SPANISH FLEET SAFE AT SANTIAGO

News Mostly Comes via Havana, but Is Generally Believed.

There Is Great Rejoicing in Spain Over Admiral Cervera's Bloodless Victory.

It Is Claimed that He Entered Santiago de Cuba and that American Warships Withdrew.

Madrid, May 20.—At 10 o'clock last night the minister of marine received the following dispatch from Admiral Cervera in command of the Cape Verde squadron:

"Santiago de Cuba, May 19.—This morning I have without incident entered this port accompanied by the squadron. (Signed) CERVERA."

Cervera's Dispatch from Santiago.

Madrid, May 20.—Admiral Cervera's dispatch from Santiago says:

"I did not sight any American ship during the voyage. The blockading vessels quickly left on approach of the squadron whose arrival created the greatest excitement and enthusiasm at Santiago. Immense crowds of people thronged the quays and cheered the sailors. Havana's relief at the safe arrival of the fleet is very great. It was feared that the American ships which left the blockade had gone to intercept the Spanish. It is now believed that the American's fled in order to avoid reverses."

Revives London's Interest in the War.

London, May 20.—The report that Admiral Cervera's fleet had arrived at Santiago, revived interest in London in the war. All information thus far comes from Spanish sources and there is much speculation as to why Spanish authorities permitted news to be published and telegraphed from Madrid.

Washington Admits It May Be So.

Washington, May 20.—If the Spanish fleet is at Santiago it is a fact probably unknown officially to the navy department, notwithstanding the fact that the department is using all of its machinery of consular service and in additton the services of, numerous scouting vessels to get and keep track of the elusive foe.

Madrid Says Two U. S. Ships Retired.

Madrid, May 20.—The Spanish fleet on arriving at Santiago de Cuba found there two American warships which retired.

The Queen regent has cabled congratulations to Admiral Cervera. The success of Admiral Cervera in avoiding the American fleet and keeping them on the alert excites much enthusiasm and causes the press to clamor for the prompt despatch of the reserve fleet to the front.

Fleet's Arrival Not Confirmed in Jamaica

Kingston, Jamaica, May 20.—No confirmation yet has been received here of the reported safe arrival of the Spanish Cape Verde fleet at Santiago.

Don't Believe Spanish Fleet is at Santiago

New York, May 20.—A Washington dispatch says that the navy department has nothing to confirm the Madrid dispatch that the Cape Verde fleet has safely reached Santiago. Navy officials place no reliance on information from Madrid concerning movements of ships. Naval experts do not believe it possible that the fleet could get into Santiago without the knowledge of scouts. Such a move would be immediately communicated to Washington.

Encouraged to Die for Spain.

Madrid, May 20.—In taking possession of the admiralty the new minister of marine made a patriotic speech to the assembled officers during which he recalled the "splendid example set by the Spanish sailors at Cavite in dying for Spain."

Important Naval Events Expected Soon.

New York, May 20.—A Key West dispatch to the Evening Post says that events of surpassing interest are expected to develop near here within 24 hours. Details of the important movements projected are not permitted by the censor.

To Make Their Own Light.

The Acetylene gas machines are becoming quite popular in Kaslo. Among the most recent to order complete outfits in this line from Mr. Wing, the local agent, are O. Strathearn, the jeweler, and J. Walker, the tailor. Their business establishments will hereafter be as light by night as by day.

FIGHTING FOR THE K. & S.

Senator Templeman Combats C.P.R. Whitewater Extension.

Ottawa, May 16—Senator Templeman of Victoria, B. C., is fighting the Nakusp & Slocan railway bill in the senate. When the bill came up Wednesday evening he denounced it as an attempt by the Canadian Pacific Railway company to gobble up all the small railways. Both the Nakusp & Slocan and the Kaslo & Slocan railways were provincial lines. The C. P. R. had obtained control of the Nakusp & Slocan road, but it was built under a provincial charter and assisted by provincial grants. Bills such as this should have emanated from the local legislature, but the C. P. R. knew better than to apply there for such power.

The effect of this legislation would be to kill the Kaslo & Slocan railway, the only remaining independent line in the province. More than that, it would ruin the chances of the province having roads built by private enterprises, if it were understood that the C. P. R. company could, at its own sweet will, step in and parallel any line of railway, and thereby ruin enterprise. The fact that every member from British Columbia, except one, in both houses, was opposed to the bill ought to carry some weight. The bill is still being debated in the senate.

GOMEZ IS CLOSING IN ON HAVANA

And Calixto Garcia Is Menacing Santiago de Cuba.

They are Leading 15,000 and 5,000 Troops, Respectively, to Those Cities.

Ex-Members of the Spanish Diplomatic Corps from Washington, D. C., Under Surveillance.

New York, May 20.—The Evening World has a copyrighted dispatch from Port au Prince saying:

"Maximo Gomez with 15,000 rebels is closing in on Havana. The advance guard is led by a negro, Chief Quentin Bondera. While on the march he met 800 Spanish troops who, after a skirmish, took flight."

Garcia Menacing Santiago.

New York, May 20.—A Port au Prince dispatch says:

Santiago de Cuba is in a state of wild excitement. Calixto Garcia menaces the town with 5,000 men and is cutting off all sources of supply.

It is reported here that Spanish war ships have been sighted off Yucatan accompanying three large transports laden with troops for Havana.

Blockade Seriously Felt at Havana.

Havana, May 20.—The weight of the blockade is seriously felt here. Business is at a standstill, but everything is being done to keep the spirits of the people who have great faith in the strength of the Spanish. They look forward hopefully to the blockade being soon raised.

Heavy Spanish Losses at Cienfuegos.

Key West, May 20.—The Spanish loss during the recent engagement at Cienfuego is now known to be 350 killed and several hundred wounded and great damage done along the coast. The fear prevailed everywhere that the American warships would return and complete the destruction.

Americans Repulsed at Guantanamo.

Madrid, May 20.—A dispatch from Havana says: "The American ships hap bombarded Guantanamo," and adds that the Spanish gunboat Sandora and a regiment of marines repulsed attempts made to land there. As usual, according to the Spanish version of such affairs, the Spanish suffered no losses and the Americans retired.

Spaniards Under Watch in Canada.

Madrid, May 20.—Lieutenant Arture de Carantha, former Spanish naval attache at Washington, has arrived here. He is quoted as saying that he was closely watched in Canada by agents of the U. S. government

Spanish Reinforcements for Philippines.

Barcelona, May 20.—Large forces of troops are embarking here for the Philippines.

Spaniards Claim German Sympathy.

Madrid, May 20.—Advices from Manilla say that the situation is improved. Captain-General Augusti has regulated the price of provisions. It is also reported from Manilla that foreign colonists sent to the captain-general expressions of sympathy for Spain. This is markedly the case with the German colony and the action of the Germans is said to be due to orders received by the German consul from Berlin.

Universal Grief at Gladstone's Death.

London, May 20.—The universal expression of grief and sympathy gathers volume hourly, as the memoirs and reminiscences of Mr. Gladstone flooding the press everywhere, show. Column rules are reversed, and almost every court in Europe wired condolences.

EDITORIAL OUTCROPPINGS.

How many of the merchants are willing to agree to close their stores by or before noon next Tuesday, to give their clerks at least a half holiday?

The decorations that are now being placed through the business part of town should be extended until Kaslo is entirely transformed next Tuesday, in honor of Her Gracious Majesty.

The Kaslo & Slocan Ry. Co. deserves special commendation for adjusting the runs of its trains so thoroughly to the convenience of the people for the celebration of the 24th and for its reduction of fares to less than half rates

The Victoria Times is enjoying some free advertising in the shape of a B. C. Gazette extra, gotten out to announce with all the pomp and circumstance customary to most unusual occasions, that Gov. McInnes has appointed Justice Walkem as a special commissioner to investigate the truth or falsity of an editorial by the Times entitled, "Can These Things Be?" The article is a caustic arraignment of the Lands and Works Department, alleging corruption therein. It will be interesting to know if the charges can be sustained.

From now on to the day of election we may expect to hear and see acrimonious and vitriolic d scussion of the various candidates. We need not be surprised to learn from the New Denver Ledge that Premier Turner, instead of being the respectable and benevolent old gentleman that he appears, is in reality a claim-jumper of the deepest dye. Or, on the other hand we may imagine the Kootenaian denying that it ever called him a grizzly pirate, and insisting that his angelic pin-feathers are already well sprouted. As for Messrs. Cotton and Semlin, they will be held up either as patriots of the highest type, or traitors of the lowest degree of imbecility. And this is politics. How many minds are changed by such discussions?

Who Borrowed the Minister's Rake?

If the gentleman who borrowed the garden rake belonging to the Presbyterian minister, about a fortnight ago, will return the same to the undersigned and pay for this notice, he will receive the thanks of all concerned.

Street Improvements.

The street improvements in Kaslo will favorably impress our out of town visitors next Tuesday. Front st. has been nicely cleaned up, and all superfluous rocks and stones have been removed so that it is now in good racing condition. The cutting and filling on A avenue above 5th st. are progressing well, while Third street and B avenue are almost transformed in places by recent grading work. The latter street is also having some good new sidewalk laid.

KASLO CELEBRATION NOTES.

As Told by the Veracious Chronicler of the Sandon Paystreak.

The Sandon hose reel team is practicing diligently. No records have been fractured yet.

Kaslo has organized a military company. Where is Sandon at? We might need an organization of this kind to take care of our baseball umpire on the 24th.

The Kaslo people have raised the prize, to be awarded to the successful contestants in the hose reel race on the 24th, to $150. As it is all coming to Sandon they cannot raise it too high.

The Kootenaian says that the Kaslo fire brigade ran 150 yards, laid 150 feet of hose and threw several yards of water in 31 seconds. That's pretty quick time. The world's record for this performance is held by Battle Creek, Mich. They ran down hill, before a wind, toward the red brick saloon on the corner, and then it took them 36 seconds.

Kaslo, Rosebery, Silverton, Ten Mile, McGuigan and other points are celebrating the Queen's birthday, probably under the impression that their towns may not last much longer. Sandon will celebrate Dominion Day. It will be such a celebration as to turn the adjacent villages green with envy. Lord and Lady Aberdeen, Bob Fitzsimmons, President McKinley and Calixto Garcia will be invited to attend.

Is This What You Are Looking For?

Comfortable, clean, well furnished rooms by the day, week or month at reasonable prices at the Victoria, A avenue, near 5th street. No bar attached. Baths free to guests.

"BIRTHS, DEATHS AND MARRIAGES REGISTRATION ACT."

THE REGISTRAR-GENERAL DESIRES TO call the attention of the Public to the following requirements of the Revised Act:

1. The Act now applies to all persons within the Province, Indians, Chinese and Japanese included.

2. DEATHS. The Public are reminded that every householder is bound, under a Penalty of $25 and upwards, to report to the District Registrar every death occurring in his house. The Undertaker in charge may, if he has a personal knowledge of the facts, make the registration as hitherto, but the householder is liable if it be not done.

3. CLERGYMEN, UNDERTAKERS and others are desired to bear in mind that no person can take any part in burying a dead body, under a Penalty of $25 and upwards, without a certificate of the due registration of the death, unless in the belief that it is impossible to register the death, or, if registered, to obtain the certificate; and that in such case it is their duty, under a like Penalty, themselves to register the death within seven days in the usual form.

4. CORONERS are requested to register all deaths on which they hold inquests.

5. MEDICAL PRACTITIONERS are reminded that the signed certificate of the cause of death must be delivered or posted by them within 48 hours of notice of decease, instead of within thirty days as hitherto, and must be forwarded to the District Registrar of the District in which the person died, and not, as heretofore, that in which the Practitioner resides.

6. MARRIAGES. Ministers, and other persons authorized to solemnize marriages, must now send in quarterly returns of marriages solemnized by them. Such returns must be forwarded to the District Registrar within 15 days after the end of each three months. The old forms may be used if it be remembered to insert under "Remarks" the Place of Celebration, and whether church or residence.
