65c per lb. this week

Mr. Ray Forrest of Vancouver, is visiting at Mrs. D. Kilpatrick's.

Miss Grimason arrived home from Victoria on Satuday evening.

The milk peddlers of Cumberland are now charging 15 cents per quart for milk.

Mr. Kenny Grieves is "rusticating" at McHutchin's Point with Harry Loggie and family.

Rev. Mr. McKay of Vancouver will occupy the pulpit at the Presbyterian church on Sunday evening.

Some sneak thief stole Wm. Urquhart's overcoat out of his car at Cumberland on Saturday night last. Pilfering from cars is altogether too frequent an offence at Cumberland. Scarcely a week goes by that some one's car from the valley is not robbed of its contents.

Mr. A. Ezzy, whom many will remember as a peddler in this district for the past four or five years, has, along with a gentleman named Haddad, opened aa dry goods store in the building formerly occupied by McFarland Bros., Cumberland. While travelling about the country Mr. Ezzy has made many friends who will wish him luck in his new venture.

Married—At Parksville, on Tuesday July 16th, by Bishop Sshofield, assisted by the Rev. H. V. Hitchcox, Ven. Archdeacon Collison of Sandwick to Miss J. H. Hickey, daughter of Mait and Mrs. Hickey, of Parksville. The bride was attended by her two sisters as flower girls, and Mr. F. A. Sparks was groomsman. Archdeacon and Mrs. Collison will spend thre weeks in the north in August. Rev. J. W. Flinton of Victoria will supply during his absence.

Ernest Perry of Vancouver visiting with friends in town this week. He was overseas with the Machine Gun section of the 7th Battalion and was badly wounded while in action after the Vimy fight by a Hun shell which burst right beside him. While he was unconscious his many valuable souvenirs were stolen at the Army Medical Corps station. This happens frequently. He says no case has yet been known of a soldier robbing his companions of souvenirs whether wounded or dead.

A splendid sample of bridge repairing is to be seen on the bridge a little past Sam Caalhoun's ranch. A hole had become worn in one of the plnks, and after repeated warnings the road boss sent a couple of men up with a four inch plank which they nailed down on top of the bridge instead of cutting out the broken plank, thus making aa bump about 6 inches high. We had the pleasure (?) of driving over this obstruction four times yesterday afternoon, nearly wrecking the car the first time. This is a fine example of the way the public roads are kept UP in thi district.

I. O. D. E. NOTES.

The Auxiliary to St. Joseph's hospital wish to thank everyone who helped make the garden fete and daance held on the 17th inst. such a cuccess. Also many thanks to the parties from Ladysmith whose different numbers on the concert programme were very much appreciated. Altogether $502.00 was realized, which will be used by the Auxiliary in helping supply the hospital with linen etc.

The next monthly meeting of the Comox branch of the Auxiliary will be held the first Wednesdaay in August. Place to be announced later.

The pair of pillows raffled by the Daughters of the Empire at the dance on July 23rd were won by Ed Boden, and the centrepiece by Mrs. Fairbairn

* * *

The Daughters of the Empire are meeting the 2nd and last Thursday of the month at eight o'clock, for the the summer months.

NOTICE TO SUBSCRIBERS AND PATRONS

Those indebted to this office for subscriptions and job printing are requested to pay up without delay There are quite a number who seem to think that they are under no obligation to pay for their paper. Please call at his office or pay the collector.

The people of Cumberlaand have a treat in store for them to-morrow evening when the ladies of the I. O. D. E. will take the childrn who produced the operaette "The National Flower" to that place. Twelve auto loads of them are going. The performaaance is well worth seeing, and as many of the children re well known in Cumberland a gret deol of interest should be taken in the event, esnegially as the proceds are to purchase comforts for the boys who have gone overseas from this district.

Hon. J. W. Bowser, leader of the Opposition in the Legislature at Victoria has been in the district for the past two or three days getting acquainted with the electorate, enquiring into the needs of the country etc. and incidently replenishing his stock of ammunition with which to go after the present government leaders when the House meets. From preent indications he will give the occupants of the Treasury benches some very unpleasant half hours. Last night he met the Executive of the Conservative Association and gave a very instructive talk to them. There is no doubt but that the government is hastening to its downfall. They have duobled the taxes in all unorganized districts and although there is not half the business being done now aas formerly, the civil service list still increases and the salaris and emoluments also increase. The ministers are having a good time galivanting around the country, and their wives and families desport themselves in government owned autos. How long will the people stand for it?

THURSDAY JULY 25, 1918

HERE AND THERE.

The Commission of Conservation has just published a Farmer's Account book containing blanks and instructions for a simple but complete system of farm book-keeping. It will be sent on request to bona fide farmers only.

* * *

A farmer's wife in Connecticut, hurrying from milking the cows to the kitchen, from the kitchen to the churn, from the churn to the woodshed, and back to the kitchen stove, was asked if she wanted a vote. She vehemently replied: "No, I certainly do not, I say now, it there is one little thing the men folks can do alone, for Heaven's sake let them do it."

Up to the present, the fire loss of the Dominion of Canada is 25 per cent greater than for the corresponding period of last year. If this rate of destruction continues, the loss will exceed thirty-two million dollars in 1918 and together with expenditurss upon insurance and fire protection, will constitute a burden of $65,000 000, This means about $10 out of the pocket of every man, woman and child in Canada, or almost $40 for the average family

—o—

The great laboratory of the General Electric Company at Schenectady is maintained at an annual cost of over $500,000 and employs seventy-five investigators, including among them several who are eminent in the world of pure science One of its products is the tungsten lamp which is now manufactured by twenty-two factories scattered over the country. This lamp, according to a very careful estimate made in 1911. was, at that time effecting a power saving valued at $240,000,000 per annum. Since then, the consumption of this type of lamp has increased three fold and research has increased its efficiency of light production nearly twenty five per cent. The research workers are discouraged from thinking of financial results, as discoveries are more likely to be made by those who are working in the scientific spirit.—Prof. J. C. Fields

CARD OF THANKS

The Sisters of St. Joseph wish to thank sincerely the ladies of the Hospital Auxiliary and their co-labourers and those who sent contributions and donations and in any way assisted in making the fete such asuccess. The music furnished by the Ilo-Ilo Orchestra of Cumberland was much appreciated by the Hospitaal.

Summonses have been issued aganist two motor car owners, one at Ladysmith, the other at Sooke for driving past funeral parties last week

It is said that there are are 270 soldiers of the soil boys working on the Island farms this summer. Many of these are school boys who are working at home with their parents.

The rain storm of last Thursday at Vancouver was accompanied by the most violent lightning and thunder ever experienced there Several houses were struck and fired, the electric light poles and wires suffered severely.

Don't Forget. Next Door to the Ilo-Ilo Theatre

The National Flower

On Tuesday evening the large auditorium of the Maple Leaf Theatre was taxed to its utmost to accomodate the crowd that gathered to witness the performance of the operetta "The National Flower" and trip the light fantastic afterwards. Courtenay audiences are becoming famous whenever anything of a patriotic nature is given The children's rendition of the operetta was as good as anyone could possibly have wished expressions of satisfaction and appreciation being heard on every hand.

It is most gratifying to the ladies who trained them and to the children themselves to have their efforts appreciated. The little ones who were neatly attired in airy costumes, representing the different flowers, etc., rendered their songs dances,gavottes, etc., sprightly and in good form, while the choruses had plenty of vim. All the solos were well taken from that of the Judge, Miss Viola Campbell with black gown and powdered wig, to John Bull, Harry Stevens, who at the last brought in a sack of Purity flour on a truck Miss Violet Hicks Beach made a beaautiful Queen of Roses. She was attended by two train bearers Gwen Fairbairn and Doris McKenzie. Her song was much appreciated.

The thistle duet wasnicely rendered by Hazel Leighton and Jean Beasley.

The Tambourine dance by Isadore Sutton, Highland fling by Marian Pelas, Woodland Sprite, Phillis Glazbrook; a scarf dance, with the Welsh National dance, as an encore, by Miss Amy Kilpatrick were especially pleasing features. Christine Millard and Leo Fletcher were ideal woodmymphs and their sprightly graceful movements delighted the audience.

Mary Stewart's rendition of the "Four Leafed Clover" was one of the best numbers on the programme. She has a wonderfully sweet, clear voice of great range and flexibility, which may carry her far some day.

Wilfrid Cunningham's Bailiff song with local hits brought down the house. The swing song by Kathleen Stevens was also prettily arranged

There were sunflowers and weeds in abundance and also a fine big onion all contributed their quota towards making the affair the grand success that it was.

the programme:

Chimes
1. Judge, Song.....Viola Campbell
2. Daisies, Song
3. Lily, Song dance
4. Gavotte—Roses
5. Queen of Roses, Flower Girls, Violet Hicks Beach

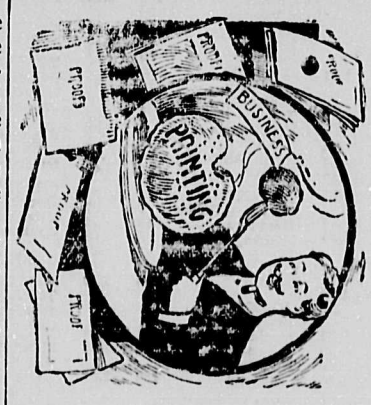
Eat less Bread

Mr. H. F. Pullen, city editor of the Victoria Times, has purchased tue Prince Rupert Daily news, and will take over control of the property immediately.

Large numbers of our dairy farmers who have in the past relied so extensively on concentrates for their milking cows are having a difficulty at the present time in providing what is termed a balanced ration. When it becomes, from a finahcial point of view, impossible to pay the price which is asked for these expensive feeds and make a reasonable profit, then the farmer will produce as much of the feed as he can on his farm. Jersey cattle in Canada weigh many thing fram 800 to 1,200 lb. Those on the Island of Jersey weigh on an average of about 600 lb. The American cow has increased in size because she is fed on concentrates. In Jersey the farms, which are about 10 acres in extent, support siv or seven cows. which are fed on roots, grass, etc, and none of them give less than 14 pounds of butter per week. There they lay stress on simple ratlons and regular hours of feeding and milking.



As Promised.

"See here,' complained the man as he walked up to the proprietor of the clothing store. "I have only had this suit two weeks and it looks rusty already."

"Well," said the proprietor, did the sales man guarantee the suit?"

"He did" replied the man. "He said it would wear like iron"

'Well' replied the proprietor, " it did, didn't it?"—Cincinnati Enquirer.

Another kind of profiteer is the sanctimonious old codger who raises your rent just because he can.

A newspaper is seldom popular with the average musical talent. The pianists expect the papers to say of them they are Paderewski; the vocalists equal to Melba and Galli Curci, and the violinists must have an art on a par with that of Kreisler. A newspaper is unwilling to stand up before the world with such statements. What is the result? Local talent says "With such a paper it is impossible to create an artistic atmosphere in this town. —Atchinson Globe.

Dealer, Courtenay

Lieut.-Col John Warden, former commanding officer of the 102nd Battalion, Warden's Warriors, is now stationed at Bagdad, according to a letter Dr, Neil McNeil of Prince Rupert, former medical officer of the 102nd; has received from the Colonel. The letter took three months to reach Vancouver, coming by way of Hong Kong.

The Misses Irene Smith, Muriel Beattie, Dona Popovitch, and Mr. J. Lapsansky motored to Comox last Tuesday where they took part in one of the largest entertainments of its kind ever held in that district The spectators consisted of people from Cumberland and nearby towns and were loud in their praises of the daamatic qualifications of the Ladysmith visitors which was shown in their many choruses and fancy steps combined; also the recitations of Miss Smith which were repeatedly encored, as well as her "Dixie" cherus, which made such a decided hit with the locals some time ago, The visitors were tendered a royal reception during their stay in Comox and before leaving were interviewed by members of the Red Cross Society from Courtenay, who are anxious to have them take part in vaudeville which is to be held in the early part of September. The locals, desirous of boosting their home town, sang a special catchy song entitled; "What do you think of Lady, smith?" to which a reply from the audience resounded, "They're some class," They returned on Tuesday evening and are now eogerly looking forward to another visit up the Island.— Ladysmith Dhronicle.
