REPORT OF LIQUOR CONTROL BOARD.

INTRODUCTION.

By Order in Council No. 512, approved April 13th, 1921, the Liquor Control Board as provided for under section 92 of the "Government Liquor Act" was duly appointed.

Head offices for administrative purposes were established in the Belmont Building, 805 Government Street, Victoria, occupancy of the same commencing on May 1st, 1921. These offices comprised rooms for the members of the Board and executive offices for the staff.

Adequate stocks of liquor were purchased by the Government (operating under the "Prohibition Act") prior to and in anticipation of the coming into force of the "Government Liquor Act," and the Board took steps to immediately secure suitable warehouse property to take care of this liquor, which was sold to the Board for the sum of $1,413,680.83, representing the prevailing market prices as at June 14th, 1921.

Publicity was given to the provisions of the Act relating to the purchase and consumption of liquor, both through the press and by a synopsis distributed throughout the Province to Provincial Police and Government Agents, and arrangements were made for the issuing of permits by Government Agents commencing from the 1st day of June, 1921, in order to obviate unnecessary delay to intending purchasers when the stores were ready to commence business.

On the recommendation of the Board a Proclamation was issued by the Lieutenant-Governor in Council bringing the "Government Liquor Act" into force on June 15th, 1921 (British Columbia Gazette, Vol. LXI., No. 22, page 1854), on which date the "Clubs Regulation Act" and the "British Columbia Prohibition Act" and amending Acts were automatically repealed.

By the provisions of section 101, "Government Liquor Act," this report is required to include statements covering:—

(*a.*) Business (nature and amount) transacted at the Government Liquor Stores.

GOVERNMENT LIQUOR STORES.

ESTABLISHMENT OF GOVERNMENT LIQUOR WAREHOUSES.

Warehouses were established in the Cities of Victoria and Vancouver to carry existing stocks of liquor and subsequent purchases. These warehouses were known respectively as the Pither & Leiser Warehouse, Victoria, and the Campbell Storage Warehouse, Vancouver.

The Campbell Storage Warehouse, comprising Lots 15, 16, 17, 18/68/541, a six-story building situated at 847 Beatty Street, Vancouver, had been partially leased by the Government for conducting the business of the "British Columbia Prohibition Act" and contained the stocks of liquor on hand.

The Board decided to recommend the purchase of this warehouse at a price of $150,000, and this suggestion meeting with the approval of the Department, arrangements were made for the transfer of the property to the Government, this purchase being completed on May 1st, 1921.

The Pither & Leiser Warehouse, comprising Lots 8 and 9, Block 74, a six-story building specially constructed for the handling of liquor situated at 1019 Wharf Street, Victoria, was leased by the Board for a period of two years from June 15th, 1921, at a rental of $1,250 per month.

These two warehouses afforded adequate facilities for the storing, handling, bottling, and distributing of liquor to the various Government Liquor Stores subsequently established throughout the Province.

ESTABLISHMENT OF GOVERNMENT LIQUOR STORES.

To comply with the Proclamation bringing the Act into effect on June 15th, 1921, the Board directed its attention, firstly, to establishing Government Liquor Stores in the more densely populated districts, seventeen stores being in readiness for business and open to the public for the purchase of liquor on June 15th or during the week following this date.

In the selection of store locations the opinions of Local Boards of Trade and prominent citizen organizations were invited, personal investigation being undertaken by members of the Board in all cases where representation was made as to the necessity for a Government Liquor Store. The stores were located in such towns and cities as would most readily facilitate the purchase of liquor by inhabitants of the surrounding territory, and which at the same time were situated to the best advantage, conducive to service, economy in freight rates, etc.

In certain cases store premises were remodelled to suit the business for which they were required, minor alterations being all that proved necessary in the majority of cases to adapt the premises to the requirements of the Board.

In the windows of the Government Liquor Stores no liquor is exhibited, these windows being painted dark green, with a circle in gold lettered "Government Liquor Store."

During the period under review Government Liquor Stores have been established in all Provincial ridings, with the exception of Esquimalt, Islands, Kaslo, Richmond, Saanich, Slocan, and South Vancouver, the undermentioned list showing the various locations of these stores:—

MANAGEMENT OF STORES.

Supervisors.—Two officials were appointed to the position of Supervisor of Stores, their duties being to advise the Vendors in the early stages of equipping and operating the stores under their charge. These officials, in conjunction with the travelling auditors, directed and assisted the Vendors in carrying out the instructions issued by the Board.

The consignment of liquor for the outlying store at Pouce Coupe, in the Peace River District, which required to be hauled from Grande Prairie, Alberta—a distance of some 90 miles—was personally superintended by the Supervisor of Stores, who met the shipment at Edmonton, where the Alberta Provincial Police convoyed same to the British Columbia boundary, the liquor arriving intact at the Peace River Store.

Vendors.—A Vendor appointed by Order in Council has been placed in charge of each Government Liquor Store, the number of staff assisting him being governed by the volume of business transacted. Explicit instructions (*see* Appendix C) have been issued regarding his duties and the management of the store, supplemented by confidential advice as to discretionary powers in cases not covered by these instructions.

Further directions of the Board have been issued, dealing with:—

Quantity of liquor allowed to be purchased under—
- Individual permits.
- Temporary individual permits.
- Single-purchase permits.

Sale of liquor to druggists.
Sale of liquor under special permits.
Sale of beer.
Hours of sale.
Weekly half-holiday for employees.
Fire-prevention.
Heating of store premises.
Warning against selling to Indians.
Permits lost or destroyed.

Separate instructions regarding banking arrangements and the handling of all moneys received were issued by the Chief Accountant.

SALE OF LIQUOR TO THE PUBLIC.

Government Liquor Stores have been stocked with a suitable variety of liquors, wines, beer, etc., arrangements being made with the breweries throughout the Province to deliver beer direct to the customer on receipt of instructions from the Vendor of the purchases made in his store.

All liquor is sold at prices fixed by the Government, price-lists being issued under Orders in Council Nos. 813, 861, and 1025 (*see* Appendix C), and the official neck-seal is placed on every package sold, except in the case of malt liquor.

PERMITS.

INDIVIDUAL AND TEMPORARY INDIVIDUAL PERMITS.

Application forms and permits covering the various classes of permit provided for in section 11 were prepared by the Board and distributed to the various Government Agents throughout the Province, who were given authority to issue same on June 1st, 1921 (*see* Appendix C). In certain outlying districts Provincial Police were authorized to issue permits and account for the same through the nearest Government Agency, from whom they received the necessary forms.

The form adopted for the application and permit required by the Act provided for counter-signature of the permit by the permit-holder, and endorsation on the back of the same by the Vendor, showing the nature and quantity of the liquor sold and the date of sale.

SINGLE-PURCHASE PERMITS.

The form issued for the single-purchase permit was drawn up to include both "application, affidavit as to residence, and permit to purchase liquor," in order that such permits could only be used for the specific purchase of liquor at the time applied for. Vendors were instructed to retain these permits in the store, the sale of such permits being allowed at the Government Liquor Stores only.

A liberal interpretation of section 13 of the "Government Liquor Act" appeared necessary in order to enable persons residing at a distance from the Government Liquor Stores to obtain

permits without being put to unnecessary inconvenience, and a ruling of the Board of importance in connection with this matter was embodied in the instructions, reading as follows:—

"Section 13 is interpreted by the Liquor Control Board to allow application to be made and permits issued by mail to applicants residing at some distance from nearest issuing office, where personal application would cause unnecessary inconvenience and expense, and provided the issuer is satisfied that the applicant is entitled to same."

SPECIAL PERMITS.

The so-called "banquet permit" elicited considerable requests from public and private organizations for special permits to consume liquor in a public place, the occasion generally marking some annual or special gathering of lodges, soldier organizations, unions, literary and athletic societies, picnics during the summer months of employees in large firms, and a few private banquets in honour of distinguished visitors and other special occasions.

In all cases careful inquiries have been made by the Board as to the *bona fides* of the applications received, and care has been exercised in the quantity of liquor allowed to be purchased. Fees in payment of such permits were provided for by regulation (*see* Appendix C), and 482 permits of this nature have been issued up to March 31st, 1922.

Other special permits as provided for in the Act have been issued to druggists, physicians, dentists, veterinaries, persons engaged in mechanical and manufacturing or in scientific pursuits, ministers of the gospel, and persons in charge of hospitals or sanatoria, the details of these permits being shown in Appendix C.

RECEIPTS FROM SALE OF PERMITS.

The moneys received from the sale of permits for the period under review, amounting to $331,115.50, have been paid to the Minister of Finance as provided for in section 105 of the Act, and as such form part of the general revenue of the Province.

A detailed statement showing the amount of sales under each variety of permit is shown as Appendix D.

PERMITS AND LIQUOR KEPT UNDER SPECIAL PERMITS.

Regulations were passed governing the records kept by druggists and the monthly returns required to be made by them to the Liquor Control Board showing the business conducted.

Provision was also made for the bottling of brandy, gin, rum, and alcohol in quantities of 8 oz. to enable druggists to fill doctors' prescriptions for these amounts, and a regulation was passed authorizing physicians to prescribe the above-mentioned liquor in quantities of 8 oz. and upwards. On the recommendation of the Board the fee for special permits for druggists, physicians, dentists, veterinaries, persons engaged in mechanical and manufacturing business or in scientific pursuits, and persons in charge of hospitals or sanatoria was fixed at $5, a nominal fee of $1 being fixed for permits authorizing ministers of the gospel to purchase wine for sacramental purposes. (*See* Appendix C.)

PROHIBITIONS.

PROSECUTIONS.

Appendix B shows in detail all prosecutions reported by the police for infractions of the "Government Liquor Act," together with a statement of liquor forfeited to the Crown to March 31st, 1922.

Attention is drawn to the following important decisions which have been rendered in connection with cases which have come before the Court:—

Rex *v.* Army and Navy Veterans in Canada (Victoria Unit)—Appeal.
Rex *v.* Gold Seal, Limited, Vancouver, B.C.
Rex *v.* J. Fleming, Vancouver, B.C.—Appeal.
Little *v.* Attorney-General—Appeal.

Rex v. *Army and Navy Veterans in Canada.*—Murphy, J., held that the "Victoria Unit" is not a person within the meaning of the "Government Liquor Act," and no case can arise on section 26, which contains a prohibition aimed at a "person" and at nothing else.

Rex v. *Gold Seal, Limited.*—This marked the first successful prosecution in the Board's endeavours to suppress illegal sale of liquor by firms holding warehouse licences, the defendant company being fined $1,000.

Rex v. *J. Fleming.*—An excerpt from the oral reasons for judgment rendered by Cayley, J., read as follows: "I find the man guilty, as the Magistrate found him, but qualify the finding of the Magistrate by finding that the intoxicating liquor of which he disposed was beer, and therefore subject to the penalty only of section 63 of the 'Liquor Control Act.' The accused is therefore sentenced to a $50 fine and in default two months."

Little v. *Attorney-General.*—(Court of Appeal, Martin, J., dissenting). The Court of Appeal upheld the judgment of Clement, J., who held that it was within the power of the Provincial Legislature to impose a tax on liquor in possession not purchased from a Government Liquor Store, as provided for under section 55 of the "Government Liquor Act."

SALE OF BEER.

By an amendment to the Act passed at the second session of the Legislature, 1921, breweries were required to label their beer with a distinctive label showing where, and by whom, the beer was brewed.

APPLICATION OF ACT.

EXPORT LIQUOR BUSINESS.

In all cases where application has been made for warehouse licences by export liquor dealers the Board has taken steps to investigate the premises in which the applicants purpose conducting their business.

PHARMACEUTICAL AND OTHER PREPARATIONS.

By an amendment to the Act passed at the second session of the Legislature, 1921, the consent of the Board is required in the case of manufacturers in bond making application for licences from the Government of Canada to purchase liquor in bond direct from any licensed distillery for the manufacture of any preparation which is permitted under his licence.

Up to March 31st, 1922, the consent of the Board was granted to the following firms:—

Dyson Vinegar Company	Vancouver.
Kelly, Douglas & Company	"
W. H. Malkin Company	"
Empress Manufacturing Company	"
National Drug & Chemical Company of Canada	"
J. A. Teeporten, Ltd.	"

W. A. Jameson Coffee Company	Victoria.

TAXATION PROVISIONS.

WAREHOUSE LICENCES.

Liquor dealers engaged in the business of importing and exporting liquor at the time the Act came into force were required to take out a $3,000 licence. A protest was made by the principal firms against the payment of this in full, owing to the provision that such licences should expire on December 31st in each year. There being no statutory provision for rebating any portion of this amount, the Board demanded the full fee for the period from June 15th to

December 31st, 1921, and the following firms paid the fee and received warehouse licences during the year 1921:—

TAXATION OF LIQUOR NOT PURCHASED FROM A GOVERNMENT LIQUOR STORE.

Liquor firms holding warehouse licences with branch agencies outside the Province continued to take orders from the public for the purchase of liquor ostensibly imported from without the Province. Certain firms also continued to issue circulars and price-lists to intending purchasers, claiming that liquor so purchased could not be taxed as provided for in section 55 of the Act. The decision in the Appeal Court in the case of Little *v.* Attorney-General, above referred to, was not handed down until the month of March, 1922, and the Board experienced considerable difficulty in collecting the tax on liquor not purchased from a Government Liquor Store.

By Resolution No. 79, dated August 27th, 1921, the Board promulgated a general order fixing the tax, which in the opinion of the Board would be equal to the amount of profit which would have accrued to the Government if the liquor so taxed had been purchased from a Government Liquor Store (*see* Appendix C), and the Board directed considerable attention to collecting information regarding these importations through the Inspection Department, whose

officers examined the records of the various express companies, enabling a number of purchases of this nature to be traced, the owners of which were notified that they were required to pay the tax.

On payment of the tax "Liquor Reported" seals are issued, the form of label having been approved by regulation. (*See* Appendix C.)

INTERDICTION.

The attention of all Justices of the Peace, Stipendiary and Police Magistrates has been drawn to the provisions of the Act governing interdiction and the cancellation and suspension of permits.

For the period under review twenty-four interdiction orders have been made by Justices of the Peace and Police.

In all cases Vendors have been notified both of the interdiction orders and the cancellation and suspension of permits.

PENALTIES AND PROCEDURE.

SELLING LIQUOR.

Appeal cases against the imprisonment of persons convicted of this offence resulted in a reversal of the sentence in the case of certain defendants charged with selling beer only, the County Court Judge's ruling in the appeal of Rex *v.* J. Fleming reducing the sentence from six months' imprisonment to a fine of $50.

LIQUOR FORFEITED OR SEIZED.

Appendix B shows an analysis of liquor forfeited. With few exceptions, such liquor has been forfeited on conviction of persons guilty of offences against the general prohibitions contained in the Act. A few cases of seized liquor have, however, been forfeited under the provisions of section 68 of the Act, no claimant having appeared as the owner.

INSPECTION OF BOOKS OF COMMON CARRIERS.

Under written authority from the Honourable the Attorney-General dated July 1st, 1921, the Inspector and Deputy Inspectors were authorized to search the books of the various express companies, and evidence so obtained has in many instances led to convictions for infractions of the Act and the collection of tax on liquor not purchased from a Government Liquor Store.
