TEN IMPORTANT POINTS

PORT REGULATIONS—ARRIVAL

1 Landing at most ports is prohibited until after the ship has been passed by the Health, Immigration and Police authorities. Due notice will be given regarding attendance of Cruise Members and delay and discomfort to all will be avoided by prompt attention to these important matters.

PARTY REGISTRATION

2 Experience has shown that at most ports shore excursions can be operated more efficiently and with greater regard to comfort, by the division of Cruise Members into separate parties, viz, A, B, C, D, etc. Prior to reaching each port, programmes will be distributed to enable Members to study shore and party arrangements. It is realized that Members will wish to move with friends and for this reason it is not desirable that allotments to parties should be made by the Cruise Management without giving Members an opportunity to voice their preference for one party or another. Members should decide with whom they would like to go sightseeing and keep their parties together.

Timely advice will be given Members regarding party registration and distribution of party cards.

SHORE EXCURSIONS

3 To ensure their own comfort Cruise Members are respectfully requested to adhere to the hour shown for the movement of their party and to **move only with their party.**

DISEMBARKATION

4 Members will best study their own comfort and convenience by avoiding crowding in the corridors or at the gangway. Fifteen minutes before the assembly hour for each shore party, a gong will be sounded throughout the ship. Members should remain on deck or other convenient place pending such notification.

MOTOR CARS

5 In filling motor cars for shore excursions, the Cruise Management work, wherever possible, on the rule of placing four persons in each seven-seated car and three persons in each five-seated car, in addition to the driver. Cruise Members constituting themselves into small party groups for motor car trips should proceed ashore promptly together when their party is called to give every opportunity of securing the desired space, keeping in view car loading as already stated.

It is respectfully notified that conveyances cannot be held for those arriving late, as the common comfort and convenience of all must be studied by the Management.

The co-operation of Members of the Cruise is earnestly solicited by the Management, looking to the convenience, comfort and pleasure of all concerned.
