A LETTER FROM DR. WATT

Wishes to Impress the Fact that K.C.R. Will Run on East Side of Kootenay River.

EDITOR of THE PROSPECTOR:

Dear Sir:—In your editorial of last Saturday treating of the subsidy voted to the Kootenay Central Railway, I notice a somewhat serious omission in your quotation from the Subsidy Act. However the mistake has occurred, I think it is only fair to you to call your attention to it, and to the Parliament which voted the subsidy, to supply the missing words. Permit me to quote the subsection as it stands in the Act: "To the Kootenay Central Railway Company for a line of Railway from Golden to the International Boundary, *Via Windermere and Fort Steele, and crossing the Crow's Nest Railway at or near Elko*, not exceeding 186 miles." The words under-lined are those omited. You will find this subsection quoted as above in one of your issues while you were publishing in Fort Steele

Yours Very Truly.

Hugh Watt.

In reply we will say that it was not our intention to comment on the route of the K. C. R., but to show that under the Subsidy Act, and statements made by the president of the company, that the subsidy granted would be nearer to $6,400 per mile, than $8,200, hence it was to the companys interest to complete the road within a reasonable time.

But Doctor! You might have quoted from section 7, (a.) of the charter. From Fort Steele to Elko or some other convenient point on the Crow's Nest Railway between Elko and Wardner, thence on either the east or west side of Wigwam River, or by the most convenient route to the international boundary line.

(b) From Fort Steele to Windermere, by either the east or west of the Kootenay River.

You know, Doctor, that the surveys have been run on the west side of the Kootenay from the Junction and near Wardner. And the original stockholders know full well that the matter of route is in the hand of the C. P. R., and will be run to suit the best interests of that company.

TOWN vs FIRE BRIGADE.

A Hot Contest Which Ended With an Appeal From Decision of Referee.

The first game of the football league was played on the recreation grounds on Friday evening last. The opposing teams were the Town and Fire Brigade. A large number were in attendance and much enthusiasm was manifested. The first half was very close neither team scoring. In the second half the interest increased and the Fire Brigade made its first goal on a penalty kick. Shortly afterwards another goal was made, then two more and it looked one sided Then the Town team succeeded in making a score and as darkness came on the game was closed. The Town team lodged a protest against the ruling of the referee. This was dealt with at a very enthusiastic meeting on Wednesday evening and after much discussion the game was declared null. The teams decided to play the game on Thursday evening which resulted in a tie, no goals being scored by either team.

"SCOTS' WHA HAE"

The Caledonian Society Celebrate The Battle of Culloden With Song and Speeches.

The regular meeting of the society was held in Patmore Hall last Wednesday evening and being the anniversary of the Battle of Culloden a special programme of Jacobite songs was presented. Mrs. Bartley sang the "Cameron Men" and "Will Ye No Came Back Agafn". Mrs. Abernethy, "Can Ye By Athole", and Wha'll be King But Charlie", Miss McReady Waes "Me for Prince Charlie". Mr. Marshall "Bonnie Mary of Argile". Mr. Thom, "Bonnie Dundee". Mr. Drew recited the "Saucy Mary Anne". It is needless to say that all the pieces were well rendered and enthusiastically received. The Chief and Mr. A. S. McKenzie gave a description of the history of the times that culminated on the bloody field of Culloden Moor, April 26, 1746. The ferocious conduct of the "Butcher", Cumberland, youngest son of King George in slaughtering or starving the wounded and prisoners was an indellible disgrace on that commander.

General James Wolfe who fell on the plains of Abraham and one of the youngest generals who ever commanded a British force, being Colonel under the Duke of Cumberland was asked by this humane Duke to shoot a prostrate Highlander. Promptly refused and said "My commission is at your Highness's disposition but I refuse to be your executioner". Those same men of the 42nd tenderly carried the noble Wolfe from the field at Quebec.

The Stuart cause vanished but time will never efface the gloomy memories of the barbarity perpetrated on the loyal and devoted few who adhered to the lost cause. The offer of thirty thousand pounds, an immense sum at that time, could not seduce the adherents of Prince Charlie to reveal his biding place. After five months of unheard of privation "Charlie" boarded a French ship and landed safely in France. Sir Walter Scott said that such disinterested conduct will reflect honor on the Highlands of Scotland while their mountains exist. Mr. McCowan gave a fine selection on the pipes "Johnny Cope", etc. At the end of the programme of song the remainder of the evening was spent in dancing.

What Do You Think of it?

Shortly after the G.T.P. contract was passed by Parliament a number of members who voted for it were appointed to lucrative offices in the gift of the government.

One minister, Mr. Blair, who had resigned on the question, and had made one speech against the bill, had then become silent and remained so during the remaining months of the session. He was made chairman of the Railway Commission at a salary of $10,000 per annum.—Lethbridge News.

Tarte Says 'Tis Scandal.

Tarte, writing in La Patrie, intimates that the North Atlantic Trading Company's scandal is serious. He wants to know of whom it is composed, and who pocketed the quarter million which the treasury paid out. He says the majority of the committee who supported Smart in his refusal to reply committed a grave error.—Calgary Herald.

King Comes To Canada.

London, April 20.—Speculating on the possibility of the King going to Canada, a correspondent says, his acceptance of Canada's invitation would also involve a visit to Washington. He argues that Roosevelt would be sure to extend an invitation. To refuse it would be too ungracious to be possible.

He declares that this phase will have to be kept in mind by the authorities in reaching a decision.

Imitation, they say, is the sincerest flattery. Have you noticed how our style of advertising has been imitated. Even to the very words.

Well its not hard to imitate our advertising, but to imitate our Clothing is a very different proposition. We show pictures of our Clothing and they are actual pictures drawn from actual garments.

The artist is not allowed to deviate one iota from the original garment. That's very different from going to an engraver and saying "Give us a swell Clothing Cut". Very different.

We have arranged with our artist to produce for your inspection, Mr. V. A. Rollins dressed in one of the New 20th Century up-to-date suits. Watch for Vic.
