Kootenay Central Rumors.

From the Outcrop, Wilmer.

There has been many rumors afloat the past week concerning the future construction of the Kootenay Central, yet it is not clear just what they amount to.

By phone from Golden it was learned that the Vancouver contracting company that have been carrying on construction in a desultory way for over a year had quit work and Saturday shipped out all their horses and implements, and broke up their camps, and this fact is confirmed by men who have since arrived from Golden.

Since then there is a persistent rumor afloat that the C. P. R. has taken over the road entirely and will at once put on a big construction force and rush the work to completion. The authority for this rumor is not made known yet it is given credence, and it is hoped will prove true.

From Golden Star.

Last week word was received by those in charge of construction to stop all work on the grade forthwith and ship all material to Vancouver, even to the men—as many of them wished to go, and this week has been spent in striking camp and getting the outfit loaded for the trip west. The men have been promised free transportation to the coast and a year's steady work on their arrival, but many of them have decided to remain in the valley and have accepted positions with the Columbia River Lumber Co., who are offering big wages to men who are willing to work.

There are all kinds of rumors floating around now as to what is going to be the next move, and the one that is given the most credence is that which says the C. P. R. is about to take charge of the work themselves and from now on construction will be pushed with haste. At all events it is understood that a steam shovel will shortly arrive and the work of filling in across the slough proceeded with at once. This will necessitate the construction of a spur from the mill line, which it is understood is to be done, and the work carried on in that way throughout the winter. If the C. P. R. has taken matters in hand, we may expect to see something doing.

Southeast Kootenay Ore Shipments

The week's output of Southeast Kootenay silver-lead mines were as follows:—

	WEEK	YEAR
St. Eugene....	151	25,644
Sullivan	600	22,644
Total	751	48,288

Gug Fawkes Day.

Monday the 5th of November was the three hundreth and first anniversary of the discovery of the gunpowder plot and was celebrated all over England by the youthful population. Effigies of Fawkes were burned and fireworks indiscriminately used. Fawkes and his co-conspirators were caught red handed, in the vaults under the house of Commons, during the setting of a session of Parliament in the reign of King James I, about to lay a train to over 100 kegs of gunpowder.

Once Again.

The Vancouver, "Hot Air" correspondent of the Nelson Daily News, once again reports that it is the intention of Premier McBride to appeal to the country before another session of the present Legislature. He throws in, as news, that no date has yet been fixed.

Cherboneau-Stivens.

A quiet but pretty home wedding was solemnized on Monday evening at the home of Mr. and Mrs. Stivens when their daughter Edna Louise became the bride of Mr Joseph Fred. Cherboneau of Moyie. Only a few invited friends were present. The ceremony being over the wedding dinner was served and the evening spent in social chat. Mr. and Mrs. Cherboneau will reside in Moyie and carry with them the best wishes of many friends.

Will Contest Dewdney.

Robert Jardine of New Westminster has been selected by Dewdney Liberals to contest that seat for the Provincial House with Premier McBride at the coming election.

Smelter Closed Down.

The Marysville smelter was closed down this week. The principle cause of the shut down was the freezing of one of the lead stacks, and not having sufficient coal on hand to thaw it out, and start up again, it was decided to remain closed down until a sufficient supply of coal could be obtained.

King Edward VII Celebrates Sixty-Fifth Birthday.

London, Nov. 9th.—The 65th anniversary of the birth of His Majesty, King Edward the VII was observed all over his majesty's dominions today. At Sandringham congratulatory telegrams poured in from all parts of the world. The usual military reviews were held in all the barracks in Great Britain and Ireland and the battleships decorated. Notwithstanding reports to the contrary his majesty enjoys remarkable good health.

Council Meets

Tarpon Caught In Nova Scotia.

A number of tarpon have recently been taken on the Nova Scotian coast. Professor Rince, Canadian Commissioner of Fisheries, in a report to his government states that the tarpon are fully developed and are splendid specimens of their kind. It is well known that the tarpons haunts are on the Florida and Mexican coasts and so far as known here its appearance in Northern waters has never before been recorded. The staff Canadian biological station during the last four or five years have secured a large number of fishes, native to Southern waters which coupled with the discovery of tarpon, is believed by experts to strengthen the theory that changes are taking place in the course of the gulf stream and Atlantic currents.

London New Lord Mayor Takes Office

London, Nov. 9—Sir William Purdie Treloal was this morning at the Guildhall sworn in as Lord Mayor of London. The Lord Mayors Show, a relic of the madeival times, is being held through the streets. As Lord Sir William will have to eat a prodigious number of dinners, spend four times his salary of $50,000, in entertaining, wear gorgeous robes, ride in an uncomfortable and wonderful old coach, and go through a lot of fussy ceremonies just as they were carried out for the past seven hundred years. Sir Wm. who is 6 feet 2 inches in height and a jovial after dinner speaker, is known as a philanthropist his pet hobby being the care of crippled children. He was knighted by the late Queen Victoria.

STATE ELECTIONS.

All Republican States Stand Pat—Democrats Cling to the Solid South.

New York—According to returns received this morning Charles E. Huges, the republican candidate for governor, of New York, has been elected by 55,000 plurality.

Montana is republican by large majorities. Chas. N. Pray, and H. C. Smith, republicans, have been elected to congress.

Washington State has given the usual republican majorities, which will run up to about 30,000.

Washington, D. C. The next congress will be republican. Returns show 201 republicans, 153 Democrats.

The solid south is Democratic as usual. Ex-senator Dubois still claims Idaho for the Democrats.

Massachusetts, Iowa and Kansas are Republican by large majorities.

The Democratic party has held the solid south but failed in its efforts to invade to any extent the states now held by republicans.

Colorado had a real landslide, the republican ticket being elected by fat majorities. The defeat of Hearst in New York is a subject of rejoicing all over the United States.

Republicans win with ease in Pennsylvania, their majority being over 100,000.

California is also Republican by 10,000 majority.

Minnesota elects a Democrat governor but the balance of the state ticket is Republican.

Illinois went Republican by a larger majority than ever. Indiana, Republican by 40,000 Ohio by 70,000. West Virginia, Republican, also Deleware and Wisconsin. New Jersey has a Republican majority, Utah, Wyoming, Michigan and North Dakota gave republican majorities. Idaho is also claimed to be in the Republican column.

Caven-Dickerson.

At St. Andrew's manse, Vancouver, on Saturday evening, Nov. 3rd, the Rev. R. J. Wilson united in marriage Mr. Thomas Donald Cavin, a popular C. P. R. conductor of Cranbrook, B. C. and Miss Elizabeth Dickerson of Vancouver. Mr. and Mrs Cavin will go to Cranbrook to reside.—Vancouver Province.

MEETING OF COUNCIL.

What the City Dads are Doing to Promote the Welfare of the City.

The City Council met on Wednesday evening in the Council chamber, and transacted the following business.

There were present His Worship Mayor Rogers, and Aldermen Ryan, Fink, Jackson and Baker.

Minutes of meetings held on October 10th and 19th were read and adopted.

Communications from the Water Supply Co. W. F. Gurd and the city solicitor, re electric lights and water supply were read. Permission being given, W. F. Gurd then addressed the council. On motion, the communication from the above named gentlemen, and the Water Supply Co., were referred to the committee on Fire and Water.

Authority was granted by the city to contractors Kerr & Campbell to effect certain changes in the construction of the basement and foundation of the new civic building, and that the architect in charge receive a written notification to that effect.

Accounts were then presented by Finance Committee amounting to $2,176.74, and on motion these accounts were ordered paid

On motion of Aldermen Ryan and Baker the ringing of the Fire Bell at 7 a.m., 12 noon, 1 p. m. and at six p. m., were ordered to be discontinued.

The salary of the city medical officer, Dr. Connolly was increased to $25 per month to take effect from June last.

On motion, By-law No. 29 was then reconsidered and finally passed.

On motion, By-laws No. 30 and 31 were reconsidered and finally passed.

Alderman Baker then gave notice that an application will be made at the next regular meeting of the council for aid in the purchase of an ambulance for the hospital.

Alderman Baker gave notice that he will at the next meeting of the council introduce a by-law to regulate the speed of automobiles and moter vehicles within the municipality.

Council adjourned at 10-45.

U. S. Emigration To Canada.

The number of immigrants into Canada during the past year was 180,064 an increase of 42,798 over 1905. The immigrants from the United States numbered 57,919, or 14,267 more than in 1905. Canada has for years pursued a policy of inducing immigration by extensive advertising and paying bonuses to immigration companies. It is said that each British immigrant costs Canada $13 and agriculturists and servants from the continent of Europe cost the government $5 each. The homestead entries in 1905 amounted to 34,645 in Manitoba and the north west. The so called fertile belt in this section of the dominion contains 90,000,000 acres suitable for settlement, of which 67,250,000 have been granted to railroads, homesteaders etc., leaving 22,750,000 acres for new homesteads.

Liberals are Alarmed.

Liberals here are in great distress over the coup made by Premier McBride on the question of better terms. At a meeting of the Victoria Liberal association last evening, R. L. Drury, M. P. P., openly admitted that McBride had made a hit and he urged that Mr. Macdonald, leader of the opposition, be sent for to stay the tide which is running so strong in McBride's favor. It is likely that Mr. Macdonald will address several meetings in Victoria as soon as his forces can be got together.—Moyie Leader.

The Prospector.
ESTABLISHED 1895.
A. B. Grace,
PUBLISHER AND EDITOR.

The Prospector.

SATURDAY, NOV. 10, 1906.

WE note with a great deal of pleasure the attitude of the Police Commissioners in regard to the moral welfare of our city. Mayor Rogers and Alderman Ryan are certainly doing a good work and it is to be hoped that the policemen will do all in their power to carry out instructions given. A clean town is the order of the day. Slot machines with their faces to the wall, look much better than before. A certain element being warned of their evil ways also means much. May the good work go on. One thing that surprises us is the attitude of the "Herald." It is not long since the "Old Man" wished an open town, but now that the police Commissioners are taking steps to clean house the Herald changes attitude and wants to get credit for starting the good work. Oh no! honor to whom honor is due. We note with pleasure however the conversion of the Herald editor and hope he will continue to live up to those articles and do all he can for good citizenship.

* * *

Once more the Herald speaks of Conservative politics in this riding. For the benefit of a few who may be influenced by the articles contained in the columns of that paper, we would wish to state that "the old man" is far from knowing the affairs of the Conservative party. One good thing, however, the people have learned is that he does not mean all that he says, and knows very well that what he says is a wild speculation. If his paper was independent in the least degree, the editor would have an opportunity of getting in touch with both sides of politics, but no one believes for a moment that the columns are independent, and very little attention is paid to these articles.

The Conservative party is not divided but is stronger and more united than ever and is gaining ground all the time. The "Old Man" seems to be the only one worrying. Keep on "Old Man". If that is your method of organizing, you are doing us a vast amount of good.

* * *

All over the Province the Liberals are expressing themselves as disappointed in their Provincial leader. Mr. Macdonald is a faithful man but is just now playing a losing game. Let the "Old Man" have a chance at the leadership and watch things fly. Are the Liberals ready for that December election? What, election is it? The election of a new leader?

* * *

Watch Cranbrook grow! We mean in Conservative politics.

* * *

Mr. J. A. McDonald and Mr. Duncan Ross have been traveling in pairs through the Similkameen district again, this time addressing meetings on the political issues of the day. We are informed by the local organ of the opposition that they were greeted with thunderous applause at almost every point where they deigned to address the electors. This is good news but it is overshadowed and chilled by the probable fact that not one of the enthusiastic electors knew what these spellbinders were talking about. According to the local organ, Liberals do not understand political speeches, and it is now up to some authority to tell us who directed these Similkameen people when to shout.—Nelson Canadian.

THE I. O. F. RED HERRING

Facts for the Liberal Press to Digest—Comparison of Methods.

The manner in which Liberal papers big and little (particularly little) are neglecting the London by-election disclosures, in their intense desire to exploit the I. O. F. investigation in which the names of certain hard-hitting Conservatives can, with a little skillfully applied inuendo, be dragged into publicity in a disagreeable sort of way, will repay a little careful examination, says the Hedley Gazette. The cartoonist of the Toronto World describes it as a mean little trick on the part of Laurier, Fielding and the Rev. Toronto Globe, in starting a dog fight in front of the Indian doctor's tepee while the cabins of their pals of the Canada Life, Sun Life, Manufacturers' Life and others are left in quietude. This insurance commission has, in Shepley and Judge McTavish, a pair of pliant servile tools who will do the bidding of the Ottawa bosses as obediently as any other commission appointed by the same government during the past ten years.

A while ago they had the Canada Life under investigation but when it was seen how Pellatt and other pals of the Globe and Wilfred were juggling with the company's funds through the medium of mortgages and temporary loans to provide funds for private stock speculations, and the amount of single loans to Pellatt exceeding by far the aggregate of I. O. F. money or Union Trust money borrowed by the Foster, Fowler, Pope syndicate for their C. P. R. land deals, how quickly Sleuth Shepley dropped the scent. Now they are wishing that the I. O. F. scent had been dropped about as quickly, for the further this very fanciful investigation proceeds the better does the position of Mr. Fowler and his associates appear in comparison with the others of the Canada Life. Fowler was represented as getting tips from the Canadian Northern as to route to be taken by the Mann & Mckenzie road, but now Dan Mann, in the witness box, laughs at the charge and says that not only was Mr. Fowler shown the route map but every newspaper reporter who called at the company's office was shown the same.

An amusing feature of the boomerang character of the I. O. F. scandal is that in order to get a crack at Foster, Fowler and Pope, they have to implicate Justice Boyd of the Union Trust Co., who did such yeoman service for them on other stuffed commissions, and also Peter Ryan who fought their battles in the Toronto wards. And now we see the mess that pal Peter has got himself and them into in the disclosures coming out of his land deals with the late Ontario administration.

But if Foster, Fowler, Pope and their associates have done the I. O. F. out of a dollar, why are they not proceeded against? The answer to this is that there has been no wrongdoing upon which they can lay a charge for prosecution, and the whole affair is to distract public attention from the London by-election scandals in which a minister of the crown figures in a very un enviable light.

When the Foresters affair was laid before the electors of North Renfrew side by side with the Saskatchewan land deals participated by relatives of federal ministers, the answer was 1000 majority for the Conservative candidate. Is it any wonder that the Toronto News admits that things look blue in Ontario for the Ottawa administration?

NOTICE.

Notice is hereby given that sixty days after date I intend to apply to the Honourable the Chief Commissioner of Lands and Works for permission to purchase a certain piece of land situate in the District of East Kootenay, and being an island lying in the Elk River adjoining the northerly boundary of Lot 6678 Group 1, Kootenay District, containing 320 acres more or less.

Dated this 21st day of August, 1906.

PRICE PROTECTION

What's to prevent a retail dealer who sells a not-priced shoe from sizing you up as a well dressed prosperous person and charge you $6.50, or $5.50, or $4.50 for a $3.50 shoe? Never thought of that, did you.

What do you know about the quality or value of a shoe? Nothing! You can't tell whether a dealer should charge you $3.50 or $6.50. Even if you were an expert you couldn't tell, as all shoes look alike when painted and polished. Paint and polish veneer cover up a multitude of shoe sins.

There's but one way you can prevent the dealer from overcharging you. There's but one way for you to know that you're paying the right price. That way is to buy a Slater in an authorized and chartered Slater Shoe Store or Agency.

That store is bound by contract to sell genuine Slater Shoes and to sell them at not one cent higher, nor one cent lower than, $3.50 and $4.00, for women and $4.00 and $5.00 for men.

Besides, the price is labelled on the lining of each and every Slater Shoe.

Moreover, our advertisements proclaim from the house tops that the price of Slater Shoes is $3.50 and $4.00 for women and $4.00 and $5.00 for Men.

You've absolute Price Protection in the Slater Shoe. Costs a dollar less than the best American makes, and is precisely the same shoe. For men and women.
