British Columbia

Vancouver, B. C.

ANNOUNCEMENT

OF THE

SUMMER SCHOOL for TEACHERS

SECOND SESSION

July 4th to August 13th, 1921

THE SUMMER SCHOOL *for* TEACHERS

OFFICERS AND STAFF:

L. S. KLINCK, M.S.A., D.Sc., President of the University.

H. ASHTON, M.A. (Cantab.), D. Lett. (Univ. Paris), D. Litt. (Birmingham), Officier de l'Instruction Publique, Professor of French.

W. K. BEECH, B.A. (Queen's), M.A. (McM.), Principal Cecil Rhodes High School of Commerce, Vancouver, Special Lecturer in Advanced Commercial Work.

D. BUCHANAN, M.A. (McM.), Ph.D. (Chicago), Professor of Mathematics.

H. T. J. COLEMAN, B.A. (Toronto), Ph.D. (Columbia), Professor of Philosophy and Director of the Summer School, 1921.

JOHN DAVIDSON, F.L.S., F.B.S.E., Instructor in Botany.

MACK EASTMAN, B.A. (Toronto), Ph.D. (Columbia), Associate Professor of History.

M. E. HAGGERTY, Ph.D., Dean of School of Education, University of Minnesota, Special Lecturer in Education.

A. E. HENNINGS, M.A. (Lake Forest, Chicago, Ill.), Ph.D. (Chicago), Associate Professor of Physics.

ANDREW H. HUTCHINSON, M.A. (McM.), Ph.D. (Chicago), Associate Professor of Botany.

H. T. LOGAN, M.A. (Oxon), Assistant Professor of Classics.

W. L. MACDONALD, B.A. (Toronto), A.M. (Wisconsin), Ph.D. (Harvard), Assistant Professor of English.

W. N. SAGE, B.A. (Toronto), M.A. (Oxon), Assistant Professor of History.

W. F. SEYER, B.A., M.Sc. (Alberta), Ph.D. (McGill), Assistant Professor of Chemistry.

GEORGE M. WEIR, M.A., D.Paed., Principal Provincial Normal School, Saskatoon, Sask., Special Lecturer in Education.

F. DALLAS, Bursar.

S. W. MATHEWS, M.A. (Queen's), Registrar.

J. RIDINGTON, Acting Librarian.

All inquiries should be addressed to The Director of Summer School, University of British Columbia, Vancouver, B. C.

GENERAL INFORMATION

OBJECTS OF THE SCHOOL:

The University of British Columbia has three purposes in view in providing Summer School instruction: (1) to assist High School teachers in their classroom work; (2) to assist teachers who wish to qualify themselves to hold a First Class Certificate, in covering part of the work prescribed for Senior Matriculation; and (3) to provide courses in Education for all persons who may be qualified to take them.

COURSES OF STUDY:

For the Summer Session of 1921 three groups of courses will be given corresponding to the three purposes outlined above. The courses arranged for High School teachers of Science and of Commercial Work provide ten hours, weekly, of instruction in lecture-room and laboratory; all other courses provide five hours. An outline of the programme follows:

Group I. (for High School Teachers):

1A. Botany, 10 hours.
1B. Chemistry, 5 hours.
Physics, 5 hours.
1C. Methods of Modern Language Teaching, 5 hours.
1D. English Literature, 5 hours.
1E. Advanced Commercial Work, 10 hours.

Group II. (for students preparing for Senior Matriculation Examinations):

2A. Biology, 5 hours.
2B. Chemistry, 5 hours.
2C. English, 5 hours.
2D. French, 5 hours.
2E. History and Civics, 5 hours.
2F. Latin, 5 hours.
2G. Mathematics, 5 hours.
2H. Physics, 5 hours.

Group III. (in Education):

3A. Principles of Education, an elementary course, 5 hrs.
3B. Principles of Education, an advanced course, 5 hours.
3C. Class-Room Methods, 5 hours.
3D. Mental Measurements, 5 hours.

If, in any case, the number of applicants for a particular course be insufficient to warrant instruction being given in that course, it will be withdrawn.

Subject to the exigencies of the time-table, students may freely elect their courses from the above programme. *They are advised to carry not more than* 15 *hours a week. It is important that intending students communicate at the earliest possible moment with the Director of the Summer School, stating what courses they intend to take, and what books, if any, they will have to procure.* Their attention is called to the declaration slip forwarded with the announcement.

ADMISSION:

All students applying for admission to the Summer School for the first time will be required to present evidence that they hold an Intermediate Grade Certificate of the Province of British Columbia, or its equivalent.

EXAMINATIONS:

At the close of the Summer School Session, examinations will be conducted in the subjects of Group II. prescribed for Senior Matriculation work, and also in the subjects of Group. III. The final examination in any subject of Group II. will cover the complete course in that subject. Examinations in all necessary subjects must be taken at one time. Two courses in Education, taken either in 1920 or in 1921, will be accepted in place of a foreign language as part of the requirements for a first class certificate. (Note:—This option will not be continued after the present year.)

Teachers holding either Academic or First Class Certificates, after they have completed two summer sessions in Commercial Work at the University, and after they have passed the necessary final examinations, will be granted Assistant High School Teachers' Certificates for Commercial subjects.

SUPPLEMENTARY READING:

The instructors of the Summer School will be glad to outline courses of private reading for students to follow during the winter months; but the University cannot at present undertake to supervise this work during the regular University session.

THE SESSION AND REGISTRATION:

The Summer School of 1921 will be in session from July 4th to August 13th inclusive. *All students must register on or before July 4th.* No person will be admitted to a class unless they present a certificate of registration.

FEES:

All students registering at the Summer School will pay a fee of Ten Dollars.

ATTENDANCE:

Students must attend regularly the meetings of a course for which they register. Those whose unexcused absences from such a course exceed one-eighth of its total number of meetings will not be credited with attendance in that course.

BUILDINGS:

The work of the Summer Session of 1921 will be conducted in the University temporary quarters on the site of the Vancouver General Hospital at Tenth Avenue and Willow Street.

BOARD AND LODGING:

Good board and lodging can be obtained in the vicinity of the College at a cost of $40.00 a month and upwards; or, separately, board at $35.00 and upwards per month, and rooms at $5.00 to $10.00 per month. Lists of approved boarding houses may be obtained from the Director or the Registrar.

TRANSPORTATION:

The Department of Education of the Province of British Columbia authorizes the following statement to teachers with regard to transportation:

Railway and steamboat fares (not including berth and meals) will be refunded by the Department of Education of the Province of British Columbia to all teachers in British Columbia who attend the Summer School of the University and who meet the requirements as to attendance. Return transportation will be provided by the Department of Education for all teachers returning to points from which, or in the vicinity of which, tickets to Vancouver were issued. Teachers going from the Summer School to points other than those from which tickets to Vancouver were issued will not receive transportation from Vancouver to such new points of destination.

It is important that intending students who are teachers should note and obey the following instructions with regard to transportation:

(1) All teachers coming to the Summer School by railway or steamship lines will purchase first class single tickets and obtain from the Agent a receipt for the amount paid. If it is necessary to purchase tickets on the train, the train conductor's receipt should be preserved.

(2) In all cases where it is impossible to reach Vancouver without travelling over two different railway or steamship lines, thus requiring the purchasing of two tickets, teachers will obtain a receipt for the amount paid for each ticket purchased. In all cases the most direct line to Vancouver must be chosen.

(3) No refund will be granted by the Department unless a proper receipt is presented. No allowance for berth, meals, baggage, or private conveyance can be made. Only regular transportation charges will be considered. In cases where steamboat tickets include berth and meals, only one-half the amount paid for such inclusive tickets will be refunded.

COURSES OF STUDY

GROUP I.

1A. *Botany*: Topics selected from Bergen and Caldwell's Practical Botany (Ginn & Co.). Lectures and laboratory, 10 hours.

Since field excursions constitute a regular part of the course, it is recommended that students provide themselves with suitable boots and clothing.

This course, though primarily intended for High School teachers, is open to other qualified students registered in the Summer School.

1B. *Chemistry*: As in Cornish, *A Text-Book for High Schools,* Macmillan. Lectures and laboratory, 5 hours.

Physics: A course in Physics for High School teachers. Lectures, discussions, and demonstrations, 5 hours.

1C. *Methods of Modern Language Teaching*: Historical Sketch; outline of methods; approved modern methods; adaptation of methods to local circumstances; application of methods (a) to Siepmann I. and II., and (b) to a reader. 5 hours.

1D. *English Literature.* A critical study of the texts of Henry IV., Pt. I., and Hamlet. In addition, lectures will be given on such topics as Shakespeare's contemporaries, the Elizabethan stage, the development of Shakespeare as a dramatist, etc. 5 hours.

1E. *Advanced Commercial Work.* This course is designed to cover two Summer Sessions. Teachers holding Academic or First Class Certificates who complete the course shall be granted Assistant High School Teachers' Certificates for Commercial subjects. The purposes of the course are twofold, namely:

(1) To give certificated teachers a working knowledge of the content of the Commercial courses in the High Schools of the Province, and

(2) To train teachers in the latest and best approved methods of teaching the work.

Course to be given this Session:

(1) *Accounting and Business Practice.* Lectures and laboratory work, 30 hours.

(2) *Secretarial Work*: Stenography, business correspondence, office filing, 25 hours.

(3) *Business Administration*: Relations of the business departments to the community; how to place graduates; follow-up systems in connection with graduates who have left the school. 5 hours.

GROUP II.

2A. *Biology*: *Part* 1, *Biology*: General Principles of Biology. Smallwood, *Text-Book of Biology,* Lea and Febiger. Lectures and laboratory, 5 hours per week, one summer term.

Part 2, Botany: General Principles of Botany. Coulter, Barnes, and Cowles, *Text-Book of Botany, Vol. I.*, University of Chicago Press. Lectures and laboratory work, 5 hours per week, one summer term.

2B. *Chemistry*: Elementary laws and the chemical elements, as in Smith's College Chemistry (Century Co.). Lectures and laboratory, 5 hours.

2C. 1. *English*: (a) General principles of Expository Composition. Scott and Zeitlin, *College Readings in English Prose,* Macmillan.

(b) *Literature.* Canby, *A Study of the Short Story,* Holt; Euripides *Bacchae* in Gilbert Murray's paraphrase; Shakespeare, *Julius Caesar;* Sheridan, *The School for Scandal,* Everyman; Ibsen, *The Doll's House,* Everyman. 5 hours.

N.B.—The Department of Education has approved the English work of the University's First Year (see University Calendar, 1921-22) as fulfilling the requirements of Senior Matriculation.

2D. *French*: The whole of the language course prescribed for Senior Matriculation. 5 hours.
Siepmann, *Primary French Course, Part III.*

2E. *History and Civics*: Topics from Robinson & Beard's Outlines of European History, Part II. (Ginn & Co.), or Hazen's Modern Europe (Henry Holt, 1920). 5 hours.

2F. *Latin*: Virgil, Georgic IV., (Page); Cicero, De Senectute (Warman, Bell & Sons). 5 hours.

2G. *Mathematics*: Selected topics in Algebra, Geometry and Trigonometry. 5 hours. Texts: Hall & Knight, *Elementary Algebra;* Hall & Knight, *Trigonometry;* Hall and Stevens, *School Geometry.*

2H. A Laboratory Course covering the work of Senior Matriculation in Physics. 5 hours.

GROUP III.

3A. Principles of Education, an elementary course. Text: Ruediger, *Principles of Education* (Houghton, Mifflin Co.). 5 hours.

3B. Principles of Education, an advanced course. Text: Dewey, *Democracy and Education* (The Macmillan Co.). 5 hours.
hours.

3C. Class-Room Methods, 5 hours.

3D. Mental Measurements, 5 hours.

The Department of Education Summer School for Teachers will open in Victoria on Monday, July 4th, and close on Friday, August 5th. Full time courses in Rural Science, Primary Education, Art, Manual Training, Household Economics, and Vocal Music and Elocution will be given, also part time courses in Penmanship, Library Organization, and Physical Training, including School Games.

Complete information, together with details of the different courses offered, will be sent to all teachers on or about the first of May.
