AUDITOR'S REPORT

I have examined the balance sheet of British Columbia Liquor Administration Branch as at March 31, 1975, and the related statement of income for the year then ended. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the Branch as at March 31, 1975, and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.
