Soon after you come aboard

Seasoned travellers lay the foundation for a pleasant voyage soon after they have been shown to their rooms. A small investment in personal organization pays a dividend in personal enjoyment.

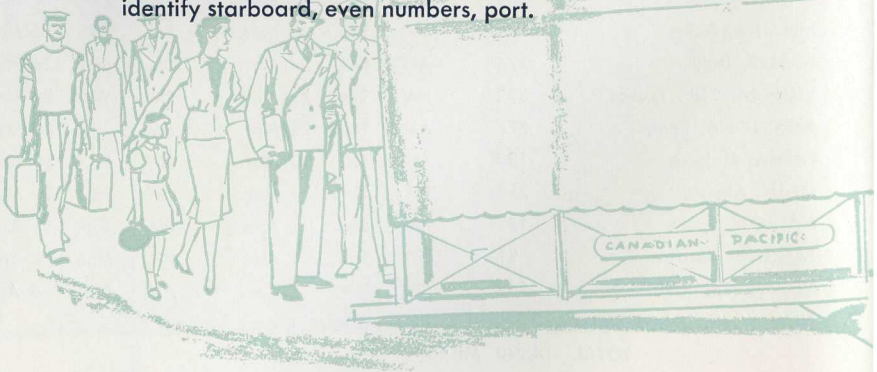
Before unpacking, but after carefully noting the bedroom arrangements and any special directional notices, they make their way to the Purser's Bureau, where they deposit their valuables in sealed envelopes and obtain receipts.

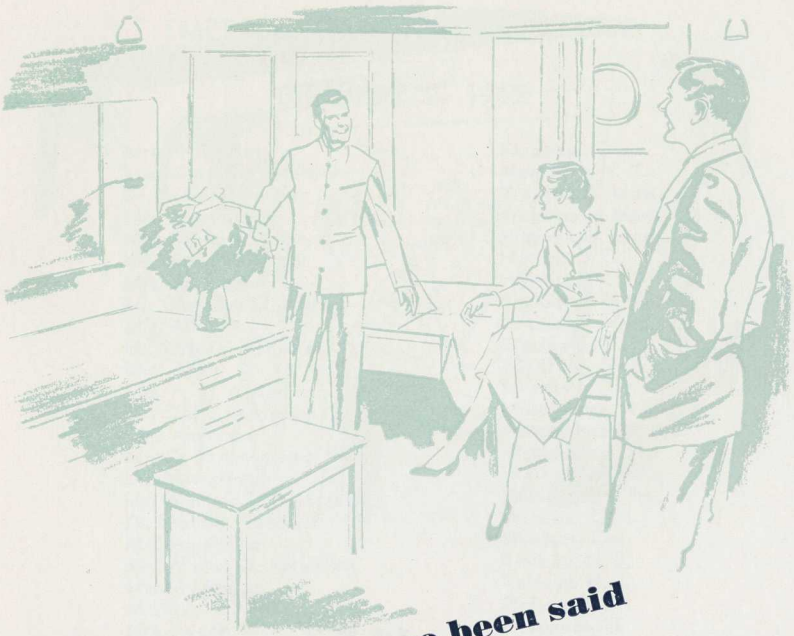
Next — If no advance request for Restaurant Seating or Deck Chair location has been made — a visit to the Restaurant and the Deck Steward will quickly dispose of these two important matters.

Ladies find it a wise precaution to make appointments at the Beauty Parlor for any of the many services performed there.

These little chores don't take long and in themselves act as an introduction to the ship.

For a long time the right side of the ship (facing forward), marked at night by a green light on the wing of the bridge, has been called "starboard" and the left, red light, "port". Stairs are "companionways"; walls, "bulkheads"; ceilings, "deckheads". One goes "forward" to the bow; "aft" to the stern; "topside" is upstairs, "below" is downstairs. Below decks, odd room numbers identify starboard, even numbers, port.



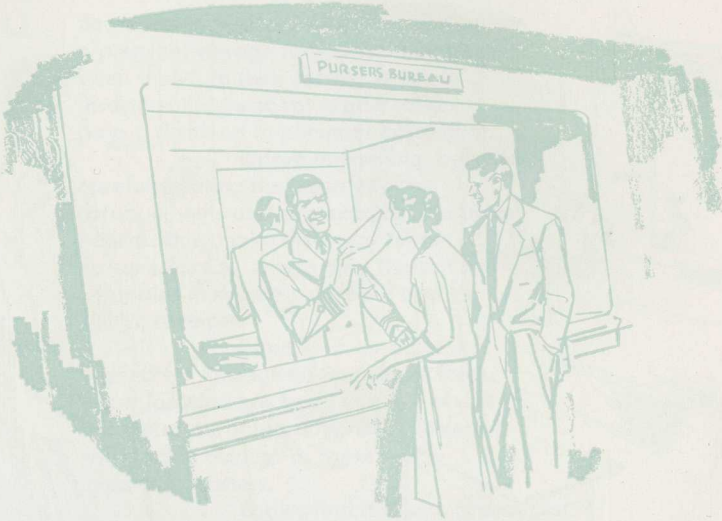


When good-byes have been said

Now is an opportune time to make the acquaintance of your bedroom steward or stewardess. A brief lesson in the handling of equipment saves embarrassment when the first deck drill is held.

Call in the morning, or breakfast in bed? Arrange this, too, with the steward or stewardess. At this same session the subject of bath hours and temperatures can be disposed of, too.

There are completely equipped ironing rooms on U and M Decks of the Empress of Canada, your steward or stewardess will direct you.



If you must do business

Our sea-going organization concentrates on an easy, comfortable cruise for our passengers but there is efficient provision for those who have business to do.

The Cruise Office located "U" Deck forward and the Purser's Bureau, located "M" Deck aft, are business centres. Such matters as money exchange, purchase and cashing of travellers' checks, ship-to-shore telephone, telegrams, cables and wireless messages, baggage insurance, stenography and forwarding of mail are dealt with at the Purser's Bureau.

Baggage not required in the bedroom is available at stated hours in the Baggage Room.

The Shop, located on the Empress Deck, carries an extensive stock of interesting and useful articles.

The Photographic Shop is located Port Side "U" Deck, Forward.

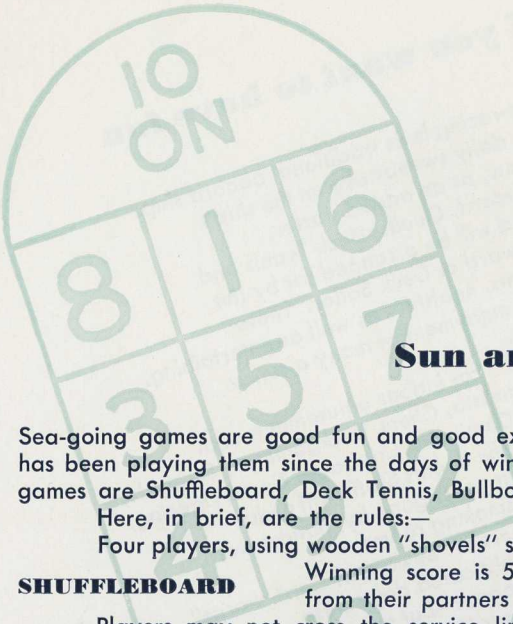
If you want to have fun

Horse-racing is as traditional aboard ship as the daily sweepstake on the ship's run. Now, as an added starter, Shuffleboard, Quoits, Deck Tennis and Bullboard will be arranged for by the Deck Steward or Deck Sailor. These amusements, healthful as well as entertaining, add to the enjoyment of many a sunny hour at sea.

For indoor amusements such as Bridge, Canasta, Chess, Backgammon, Scrabble, Table Tennis, Dominoes, Cribbage, Bingo, Dancing, Movies, the Public Rooms Staffs will assist.

In years gone by, notices were posted in ships' smoking rooms warning passengers to "Beware of Card-sharps". In these more sophisticated days these warnings do not appear—but seasoned travellers are cautious if playing for stakes.



Sun and games

Sea-going games are good fun and good exercise. The seasoned traveller has been playing them since the days of windjammers. Principal shipboard games are Shuffleboard, Deck Tennis, Bullboard, Quoits.

Here, in brief, are the rules:—

SHUFFLEBOARD

Four players, using wooden "shovels" slide discs on numbered targets. Winning score is 51. Players take opposite ends from their partners whom they may skip.

Players may not cross the service line, when shooting. Discs that fail to reach the line in front of targets are removed. Discs falling into "10 off" are scored for opponents. Discs touching lines do not count.

With practice considerable skill may be developed by players. Advantage may be taken of the motion of the ship to bring off apparently impossible shots. Use of the "roquet" to reduce opponents score calls for considerable finesse.

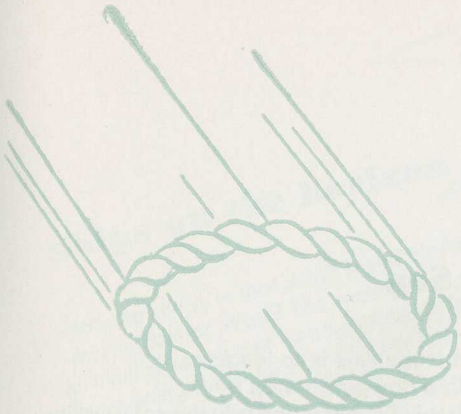
DECK TENNIS

Governed maily by the rules of shore-side Tennis, this game is popular with players and spectators. A rubber quoit replaces the conventional ball and a badminton type net is used.

Players toss for choice of ends, changing after 1st, 3rd and 5th games. Loser of toss serves first—in the same order as in Tennis—from behind the back line into the Court diagonally opposite.

Two smooth, underhand serves are allowed. A net-touching but otherwise good serve is a "let" and may be played over.

Receiver must stand on back line but may advance as quoit leaves server's hand. Catch must be one-handed, quoit may not touch any obstruction, and return shall be immediate, and from where caught. Serves and



Sea-going skills

returns must be underhand (hand no higher than shoulder) and quoit must rise at least 6 inches when free. Cuts and spins are legal.

A "net" return within court boundaries is good. Players may not reach over net. Dead area below net is out of bounds and quoits landing there are "out".

Quoits impossible to receive because of obstructions near court boundaries are counted as "lets".

DECK QUOITS

Two quoit games are popular at sea, "Ring" and "Jack". The Jack game, less familiar than the simple ringing over a peg, uses a "running Jack" as in bowling. Object of the game is to get a good quoit in and then cover. Opponents try to knock it away. Score is 21 and only quoits within 3 feet of the Jack count.

Quoits must be pitched, not skidded, along the deck and must pass clear of a halfway line before touching the deck. Those which drop short or touch the line are removed and any quoits they displaced are replaced.

The game is cancelled and started over if the Jack is knocked into an unplayable position.

BULLBOARD

Bullboard is a twosome. Players' aim is to throw discs into the squares on the inclined board. The order of play is: 1 to 10 in sequence, left-hand bull, right-hand bull, then 10 to 1. Landing on the bull out of turn costs one number, e.g., if aim was for 3 and bull was covered next shot must be for 2. To score, a disc must touch no lines. The player completing the course first wins but each player must have an equal number of throws.

Time at Sea

On a pleasant cruise time is no longer your master. In a day punctuated by mid-morning bouillon, afternoon tea, the conviviality of the Verandah Cafe, the St. Lawrence and Banff Rooms, the Canada Room, and the Windsor Lounge, regular meals, and the lazy delights of ocean life, time is only the memory of old sea-going customs.

From time immemorial ships' bells have divided days at sea into half-hour intervals. Even bells marked the hours, odd strokes the half-hours.

Days were divided into six 4-hour "watches", the passage of each watch marked by half-hour bells from one to eight. The watches were: "middle"—midnight to 4 a.m.; "morning"—4 to 8 a.m.; "forenoon"—8 a.m. to noon; "afternoon"—noon to 4 p.m.; "first dog watch"—4 to 6 p.m.; "second dog watch"—6 to 8 p.m.; "first"—8 p.m. to midnight. The dog watches enabled changes in hours of duty.

Now, just to make a simple matter more complicated, the seasoned traveller points out that at 3:45, 7:45 and 11:45 one bell serves as a warning to the next watch to prepare for duty; and that seven bells in the "morning" and "forenoon" watches sound 10 minutes early to enable the watch next on duty to get their breakfast and dinner.

In proper sea-going parlance bells are not rung or struck they are "made"

Simple, isn't it?

Ships on the horizon

How far away is that ship? Is she North, South, East or West? The seasoned traveller has one or two tips that help in answering these and other questions. Here they are:

On a clear day the horizon is eight miles away at fifty feet above the water, nearly ten miles at seventy-five feet.

If she blows her whistle—and she usually does—count the seconds between sight of the steam and sound of the whistle, allow roughly one-fifth mile for each second.

To decide her direction point the hour hand of your watch at the sun, bisect the angle between the hand and the "twelve" numeral and you have the South point of the compass. Easy isn't it?

The nautical mile (6,082.66 feet) is one-sixtieth of one of the 360 degrees of the earth's circumference. And the rate of speed is given in "knots". One knot indicates the passage of one nautical mile per hour. Thus, a "19 knot" ship is one with a speed of 19 nautical miles per hour, equivalent to almost 22 land miles per hour.

And the seasoned traveller **never** says "knots an hour"!

"Strange faces, other minds"

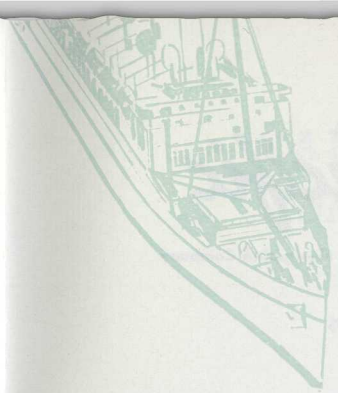
A dollar bill? A pound note? A string of cash? It all depends where you are. If you spend dollars you do things the way North Americans do them. In China although the traveller seldom carries cash on a string, he expects to adopt himself to Oriental customs.

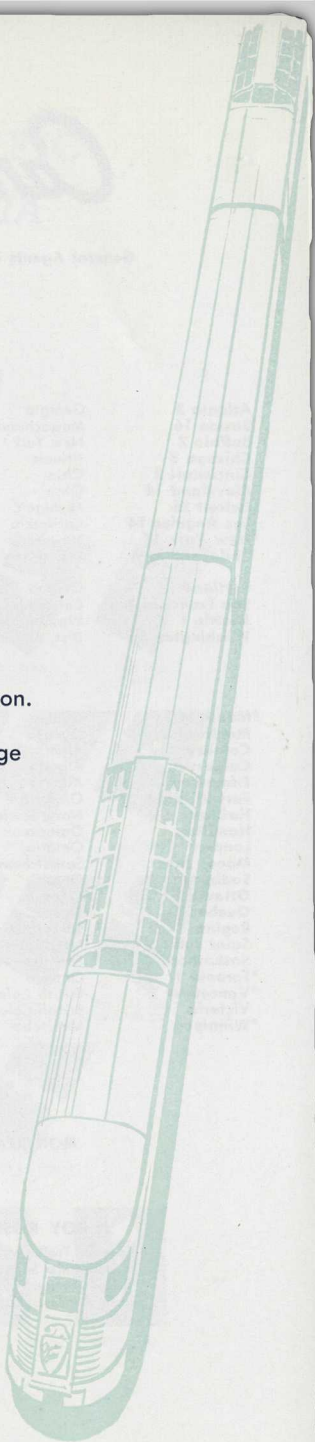
So, as Tennyson wrote in the words of Sir Bedivere, it is at every new port ". . . strange faces, other minds".

When the seasoned traveller heads for a country he has never visited he opens his mind as carefully as he closes his luggage. He goes ashore receptively, prepared to adjust himself to the ways of the country he is visiting.

And he uses the ship he has cruised in to help him. Its crew had been there before. Members of it know something of interest about the country. All are glad to pass on their knowledge.

Customs differ, good fellowship is the same in any tongue, by any standard. If your Empress of Canada voyage proves a pleasant interlude in life's journey, the Captain and his associates will feel they have achieved something more than just the service for which you contracted.





Before you go ashore

Another small investment in personal organization is on the seasoned traveller's list as the cruise comes to an end. Such little things as baggage labels, delivery of baggage to destination, baggage insurance and customs come in for consideration.

How is the baggage handled? Where can I get labels? The Baggage Master knows the answers and will give you tags and labels. Baggage insurance may be arranged at the Purser's Bureau.

Dutiable articles that must be declared, no matter how small the quantity carried, are listed on the Bulletin Board.

A proverb says, "It is better to travel hopefully than to arrive". That's as may be—but it is easier to travel hopefully if everything is organized.
