VICTORIA, B. C.

The Prospector.

Vol. 11. CRANBROOK, B. C., SATURDAY, JULY 29, 1905. No. 31.

COMPRESSOR IS INSTALLED

New Machinery is Ready—Capacity is 30 Drills—This Gives the Mine Equipment of 50 Drills.

From the Moyie Leader.

The new mammoth 30 drill air compressor at the St. Eugene was set in motion this week. It is one of the largest pieces of mining machinery in East Kootenay, and makes the other two compressors in the same building look like infants. The new plant was made by the Jenckes Machine company of Sherbrook, Ont., and has a capacity of 3,000 feet of air per minute. It will furnish power for 30 Rand machine drills, bringing the number of these drills used in the mine up to 50. The two old compressors together only furnish power for 20 drills, so it will be seen that the new plant is a third larger than the two old ones combined. It required an addition to the building of 60x60 feet to make room for the new compressor and the two new boilers, which have a combined capacity of 500 horse power.

Unfortunately the carload of Rand drills and some other equipment for the mine has been delayed on the road, and until it arrives the working force will not be materially increased. When these machines arrive another 100 men will be put to work, mostly on development.

The shipments from the mine show no falling off, and the property never looked better than now.

We are not responsible for the opinions of contributors.

What Cranbrook Needs.

Contributed

1 A good water fountain, where every person can get a good cool drink free.

2 Patriotic men who are willing to take public offices for the honor there is in it, to benefit humanity, and not to rob the public.

3 The Canadian flag only if she wants peace.

4 One thousand more Orange men.

5 One thousand Swedes to till the soil.

6 A tariff tax high enough to make her a manufacturing center.

7 INCORPORATION.

8 The ditch through town cleaned out and all rubbish and dead Dago's buried.

9 The protestant churches united and in one building for worship instead of several small places to teach pet ideas.

10 The red-lights enclosed by a high fence, a book-keeper to see that every body registers before entering.

11 City to buy water works at cost.

12 A good wagon road to Marysville.

13 A good large hall for public use.

14 A No 1 school

15 A free gift to every family of eight, 320 acres of land.

16 An inspector of fruit trees to prevent this valuable industry being destroyed.

17 A tax on bachelors from 25 to 30 years of age.

18 To export $230,000 of imports.

19 To build Cranbrook instead of Spokane.

20 To co-operate with farmers on the Canadian plains and give them the same kind of tariff we want on lumber.

21 Our boys to have plots of ground to cultivate instead of running the streets.

COB.

Explanation Wanted.

The good people of Fernie are fearful of getting a dose of the same medicine that is rapidly depleting the population of Nelson and causing our tradesmen anxiety. The G.N.R., which, ever since construction from Gateway to Fernie, has maintained temporary repair shops and stores at the latter point, are moving the same to the other side of the line. With them go the staff in charge to build up another American town and deplete a Canadian. No doubt W. A. Galliher will be able to explain this to the satisfaction of East Kootenay.—Nelson Tribune.

County Court of East Kootenay.

The provincial government has abolished the county court of Kootenay and established the county court of East Kootenay and the county court of West Kootenay instead, to take effect on October 1st. It is generally understood that P. E. Wilson of Nelson will be appointed judge of the county court of East Kootenay.

DISTRICT MINING NEWS.

Of Interest to Those Engaged in the Development of the Mining Industry.

Bob Dewar was in town Monday. He has been engaged in developing a copper property on Alki creek.

Fred Hasen, who is the owner of a copper property in the St. Mary's district is working the annual assessment. There is a good showing of mineral which runs well in copper. The vein is said to have a width of 15 feet.

THE PROSPECTOR will be pleased to receive news from all the mining camps in Southeast Kootenay. Send it in so that the most remote camps may receive recognition.

Another order has been received at the office of the Crow's Nest Coal Co., at Fernie, from the Great Northern Steamship company in Seattle for fuel coal for the S.S. Minnesota.

The St. Eugene mine at Moyie is capitalized at $3,500,000, and has paid $210,000 in dividends.

The North Star capitalized at $1,500,000 has paid $373,000 in dividends.

The outlook for Perry creek and Wild Horse is bright and all placer mining companies are in active operation.

There are a considerable number of prospects in the vicinity of Cranbrook that bear the earmarks of mines.

The mining industry of Southeast Kootenay instead of declining has a bright future, and there is every indication that the silver-lead industry will be largely increased during the present year.

It is an indisputable fact that Southeast Kootenay presents more water power with favorable conditions for generating electricity than any other section of the province.

At the Traps.

The members of the Cranbrook Rod and Gun Club held a practice shoot on Thursday afternoon at which the following score was made:

Moffat	11111 11111 10111 10110 11101	21
King	01111 00000 01000 00010 00101	8
Atchison	11011 10000 01011 01101 00111	14
Dunbar	00001 01000 01100 01101 00011	9
Dickson	00101 10000 10101 00000 00110	8
Pinkham	11101 01101 10110 11100 01111	17
Grace	11110 11011 11101 11111 01011	20
Burton	01011 10100 01000 01011 01101	12
Pollen	10000 10011 11010 01111 00010	12

Preliminary Hearing.

James Gill was given a preliminary hearing before J. F. Armstrong, S.M., on Tuesday on a charge of stealing $500 the property of the Cobden estate. There being sufficient evidence as to his probable guilt he was remanded to jail at Fernie for trial at the next sitting of the County Court.

DROWNED IN LAKE MOYIE.

Fatal Termination of Sunday Afternoon outing.

J. H. Baxter, clerk in Dr. S. K. Harvie's drug store, was drowned in Lake Moyie on Sunday afternoon while bathing.

A party made up of several of the towns-people were having an outing on the west side of the lake. Baxter went across after supper and joined them. All went in bathing, and were enjoying the sport thoroughly, when Baxter was seen to sink and Geo. and Roy Clothier, two expert swimmers, commenced diving and soon had him out and on shore. The water was only seven feet deep where he went down. Every effort to resuscitate him prove useless. The supposition is that his heart failed him, for he was not in the water more than five minutes.

Baxter was 23 years of age and was a man of excellent habits He had been a resident of Moyie for about four months. His parents and other relatives live in Drumbo, Ont. His body was taken to Cranbrook, where it was embalmed and on Tuesday afternoon was shipped east for burial.

Local Happenings in Fernie.

From the Fernie Ledge.

The Elk river bridge is sadly in need of repairs.

Before becoming incorporated Cranbrook would do well to look at the fate of Fernie or Slocan City.

The fire is still burning in the Frank mine, and as it is above water level it may result in the abandonment of the mine.

In Chinatown there is a little Chink lad just three months from China. He wears knee pants and has already learned how to play ball.

Golden is wild with joy over the commencement of work on the Kootenay Central, and over at Windermere the local editor is putting butter on his bread.

The Crow's Nest Pass Coal Co. does not do business in the good old way spoken of in the bible. It does not heap coals of fire on your head. Probably can't spare them from the coke ovens at $4.20 per.

The Honorable R. F. Green's wife and family are visiting Mrs. A. T. Garland in Kaslo. Mrs. Garland is the daughter of Mrs. Jennie E. Harris, who is at present in Fernie.

The Result In Alberni.

In the Alberni bye-election the government candidate, Manson, has 54 majority so far. Five small places are yet to be heard from. The returns received are as follows:

	Manson.	Aitken.
Wellington	64	41
Alberni	54	36
Bamfield	9	3
Clayoquot	10	12
Parksville	29	17
New Alberni	11	8
Nanoose	7	9
Ucuelet	9	7

The less accessable places, like Nootka, Quatsino, Texada, and the Danish settlement at the northern end of Vancouver Island, are yet to be heard from, and a couple of days will be necessary at least to determine the exact result.

Will Play at Cranbrook.

We are pleased to announce the return engagement of the popular Sherman Platt Co. to our city for two nights next week; Wednesday and Thursday, August 2nd and 3rd, after a most successful engagement of three weeks at Nelson.

The high class of plays they produced and the excellent reputation they left, when here a few weeks since are still fresh in the memories of our people and are better than anything we may say.

The plays to be produced this engagement are to be the great Russian drama dealing with the cruelty of the Jews and the treatment of the exiles to that terrible land "Siberia," and on Thursday the exciting drama dealing with the "Bulls and Bears" of the Stock Exchange; "The Henrietta."

Each of these plays will be presented in a correct and detailed manner and we bespeak for them better houses than upon their former visit. Don't fail to remember the date; August 2nd and 3rd. The plays "Siberia" and "The Henrietta," and last but not least; "The Sherman Platt Co." Western Canada's favorites.

THE FERNIE FIRE

Lack of Water and Fire Fighting Apparatus Hampered Firemen

At 12:30 a.m. Thursday morning fire broke out in the Free Press building, either in the printing office, or Carruthers tailor shop. The origin of the fire is unknown. It spread rapidly, and burned $75,000 worth of property, upon which the insurance is about $30,000. Those burned are: Free Press, G. W. Carruthers, Handley's coal office B. C. Furniture Co., Northern Hotel Barber Shop, Cigar Factory, Kenny and McLeod, Great Northern Ticket office, C. O. Demaurez, C. C. Wright, Chas Laidley, and law office of L. P. Eckstein. Across the street the buildings were scorched and windows broken from the Post Office to P. Burns & Co. The water supply was of little use, and it was a piece of good luck that the city was not annihilated The lack of wind and the rain of a few hours previous did much to save the city. Great indignation is expressed against the City Council and Coal Co. for the condition of the water supply for fire purposes.

It required a strong fight to save the Waldorf Hotel, and the removal of furniture and damage dy fire of this fine building will amount to many thousands of dollars. In order to do something to smooth the public feeling the City Council are taking up subscriptions for the firemen, and granted a gold metal to H. Lechard for his opportune work in helping to save the Waldorf. It was exasperating to see the brave firemen hampered for a lack of water and hook and ladder trucks. There were several slight accidents caused mainly by falling glass. The district burned is the remnant of the business section saved in the fire of 15 months ago. None but brick buildings can now be erected upon the burned area.

Lacrosse at Lethbridge.

The Cranbrook Lacrosse team will leave by tomorrow's east bound train for Lethbridge, and on Monday will play the Lethbridge team one, of a series of games for the Levassur Cup. The team will be selected from the following players: Messrs Mannahan, Miller, Staples, McArthur, Bathie, Black, Porter, Graham, McCulloch, Cowan, Mannahan, Carruthers and Patten. Manager McSweyn will accompany the team to Lethbridge.

LABOR DAY AT CRANBROOK

Will Distribute $1200 in Prizes.

Labor Day will be celebrated at Cranbrook, and it is expected that all former celebrations will be eclipsed.

At a meeting held in the Herald office on Thursday evening the committee completed the programme, which consists of 28 events, and a total of $1200 will be distributed in prizes. The committee is to be congratulated upon their success in the matter of programme, transportation, and other arrangements which all tend to make the BIG CELEBRATION a success.

Special arrangements have been made for trains to run from Spokane Junction, Ryan, Moyie, Kimberley, Marysville, Elko, Jaffray, Fernie, Mayook and Fort Steele Junction. Visitors from all parts of Southeast Kootenay can come to Cranbrook and help celebrate Labor Day.

The entire programe which will be published in the next issue of the PROSPECTOR includes a big industrial parade, Hose Reel races, Horse races, and many other industrial events.

COAL FIND ON OKANAGAN LAKE

A Seam, 52 Inches Thick, Discovered at Shorts Creek.

A. W. McVittie, of Cranbrook, East Kootenay, has located five square miles of coal land on Short's creek, west of Okanagan Lake, where there are several seams of good bituminous coal, the principal seam being 52 inches thick, outcropping on the side of the mountain north of the valley. The openings made for examination are 2,700 feet above the creek and 2,800 feet above the water level of Okanagan Lake, but Mr. McVittie states that the seam dips at such on angle that they must cross the creek about a mile further up stream and the coal can be mined by drift from there, although, at present, the slide rock covers the formation so that nothing of it can be seen.

Specimens have been sent to several analysts for reports, and it is evidently a very good bituminous coal which can probably be mined and placed on the market for $4 per ton, without the expenditure of very much capital. The cheap development of the mine will depend partly on the fact that a good wagon road can be built, with a steady down grade, all the way from the mine to the lake, at a comparatively small cost.

The discovery was made by the well-known old-timer, Jim Christie, who appears to be familiar with the mountains from the North Pole to California.

An analysis of a coal sample gave the following result, 58·8 carbon, 33·8 volatile, 8·2 ash, and is shown to be a coking coal of fair quality.

Several prominent men of Vernon have agreed to take hold of the property and spend $50,000 in development.

Labor Day at Cranbrook.

The people of Cranbrook will celebrate Labor Day in a good old fashion way. A splendid programme has been prepared. Among the numerous events will be Baseball and Lacrosse games, Horse racing, Foot races Drilling contest, Football, Tug of War etc.

An invitation is extended to the people of the district to join in and make the jollification a memorable one. The C. P. R. will give reduced rates for the occasion.

Relief for Expedition

Halifax, N. S. July 29:—The Newfoundland sailing steamer Neptune, under charter of the Dominion government, sailed today for Hudson Bay with supplies and relief for the Canadian expedition sent there last year on the steamer Artic. The Neptune will land supplies of coal at Cape Chedly, near the Hudson Strait entrance, and Cape Wolstinholme, at the extreme end of the eastern coast of the bay. A small force of mounted police goes along to relieve those now on the coast of Hudson Bay.

STRIKE ON TOBY CREEK

Prospectors Discover Vein Of High Grade Silver

A rich strike is reported from northeast Kootenay. Prospectors on the north fork of Toby creek, an affluent of the Columbia, have found a vein of very high grade silver. The location is near the line of the Kootenay Central railway.

S. S. Fowler, who has lately returned from a visit to the Paradise mine, states that, while work is progressing in many mines and claims in the Golden district, no definite advance can be made until transportation facilities are secured.

"We are working the Paradise," said Mr. Fowler, "with a force of half a dozen men. Everything is satisfactory so far. There is no object in hastening development. We can't ship until the railway is through.

"I don't think anything has been done yet towards beginning railway construction. There is a party of about 15 men, chiefly Galicians, in camp about five miles south of Golden. They are said to be the advance guard of a construction party.

"Yes there is some excitement in the district. It began just as I was leaving there. A strike of very high grade silver on the north fork of Toby creek. I didn't hear the name of the mine or of its owners, but the strike is apparently genuine. The whole district is excited. I believe the strike is silver with very little lead in it"

Regarding the above mentioned strike the Golden Star says: Messrs. G. Stark and H. B. Washburn report the discovery and location of what is believed to be one of the richest and most important strikes yet made in northeast Kootenay. The Star has learned that they have a ledge four feet wide, uncovered in places for 100 feet, showing ore 15 inches in width. The lead is in carbonates. It is silver lead ore and runs 300 ounces in silver The discovery was made on Toby creek above the north fork.

LOCAL NEWS.

J. A. Treporten, was registered at the Cranbrook Friday.

The Kootenay Central appears to have many boosters these days

I. Roberts was at Moyie this week on business.

J. Neil, of Marysville, was in the city Wednesday.

Otis Staples, Bayard, was in town Thursday on business.

G. A. Clothier, Moyie, was a guest at the Cranbrook Thursday.

Mr. and Mrs. L. B. VanDecar returned Friday last from a visit to the Coast.

Walt Edwards returned Thursday from Montreal, he reports a warm time in the Quebec capital.

Chas E. Reid left on Saturday last on a visit to the Coast where he will join Mrs. Reid.

J. W. McBrim, Morningside, Atla., was a Cranbrook visitor on Thursday.

Mr. and Mrs. A. W. McVittie and Miss King, will go today to Moyie on a short visit.

Mr. and Mrs J. Hamburg, Brandon, were Cranbrook visitors Friday.

F. A. Corley representing J. M. Forteir Montreal, was in the city Friday.

R. L. T. Galbraith and William Langley of Fort Steele, were in town Saturday.

Mrs. Harry White returned on Wednesday from a visit to the coast.

Matt. Easterbrook, was down from Kimberley Thursday on business.

The big lumber drive on the Kootenay river is over. Over eight million feet are now safely lodged in the boom at Wardner.

Farm lands in the vicinity of Cranbrook is in demand and the price is being advanced.

Local nimrods report that the fish are biting good in the St. Mary's river and Perry creek.

A. B. Fenwick, Fort Steele, was in town Thursday on business.

J. Ryan, the proprietor of the Central Hotel Wardner, was in town Thursday.

Mrs. Taenhauser moved into the house formerly owned by the Pettits, on Thursday.

Mr. and Mrs. J. Netterfield returned Tuesday from a visit to West Kootenay.

The Prospector is under obligations to Editor Lowry of the Fernie Ledge for its account of the fire at Fernie.

A. McLeod, of Edmonton, A. R. Bush, of Seattle and Mrs. A. A. Wannamaker, were guests at the Cosmopolitan Friday.

J. B. Simpson, Vancouver, Mr. and Mrs. G. B. Halford, Vancouver, were guests at the Cranbrook Friday.

Percey Shrypton, of Wardner, was up before Magistrate Armstrong on Friday for forgery. He was committed for trial.

H. Wilson, and Wm. H. Dougal of Joliet, Ill. F. E. Austin, Kimberley and W. Clayton, Nelson, were registered at the Royal Friday.

KOOTENAY CENTRAL RAILWAY

Items of Interest From the Upper Columbia Valley.

From Golden Star.

The surveyors and a portion of the grading gang went to work on Monday last laying out and making cross-sections of the route to be followed by the Kootenay Central Railway. The entire party is working in the vicinity of Nicholson's ranch where they are camped and all are busy. Considerable preliminaries have yet to be done before actual construction begins. Mr. McPherson, who made the trip up the valley on a right-of way purchasing mission, was very successful, getting agreements of sale from the majority of ranchers along the route.

After a rehash of the Star's article of last week on the Kootenay Central railway, the Revelstoke Herald adds: "The advent of the railway into this most fertile valley will attract the attention of outsiders, and a new era of prosperity has undoubtedly dawned for the Upper Columbia valley."

A baseball league is being formed consisting of clubs located at Cranbrook, Fernie, Calgary, Medicine Hat, Trail and Rossland. Why not include Golden? We have the players here who can handle the goods.

Large numbers of laborers are arriving daily in Golden to join the construction gang of the Kootenay Central Railway.

Cranbrook.

The visitor at Cranbrook has forced upon him the knowledge that an era of advancement and prosperity is in progress, that means much in the upbuilding of the mining and lumbering industry in the vicinity of this town.

Scotch Day Celebrated.

Chicago, Ill., July 29:—Scotch Day was celebrated by the Caledonian Society of Chicago today with a big outing at Sante Fe park. The athletic sports and dancing and bagpipe contests were participated in by a number of professionals from Scotland and Canada.

The Prospector.

SATURDAY, JULY 29, 1905.

THE home-seeker should bear in mind that lands in the vicinity of Cranbrook can be obtained as cheaply as lands in any portion of the great northwest. The best land with the finest soil is on the market for $5 to $10 per acre. The price varies with the locations, local production never exceeds consumption. The mines and lumber mills of the district furnish a home market for all kinds of farm produce. Every acre of cleared land is sure to yield a crop the year it is planted. There is no crop failure in this neighborhood, and no transportation charges to eat up profits.

• • •

There is but one good satisfactory way to build a town, and this way requires it to be built by the people that call it their home.

• • •

At Fort Steele the dearth of railway news is naturally discouraging. We can only say keep up courage, develop the mines and lure the capitalist in to unearth the wealth which lies hidden in the mountains.

• • •

Labor day well soon be here, and where is the man, woman or child, within Cranbrook's fold, who is not prepared to celebrate.

• • •

As a fact British Columbia today is attracting the attention not only of Canada but the world. You can't take up a paper from the remotest part of the world that does not speak of the Kootenay and Cranbrook.

• • •

Uncle Sam's idea of reciprocity is apparently to throw the hooks into Canada at every opportunity.

• • •

It is not "What happened at Alberni" that is worrying the opposition leaders, but what will happen at Victoria at the next session of the Provincial Assembly.

• • •

A conference of provincial premiers will be held shortly with Sir Wilfred Laurier to finally adjust the question of provincial subsidies.

• • •

The Dominion Parliament prorogued Thursday July 20—and British Columbia will demand an account of the steward-ship of the "Big Seven" from this province.

• • •

The Alberni bye-election resulted in the return of the McBride candidate, Ex-Mayor Manson of Nanaimo.

• • •

As the victory in Alberni renders the government more stable, it will tend to make legislation introduced more independent and more satisfactory to the province at large.

• • •

The weather man is acting as if he didn't care what he did since Alberni went government.

• • •

Russia demands peace with honor, while Japan demands peace and plenty.

• • •

It is no idle boast to say that the prospects of Cranbrook were never more flattering.

• • •

The man who stays with Cranbrook will be strictly in it.

• • •

"Peary Pikes for the Pole" is the way an American exchange has of intimating that the explorer is proceeding to investigate the cold storage department of the continent to which we belong.

• • •

Protection would keep Canadians at home to earn millions of dollars that now go in wages to the Americans who produce goods for the Canadian market in the United States factories.

• • •

The employment of Canada's common sense in the construction of a tariff against the United States, would mean the erection of factories and the outlay of $35,000,000, per annum in good wages to thousands of skilled artisans.

• • •

Further returns are likely to increase the majority of Mr. Manson, whose victory is of a most decided character. An "esteemed contemporary" regrets that "Alberni did not rise to its opportunity". There is something about that method of expressing disappointment to suggest that the wrong kind of bait was used.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

If you want a refrigerator buy Maycock's dry air patent Refrigerator guarenteed to keep provisions better than any other sold in Cranbrook.

LICENCES FOR SELLING NURSERY STOCK.

Attention is directed to the Provisions of Sec. 17 of the Horticultural Board Act which reads as follows:

"No person, firm or corporation shall engage "or continue in the business of selling, as "principal, agent, solicitor, or otherwise, "within the Province, fruit trees, plants or "nursery stock, or of importing for sale, fruit "trees, plants or nursery stock into the Province, without first having obtained a licence "to carry on such business in the Province as "in this Act provided".

All persons authorized to sell nursery stock in this Province are required by their principals, or by themselves to deposit bonds, in the Department of Agriculture, Victoria, for the faithful performance of their obligations. The public is therefore warned not to purchase nursery stock except from duly licenced persons.

Sunshine Furnace

DOUBLE FEED-DOORS

Just about the meanest thing a furnace can have is a dinky little door. Ever have one? Hit the edge as often as the hole? One has to be an expert stoker to shovel coal into some furnaces. If you're not an expert you'll get as much on the floor as in the furnace.

The Sunshine furnace is equipped with a good, big door. You can put your shovel in and drop the coal just where it is wanted—no trouble, no taking aim, no missing, no scattering, or annoyance.

Everything about the Sunshine furnace is on the same scale of thoughtfulness.

Sold by all enterprising dealers. Write for booklet.

THE KOOTENAY CENTRAL RAILWAY COMPANY.

The Annual General meeting of the Shareholders of the Kootenay Central Railway Company will be held at the head office Cranbrook B. C. at 11 a.m. Monday, September 4th, 1905, for the election of directors and for the transaction of other general business.

Dated at Cranbrook, B.C., this 19th day of July, 1905.
30 W. A. MACDONALD, Secretary

NOTICE.

TAKE NOTICE that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special licence to cut and carry away timber from the following described lands near Perry Creek, in Southeast Kootenay.

Commencing at a post planted forty chains south of the south west corner of John F. Bridges' pre-emption, thence south eighty chains, thence west eighty chains, thence north eighty chains, thence east eighty chains to point of commencement.

Dated June 26th, 1905.
27 GEORGE A. LAURIE.

NOTICE.

Notice is hereby given that sixty days after date I intend to apply to the Hon. the Chief Commissioners of Lands & Works for permission to purchase 320 acres of land in the East Kootenay District and more particularly described as follows:—Commencing at a post planted to mark the south west corner of T. W. Bingay's coal claim said post being two miles north of lot 4588, group 1, and about half a mile east of Elk river; thence east 40 chains; thence south 80 chains; thence west 40 chains, thence north 80 chains to the point of beginning.

Elk River, B. C., June 24th, 1905.
J. Hg TURNBULL.
