Colonial Secretary's Office

24th. August 1865

Dear Captain Stamp

The Governor desires me to acquaint you that he is prepared to let you have the additional land you require for Saw Mill purposes near Burrard's Inlet and English Bay.

His Excellency however hardly thinks it fair to the other mill owners to grant you the land immediately contiguous to New Westminster.

With regard to the Road from the end of the new Road to your Mill His Excellency is anxious to see it carried out and he will consult Mr Trutch on the subject as

soon

soon as he return from the Interior and His Excellency considers that the road will be made should she be successful in getting the remainder of our Loan taken up in England.

His Excellency desires me to say in conclusion that you shall without delay have an official communication on this Subject and be furnished with all the requisite documents prior to His Excellency's departure for England

I remain

Yours truly

Charles Ford
