Foreword

As ship's hostess, allow me to take this opportunity of extending greetings to the Cruise Members, and of asking your interested assistance in making this a happy holiday for everyone.

A programme of dancing, games, deck sports and other entertainment has been planned for your enjoyment. If at any time you prefer to read, a well-stocked library is at your disposal, and a quiet nook always available.

I will sincerely appreciate the assistance of the Cruise Members in carrying out this programme, and would urge those of you who are able to contribute in any way to the entertainment of your fellow travellers to let me know of your talents. Early in the cruise it is proposed to form a Sports' Committee to work out details of the various events.

If there are birthdays or special occasions occurring during the Cruise, I shall be delighted to assist in planning entertainments. Will you help me to make this indeed a Cruise of Happy Memories?

Changes or additions to this programme will appear on the bulletin boards, in the foyer of the Dining Saloon.

HILDA HESSON.
