TUBERCULIN TEST FOR DAIRIES

CITY COUNCIL WILL PASS MORE STRINGENT DAIRIES REGULATIONS AT NEXT MEETING.

City council met at the City hall on last Monday evening at 8 o'clock those present being Mayor Simon Taylor, City clerk T. M. Roberts, and Aldermen Horie, Genest, Leask, Campbell and Hickembotham, Engineer F. O'Hara.

Minutes of the previous meeting were read and approved.

Communication from the Board of School Trustees asking for the use of the city hall for their meetings was read and granted.

The Cranbrook Agricultural Association asked for the use of the mayor's room as an office for their secretary and this on motion was also granted.

Communication from the city band asking for $600 as an annual grant was read and laid over until the next meeting on Wednesday night.

Dr. J. W. Rutledge was present and addressed the council on the subject of "Tuberculosis and dairy regulations." The doctor spoke on the disease as it existed in the cows and stated that it had been proven by the best authority that the disease was transmissable from cows to humans through the milk. The cows don't often show the effect of the disease and it can sometimes only be detected through the tuberculin test. He thought some regulations should be made in the passage of bylaws regulating the sale of milk in the city and providing for the inspection of all dairies selling milk in the city. Calgary inspection was carried on for a distance of fourty miles outside the city limits. The provincial government had at the present session passed an act giving to municipalities the power to regulate the sale of milk within the city. He would suggest that a bylaw providing for all dairy cattle to be tested semi-annually for tuberculosis and a monthly inspection of all dairies together with milk tests. He thought the old time can that had to be uncovered at every house a most unsanitary way to handle milk and thought all dairymen should be forced to use the sealed bottles. Dr. Rutledge was asked to confer with the city solicitor in the preparation of a bylaw covering the matter and which is to be introduced at the next meeting of the council.

Representatives from the Cranbrook Agsicultural Association were present and on being voted to be heard, Mr. T. B. O'Connell stated that they appeared with reference to a grant of $500 for the association or such less sum as the city could give them. He pointed out the advantages to accrue to the city from the success of the fall fair and stated that a large number of ratepayers never contributed one cent to the expense except through the city grant.

Mr. O'Connell was followed by A. H. Webb in reference to the same subject. It was moved and carried that the matter be laid over to the next meeting of the council when the estimates would be taken up.

The finance committee reported the following bills and they were ordered paid:

	108,653.69

Moved by Campbell and Hickenbotham that the rate of taxation for the year 1914 be fixed as follows:

Debenture repayment, 13 7-10 mills
School, 6 mills
Health. 1 mill
General, 7 3-10 mills

and that a discount of one-sixth be allowed on all taxes paid on or before June 30th which are levied for school, health and general purposes. Motion carried.

In the matter of the public drinking fountain and horse trough, Aldermen Campbell and Genest were appointed a committee to interview Superintendent Harshaw with regards to obtaining a location for the same.

Council adjourned.

A special meeting was called for next Saturday afternoon at 3 o'clock.

LOCAL BONSPEIL

The Curling Club will hold a local bonspiel beginning Wednesday the 18th of February,(weather permitting). There are two cups to play for, the the Gault and the Corby, and it is expected that possibly another and perhaps two more competitions will be put on. Quite a large number of prizes have been offered, and will be given in connection with the various trophies. Every member of the Club should get in on this bonpiel. The committee are endeavoring to make arrangements to have enough rinks entered to give every one a chance.

The rinks which have been playing in the competitions now being finished will not play, but new rinks will be picked up. Rinks going into the bonspiel will kindly make their entry with the Secretary as soon as possible. The committee will not stand for any packed rinks, and it is presumed that no attempts of that kind will be made. Fernie expects to send down a couple of "beginners" rinks. Given favourable weather, there ought to be two good days sport on the ice.

Any member wishing to play who hands in his name to the Secretary will be placed on a rink. Rinks entering will be announced as soon as possible. Fee for entry, $2 for a rink or 50c a member.

Clifford Sifton, Premier of Alberta, in an interview, said he considered that the worst of the financial stringency was over, and there should be an improvement in conditions in the near future. He was of the opinion that the sale of five million dollars of Calgary bonds on the London market at 97 was almost hopeful sign.

AN ATTRACTIVE PROGRAMME

CHILDREN ARE PREPARING FOR SATURDAY MATINEE ENTERTAINMENT

We remind the Cranbrook theatregoing public, that on Saturday the 31st of this month, at 2:30 p.m., in the Auditorium, the announced entertainment by the pupils of King Edward School and Miss Ramsey's dancing classes will take place.

The little ones have been practising strenuously for the past two months, and a most attractive programme has been drawn up for the occasion.

Among the various features we may mention Action songs, National dances, Court dances and drilling. A musical Fairy Play produced by a number of little actresses and actors promises to be a most delightful display of the juvenile talent of Cranbrook.

Sixteen well-known local ladies and gentlemen will appear in a Watteau Shepherds' Dance, dressed in the original Rococo style costumes.

An Old Country Skirt dance and Irish jig, rendered by two gentlemen will close the performance.

This will be the first time that a matinee of this kind has been offered the Cranbrook public and a large attendance is solicited in order to encourage pupils and teachers to further promoted similar entertainments in the future.

OVERSEAS CLUB

The Cranbrook Branch of the Overseas Club held a very succesful Social on the 5th instant in Maple Hall.

An interesting programme consisting of a whist drive, songs, recitation readings, etc., had been prepared by Mr. and Mrs. H. Leaman.

The winners of the whist drive were Miss C. Betts and Mr. J. Whittaker.

The following took part in the programme:—

Pianoforte Solo—'William Tell'—Mr. L. Van Staveren.

Song—'The Old Brigade'—Mr. R. D. Cameron.

Recitation—'Barney O'Leen and the Leeches'—Master Willie Leaman.

Recitation—'Tommy Stout'— Master Willie Leaman.

Song—'My Heart is With You Tonight'—Mr. J. Lower.

Reading—'The Jealous Wife'—Mrs. H. Leaman.

Song—'Four Jolly Blacksmiths'—Mr. R. D. Cameron.

Pianoforte Solo—'Poet and Peasant'—Mr. L. Van Staveren.

The entertainment came to a close by midnight with three cheers for Mr. and Mrs. H. Leaman and the singing of the national anthem.

In the future the branch will meet the second and fourth Tuesday instead of the first and third Thursday as before.

Members are requested to take note of this change as the next meeting will be on the 24th instant, when the members and their friends will be entertained to a dance.

TOM MARKS COMING

When the name of Tom Marks is flashed on the boards or in the news papers every one sits up and takes notice to see if he is paying a visit to their town and on what date. It is welcome news to the theatre goers of Cranbrook to see that he is announced to appear at the Auditorium Theatre for six nights commencing Monday, February 16th. The "Golden Rule,, a beautiful pastoral comedy will be offered the first night. There is intense interest throughout the play, plenty of lively situations that grip the audience and quiteness remains supreme, and at another situation the quiteness changes to one of merriment and the theatre rings with laughter of the heanty kind. The play is original in every way and deals with the money kings of Wall Street and the Church. Mr. O'Neil, the kindly pastor of St. Michaels church, New York City, This particular part is classed as one of Mr. Marks' best achievements. His supporting cast is all a complete be desired. There will be acomplete change of program each evening with a Wednesday and Friday Matinee. Prices to suit everybody. Seats on sale at Beattie-Murphy's Drug Store.

Call at the old C.C.S. corner Saturday, February 14th.—Lloyd Crowe & Co.

HOCKEY

The Cranbrook boys retaliated on the Blairmore team last Thursday night and wiped out their defeat of the night before by winning a fast game 8-4. The Blairmore boys played fast hockey and the two games were about the fastest hockey ever witnessed on the local ice. There is no question but that Cranbrook has a fast team this season and they are able to give a good account of themselves at all times. The Blairmore team played a clean game and it is to be hoped that return games may be arranged before the close of the season. The local club is paying a visit to Blairmore next week.

Fernie stopped off on their return from the conquest of the West Kootenians at Rossland on Tuesday afternoon and played at Arena rink in the evening. They only played six men which made the game appear slow from the spectators point of view. The boys however played hard and both sides were out to win. Cranbrook started in the lead with one goal in the first period.

In the second period the locals secured two more but Fernie took the lead with four straight and in the last period they scored once. Cranbrook making three and winning the game 6-5.

The lineup was as follows:

Fernie: J. Dunlop, goal; B. Wallace, point; Turiff, cover point; Rogers, right wing; Dunlop, center; Batkie, left wing.

Cranbrook: Crowe, goal; Sims, point; Connolly, cover point; Chatlord, centre; McIllwaine, left wing; McIntosh, right wing.

LUCCA GETS DECISION AT ROSSLAND

ROSSLAND, B.C., Feb. 9—Charlie Lucca, the agressive little lightweight of Rossland, was returned winner in his 20 round bout on Thursday night with Young Maxwell, after a rousing wind-up to the fastest exhibition ever staged in this vicinity. The decision of Referee Frank Boyd was popularly received, Lucca being the aggressor fron the first tap of the gong. Until the sixteenth round both boys shared honors about evenly but from then on it was all Lucca, the gong saving Maxwell in the eighteenth. Both boys tried hard in the twentieth for a knockout, but both seemed to lack the necessary steam, although both were in good condition at the end.

Parcels Post for the Dominion of Canada went into effect on February 10th, and Postmaster Henderson reports that the new service is being rapidly adopted for the shipment of small parcels and the local business in this line shows every sign of becoming a large department of the local office in the near future.

Parcels weighing over six pounds will not be received until after April 30th, as the postoffice department wish to use the next three months for organizing this new system and working out all the details.

Any parcels containing third class mail matter may be sent by Parcels Post, with the exception of any parcel containing intoxicating liquors or explosives.

Parcels must all be prepared for posting in such a manner that the contents can be easily examined.

The limit of weight for a parcels post package is eleven pounds, after April 30th, and the general limit of size is thirty inches in length by one foot in width or depth, but parcels will be received up to 3 feet 6 inches in length provided that the combined length and girth do not exceed six feet.

Articles of a fragile nature should be marked "fragile, handle with care" and parcels containing articles of a perishable nature should be marked "Perishable." Articles or goods likely to spoil during transportation will not be received.

A TASK FOR MEN OF METTLE

THE LAYMEN'S MISSIONARY MOVEMENT

The Cranbrook Conferences of The Laymen's Missionary Movement of the 28th (February) of this month invite the attention and cooperation of every layman in the district. The visiting speakers are men of broad vision and versatility in their alloted subjects. The greatest miracle of the present generation is in the line of rapid and wide expansion of the Christian church. The great reformation movements found the activities of Christianity congealed in semi-pagan ceremonial and formalities. Her leaders openly espoused the cause of universal sovereignty in all matters temporal, political and spiritual.

Christianity during the first four centuries was intensely missionary in character. The evangel of redeeming grace was heralded southward into Arabia and Africa, Eastward into India and even China, Westward into Europe and Northward into Asia Minor. Had the early church maintained her seperateness and holy character, she would have also maintained her holy zeal and power. But, lapsing into the lethargic security of a world conqueror, with the whole world at her feet, she quickly reverted to the darkness of the paganism strength, she had overthrown and expelled.

The reformation of the fifteenth which in the days of her glorious century only partially restored the church to her primitive throne as consort with her divine Lord and Master. It remained for the coming of the nineteenth century to sound appointed task for calling the nations the awakening call to her divinely again to the scepter of the Christ.

At the beginning of the nineteenth century all doors to missionary endeavor were closed against the church. The throne of Grace was importuned for open doors, men and money, with such power that the close of the century found thousands of missionaries and tens of thousands of converts and practically every door open for the welcome of the evangel of grace.

Even here the church did not recognise nor fully accept her task.

First, the few God-fearing men and women went forth for duty often faintly supported by their home churches. Then the call was heard by the women, who quickly organized themselves into Guilds, Missions, Circles, Societies, etc., for the better prosecution of the work. Next to hear the call was the young men and women in the churches and colleges. These formed themselves into Endeavor Societies and Student Volunteers etc., giving a powerful impetus to the missionary enterprises of the world. Then last of all the call was heard by the men of Christiendom. They are answering with a mighty shout of victory. These form the last class of unutilized forces in the Christian Church.

What the Laymen's Missionary Movement did for an Ontario Church. The membership of this country church approximately two hundred Fourteen years ago the pastor of this church served a parish covering a territory nine by eighteen miles of thickly settled farming lands. His stipend of $600 with Manse, barely sufficed to meet his ever increasing expenses. The congregation was generous openhanded, but lacking in organization. The pastor organized the working forces for efficiency with considerable response and sympathy. Yet the church found some difficulty raising the stipend and $400 for mission. After a pastorate of five years the minister was succeeded by another. Co-incident with his settlement was the birth of the Laymen's Missionary Movement. After one year the church felt the first thrill of the Movement. About the same time a movement of the members toward the West greatly depleted the financial strength of the church. However, under the impulse of this Movement $200 were added to the pactors stipend and the offerings to denominational enterprises were increased from $400 to 1200, annually. For years this church has maintained this standard of giving and has done it with greater facility than when she gave the lesser amount. It has been truthfully said that the most hopeless poverty of the Christian church is poverty of vision. Conferences on the 27th inst.

CEMENT MILLS BEING CLOSED

It is announced by the Canada Cement Company that, owing to the dullness of business, they have decided to close down four of their plants for the balance of the year 1914, or until further notice. The plants affected are those at Marlbank, Ont., Lakefield, Ont., Shallow Lake, Ont., and Calgary, Alta.

MONTHLY MEETING OF SCHOOL TRUSTEES

POLICE WILL BE ASKED TO INVESTIGATE BOYS SMOKING CIGARETTES AND VISITING POOL ROOMS

The School Board meeeing for the month of February was held at the city hall last Friday evening, those present being Chairman H. White, Secretary Roberts and Trustees Wilson, Fink, Quain and Laurie.

The minutes of the previous meeting were read and on motion approved.

Communication from A. H. Webb regarding special high school certificates necessary for doing extra work was read and on motion of Fink and Wilson it was decided that the $5.00 necessary for securing certificates be paid by the board.

Communication from F. G. Dexter asking for an increase of salary for special work was read and the opinion being that no increase could be made for the balance of the present term. Chairman White was authorized to interview Mr. Dexter regarding the same.

Communication regarding children carrying lunches to school on severe days was read and secretary authorized to reply stating that the board was taking the matter up. The secretary was instructed to communicate with Principal Cranston asking him to exercise leniency and reasonableness in this regard in all cases during inclement weather.

On motion by Quain and Laurie, the janitor was instructed to remain at the school building between 12 o'clock noon and 1.30 p.m. during school days.

The secretary was instructed to address a communication to the police commission calling attention to the fact that minors are securing tobacco and specially cigarettes in the city and are often seen frequenting pool rooms, and asking the commission to request the police to take steps to remedy this serious evil.

The secretary was instructed to remit annual fee of $25 to the B. C. School Trustees Association for the year 1914.

The following standing committees were named:

Building and Improvement: Trustees Laurie and Fink.

Finance. Trustees Wilson and Quain.

Supplies and Contingincies: Fink and Laurie.

Motion carried that insurance of $4,000 be placed immediately on the manual training school building and on fixtures in all the schools to 75 per cent of the value and the matter placed in the hands of the committee on building and improvements.

MAGISTRATE'S DECISION REVERSED

On January the 8th, last a Chinaman, Don Lui was find $150.00 and sentenced to three months in jail, for an alleged offense of supplying liquor to "Pete" a Mission Indian.

An appeal was taken by the accused to the County Court and was heard this week resulting in the appeal being allowed, the fine remitted and the sentence of three months imprisonment set aside.

His Honor Judg Thompson in giving judgment allowing the appeal commented very strongly upon the practice of Magistrates assisting in securing evidence against a prisoner and thereafter sitting on the case. This practice Judge Thompson held to be unproper on the part of the Magistrate and unfair to the person accused.

Evidence of this kind and secured in this way is in its nature forced evidence and cannot be relied upon.

A. B. Macdonald appeared for the the appeland, and T. T. McCreedy for the Indian Constable and private prosecutor.

EDITORIAL NOTES

It is reported that the steel work for the new bridge at Wasa has been let to a firm ofVancouver contractors Mr. A. A. Mackinnon, the proprietor of the Cranbrook Foundry, states that he was not given an ouportunity to estimate the job. The money for the erection of this bridge was appropriated to this district and it seems only fair that the money should be spent here if at all possible. The Cranbrook Foundry has every facility for handling the work and the Deaartment of Works are liable to the accusation of discriminating against the inter'or in favor of coast concerns in thus depriving the district of the money which rightfully should have been expended here.

One of the most important measures before the present Dominion house is a bill providing for the abolition of capital punishment. The introduction of this bill proves that Canada is taking a step forward in the ranks of the highest civilized nations. Capital punishment is a relic of barbarism with no means of justifying the law that courts may take a man's life. Criminality is a disease of the mind into which the medical profession have not delved very deeply but into which they arfe making vast inroads each year. Many criminals have been reformed by supplying them with proper eye-glasses, others with operations for brain pressure, etc. The state has as much right to decapitate a man for measles as for murder, both may be cured by proper methods. There is no punishment in capital punishment, only a sordid appealing to the spirit of revenge which through centuries of practice has proven woefully inadequate to reform anybody or to suppress crime. With the medical profession inquiring more closely into the diseases of the mind, with reforms in the many prisons of the world, the twentieth century may witness a rise in civilization and a dawn of hope for the darkened minds of the criminal and the insane.

The Herald is not disposed to clamor for the continued existence of the Senate, but we do protest strongly against thinly veiled wishes expressed in nearly every government paper in the country that there would be sudden death come to a number of Liberal members of the upper house. The Conservative party is grotesquely insincere in the cry for Senate reform, when the only method of reform suggested is death to Liberals and the filling of the vacancies with Conservative party hacks. The Conservative press has no desire for Senate reform. All that is Hished for, is Liberal funerals so that the red chamber will pass to the control of Premier Borden. Such a policy is no credit to the Conschwaoive party and is certainly not designed to appeal to the imagination of the country. What do the young men think of the policy which involves nothing more than riding into the Senate astride another man's coffin. If the Premier is sincere in his desire for Senate reform, his newspaper support in this country does not reflect it. If we are to have senate reform let us have it in one of two ways. Let us have an elective Senate or no Senate at all. The Herald believes the voice of Western Canada would say no Senate at all, and certainly no Senate at all is preferrable to one that exists for the mere purpose of registering the will of the Prime Minister. The ghoulish policy involving fervent prayer for speedy death to political opponents will not enthuse the people of Western Canada. They are not built that way.—Lethbridge Herald.

This Woman Knows How D. D. D. Cures Skin Troubles

(This letter is just received)

"Toronto."

"I am the mother of twelve children. I took a bad leg at the birth of my last child. I was laid up five weeks, with a doctor attending me who does nothing but treat this kind of skin disease. Six weeks ago I heard of D.D.D. As I used to tear my leg at night until it was a bleeding mass, I applied a bottle of D.D.D. I can't tell you the ease it gave me. Many a time I nearly fell with dizziness from want of sleep. Now my leg is completely healed up, thanks to the blessed D.D.D. I never expect ed a cure, I only got D.D.D. to take the terrible itch away. But by degrees I saw the big sore getting smaller. I have a thankful heart today.

Mrs. Stitt, 202 N. Weston Rd., West Toronto.

The cures of D.D.D. are past belief. All druggists have this soothing, cooling wash and also the efficient D.D.D. Skin Soap.

Come to us and we will sell you the first full size bottle on the guarantee that it will stop the itch at once or your money refunded.

COMMUNICATION

To the Edieor of the Herald:

Dear Sir:

In a recent pamplet from the B.C. Stocabre'ders' Association, the motto given was "More and Better Stock." Not many local farmers are members of that association but what is there to hinder them from adapting che quotation as their slogan, for wherever you find it used and followed up it is absolutely an impossibility to find soils becoming more impoverished each year, and if the soil is being continually enriched what must perforce happen to the farmer who at the same time uses any up-to-date and seasonable method of cropping? Such conditiont would lead one to recast the stock breeders motto to suit our local requirements. It should read thus: "More and Better Stock with richer soils and bumper crops." In conclusion, sir, I ta e pleasur? in inviting the farmers and ranchers to a meeting of the Institute to be held in the Old Gvmnasium on Saturday, Feb-24th., at 2:00 p.m. Messrs Levett, Palmer and Pain will be there to enlarge upon the richer soils and bumper crops and arrangements will be made to have some phase of the first part ("More and Better Stock") dealt with at the next meeting.

Thanking you for allowing me space in your valuable paper,

I beg to semain, sir,

Yours very truly,

GIVE THAT PUNY CHILD THIS GUARANTEED REMEDY

If your child is under-weight, listless ailing, liable to get sick easily, it needs a medicine to build its weight and strength. For this purpose there is nothing else we know of that we can so strongly endorsee as Rexall Olive Emulsion. The remarkable success of this splendid medicine is due to the fact that it contains ingredients that tone the nerves, enrich the blood and furnish to the entire system the strength, weight and health-building substances it needs. And, it does all this without injuring the stomach. In fact, Rexall Olive Oil Emulsion is not only pleasant to take, but even the most sensitive stomach is benefited by it, and the digestion improved. On the other hand it contains no alcohol or habit-forming drugs, which most parents object to giving their children. It does its good work by taking hold of the weakness and builds the body up to its natural strength, at the same time making it strong to resist disease.

If Rexall Olive Oil Emulsion doesn't build your child up, feed the stunted, puny muscles, and make the little one lively, strong, well, and full of the animal spirits children are meant by nature to have, come back and tell us and get your money back. We don't want you to lose a cent. We think this no more than fair, and it leaves you no cause to hesitate. For old people also—for convalescents—for all who are nervous, tired-out, run-down, no matter what the cause—we offer Rexall Olive Oil Emulsion with the same guarantee of entire satisfaction or money back. Sold only at the 71000 Rexall Stores, and in this town only by The Beattie-Murphy Co., Ltd., $1.00.

Use Parisian Sage every day, rubbing thoroughly into the scalp.

Parisian Sage, which comes in a large 50 cent bottle, is guaranteed by the Beattie-Murphy Co to destroy dandruff germs and abolish dandruff—to stop hair from falling and scalp from itching, or money refunded.

To put life and beauty into dull—dry or faded hair and make it soft and fluffy surely use Parisian Sage—it is one of the quickest acting hair tonics known.

$3.50 Recipe Free, For Weak Men
Send Name and Address To-day. You Can Have It Free and Be Strong and Vigorous

We have in our possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that we think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So we have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope, to any man who will write us for it.

This prescription comes from a physician who has made a special study of men, and we are convinced it is the surest acting combination for the cure of deficient manhood and vigor failure ever put together.

We think we owe it to our fellow man to send them a copy in confidence, so that any man anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what we believe is the quickest-acting restorative, upbuilding, SHOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop us a line like this: Interstate Remedy Co., 7820 Goodyear Building, Detroit, Mich., and we will send you a copy of this splendid recipe in a plain ordinary envelope free of charge. A great many doctors would charge $3.00 to $5.00 for merely writing out a prescription like this—but we send it entirely free.

REX THEATRE

The Regina city council will be called upon in the near future to appoint a coal and wood inspector. For years past there has been an agitation on foot to secure this appointment, and several of the aldermen recently elected had championed such an appointment. Their pledge in this regard has been fulfilled.

The abundance of money in the London market and the reduction of the Bank of England rate from four to three per cent gave a further powerful stimulus to the revival, which has been taking place in the stock exchange securities since the beginning of the year. The behaviour of consols amazed even the oldest members of the exchange. The securities rose as high as 76¼, a rise of 5¼ above the low record to which they dropped only a few weeks before.

Vernon has had a record year in fruit exports. Three million cans have been used, $150,000 paid out for boxes, and 1,800 carloads of fruit shipped, the value of which is estimated at over $1,250,000. Higher prices of produce have been secured by the central selling agency of the fruit growers, and it is stated that some of the full-bearing orchards are paying 30 per cent. on the investment.

HERPICIDE

The hair is more exposed and hence more liable to accumulate dust and dirt than any other portion of the of the body.

In spite of this the hair receives, as a rule, the least attention and no real effort is made to keep it healthy.

If the dandruff germ is allowed to work unmolested and the scalp becomes crusted with dirt accumulations, one may expect the hair to die and fall out. There is no cause for surprise in this phenomenon, it is natural and happens in every instance where the care of the hair and scalp is overlooked.

The one sure remedy which prevents the loss of hair and permits a healthy, luxuriant growth is found in Newbro's Herpicide.

The dandruff cannot remain on a head to which Herpicide is regularly applied. The hair ceases to fall. The terrible itching stops almost instantly.

That is what Newbro's Herpicide does.

Newbro's Herpicide in 50c and $1.00 sizes is sold by all dealers who guacantee it to do allthat is claimed. If you are not satisfied your money will be refunded.

Send 12c in stamks for booklet and sample to The Herpicide Co., Dept. R., Detroit, Mich.

BAYNES LAKE

The long promised blizzard has come and gone without any serious damage except to indoor pot plants in the night following, when the temperature fell to 25 degrees below zero in most places and down to 33 degrees below in exposed and wind swept situations. The wind only lasted from about 7 a. m. on Wednesday, February 4, till the small hours of Thursday, Feb. 5, but zero weather did not prevail during the gale in daylight. On Thursday night the temperature in exposed localities fell to 31 degrees below zero.

On Monday, Feb. 2, about 8 a. m., there passed away the wife of W. White of Baynes. Mrs. White was quite well, though somewhat weak from an influenza attack some weeks ago, and whilst her husband went out to attend to something for two or three minutes she was attacked with heart failure and Mr. White returned only in time to see her gasping out her last breath. The husband is left with a young baby and an infant of two years of age.

On Thursday the Baynes and District Free Reading Room and Library association met, Rev. J. Philip being in the chair. S. Eoll, the treasurer, reported a sound balance sheet and the first accession to the permanent stock of books to the shelves in the shape of 14 volumes of "Stoddard's Travels," donated by Dr. T. Fyson Saunders. A commodious set of bookshelves now accomodates these and the 50 volumes of the government traveling library. The librarian reported that these were in active request and it was resolved that he be asket to present a monthly report on the work of the library for the future.

The "hard times" dance, under the auspices of the Anglican Ladies guild, in aid of the projected new church, came off on Friday, Feb. 6, at Baker's hall, Waldo, and was an unmitigated success in spite of the very cold weather, for an even larger number were present from all parts than was the case at the recent Foresters' dance at the same place. The full Cranbrook ladies' orchestra officiated, giving universal satisfaction. Some of the costumes created great amusement bevond the usual efforts with sacks, flour bags, nails and string. Mr. Houghton, of Calgary, was funny, as an old broken down English gentleman, with a watch made out of blacking tins painted with a dial. Mr. Bridge did well towards raising a fund for the orchestra expenses, dressed as a cowboy "sandwich-man," with revolver and the notice: "Hands up! We simply must have the dough, you bet yer!!" Mrs. D. W. Hart, in brown paper, was also good. Very few failed to come dressed in accordance with the function, out of 250 present in all, and a few black, yellow, white and pink domino alone failed to come quite into line in this respect. The costume prizes were awarded as follows: Ladies' prize, a leather satchel, Mrs. Bridges, of Baynes; gentleman's prize, a watch chain, Mr. Gould, of Waldo. The costumes of both the prize-winners were conspicuous for restraint and absence of exaggeration and the awards gave complete satisfaction. Mrs. Jackson, as an indian squaw, also deserves mention as very good.

On Saturday the juvenile hockey teams of Fernie and Waldo met on the Kootenay rink in a one-sided contest. For Fernie, the pick were McBain Dunlop and C. Comuns, who with their club mates, ran up only 19 goals, whilst R. Jackson, who scored the only goal for Waldo as the result of a brilliant effort, deserves praise for the plucky and unflinching way he led the forlorn hope.

Mr. and Mrs. Fred Adolph are visiting friends in Victoria this week.

The "Entre-Nous" Practice Dance club are getting up a special Valentine's dance on Friday, Feb. 13, in the Adolph hall, Baynes.

It is proposed to hold in the same building, on Thursday, March 5, a high class concert in aid of Baynes Lake, school funds.

MOYIE

Mr. R. A. Smith made a flying visit to Cranbrook last week.

Mr. and Mrs. J. McTavish, of Bull River; Mrs. Foote, of StettlerAlta.; and Mr. and Mrs. P. Mead, of Lethbridge, Alta., were in Moyie this week, attending the funeral of the ladies' mother, Mrs. Isabelle Whitehead.

We are pleased to report that Miss Florence Johnson is steadily recovering from her severe attack of rheumatism, and expects to leave the hospital in a few days.

Miss Esther Erickson left for Kimberley last week.

Mr. and Mrs. G. W. Bateman, of Cedar Grove Farm, were in town on Monday the 9th instant.

Mr. Eddie Desaulnier, of Bull River and his bride arrived in Moyie last week where they received a very enthusiastic reception, which lasted until the wee sma hours next morning.

Mike Kusick was taken suddenly ill Wednesday morning and left on the afternoon train for the Cranbrook hospital.

Jim McNeil, of Ainsworth, was in town this week.

Mrs. A. Ewing is recovering from her late illness and we trust that she will soon be around again.

The Methodist Ladies' Aid met at the home of Mrs. A. Cameron last Wednesday and the beautiful weather coaxed every member out. Didn't their hearts rejoice when they saw the lovely little lunch that Mrs. Cameron had prepared?

Mr. W. B. Willan spent a few days in Cranbrook this week.

The funeral of Mrs. Isabelle Whitehead, who died in Lethbridge Hospital, February 6th, was held from the Roman Catholic Church, Moyie, February 9th. The demise of Mrs. Whitehead marks the passing of one of our oldest residents. She leaves to mourn, a husband, four sons and five daughters.

IN MEMORIAM.

In loving memory of Mrs. Isabelle Whitehead, of Moyie, B.C., who died February 6th, 1914.

Today another vacant seat
Beside the hearth is found;
Another new made grave is seen
In the still burial ground;
Another noble heart is still,
Another head at rest;
Another soul before the Throne
In saintly beauty dressed.

Her feet were stayed upon the hill
Ere yet the brighter beams
Of noontime melted in the ray
Of evening gentle gleams.
The waiting angel nearer drew
And touched the mystic chord,
And the noble spirit passed, to be
Forever with the Lord.

We call her dead: In that bright (world
Where now she dwells on high,
There are no dead. The beautiful—
These never fade and die.
Not dead, but crowned with cad-(less life
And clad in garments white,
She walks, unwearied, evermore
The tranquil courts of light.

A little while we journey on,
A few short years, and then,
You, who are parted from her now
Shall meet your loved again.
No more to miss her from your (home,
No more to say, Farewell,
Safe in the song-blest land ye all
Shall reunited dwell.

INVERMERE

(Special correspondence).

INVERMERE, B. C. Feb. 6th.—The annual meeting of the Windermere Board of Trade was held here today. The attendance was a large one. The reports of the President, the Secretary Treasurer and of the council were all presented and passed after discussion. Otherwise not much business of importance was transacted. There were several motions introduced which brought on warm discussion but these were either defeated or referred to the Board's council for action.

The membership has again increased there now being over sixty-five on the list. The election of officers resulted in Mr. J. C. Pitts, of Windermere, becoming President; Mr. J. E. Cornwall, Vice-president, and Basil G. Hamilton, of this place being re-elected Secretary-Treasurer. The members of the Council were chosen as representatives and are A. M. Chisholm, Windermere; G. F. Stalker, Wilmer; Joseph Lake and Lionel J. Peake, Athalmer; with G. A. Parham, I. C. Wedd, George A. Starke and G. A. Bennett, from Windermere; G. A. Cuthburt, as representing the ranching community.

The report of the council shows that a slight increase has taken place during the past year in the areas under crop and bears specially on the urgency of fostering a local market for farm produce.

The usual votes of thanks to retiring officers and others who have given assistance were passed.

FOR Beautifying Your Hair

The Ladies in this Town are Simply Going Wild over Harmony Hair Beautifier. And no wonder, because to make the hair lustrous, soft and silky we believe there's nothing else—and we sell about all the various hair preparations made—that anywhere near comes up to Harmony Hair Beautifier.

Ask any one of the many women in this town who use it—she'll tell you she "loves" it. Just look at her hair, and you'll come to us and get some yourself.

HARMONY HAIR BEAUTIFIER

Is just what its name implies.—Just to make the hair glossy, lustrous, more beautiful.—Just to make it easier to dress, and more natural to fall easily and gracefully into the wavy lines and folds of the coiffure.

It leaves a delightful fresh and cool effect, and a lingering, delicate perfume. Will not change or darken the color. Contains no oil; therefore doesn't leave the hair sticky or stringy. Simply sprinkle a little on your hair each time before brushing it. But first, make sure that your hair and scalp are clean, by using

Harmony Shampoo

—A liquid shampoo to keep the hair clean, soft, smooth and beautiful. It gives an instantaneous, rich, foaming lather, penetrating to every part of the hair and scalp. It is washed off just as quickly, the entire operation taking only a few moments. *It leaves no lumps or stickiness.*—Just a refreshing sense of cool, sweet cleanliness.—Just a dainty, pleasant and clean fragrance.
—Both in odd-shaped ornamental bottles, with sprinkler tops.

Harmony Hair Beautifier, $1.00. *Harmony Shampoo*, 50c.
Both are guaranteed to please you, or your money back.

These Stage Beauties Endorse Them

There is no class of women who know better how to discriminate in the use of things to make them more beautiful than actresses. Among the many celebrated stage beauties who use and enthusiastically praise both Harmony Hair Beautifier and Harmony Shampoo are:

ETHEL BARRYMORE — Star in "Tante," Empire Theater, New York.
ELSIE FERGUSON — Star in "A Strange Woman," Lyceum, New York.
LOUISE DRESSER — Star in "Potash and Perlmutter," G. M. Cohan Theater, New York.
LAURETTE TAYLOR — Star in "Peg o' My Heart," Cort Theater, New York.
NATALIE ALT — Star in "Adele," Longacre Theater, New York.
ROSE COGHLAN — Star in "Fine Feathers," now touring the United States.

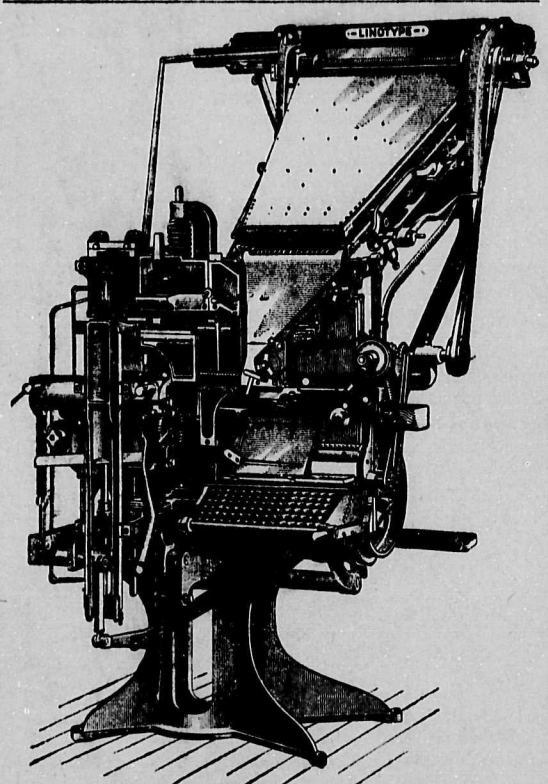
Modern Linotype Machine Installed in the Herald Office

Latest "Model K" Linotype, Fastest of Improved Typesetting Machines, Purchased from Canadian Linotype, Ltd.



Two-Magazine Model K Linotype

We trust our readers will overlook the lateness of this edition of the "Herald," which was necessitated by the installation of a new and modern Linotype machine. For several weeks past the "Herald" has been issued under the difficulty of not being able to furnish sufficient type for the edition which was caused by the collapse of our former typesetting machine. The old Monoline, which was installed eight years ago by Fred. Simpson, and has been a faithful performer, running eight hours a day practically constantly ever since, was overcome by old age, and the management was compelled to purchase a new machine.

All of the many new makers of machines were consulted by correspondence and a new machine which has only been on the market for the past eight months was finally selected as the one best suited to the needs of this growing young city. The new machine is the two-magazine Model K Linotype manufactured by Canadian Linotype, Ltd., of New York City. It has now been installed in the "Herald" office, the installation being attended to by Mr. J. Lange of Vancouver, the company's British Columbia representative and inspector. The machine is working beautifully and has fulfilled all our expectations, getting out the paper, although somewhat late, in record time.

The purchase of a Linotype is a large financial undertaking and the "Herald" can now successfully substantiate its claim of being one of the best equipped plants in the interior of British Columbia. The Linotype has completed an otherwise large and complete equipment of printing machinery. The "Herald" is not given to blowing its own horn, rather allowing our product to speak for itself, but while we are on this theme it would not be amiss to particularize th staff and plant which is no mean asset to the city of Cranbrook. The "Herald" employs a paid staff of seven employees besides numerous writers and correspondents. The plant is fitted with Universal and Gordon job presses, a Babcock newspaper press, a Rossback power perforator, a folding machine, a power punching machine fitted with dies for punching any size or style of hole, two paper cutters, a wire binding and stitching machine, besides numerous other smaller machines which go to make a complete newspaper and job office. The addition of the Linotype will double our capacity for giving the news, and the aim is to make the "Herald" increasingly larger and better.

The new Linotype is the latest product of the Canadian Linotype, Ltd., factory, which manufactures the bulk of the typesetting machines for the newspaper and job offices of the world. The new machine carries two magazines, each supplied with two faces of type, which gives the operator instant command of four distinct faces and sizes. With an added equipment of extra magazines the machine may be fitted to set innumerable faces of type in range of from 5 to 11 point. The molds are quickly adjustable to any size from 4 ems to 3 ems. The machine casts each line into slugs and the speed of the machine is only limited by the ability of the operator.

Concerning the multiple magazine Linotypes, the Linotype News says:

More than 15,000 Linotypes are in daily use in the United States. Back of every one of the machines, from the earliest square base one-letter Model One up to the present quick change multiple magazine Linotypes, is the Mergenthaler Linotype Company, with its organization, its 25 years of experience, its factory with 1800 employees, its stock of 60,000,000 matrices in 1000 different faces, its free inspection service, and its ability to furnish parts and supplies to all these 15,000 Linotypes, whereever located, at practically a moment's notice.

This great industrial institution was not built hastily, nor its prestige acquired by chance. Every advance in the evolution of the Linotype had to be achieved by hard work and careful experiment, in the face of discouragement and immense financial outlay. Before the first Linotype was a commercial success more than $3,000,000 has been spent.

Yet in spite of almost insurmountable obstacles and the great initial cost of each improvement, the Linotype has not stood still. The present standard machines are so far in advance of the earlier models, and have met with such instant and gratifying success, that they are rapidly supplanting the single magazine Linotype and bid fair to make the multiple Linotype way the only way in the not far distant future.

Although it is only a little more than a year since the latest multiple magazine Linotypes were even shown to an expectant public, more than 500 of these new models are already installeed and in daily operation. Wherever they have gone they have received enthusiastic endorsement from their users, who appreciate the broadened scope and greater versatility of these machines and realize that the multiple machine idea has come to stay.

Rev. and Mrs. W. K. Thomson, Mrs. A. A. Mackinnon, Mrs. J. F. Smith and Miss Sutherland composed a party which left Cranbrook last Monday to attend the annual session of the Kootenay Presbytery and Womens' Presbyterial which is meeting in Rossland this week.

The Bankers' basket ball team visited Wycliffe last Monday evening romping off with the game in fine style. Following the contest a dance was given at the club building and all present enjoyed this diversion until a late hour. There were a large number of visitors accompanying the visiting team. The Bankers team has not been defeated this season.

CITY MARKET FOR FARM PRODUCE

Effort Will Be Made to Establish Public Market in Cranbrook.

We hear, these days, a great deal and read a large number of articles on the high cost of living. We have to agree with the facts set forth that the cost of living of each and every one of us is going up by leaps and bounds. We also agree more or less with the claims that snch and snch conditions-manifold, are responsible for this increase and we go a little further and cut down on some of the luxuries we have hitherto enjoyed in order to reach the rising tide in the cost of necesities. But this is mere individual effort and of course benefits only the individual.

What we reqnire, in order to lighten the burden of living expenses for those who having enjoyed no luxuries heretofore cannot economize, is concerted action along the lines of general reform, tending towards the reduction in price of the actual necessities of life.

This will appear at first glance almost impossible as it would appear futile to go up agaist the "Flour Trust" or the "Meat Trust" or the "Sugar Trust" if there are such trusts in existence. It is a fact that situated as we are, we have very little influence over any of these three, or rather, over two of these factors. With the other, that of the "Meat Trust" we will see later that there is a way out.

In the immediate vicinity of Cranbrook, our ranchers are at the present time, in season, growing all kinds of vegetables for which they have to find a market on the prairie. In our homes our good wives know, we get a "choice" vegetable from one Chinaman who has a certain clientele and an arbitrary price. His vegetables for the most part are grown by the irrigation method and are chiefly water. They have been pawed over by probobly, thirty or forty other housewives before you get a chance to take them or do without, as one Chinaman lets another's beat alone. The white rancher, who by the way grows better vegetables, does not peddle his produce in this way. He is too proud to compete with his yellow "brother" and we can't blame him. He sells his vegetables by the carload and they go out of the country.

If we have and there is no reason we shouldn't have a clearing house or market where the different products of the ranch, such as vegetables butter, eggs, poultry, meat, etc., could be placed side by side, in competition as to quality and price where the buyer would have an opportunity of a choice between good and better instead of between poor and nothing; where the price of each article would be set by competition instead of by agreement to hold up the buyer, if we had these conditions, and when we have them the price of living in this city is going to get a jolt.

This past winter, potatoes, high sandy soil potatoes that were not all water, sold in car load lots for $18.00 per ton. They will be worth $35.00 a ton before spring and we will get irrigation potatoes for that price. Some of us bought beef at 11c and pork at 12c this winter. What did it cost you?

It has been claimed there are not enough producers among the ranchers in this neighborhood to support a Market. This claim is not based on knowledge of conditions as a few inquiries will readily show.

Another objection isthat the ladies of our city will not avail themselves of the opportunity to secure bargains in quality and price. This later objection must have emanated from a bachelor. In any town in Canada where there is a market you will find the best ladies of that town carrying their own market baskets and in attendance as often as there is a market. It becomes fashionable.

We want a market!

R. S. Garrett of this city, was elected committeeman at the provincial session of the Grand Black Chapter of Orangemen held at Nelson last Tuesday. The convention passed a resolution protesting against the extension of French as an official language evidenced by the recent issue of a bilingual postcard and the printing of envelopes for some of the federal departments in the French language only.

THE HOODOO BALL

Young Ladies Give Successful Dancing Party at Auditorium.

Sure, I've seen the local papers,
And they tell us there, "be' jabers,"
Of "a company of thirteen"
And a "Hoodoo Ball."

What will follow if "the thirteen"
And the boys shall take to flirtin'
As they dance the new "Valeta"
At the "Hoodoo Ball."

I've been with 'em and I've seen 'em
Sure there's lots of fun between 'em
As they dance the lively two-step
At the "Hoodoo Ball."

And when comes the time for leaving
(And the hour was most deceiving)
They were wishing for a little more
Of "Hoodoo Ball."

When the "lucky thirteen" young ladies of Cranbrook decided to give the Hoodoo Ball they endeavored to excell any previous efforts in this line and the way they succeeded is a lively story of success, proof positive that the ladies are capable of succeeding in many lines of endeavor. The young men who attended the ball had a good time; this is vouched for by one and all. It has even been hinted that young ladies who are so capable in organizing and carrying through an effort of this kind would be good catches in the matrimonial game, they would have the right kind of executive ability for conducting a household. However, that's only a hint to the eligible young men of the city, and we have inside information that some of them already have an eye on some of the "thirteen."

It all happened last Friday evening at the Auditorium and the scene was one which beggars the descriptive powers of the language. On first entering the hall the superstitious persons had cold shivers running up their spine from the sight of an opened umbrella suspended in the center of the hallway. To some it was like entering the den of an ogre feeling sure that misfortune was to follow, but, on entering the main hall there was a complete transformation to a scene of fairyland alight with a blaze of decorations in a riot of color. Cupid and hearts were the principal theme in the decorations, with a large number of pennants all arranged in a pleasing way possible only by young ladies of the artistic temperament.

There was a very large attendance, and the young ladies successfully looked after any possible strangers or wall-flowers keeping all busy with the long program of dances. Misses E. P. VanSlyke and M. H. Whitehead carried off the dignified positions of floor managers with grace. The Rex orchestra of four pieces furnished the music and they were repeatedly encored.

Dancing continued until a very late hour. The young ladies who compose the Bachelor Girls' Club and to whom the guests were incebted for a most enjoyable time were: Misses Elsie Van Slyke, Mae Whitehead, Elfreda Drummond, Sadie Hamilton, Bessie Pye, Irene Landon, Florence Erickson, Margaret Kennedy, Elsie Park, Hettie Collings, Jessie Murgatroyd, Alice Pye.

CRANBROOK POULTRY ASSOCIATION.

The Cranbrook Poultry and Pet Stock Association held their usual monthly meeting on last Friday evening in the old gym when the first of a series of members exhibitions took place. The birds staged were White Wyandottes, Mr. W. Harvey taking first prize both in male and female birds. The prizes were two useful enameled drinking fountains kindly donated by Mr. W. H. McGregor. An inteesting paper on the care of laying hens was read by Mr. A. H. Pigott. The next meeting and exhibition will be held the first Friday eveing in March when Plymouth Rocks, male and female, any variety, will be staged. A paper will also be read by Mr. E. Slater on the care and management of exhibition birds. The society are using every means tto make their meetings and exhibitions popular and to encourage the breeding of high-class poultry in the district and will welcome all who are interested in this profitable and interesting hobby to their meetings. Mrs. W. H. McGregor, the secretary, will at all times be pleased to give all informotion about poultry aud poultry keepers in the district.

Miss Margaret Kennedy has been seriously ill during the past week with an attack of pleurisy.

ALFALFA AND CORN

We believe that you and the members of your Institute, realize with us, the immense benifit that would result to this province if Alfalfa and Corn were to be generally and succesfully grown. Without live-stock there can be no permanently sucessful agriculture, and no other two crops equal corn and alfalfa for cheap beef, mntton or pork production.

In order to stimulate greater interest in these two crops and also to gain information as to the adaptability of the various districts for their growth, the Department is arranging to distributeto the farmers, through the Institutes, small quantities of seed corn and alfalfa.

One pound each of three varieties of corn, or five pounds of Grimms Extra No. 1 Alfalfa Seed, will be supplied in each case.

The seed corn will be supplied free, but a charge of fifty cents will be made in the case of alfalfa. The alfalfa seed is expensive, and a small charges thought advisable, so that application for seed will not be made by parties who are not interested. More than one application from the same farm will not be considered.

Each institute may make application for five tests with corn and five with alfalfa, but seed for a larger number of tests will not be supplied to any one institute.

No applications for seed shall be accepted by the Secretary of the institute later than March 1st, 1914, and all application forms must reach the office of the Provincial Soil and Crop Instructor not later thar March 15th, 1914.

All farmers to whom seed is supplied are required to fill in a simple report form, and mail it to the office of the Provincial Soil and Crop Instructor by the end of the year. These forms will be supplied a short time before it is anticipated that the season for the crop is over.

It is expected that those who receive seed will see that the crop is given reasonable care. The distribution of this seed involves the expenditure of a large sum of money by the department and no good will be attained if farmers obtain seed and allow the work in connection with the crop to be neglected or carelessly done.

A short circular on corn and alfalfa will be prepared and supplied with the seed to those making applications.

Applications for seed must be made on the form supplied to the Secre-Secretary of the Institute.

WARDNER

Messrs. F. W. Burgess and Otto Wisner attended the meeting of the Cranbrook Conservative assiciation, which was held in Cranbrook on Tuesday evening , Fedruary 17th.

Mr. Frank Graves arrived home last Sunday from te St. Eugene hospital, where he has been for the past couple of weeks, having underwent an opperation for appendicitis.

Mrs. P. Lund arrived home from a lenghty visit with friends and relatives in the east. She was accompanied by Mr. Lund, who had been to Chicago and other eastern points on business.

Mr. Garrett, of the Cranbrook Job Printing Office, was in Wardner a few days ago, selling stock for a joint stock company.

We are glad to see Miss Hazel Lund at home again after her illness at the St. Eugene hospital.

Dr. Davis, of Cranbrook, was called to Wardner a few days ago owing to the sudden illness of Mrs. Irwin, who had suffered a very severe hemorrhage. The Doctor ordered his patient to be taken to the hospital at Cranbrook and reports say that she is recovering nicely.

Mr. and Mrs. Ben Laird have returned to the residence a few days ago after spending several weeks at a camp a couple of miles out of town.

The infant daughter of Mr. and Mrs. T. P. Leard was taken to Cranbrook on Tuesday of last week where she died the same day. Undertaker Macpherson took charge of the funeral and the little body was shipped to Wardner on Wednesday afternoon. Immediately after the arrival of the train interrment was made in the Wardner cemetery, Mr. Lewis conducting the funeral at the grave. The deepest sympathy of a large number of friends is extended to the bereaved family in this their hour of affliction.

Colds are prvalent among the children in town. Some are suffering from measles also.

WHEN YOU'RE SICK YOUR WAGES STOP

You know what that means—misery—worry—big bills—debt!

You know that you can't afford to get sick. Keeping in good health means food and clothing for you and clothing for you and your family. It is up to you to take care of yourself. It is up to you, whenever you don't feel right, to take something to make you right, to strengthen you, build you up, ward off worse sickness—protect you and your family. That thing we have in Rexall Olive Oil Emulsion. In offering it to you, we protect you against money-risk, by personally promising you that if it does not restore your health, we will give back your money without word or question. We believe it is the best builder of health, energy and strength you can get. It is helping many of your neighbors. If it don't help you, we will give back your money.

Rexall Olive Oil Emulsion is composed principally of pure Olive Oil and the Hypophosphites. Each has long been endorsed by successful physicians. Here they are for the first time combined. The result is a remarkable nerve, blood and strength-building remedy that is both food and medicine. For all who are nervous, run-down and debilitated—no matter what the cause; for old people; for convalescents; for puny children, we know of nothing that will give health and strength as quickly as Rexall Olive Oil Emulsion. It is a real builder of good blood, strong muscles, good digestion. Pleasant to take, it contains no alcohol or habit-forming drugs. If you don't feel well, economize both money and strength by beginning today to take Rexall Olive Oil Emulsion. Sold only at the Rexall Stores, and in this town only by us. $1.00 Beattie—Murphy Co., Limited

McKAY—MORAN

A quiet but pretty wedding took place on Wednesday last at the home of W. J. and Mrs. Atchison, Armstrong Ave., when the Rev. O. E. Kendall joined in the holy bonds of matrimony, Miss Sadie Moran of this city and Mr. Walden McKay of Greenwood, brother of Mrs. Atchison.

The ceremony took place at 11:00 a.m., in the presence of the immediate relatives of the contracting parties.

After a sumptuous wedding breakfast, the happy couple left on the west bound train for their new home in the Boundary Country.

The bride wore a charming going-away costume of smoke gray chiffon velvet with Grebe hat to match. A host of friends assembled at the station to see them off and rice and confetti were not wanting. The Herald joins in wishing the young couple every happiness in their new home.

Mrs. A. C. Bowness gave a delightful linen shower for Miss Moran on Monday last. The reception rooms were beautifully decorated with Jonquils and tailers of green smillax. The bride elect was the recipient of a large number of beautiful pieces of linen from her many friends.

Last Saturday aternoon a brisk fire started in th west wing of the Royal hotel and for a time it looked as though it might prove a serious blaze but Cranbrook's up-to-date fire department with their usual smartness and were soon on the job and rapidly saved the situation. The fire was started from a faulty chimney.

EDITORIAL NOTES

It is not only men and womtn who can benefit by the advice ofbrave men. Boys and girls may also learn much that will help them in life afterwards Most fathers give their children advice from day to day, and unfortunately many children do not pay any hesd to it. Children feel the need o help most when they can't get it, and a father knows how much his guidance is wanted when he is unable to afford it.

When Captain Scott was returning from his discovery of the South Pole and was caught in the terrible blizzard, he knew he would never again speak to his little son. But he did not despair of giving him some advice. Before he died, he wrote several letters in hope that somehow they would be sent to his friends. In his last letter to his wife, he wrote these words:-

"Make our boy interested in natural history, if you can. It is better than games. Keep him inthe open air. Above all, you must guard him against indolence. Make him a strenuous man. The great God has called me. Take comfort in that I die in peace with the world and myself, an am not afraid."

These are words that every boy and girl should remember.—The School Magazine.

MOYIE.

Come boys, come girls, you'll have to hurry. What's the use of a sleigh ride without snow.

Mrs. and Mr. P. Nead left for their home in Lethbridge, Alta., after spending a few days with the former's sister, Mrs. M. Bonner.

Mr. William Pitman has been renewing old acquaintances the past week.

Mrs. Richard Brown arrived home Sunday from her visit to Rossland.

The following Moyieites attended the Hoo Doo Ball, given by the Bachelor Girls of Cranbrook, Friday, February 13th. The evening proved a greats uccess, the decorations were novel and picturesque, the program unique and well conducted: Miss Verle Martin, Mr. and Mrs. J. T. Browning, Mrs. O. Herritt, and Mr. W. P. Scott.

Mr. Albert Johnston came down from Kimberly last week and expects to stay here for some time.

Mr. Harry Dimmock made a flying trip to Cranbrook last Friday.

Rev. J. H. White, D.D., Supt. of Missions for the Methodist Church in British Columbia, accompanied Mr. W. B. Willan to Kingsgate, Saturday. The doctor gave a sermon on "The Folly of Worry," taking as his text, "Let not your heart be troubled." He left on the noon train for Creston.

Mike Kusick is recovering slowly from his recent illness.

Mr. Albin Peterson of Kimberley is visiting his brother Herman.

Even those who do not love bird-music are missing the cheerful toot-toot of the last "Flyer" to migrate

Mr. R. D. Henry of the Harold Darling Co., Cranbrook, is in town on business.

Mrs. C. A. Foote and little son were Cranbrook visitors for the week end.

The "Never Worry, Pass It Along" Club of Moyie, spent a pleasant evening at the home of J. W. Fitch last Wednesday.

Miss Kate Ewing took her baby brother to the Cranbrook Hospital, Saturday of last week.

Mr. Percy Adams, of Lethbridge, was in town Wednesday.

Mrs. Fred. Lang left Sunday afternoon to join her husband in Frank, Alta., where he has taken a position as night operator for the C. P. R.

Mrs. L. A. Horne has been confined to her home the past week through sickness.

Miss Edith Quance left on the 15th to accept a position in Cranbrook with Mr. G. A. Patmore.

The social hop in the Kootenay Dance Hall was well attended on Saturday evening.

Mr. John Blackburn disposed of his entire dairy stock in Cranbrook last Friday. Having previously sold his ranch, the family expect to move into town about the end of March.

Mr. Frank Feroglia came down from Kimberley Tuesday to visit with his parents, Mr. and Mrs. John Feroglia, a few days before leaving for Ainsworth, to which place he has been transferred.

St. Valentines Day was duly celebrated in Kingsgate by a masquerade ball, held in Redpath's Hall. A dainty supper was served at the S. I. Restaurant at midnight. Many pretty and elaborate costumes were to be seen, among which the following were especially noticed. Martha Washington, Sir Walter Raleigh, Suffragette, Miss Spokane, Spanish Cavalier, and a galaxy of clowns.

The citizens of Moyie wish to congratulate Miss Lottie Fyles, formerly of this city, on winning the piano in the C. C. S. competition.

INVERMERE

(Special to the Herald)

Inveremere, B. C., Feby. 17, 1914.—A most regrettable but fortunately a not more serious misfortune happened this week to a young Mr. Younghusband of Portage la Prairie, Manitoba, who is attached to the right of way survey camp in connection with the Kootenay Central railway. It appears that while walking to his camp along the newiy constructed dump of the railway he picked up a dentonating cap and later secured a piece of fuse which he lighted after attaching to the cap. A premature explosion followed which resulted in blowing off the top of his thumb and in breaking his forefinger.

This is the second accident of this character which has happened within this district within a year the first being that of a small boy who found one of these dangerous caps and in trying to pry it open an explosion occured which robbed him of nearly all the fingers of his hand. The caps are made of fulminate of mercury contained in a little copper case and look extremely like a blank revolver cartridge of a large type. They look so innocent that unless a person has been warned they would never imagine the deadly explosive power which lurks within the small case of metal. They are used chiefly in connection with exploding charges of dynamite.

What is believed to be the largest donation ever made throughout Great Britain for the higher education of women has just been made by Sir Hildred Carlile, M. P., to the Bedford College for Women. As a memorial to his mother Sir Hildred recently gave this deserving institution his cheque for one hundred thousand guineas which is equivalent in Canadian money to five hundred and twenty-five thousand dollars. The donor has been Unionist member for St. Alban's Division of Hertfordshire since 1906 at which time knighthood was conferred upon him. Mr. E. H. H. Carlile, son and heir of Sir Hildred's, is a resident of the Windermere mining division. He is looked upon as one of the most aggressive and uptodate agriculturists in our community. At present he is home on a visit to his father.

The season of the ice harvest is about over. The ice which is being cut this year averages about fifteen inches in thickness and is very clear in its character.

The first published reports regarding the operations on the Dominion Experimental Station have just reached here in the form of the Census and Statistics monthly. It covers the month of November last. On account of this farm being the only one in the province established by the Dominion government within the provincial dry belt and on account of its being an irrigated project the report should prove to be of especial interest. Superintendent Parham's statement amongst other things goes on to set out that the ground was frozen on the twentieth of the month but that on the 24th the snow disappeared and the frost went out of the ground for two days. The two newly built poultry houses have been constructed with open fronts and their occupants 25 Leghorn and 24 Barred Rock pullets produced 208 eggs during the month of November. The six colonies of honey bees received from Salmon Arm were placed in winter quarters, two being wintered in the open in a crate packed with chaff and the other four hives being placed in an unheated basement of one of the farm cottages.

Work has been started on the new bridge which the Government are erecting to cross the Kootenay River at Canal Flats at the junction of the Kootenay Central railway. The bridge will be of timber. It will be nearly eighteen hundred feet in length and about 500,000 feet of material will be used. The government are also constructing a new bridge across Toby creek in this neighborhood. It will be on the main road leading to Wilmer.

Captain Henry Tooke Munn, who is rising to such fame as an Arctic explorer was one of the poneer ogricnlturists in here during the last decade He was the owner of an estate covering some twenty-five hundred acres on which amongst other undertakings he built for himself a large comfortable modern bungalow. The result of his proposed fifth trip to the Arctic regions will be watched with interest. Prior to living here the Captain had resided in England and from here he was drawn to the Cobalt country of New Ontario by the wonderful tales of the richness of the precious metals in that part. It is the lure of the wild and of wealth that is again tempting him into the northern latitudes.

Concrete Tanks and Troughs Never Rot or Leak

THE most practical tanks, whether for water or sewage, are built of concrete. They never rust, rot, dry out or leak. They never need new hoops or paint. They last a lifetime and seldom require repairing, which makes them the cheapest tanks that can be built.

Clean, Sanitary Watering Troughs

are just as necessary as the animals that drink from them. The farmer's best interests are being served when his stock is insured a plentiful supply of clear, clean water from a trough that is permanent and sanitary.

"What the Farmer can do with Concrete" is the name of a handsome free book that tells all about concrete tanks, watering troughs and other uses of concrete that will save every farmer many dollars. Write for it to-day.

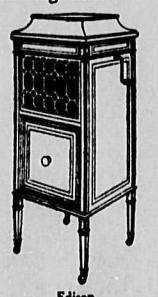
Edison Diamond Disc
The Phonograph with the new voice

This wonderful Edison achievement is more than an amusement phonograph. It is a beautiful musical instrument—beautiful in tone and beautiful in design. It represents years of study and experiment in sound reproducing and musical acoustics.

The Special Reproducer, with its diamond point, has given the instrument a new voice—tones of marvelous depth and mellow sweetness.

The records are of a material heretofore unknown to record making. Years of playing will not affect their perfect playing qualities.

All Edison Discs are of the cabinet (hornless) type, made of rare woods along graceful lines. Hear this new Edison. Compare it with any others you have heard. It is a decided advancement in musical reproduction.



Edison Disc Phonograph

DON'T GROW BALD

Use Parisian Sage

If your hair is getting thin, losing its natural color, or has that matted, lifeless and scraggy appearance, the reason is evident-dandruff and failure to keep the hair roots properly nourished.

Parisian Sage applied daily for a week and then occasionally is all that is needed. It removes dandrnff with one application; almost immediately stops falling hair and itching head; invigorates the scalp and makes dull, stringy hair soft, abundant and radiant with life. Equally good for men, women or children—every one needs it.

A large bottle of this delightful hair tonic can be had from Beattie—Murphy Co., Limited, or any drug counter for 50 cents. You will surely like Parisian Sage. There is no other "Just-as-good"—Try it now.

On Monday evening the Kootenay Grill was opened in the basement of the Hanson block with Messrs. Uvanni and Robinson, the proprietors, smilingly greeting all arrivals. The Grill was brilliantly iluminated and profusely decorated with potted plants and flowers. The Cranbrook Orchestra was in attendance from 5:30 till 11:00 p.m. During the evening the seating capacity of the dining room was taxed and every preparation which had been made for entertaining a large crowd proved inadequate for the rush which occurred. The Grill starts off with every indication of success, which is merited by the comfort and cosiness of the restaurant appointments as well as the gentlemanly and courteous treatment accorded the public by the progresive proprietors.

TWO HOME WOMEN TALKED ABOUT HAIR

Two women met in our store the other day, when one of them said:

"My, how pretty your hair looks! What have you been doing to it?"

"Why, I have been using Harmony Hair Beautifier for the past two weeks was the reply.

"Why, indeed!" replied the first woman, "that is just what I am using. Isn't it great, and don't you think my hair shows a lot of improvement?"

Harmony Hair Beautifier is becoming all the rage among both men and women who are particular in the care of their hair. It is just what it is named—a hair beautifier. It seems to polish the hair, making it glossy, silky-soft, and more easy to put up in graceful, wavy folds that "stay put." Contains no oil, and will not change color of hair or darken it. Simply sprinkle a little on your hair each time before brushing it.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This liquid shampoo gives a instantaneous rich, foaming lather that immediately penetrates to every part of the hair and scalp, insuring a quick and thorough cleansing. It is washed off just as quickly, the entire operation taking only a few moments. Harmony Hair Beautifier, $1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold only at the more than 7,000 Rexall Stores, and in this town only by us. Beattie—Murphy Co., Limited.

WHEN YOU ASK FOR HERPICIDE FOR YOUR HAIR DON'T BE TALKED OUT OF IT

If you knew it, you would not willingly accept counterfeit money. Instead, you would probably raise a disturbance and seek some means ofredress.

Why then accept a preparation said to be "just as good as Newbro's Herpicide." You know it is a counterfeit, an imitation of the real thing. You want "the original dandruff germ destroyer," Herpicide, and you can get it, too, if you insist.

Redress is always possible in such an instance. The most effective method is to trade where you get what you ask for and no suggestions offered.

With the elimination of the dandruff the hair stops falling and is permitted to resume its natural growth and beauty. Such results follow the use of Newbro's Herpicide. It stops itching of the scalp almost instantly.

A counterfeit article is never "just as good."

Applications may be obtained at all good barber shops and hair dressers.

Send 10c in postage for sample and booklet on the care of the hair t The Herpicide Co., Dept. R., Detroit, Mich.

Newbro's Herpicide in 50c and $1.00 size is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded. Beattie—Murphy Co., Limited.

On last Monday evening an enthusiastic meeting was held at the R.Y.M.C.A. by the suffragists of the city. The meting was called for the purpose of endoreing a bill which has been introduced recently in the provincial legislature. A large number took part in the discussion after which a resolution was unanimously passed asking the local legislature to give favorable consideration to House Bill No. 19, which gives equal suffrage to women.

Lloyd Crowe & Co., is the name of a new Cranbrook firm which opened for business in the former C.C.S. stand last Saturday. The firm will make a specialty of crockery and glassware and have installed a soda water fountain which will be run in connection with thir confectionery department in the summer time. Lloyd Crowe was recently a clerk with Ira Manning where he has been for the past two years and was formerly a member of the firm of Crowe Bros., grocers at Moyie.

FARMERS' INSTITUTE

Mr. A. B. Smith, president of the Farmers' Institute, presided over a large and enthusiastic gathering of members on Saturday, February 14, in the old gymnasium. The members viewed with delight the fact that the executive had decided to cover all routine work, correspondence, etc., previous to each general meeting so as to allow more time for papers, discussion and the like.

Crop Competitions were discussed and several entries taken for the same. A pruning school is assured, there being only room for two other members in the class. Messrs. Beale & Elwell and Mr. Erickson have already allowed the lecturer the use of their orchards for the purpose. Several gentlemen seem greatly interested in the raising of gophers on their ranches and a motion is to be brought forward at the next meeting by Mr. H. H. McClure with the intent of forming a club for the preservation of these lively and interesting little animals. Prizes for the best collections, pens, etc., to be offered for their exhibition at the next fall fair. Local farmers had better beware, as the directors are on the warpath for new members this year and if Saturday is any criterion, farmers in the Cranbrook district who are non-members of the institute will soon be as extinct as Dodo.

The drawing card for the afternoon were the papers which were so ably handled by three of the members. Mr. John Levett read a paper on the cultivation of the potato. The subject is older than England, in fact as old as the Indians; despite that, the speaker held the attention of his hearers, and as one member from Baker remarked, drove home three esentials for a good crop:- plough well, manure heavily and keep down the weeds. Mr. B. Palmer's paper on Oats and how to grow them, specially advocated thin seeding on heavy land and the three essentials above mentioned. Mr. Pain's paper directed his hearers to several inaccuracies or rather generalizations in the B.C. Horticultural Report, that puts this district in front of the reader in rather a bad light. He certainly raised a discussion which resulted in a committee being appointed to go into the matter of Fruit Trees known to do well in this district. A report will be made aud information of a reliable character is likely to result.

A meeting of the Institute is to be held at Wycliffe on Saturday, February 28th, at 2:30 p.m. All farmers and others interested in either livestock or crops, are cordially invited, especially those on the Wycliffe side of the river who are so far away from the central meeting place. Dr. Rutledge has promiced a paper on "What to do 'till the Vet. comes." This should be of special value to those who live far from the city. Mr. H. H. McClure will give a paper on 'Alfalfa' aud the secretary will speak on a few things that should Not be done with young chickens on the farm,

$3.50 Recipe Free, For Weak Men

Send Name and Address To-day. You Can Have It Free and Be Strong andVigorous

We have in our possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that we t ink every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So we have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope, to any man who will write us for it.

This prescription comes from a physician who has made a special study of men, and we are convinced it is the surest acting combination for the cure of deficient manhood and vigor failure ever put together.

We think we owe it to our fellow man to send them a copy in confidence, so that any man anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what we believe is the quickest-acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop us a line like this: Interstate Remedy Co., 7329 Goodyear Building, Detroit, Mich., and we will send you a copy of this splendid recipe in a plain ordinary envelope free of charge A great many doctors would charge $3.00 to $5.00 for merely writing out a prescription like this—but we send it entirely free.

ELKO

Without wishing to start anything unpleasant it may be asked, "What has become of the good times we used to have?"

The hockey match between Fred Roos' Kootenay Braves and Fernie's Best had to be postponed on account of bad weather.

"More Railroad Economy." It is reported that the C.P.R. will issue orders soon forbidding Engineers to whistle when approaching a town because it wates the steam.

The ice companies started putting up ice this week in town.

This is a very promising world just now for the retail merchant.

Mr. and Mrs. Grey, of Moose Jaw, Sask., arrived in town having bought land one mile west of the town.

Mr. MacDonald, a Winnipeg old-timer, is visiting friends in Elko this week.

Geo. L. Pedlar, of the Fernie Free Press, was in Elko Sunday.

C. D. McNab, of the Baker Lumber Co., pased through Elko on his way to Cranbrook this week.

The hockey game Saturday between the Waldo Wallopers and the Elko Lightnings played Saturday at Elko, was the best and fastest game played this season, and brought out the whole town to witness the contest, which was fast and exciting all the way through. Good shot Sawyer scoring four goals for Elko, and Stonewall Jackson scoring three goals for Waldo, the score being 4-3 in favor of Elko. The ice was in a very sloppy condition on account of the mild weather. There was considerable slugging and cross-checking going on throughout the game, but the Lightnings proved themselves past masters in the art. The game receipts were the largest this season. 'Buttin' Thompson, who played forward, was there with the goods and delivered them throughont the game. Wild Horse Jim Birnie proved a good fence holder. The Waldo boys proved themselves fast skaters and if the ice had been good they would have taken home the bacon. The 'rooters' were about equal for both sides. The two Foisy boys, Holbrook and Hueston played a star combination game for Elko. After the game the Elko boys entertained the Waldo boys to a banquet at the Columbia Hotel.

Supt. Harshaw, C.P.R. Superintendent of Cranbrook, passd through Elko this week in his private wagon. P. Emerson Moore, Diector of Terminals, Cathness, came in afoot. It's just simply h--l the discrimination among these Railroad Officials.

Railroad news from across the border state that pikers will not be allowed to bid when the Wabash railroad is sold at auction. The minimum price is to be thirty four million dollars—keep out! This means you.

Mrs. J. Mitchell, of Fernie, is visiting Mrs. Ray Hirtz this week.

Mr. and Mrs. Jas. Joyce, from the rising town of Flagstone, are visiting with Mrs. R. Joyce this week.

Geogolical advices from Buenos Ayres til of the discovery of stone implements which go to prove that man existed 500,000 years ago, which seems to have been a few years before Adam's advent.

Mr. and Mrs. James Thompson, of the Hotel Columbia, are visiting their daughter, Mrs. T. Duncan, at Passmore, Alta.

Jim Thistlebeak says the man that gets what he wants in this world is lucky, and the man that gets what he doesn't want—Well just like the rest and the money belongs to the mere taxpayer.

Henry Ford, of Automobile fame, is found to be about as liberal with his money as if he was a cabinet minister.

Mr. L. Foisy returned from Kansas City, Mo., this week.

The Qeen Bee's held several sessions on the main street this week. which speaks well for the weather around here.

Mr. and Mrs. Ayre, Nesbit Cottage, gave another delightful card party this week.

The great Yorkshire strike at Leeds is ended but the report says the Sky-Pilots and grave-diggers are coming out on the first of April.

Mr. Taylor, of the International Harvester Co., Lethbridge, passed through Elko for Flagstone this week.

W. G. Scott, of National Fame, flew into Elko this week with biscuits as light as kisses and much more filling; several train jumpers pulled out leaving a whole in the air behind them.

Mr. Coolridge, wife and family, of Oak River, Manitoba, arrived in town and are looking over the district with the intention of setling on land.

We had a collar-button drummer from Winnipeg in town this week with as much application as a used up porous plaster. He was one in a thousand—"the last one."

Don't you want to buy a surburban cottage—a peach of a bargain, dirt cheap, big lot, elegant back yard to raise your own radishes, waterproof lettuce and hen-fruit, renew your subscription to this paper and the editor will put you next.

We had no idea times were so hard in Elko until we saw one of the new Fruit Ranchers sawing a twelve inch pine log with a meat saw. "Suffering Kadunk" what is this land of milk and honey and big red raspberries coming to?

What are the wild waves saying out Victoria way. Jim Schofield, please answer.

Jack McTavish, of the Jaffray Hotel, says that the thousand islanda mentioned in these notes some time ago, does not incluce the floating island seen on the desert list.

Stop Whining! Get Busy! Work! A politician changes his mind sometimes, a Mule never does.

There ought to be a chance for every man to accomplish something these dull times when a fairly industrius hen can earn five cents a day.

The retail merchant is doing more for the public at large than the government ever did. God bless the retail merchant.

Miss Belle Thompson and Miss Todd journeyed to Blairmore this week and took in the big dance at the Sanitarium.

BEN BLAKELY CAUGHT.

Benjamin Blakely, who is alleged to have murdered Archie Thivega near Lillooet, British Columbia, May 30th, 1909, has been brought back to Canada to stand trial. The Canadian Police have been looking for this man Blakely ever since the time he committed the crime and he was reported to have been seen around Libby, the County seat of Lincoln country across the border. Two detectives Messrs. Goman and Collins, from the Elko district, B.C., were given particulars and dispatched to look for this man and located him and knowing their business applied to the proper authorities and Sheriff Baney and Deputy Sheriff Paine arrested the man; the Canadian officers explained their mission and Blakely was satisfied to return to Canada without any trouble.

But the County Attorney, who would walk knee-deep through a snow drift nine miles to bite his grand mother—if there were five cents in sight, and whose knowledge of international law and Canada is pathetic—got as busy as a one eyed boy at a circus and wired Senators Walsh and Myers at Washington, got petitions out signed by the leading business men of the town, and a whole lot that weren't, bought a big chunk of the Libby Times and the Libby News to blakmail the Canadian officials, and made a regular damphool of himself, and besides disgusting Ben Blakely, who will get a better show in Canada than he ever would in the U.S.A. However, the U.S. Judge granted the extradition papers. No doubt looking with pity more than anger on the poor County Attorney whose foolishness would make a horse laugh and break up school for a week.

Don't Lincoln's County Attorney know that when a person commits a crime in the British Dominions that the Attorney's General Department will follow him or her to the ends of the earth and when they locate him, its a case of Johnny comes marching home.

We sincerely feel sorry for Lincolns County Attorney. Ben Blakely will get the best show he ever had in his life when he comes up for trial at Lillooet, B.C., and we would recommend the tax payers of Lincoln County to send their Attorney up to the trial, the change would do him good, and his soul would have a chance to get a little fresh air.

Yours truly,
Jim Thistlebeak

BAYNES AND WALDO

Mr. and Mrs. Fred Adolph arrived back in Baynes last Thursday after having spent ten days at the coast. On their trip they visited Seattle, Victoria and Vancouver.

At the 'Hard Times' dance given by the Ladies' Guild of the Anglican church, a large number of varied and picturesque dresses and suits were seen. A larger crowd of 'hoboes' was never seen in Waldo. For having been dressed in a manner most befiting the occasion, Mrs. Bridges, of Baynes, and Mr. Jack Gould, of Waldo, were awarded prizes. Dame rumour says that these two by no mental twist could be taken for other than real 'down-and-outs.'

A skating party for boys and girls of the vicinity was given last Wednesday evening by Mrs. C. L. Cowan, from 7:00 to 9:00 p.m. The children skated and then had tea at the manse. Games were later idulged in. "We had a good time,' was the verdict of the youngsters. Mrs. C. Cline and Miss B. Turner helped Mrs. Cowan to entertain the party.

The Juvenile hockey team drove to Elko on Saturday and put up a sturdy fight against the Elko lads. However the local boys went down to defeat with a score of 4-3. Don't worry boys, you may win sometimes but not all the time. Get your revenge at the return game.

On Sunday evening in Adolph Hall, the Rev. C. L. Cowan will give his fifth and last lecture on the series of martyrs. The subject will be "Women Martyrs—Courageous Women in Sacred History." A special invitation is extended to women.

Mr. Fred Adolph went to Medicine Hat last Sunday.

The annual meeting of the East Kootenay Lumber Co., was held at Jaffray this week. Mr. C. D. McNab, of Waldo, was in attendance. Mrs C. D. McNab is expected back from California on Monday the first.

Dame Rumour has been telling it around that a new industry may be located here very soon. A plant for extracting turpentine from pine stumps is the new feature. What better locality could be found than this for such a venture? We have three saw-mills within four miles. Where could you get better pine than in Waldo? Ay, Where? Colonel Pyne and Charlie Edwards we believe are interested in this.

Mr. Hales H. Ross went to Cranbrook on Tuesday to attend a lumbermen's meeting.

The Rev. E. S. Bruce held a confirmation class in the home of Mr. Little last Sunday morning and in the afternoon preached at Waldo in Baker Hall.

Friends of the recently injured men Messrs. James Muir aud James Anderson, will be glad to learn of their rapid progress toward recovery. "Scotty Anderson expects to get out of Fernie hospital shortly and Jim Muir is now walking around.

Little Annie Muir has returned from Cranbrook hospital and is doing very well.

Sympathy is exetnded to Mrs. Gould whose mother is in a very serious condition. Grave fears are expressed as to her recovery.

Pete Backs has left the employ of the Baker Lumber Co.

Mr. and Mrs. Woodacre ae now living with Mr. White and will stay there untill Mr. White makes other arrangements.

There was a good attendance at the St. Valantines' Dance in Adolph Hall last Friday night. An enjoyable evening was spent.

WYCLIFFE

The Womens' Guild of the Anglican church had their first annual meeting on Saturday, 14th February. Office bearers for the present year were elected as follows: Pres. Mrs. Chester Staples; vice president, Mrs. Bennett; secretry-treasurer, Mrs. Heath; auditor, Miss Maybee.

In the evening the following programme was rendered in the Wycliffe Club Hall:

Mrs. Fischer—Piano Solo, "Poet and Peasant."

Mrs. Bithell—Song, "A Dream," by T. C. Bartlett.

Miss Maybee—Recitation, "A Similar Case."

Mr. Dickson—Song, "At the Bottom of the Deep Blue Sea."

Mrs. Heath and Mrs. Bithell—Duet on the mandolin and guitar.

A quartette entitled "Anchored."

A five-part dialogue, entitled "Bridget's Investment," caused much amusement. Mrs. Dickson officiated at the piano.

A guessing competition and wall-quoits were amongst the games provided, the prizes for which were received by Mrs. Bithell and Walter Anderson respectively. Refreshments were served and the evening's entertainment pronounced a great success. Thanks are due to the directors of the club for use of hall and to all who contributed towards the evening's enjoyment.
