NORTH CAPE—MIDNIGHT SUN

The Land of the Midnight Sun

VIKING LAND

THAT enchanted historic region which gave to England Kings, to Normandy Grand Dukes, and in Sicily won for its sons lordly Principalities, has to-day an irresistible appeal.

Richly endowed is this land in scenic beauty, history, art and romance.

Here sparkling waters smile back at laughing skies, where fragile and delicate flowers and green pine forests, form a striking contrast to the rugged and gigantic landscape they adorn, amid grim snow-clad mountain-ranges which form the background to wooded hills, gleaming glaciers and placid lakes.

And in that unique comfort that only the Great White "Empress of Australia" can give, one may see all this wonderful panorama unfold in almost unbelievable beauty and endless variety. Threading the calm and peaceful waters of the fjords, may glimpse rose-embowered farms and quaint villages, and visiting stately Northern Capitals, find sleeping there on the Baltic, picturesque memories of the romantic past.

And so from Christiansand to North Cape where shines the Midnight Sun, Viking land calls. Calls insistently, urging the escape that lies so near at hand, from the grey round of work and worry to the gracious sunlight and invigorating air that here await to do their health-giving tasks, the crowning touch to the perfect holiday.
