LEGISLATION

The *Municipal Superannuation Act* was amended during the 1973 Spring Session of the Legislative Assembly. Among the more important changes are the following:

(1) Increasing employee contributions by ½ per cent to 6 per cent of salary (4½ per cent of salary on which Canada Pension Plan contributions are made).

(2) Providing for refund at retirement of all employee contributions made after March 31, 1958, and before the last 35 years of service, with interest at 6 per cent per annum.

(3) Where a contributor retires before qualifying for an unreduced allowance, changing the basis of the reduction from an actuarial equivalent factor to a 5 per cent per annum factor.

(4) Providing *pro rata* reciprocal portability of contributions and service with other British Columbia public pension plans where the service in one plan commences not more than three years after the service in the other plan terminated.

(5) For the purpose of calculating a contributor's allowance upon retirement, using the 2 per cent of highest average salary per year of service formula, changing the averaging period from seven years to 5 years.

(6) Providing for payment out of employer contributions of one-half of the monthly premium payable to the British Columbia Medical Services Plan by persons in receipt of an allowance.

(7) In the event of the contributor's death in service, providing for widowers on the same basis as widows, and providing for continuance of the spouse's allowance in the event of remarriage.

(8) Providing for payment, effective June 1, 1973, to persons in receipt of an allowance prior to January 1, 1972, of a supplementary allowance calculated by applying to the lifetime portion of the allowance the following percentages:

Allowances Granted	Percentage Increase
1969 and before	8
1970	6
1971	3

with minimum increases of $12, $9, and $4.50 respectively.

(9) Providing for refund of voluntary contributions upon retirement at at the option of the contributor.

(10) Authorising the Trustees to invest also in the capital stock of a corporation.

AUDITOR'S REPORT

I have examined the statement of financial position of the Municipal Superannuation Fund as at December 31 1972 and the statement of changes in fund balance for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances, except that my work did not include a review of the actuarial soundness of the plan. It is the responsibility of the actuary appointed by the Fund to make actuarial valuations at intervals of not more than five years.

In my opinion, with the foregoing explanation concerning the actuarial soundness of the plan, these financial statements present fairly the financial position of the Fund as at December 31, 1972, and the changes in fund balance for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.
