Accountant

Auditor's Report

I have examined the Statement of Financial Position of the Municipal Superannuation Fund as at December 31, 1971, and the Statement of Changes in Fund Balance for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances, except that my work did not include a review of the actuarial soundness of the plan. It is the responsibility of the actuary appointed by the Fund to make actuarial valuations at intervals of not more than five years.

In my opinion, with the foregoing explanation concerning the actuarial soundness of the plan, these financial statements present fairly the financial position of the Fund as at December 31, 1971, and the changes in fund balance for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.
