IT is with pleasure and pride that we call attention to the desire and willingness of all our employees to give their utmost in service and special attention and they as well as ourselves would appreciate your criticisms as well as your commendations.

WHEREVER you travel on the Canadian Pacific, you will find the same desire to maintain that excellence of service for which the Company has been noted for over forty years. The seemingly effortless perfection of Canadian Pacific service is simply an infinite capacity for taking pains.

IT will be a great aid to the service and will avoid any possibility of mistakes if passengers will kindly ask for meal order blanks, and upon them will write their orders, because stewards and waiters are not allowed to serve any food without a meal check.

W. A. COOPER, Manager, Sleeping, Dining, Parlor Cars,
Station Restaurants and News Service, Montreal.

Lake Louise

Pearl of the Rockies

LAKE LOUISE, situated at an altitude of 5670 feet above sea level, and bearing the liquid music, the soft notes of its name, into the realm of the visible, is amongst the most perfect gems of scenery in the world. A lake of the deepest and most exquisite turquoise coloring, coloring that ever defies analysis and is ever changing, it mirrors in its wonderful depths the sombre forests and cliffs that rise from its shores on either side, the gleaming glacier and tremendous snow-crowned peaks that fill the background, and the blue sky and fleecy clouds overhead.

Nor is Lake Louise the only attraction. Easily reached from it by road or trail are the charming Lakes in the Clouds, the Ten-Peak encircled Moraine Lake, Paradise Valley, Mount Saddleback, and a score of other magnificent and well known objectives.

On the margin of the lake, in one of those Alpine flower-gardens in which the Rockies abound, is the Chateau Lake Louise—a Canadian Pacific hotel A splendid fire-proof building has been opened this year to replace the former central portion of the Chateau.
