Vol. 16. CRANBROOK, B. C., SATURDAY, MARCH 26, 1910. No. 13

## FOREIGN NEWS

### Premier Botha Tells His Ambition.

### GREAT RUSH TO CANADA

#### Canadian Northern Railway to Have Terminals at Avonmouth.

Foreign News

Zeerust, South Africa, March 23.—In a speech here, Premier Botha said one of his dearest ambitions was to create the best colonial defence force in the empire, and one that would represent both races. It is considered that Botha's recent speech at Pretoria finally disposes of the question of a coalition government.

DREADS TARIFF REFORM

London, March 23.—Speaking at a free trade demonstration today Foreign Secretary Grey said he dreaded tariff reform in imperial politics as much as in home politics. It meant more duties within the empire, and if duties which were imposed raised prices there would be an overwhelming demand that the colonial office here should have a say in colonial tariffs and that would be the great danger they could have to imperial unity.

DISTRESSED BRITISH SEAMEN

London, March 23.—The departmental committee on distressed seamen report that in the cases of Canada and Australia there has been a generous disposition to co-operate with Great Britain in the repatriation of such men.

GLAD TO HAVE C. N. R.

London, March 23.—The lord mayor of Bristol congratulated the citizens on the fact that since the Canadian Northern had chosed Avonmouth as its port, two or more ore carrying steamers totalling 25,000 tons have been ordered for Canada.

TARIFF WAR, AND STOCKINGS.

London, March 23.—The threatened tariff war between Canada and the United States has led to doubled hosiery orders with Leicester firms and has given enormous stimulus to industry. Machinery will be running full time till the end of the year.

THE RUSH TO CANADA

London, March 23.—An extra Allan liner, the Grampian, sailed today for Canada with 1,650 passengers. The multitude of clamoring immigrants was so great that the Allan line had to remove the furniture from its Liverpool offices to make room for them.

## PROSPECTS OF MINING IN B. C.

### Address of Chairman of Western Branch Mining Institute.

Prospects For Mining.

At the recent meeting of the Western Branch of the Canadian Mining Institute, the president, Campbell Sweeny, manager of the Bank of Montreal, Vancouver, surveyed the mining situation in the province. He said:

"Twenty odd years ago I came to British Columbia, and by the time I had been here long enough to form an opinion of any value of its potentialities, I became convinced that mining would become one of the important industries of the province. I remember well that in almost the first report I made I described mining as the great off-chance of the country. It is a great satisfaction to me today to be warranted in saying that long ago it had ceased to be merely an off-chance, for it has developed into a most material factor in our industrial business life. It has passed through many vicissitudes during the intervening time and its ups and downs have been acute.

WILDCAT DAYS

"So soon as it became apparent to the world that our mountains did absolutely contain minerals of considerable value, and that these occurred in quantities to justify their exploitation, the world flocked to our country and everybody who had a mineral prospect found a ready purchaser as though it had been a mine. A prospect was acquired and a company organized. One million dollars was usually the nominal capitalization and $1 shares were sold at 10 cents each. The vendors or promoters took $900,000 of the stock and the remaining $100,000 was put into the treasury and afterwards sold, realizing, at 10 cents a share $10,000. Then the company wasted this $10,000. In the meantime the promoters had sold their $900,000 of stock for anything they could get—perhaps only one or two cents a share. And those who had bought the stock wondered why they had not got a mine.

AFTER EFFECTS

"The effect of that condition of affairs in the past history of mining in the province has not yet been overcome; for as we all know, there are hundreds of mining properties in this country that have never had money spent intelligently on their development, yet which might under favorable conditions have been made profitable mines. Those millions of stock are scattered all over the world, and no one feels inclined to put his money into companies burdened with such excessive capitalization. We do hear, though, from time to time that the shares in some of these companies are being gathered up and that now and then another of the properties is being opened up and in some cases worked with success. I am satisfied that this process will go on and that in place of having comparatively few good mines, as is the case today, we shall eventually have a great many being developed and operated at a profit.

EXTRAORDINARY MINES

"In British Columbia we have what I should think to be one of the most extraordinary mines in the world, namely the great La Roi mine at Rossland. It is a fact, gentlemen, that today there is not one dollar with a penny piece of anybody's money in that mine. There was once put into it a few thousand pounds, but within a short period the money was drawn out again, and since then the whole of the large amount of development work and the extensive equipment of the property have been paid for out of the product of the mine. Yet people in England will say: "we don't want to hear anything about British Columbia mines, we have your damned Le Roi and we never got a penny out of it." But they must be prepared to take similar risks in British Columbia mines to what they have done in those of the Rand if they would make the mines of this country become more profit producing. Old country people put thousands of pounds into Rand mines before they made any profit out of them. They knew well they had to put it in if those mines were to be properly developed, and having put it in a return came to them in due time and ever since then they have been regularly receiving dividends from some of those mines. Money must first be put into mines if extensive and effective development is to be secured, and after we get sufficient money put into our mines we shall have them properly developed, and many of them will yield profis and reflect credit on those operating them.

COAL

"Not only have we gold, silver, lead, copper, zinc and iron in considerable quantities, but we have enormous deposits of coal, some of which have, I think, been developed along sensible lines and so have been more successful than many of the metalliferous mines. The people who have acquired coal properties have in several instances put much money into them, and as a consequence, we have a number of large and productive coal mines in British Columbia, while there are others on the other side of the mountains in Alberta. The greatest and most continuous source of wealth any country can have is that of largely, and advantageously produced coal.

HONEST ADVICE TO INVESTORS

"I am sure such a body of men as those constituting the Canadian Mining Institute can and will give reasonable and honest advice to investors. You, gentlemen, have a great responsibility resting on your shoulders, because laymen must look to mining engineers for advice as to their investments and for efficiency in mining operations. It is, therefore, gratifying to us to see you assembled here in Vancouver. I am sure there is a field before you that fully justifies your organization and your presence here today. I must congratulate the city upon being privileged to have you here at this time and, in sonclusion, I have much pleasure in heartily endorsing the welcome Mr. Buchan, on behalf of the city and its board of trade, has so cordially extended to you.

## WRECK AT McNEILLIE

### Engine Rolls Down Embankment—Three Men Lose Their Lives.

The worst railway accident that has happened, during the past few years on the Crow's Nest branch, occurred on Saturday morning last about 11 o'clock at McNeillie siding, about one mile west of Kitchner, in which three men lost their lives.

A freight train was backing up on a side-track, when the tender jumped the track, overturning, plunged both tender and engine down a steep embankment of nearly 100 feet.

On the engine were engineer James Carson, fireman Donald Campbell, and brakeman Arthur Ford.—Ford and Campbell were killed outright, while engineer Carson had his leg broken in two places, and received internal injuries from which he died on Sunday night at the St. Eugene hospital.

It is stated that the engine turned over several times in going down the embankment.

The funeral of Arthur Ford, and Donald Campbell was held from the undertaking parlors of W. R. Beattie on Tuesday afternoon, when a large number of trainmen from the Brotherhood of Locomotive engineers, the Brotherhood of Railway Firemen, and the Brotherhood of Railway Trainmen, and the Ladies Auxiliary the B. of L. E., followed the remains of Arthur Ford to the cemetery. The remains of Donald Campbell were taken to Fleming, Saskatchewan, on Wednesday.

A SECOND WRECK

Sunday evening about 7:30 p. m., another wreck occurred half a mile east of McNeillie's siding. Two heavily loaded cars of a freight train was derailed. One of the cars loaded with coal went down the embankment for a distance of over 100 feet, the other stuck in the mud part of the way down.

No one was hurt in this accident, though it was reported that a hobo who was beating his way on the train, had a very close call, and who saved himself, by jumping.

On Wednesday the remains of Donald Carson were taken to Moose Jaw for final interment.

## REGARDING WATER POWER

Ottawa, March 23.—Mr. Oliver introduced two bills which were given first reading. The first amends the irrigation act and applies to the three prairie provinces. Among other things it authorizes expropriation of reservoir sites. The other bill seeks to confirm and declare the rights of the crown with respect to water power and relative to the diversion, acquisition, and use of water in the British Columbia railway belt.

## MILL MEN IN CONVENTION

### Held General Meeting in Nelson.

### DISCUSS LEGISLATION

#### The Lumbermen Were all Optimistic Regarding the outlook for the Coming Year.

Several matters og great importance were discussed and dealt with at the general meeting of the Mountain Lumber Manufacturers' association held in Nelson Monday. The one to which greatest interest attaches perhaps was a decision to adopt the Mississippi valley rules in the grading of the better classes of pine lumber. The object of this is to get a better classification of grades in this particular kind of lumber. The meeting also endorsed the odd length resolution adopted at the convention of western Canada lumbermen held at Vancouver a few months ago. Among other matters taken up were labor conditions, the position to be taken before the fire insurance commission when it sits in Nelson in regard to fire insurance matters and recent legislation at Victoria, particularly that relating to tenure of special licenses, the extension of time granted by the government being heartily approved.

One of the most satisfactory features of the gathering was the spirit of optimism which prevailed, all the manufacturers present agreeing that this promised to be a record year for the lumber industry in this part of the country.

THOSE PRESENT

The meeting took place in the board of trade rooms, there being present the following: Otto Lachmund of the Arrow Lakes Lumber company; President Otis Staples and D. O. Anderson of the Otis Staples Lumber company, Wycliffe; F. E. Sine of the Bowman Lumber company Revelstoke; E. E. Brooks of the Adams River Lumber company, Chase; F. W. Stevens of the A. R. Rogers Lumber company, Enderby; C. M. Pennock of the Crow's Nest Pass Lumber company, Wardner; D. McNichol of the Porto Rico Lumber company, Moyie; A. E. Watts of the Wattsburg Lumber company, Wattsburg; John Hanbury of the North Star Lumber company, Elko; D. R. Yates and W. E. Cooke of the Cooke Lumber company Kaslo; Mr. Whitehead of the Western Canada Timber company, Nelson; W. N. Pool, of the Yale-Columbia Lumber company, Nelson; R. H. H. Alexander, secretary of the Coast Lumbermen's association, and W. A. Anstie, secretary of the Mountain Lumber Manufacturers' association.

MR. ANSTIE INTERVIEWED

Speaking of the meeting last evening Mr. Anstie said: "A most important decision was reached at this meeting when it was resolved to adopt the well known Mississippi valley grading rules for all high grade pine lumber. This is a somewhat radical departure from the system which has prevailed heretofore in the interior of British Columbia, where the grading in the past has not provided as close a separation as prevails in the older lumber centres. The diminishing supply of white pine in the United States coupled with the fact that there is only a limited quantity of this desirable timber in British Columbia, however, makes it imperative that a change should be made in order that the manufacturers should get the benefit of the market conditions. It is felt that the new system of grading will not only prove a benefit to the manufacturers but also will be welcomed by the trade generally. The change in the grading of pine lumber will necessitate a change in price on future quotations which will be regulated by the competing centres of eastern and middle Canada and by the pine producing centres of the states to the south as well. All other classes of lumber, fir, spruce, larch, hemlock and cedar, will continue to be graded in accordance with the existing rules which, while meeting the requirements of the prairie provinces do not necessitate as fine a distinction or separation as will in future prevail in the case of pine lumber under the Mississippi rules.

ODD LENGTHS

"The meeting strongly reaffirmed the odd length ruling adopted by the joint convention of western Canada lumbermen held in Vancouver last December. Some opposition to the use of odd lengths has developed in the retail trade on the prairies but the manufacturers are unable to consent to supply all even lengtns which means a wasteful and uneconomical handling of the product of their mills.

"Another matter taken up was that of fire insurance and the position to be taken by the association before the fire insurance commission which will shortly hold a meeting in Nelson.

LABOR CONDITIONS

"Labor conditions were also discussed and in this connection it was decided to advertise in eastern Canada for men as there are not at present in the interior sufficient men to meet the demand for all classes of sawmill help. This is a serious matter and with the present splendid outlook it would seem that something must be done to bring more men into this part of the province or the lumber industry will be greatly handicapped and its development retarded.

EXTENSION OF LICENSES

"Recent legislation at Victoria also came in for some attention from the meeting particularly the question of the tenure of special licenses. The action of the government in granting the long expected and much desired extension is a source of very great satisfaction to all lumbermen and is bound to have an extremely beneficial effect.

GREATEST YEAR YET

"The lumbermen of the interior, those who were at the meeting and also those who for various reasons were prevented from attending, are all most optimistic regarding the outlook for the present year and with the splendid prospects realized, as it is hoped they will be, this year should be the greatest in the history of the lumber industry in the interior of British Columbia.—Nelson News.

## LOCAL NEWS.

Tomorrow is Easter Sunday.

Go to the Edison theatre tonight.

Hazelwood buttermilk at Stewart's

Choice eating and cooking apples at Campbell & Manning.

G. G. Jewell, of Jaffray was in the city Monday.

J. B. Fowler, of Seattle, was in town Wednesday.

R. W. Whitehead, of Nelson was at the Cranbrook Friday.

The ex-mayor of Seattle says the lectures of Mr. Lewtas were the best he had ever heard.

Hazelwood ice cream at Stewart's today.

P. Dunkerly, of Trail, spent Sunday last in Cranbrook.

C. A. and F. J. Klingensmith of Elko were in the city Monday.

Get your Easter novelties at Campbell & anning.

Monay next is a legal holiday, and every store in town will be closed.

Tomorrow is Easter Sunday. Get on your store clothes, then go to church.

The travel lectures of Mr. Lewtas each lasts two hours, and not a dull moment.

J. Balfour, of Calgary, and C. G. Reeder, of Spokane, were guests at the Cranbrook Monday.

Suburb Queen Olives in bulk, at Campbell & Manning.

The City Sanitary Inspector has issued orders to have the back alleys and yards cleaned up.

Weather permitting the City band will give a concert at the band stand on Monday evening.

Choice Honolula pine apples at Stewart's

Otis Staples, president of the Otis Staples Lumber company of Wycliffe, was in the city Wednesday.

C. O. Douglas; Wm. Watson and A. C. Merritt, of Truro, N. S., were Cranbrook visitors Tuesday.

Celery, lettuce and cauliflower at Campbell & Manning.

A. Hirtz, of Elko; F. Downs, of Flogstone; and G. D. Lackey of Spokane; were guests at the Cranbrook Sunday last.

See G. R. Leask & Co., for plans for spring building and be ready to start with the opening of the season.

Final returns of the assessed value of the city, not including the school district, for 1910 amounts to $1,226,675. Last years assessment was $1,039,360.

Dr. F. W. Robertson, of Lethbridge W. E. Crooks of Kaslo, Mrs. G. Sales, and Miss Sales, of Saskatoon, were registered at the Cranbrook Sunday last.

200 original views will be shown in the Presbyterian church on Thursday next.

R. T. Brymner and R. B. Benedict, president and secretary of the board of trade, were at Fernie Thursday attending an organization meeting of the proposed Associated Boards of Trade for East Kootenay.

Through England, Scotland, Ireland, France and Italy in the Presbyterian church Thursday March 31.

Don't fail to attend the illustrated travel lectures in the Presbyterian church no better lectures have been given on the Pacific coast.

The Prospector, last week published a court decision re Watts vs Slater, refering to said Slater as Edward Slater, which should have been Ross Slater. We make this correction as there is a Mr. Edward Slater in town, who was not connected with the case in any way.

The sun has entered the equinoctial points, and has passed the equator and is now on its way north. We may look for the line gale most any old time, for in the words of the poet Longfellow: "When descends on the Atlantic the gigantic stormwind of the equinox" we may look for the wind that blows, then blows again, then some more.

# GIGANTIC SALE CONTINUES

We advise you to anticipate your season's needs and we want you to come and expect great bargains in every department.

**A GREAT MONEY SAVING EVENT FOR YOU.**

For the remainder of this week and all of next this great sale of matchless bargains will continue. We have endeavored to make the values we offer most pronounced and the crowds of the first week of the sale have shown us how well our efforts have been appreciated.

Think of the splendid economic opportunities this sale offers at the very beginning of the spring season.

## We Want You to Examine Our Prices. Below We Quote Only a Few of Them

**Dainty Spring Waits**

Ladies' Colored Linen Waists, assorted colors, all sizes, regular price $2.25. While they last for ..... $1.25

Ladies' White Silk Waists, nicely trimmed, a limited quantity, regular $3.75. Sale price ..... $2.70

Carnations, Roses, Easter Lillies, Hyacinths and Violets at Campbell & Manning.

A meeting of the Board of Trade was held on Tuesday evening at which considerable business of a local nature was discussed.

Thomas Caven, M. P. P., returned Sunday last from Victoria. "Tom", says that the government is more than willing to deal kindly with the Cranbrook district, and that considerable more can be expected next year. That the government realizes that the Cranbrook district, in mining, agriculture and lumbering is one of the most important in the province, and will in the future be amply provided for.

Eloquent, educative, humerous, descriptive and inspiring are the lectures to be given in the Presbyterian church by Mr. Lewtas.

JUST ARRIVED A good assortment of the latest and most popular songs and instrumental pieces. Call at once and pick out your choice. Our prices: 25, 35, and 50 cents. Cheaper music expected daily. Let us have your order.

McINTYRE & ERICKSON,
Armstrong Avenue, next door to The Prospector Office.

"The Royal Chef" is down for a visit to Cranbrook and will appear at the Cranbrook Opera House on April 9th. The music of the play is not only extremely catchy, but has scored number for number with any ever written for a single production in many a day. The scenic effects are described as great and the company unusually capable. The locale of "The Royal Chef" is the mythical "Isle of Coleng", over which the "Raiah" rules in exalted dignity; finding his Chef has attempted to poison him, he has the rascal beheaded and orders "Lord Mito", his prime minister, to find him another before sundown or suffer a like fate. The prime minister fears it is a hopeless task, but just as his time is about up he is saved by the unexpected appearance of a Cook's tourist one "Heinrich Lemphauser" of Chicago, who is at once promoted to the position of "Royal Chef". The new chef turns out to be a joke-smith and around him revolves all the incidents that show clever dramatic construction. The opera is staged in fine style both in costume and every accessory required to give it proper setting, while the specialists, chorus, dancers and supernumeraries meet every requirement, and in point of quality surpasses any that is usually required in musical comedy.

Do you favor the ARTISTIC?

The most beautiful designs in WALL PAPER will be found at my store. It will be a pleasure to show them to you.

B. H. SHORT
Armstrong Avenue
Painter and Decorator

CRANBROOK HOTEL

Guests Comfort a Specialty Good Stabling in Connection

Nearest to railroad depot. Has accommodations for the public unequalled in Cranbrook.

HOGGARTH & ROLLINS

CARD OF THANKS

On behall of myself and wife, I desire to thank the Brotherhood of Railway Trainmen, Firemen, and Engineers, also the Ladies Auxillery, and the people of Cranbrook for all their kindness shown to us since the death of our son, Donald Campbell.

Mr. and Mrs. H. Campbell.

NEWS OF THE DOMINION

A thousand settlers left Toronto Wednesday for the west.

William J. Barnes, 30 years old, was electrocuted by a live wire in the Ontario Steele Works, at Welland, Ont. on Wednesday.

The body of B. F. Rapley, a commercial traveller of Montreal, who disappeared mysteriously from the Campbell house, at Napanee, last fall was found in the Napanee river Wednesday.

# The Prospector.

ESTABLISHED 1896

A. B. Grace,

PUBLISHER AND EDITOR.

Fish and game associations are being organized all over the province. The white man is prohibited from enjoying these sports at certain times of the year, while the noble Siwash catches the speckled troout sells them at all time, also ducks, geese, and other feathered game. Is the Siwash better than the white man?

"The Shamrock for Ever!" The Prospector man received on Thursday his regular consignment of Shamrocks from the old dart. They cam from E. Murphy, of Dublin, formerly "slug No. 2" who was on the Prospector staff twelve years ago.

The advent of March and the ushering in of the most beautiful of spring weather, has opened up spring business. Real estate agents are happy, and on enquiry, reveals the fact that there is a good demand for farm lands.

Dog taxes are now payable to the city treasury. Dogs without the necessary tags are liable to be impounded. This is a by-law which should be strictly enforced by the city.

So far the spring weather in East Kootenay has been most favorable for the rancher, and plowing has commenced. Stock of all kinds have wintered exceedingly well.

Spring has opened up in the Cranbrook district in a way that should delight every rancher and fruit grower in the district.

Robins, blue birds and meadlarks in abundance and full of song, are sure harbingers of spring.

Prunning and spraying operations are now engaging the attention of district fruit growers.

The Easter lid was in great demand this week among the ladies of Cranbrook.

It will soon be cleaning up time, and every property owner should get busy.

Every back yard and lane should have its muck raker these days.

## Two Popular Illustrated Lectures

Evangelist John Lewtas of Tacoma will give his two popular illustrated lectures in the Presbyterian Church, by kind permission, on Thursday and Friday evening, March 31st and April 1st. These lectures will be illustrated with an up-to-date stereoptican showing four hundred magnificently colored views, taken specially for these lectures by one of the finest artists of London who accompanied Mr. Lewtas on his journey through Europe, Asia and Africa. The subject of the first lecture will be "What I saw in Great Britain, Ireland France and Italy." The subject of the second lecture "What I saw in Greece, Turkey, Syria, The Holy Land and Egypt." These lectures are intensely interesting, instructive and inspiring. The preparation of which cost Mr. Lewtas over $3,000 and 20 years study and travel. This is a rare opportunity to hear and see the beauties of the old world. Admission, children 25 cents, Adults 50 cents.

## BUY OIL LANDS IN FLATHEAD

American capital, represented by C. F. Breen, of Chicago, has purchased some twenty sections of oil lands in the Flathead valley from the company organized by D. P. Kane, of Kaslo.

The price is said to be in the neighborhood of $100,000 and to have been paid largely in cash. The deal was put through by F. N. Daily who came up from the coast for that purpose.

Should the Flathead make good as a petroleum producer, it will make lively times in East Kootenay. Methods of production are improving even oil bearing shales being utilized and even without gushers the Flathead may have an important future as an oil region.

## BUYS MANY CARS

Among the lumbermen in town yesterday, Monday, were Otis Staples and D. O. Anderson of the Otis Staples Lumber Co., Wycliffe.

This company hauls out its logs on its own railway and has recently purchased $15,000 worth of cars.

Logs to the amount of two hundred and fifty thousand feet could be hauled over their line in one train load with their equipment.

Such are the modern methods of lumbering in the Kootenays. Nelson Daily News.

## METHODIST CHURCH

Sunday March 27th

Services at 11, 3, 4 and 7.30.

Evangelist John Lewtas from Tacoma will give a lecture to women entitled: "The woman for the twentieth century" at 4. Members and friends from other churches are very cordially invited to attend.

Epworth League prayer service at seven.

Messrs. Lewtas and Reed will conduct the evening service at 7.30 and will sing some of their much appreciated duets and solos. The stewards will be glad if the members and friends of the church will assemble as early as possible. The evangelists will hold service each night up to Wednesday inclusive, at 8, all are invited to attend. On Wednesday night, Mr. Lewtas will lecture on the "Wreckers of Life". This will be the last meeting of the series and it is hoped that the church will be filled.

Wednesday. Special meeting of the Ladies Aid at the home of Mrs. Wasson at 3, all members are requested to attend.

## BAPTIST CHURCH

The resurrection of our Redeemer and Lord will be celebrated at the morning and afternoon, and evening services with appropriate messages in song and sermon. Rev. J. C. Reed, the singing evangelist will be present and assist at the 11 a. m., service. Morning theme: "The risen and uplifting Christ," an illustrated talk at close of 3 p. m., Easter session. Theme for 7:30 p. m. service: "The healing wings of the risen sun of righteousness."

## VICTIMS OF SLIDE.

Mr. D. Clark, of Moyie, arrived in town Thursday having in charge the remains of James Monroe, and John Mackie, who were killed in the big snow-slide which occured at Wellington, on March 1st. The deceased were on their way to Alaska at the time, and were formerly residents of Moyie. Another victim of the slide was G. Heron, who was intered at Victoria.

The funeral will take place from the Presbyterian Church today at 10 a. m., under the direction of W. R. Beatty, undertaker.

## R. B. ANGUS GOES TO COAST

Winnipeg, March 23. R. B. Angus, a director of the C. P. R. and party left for Victoria, B. C., this evening where they will spend a month before returning to Montreal.

OOSITIVE CURE

FOR INDIGESTION

If you have indigestion, your food erments in the stomach and bowels. t does more: it decays, and the nutritious matter which should go to make new blood decays with it, and his leads to an impoverished condiion of the blood, to nervousness, ad breath which disgusts your riends, and other disagreeable and npleasant conditions.

And all this trouble is caused by he food that doesn't digest, but riments and oftimes rots in the tomach.

And fermentation is caused by the tomach not being strong enough and nergetic enough to thoroughly mix he food with the digestive juices.

M-I-O-N-A is responsible for tens f thousands of cures. In fact, it is uch a positive cure for indigestion nd all stomach troubles that it is uaranteed by The BEATTIE-MURPHY Co., to cure or money back. The price of a large box of Mi-o-na ablets is 50 cents, and they are sure o promptly relieve the worst case of ndigestion or gastritis. Try them.

NOTICE

Notice is hereby given that 30 days after date I intend to apply to the Honorable Chief Commissioner of Lands for a license to prospect for coal and petroleum over the following lands, situate in the district of Southeast Kootenay, British Columbia, in Lot 4593: Commencing at a post planted at or near seven miles due east of the 35 mile post on C.P. R. survey line, which is the western boundary of Lot 4593, and being the northeast corner post of Chester R. Paulson's claim: thence south eighty (80) chains; thence west eighty (80) chains; thence north eighty (80) chains; thence east eighty chains to the point of commencement, making 640 acres, more or less.

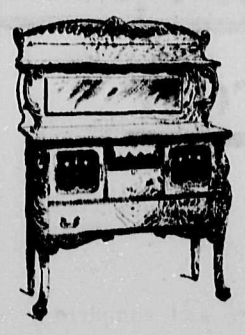
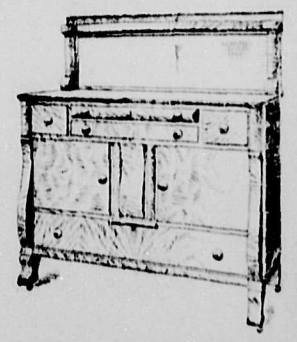
# FURNITURE

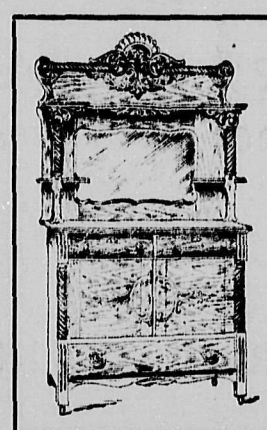


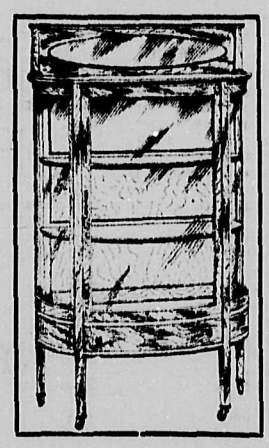
## On Our Second Floor We are Showing a Great Range of Parlor, Dining Room, Den, Bed Room, Kitchen and Office Furniture



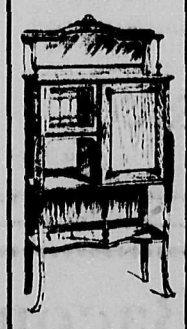
**Pleasure, comfort and satisfaction come from an attractive interior. Beauty in furniture does not necessarily imply the most costly materials, but rather good judgment in selection. The showing of everything now at our store is quite at its best. Every department has a bright, fresh, attractive and enthusiastic display. There is a vertiable harvest of house furnishings here and you are as welcome to visit us as we can possibly make you. It is not altogether by argument, but by achievement, that we desire to convince--deeds, not words, and herewith is eloquent yet silent proof of achievement--values that bear within themselves evidence of the most convincing nature. Come in and see them--we don't expect you to buy unless you are thoroughly satisfied.**

Our stock of Dining Room Furniture was never more complete consisting of Chairs, Tables, Side Tables, Side Boards, Buffets and China Cabinets in all woods and finishes.





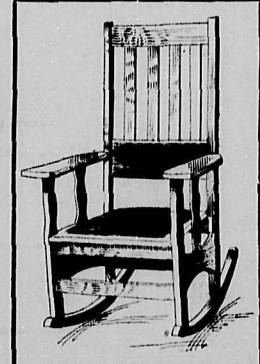
We also have a very complete line of Table China and Glassware at remarkably low prices. This department is perhaps the most complete in British Columbia.



We Agents for the Famous

**Heintzman Pianos**

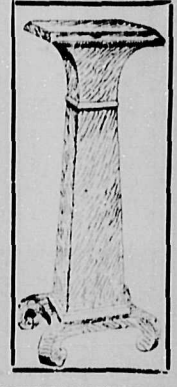
We sell them on easy terms



We are Agents for the

**Medelssohn Pianos**

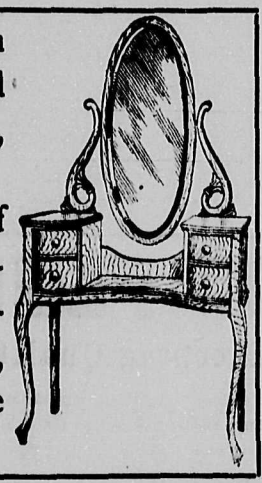
We sell them on easy terms

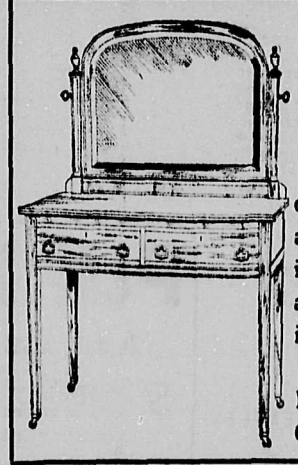


## Your Money Back If You Are Not Satisfied

WE KNOW---That we can please you in Bed Room Furniture. We have just placed in stock a beautiful range of Dressers, Chiffoniers, Brass and Iron Beds.

We are second to none in the line of Easy Chairs, Rockers, Lounges, Davenports, Parlor Sets, Parlor and Music Cabinets, Center Tables, Jardiniere Stands, Book Cases, Library Tables, Magazine Stands, Shades, Wood and Brass Poles.





## Carpets and Rugs

**Beautiful Rugs direct from the manufacturers. No second man's profit to pay.**

Those fine wearing and beautiful English Rugs are the best productions of such famous makers as Templeton and Thos. Tapling. They are unequaled in richness of pattern, beauty of coloring and good wearing ability. A fine assortment, at lowest prices, for your selection. We also stock a large range of Canadian makes, which are very beautiful in design—good wearing quality and low in price.

We are showing a large range of Lace and Tapestry Curtains, Linen Table Sets, Table Covers, Madras Muslin, Down Quilts, Cotton Quilts, Blankets, Sheets and Pillow Cases.

Patmore Bros. HEATING AND PLUMBING ENGINEERS . . . .

Prof. H. G. Estabrooks, of the Okanagan College, Summerland, B. C., was in town on Saturday and Sunday, and addressed the morning congregation in the Baptist church in the interest of missions and education. He reports the outlook for the Summerland College as very bright. To accommodate the large number of young people seeking admission to its general as well as commercial and other special courses the staff of teachers is to be increased and building operations are now underway for a new gymnasium, to be equipped throughout with the most modern appointments.

OXFORD WINS

Oxford defeated Cambridge in the annual eight oared rowing race over the championship course from Putney to Mortlake in hollow fashion on Wednesday by three lengths. The time was 20 minutes and 14 seconds.

BARRETT—KIDSON.

At the Presbyterian manse on Wednesday evening, March 23rd, Mr. Henry Barrett, and Miss Lillian E. Kidson, were united in marriage by the Rev. C. O. Main. The happy couple left on the (Flyer) Thursday for Spokane.

FITZPATRICK—WALLACE.

On Wednesday afternoon, at the home of the bride's father, Mr. Joseph Wallace, Miss Margaret Wallace and Ralph Fitzpatrick were united in marriage by the Rev. C. O. Main. Only the immediate friends of the contracting parties were present.

OFFICIAL ADMINISTRATORS ACT

NOTICE is hereby given that on the 23rd day of March, 1910. It was ordered by P. E. Wilson, Esquire, Judge of the County Court of East Kootenay, that James Ferguson Armstrong, Official Administrator for that portion of the County of Kootenay included in the Electoral District of Cranbrook and Fernie, be Administrator of all and singular the estate of Donald Carson deceased intestate.

Every person indebted to the said deceased is required to make payment forthwith to the undersigned.

Every person having in possession effects belonging to the deceased is required forthwith to notify the undersigned.

Every creditor or other person having any claim upon or interest in the distribution of the estate of the said deceased is required to send before the 30th day of April next, by registered mail addressed to the undersigned, his name and address and the full particulars of his claim or interest, and a statement of his account and the nature of the security (if any) held by him.

After the said last mentioned date the Administrator will proceed with the distribution of the estate having regard to those claims only of which he shall have had notice.

Dated at Cranbrook, this 24th day of March, 1910.

J. F. ARMSTRONG
13-14 Official Administrator

WATER ACT 1909.

Take notice that John Robertson, of Kingsgate, carpenter, and William Robertson, of Glasgow, Scotland, engineer, will apply for a Water License to divert one cubic foot of water from Glen Lilly Creek, a tributary of the Moyie River, and to store five acre feet of the said water. The point of diversion will be on Crown Lands less than half a mile above pre-emption No. 1223 and another on the southern half of the said pre-emption. The water will be diverted by means of ditches, flumes and pipes and will be used for irrigation on 140 acres of said pre-emption No. 1224 by the said John Robertson, and on 100 acres of the said William Robertson's application to purchase. The water will be stored by means of a dam to be constructed on Crown Lands at the head of the said creek in a reservoir and on a half an acre and not over ten feet in depth. The reservoir will be lowered and refilled by means of a headgate. Not over two acres of Crown Lands will be occupied by the works and no private parties will be affected thereby.

This notice was posted on the 16th day of March 1910, and application will be made to the Water Commissioner, at Cranbrook, on Tuesday the 19th day of April, 1910 at eleven o'clock in the forenoon.

JOHN ROBERTSON
12-16 WILLIAM ROBERTSON.

PURITY FLOUR

And Its Keeping Qualities

SOME people find it necessary to buy a considerable quantity of flour at one time—sufficient to last for a long period. Naturally they are anxious to procure a flour of the kind best adapted to lengthy storage.

There are two important reasons why PURITY FLOUR possesses these qualities. One is that it is made entirely from Manitoba Hard Wheat. The other lies in the fact that the careful milling necessary to produce "Purity" absolutely excludes all low-grade particles of the wheat berry. It's the high grade Manitoba Hard Wheat Flour that keeps—stands longest storage. That's "Purity."

"Purity" flour may cost a little more, but is more than worth the difference. Try it. Watch results both for quality and yield.

"More Bread and better Bread"

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

*Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgement.*

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrappers. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of KNOWN COMPOSITION. ASK YOUR NEIGHBORS. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.
