Municipal Superannuation Report, 1960/61

REPORT OF THE BUSINESS DONE IN PURSUANCE OF THE MUNICIPAL SUPERANNUATION ACT DURING THE FISCAL YEAR ENDED MARCH 31ST, 1961.

Section 3 (1).—The following employers adopted the Act during the year under the provisions of clause (*c*), (*d*), or (*f*) of this subsection, effective from the date shown:—

Employer	Effective Date
School District No. 28 (Quesnel)	July 1st, 1960
Seventy-seven hospitals (*see* Schedule No. 1)	July 1st, 1960
Queen Alexandra Solarium	September 1st, 1960
Queensborough Bridge Toll Authority (New Westminster)	September 1st, 1960

As at March 31st, 1961, there were 248 active employer accounts in the Fund.

Section 5.—A statement of all moneys received and paid out under the provisions of this Act, and the assets and liabilities appertaining to the granting of superannuation allowances under its provisions, is given in the statement of revenue and expenditure and the balance-sheet appended.

Section 6.—Basic employee 5-per-cent contributions amounted to $3,646,616.24, and employee voluntary and special agreement contributions amounted to $676,808.85. As at March 31st, 1961, there were 17,959 active contributors.

Section 8.—Employer contributions amounted to $3,678,204.86 in respect of current service and $1,356,043.26 in respect of past service. A total of $46,625 was refunded to twenty-three employers who had liquidated their past service liabilities. Extra employer contributions totalling $4,570.98, being one-half of 1 per cent of salaries for firemen and policemen in Victoria, were made under special agreements with this employer. Eleven employers reimbursed the Fund in a total amount of $33,692.77, to cover payments made by the Commissioner on their behalf supplementing superannuation allowance payments in accordance with the provisions of individual special agreements with each of the eleven employers.

Section 10.—(1) The Minister of Finance paid $90,000 into the Fund, which payment was in lieu of interest on the certificates of loan under the former Act.

(2) The net rate of interest earnings of the Fund for the year was 4.60 per cent, and after charging administration expenses, 4.46 per cent; therefore, no payment was required from the Minister of Finance under this subsection.

(3) An amount of $214,957.04, being the excess of the net interest earnings over the required 4 per cent, was transferred to the reserve for interest and administration, which totalled $290,739.12 as at March 31st, 1961.

Section 13.—Superannuation allowances were granted to 205 contributors who attained retirement age. For analysis, *see* schedules of comparative statistics appended.

Section 16.—Two superannuation allowances were granted under the total and permanent disability provisions.

Section 17.—Superannuation allowances were granted to the dependent in the case of twenty-five contributors who died while still in service. Refunds totalling $13,623.13 were made in the case of sixteen contributors who died while still in service.

Section 18.—Refunds totalling $451,826.72 were made in the case of 1,271 contributors who left the service of their employers.

Section 22. — Actuarial and administration expenses paid from the Fund amounted to $75,901.68. The total administration expenses of the Superannuation Branch are distributed among the various funds administered on the basis of the number of contributors and pensioners. A comparison of the annual unit cost per contributor and pensioner for the last eight years is as follows:—

1953/54	$3.30	1957/58	$2.94
1954/55	3.20	1958/59	2.92
1955/56	3.00	1959/60	3.18
1956/57	2.83	1960/61	2.77

Section 27.—The securities held by the trustees on March 31st, 1961, are set out in Schedule No. 2 of this Report. During the year $11,468,000 par value bonds were purchased, the average yield being 5.67 per cent; $1,214,000 par value bonds were sold at an average yield of 4.15 per cent; and $496,500 par value bonds were redeemed, resulting in a net increase of $9,757,500 par value bonds held by the trustees between March 31st, 1960, and March 31st, 1961. Prices paid for securities bought or sold are determined by market conditions at the time of transfer. Every effort is made to invest the funds as soon as they become available and at the maximum yield possible at the time of purchase.

During the year the benefits of the *Municipal Superannuation Act* were extended to approximately 5,000 employees in seventy-eight public hospitals. Past-service benefits were granted and financed on an individual basis. Each new employer makes a separate contribution for past service sufficient to liquidate the liability in respect of the past-service benefits granted to his employees. These amounts are shown separately in the last column of Schedule No. 1.

Several amendments of a minor nature were made to the Act during the 1961 regular session of the Legislature, as follows:—

(1) Participation in the plan by part-time employees was left to the discretion of the employer.

(2) The Act may be extended to a children's aid society and its employees, upon application by the board of directors.

(3) An employee who resigns after completing twenty years of service and before reaching his minimum retirement age may have payment of his deferred paid-up allowance commence, upon application, any time after attaining the minimum retirement age, rather than having to wait until his maximum retirement age. Where such a person elects to have his allowance start before the maximum retirement age, the amount of the allowance is reduced.

(4) The automatic plan of allowance, which is effective if the employee does not make a selection of plan at least one year prior to retirement, was changed from a straight five-year guaranteed plan to the following:—

For a single person, a temporary annuity of not more than $55 per month until age 70, with the balance on the five-year guaranteed plan.

For a married male employee, a combination of plans including two units of temporary annuity to age 70 ($55 per month each), with the balance on the joint life and last survivor plan.

These were the plans found by experience to be most popular among the employees in each category.

(5) An omission on the death in service provision was corrected.

(6) The calculation of refunds was simplified with regard to the method of calculating the amount of interest.

(7) Special provision was made to establish uniform methods of determining eligibility and pensionable service for hospital employees coming within the scope of the Act; also a maximum superannuation allowance for hospital employees was adopted to conform with the maximum used in the *Civil Service Superannuation Act*—namely, $7,500 per annum.

W. H. FORREST,
Commissioner of Municipal Superannuation.
