CHATSWORTH

Attorney General's Office
30 November 65.

No: 164.

Sir

I have yours of 1st December;
& reply I beg to say that when
last here you informed me that you had
written your Company some time ago for the
authority to execute the necessary covenants
on their behalf contained in the Lease —
This authority you had not then got but
were expecting to receive very shortly —
to avoid the necessity of sending the documents
home for the Company's seal.

Captain Stamp
Colonial Steamer

Since then I was informed on
you were absent at Victoria.

On application to your Agent
here I learned that you would very shortly
be up and I should then see you.

I beg to remind you also that
the three Maps had then to be made in
duplicate and on account of your slight
alterations in the fair draft and the
insertion of the description of the parcels
left for the Surveyor General to file in at
your request – it has been necessary to have
the whole (as you are aware) re –
engrossed.

This was completed on Saturday
last the 25th instant.

On

On Monday the 27th, I informed
you Agent here of their completion:

There has been no delay from the
first with the Government — on the
contrary they have been anxious to anticipate
your wishes where practicable.

If you have the expected authority
of the Company to bind them by deed — the
Leases are ready for your execution at any
moment.

If not — will be thankful to
let me know and I will then send
them at once to the Colonial Secretary
for transmission through the Inspe-
Channel to England. for the Company's
Seal. &c and exchange of documents.

I have the honor to be Sir
Your most obedient Servant
Henry J. Pelly Esqre

1865

H. P. P. Crease
Attorney General
