VOL. III. KASLO B. C., TUESDAY MORNING, MAY 30, 1898. NO. 29.

GAUZY STORY OF SPANISH VICTORY

Says Five American Warships were Sunk Off Jamaica.

But the Story Came from Madrid and Was Not Believed Even There.

Military Invasion of Cuba Begins---30,000 Soldiers Shipped in Twenty-Five Transports.

Washington, May 30.---A story comes from Madrid to the effect that there has been a battle near Jamaica in which the Spanish squadron came out on top. Five American warships are said to have been sunk and one Spanish ship disabled. No credence is placed in the report by the navy department here and the story is accepted with considerable suspicion even in Madrid.

Military Invasion of Cuba.

Washington, D. C., May 30.---The military invasion of Cuba has begun unless the orders of the war department miscarry.

At an early hour this morning the troops that have been gathered at the gulf ports, began to break camp and march aboard the transport ships waiting to carry them to the enemy's territory. About 25 of these ships, the biggest and fastest that could be obtained for the purpose, had been gathered ready to receive the troops. They will accommodate about 30,000 men, for in a short voyage like that from one of the gulf ports to Cuba it is possible with safety and comfort to carry a much larger number of men aboard ship than would be advisable in the case of a cruise to the Philippines.

The question is asked, "Where are they going?" but so far the public is at a loss to know.

Spanish Laying for the Harvard.

Kingston, Jamaica, May 30.---The cruiser Harvard finished coaling here and sailed this morning, destination unknown. A strange vessel was sighted last night and is said to be a Spanish cruiser laying for her.

Worried re Harvard Coaling at Kingston.

Madrid, May 30.---The newspapers here are much concerned over the fact of the U. S. auxiliary cruiser Harvard being allowed to ship from 600 to 750 tons of coal at Kingston, Jamaica. It is declared that Great Britain has violated neutrality thereby.

Food Supply Short at Santiago.

Mole St. Michaels, May 30.---There is no longer any doubt about the Spanish fleet being bottled up in Santiago harbor. It is said that the arrival of the Spanish fleet without food supplies has deepened the general despondency, as food is running very short.

Spanish Gunboat Captured in Pacific.

Kongkong, May 30.—The Americans have captured the Spanish gunboat Leyto which attempted to run with despatches into Iloilo.

Bancroft Couldn't Catch Her.

Key West, May 30.—The unknown steamer—supposed to be a Spanish auxiliary Cruiser---sighted by the Wilmington and Bancroft about fifteen miles off Key West early Thursday morning was not captured. The Bancroft gave up the chase.

A Cuban Victory.

London, May 30.—A despatch from Key West says that the Cubans have had a brush with the Spaniards at Remedios and succeeded in capturing a large amount of food supplies which were badly needed; also, an amount of ammunition.

British Blockade Runner Captured.

Key West, May 30.—The British steamer Restormet was captured while trying to make Santiago with a cargo of coal and taken in port this morning.

Cervera Depending on Cadiz Squadron.

New York, May 30.—A Kingston, Jamaica, despatch says Cervera depends upon the Cadiz squadron to uncork the bottle into which he is shut.

GOLD AND COPPER.

Rock Discovered Near Kaslo Running High in These Metals.

Stevenson & Fraser, who have been doing assessment work on the True Blue claim, on the mountain side four miles southwest of Kaslo, have had an assay made on their rock which shows values of $6 gold and 32 per cent copper. The claim was located May 29, 1897. They are said to have a 12-foot ledge of this class of rock.

Considerable interest has been aroused by this discovery and several claims have been located near as a result. One of these, the Cleveland, located by Messrs. Otto, White, Rossiter and Palmer, is said to have a particularly good showing. The claims are well located for transportation, there being a very good chance for a wagon road.

AINSWORTH LETTER.

Editor News:—An ice cream social was held in the church Saturday evening, May 21, in counection with the opening of the Free Reading Room. A short programme was provided, consisting of songs and recitations from the children, "The Ten Little Niggers" being delivered with a vim and heartiness that brought down the house, and on being encored the children repeated the chorus. Three selections were sung by the male quartette of the town.

The Reading Room and its mission was well sustained by an address by the pastor, Rev. W. J. Inglis. This Reading Room bids fair to be quite an addition to the town. All the leading magazines and newspapers can be found upon the tables.

The No. 1 mine has shut down for a few weeks, owing to the pump not being able to handle the surface water which finds its way into the shaft. Thirty tons of ore were shipped this morning per Str. Kokanee, and another car load is lying on the wharf.

Rev. J. H. Sharpe, our former pastor, paid a visit to the town for a few days, leaving this morning for New Denver, where he is now stationed.

H. Giegerich is again in town from a trip to the east.

OCCASIONAL.

Ainsworth, May 27.

Beatty Held For $1,000 Bail.

Walker Beatty was brought before Magistrate Lucas yesterday afternoon for preliminary examination, in the Lofstedt assault case. Neil McKay, representing the prosecution, asked for a continuance, as the chief witness, Lofstedt, was as yet unable to appear in court. H. W. Buck, counsel for the defence, objected unless the prisoner was held on his own recognizance.

Chief of Police Adams was called by the judge, and testified that Lofstedt was not yet able to leave his bed. His honor thereupon held Beatty until Saturday, June 4th, in default of $1,000 bail.

TO RECONCILE AMERICA AND FRANCE

U. S. Citizens in Paris Do Honor to the Memory of Lafayette.

Literary Degrees to Be Conferred Upom Premier Laurier and Speaker Edgar.

Lord George Hamilton and the Duke of Fyfe Talked of as Possible Successors to Aberdeen.

Paris, May 30.---With a view to check the blatant pro-Spanish feeling here and enlist the sympathies of the French on the side of America, a special effort was made by the American colony today to do honor to the memory of Lafayette. A big gathering proceeded to his tomb in the Picpus cemetery which was decorated with wreaths and flags of both nations. The U. S. ambassador, General Horace Porter, deposited the American wreaths. In an eloquent speech he referred to America's debt to Lafayette and the unbreakable ties between the two peoples. He was warmly applauded.

More Honors for Laurier and Edgar.

Montreal, May 30.---At Bishop's College convocation at Lennoxville, June 30th, the honorary degree D. C. L. will be conferred upon Sir Wilfred Laurier and Speaker Edgar. Bishop Potter of New York will preach the anniversary sermon in the morning of the same day.

Aberdeen's Possible Successors.

London, May 30.---Lord George Hamilton, secretary of state for the Indian department, has again been mentioned in connection with the governor-generalship in Canada in succession of the Earl of Aberdeen. The name of the Duke of Fyfe, son-in-law of the Prince of Wales, is also discussed in the same connection.

London Chat for Canadians.

Toronto, May 30.---Following is a special cable to the Evening Telegram:

London, May 30.---At the Bisley Ranges this year the competition for the Queen's Prize will be made more interesting from the fact that another distance is added, viz., ten shots at 1,000 yards. Hitherto 900 yards was the limit.

Members of the Australian team from the colony of Victoria who won the Kolapore cup last year have advised the committee of the N. R. A. that they will visit England this year and enter the events for which they are eligible.

Prof. Fream, agricultural editor, in an article in the Times today, says that European butters will find in the near future a formidable competitor in the Canadian product.

Will Try Again Dominion Day.

There is a strong probability that the same three teams that competed here in the hose reel race last Tuesday will meet again at Nelson, July 1st. It is sure that the Kaslo fire boys will be there, and the Sandon Paystreak says:

"An invitation has been extended to the Sandon Fire Brigade to compete at Nelson on Dominion Day. The invitation will probably be accepted, as there is some talk of postponing the Sandon celebration."

Suggests That He Run for President.

S. E. DeRackin of The Kasio Morning News has won a $6,000 law suit against Lincoln county, Washington, for the publication some years ago of a delinquent tax list. Six thousand dollars is an awful pile of money for a newspaper man to have. Sam will probably go back to the United States and run for President.—Sandon Paystreak.

Wm. McKinnon Drowned in Stikine River

Alex Sproat received a telegram last Thursday from Charley Greenlee stating that Wm. McKinnon was drowned in the Stikine river on the 19th inst. McKinnon was one of the old timers in the Slocan, having been a parter with Wm. Hunter of Silverton. His brothers and sister reside in Silverton.—Sandon Paystreak.

CORPORATIONS VS. THE PEOPLE.

The fight in the United States Senate on the war revenue bill makes very interesting reading. The natural supposition would be that the House, being closer to the people, would be the people's champion and that the Senate would be more likely to stand for the corporations. But the reverse appears to be the case. If it were not for the Senate (and perhaps yet in spite of it) the plain people would not only have to do the fighting in this war, but also pay the taxes, as there is being a determined effort made to let the corporations go free from special taxation.

In view of that prospect the Trans-Continental Freight Bureau, representing many railways, has raised the rates for carrying all munitions of war. The inference doubtless is that if the people are going to pay the expenses of the war, the corporations might as well in the meantime make as much money as possible out of the government.

EDITORIAL OUTCROPPINGS

It is now nearly two weeks since our neighbor has had any thing to say about Mr. Retallack. What's the matter up there? Not going back on John L., are you?

The requisitions being circulated by the friends of Mr. Green are said to be very cordially received. Now that the Government and the Independents are provided with a candidate each for this riding, who will represent the Opposition?

New Denver has a campaign club the object of whose organization seems to be to bring about the calling of conventions to nominate candidates for the Legislature. It evidently objects to the go-as-you-please style. The convention idea is also supported by the Sandon Mining Review.

ADDITIONAL LOCAL MENTION.

Dan Crawford left for Kuskonook and the line of the Crow's Nest Pass railway construction on the Alberta Saturday evening, taking a gang of carpenters with him for bridge work.

Sam Fraser has been up from Kuskonook, shaking hands with old friends.

A. D. Hicks, proprietor of the Pacific hotel, expects to devote the summer to the development of his mining property in the Slocan.
