ORE BUYERS GET INDIAN SHIPMENT

First Sale Made On Ore Shipping Plan That Will Be of Great Benefit To Entire District

The Indian Mines Corporation Ltd. report that the present shipment of ore is being taken over by ore buyers for a Swansea smelter, and that they are negotiating for further shipments in the near future.

The shipment consists of about 50 tons and is all delivered at the wharf. The purchase was made by Capt. Gaul, managing engineer of the Victoria mine, for Herbert Carmichael of Victoria, who is agent for a group of smelters in Swansea, with which is associated a number of Belgian and French smelters. He has the option of sending ore to any one of them. The purchases are first sampled and analyzed by any provincial assayer here, and 25 per cent of the ore values paid immediately upon his report being received. Then on shipment from Vancouver a further payment of 50 per cent will be made.

The establishment of an ore purchasing agency here is of the utmost importance to the camp, as it will allow the producer of ore in small lots to ship on the same basis as the large producers.

JUST GUESSING ON RIVERSIDE

J.D. Littlepage, managing engineer for the Riverside mine and mill, who returned from the south Monday night, informed the News that all press reports as to the future program for the property are mere guess work, as he does not know himself just what will take place. Negotiations are under way for arranging a resumption of operations, but these are not yet completed. When anything definite can be announced he says he will at once inform the press. He expects to leave for the south again on Saturday of this week.

Information Wanted

Relatives are inquiring for Simon Bastion. Word of him reported to the Portland Canal News office will be appreciated.

P. S. Jack returned Saturday from a business trip to Rupert. His daughter Betty went along as chaperone.

ANOTHER DIVIDEND

The Premier Gold Mining Company is today distributing a dividend of eight cents per share to its stockholders. This is the second quarterly dividend for this year and comes to about $400,000. The Premier to date has paid 15 quarterly dividends, amounting in all to about $7,500,000.

VISITORS AMAZED BY THE DUNWELL

Several additional open cuts have been made during the past week on the high-grade vein on the Sunbeam claim. This vein was at first assumed to be a continuation of the Dunwell vein, but it is now proven that there are two parallel veins lying 100 feet apart, and surface stripping will be continued and surveys made connecting the new discoveries with the veins already developed in the tunnels.

During the week a number of visitors examined the ore showings and have been much impressed with the extent and richness of the ore bodies. It is safe to say that few such showings have been seen, even by men with lifetime experience in many mining camps.

AMERICUS GIRL

The Americus Girl property, consisting of nine claims and located between Bitter creek and Glacier creek, within 1500 feet of the northern boundary of the Victoria, is being opened up by Joe Cullen, the locator, and associates of Stewart.

Sixty feet of a crosscut tunnel to prospect the ground beneath the surface has disclosed a vein 5½ feet in width, upon which a drift to the south is now being run. Where the vein was encountered a depth of only 26 feet below the surface was secured, but in the drift a foot of depth with every foot of drifting will be gained.

This week the property was examined by G. H. Shepherd, M. E., and assays made. Joe Cullen says that the engineer's report and the assays are most satisfactory, the ore giving encouraging values in gold, silver and copper. He expects that when a cross vein is reached a body of commercial ore will be opened up.

The property is ideally situated from a working standpoint, the tunnel and camp being not more than 600 feet from the Bear river wagon road.

STEWART-HYDER LOCAL NEWS

Wm. Hamilton is back from a visit in Rupert.

M. D. Rochfort left Monday night on a business trip to Rupert.

Allan Scott, a young brother of Jack Scott, is here from Vancouver for a visit.

Dr. and Mrs Carson of Premier returned on the Cardena from a trip outside.

Archdeacon Rix and Rev. Ashley held services at the Premier last Sunday evening.

A cleaning and pressing department has been installed in the new Electric Laundry.

Beatrice and Leah Horstman returned Saturday from the convent school in Rupert, to spend the summer vacation.

Geo. H. Shepherd put his new assaying plant into operation the first of the week. The outfit is modern in every respect.

Mrs G.A.Lawrence of Centuria, Wisconsin, has arrived to join her son, G. B. Lawrence, whom she had not seen for a quarter of a century.

A.E.Truxell, who is connected with the mining firm of W. L. Jarvis & Co., Boston, arrived last Monday night with Grant Mahood to look the camp over.

R. T. Brown, formerly with the Premier, who went out last Christmas, returned Tuesday after visiting practically all the mining camps of the province.

The Canadian National this week put the Prince Charles on the Stewart run, the first trip being made last Tuesday. This makes three passenger ships a week arriving in this port.

H. A. Heywood, first manager of the Terminus and now operating the Union, and B. W. W. McDougall, present manager of the Terminus, arrived Monday night and have gone up to the latter property.

Bruce Boyd, of the law firm of MacKenzie & Boyd, Vancouver, is spending the week looking over the camp, accompanied by Mrs Boyd. They have visited the B. C. Silver, L & L Glacier, Dunwell and Victoria Mines.

Professor J.M.Turnbull, mining engineer occupying the chair of mineralogy in the University of British Columbia, is making an examination of the Dunwell for a prospective purchaser. The work is expected to take about a week.

B.O.Ericksen, who for twenty years has mined and prospected in this district, locating a number of the well-known high-grade properties of the upper Bear section, returned Saturday with his prospecting partner, Mrs Erickson, from the south.

Pete Fite, of Premier is back from a trip outside.

W. R. Smith, of the Dunwell Co., arrived from Victoria Saturday.

W. T. Esselmont of Vancouver has joined the Bank of Montreal staff in Stewart.

Rev. and Mrs Ashley left on the Cardena for the south on a month's vacation.

Mrs L. Workman, who has been in the hospital for a week or more, is about again.

Herb McEwan, Jim McMillan and Alex Stewart are on a prospecting trip to Georgia river.

Bert F. Smith, assistant manager of the Premier, and Mrs Smith, returned last Saturday from a trip south.

J. Milligan, formerly of the engineering firm Grey & Milligan Bros., Victoria, has arrived from Smithers to survey the Victoria Mines group.

M. Savovich, proprietor of the Golden Gate hotel in Hyder, returned Monday night from a visit at his old home in Jugo-Slavia. He brought back a bride.

A. St. Claire Brindle, field engineer for A. B. Trites, returned Saturday from the Dease Lake country, and has resumed the management of the United Empire.

Mr and Mrs O. B. Bush and arrived on the Prince George from Vancouver. Mr Bush is watching diamond drilling operations on the National Silver, of which he is the head.

The program for the memorial service at the cenotaph, as published last week, was carried out to the letter, with about 150 people in attendence. Numerous floral remembrances were placed at the foot of the cenotaph.

In the Local Court

The Police Court had a fairly busy week. F. Pena, fireman on the Curacao, who, it is alleged, stabbed a fellow member of the crew in the neck several weeks ago, was bound over by Stipendiary Magistrate Scarlett to appear before the next Court of Criminal Assizes at Prince Rupert on a charge of attempted murder.

Mrs S. Johnson, charged with keeping liquor for sale, case dismissed.

Miss Margaret Berg, charged with vagrancy, fined $50, ordered detained four days and then handed over to the immigration authorities.

D. McIntosh, fined $25 for celebrating Dominion Day in an unseemly manner.

R. W. Kennedy defended the first three cases, Constable Islip prosecuting.

DOMINION DAY CELEBRATION

Stewart's celebration of Dominion Day went with a joyous swing that typifies the spirit of this prosperous mining town. The Weather Man was good, sandwiching an ideal day into his rainy spell. Limited space prevents any exhaustive description of the sporting events, and the amount accruing to the hospital is not yet known, as the various committees have not yet met for an accounting. Results are as follows:

Parade; best decorated float, Helen Crawford; best represented group of characters, Cherry Campbell.

Girls race, 12 to 16; 1st Joan Mellor; 2nd Bonnie Campbell.

Girls race, 10 to 12; May Sherman, Bonnie Campbell.

Girls race, 8 to 10; Violet Watson, May Sherman.

Tots, all the kiddies won.

Boys race, 12 to 16; Trigby Hanson, W. Fehring.

Boys race, 10 to 12; Horton Jack, W. Thurman.

Boys race, 8 to 10; Horton Jack. Eric Lee.

Boys 3-legged race; Staveley Mellor and Roy Workman, Horton Jack and Allan Scott.

Girls 3-legged race; Joan Mellor and Bonnie Campbell, Violet Watson and May Sherman.

Special prize to "Rastus and Mandy," (Wilkinson and Charlton) for their share in entertaining the crowd.

Ladies race, Mrs Sherman, Daphne Workmsn.

Mens and ladies 3-legged race; Muriel Crawford and I. Nickerson, Helen Crawford and Sam McNeill.

Fat mens race; Wm. Saunders. Mose Seguin.

Mens 100-yd. dash; Sam McNeill, I. Nickerson.

Ladies nail driving contest; Mrs Islip, Mrs Sherman.

Potato race, Sam McNeill, John McDonald.

String eating contest; Trigby Hanson, E. Thurman.

Egg and spoon race; Bonnie Campbell, Violet Watson.

Married Ladies race; Mrs Sherman, Mrs McNeill.

Horse Race, Mrs Stickney's "Flossie," Tommy Whitely up, Helen Crawford's "Phoebe," Jack Peters up.

Tug of war, won by Mogul crew over Stewart.

Football, won by Stewart over Mogul crew, 4—0.

Baseball, won by Stewart over Hyder, 4—2.

An event of the afternoon that was most amusing and cleaned

(Continued on Page 4.)

START WORK ON SILVER SLIPPER

Attractive Property Close To Stewart Being Opened Up—Pack Trail To Beach Is Going In

Two crews are working on the Silver Slipper group under the direction of John Haahti, the locator, one cutting a horse trail from the beach up to the ore showings, the other doing some surface prospecting on one of the veins, and opening up the site for a crosscut tunnel.

The Silver Slipper consists of a group of six claims just south of the Silverado. It is about the most advantageously located property in the district from the standpoint of economical operation, being close to deep tidewater not more than a mile south of Stewart.

The property was bonded this spring by Dave Frumento, of Frumento, Ryan & MacDonell, Vancouver, who was also instrumental in organizing the Terminus, and the Silver Slipper Mining Co. formed. Quick work has been done in securing finances for development.

Two strong veins have been determined to date, the one now receiving attention being 12 feet wide and traced for a distance of 600 feet. It strikes N.W-S.E. and dips into the hill at an angle of 65 degrees. The ore runs up to $50 on the surface in gold, silver and lead, with a highly silicious gangue, the type of ore that has been very much in demand by the smelter at Anyox.

THE NEW LAUNDRY

The Portland Canal Electric Laundry, built by J.P.Hawinson near the west end of Fifth street is the most up-to-date institution of the kind that modern machinery could make it. The equipment consists of a six-roll Toronto mangel for flat work, which is operated by four girls; two electrically operated tubs, one made in Canada and one in England; electrically driven self-operating wringer; modern zinc-lined dry room: large steam press for ironing flat work; electric irons. An accessory is the installation of two shower baths which gained immediate popularity. Mr and Mrs Pederson, who have had 16 years' experience in this class of work, are managers of the laundry. Ten names are now on the payroll.

WHY NOT FAIR PLAY?

CRITICS oft times fill a more useful role than they anticipate, and as a result bring things to light that they never saw before.

Oft times a newspaper prints a news item for a double purpose; first for its news value, and second to create discussion, in order that people will do a little thinking and open their eves to things that they never before noticed.

Last week the News reported certain liquor cases, and as a result is accused of supporting the law breakers. This is not the case. The item was published in the manner that it was in an attempt to draw attention to the unfairness of the liquor law enforcement.

While we do not exactly desire to stir up any controversy, still to those who believe that is an exaggeration, we would suggest that they take a little time off from their usual pursuits, and stroll around not only Stewart, but also the larger towns of the south, with a view to informing themselves of a condition that has become common and rapidly sapping the moral fibre of the people of this Province.

If they will do this and are at all lovers of fair play, and equal justice for all, we venture to say that there will be engendered within them the same feelings of disgust that others have experienced.

The situation is not in any way a criticism of the local Police Departments, for the reason that they are in a more or less powerless position, which would appear to be ror the reason that there is too much money to be made in the liquor traffic.

All the people of this province expect or want is a clean attempt to enforce the laws with equal justice to all.

It is regrettable to hear doubts of equity expressed.

PREMIER'S YEOMAN SERVICE

SOME say that the Premier has purchased control of the Forty Nine. Some say that it is not the Premier Company but Premier interests. What they say, let them say.

It is immaterial whether it is the Premier company or Premier interests that have acquired control, so far at least as the district is concerned. What is important is the fact that it is one or the other; and that with such strong financial backing and efficient management, coupled with the immediate movement of supplies and machinery onto the property, another real mine is assured the district.

The Forty Nine is unquestionably a mine in every meaning of the word, and now that real and efficient development is being commenced, a road, and consequently cheaper transportation, are assured the whole upper Salmon Basin; and insofar as this is the case, greatly increased development can and will be undertaken in this richly mineralized portion of the district, opening great and still greater mining possibilities for the Portland Canal District.

Thus the Premier people, by making possible this much greater development, are doing the district yeoman service, and it is to be hoped they will be well rewarded.

A PROGRESSIVE CITIZEN

A town is no more progressive than its citizens. In this, Stewart is singularly fortunate in possessing Citizen J. P. Hawkinson, familiarly and and affectionately known as "Jake," who has stayed with the town during bad times and good for the past five years or more, catering to the needs of the tired and hungry with a first-class restaurant, until today he can tell you the fads and peculiarities of every bachelor in town, a fund of information that should be most valuable to any young lady contemplating taking unto herself one of the many young and old, fat and lean, tall and short, Adonises.

Not content with this community service, Mr Hawkinson recently built and equipped a modern electric laundry, the first of its kind in Stewart, and by far the most northerly in B. C.

In this undertaking Mr Hawkinson has given the community a much needed facility, and one that is deserving of every possible support; for it not only makes it easier for even the Editor of this Weekly Excitement to wear a clean collar, but what is more important still, it gives employment to some ten people in the town, which in turn makes industry and business.

To build up a community, progressive citizens are required, to retain whom, encouragement is necessary. No greater encouragement can be given them than sapport of their enterprise. Therefore the community's thanks and support are in every respect due Mr Hawkinson and his modern Electric Laundry.

Dr. H. A. Whillans, Physician and Surgeon. Office, corner 6th and Victoria Sts. Hours, 12 o'clock, noon, to 3 p. m., and by appointment.

Certificate of Improvements.
NOTICE.

Rufus, Rufus No. 1. Rufus No. 2, Rufus No. 3, Rufus No. 4, Rufus No. 5, Rufus No. 6, Baby Rufus Fractional, Slide Fractional, Wide Fractional, Silver Fractional and Long Fractional Mineral Claims, situate in the Portland Canal Mining Division of Cassiar District.

Where located:—On Erickson Creek, Bear River.

Take Notice that I, Frank C. Green, of 221 Pemberton Bldg., Victoria, B.C. acting as agent for Rufus Silver-Lead Mines, Limited, Non Personal Liability, Free Miner's Certificate No. 61707C intend, sixty days from the date hereof, to apply to the Mining Recorder for Certificate of Improvements for the purpose of obtaining Crown Grants of the above claims.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 6th day of September, A. D. 1924. 48

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

BRITISH COLUMBIA
The Mineral Province of Western Canada

Has produced Minerals valued as follows: Placer Gold, $77,382,953; Lode Gold, $118,473,190; Silver, $68,824,579; Lead, $70,548,578; Copper, $187,489,378; Zinc, $32,171,497; Coal and Coke, $260,880,048; Building Stone, Brick, Cement, $42,225,814; Miscellaneous minerals, $1,431,349; making its mineral Production to the end of 1924 show

AN AGGREGATE VALUE OF $859,427,386

The substantial progress of the Mining Industry of this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895 inclusive, $94,547,241; for five years 1896-1900, $57,605,967; for five years 1901-1905, $96,507,968; for five years 1906-1910, $125,534,474; for five years 1911-1915, $142,072,603; for five years 1916-1920, $189,922,725; for the yea. 1951, $28,067,641; for the year 1922, $25,158,843; for the year 1923, $41,304,326 and for 1924, $48,704,604.

PRODUCTION DURING LAST TEN YEARS, $372,604,641

Lode mining has only been in progress for about 25 years, and only about one-half of the Province has been prospected; 200,000 square miles of unexplored mineral-bearing land are open for prospecting.

The mining laws of this Province are more liberal and the fees lower than of any other province in the Dominion, or any Colony in the British Empire. Mineral locations are granted the discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES, Victoria, British Columbia.

N. B.—Practically all British Columbia Mineral Properties upon which development has been done are described in some one of the annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B. C. Reports of the Geological Survey of Canada, Pacific Building, Vancouver, are recommended as valuable sources of information.

DIAMOND DRILLING CONTRACTORS
Twenty-five Years' Experience at Your Disposal

Diamond drilling is to mining and exploration work what the X-Ray is to surgery. The one sure method of obtaining exact geology. Invaluable for determining the most suitable system (method) to adopt for proving, developing and mining ore bodies.

Heavy and light portable gasoline, and air powered drills located in various districts.

Hand powered drills for inaccessible places.

History of work, log of holes, graphic map and detail of drill results by our staff when desired.

COMMUNICATION

Editor News:—Some misleading announcements have appeared in the Vancouver Sun and other papers to the effect that the firm of Chaffey-Fraser are interested, other than financially in the custom assay-office business which G. H. Shepherd is opening in the new building at Fifth and Victoria, Stewart B.C.

In connection with this matter the following should be understood:

Chaffey & Fsraer advanced the capital for the lease on the new Tooth building, and also for the major portion of my assay outfit, same to be repaid them from a fixed percentage of profits made by me on assaying and other professional work.

Further than this, neither Chaffey-Fraser nor any other parties have any connection with my assaying activities in the Portland Canal section: I guarantee both accuracy and privacy as to assay results.

A man's safest capital is his reputation, and I wish to state that during over twenty years' mining experience in the West, from the Mexican border to the North, I have yet to experience an initial attack upon my ability or integrity.

Since 1918 I have performed assaying and other engineering work for the following well-known concerns and parties, and in all cases have given fuilest satisfaction:

Cyanide plant metallurgist, Nugget Gold Mine, Salmo, B. C.

Field engineer and assayer, John B. White, Silversmith, Sandon B. C.

Mines chemist and assayer, Britannia Beach.

Assayer and assistant field engineer, Trites, Wood & Wilson, Whitewater expedition, Taseko.

Assayer, Kootenay Belle and Reno Gold Mines, Sheep Creek, B. C.

Assayer and engineer, Indian Mines Corp., Stewart, B. C.

I cannot emphasize too strongly that your assay results will be safe in my hands; your assay results, (if desired) will be entered only on your assay certificates.

Respectfully:—
Geo. H. Shepard,
Provincial Assayer,
Mining Engineer (Registered B. C.)

"VACUETTES"

We have been appointed local agents for "The Vacuette Suction Cleaner," the most economical Suction Cleaner on the market.

Compare the real values—the Vacuette gives you better service, yet costs only one-half as much as a good electric cleaner. Remember! There is no electric current used,—no wires, plugs, switches, fuss or motor to replace or repair.—Absolutely no upkeep expenses; in short, there is no bother or expense—Just results—most economical, for your first cost is your last cost.

We shall be glad to demonstrate the Vacuette in your home, or at our store—come in and talk it over.

Local Stocks

(Quotations by H.W.M.Rolston & Co)

The market during the past week slacked ofi slightly from the preceeding week, though showing strong activity in certain of the stoeks.

In spite of the remarkable strike on Dunwell, the stock was set back a bit under heavy selling, resulting from the flurry caused by the first news of the strike, and at present prices should prove good buying.

B. C. Silver, Porter Idaho, L & L Glacier and Marmot Metals all showed outstandingly strong demand during the week, which should result in new highs in the very near future.

Independence, Lake View, Victoria Mines, Silver Crest, Rufus, Bay View, are holding a firm market.

The markets were fully 100 per cent more active during June than they were in May, this following very true to last years' performances, and from appearances July and succeeding months will show a corresponding increase,

Local stocks closed as follows:

	Bid	Asked
B. C. Silver	$ 1.25	$ 1.50
Dunwell	3.35	3.90
Glacier Creek	.17	.20
Independence	.—	.15
Indian	.—	.07
Lakeview	.35	.50
Premier	2.15	2.28
Terminus	.—	.55
Silver Crest	.—	.20
L&L Glacier Creek	.27	.30
Victoria Mines	.—	.35
Marmot Metals	.14	.—
Porter Idaho. Co.	.20	.30
Rufus	.10	.18
National Silver	.—	.25
Vancouver	.—	.50
Ore Mountain	.—	.25
Bay View	.09	.11

DOMINION DAY CELEBRATION

(Continued from Page 1.)

up a bunch of coin for the hospital, was the Wild Man from Borneo, with his head through a hole in a canvass shelter and everyone pelting him with eggs. W.R. Harner had made a little bet and lost, so he was the goat. To his credit be it said that he bore the ordeal with a smile and a cigar in his face. John Mellor donated the eggs. Wm. Noble also had his head exposed for Harry Zeffertt to throw at, but escaped unscathed.

A dance in the evening completed the celebration.

An innovation that was much appreciated was the pipers' band with Jim Martin, Tom McLeod and Bob Sinclair operating the pipes, Billy Orr the base drum and Joe Cullen the snares.

The ice cream stand in charge of Mrs Tooth was a pleasing and profitable adjunct.
