RAILWAY AGREEMENT

Premier McBride Introduces Contracts.

EXCLUDE ASIATIC LABOR

Control of Freight Rates on Canadian Northern Vested in Government.

---Bond of Indemnity.

On Monday of this week the premier introduced the bill incorporating the Canadian Northern Pacific ern contract and the bill containing the Kettle River railway agreement. The bills were read a first time without comment.

The Canadian Northern contract provides that there is to be a bond guarantee of $35,000 per mile secured by a first mortgage and in addition by a covenant of idemnity from the Canadian Northern.

Construction is to be begun within three months of the signing of the legal instruments, but not later than July 1 of this year. The number of miles to be built each year is specified. The whole is to be completed within four years of July 1.

In order that the line may remain under the exclusive jurisdiction of the provincial godernment the Canadian Northern agrees that it its lines in this province will be held by a company incorporated here to be known as the Canadian Northern Pacific, and that it will not have this company incorporated under a Dominion charter as work for the general advantage of Canada.

The government is given control of the rates. The company agrees not to appeal to the railway commission. But as a safeguard against the fixing of destructive and confiscatory rates by the government the company may appeal to a board of arbitrators, which board is to be chosen solely by the government from the supreme court of British Columbia.

Should the earnings of the first three years not be sufficient to pay interest on the bonds the government agrees to lend a sum sufficient to make up the deficit, such sum to be repaid within ten years. This is the same as the clause in the Manitoba agreement of which the company made no use. It is designed to guard against the possibility of one or two years of crop failure on the prairies.

Provision is made that future lines which the company may construct in this province will come under the terms of this contract, if their bonds are guaranteed by the province.

The line is to be up to the standard of the present main line between Edmonton and Winnepeg. The company must enter Kamloops either with its main line or a spur.

Asiatic labor is to be excluded in the same way as in the province's agreement with the Grand Trunk Pacific. The principal clauses verbatim are:

RATE OF BUILDING

Work shall commence on the mainland of British Columbia at or near the city of New Westminster, and on Vancouver island at or near the city of Victoria, and shall effectually continue the work of construction so that from and after the commencement of construction of the lines aforesaid there shall be expended thereon, and on supplies and material for use thereon as follows:

On the mainland line, a minimum of the cost equivalent of at least 50 miles of lines during the first year; 75 miles during the second year, and 100 miles during the third year, and on the Barclay Sound line the equivalent of at least 20 miles each year and so that both of such lines shall be fully completed on the first day of July, A. D. 1914.

FIRST MORTGAGE

Such securities shall be secured by a trust instrument, or instruments to trustees, to be approved of by the government, granting a first mortgage or charge (subject to the exception hereunder) upon the specific lines so to be added and upon the ferry tolls, incomes, rents and revenues thereof, and upon the rolling stock, equipment, and property of the Pacific company acquired for the purpose of and used in connection with said mortgaged lines and ferry and upon such of the franchises of the Pacific company as may be appurtenant thereto.

COVENANT OF INDEMNITY.

The Canadian Northern Railway company agrees to indemnify the government against all payments which it may make under the terms of this agreement and against all loss which it may be put to so far as the same shall be repayable by the Pacific company hereunder, and against all interest which this company will repay, and against all cost to which the government may be put in forcing its securities hereunder as and when the same are payable, repayable or incurred.

CONTROL OF RATES.

In consideration of the guarantee of the securieties hereunder, the Canadian Northern company covenants that the Pacific company will agree that the lieutenant governor in council may, from time to time, having due regard in so doing to the position and interests of the Pacific company, and in the case of traffic destined to or originating in the other provinces of Canada, bearing in mind the desirability of obtaining reasonable rates from points in the province of British Columbia to points in the other provinces, or vice versa, modify any rates established by the Pacific company for the carriage of freight and passengers to and from all points of the said aided lines within the province of British Columbia; provided, always that before any rates are so modified the Pacific company shall be heard and its interests taken into consideration as aforesaid. Provided, further that if the Pacific company shall at any time be dissatisfied with any rates so modified by the lieutenant governor in council, it shall have the right to appeal from the order modi ying any such rates to the supreme court of British Columbia. Any such appeal shall be hebrd before the chief justice and one of the justices, or before two of the justices of such court (hereafter referred to as the appelate tribunal) who upon any notice of appeal being given, shall be nominated by the lieutenant governor in council to hear and determine such appeal.

Any rates so modified and determined by the order in council of the lieutenant governor in council, in conformity with the provisions of this section, shall, except as modified on such appeal, be the rates which the Pacific company will be entitled to enforce in respect of the services covered by such rates.

The Canadian Northern railway undertakes that it will not, and that the Pacific company will agree it will not bring or promote any appeal to the railway commission of Canada from any order made under and pursuant to the provisions of this section, and in the event of an appeal being brought by others, that the Canadian Northern company and Pacific company will represent to the commission, on such appeal, that it is satisfied with the rates the subject of such appeal in so far as they are or have been established within the provisions of this section.

The Canadian Northern agrees that the Canadian Northern Pacific company will agree that the Pacific company shall not and the Canadian Northern company agrees that it will not at any time apply to de declared a work for the general advantage of Canada.

Should the earnings of the Pacific company during each or any of the first three years of operation after completion of the aided lines be insufficient to pay the operating expenses on the guaranteed securities, the government shall pay the amount of such deficit of interest to the Pacific company, or such persons, firms or corporations as may be entitled thereto. Any moneys so paid by the government shall be repayable (except as hereinafter provided) by the Pacific company at the maturity of the guaranteed securities, and shall bear interest at 4 per cent per annum, which interest the Pacific company shall pay or cause to be paid half yearly on the first day of January and the first day of July in each year but the Pacific company shall have the privilege of repaying at any time any such moneys whereupon interest upon the principal repaid shall cease. The government shall have the privilege of calling in the money so paid by the government at any time after ten years after the three years period.

BRANCH LINES

The mortgages or deeds of trust (hereinafter called the original instruments) may provide for the issue from time to time of additional securities, not exceeding $35,000 per mile of additional lines of railway in the province of British Columbia to be hereafter constructed by the Canadian Northern Pacific Railway company, provided always that before such additional securities are issued, the guarantee by the province of the payment of the principal and interest thereof shall first have been authorized by the legislature.

Another clause provides that the government shall hold one-third of all townsites located on crown lands.

In the Kettle River Valley railway agreement provision is made for payment first of wages and team hire due on the Midway railway and for distribution of a further amount to other creditors, also that the railway company shall construct and complete at least 25 miles of grade during the year 1910, commencing and prosecuting construction at not less than three places; at least 50 miles of grade during the year 1911; at least 50 miles of grade during the year 1912 and the remainder of the line between Midway and Nicola valley and up the north fork of the Kettle river within four years from the passing of the act.

MEETING OF COUNCIL

Board of Works Makes Estimates.

FIRE CHIEF CONFIRMED

Report of Finance Committee for February---Bills Paid Amounts to $7,826.49.

A meeting of the city council was held in the council chamber on Wednesday evening. There were present Mayor Fink, and Aldermen Jackson, Hunt, Patmore, Johnson, Campbell, and Green.

Records of last regular, and special meetings were read, and on motion of Aldermen Hunt and Campbell adopted as read.

Mr. S. Macdonald, and Mr. Martin, being in attendance, on motion of Aldermen Hunt and Patmore, were permitted to address the council.

Mr. Macdonald said: "That he was appointed a committee to confer with the council in the matter of impounding cattle. That the Farmer's Institute, which he represented, were desirous that the by-law regulating the sale of impounded cattle, should be changed, also the price of feeding cattle, while in pound be reduced.

"He said that the provincial government allowed thirty days before the sale of cattle, in pound, and not claimed, could be sold.

"He thought that the fine of $2 imposed on cattle and horses, animals that caused no damage, was too much, yet the ranchers were willing to pay it.

"He quoted from a letter received by him today, that a firm in Wisconsin, were seeking information as to the prospects for the establishment of a Creamery and Dairy at or near Cranbrook."

The Mayor in reply said: "That it was not the intention of the council to place any unnecessary expense on the rancher or cattle owner, and that the matter would be carefully considered by the council."

Mr. Martin, then addressed the council to a bill of $10 incurred at the pest house, for supplies. On motion the bill was ordered to be paid.

The finance committee presented their monthly report, and recommended that the following bills, amounting to $7,826.49 be paid.

On motion of Aldermen Hunt and Patmore, the accounts as presented by the finance committee were ordered paid.

The Works and Property committee reported that their estimates for the ensuing year would be about $4,000. And that R. Bookhouse had been appointed superintendent of streets.

The Health and Relief committee reported a number of cases of destitution of people coming in from outside places, and that the city was compelled to provide for them, when they should be a charge upon the provincial government. The matter was referred to the city solicitor, to be taken up with the provincial government.

On motion of Aldermen Johnson and Green, Aldermen Hunt and Jackson were appointed a committee to confer with the Water Supply Company re certain accounts presented, with power to act.

A communication from the Fire Department, giving a list of the officers elected for the ensuing year was read, and on motion of Aldermen Hunt and Jackson, was confirmed and ratified.

Moved by Aldermen Green and Campbell the council adjourned.

LOCAL NEWS.

AROUND TOWN.

Business continues good, with some improvement noticed in mill supplies.

Trade in dry goods is quiet and our merchants are busy on spring shipments.

The weather has been very seasonable, with no lack of snow for logging.

Activity in mining quarters makes the situation very favorable for a larger output this month than last.

ANNUAL MEETING.

The annual meeting of the shareholders of the Moyie Telephone & Electric Light Co., Ltd., will be held in the company's office Moyie, on Saturday, March 19.

ORE SHIPMENTS.

Ore shipments from mines in the Cranbrook district for the past week and year to date are as follows:

St. Eugene	194.....	3,909
North Star	64.....	741
Sullivan	278.....	1,183
Total	536	5,133

BOYS BRIGADE

The Boy's Brigade will have a concert and display on Monday the 28th. Drills, physical exercises, gymnastics and recitations, with plenty of fun and frolic will form an interesting program. All the parents of the boys are invited to keep this date open, and to encourage the lads by a good attendance.

Mr. and Mrs. S. Johnson, of Nelson were Cranbrook visitors Sunday last.

Choice white celery, hot house lettuce and rhubarb at Stewart's today.

It is estimated that the Crow's Nest Pass Lumber Co., will cut over 35,000,000 feet of logs this season.

People of good taste appreciate McClary's Kootenay and Sask-Alta ranges. For sale at Patmore Bros.

F. J. Clark, of Brandon; and W. Jf Hartley, of Macleod, were guests at the Cranbrook Wednesday.

Be sure and take in the Private Secretary, tonight, at the Auditorium.

Strictly fresh eggs at Stewart's, 40 cents a dozen.

G. F. S. Jaquith, of Toronto, representing Brown Bros, printers supplies, was in the city Thursday.

Go to Stewarts for choice Malaga Grapes 25 cents a pound.

C. Lawrence, of Winnipeg; W. Nelson, of Vancouver; and J. H. Wilson, of Spokane, were guests at the Cranbrook Sunday last.

Go to Stewart's for choice, ;ucy, and sweet oranges. Sunkish Brand, nothing better.

The bill tonight at the Edison Theatre will be the best vaudeville program ever offered to the people of Cranbrook.

Tangarines at Stewart's today, very choice and juicy, 25 cents per dozen.

Born---At Fort Steele, Wednesday, March 2nd, to Mr. and Mrs. George Watson, a son.

We notice in the estimates reported by the C. P. R., for this year, $25,000 for the construction of a Y. M. C. A. building at Cranbrook.

After a week of blizzards, tempests chinooks, floods, showslides and avalanches it didn't seem half bad to see Old Sol smile again Tuesday.

Have that cottage of yours eavetroughed and be prepared for Spring rains. We can do it for you promptly and well. Patmore Bros.

Follow the crowd to the Auditorium tonight to see the Private Secretary with all his goods and chattels.

Heinz's Mince meat and Apple butter in stone jars, at Campbell & Mannings.

Gold Standard Quick Pudding, Salad dressing, Jelly powders, Icings and Baking powders, at Campbell & Manning.

Stewart's pure chocolates are a delight to the taste. They are the finest, purest and daintiest sweets procurable. No wonder that people walk blocks out of their way to get them.

J. Koepke, of Spokane, D. E. Kennedy, of Winnipeg; N. J. VanPatten, of St. Paul; and D. B. Maurice, of Toronto, were registered at the Cranbrook Monday.

W. P. White, of Spokane; D. L. Webster, of Victoria; P. M. Lindsey and W. C. Birdsall, of Vancouver; were guests at the Cranbrook Monday.

J. A. Williamson, of Vancouver, J. M. Weber, of Tacoma, D. R. Quail of Calgary, and J. H. Howard of Fernie, were guests at the Cranbrook Tuesday.

"If its here its new," "If its new its here" at Patmore Bros. Ranges enameled ware and plumbing goods.

The Grand International Auxiliary, and the Brotherhood of Locomotive Engineers, (The Big E,) are holding their first annual ball on Easter Monday March 28th. Be sure and keep this date in mind.

Sawmill Men: It is to your interest to have us overhaul your blower system and put it in first class shape for the season. We are competent to give you the best results possible, and can save you money. Patmore Bros.

Mr. and Mrs. Fred Simpson, who have been at Los Angeles for the past three months, returned home Tuesday.

See G. R. Leask & Co., for plans for spring building and be ready to start with the opening of the season.

The fire brigade responded to an alarm on Tuesday evening. A chimney on fire was the cause, and no damage done.

WANTED.---Ladies and Gentlemen, and children's clothing to mend; also table linen, bed linen and hosiery. Mrs. Isabel Butler, residence, French avenue, north of bridge, P. O. Box 841.

McCreery Bros of Glencoe, Ont., have bought out the dry goods and gents furnishing business of the Burns Bros. They will take possession as soon as stock taking is completed.

McINTIRE & ERICKSON, located on Armstrong Avenue, next door to The Prospector office. Headquarters for sheet music and musical supplies. Jewelry Engravers. Agents for the famous Roses Leather Dressing for tan colored shoes, guaranteed to keep out snow water and keep the feet dry. Phone 121.

BASKET BALL

There was a large crowd at the Gym on Tuesday to witness the match between the Methodist and Baptist teams. After a hard game the Baptists won, the score standing 24 to 12.

BROTHERHOOD OVERALLS

We have just received the appointment as agents for the famous **Brotherhood Overalls.** For years we have been asked for this make of garments, and after considerable correspondence with Mr. H. S. Peters, the manufacturer of the Brotherhood Overalls, we have secured the exclusive right to handle them in Cranbrook.

Our first shipment of twenty-five dozen pairs has just arrived

We have never sold the Brotherhood Overalls before, and cannot say anything as to how they compare with other makes. **We have taken the agency and purchased the goods on the strength of the recommendations from railroad men and the persistant call for the goods.**

Every garment has attached the following guarantee, which we are pledged to Mr. Peters, to carry out to the letter.

The Brotherhood Trade Mark Registered **Overalls**

GUARANTEE SLIP--TO ACCOMPANY EACH GARMENT

If this garment gives just cause for complaint in any respect it will be replaced free of all charge by the dealer from whom you bought it.

It is made throughout of the best materials that money will buy.

The cut requires more denim, size for size and style for style than any others.

It is made entirely by union workers, paid above the union scale on every garment, to insure the highest grade of work.

It is made in a factory which has run on the 8 hour basis for years and under the best of conditions.

The manufacturer is a Brotherhood man, the only member of Organized Labor in the overall business.

The Brotherhood Overalls honestly merit the patronage and the pushing of all men who stand for the principles of Organized Labor and who want the best of Overalls, made under proper conditions throughout.

PLEASE NOTE

No fabric made will stand the effects of lye, boiler-purge and some of the patent washing preparations now used by some men and in some laundries. There are no overalls made that will stand these things better than mine; but if you use them in washing your overalls it is at your own risk.

SEAL

The Brotherhood Man who makes the Best Union Made Overalls on Earth.

H. S. PETERS, Manufacturer.
DOVER, NEW JERSEY

Our price, for the present, on Brotherhood Overalls

Per Garment $1.35

ESTABLISHED 1896

A. B. Grace,

PUBLISHER AND EDITOR.

OUR OPPORTUNITY.

Cranbrook is the principal City in Southeast Kootenay with a population of over 3,000. It is the commercial, banking, and social center of the Kootenay valley. It is a divisional point on the Crow's Nest branch of the Canadian Pacific Railway.

The surface and character of the country tributary to Cranbrook are agreeably various. Beginning with the immense prairie, containing thousands of acres northeast of the city, chiefly valuable for stock-raising, dairying and other kindred institutions; then the great tables of bench lands extending back to the mountains, covered with forests of pine, fir and tamarac. On these bench lands the soil is good, with plenty of water, plenty of rainfall, and no irrigation is needed. On many of these benches there is spots where there is but little or no timber, where it is easily cleared. Rich grass grows all through the timber and on the benches, furnishing unlimited grazing for cattle.

In some of the main valleys and most of the lateral valleys are to be found splendid farming and timber lands.

There are great opportunities for industrious people to get cheap homes here and to engage in agricultural, horticultural and stock raising pursuits on any scale. The mines of the district and lumbering camps furnish a constantly increasing market for all kinds of ranch produce. There is room in this district for thousands of settlers and now is the time to get in and take up land.

MAKING GOOD.

From a careful reading and consideration of the budget, one cannot but think, that the McBride government is making good its promises to the electorate.

Seven and three quarter millions to be spent on roads, trails, etc., in this province. The largest expenditure of the kind in the history of the province.

Our present member, "Tom" Caven said that he would see about these appropriations, and do his best for the Cranbrook district. The result looks good, $76,000 to be expended on roads and bridges in this district.

MINING ACTIVITY.

The mining industry has paid more dividends, compared with other industries, than any other business known. Compare the profits in mining with the profits of the 200,000 odd miles of railways in the United States and Canada with aggregate liabilities of over $10,000,000 then you will see which pays the most. Under the wing of mining there ex you will see which pays the most profitable of all business. Take for instance the smelting companies that do a strictly custom business, all show the largest profits of any industry on the American continent. They take no risks; simply buy the raw ore at a reduced price, extract their cost of treatment and pay the miner the residue. Last year notwithstandinding the fact that capital gave very little assistance to the mining industry, there was a steady, healthy increase of prosperity. Of the many millions produced from the mines the amount was divided so that all revenues of industry profited. Over ten per cent went to railway corporations, thirty-seven per cent went to mine owners; fully fifteen per cent to smelting works, while the residue, thirty-eight per cent was circulated among the laboring element.

—o—

It is a source of satisfaction to learn that the mining industry is showing signs of great activity in the Cranbrook district. The shipping mines are steadily increasing their output, new mineral areas are being opened, some of which give promise of good mineral wealth. With the reduction that is steadily going on in the cost of treatment of ores, the importance of the mining industry in the economic situation is rapidly increasing.

—o—

As the snow disappears and spring approaches we would say to the miners and owners of claims, to get in and drill, improve your property as soon as possible, ship all the ore you have on the dump that will stand shipment, by so doing you will make your property pay for its development.

—o—

Advanced to third reading.

Ottawa, Feb. 26. The senate has given the third reading to bills respecting the Calgary & Fernie railway company, and Western Power company of Canada. Senator Mitchell succeeds the late senator Drummond as chairman of the senate banking and commerce committee.

New York Herald: Consumption of liquid intoxicants in this country has doubled in the last few years, according to a federal report. And with everybody eating smoked herring to get even with the beef trust all records will be shattered during the next year.

—o—

The opposition is well supplied with leaders. Mr. Hawthornthwaite claims the leadership, Mr. Jardine says he is the leader of the labor party and Mr. Brewster says that he is the only representative of the liberal party.

—o—

The trustees of the Minto cup have fixed upon Saturday, June 18th and Saturday, June 25th as dates for the two lacrosse matches between the Montreals and the New Westminster clubs.

—o—

All boards that have the spending the city money would do well to note the fact that the property owners are much interested in this performance.

—o—

Notice the brightness of Halley's comet. It must be the new lighting system installed on Cranbrook street by the city.

—o—

Every decade brings shorter hours for those who merely work, but for those who would succeed there is no time table.

—o—

Every new industry formed is good for the district and tends to attract others to consider and secure property.

—o—

"Have you seen Halley's breakfast food comet. O, how good! Come around in seventy-five years for more.

—o—

This world is a fleeting show and precious few of us are willing to go to out between acts.

CORPORATION OF THE CITY OF CRANBROOK.—NOTICE TO MERCHAANTS AND OTHERS.

Notice is hereby given that no goods must be supplied or charged to the City of Cranbrook, unless an order for the same is given on a duly printed order form, signed by the Foreman of each department or by the City Clerk.

THE object of all expert bakers and cooks is to make a pure white loaf
And this object is attained by the use of
PURITY FLOUR
Purity is a hard-wheat flour of decidedly superior whiteness. It bakes into a pure white loaf. So, you see, to get the really beautiful white loaf you must use PURITY hard-wheat flour.

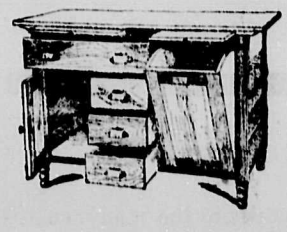
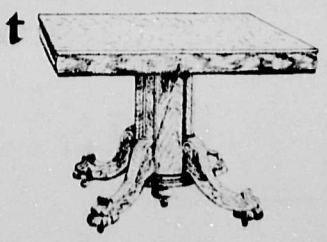
FURNITURE

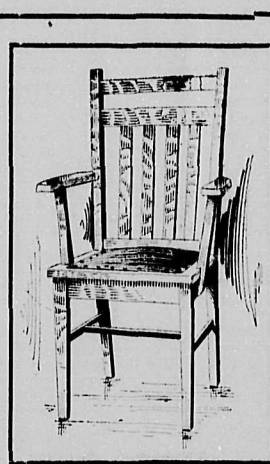


On Our Second Floor We are Showing a Great Range of Parlor, Dining Room, Den, Bed Room, Kitchen and Office Furniture



Pleasure, comfort and satisfaction come from an attractive interior. **Beauty in furniture does not necessarily imply** the most costly materials, but rather good judgment in **selection. The showing** of everything now at our store is quite at its best. **Every department has a bright, fresh, attractive** and enthusiastic display. There is a vertiable harvest of house furnishings here and you are as welcome to visit us as we can possibly make you. It is not altogether by argument, but by achievement, that we desire to convince--deeds, not words, and herewith is eloquent yet silent proof of achievement--values that bear within themselves evidence of the most convincing nature. Come in and see them--we don't expect you to buy unless you are thoroughly satisfied.

Our stock of Dining Room Furniture was never more complete consisting of Chairs, Tables, Side Tables, Side Boards, Buffets and China Cabinets in all woods and finishes.



We also have a very complete line of Table China and Glassware at remarkably low prices. This department is perhaps the most complete in British Columbia.

EXCUSE OUR CONCEIT

According to a British Government return Canada takes second place among the leading countries in the world in its percentage of increase in trade during the last decade. The Dominion is the third greatest producer of silver in the world. In its yield of nickel it has no compeer. We are told that we have a virtual monopoly of merchantable asbestos, that our iron mines are certain to dominate the world's steel markets, and that the plains beyond the great Lakes will feed the Empire. Canadians may be pardoned if they are proud of their country, and confident of its material greatness.

METHODIST CHURCH

Children's service at 11 to which the boys and girls and their parents are especially invited. The Pastor will give a lesson on the blackboard, and the children's choir will sing.

In the afternoon the Sunday school will meet at three. Bible classes for men and women at the same hour.

At 7 the League prayer service will be held in the inner vestry. A cordial welcome extended to all.

At 7:30, The Rev G. H. Hamilton, from the Kimberley circuit will preach. The Sacrament of the Lord's Supper will be administered, and new members will be received. All who have letters of removal from other circuits are requested to present them to the pastor before Sunday if possible.

BAPTIST CHURCH SERVICE

Public worship U. M. A., at 7:30 The Lord's Supper at close of evening service. Bible school with young ladies Philithea and young men's Baraca classes at 3 p. m. The pastor C. W. King at both services.

Young peoples meeting at the residence of Mr. and Mrs. J. F. Bridges Monday at 8 p. m.

Wednesday at 8 p. m. mid week meeting for praise and prayer. Monthly church business meeting at the close. A cordial welcome extended to all.

SHERIFF'S SALE.

By virtue of a warrant of execution issued out of the County Court of West Kootenay, holden at Nelson, in action whereof Marie Mallette is plaintiff and Anthony Modigh is defendent, I have seized and taken in execution all the right, title and interest of the said defendent, Anthony Modigh, in the mineral claims "Manhatton" and "Happy Bill" situated on "Little Sand Creek" about six miles north of Jaffray, and recorded in the office of the Mining Recorder at Cranbrook on the 17th day of June 1907, and the 9th day of September 1907 respectively.

And will offer the said mineral claims for sale by public aution at the Court House in the City of Cranbrook, B. C., on Tuesday the 18th day of March 1910, at the hour of twelve o'clock noon. Terms of sale, cash.

Dated at Nelson, B. C., 24th day of February 1910.

S. P. TUCK,
Sheriff of South Kootenay.

NOTICE

Notice is hereby given that 30 days after date I intend to apply to the Honorable Chief Commissioner of Lands for a license to prospect for coal and petroleum over the following lands, situate in the district of Southeast Kootenay, British Columbia, in Lot 4593: Commencing at a post planted at or near seven miles due east of the 25 mile post on C.P. CRANBROOK AERIE 967

F. O. E.

FRATERNAL ORDER EAGLES

Meet every Friday at 8 p.m

Visiting Brotners Cordially Invited

W. E. Johnson, acting president.
W. F. G. Carter, acting Sec.
Aerie Physician, P. O. Box 28.

Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indelicate. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the finishing touch of health on every weak woman who gives it a fair trial.

It Makes Weak Women Strong, Sick Women Well.

You can't afford to accept a *secret* nostrum as a substitute for this non-alcoholic medicine OF KNOWN COMPOSITION.

Our best thanks to the many customers who settled their accounts as requested.

We find it much better to have the mazuma in the bank; and it is easier counted than an account outstanding.

J. D. McBride
