SILVER CREST CAMP FINISHED

Winter Quarters Provided —Tunnel Being Driven To Tap Showing of High-Grade Ore

Seymour Campbell, manager f the Silver Crest, was down esterday, and reports that the ew permanent camp is com-leted. This is a frame building wo stories in height, with kit-hen and dining room on the round floor and sleeping quar-rs above. It affords accommo-ation for all the men necessary the present development pro-ram. The nine tons of lumber ntained in the structure. was acked in on horses from the end f the wagon road.

A short prospect tunnel is now eing driven to get under the pper showing, where extremely gh grade silver is found under thin capping of porphyry. The nnel is now in 35 feet and ould reach its objective in 55 et. One vein, three feet in dth at the floor of the tunnel, hich does not crop on the sur-e, has been cut, and shows od ore.

The present intention is to ntinue development until the w retards the work too much d then close down until to-rds spring, when transporta-n of equipment and supplies much more economical than in summer. Now that a per-nent camp has been erected, uch earlier start can be made n if the crew were compelled amp in tents.

Change in Boat Schedule

ext week a change will be e in the Canadian National schedule, the Prince George Prince Rupert being taken the Stewart run and the ce John substituted. It is erstood that this arrange-t is made for only six weeks, nevertheless there is a strong ession of resentment heard l sides. The John is sche-d to arrive here at 10 p. m. sday night and to leave at m. Friday night.

hange the Club's Name

the bi-monthly meeting of rvice Club held in the Sil-rill last night, it was de-to make good the Club's e of fencing the hospital Wednesday afternoon. A r that has been under dis-n for some weeks was set-his involves changing the o United Service Club. name provides for its tional aspect as well as ious services represented.

Trail Appropriations

The Department of Mines, acting upon the recommendation of George Clothier, Resident Engineer, has made an appropriation for the Marmot river main trail. While there is available no official statement as to the amount of this appropriation, it is understood to be $2000. The money will be used in putting a puncheon cover over as much as possible of the 5000 feet that has become a ditch of bottomless mud. Though late in the season this work is much needed, and will be of great assistance to the whole Marmot section. Three bad places on the Terminus trail, that forced the packers to put on only half-loads will be fixed, $500 having been appropriated for this purpose.

Taxi Drivers' Union

Taxi drivers here have formed a union for the purpose of equalizing rates, and their new schedule of fares may be seen on Page 4 of this issue. They claim they have been barely making wages this summer, and some of them not doing that, to say nothing of car up-keep and interest on their investments. They also point out that the new road between Stewart and Hyder is longer than the old one, beside being harder on tires.

Burned by Gasoline

Dr. Butler, the dentist, is a patient in the hospital this week, having had his right hand and part of his left badly burned last Saturday, as the result of an explosion of a gasoline dental torch in his office. It will be some three weeks before he will be able to attend to business again. John Bryden, who was with him at the time, also received a badly burnt hand. Both are now making rapid progress toward recovery.

Land Slide at Bitter Creek

During the recent heavy rains a land slide occurred on the south side of Bitter creek some three miles from the wagon road bridge Starting several hundred feet up the mountain, hundreds of tons of mud and rocks have come down with timber, logs and brush, damming the creek and creating a small lake above the point.

Steamer Amur Sold

The old steamer Amur, which was seriously damaged when she stranded near the mouth of the Skeena river last winter, has been sold by the underwriters who took her over to Capt. A. Burquist of Vancouver, it is reported in the south. The new owner, it is reported, intends to operate the vessel in the coastwise freighting service.

STEWART-HYDER LOCAL NEWS

Gus Erickson returned Saturday from a visit in Rupert.

The Hotel Stewart is receiving a new coat of paint this week.

Margaret and Dick Jancowski returned Saturday from a visit in Vancouver.

J. Frank Breeze, manager of the L & L, returned Saturday from Victoria.

Miss M. Hooton arrived from the south Saturday to visit her sister, Mrs J.P.Scarlett.

H. Zeffertt, the Stewart drygoods merchant, left Saturday on a business trip to Vancouver.

Howard D. Cameron, M. E., who has been here for a month or more, left for Vancouver Saturday.

R. W. Wood, president of the Premier, arrived Saturday from Vancouver and went immediately up to the mine.

F.W.Davis, engineer for the Water Rights Department, visited Stewart during the week end on official business.

H. B. Stoner, owner of the Stoner group between the Daly Alaska and the Premier, arrived from the south Saturday.

J. S. and Mrs Stickney have moved into the house at the corner of 4th and Columbia recently vacated by Sam and Mrs McNeil.

Jesse J. Kahn of Vancouver, president of the Daly Alaska Mining Co., arrived Saturday and is spending the week at the property.

Mrs H. Wilkinson, with her son and daughter, arrived Saturday from the south to join Mr Wilkinson, who is working at the Dunwell.

Alex Berry, of the Outsider mine staff, visited Stewart for a few days during the week on company business, returning Wednesday on the Azurite.

Dan Kennedy, who has been on the Dunwell surface crew, left for Vancouver Saturday. He had an ankle badly bruised last week by being struck by a logging chain.

Mr and Mrs B. Hope of Duncan, shareholders in the Dunwell and a number of other properties visited the camp during the week end and had a look at actual mining operations.

R. Gritten, Forest Ranger, arrived on the Departmental launch Lelia R. from Rupert yesterday morning and is spending a few days here looking over the situation as it affects his Department.

George Wilkinson, Chief Mines Inspector for British Columbia, arrived Saturday in company with the district inspector, T. J. Shenton, and after looking over several of the leading mines, left Tuesday morning for Rupert.

Big Entertainment Oct. 3d.

Bill Watson left Tuesday morning for a visit in Rupert.

Allan Carolan returned Saturday from a business trip to Rupert.

Bob McCombe returned from Rupert Saturday and left again Tuesday morning.

Service Club Dance tonight, Hotel Stewart. Gents, $1.00. Ladies, 50c. Supper extra.

Miss Cameron of Vancouver arrived Tuesday morning for a visit with her sister, Mrs Jack.

A. W. Payne Le Sueur, manager of the Ruby Silver Mining Co., left Saturday for Victoria.

Lance and Mrs Crane have rented Mrs Martin's house on 7th street, and moved in this week.

Stewart last week had a chapter of accidents—two fires, two near fires and three cases of broken ribs.

J.A.Hall, president of the Salmon River Banking Co., arrived from Rupert on the Cardena Tuesday morning.

Ernie Bryson, of the packing firm Bryson & Harner, who are bringing down Porter Idaho ore, left yesterday for Ketchikan.

Chas. E. Herron arrived from Seattle Saturday to look after his mining intersts. He has just returned from a trip to Boston.

Wm. Dann, proprietor of the Hotel Stewart, left on a hurried business trip to Rupert Saturday. He expected to return tomorrow.

Bert F. Smith, superintendent, and Harry C. Jackson, chief accountant, of the Premier, returned Saturday from a trip to Rupert on company business.

J.A.Williams, P. C., went out Tuesday morning with Dan McDonald, the veteran blacksmith, who, it is feared, needs the attention of a mental specialist.

There will be a gathering of the local Masons in the Silver Grill, Stewart, on the evening of Tuesday, Sept 30th. Visiting brethren are cordially invited to be present.

George Mehlfeld, a pioneer resident of Hyder who has been in Seattle for the past ten months returned on the Curacao. He is interested with Eli Watland in mining claims adjacent to and adjoining the Porter Idaho.

The manager of the insurance department of Ceperly, Rounsfell & Co., of Vancouver, paid Stewart a visit during the week, and looked over very thoroughly the local fire situation. He also inspected the site of the big blaze that destroyed the power plant of the Stewart Public Utilities Ltd.

Resume Mining

Underground mining on Dunwell and Glacier Creek was resumed last Monday.

Citizens' Association

There will be a special general meeting of the Citizens' Association held in Moose hall at 8 p.m. Saturday for the purpose of considering proposals that have for their purpose increased fire protection for the town, and several other items of importance. In view of the seriousness of the business, a large attendance is requested.

Hospital Board Election

The annual general meeting for election of officers on the Stewart General Hospital Board for the ensuing year will be held Thursday, October 2, at 8 p.m., in Moose hall. Every citizen is urged to attend.

Service Club Entertainment

The International Service Club entertainment committee have plans well under way for another of their entertainments which in the past have afforded so much amusement. While the cast will be very much the same as before, the character of the performance will be considerably changed; there of course will be the usual bevy of pretty chorous girls, supported by excellent male entertainers and individual turns, assuring their audience as good an entertainment as any yet staged.

Echo Answers "Some Climb"

Geo. Clothier, accompanied by his sister, Miss Clothier and her friend Miss Kingham, both of Victoria, visited the Terminus, Rufus, George Copper and other properties at the head of Bear river during the week end. On the way a sparrow was heard to say to an owl: "Some climb for the gentler sex."

Special Beer Arrives

The local government liquor store has received a shipment of "Rainier Special" beer, which the makers claim cannot be excelled. This is brewed under the supervision of their general manager, who had over 40 years' experience with the old Rainier brewery in Seattle. Local consumers say it fulfills the claims made for it.

Mrs Anna Miller, owner of the Victoria Apartments in Hyder, B.C., and now conducting a hotel in Oak Ridge, Oregon, arrived from the south Saturday morning and left again Tuesday. Oak Ridge is experiencing somewhat of a boom owing to construction of a 150-mile cut-off on the Southern Pacific railroad which entails some very heavy rock work.

STAR & DANDY INCORPORATED

Victoria Mines Ltd. Will Operate North Extension Of Dunwell Bonded By Bob Martin

The Star and Dandy group of four claims adjoining the Dunwell on the north, has been incorporated under the name Victoria Mines Ltd., with a capital of $500,000, in $1.00 shares, of which 50,000 shares are offered at 50c for immediate subscription. This is the property Bob Martin bonded last fall from H. Horstman, and upon which he did considerable development work this summer, opening up some fine showings of ore.

Officers of the company are as follows: R. W. Martin, president; C.H.S.Slingsby, secretary-treasurer; J. B. Shaw and J. F. Shute, D.D.S., directors.

RUBY SILVER WILL WAIT FOR AWHILE

Work on the Ruby Silver property, Bear river, closed down during the latter part of last week for the winter. Some 150 feet of tunnel has been driven this year, as well as considerable open cutting and other surface work. The management are well pleased with this work and propose to carry out a further development program next season. They give as the principal reason for the shut-down the excessive cost of transporting supplies, caused by despicable trails, and figure that it will pay them to wait until the snow crust forms next February or March, before resuming operations.

Page Adam and Eve

Here at home we are used to seeing all kinds of vegetation growing abnormally large, so the statement that a young cottonwood tree between the Hotel Stewart and the News office bore leaves 19½ inches long and 11 inches wide, will cause no comment here. The fact may be of interest however to outsiders who think the 56th parallel of latitude somewhat of a barren, ice-bound region.

Sing, Brothers, Sing!

Oh, why this melancholy grief about the sere and yellow leaf that marks the advent here of Fall? It doesn't matter—not at all. The spring came later than it should; the summer wasn't any good. Hope springs eternal in the breast—let's hope the rain will take a rest.

STEWART'S FIRE MENACE

THE SUDDENNESS of last week's conflagration at the power house and the rapidity with which thousands of dollars' worth of damage was done, brought home to many, most forcibly, the great menace that fire is to this community, in its present unorganized condition, It is all very well to say this ought to be done, or that ought to be done, and try to carry on under a purely voluntary system, but it stands to reason, in a rapidly growing town such as this is, that a large percentage of people are too busy with their own particular undertakings to give too much of their time to other things. Stewart has become a little too large and too busy to depend entirely upon a volunteer fire-fighting organization, and the time has about arrived when this feature of the community's endeavor should be established on lines that will ensure greater efficiency than has ever been possible heretofore.

Wm. R. Tooth has worked hard under very adverse and apathetic conditions, to arouse the town to the serious condition that continually menaces it from fire, and should receive far greater support than has been the case in the past.

It is the moral duty of every male resident of Stewart to take a keen interest in the local fire-fighting organization, to the end that danger of a general conflagration that will wipe out the town, may be reduced to a minimum.

THE WINTER ROAD

THE ATTEMPT being made by the Citizens' Association and Board of Trade to have the road from Stewart to the dock made safe for traffic during the coming winter is a step in the right direction and one that is in every way justified. Last winter snowslides and tons of falling ice were a continual danger to all those who had to use the road, and several nasty accident's were narrowly escaped, the onus of responsibility for which would clearly have been on the Government, for no other means of communication with the dock was available, and the money spent to put the road in its present condition would have provided a pile trestle around the most dangerous section.

It is to be hoped that some action can be secured that will eliminate this menace to the lives of those who, during the winter, have to travel the road. Certain it is that no similar condition exists anywhere else in the Province, therefore an emergency vote to eliminate it should not be with-held.

THAT WINTER SCHEDULE

IT IS hardly conceivable that the management of the Canadian National Steamship Services will actually put into effect their announced schedule, even temporarily, of taking the big boats off the Stewart run and substituting for them the Prince John.

Such an act upon their part will be a very serious blow to their business into this port, that they have worked so hard to build up, for it will without doubt resnlt in turning a great deal of this business over to their opposition companies, operating under British and American registry.

BRITISH SCIENTISTS AT JASPER PARK

THE special Canadian National trains, carrying the members of the British Association for the Advancement of Science were halted at Jasper, Alta., long enough for the visiting scientists to see some of the beauties of Canada's largest national park. The visitors were entertained at Jasper Park Lodge and were also taken for drives to Maligne Canyon and Mt. Edith Cavell. Photograph shows three members of the party standing before the totem pole at Jasper Station. Left to right, they are: Senator Faure (of France); Sir Charles Parsons, inventor of the turbine engine, and Sir Robert Falconer, Chancellor of Toronto University.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the ranges administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

SOME HINTS TO HUNTERS

Be sure the season is open for the game you shoot, and that you are shooting on non-prohibited territory.

Do not carry firearms of any kind without first obtaining the necessary licence, and be sure the parties out with you have their licence also. Always have your licence with you. A change of clothes is no excuse.

It is unlawful to carry loaded fire-arms in an automobile. It is unlawful to discharge firearms from an automobile. It is unlawful to have more than the bag limit of any game in your possession.

It is unlawful to remove the head or any part of the head from the carcass of any deer which has been killed until the carcass has been transported to the place where it is proposed to consume it, and no person is permitted to transport the carcass of any deer from which the head has been removed.

It is unlawful to use or have in in your possession a pump or repeating shotgun of any kind unless the magazine is so plugged as to render it incapable of holding more than one cartridge, or any automatic shotgun of any kind, or any automatic shotgun of any kind. Any such weapon found in the possession of any person may be seized by any constable or game warden.

Before going hunting obtain the regulations in respect of game. These may be had from the local constable.

A resident who is not a British subject and is not a farmer within the meaning of the Act, can obtain a licence for the sum of $10 to hunt big game and game birds.

No person is permitted at any time to hunt or kill any game birds or any member of the deer family between one hour after sunset and one hour before sunrise. Any person found between these hours with headlights of any description and firearms in his possession is guilty of an offense against the Act, and liable to immediate arrest without warrant by any constable or game warden.

It is unlawful to trap bear, or to put out poison for fur-bearing animals.

SMITHERS NOT WORRYING ANY

With the arrival on Friday of the last load of machinery from the Dome Mountain property, finis was written to development operations by the Guggenheims which opened with such great promise over a year ago, and, as so many believe, which closed with no smaller prospects, says the Interior News. For several weeks the teams have been hauling down the big boilers and all the other machinery and equipment used in the development work, and with the last load at the week end Superintendent Henry Lee turned the key in the lock of his office at Telkwa to leave for other scenes. Weighted with detail and busy as a bee, Mr Lee had not much time for community work, but where opportunity arose he was willing to lend a helping hand by moral support and otherwise, and in Telkwa and Smithers his departure is regretted.

In the time the Guggenheims have been carrying out development work they have driven over a mile of tunnels at several points, and it is given as a reason for their withdrawal that the bodies and values did not hold up to expectations, a claim against which issue is promptly taken.

In the district there is no disposition to be downcast by the withdrawal of the "Guggies." The real reason for that withdrawal is possilbly not hard to seek and reflects no discredit on the mineral resources of the district. While one excuse and another is broadcasted, there is always the fact that showings were bigger and richer when they closed than at any time, and while the general manager of the Federal Company blatantly peddles the yarn about the deposits being no good, there is the other statement by a still higher official that the withdrawal was no condemnation of the district, but was forced by a decision of the head office to close down all operations running on capital account owing to the unsettled conditions in Europe and in the Orient, and all British Columbia operations were in a development stage operated on capital.

BRITISH COLUMBIA
The Mineral Province of Western Canada

Has produced Minerals valued as follows: Placer Gold, $76,962,203; Lode Gold, $113,352,655; Silver, $63,532,655; Lead, $58,132,661; Copper, $179,046,508; Zinc, $27,904,756; Coal and Coke. $250,-968,113; Building Stone, Brick, Cement, $39,415,234; Miscellaneous minerals, $1,408,257; making its mineral Production to the end of 1923 show

AN AGGREGATE VALUE OF $810,722,782

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years, 1906-1910, $125,-534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; 1921. $28,066,641: for the year 1922, $35,158,843; and for 1923, $41,304,320.

PRODUCTION DURING LAST TEN YEARS, $350,288,862

Lode mining has only been in progress for about 33 years, and not 20 per cent. of the Province has been even prospected; 300,000 square miles of unexplored mineral-bearing land are open for prospecting.

The mining laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES, Victoria, British Columbia.

IMPROVEMENTS TO CEMETERY

Following is a list of those who have so far assisted, either by work or in cash, to improve conditions at the cemetery. Those who donated nearly half a day's labor are: Jas. Nesbitt, Louis Benson, G.C.Andrew, H.G.Marvin, Duncan McLean, G. W. Smith, Oliver Smith, Geo. Cameron and H. W. M. Rolston, B. Davis, of Kimball & Davis, with one of their cars took the party up to the work.

A number of people unable to get away, are assisting the completion of the work by donations of cash. These are as follows: $5.00 each, J.W.Stewart, W. H. Tolin, W.R.Tooth, Wm. Dann; $2.00 each, P. Beaman, H. P. Gibson, W. C. Cameron, Wm. Newell, S.G.Lawrence, Mrs Carolan, McLeman & Hooton, A. Anderson, Silver Grill, J. P. Hawkinson, E. Peterson, Henry Rivard, Northern Rooms, Wm. Noble, H. C. Bennett, Stewart Bakery, John Campbell, Harry Zeffertt, J.W.Wilson, P. S. Jack, J.A.Stephen, Lawrence & Workman, T. Whitley, Mrs J. Yohn, L.S.Whittaker, W. J. Crawford, H.D.Rochfort. Fifty dollars in cash has already been turned in, the balance being promised.

This money will be devoted to completing the work already started, and if any is left over it will be retained in a separate account in the Citizens' Association books, for future expenditures that will have to be undertaken. It has been impossible to solicit everyone who may wish to contribute to this very necessary work, therefore the subscription lists are left open, and the support is earnestly requested of all who feel that they can assist. Donations to this fund, however small, will be thankfully received at the News office.

Moose Will Fix Playground

At the Moose smoker held in Hyder on the evening of the 11th the membership decided to celebrate the anniversary of the institution of Portland Canal Lodge by clearing the ground about the Hyder school house in order to provide playground room for the children. October 4th is the second anniversary, and this means of celebration is every-day exemplification of Moose spirit, which stands on the foundatinn of Mooseheart, the home of the children of departed Moose. The committee, H. Johnson, W. R. Tooth and E. Hinckley, expect to co-operate with the Pioneers of Alaska, Chamber of Commerce and citizens in general.

The big Moose dance was also set for Mooseheart Day, October 27th, and will be given in Pioneer Hall. It will be a community event that you cannot afford to miss.

Local Stocks

The market for local stocks, though having stiffened, still remains very dull, though renewed interest in certain lines is this week commencing to come into evidence and a small amount of trading has taken place, particularly in Porter Idaho, for which there is a steady demand.
