New Westminster
23rd March 1866.

Sir

I take leave (in explanation of my application to you for a piece of land marked in red on the tracing sent you with my letter dated 21st. inst., and situated on False Creek) to say that I meant it to form part of the balance yet due the Saw Mill Company. As I have not a copy of the agreement by me I cannot exactly say how much of the 15000 acres yet remains to be leased but I believe about 300 acres. The piece of land I am now applying for is about 4 to 500 acres.

With reference to my application to convey the water through private property I take leave to refer you to the ordinance No 27 Clause 44 passed last year.

I am Sir
Your most Obdt. Servt.

Joseph Pemberton Esqr.
Chief Commissioner of Lands & Works.
&c &c &c.

New Brunswick
53 Paul Street 1861.

Dear

Mark Lane Express Office
of May 27th 1861 for a Piece of Land
