My Dear Sir

Tell Mr Smith that all former orders for flooring must be first class free of knots and sap.

Enclosed is a specification of lumber for schooner "Alpha" she will be towed up by the "Isabel" and may be at the Mill in a day or two

Enclosed also is a specification of lumber for "Bolivia" she will not I think take longer lengths than 36 feet having to take it through her hatchways, her cargo is something similar to that of the "Deux Jules"

will probably leave here for the

...e will the end of this week.

Get Mr. Smith to certify the enclosed invoices and return them.

The accounts for October are to hand

Yours

very dear Sir
