CRANBROOK'S SECOND ANNUAL FAIR A GREAT SUCCESS

Bigger and Better than Ever --- Large Crowds --- Splendid Exhibits --- Fine Weather

The second annual Fall Fair of the Cranbrook Agricultural Association has passed and the management are to be congratulated on its unqualified success. It would no doubt be an easy matter to point out several defects but those seeing these are looking at the matter from a standpoint of one who has no responsibility and is care free. It is only by experience that things can be brought nearly to perfection. Disappointments cropped up galore and some of the judges promised by the Department of Agriculture failed to put in an appearance and it was necessary to find local experts to take their place.

Owing to the unavoidable absence of Mr. J. S. Dennis of Calgary who had been invited to perform the opening ceremony, that duty was very appreciatively performed by the popular member for Cranbrook district, Thomas Caven, M. P. P. Mr. Caven in a few words welcomeh those present and declared the Second Annual Fair duly opened. As soon as this ceremony was over the visitors wended their way to inspect the various exhibits in the fruit, fowl, art and mercantile departments. The Fink Mercantile Company had the centre and front stall which was very attractive, and from which they dispensed excellent tea and coffee. In rear of these was the Quain Electrical Co., with an attractive display of electrical labor-saving devices and this proved very attractive to the ladies On the left, the first booth was occupied by the Cranbrook Trading Co., displaying a large and attractive assortment of harness, saddlery, trunks etc. In conjunction with their display of buggies just outside of the building. Next to them was Patmore Bros, showing a splendid line of steam and hot water fixtures, also the celebrated De Lavel cream seperators. Next in order was the Sash & Door Factory with a splendid display of finished doors, windows and timber. Next was a cosy reading and lounging room furnished by the C.C.S. and Mrs. W. B. McFarlane were in charge of this cozy retreat. G. B. Powell with the famous Singer Sewing Machines had the next place and Mr. Powell answered all enquiries in regard to this standard sewing machine. The next stall was occupied for a dairy hemonstration in charge of an expert commissioner. Almost opposite was the booth occupied by the East Kootenay Produce and Provision House, who had a large and attractive display of buggies and wagons manufactured by the famous Tudhope Co., for which they are the agents; this booth was in charge of J. D. Murray local agent and T. B. Brown the travelling representative of the Tudhope Co. This company also had a large display of harness, saddlery and horse blankets.

The proceedings of both days were enlivened by the Cranbrook Band who discoursed appropriate selections which was much enjoyed by those in attendance.

WEDNESDAY'S RACING.

A good programme was arranged for Wednesday afternoon. The racing started at a quarter past two The judges were Dr. Rutledge, Vic. Rollins, J. W. Robertson, with Chas. McDougall and C. M. VanWormer as starters. The racing was good from start to finish. THURSDAY'S RACING.

On Thursday the racing was carried on under the best of conditions. The rain had laid the surface of the track and made excellent going.

The race for the matinee cup, presented by the Fink Mercantile Co., was a runaway affair for Dr. Rutledge. He holds the cup for one yeat and must win it three times in succession before it will become his property. One of the Indian riders lost control of his horse which bolted and carried him twice round the track before stopping.

UNION LABEL

The latest canard on the question of Conversative leadership is that sprung by United Canada which is published at Ottawa. That paper states that Premier McBride has been approached by Sir Wilfrid Laurier through the medium of John Hendry and offered his choice of any portfolio in the Laurier cabinet with the agreement of accession to the Liberal leadership if he will abandon the Conservative party before the next election. United Canada in making the statement claims to have obtained its information from a prominent resident of Victoria and to have had it confirmed by one of Sir Wilfrid's most intimate friends in Quebec. United Canada goes on to say that "after examining the political situation at close range personally in Alberta, Saskatchewan and British Columbia has intimated to confidential friends that the outstanding danger to Liberalism in the West all centres in the towering personakty of Dick McBride the brilliant young premier of British Columbia."

In relation to the above article, much as Sir Wilfrid and his party might want or like to have Richard McBride to strengthen a lost cause, that same Dick McBride, would rather be premier of British Columbia, as a Conservative, than to be premier of Canada as a Liberal.

Thanksgiving Day

An order-in-council has been passed at Ottawa, making Monday October 31st, Thanksgiving Day.

Council Meeting

A meeting of the City Council was held in the Council Chamber on Monday evening. There were present Mayor Fink, and Aldermen Green, Patmore, Hunt, Jackson, Campbell, and Johnson.

A communication from the Board of Trade, re street signs, was read, the Board also recommended that the council should establish such building restrictions, and with such limits as they may deem necessary for the better protection against fire. On motion of Alhermen Green and Patmore the matter was referred to the Board of Works to investigate and report at the next meeting of the council.

On motion of Aldermen Jackson anh Campbell W. C. Selby was appointed City Scavenger; and the City Solicitor was requested to draw up the necessary agreement to that effect.

It was moved by Alderman Green and Patmore that leave be granted to introduce by-law No. 87 being the Tempory Loan by-law of 1910 Amendment by-law.

Said by-law was then read a first and second time. The council then resolved into a committee of the whole to consider by-law No. 87.

A communication from the Finance Minister notifying the council that upon receiving a title to the City building, the government would pay to the City the sum of $7,500 on the first day of April next.

On motion of Aldermen Johnson and Green the matter of securing plans for a city jail was referred to the Board of Works and City Engineer.

Moved by Aldermen Jackson and Campbell that the City Clerk be instructed to purchase lots 3 and 8 on Norbury avenue for the city.

Council adjourned at 11 p. m.

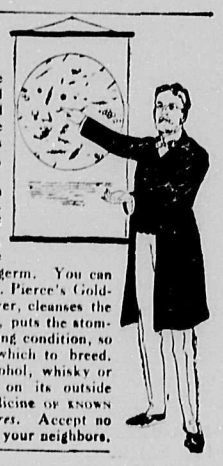
Afraid of Ghosts



Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of KNOWN COMPOSITION and with a record of *40 years of cures*. Accept no substitute—there is nothing "just as good." Ask your neighbors.

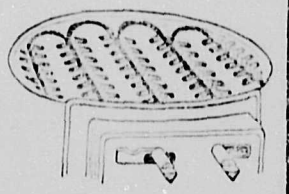
Each grate bar has three sides-long wear

When only *one* side of a grate bar is continually next to the fire all the wear is *concentrated* on that one side. The life of the grate bar is thus naturally just *one-third* as long as when the wear is *distributed* on *three* sides.

That explains why Sunshine grates have *three lives*. Each of the four grate bars has *three* sides. Each time the ashes are "rocked down" (no shaking with Sunshine) the side next to the fire can be changed. Thus the life of the grates is greatly prolonged.



When desired, the heavy bull dog teeth on the grates will seize hold of clinkers, grind them up, and drop the particles into the ash-pan.

Buy the Sunshine—the durable, convenient, economical furnace, *guaranteed* by largest furnace makers in British Empire. 52
