GRANBY TO RESUME WORK

Grand Forks, Dec. 2.—Jay P. Graves, general manager of the Granby Consolidated, which owns extensive copper mines at Phoenix, 23 miles distant, and the largest copper smelting works in Canada, here in Grand Forks, arrived on Saturday from Spokane.

After a conference with A. B. W Hodges, the local manager, Mr. Graves stated that the directors of the company had decided to re-open the mines of the company on December 5th and the smelter two or three days later, giving employment to some 900 men when operating at full capacity.

Asked for a statement, Mr. Graves said:

"Since the closing of our mines and smelter about three weeks ago, because of the low price of copper and our high operating costs, we have been able to bring about some reductions in our cost of supplies and general expenses, and have been approached by some of our former employes asking if we could resume on the scale of wages paid about a year ago and as now in effect at Rosskand, Butte and elsewhere. Under the proposed reductions the Granby company can afford to again operate and we have decided to start our mines on December 5th and the smelting works two or three days later. I am of the opinion that the price of copper will remain at 12 to 16 cents per pound for some months. We will proceed as fast as possible to increase our output at the mines and to increase the smelter capacity that we have under contemplation.

AN OLD - TIMER GONE

"Old Fritz," Edgar Davis' dog, one of the oldest timers in the town, was put out of his misery on Thursday night last. Fritz had been suffering for some months past and it was decided that the kindest thing to do was to kill him. Frank Murphy, of Beattie & Atchison's store, proceeded to administer three grains of morphine, but strange to say this did not flag Fritz. Then Frank took three of the largest capsuls there were in the store and filled them with prusic acid. This did not do the trick at once and it was necessary to chloroform the dog to prevent his suffering. Finally between the prusic acid and the chloroform, "Old Fritz" passed in his checks. Bar "Brownie," the Herald dog, Fritz was probably the oldest dog in Cranbrook.

ISLANDERS CAN GO HOME

At the Cosmopolitan hotel, the mecca of the Prince Edward Islanders in Cranbrook, is posted up a clipping from a Montreal paper telling of the new ice breaking steamer which is now running between the mainland and "the island," and, in the fine Italian hand of E. H. Small the following is appended: "Boys, we can go home this winter."

CANADA'S NEEDS

THE SPEECH FROM THE THRONE IS COMPREHENSIVE

Points in speech from the throne:
Prosperity of Dominion.
French trade treaty.
Colonial conference.
Newfoundland fisheries.
National transcontinental.
Quebec bridge disaster.
Control of telegraphs.

Ottawa, Ont., Nov. 28.—The first real snow storm of the season signalized, the opening of parliament this afternoon. The number of out-of-town visitors for the opening ceremonies was exceptionally large. His excellency was escorted to the parliament buildings by the Princess Louise Dragoon Guards under the command of Lieutenant C. J. Burritt. As the carriage entered the parliament house a salute rang out from the guns of the Nepean Point battery firing party, under the command of Captain Maclaren. The usual guard of honor from the Governor-General's foot guards was in front of the parliament buildings to receive Earl Grey.

"Gentlemen, of the House of Commons—Again in meeting you at a period for the despatch of business it gives me great pleasure to be able to congratulate you on the remarkable expansion of the trade of Canada with other countries, the total trade of the past year far exceeding that of any of its predecessors. A gratifying result of this expansion was that the revenue of the last fiscal period of nine months was more than sufficient to meet expenses of the consolidated fund, national transcontinental railway, capital and special outlays, all expenses of the Dominion of every kind and leave a balance of over $3,000,000 to be applied on the reduction of the public debt.

"The stream of immigrants coming to Canada continues to increase in volume, the year now drawing to a close, showing a larger number than any preceding year, and it is gratifying to observe the many coming from the British islands. The Dominion has been blessed by a long series of prosperous years, and though at the present moment its business is being restricted by the financial stringency which prevails throughout the world I feel assured that the unfavorable condition will be only temporary and that the illimitable resources of Canada and the world wide recognition of them give us ample guarantee of continued material progress.

"The conference held in London in the months of April and May last between the government of the United Kingdom and the governments of the British domains beyond the seas, satisfactorily dealt with many subjects in which the Empire at large is interested. A copy of the minutes of the proceedings will be laid before you.

"Two of my ministers duly authorized by His Majesty for the purpose and acting in conjunction with His Majesty's ambassador at Paris have recently negotiated a convention with the government of the French Republic respecting the commercial relations between France and Canada subject, however, to the approval of the French chambers and the Canadian parliament. A copy of this convention will be submitted to you immediately and you will be asked to give it your sanction.

"The government of Newfoundland having become involved in a controversy with the government of the United States as to the true meaning of article 1 of the convention respecting fisheries concluded in the year 1818, between the United Kingdom and the United States, and Canada being also interested in the question at issue, my government has joined with the government of Newfoundland in an agreement to refer all matters of difference arising under the said article 1 to The Hague tribunal.

"The difficulty of obtaining labor and materials at a time of great business activity has somewhat retarded the construction of the national transcontinental railway. Nevertheless great progress has been made both on the eastern division and on the prairie section of the western division. A section of the latter of about two hundred and fifty miles has been available for handling the traffic of the present season. Contracts for the portion of the prairie section west of Edmonton are about to be let and immediate steps will be taken for the commencement of work at both the eastern and the western ends of the mountain division. Thus in a very short time the whole work from Moncton to the Pacific ocean will be under vigorous construction.

"The unexpected influx of immigrants from Oriental countries into Canada aroused a strong feeling of opposition. A member of my government has been deputed to proceed to Japan to confer with the Japanese government on the subject.

"The sudden and unexpected collapse of the great cantilever bridge in course of construction, across the St. Lawrence, in the vicinity of Quebec, may be regarded as a national calamity and the event has evoked much sorrow for the lives which were lost on that occasion. A commission has been appointed to inquire into the causes which led to the disaster. When received, the report of the commission will be laid before you. It will be necessary to devise means for the completion of the bridge within a reasonable time.

"It is most gratifying to find that, notwithstanding the large reductions of postal rates, which have been made the revenue of the post office department has continued to increase rapidly. The large receipts of this branch of the government business will enable the department to make still larger provision for the extension of postal facilities throughout the Dominion.

"The time has arrived when public interests require that telegraph and telephone companies holding federal charters should be placed under government control. A bill will be introduced for that purpose.

"Gentlemen, of the House of Commons, the public accounts for the nine months ending 31st of March last will be laid before you without delay. The estimates for the coming fiscal year will be submitted for your approval at an early day.

"Hon. gentlemen of the Senate, gentlemen of the House of Commons, among the measures to be submitted to you is a bill for the extension of the boundaries of Manitoba and of other provinces, also a bill to provide for the issue of government annuities for old age. A bill respecting insurance, and bills to amend the Election Act and the Dominion Lands Act. I commend to your thoughtful consideration the several subjects to which I have referred and I trust that in your deliberations you may be guided by Divine light."

The debate on the speech from the throne will not be taken up until Monday. This is on account of the drawing-room tomorrow evening.

KNIGHTS OF PYTHIAS HAVE A PLEASANT EVENING

The Knights of Pythias held one of their most successful meetings last Tuesday evening and the attendance was very large. There was an election of officers, after which there was a big feed and enthusiastic talks by a number of those present. The officers elected are as follows:

K. R. S.—J. B. Henderson.
M. F.—J. A. Arnold.
M. E.—V. A. Rollins.
M. A.—J. Edgar Davis.
M. G.—J. L. Walker.
O. G.—Dan Bremner.

BOOST FOR THE JUBILEE SINGERS

Rev. C. O. Main, pastor of the Cranbrook Presbyterian church, has received the following telegram from Rev. G. W. Kerby, pastor of the Central Methodist church at Calgary, regarding the Jubilee Singers, who will appear at the new opera house in this city on Friday evening, December 6th:

Rev. C. O. Main, Cranbrook, B. C.:
Dixie Jubilee singers first-class, and gave a superior concert.
G. W. Kerby.

AUTOMOBILE GARAGE

Cranbrook is to have an automobile livery as soon as spring opens. P. L. Harris, late of New York, has secured the premises lately occupied by T. Lebel as a hay warehouse on Armstrong avenue, and will remodel it so as to make it a modern garage. Mr. Harris contemplates putting on a 16 passenger car to run between here and Windermere, and will also have runabouts and touring cars for hire. He will also carry a full stock of repairs for motor cars and will do all work in connection with the same. The name of the institution will be The Cranbrook Automobile Garage. Mr. Harris has had ten years experience as manager of the New York Automobile Garage. The Cranbrook garage will act as agents for the White Steamer, Rio, Peerless and other well known automobiles.

MOYIE

(From the Moyie Leader.)

The provincial legislature will meet next year early in January and the meeting of the Associated Boards of Trade will also be called about that time. As the meeting of the Associated Boards will be in Moyie there should be no time lost in making the necessary preparations. Moyie has a reputation to maintain, and no doubt she will do it. The meeting of the board will probably be about January 20th.

Al. Richardson is home from his ranch on the prairies.

Mrs. Kamm left for Nelson yesterday to join Mr. Kamm, who is acting as stenographer for the arbitration board.

Last Monday evening the members of Wildey Lodge, No. 44, I. O. O. F., were honored by the official visit of the grand master, Mr. Thos. Embleton, of Rossland. The lodge turned out in full force, and there were several visiting brethren. The grand master found the lodge in a very satisfactory condition, and was not at all backward in complimenting the members on their good work. After the routine work was gone through with, refreshments were served.

It being the regular night for the election of officers, an election was held and the following were successful:

H. J. Lowes—Noble Grand.
W. P. White—Vice-Grand.
F. J. Smyth—Secretary.
H. Sait—Treasurer.

These officers will be installed at the first meeting in the new year.

A movement is on foot for all the churches in Moyie to get together this year and have a joint Christmas tree and entertainment. With this object in view the different churches have selected committees to attend a meeting at the home of Mrs. Fitch next Monday afternoon to formulate plans and give the matter a general discussion. Following are the committees:

Catholic—Mrs. Macdonald, Mrs. Patriquin and Mrs. Stewart.
Methodist—Mrs. Boulton, Mrs. Fitch and Mrs. Ferguson.
Presbyterian—Mrs. MacEachern, Mrs. Cameron and Miss Nicholson.

J. S. MacEachern is home from his trip to the coast, where he spent about 10 days. He was very favorably impressed with Vancouver, but would rather be in business in Moyie just at present. Money is very scarce there and he saw plenty idle men on the streets.

A lodge of instruction for the Masons has been organized in Moyie. This was done at a meeting held in the new Presbyterian church Thursday evening. This lodge is under the direction of the Cranbrook lodge of Masons.

Chas. O'Neill returned Wednesday to Moyie after an absence of several months. Most of the time while away he spent in Vancouver, but recently he has been in Spokane and the Coeur d'Alenes.

A. Grenier, of Cranbrook, has erected a bill board on the Morley lot on Victoria street. Mr. Grenier will use it for general advertising purposes.

A new drill sharpener has been installed at the St. Eugene, which does the work of about three men. The machine was made by the Rossland Engineering works, who represent Word Bros. of San Francisco. A bolt machine has also been installed.

FERNIE

(From the Fernie Free Press.)

Acting under orders from the police commission the chief of police has closed all slot machines operating in the city.

F. H. Sherman is unanimously elected district president of the U. M. W. of A. by the withdrawal of James Douglas from the candidacy.

The firm of Herchmer & Herchmer will be dissolved by mutual consent on the 31st day of December 1907. H. W. Herchmer will continue to practice in the present offices of the firm in the Burns block while Sherwood will have offices in the Johnson-Falconer block.

James Derbshire arrived at Michel Saturday from Carbonado and was installed at once as superintendent of the Michel collieries, taking the place of Charles Simmester, who was advanced to the position of general superintendent of all the mines of the C. N. P. Coal company. Robert Strachan, who temporarily filled the position for the past two weeks has gone to Coal Creek to take a similar position.

J. W. Nunn has gone into the grocery business in Vancouver, his store being located at 2333 Westminster avenue, Mount Pleasant. The shop is known as the Golden Rule store, Andrews & Nunn, props. Jack will have the best wishes of a host of Fernie friends in his new venture.

A. Mutz believes that 13 is a lucky number. If you put a man down and under at 13 he is bound to rise again. For further particulars put on a suit of armour and ask him.

Mayor Bonnell on being asked if recent developments had any bearing on municipal politics stated positively that he would never again be candidate for any elective office in the gift of the city of Fernie. He has reaped the usual reward of public service and is now prepared to let someone else carry the burden.

WARDNER

(From our own correspondent)

Brock E. Markle left last Wednesday afternoon for Marysville to take George Wilson's position for a few days, while the latter went to Cranbrook hospital for treatment.

Mr. Rankin, of Cranbrook, spent a few days this week in town on business.

A. Sheppard returned from Vancouver on Saturday last after spending a very pleasant vacation.

Messrs. Lindsay and Sutherland left for Nelson on Saturday last as witnesses in a trial which is being held in that city on Tuesday of this week.

The company's saw mill closed on Saturday evening last for the season, and as a number of the boys who have been employed at the mill intended leaving town in a few days a party was given for them in the mill hall on Friday evening last. A large number of guests were present and after refreshments were served, the party broke up after spending a very enjoyable evening.

Gomer Jones was in Cranbrook last Saturday.

P. Lund left for Nelson last Monday evening on business.

Mrs. Sloan was in Cranbrook last Saturday on business.

The friends of Miss Henders, of Parker & Thorp's camp, who has been in poor health for the past few days, was taken to Cranbrook hospital last Saturday morning in a very serious condition, in charge of Dr. King.

Mr. Storer left for Nelson on Monday as a witness in Tuesday's trial.

Mrs. Charles West, who has been ill for the past few days, is again able to be around.

The C. P. R. section foreman and his little daughter, who have resided here for some time, left this week for Sweden, where they will spend the winter with friends.

Mr. Reed, C. P. R. agent at the local depot, has moved his family into the dwelling in connection with the C. P. R. depot.

ELKO AND TOBAC CO PLAINS

(From our own correspondent)

James McKee spent Sunday with his family in Elko.

Mr. McNish, wife and children came down from Fernie to spend a couple of days with friends in Elko.

J. Burgess and R. Roby, of El were out hunting to Jaffray this week.

A baby boy was born to Mr. and Mrs. R. Hirtz, of Elko, last week.

The young people of Elko are practicing for the Christmas tree.

Mr. Myers, the popular school teacher of Elko, came back from Fernie, after attending the church services there.

John Mott, of the Hoffman house, paid a short visit to Fernie on business last week.

Miss Alice Phillipps came up from the ranch last Sunday, and was a guest of the Elk hotel.

Mrs. T. C. Armstrong, of Cranbrook, spent several days with Mrs. C. A. Klingensmith, of the Elk hotel.

Mrs. Murphy, of Morrissey, was in Elko visiting friends last Synday.

Miss Norah Brown, who has been visiting with her sister, Mrs. Joe Ross, of Elkmouth, returned to Winnipeg, Man., last week.

Mr. Horace Bennett, of Elko, was out hunting to Gallaway last week and cannot locate any deer, but thought he saw some deer tracks,

Mr. Hummel, of Crothers mill, came up on business trip yesterday.

Miss May Roo and her brother Richard went to Tobacco Plains to visit with their mother.

The North Star planing mill will open up the end of the week for the rest of the winter.

C. Burgess and R. Roby made a business trip to Jaffray today.

Mr. Cruthers, a cheerful traveling man opened up his goods at the Elk hotel last week.

Colin Sinclair, one of the popular ranchers of Gateway, was in town today.

J. Crawford, of Cranbrook, is the night operator of the Elko station at present.

Mr. Martin Thorpe and several other boys, are on a hunting expedition to south fork.

FRANK

(From The Frank Paper.)

Mr. McNeish, in charge of the line construction for the government telephone service, has been busily engaged this week getting the long distance line ready to be cut in as far as Pincher Creek. It is expected the line will be ready to Pincher not later than today. Superintendent Grierson who was in the Pass Tuesday, stated that he expected to have the line completed to Macleod and cut in within a week. When that is done the Pass will have telephonic communication to Calgary and Edmonton, as the government has arranged to use the Bell line north from Macleod to Edmonton. It is also expected that the Bell service will supply a connection from Macleod to Lethbridge.

The Liberals of Coleman met Monday evening and re-organized the Coleman Liberal association, the following being elected officers: President, O. W. Benedict; secretary-treasurer, H. A. Parks; executive, J. M. O'Driscoll, E. Disney, H. M Fisk and G. H. Dickson. Following there organization, delegates to the Macleod convention were elected.

While switching was being done in the local railroad yards Monday, a caboose was so badly demolished that it was turned over on its side and burned.

Amos Potter, conductor on the Frank and Grassy Mountain railroad left Monday evening on an extended vacation. He will first visit Cranbrook and will then go east to his former home. He expects to be away three or four months.

LOOKS BAD FOR PHILLIPS

(The Frank Paper.)

There have been numerous developments in the mysterious Blairmore murder case during the week. The most important are that the police have practically abandoned the idea that Sam Sing, the Chinese cook arrested on suspicion, was the murderer and have turned to another suspect as being the most probable perpetrator of the deed. This individual is one Mike Phillips, a Polish miner, who left Frank the day after the murder under circumstances which are at least suspicious. The police think they have at least a fairly strong circumstantial case against Phillips and are spending every effort to locate him.

The cook Sing informed the police that Phillips was the last man he saw at the resort of Monte Lewis, that he had been there four nights preceding the murder, and was there the night on which it was committed. It has been learned that Phillips had spent something like $100 in the woman's place and was "about all in," as she herself expressed it, the day before she was killed. It has also been learned that the woman had a considerable sum of money about her two days before the murder and the theory now held is that Phillips quarrelled with the woman and either killed her for the money or killed her in rage and later took the money.

Phillips had been batching in one shack, but the night before he left did not stay there, instead, he slept in an unoccupied shack and left the next day without drawing $40 pay he had coming from the Coal company. Many other circumstances direct suspicion to Phillips.

Following is the description of Phillips: Nationality, Pole; speaks good English; 5 feet 8 or 9 inches tall; weight, about 150 or 160 pounds, was clean shaven, dark hair and eyes, big nose, thick lips, upper being thicker than lower, full face, square cheeks and square build; wore a dark suit of clothes, almost black with a red thread running through the cloth; wore a peak cap and a black shirt without tie, is fond of drink and quarrelsome when drunk.

The cook Sing has his hearing today. He will likely be discharged.

NEWS FROM THE NORTH

(Prince Rupert Empire.)

Bruce White, a mining operator of Nelson, came up on the last boat to make preparations for working the claims purchased by Mr. Hill and his partners of Seattle. He will build a bunkhouse, blacksmith shop, a trail, and strip a place for a tunnel site.

Although C. T. Daykin has sold the Pink claim at Collison Bay for 10,000, he does not appear to feel that he is any more a capitalist than he was before he made the sale. He has other promising claims on the Islands, and some day he may be a millionaire.

Mr. Chisholm, representing Coeur d'Alene capital, is at Jedway, making a deal with a party of Houston inlet claim owners who have extra good showings.

T. D. Pickard, of Penticton, who went north for the Guggenheims and who was in charge of a mining property on Prince of Wales island, arrived at Prince Rupert on the Princess Beatrice and will remain until he can go north on the Princess May. In the last provincial election Mr. Pickard had charge of the election for L. P. Shatford, the successful candidate in Similkameen district. He is a guest of J. M. Christie, manager of the Canadian Bank of Commerce.

W. H. Vickers, chief constable of Skeena district, with headquarters at Prince Rupert, has been advised that the Skeena license district has been abolished and wiped out by an order-in-council, and hereafter all licenses to sell liquor at hotels or in other places in Skeena district will be granted and issued at Victoria by the superintendent of provincial police.

AN OFFER WHICH MEETS THE SPECIAL WANTS OF ALL CLASSES OF READERS

The Western Canadian reading public is made up chiefly of these classes: Persons who have lived in the West for a lengthy period and are out-and-out Westerners, and recent arrivals from the Old Country, from the United States and from Eastern Canada.

Perhaps no one newspaper could cater with complete satisfaction to all these classes, but by this combination offer every special need is met.

The "Weekly Free Press and Prairie Farmer" gives a complete record week by week of all happenings in the Western Provinces. In addition it has special departments for American and British settlers. The "Family Herald and Weekly Star" supplies the former resident of Eastern Canada with the news of the Eastern portion of the Dominion in detailed form, and the "Cranbrook Herald" provides the local Western news, which you cannot do without.

the pain or annoyance of rough or chapped hands during the winter sea on, and most outdoor or business people suffer more or less.
Hands that are suffering from the wintery weather may be restored to the smoothness of health by judicious applications of Zam Buk.
The value of Zam-Buk either as a protective or a corrective, cannot be over estimated. A box should be on every dressing table.

CHAPPED FROM FINGERS TO ELBOW
Henry Walker, of 11 Manufacturer Street, Montreal, works with his shirt sleeves rolled up above his elbow, and passing from a warm room to the biting cold as he is obliged to do, he got the worst case of snapped hands and arms. From his fingers to his elbows was one mass of raw flesh with bad cracks here and there.
He tried several kinds of salve, but nothing relieved him until he tried Zam-Buk. This took away the burning and smarting almost at once. The cracks began to heal and a few applications of the balm cured him. His hands and arms are now smooth and soft.

ZAM-BUK CURES blood poison, cuts, bruises, old wounds, running sores, ulcers, boils, piles, eruptions, scalp sores, eczema, itch, chapped hands, barber's rash, burns, scalds, rheumatism, neuralgia, etc. Sold by all druggists and stores at 50 cents a box, or from Zam-Buk Co., Toronto. 3 boxes for $1.25.

HITS THE NAIL ON THE HEAD

R. G. McPHERSON, M. P., GOES TO THE ROOT OF THE ORIENTAL PROBLEM

(Winnipeg Free Press.)

"Five years more of the conditions which have prevailed in British Columbia this year would settle the *fate of that province*," said R. G. Macpherson, M.P., of Vancouver, to the Free Press yesterday. "In five years time," he continued, "the white population would be ousted; Orientals were entering at the rate of 1,500 per month, or 18,000 per year. In five years we would have 90,000 Orientals, and we have not so many able-bodied white men in the province.

"I know British Columbia as well as any other man, and I am prepared to say that over 90 per cent of the people of the province are opposed to Oriental immigration. The only thing to be said with reference to the remaining ten per cent is that they are the most influential people, the class namely who are desirous of securing a large supply of cheap labor.

"It is sometimes said that British Columbia is opposed to Oriental labor, not because it is Oriental, but because it is cheap. The people who think that this is the case do not go to the root of the matter. The opposition to Oriental immigration is due to a national or race prejudice. I have occasionally heard disparaging remarks made about the classes of people who are coming into the provinces of Alberta, Saskatchewan and Manitoba. It has been said that some of these people from continental Europe have dirty habits, etc. The people that you are getting, however, are white. I walked yesterday afternoon through what is known as your foreign quarter. I saw *the ch ildren of these foreigners* playing football on your vacant lots. Their fathers and mothers were speaking languages which I could not understand, but the children were speaking English, and the fathers and mothers will follow the children. Your lieutenant-governor would possibly not want to meet these new comers at government house at a 5 o'clock tea, but their children will be at government house in time to come. You take one of these white children from continental Europe and you can make a Canadian out of him in one hour. He will celebrate the 24th of May and the first of July, and he is a citizen from the beginning. You assimilate the white immigrant with the utmost ease.

"The Oriental on the other hand is absolutely non-assimilable. He is Oriental from birth to death and he will never be anything else but Oriental. The truth mist be recognized sooner or later, and the truth is that the people of British Columbia are opposed to the influx of the Oriental solely on the ground that he is Oriental. It is a color prejudice, deeper than any other feeling, *which no amount of reasoning can remove*. The Japanese does not come into my house nor do I go into his."

"We understand that there was some agreement that the number of Japanese entering the province was to be limited," suggested the reporter.

"There was a tacit understanding to the effect that only one Japanese per month from each precinct was to be granted passports, but there are methods by which the provisions of any ordinary agreement may be avoided. I examined personally a very large proportion of the passports granted to Japanese arriving in Vancouver and I found that almost every one of them were made out to Honolulu, where the holder of the passport had stayed over one single boat. It was plainly apparent that Japan had used Honolulu as a fence to enable Japanese immigrants to enter Canada. I understand that the Canadian government has a written statement of this agreement that only one Japanese per month from each of the forty precincts should enter Canada. Japanese officials claim, however, that *this tacit agreement* was *abrogated* by the subsequent treaty entered into with Great Britain. This may be technically correct but no honorable people would avail themselves of such a technicality.

A SIDE LIGHT ON THE ASIATIC QUESTION

Robert Middleton, an old troop sergeant of the Seventeenth Lancers, who served in South Africa, attached to the 7th Bergall Lancers (Lord Roberts' body guard) as interpreter, called on the Herald the other day. Mr. Middleton, in speaking of the influx of Asiatics into British Columbia, said since he had been here (some five months) he had made it his business to talk with all the Hindoos he had met and that he found from his conversations with them that in almost every case they had been induced by representatives of the Indian government to emigrate to Canada. These representatives laid stress on the fact that Canada was a British possession and that conditions were the same as in *British India*.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the grown output.

Deputy of the Minister of the Interior

THE CRANBROOK HERALD

$2.00 A YEAR | THE PAPER THAT IS READ BY THE PEOPLE | DECEMBER 5, 1907

CRANBROOK HERALD
By the Herald Publishing Company, Limited.

F. E. Simpson
Editor and Manager.

The Herald is worth $10 a year. It costs only $2. No man in South East Kootenay can afford to be without it, and everyone living outside of the district, who is interested in the progress of this section, should read it. It publishes the news while it is news. It is controlled absolutely by the publishers. No clique, party or individual dictates its policy. It don't try to please the people. It's desire is to publish a newspaper that will be a credit to the community. Send in your subscription and you will be thankful ever afterward.

Advertising rates $1 per inch per month, no more and no less.

Reading matter 15 cents per line to non-advertisers; 10 cents per line to regular advertisers.

If you desire to reach the people of South East Kootenay you must advertise in The Herald.

The Herald has a first-class job plant, and its work is of the best. The Herald don't want charity. It wants a square deal on your job work. If we can't suit you in quality and price, kick, and send your work to some Cheap John house in the east that never spends a cent in Cranbrook.

MORE THAN
4,854 a Month

This is the guaranteed circulation of the Herald

Press room and subscription lists open to investigation by advertisers at any time.

The Herald gives a dollar in value for a dollar in money. The advertiser has the right to know what he is receiving for his money. The Herald is one paper that courts investitigation.

CIRCULATION STATEMENT

I, F. E. Simpson, manager of the Cranbrook Herald, do hereby state that the pressman's books show, and that I have every reason to believe that the circulation of the Herald for the past five months has been 24,2. copies, divided as follows:

July	4,460
August	4,830
September	4,485
October	5,975
November	4,520
Total	24,270
Average per month	4,854

Subscribed and sworn to before me this 5th day of December, 1907, at Cranbrook, B. C.

John Hutchison,
A notary public in and for the County of Kootenay, British Columbia.

OBSERVATIONS
BY THE OLD MAN.

The Herald has added between 30 and 40 names to its list the past ten days. That is going some for this time of the year, and is substantial evidence of the fact that the people appreciate the Herald.

Personalities should be avoided in any campaign, but especially so in a municipal campaign. A man may have his reasons for opposing a person for the office of alderman, and yet hold that same candidate in the highest of esteem personally. There is no reason to indulge in personalities or work up unnecessary enmities.

Buy your Christmas presents early. It will be better for you and far better for the merchants.

It would be a mighty big advertisement for Cranbrook if the people could get together at the next municipal election and elect a ticket by acclamation.

Cranbrook people want a decent town, an orderly town, a town of which they can be proud. In the past Cranbrook has held the reputation of being that kind of a town, one of the best, in fact, in Western Canada. That reputation wants to be maintained.

The names suggested at the meeting held last week was a good one, and there are other good names that could be selected. In fact Cranbrook has many men who would make excellent aldermen, and there is ample time to make a choice.

The names of J. P. Fink, J. D. McBride, G. T. Rogers and A. McCowan are being mentioned as probable candidates for mayor.

G. T. Rogers' name has been presented for the office of school trustee. A better man could not be selected. Mr. Rogers has always taken an interest in the school, and as trustee, he would prove a strong man in the right place.

In 1906 there were 2,470 births in British Columbia, 1,778 deaths and 1,387 marriages, accorning to recent official returns.

The exhibit of British Columbia fruit was awarded the gold medal at the Scottish Horticultural society's exhibition at Edinburgh, the gold medal at the Sheffield Horticultural society's exhibition, the highest award of merit at the Tunbridge Horticultural exhibition, the highest award at the Herford exhibition and the silver medal at the Crystal Palace exhibition in London. This is a splendid record for British Columbia fruit in England.

Mr. J. S. Lake, Canadian trade commissioner to Australia, in his last report, says that the dry weather conditions still continue over the wheat producing sections of the Commonwealth and that it is estimated that only a third or at best half, a crop will be harvested. In Sidney, New South Wales, where the average rainfall is 10 inches of over from October, this year was less than one inch. The yield of wheat in the whole of Australia last year was 67,000,000 bushels. It is hardly probable that this year's crop will exceed 30,000,000. In view of this it is probable that Canada will be drawn on as a source of supply because with an average crop Australia is not able to supply her own wants.

All of the churches in Moyie have joined to arrange a Christmas tree program for this year. The combination includes all of the Protestant churches and the Catholic church. That is a good move and indicates the fact that there are a lot of real Christians in Moyie.

Dr. Bonnell, who has been the efficient mayor of Fernie the past year, announces that he has had enough, and that he would not accept any office again in the gift of that town.

The opening of some of the sawmills in the district makes the situation look better and there is little doubt but that it will improve after the beginning of the new year.

The Cranbrook band is getting into good shape and deserves the united support of the people.

The re-opening of the Granby mine and smelter is a great thing for the boundary country and all of British Columbia. The Granby miners, like those of Rossland, have displayed good judgment in meeting the decline in the copper market with a decline in the wage scale. That means steady employment for hundreds of people.

The Cranbrook Board of Trade should wake up long enough to elect delegates to the meeting of the Associated Boards, which convenes in Moyie some time next month.

W. C. Simmons, M.L.A., of Lethbridge, has been nominated as a candidate for the Dominion house for the Medicine Hat district. The nomination is a most excellent one and Mr. Simmons will be elected. The Herald would like to see W. A. Buchanan, editor of the Lethbridge Herald, succeed Mr. Simmons in the local house. He would prove the right man for the Lethbridge district.

The British Columbia government has paid recently $500,000 on its million dollar loan made three years ago, making altogether $800,000 of the debt paid. The government is entitled to credit for such a showing.

The Phoenix Pioneer is commencing on its ninth year, and still stands as one of the very best weekly papers in Western Canada. W. B. Wilcox is a whirlwind when it comes to getting out a first-class paper.

Those who want to take advantage of the next two big issues of the Herald must get their copy ready as soon as possible, as these are busy days and busy nights in the Herald office.

Don't forget to keep the big race meeting in mind for next year. It is going to be a big thing for Cranbrook and the district, as the big fruit fair will be held at the same time.

Circulation figures should always prove interesting to advertisers, especially when it is a sworn circulation and one easily proved. The Herald has that kind of a circulation and is about the only weekly paper in Western Canada that lets its advertisers know what they are getting for their money. The total circulation of the Herald for the last five months is 24,270 copies. That is a great circulation for a town like Cranbrook, but what is still better for the advertiser, there are hundreds of people in the district who read the Herald but don't subscribe for it.

AIN'T IT THE TRUTH

Moyie Leader: Moyie may be only a one mine town, but we have the satisfaction of knowing that the mine is running.

HITS THE BULL'S EYE

Moyie Leader: Jake Fink will probably be Cranbrook's next mayor, and a better selection could not be made in all of that city.

FACTS ABOUT CANADA

TRADE AND COMMERCE

1906 has passed into history as the year of the greatest business activity this country has ever experienced. It has been a year of marvellous growth, which has astonished the shrewdest and most far-seeing citizens.—Toronto Saturday Night.

Canada's total volume of trade, 550 millions—increase of 80 over 1905; of 164 over 1401, of 420 over 1868.

Of the 80 millions increase, 27 were imports, 53 exports.

Of the 80 millions increase, G. B. contributed 40 millions.

Canada's volume of trade trebled in 20 years, more than doubled in 10 years. A gain of 17 per cent over 1905.

Increase in total trade, 20 years, 1873-3893, 30 millions; in 14 years 1823-1906, 303 millions.

Increase, 10 years, 1886-1895, 30 per cent; 1816-1105, 130 per cent; U. S. only 80 per cent.

Canada's imports, 1406, 294 millions; exports, 316 millions, excluding coin and bullion.

Exports and imports in ratio of 53 to 27.

Canada's exports, 1906, mines, 35 millions; fish, 16; forest, 38; manufactures, 24; animal and agricultural produce; 127; or a total of 242 millions of home produce.

Of imports, 176 millions were dutiable goods, 110 free; 7, coin and bullion.

Imports from G. B., 67 millions; exports to 83 millions.

Since 1868, exports during 30 of 33 years were greater to G. B. than to U. S.

Canada has a foreign trade one-fifth as large as that of the U. S.

Canada's increase of exports, 1905-6, $7.30 per head; U. S. only 12.60; imports, 45.00 per head, U. S. $1.30.

1868, 60 per cent. of Canada's export trade was to the U. S. 30 per cent to G. B.; 35 per cent to U. S.

G. B. bought, 1906, goods from Canada to value of $3 per head; U. S. bought from Canada to value of $1 per head.

Canada's volume of trade per head, 3177 (based on estimated population of 6,442,000); 1868, $30, U. S. $37.

Canada has as great a commerce with outside world, about ($36) as U. S.

Canada stands third among nations of the earth in the per capita of her total trade.

Canada is destined to be a great exporting country; already our exports per capita are greater than those of any other country, not even excepting G. B., whose foreign trade leads the world.

When British preference was inaugurated in 1897, imports from Britain were 29 millions; now, 69 millions—increase of 138 per cent.

U. S. supplied 60 per cent of Canada's imports; G. B. 24 per cent.

Canada's imports of British goods, 69 millions, showed increase of 13 per cent; of U. S. goods, 180 millions, 8 per cent.

Great Britain is Canada's best customer.

One-half of Canada's total trade is with U. S.; one-third with G. B.

Britain's trade (outside United Kingdom) 611 million pounds; less than one-half done with United Kingdom; nearly two-thirds done within the Empire.

Canada bought 1905-6, 390 million pounds of raw sugar; 2-3 from Dutch East Indies; 96 millions from British Guinea; 21 millions from British East Indies.

Practically Canada's entire consumption of sugar is supplied by four large refineries, with an annual output of over 412,000,000 worth, and by recently established Ontario beet sugar factories.

Canada sells goods to 66 different colonies and countries.

Canada bought, 1906, 414,700,000 worth of woollens and $6,650,000 of cotton from Great Britain.

Canada sold U. S., 1906, $655,000 worth of horses and cattle; 3 millions worth of wheat; 9489,000 worth of hay.

Canada's trade with Germany, 8 millions. Reduction of 5 millions in 3 years owing to surtax.

Canada's trade with France, 4 2-2 millions; Italy, $796,819; Spain, $986,912; Holland, $1,985,009; New Zealand, $1,036,121.

Canada's trade with South America, $3,425,735; China and Japan, 23,670,933; Switzerland, $2,062,286 Belgium, $3,888,228; Newfoundland 34,972,633.

Japanese exports to Canada in 1206 totalled $1,176,000; against $1,620,000 the year before. Canada's exports to Japan in 1306 were $299,000, and in 1305, $366,000.

Mexico has a trade of 245 millions. Canada's trade with Mexico $516,888.

Imports of last 10 years, 135 per cent dutiable goods; 175 per cent free imports.

Great Britain and United States take 40 per cent of our exports.

25 per cent of Canada's purchases from Great Britain enter free of duty 50 per cent from U. S.

1906 increase in exports of domestic products the largest ever made in one year.

Exports have increased 100 per cent in value in 10 years.

The United States has 189 consular and trade agents in Canada.

Canada bought from the United States, 1405-6, 11¼ millions' worth of coal and coke; $1,767,540 of ores; $5,000,000 of lumber and logs; $1,981,782 of raw furs, $1,124,158 of bananas; $2,633,590 of tobacco leaf; $8,125,561 of raw cotton and $1,628,18[illegible] of binder twine.

TIMBER AND PULP INDUSTRY

Canada has the largest white pine areas left on the continent.

Canada's forest products are nearing the 100 million.

Canada exported in 1906, 38 millions of forest products, 12 millions to G. B., 23 millions to U. S., increase of 5 millions over 1905.

Census value of timber, logs, wood, etc., 1901, 200 millions.

Total exports of forest products in 25 years 627 millions' worth.

Canada has, it is estimated, 1,400,000 square miles of timber lands more or less wooded.

Canada has 280,000 squace miles of timber fit for commercial purposes with 359 billions of mature timber.

NOTICE

Notice is hereby given that 30 days after date I intend to apply to the Hon. the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands:

Commencing at a post marked Henry F. Landeck's north-east corner, at the north-east corner of Timber Limit 6214, thence north 70 chains, to the north-west corner of Timber Limit 6213, thence west 60 chains, to the south-west corner of Timber Limit 6185, thence south 40 chains to the south-east corner of Timber Limit 6215, thence west 60 chains, thence south 30 chains, thence east 120 chains to point of commencement.

Pure bred Brown Leghorns, a few fine young cocks for sale. J. Williams, Box 29, Creston, B.C. 37-1t

Mrs. S. E. Trombley, of Creston, was in the city this week on her way to Calgary, Alta. From there she will go to Seattle, Wash., to visit friends.

W. D. Hill & Co.'s new furniture building on Armstrong avenue, is practically finished and is full of furniture. Plate glass windows have yet to be added, but the glass for them not having yet arrived, a temporary wooden partition has been put in.

Charles Smith, who has been chief clerk in the superintendent's office here, has been transferred to Calgary. F. W. Reeves will continue here as superintendent's accountant. The many friends of Mr. Smith regret his departure and trust that he may again return to Cranbrook.

M. McCarthy, of the C. P. R. steam shovel, left today for th coast. After spending a few days at Vancouver, Seattle and other points on the ground Mr. McCarthy will go to Elizabeth, N. J., where he will join his family for the winter.

S. J. Miller writes from Victoria where he is now living, to have his Herald changed to that address and adds: "Keep sending the Herald, as we cannot do without it. I consider it the best paper in the Kootenays, and that is no con talk, either."

W. H. Wilson has received today two Tiffany nshow cases. These are the very latest in jeweler's show cases. They stand on legs and are about 18 inches deep by two feet wide. The back is of plate glass mirror, the sides, tops and front being plate glass.

The Argonaut club will hold its next dance at the new opera house Tuesday evening, and it will be in honor of Miss Baird, who has been the guest of Dr. and Mrs. King for the past few weeks. Refreshments will be served and the dancing will continue until 2 o'clock.

The Canadian Pacific railway announce a very low tound trip rate to all points in Ontario and Quebec west of Montreal. Tickets bear a 90 day limit. This affords an excellent opportunity to visit the east at a very economical cost. Reduced rates to the Old Country are advertised elsewhere in this issue. 36-2t

When selecting your Christmas present for the lady of the house, get her something useful and labor saving, that she will appreciate. We would suggest a Kootenay range, the stay satisfactory range. It will keep her in good humor and make life worth living. Patmore Bros. have them in all sizes and prices.

Miss Baird, who has been visiting Mr. and Mrs. J. H. King the past three months, expects to depart for her home in New Brunswick next Wednesday. Miss Baird has made a great many friends in Cranbrook who will regret to see her depart and will all entertain the hope that she may return again before a great while.

The following list of Cranbrook people sail on the Empress of Britain on the 13th for the Old Country: David Clark, Alex. Begg, John Wilson, P. Peterson, H. Peterson, J. Hanson, Lieut. Potter, Mrs. S. Johnson and A. A. Ward. A number of Italians have also booked their passage home via New York.

A. Mutz has secured a large interest in a mining property just across the line from Kingsgate that gives promise of being very valuable. A 200 foot tunnel is being run and they are in now about 85 feet, and the showing continues to grow better. The property is a silver-lead proposition and the ore also carries strong values in gold.

V. A. Rollins received a telegram last Monday announcing the death of his father, William Rollins, of Lucan, Ontario. His brother, W. A. Rollins, was at home at the time. Mr. Rollins, sr., has been in very poor health for some two or three years past, and has been a great sufferer in that time. His death leaves the mother, W. A. and Will Rollins, two other brothers and a sister.

COUNCIL MEETING

The council meeting last evening was a brief one, as there was little business to be transacted. Mayor Finlay and Aldermen Fink, McCowan, Hickenbotham and Jackson were present. The minutes of the previous meeting were read by Clerk Roberts and approved.

A notification from the fire department to the effect that E. F. Johnson had been elected secretary was read and the election confirme

An offer from W. H. Wilson to supply a clock for the council room at cost price, was ordered filed.

The report of the finance committee showing accounts aggregating $2,011.26 cents was presented and the accounts ordered paid.

Solicitor Thompson reported on the petition re unsightly buildings in some parts of the town, saying that the council had no power to act in the matter.

It was moved by Alderman Jackson, seconded by Alderman Fink that the assessment roll be completed and in the hands of the clerk on or before December 31. Carried.

It was moved by Alderman Jackson, seconded by Alderman Fink, that Aldermen Hickenbotham and McCowan act with the mayor as a court of revision and that they convene at the council chamber on December 21. Carried.

Moved by Alderman McCowan, seconded by Alderman Fink, that to comply with the law, notice of the holding of the court of revision be published for five consecutive days in a daily paper having a circulation in this city, and the Nelson News was designated.

It was moved by Alderman Fink and seconded by Alderman Hickenbotham, that the council chamber be the place for holding the nominations for mayor, alderman and school trustee and that T. M. Roberts be appointed as returning officer, and in case a poll is necessary, that the said T. M. Roberts preside and that the returning officer appoint a p clerk.

The council then adjourned.

Practical and Beautiful

THAT exactly fits our stock. Every article has its practical side, and is as beautiful as the Art masters of Europe and America can make them. We have something for everybody—something that is good enough for your home; is good enough for your friend's home. You will find it upstairs in our store: **Art Novelties, Burnished Brass, Copperware in Vases, Tankards, Kettles, Tobacco Jars, Etc.**

We Are All Ready

The last of our stock is in place, and we will enjoy having you inspect it as much as you will.

Everybody says it is the most complete and best selected stock they ever saw, and we know that there is no better anywhere.

Our advice is: **Select your presents early** and get **the pick.** Lots of people have done it already. Why not you?

WHERE IT PAYS TO DEAL

LIEUTENANT GOVERNOR DUNSMUIR AND C. P. R. FAVORED JAPS

Vancouver, Nov. 30.—Commissioner King brought his inquiry into Japanese immigration to a close this afternoon and in many respects the evidence today was the most sensational of the investigation. The contracts of Gotch with the Wellington Collieries Co., signed by Lieutenant-Governor James Dunsmuir, and with the C. P. R. were brought out. Gotch strenuously objected to their being given publicity but on a threat that the persons concerned would be compelled to testify he allowed the documents to go in.

The Wellington agreement provided for five hundred men, to be given from $1.35 to $1.90 per day, and was to remain in force for five years, save on sixty days' notice by either party of termination. The immigration company was to enjoy a monopoly of supplying Japanese labor as long as they were able to meet demands. Gotch saidly said that they had only furnished forty men under this contract.

The agreement with the C. P. R. was to run until 1912, with a thirty day notice clause, and the immigration company promised to furnish as many competent workmen and laborers as were demanded from time to time. Wages of $1.35 to $1.65 per day was guaranteed.

A letter from Superintendent Busteed dated April, stated that from four hundred to two thousand Japanese could be taken by the road this year. Gotch said the men were employed on the road as far as Swift Current. He also furnished men for porters who ran over the whole line.

JAMIESON-SHARPE

On Tuesday evening Charles G. Jamieson, carpenter, of Cranbrook, and Miss Elizabeth A. Sharpe, of Winnipeg, Man., were united in marriage by Rev. Main, at the manse. Mr. Jamieson is a Massachusetts boy and Miss Sharpe hails from the Emereld Isle. Mr. and Mrs. Jamieson will make their home at the Royal hotel for the winter.

We lose a lot of valuable time worrying about the things that never happen.

It is easy to believe after eating a hearty meal that everybody in the world is well fed and happy.

Kind words are easily coined, and there is never any need of issuing cashier's checks to take their place.

HOT POLITICAL STUFF

(John Houston in Prince Rupert Empire.)

Rival delegates from Port Simpson attended the provincial Conservative convention at Vancouver on Friday. One delegate (R. O. Jennings) was elected at a largely attended meeting, the other (John Flewin), was appointed at a meeting called by himself and attended by men who probably were not invited to attend the regularly called meeting. Mr. Jennings is looked on as the delegate who will voice the views of the McBride government, as he has had the ear of the government, at times, since the last provincial election, and is credited with having put a spoke in Flewin's wheel, when Flewin was "on the carpet" for neglecting his official duties as government agent of Skeena district. Jennings is a mine foreman when he works and a politician when he doesn't work, and as he is a resident of Port Simpson he is not a mine foreman. Mr. Flewin was government agent at Port Simpson for nigh on to twenty years, and has the reputation of being one of the smoothest men who ever held office in British Columbia. He did not retire from office a poor man, and some of the men who have held office in the province and are looked on as leaders of the Conservative party are his friends—but he will not be seated as a delegate from PortSimpson. The party in Skeena district is all shot to pieces, but by the time the next provincial election takes place there will be so many newcomers in the district that the oldtimers will be forced to take back seats, for none of them are strong men, however genial they may be personally.

To be successful in politics, as in business, a man must have both brains and money. In politics, brains are required to formulate principles on which to appeal to the people, and money is required to educate the people so that they will understand the principles and to organize them so they will vote to carry the principles out. In business, a man to be successful must have brains to originate or adopt the best methods on which to conduct his business, and then have money to equip and organize a working staff to carry on the business. The leaders of political parties are supposed to have the brains to formulate principles that will not only appeal to the people, but be acceptable to the corporations that furnish the money required to organize the people so that they will vote right on election day. No man who is barred from acting with one or the other of the two great political parties in Canada can ever hope to be successful in politics unless he has brains to formulate principles that will appeal to the people, and then be backed up with enough money to pay all the expenses incident to carrying on campaigns of education and for conducting elections year after year. There may be instances of individuals succeeding for a time because of their personality; but their influence when elected will not amount to much unless they happen to be the balance of power, when they may secure in part what they stand for. But their continuance in office will not be for long periods, and when out of office they will be wholly without influence. Joseph Martin, of Vancouver, more brains than any other leader of his party, and he formulated principles on which the Liberal party won a victory. When the leaders parceled out the high positions, Mr. Martin was overlooked. Although he has continued a member of the Liberal party, the word has been passed by the leaders that he must not be honored with office. This is most galling to a man who has a liking for politics; but unless Joseph Martin breaks away from the Liberal party and formulates principles which will appeal to the people, and then find the money to build up a party organization, and keep it built up he need never expect to successfully re-enter public life in Canada. He has incurred the enmity of too many Liberals to ever hope to be successful at the polls as a Liberal, and he is hated by the Conservatives, for did he not formulate the principles that drove that party from office? Yet Joseph Martin is the ablest legislator in British Columbia today.

Did Sir Charles Hibbert Tupper at the convention of the Conservative party, held in Vancouver on Friday, repeat the speech he made to the members of the McBride government at Victoria on a Friday afternoon in December last? And was it delivered with the same cold, measured eloquence? Delivering that speech on behalf of the purity of the Conservative party forced Premier McBride to ask Robert Francis Green, of Kaslo, to tender his resignation as chief commissioner of lands and works. But Robert Francis Green, of Kaslo, is as vindictive as Sir Charles Hibbert Tupper is ambitious, and he is now having his revenge for having been forced out of a government which he helped to create. He and his friends have made it impossible for Sir Charles Hibbert Tupper to re-enter parliament from any district in British Columbia, even should he get a Conservative nomination, and he is forced to go away back to Nova Scotia and make the race in a district he has been away from for ten years. Sir Charles Hibbert Tupper has brains; Robert Francis Green, of Kaslo, has cunning. The battleground is at Vancouver, where in politics cunning counts more than brains.

Were Sir Charles Hibbert Tupper made the candidate of the Conservative party in Vancouver, and Joseph Martin made the candidate of the Liberal party, the campaign would be fought with political generals as candidates, not with mere political pawns, owned and directed by a wholesale grocer or a railway superintendent. If either the Conservative or Liberal parties have principles, Tupper and Martin have studied them and can interpret them lucidly on the platform. If the parties are without principles, Martin and Tupper have brains to formulate principles on which their respective parties could make an appeal to the people. But there is no likelihood of either Martin or Tupper receiving a party nomination in Vancouver. That is one constituency in Canada in which politicians with brains are hewers of wood and drawers of water.

A WELL KEPT DAIRY

W. B. Bardgett, of Cranbrook, runs one of the best dairies in the interior of British Columbia. If "cleanliness is next to Godliness" then Mr. Bardgett fills the bill. Mr. Bardgett has 38 cows, 28 of which are milking at the present time, the balance which are dry, being wintered at Fort Steele. The winter quarters on the Bardgett ranch, just north of town, are worth seeing. The buildings are of framed roofed with galvanized iron, the inside whitewashed and the floors of the buildings liberally sprinkled with saw-mill shavings. The cows in these buildings look happy and contented and therefore, give milk which in quality and quantity is surpassed by none in the province. On November 4th last Mr. Johnson Gibbins, M.R.C., V. S., on behalf of the government of the province of British Columbia, inspected Mr. Bardgett's dairy, and not only gave Mr. Bardgett a clean bill of health for his stock, but added that the stables, etc., were exceptionally clean.

The stables in which the milch cows are housed on the Bardgett ranch and kept in such a way that everything about them is scrupulously clean. As one enters the stable one sees a row of some six or eight neat milking stools conveniently arranged near the entrance, all of which show the liberal use of the scrubbing brush and soap. The stalls in which the cattle stand are as clean as any one could wish and kept constantly whitewashed. The cows are fed regularly three times a day with bunch grass hay, and at noon and night are given a ration of bran and shorts scalded. The ventilation in the cattle stables is well arranged a system of ventilators on either side of the stables being so placed that no matter from what quarter the wind may be blowing ventilation may be effected without causing a draft.

One of the features of the Bardgett ranch, is the hospital. An isolated building in which any cow or other animal may be treated for any ailment. The building is at present empty except for a beautiful shorthorn and her calf.

Mr. Bardgett has a great desire to improve the breed of milch cattle in this district, and to do this he has secured a shorthorn bull calf, now nine months old, which promises to be a splendid specimen of his race. One thing Mr. Bardgett insists on is that all his cattle get plenty of exercise. Even during the winter months all the cattle in the barn are turned out daily for this purpose, much to the increase of milk in the herd. The writer saw the cattle taking their exercise one day this week and it was amusing to see them following the black and white bell cow Jim, so called because she is really the property of James Ryan though always kept on the Bardgett ranch. Mr. Bardgett is a man who knows his business and attends to it as a man who knows should.

BEATTIE & ATCHISON'S SHOW A BIG SUCCESS

Beattie & Atchison's store is always considered headquarters in the district for the purchase of gifts. From the early days of Cranbrook, when R. E. Beattie ran the little two by four drug store on the corner opposite the Cranbrook hotel, until today, when this well known firm do business in their present splendid quarters, the name of Beattie has always been associated with Christmas gifts.

The firm of Beattie & Atchison are well aware of this fact and have always returned the compliment to their customers by means of some Christmas souvenir or another for the children.

This year their Christmas gift was the most magnificent of all and, we venture to say, gave more real pleasure than anything that has ever been done along this line since Cranbrook was a baby. We refer to the theatre party given by this firm on Saturday afternoon last.

As soon as the doors of the new opera house were opened the rush began. And what a rush it was. A rush that only Cranbrook's rising generation can make. The faces of the children were a study. There were the laughing faces of the rosy cheeked boys and there were the whistful expectant faces of the girls all anxious to get into the theatre and get the front seats. In a very short time the house was full, but there was room for everybody and no one was turned away. Then when all were seated and before the orchestra played the overture, began a babble of cat calls and whistles which would put the gods in a metropolitan opera house to shame. The mothers, aunts, cousins, and grandmothers of the children were there too and enjoyed it all immensely.

The Dominion Stock company presented a most laughable comedy entitled "My Uncle's Nephew," which kept those present in a perpetual gale of laughter. Between the acts specialties were introduced, among others Harold V. Reakes, a boy nine years of age, sang a selection of songs which were much appreciated by the juvenile audience.

After the first act, Mr. Beattie on behalf of Mr. Atchison and himself, thanked those present for being there, in a few well chosen words. Needless to say he came in for a hearty round of applause. Beattie & Atchison are to be congratulated on their magnificent Christmas gift to the children of Cranbrook. It was the best ever.

WIZARD BURBANK'S LATEST

A San Francisco despatch of November 17th says: "Two hundred and eight varieties of apples all grown on one tree, and from one tree, is the achievement of Luther Burbank, of Santa Rosa. This is the way advantage was taken of an old apple tree. Mr. Burbank took a few apples from a certain tree and planted all the seeds of those apples. The seeds produced saplings in course of time, and these Burbank grafted on the very tree which had produced them as seeds. The 208 varieties of apples were the result. And there is surely variety among them. They run from apples the size of quail eggs to apples the size of pumpkins —that is young pumpkins. Some are red, others green. Still others are pink and striped and slotched. One would think judging by appearance that they had grown in 208 different parts of the world. The entire collection, after going through a five weeks "curing" process, is on exhibition in the Ferry building."

THE MAN WHO NAMED THE KICKING HORSE PASS IS DEAD

Word comes from Wellington, New Zealand, of the death of Sir James Hector, for many years chancellor of the University of New Zealand. Sir James, then Dr. Hector, was the geologist of the Palliser expedition, which marked the boundary and made extensive explorations in North Western Canada and British Columbia. Under Captain Palliser, Sir James rendered valuable services. Probably the most interesting thing in connection with Dr. Hector, at any rate to Western Canadians, is the fact that he was the man who named the Kicking Horse Pass. "Here," says the report, "I received a severe kick in the chest from my horse, rendering me senseless and disabling me for some time."

Sir James Hector was a graduate of Edinburgh University with the degree of M. D. A monument near Field commemorates the death of his son, who died while crossing the continent.

A FARMER'S INSTITUTE

The Cranbrook district has a farmers' institute at last. The last British Columbia Gazette publishes a notice of the formation of the Cranbrook-Fernie Farmers' Institute under the act. There has been considerable delay in procuring the consent of the department of agriculture to the formation of the institute on account of a petition having had to be sent to the lieutenant governor-in-council to have the Kootenay district sub-divided, a farmers' institute already existing at Creston, under the title of The East Kootenay Farmers' Institute.

It is to be hoped that there will be a good attendance at the statutory meeting, which will be called by the deputy minister of agriculture about the first week in January, as at this meeting permanent officials will be elected, and there it is advisable that it be as representative as possible.

GOMPERS RE-ELECTED

Norfolk, Va., Nov. 21.—The unanimous re-election of Samuel Gompers as president of the American Federation of Labor, was the event of Saturday's session of the American Federation of Labor convention. It had been expected that some opposition to Mr. Gompers might develop as a result of the controversy with Broughton Brandenburg, who Mr. Gompers' charges has attempted to bribe him into a betrayal of the labor leaders and the movement, and who replied with promises of exposing Mr. Gompers. The result of the election is regarded as a vindication of Mr. Gompers.

The other officers elected were vice-presidents James Duncan, Quincey, Mass.; John Mitchell, Indianapolis; James O'Connell, Washington; D. A. Hays, Philadelphia; Daniel J. Keefe, Detroit; William D. Huber, Indianapolis; Joseph F. Valentine, Cincinnati; treasurer, John B. Lennon, Bloomington, Ill.; secretary, Frank Morrison, Washington. Denver was selected as the convention city in 1908. A resolution was passed for new immigration laws excluding the Japanese and Coreans.

BY A DREAMER.

TALK WITH YOUNG MEN

"There is always room enough up higher," said Webster, and so there is. It's better to be a first-class cobbler than a third-class lawyer. tion in it and more money. It is not the "good trade" that makes There is more pleasure and satisfacmen rich, but the good understanding of the trade. Some would be poor all their lives and yet work at the best trade known to man; they don't understand it, and they never will. They toil on, hoping for success, when the work is in direct antagonism with their whole being.

We do not believe in giving up the ship until we know it must go down; but, if we find, after commencing a work that we are wholly unfitted for it, we had better try some other. All men were not born with the power to perform the same work. And yet, it is not necessary that we spend a lifetime in a fruitless endeavor to find our place. If we know ourselves we shall know our mission; if we do not, poor success is inevitably ours. We care not how much a man study and experiment, if mechanism is not in his head it cannot come out. You cannot grow pumpkins on squash vines.

Young men, study yourselves choose your work, and if it satisfies move on. Bid defiance to all obstacles. Don't surrender to phantoms—they will ever challenge you; fight it out on some line "if it takes all summer." Our boats are headed up the river, and just so sure as we drop the oars so sure we will float down. Keep rowing.

This is becoming a wonderful world. Everything is done by steam pressure. When the great Atlantic cable was being lowered it was on all tongues as the greatest project the world had ever known, as he who was the possessor of an inch piece of the twisted wire was rich in relics. Now we have almost forgotten there is such a thing. The air ship and wireless telegraphy are the centers of attraction, but in a few years these too will move into the shadow of some mightier scheme.

The most foolish thing in the world is said to be "to bow to the rich till you are unable to stand erect in the presence of an honest man."

SPELLING SCHOOLS

We should like to see the old-fashioned spelling schools once more in vogue in every school district. Good spellers, nowadays, are so rare that they are indeed exceptional. They are not abundant among collegiates—more's the pity—and in the intermediate grades of students they are but here and there seen. In nine-tenths of the letters received by any establishment having letter communication with a large number of the people, errors in orthography are remarkably frequent.

This is a bad comment on our study of the primaries. It calls for some new educational effort, some system that shall awaken new interest in the particular branch alluded to. The best we know of is the ol one whose revival we now advocate. Not that it teaches all in connection with orthography which the young ought to know, but that it adds a peculiar zest to the study. With the many helps which the scholars of today possess over those of a generation ago, they should be far ahead in this branch as in all others. That they are not is due to the comparatively dry manner in which orthography is taught at the present time in all sections of our country.

A dictionary is not, on the whole, a very fascinating work for continual perusal; no more is a speller and definer of smaller dimensions. A spelling school, of a winter evening, with the excitement of "choosing sides," and a final measurement of syllabic lances in "spelling down," or even an hour devoted to the same, of an occasional afternoon, when recitations flag and a lively impetus is wanted, will tell to capital advantage. Try it, you teachers in the rural districts, and having proved our words true, turn to your fellow teachers in the town districts, who believe that to perpetuate such an ancient custom would savor of old-fogyism, and say to them with the emphasis of your experience.—"Go thou and do likewise."

If you would know a man's true character, see him in his family.

The luckiest man is he who makes his luck by careful forethought.

HAVE YOU ENEMIES

Go straight on and don't mind them. If they get in your way, walk round them regardless of their spite. A man who has no enemies is seldom good for anything; he is made of that kind of material which is so easily worked that every one has a hand in it. A sterling character is one who thinks for himself, and speaks what he thinks; he is always sure to have enemies. They are as necessary to him as fresh air; they keep him alive and active. A celebrated character who was surrounded by enemies used to remark: "They are sparks which, if you do not blow, will go out of themselves." "Live down prejudice," was the Iron Duke's motto. Let this be your feeling while endeavoring to live down the scandal of those who are bitter against you. If you stop to dispute, you do but as they desire, and open the way for more abuse. Let the poor fellows talk—there will be a re-action if you perform but your duty, and hundreds who were once alienated from you will flock to you and acknowledge their error.

TIMID PEOPLE

It is the habit of some people to laugh at the terror which is experienced by others at the heavy thundercrash or the flashing lightning. This is both cruel and wicked, since the victim is no more to blame for it than for the color of his eyes and hair—in fact, like them, it is often hereditary. Such persons should be pitied and soothed, and allowed during these periods to be always near near some one whom they love and confide in. More especially is this true of children, some of whom suffer more than words can tell from this, as well as other causes of fear. Deal gently with such; it is the only way to eradicate their fears; ridicule and harshness will only confirm them. The child "afraid of the dark," should never be enforced to encounter it unattended and unwatched. Idiocy has often been the sad result of contrary treatment. Let both parents and teachers, then, be thoughtful in these regards.

The true manner of judging of the worth of amusements is to try them by the effect on the nerves and spirits the day after. True amusement ought to be, as the world indicates, recreation—something that refreshes, turns us out anew, rests the body and the mind by change, and gives cheerfulness and alacrity to our return to duty.

No career, however noble or exalted it may seem in itself, will truly bless him who follows it, unless he carries into it the spirit of truth, justice and love. Then, all business is sacred, and all life is religion.

THE BASKETBALL ASSOCIATION

BIG THINGS DOING AT THE GYMNASIUM

Sergeant Instructor Connolly is about to give instruction in physical drill and military training to the members of the Basketball association and the Gymnasium. A large number of names have been enrolled and the first drill took place last evening at 8.30. Instruction is being given strictly along military lines and it is expected great interest will be taken, not only by the members of the Gymnasium and the Basketball association, but by outsiders as well, who can become members of the Gymnasium. All young men over the age of sixteen can become members and are entitled to all privileges of the gymnasium, physical and military training, etc., as well as being entitled to see all the league basketball games of the season. All young men should procure membership tickets to the Gymnasium so as to avail themselves of the opportunities that can be derived therefrom.

The basketball games for the Wilson cup are now being played and audiences are increasing at every game. The games are played on Tuesday and Friday evenings, from 8.30 to 9.30, and there is always some good sport.

A new feature in connection with the basketball league is the introduction of season tickets, which admit holdecs to all the league games. There are still twenty-one games to be played and the price of $1.00 per season ticket, makes the cost per game trifling. A good many have already taken these tickets for the season.

The players of the different teams are getting into good shape and some fast and exciting games are anticipated. Three league games have already been played, and have resulted as follows:

November 26th, first match, Athletics 20, Maple Leaf, 17.

November 29th, second match, Men's Own 4, Banks, 19.

December 3, third match, Athletics 15, Banks 10.

The next game will be played on Friday night between the Men's Own and the Maple Leafs, when a good game will be witnessed. The admission fee has been reduced to ten cents and ladies free. A very large crowd, no doubt, will be at this game, which takes place at 8.30.

METHODIST CHURCH

December 8th

The pastor will conduct the services throughout the day. Sunday school and ladies Bible class at 3 o'clock. Men's Own meeting in the Gym at 3.30. Music and singing. All men are invited to this conference where municipal matters will again be discussed, one or two ratepayers reading papers on "How to improve conditions in our municipal life." No personalities are allowed and all will be given a hearing irrespective of party or opinion.

Monday: Final practice for the service of song at 8 o'clock in the vestry.

Tuesday: Service of song entitled "The Musical Miller," with readings choir and orchestra. It will be given in the church at 8 o'clock. Admission free. Collection.

Wednesday: League missionary meeting at 8 o'clock. Debate.

Next Sunday the bi-centenary of Charles Wesley's death will be observed. This writer's hymns will be used, and a short account of his wonderful life given by the pastor.

MEN'S OWN

A large attendance greeted the speaker in the Gym last Sunday afternoon, and a very good meeting was held. The address by Alderman McCowan was vigorous, and the questions came thick and fast for a few moments, all of which were answered by the councillor. Several other speakers took the floor and it was generally said that the time had come for a change in the conduct of the affairs of the municipality, although it was quite agreed that civic work was not the easiest, and it was not possible for any council to please everybody. Mr. Andrew McCowan was warmly thanked for his address. The majority of those present were ratepayers.

H. McIntosh, of the C. P. R., of Calgary, spent Monday with D. W. Hyndman.

Last Saturday was St. Andrews' Day, but it was not observed in Cranbrook.

James Carlson and E. Corby, of Sand Point, Idaho, were registered at the Cosmopolitan during the week.

F. W. Sheldon, agent at Marysville, who has been transferred to Sirdar, spent Tuesday with D. W. Hyndman, of this city.

The Misses Alice and Maria Ouillette, of Portland, Oregon, are visiting with their sister, Mrs. George Lougpre, of Marysville.

Mrs. W. G. Hayward will receive on Thursday and Friday afternoons, December 12 and 13, and afterwards the third Friday of each month.

The B. C. Curling association was to have held a meeting in Cranbrook yesterday, but as no delegates arrived, the meeting was postponed.

A. McDougal, the well known lumberman, of Fernie, was a Cranbrook visitor last Tuesday. "Sandy" has a host of friends in this part of the district.

In your list of Xmas presents don't forget to include a piece or two of Pickard's hand painted china. W. H. Wilson, the jeweler, keeps a fine assortment.

William West, who is driving a tunnel on the Pay Roll mine at Palmer's bar, was in town over Sunday and reports that the showing is looking better every day.

It is unfortunate that the work of installing the new hydrants was not started before the cold weather set in. As it is now, the cost of the work will no doubt be far greater, owing to the difficulties to be overcome.

J. Campbell, for several years the popular dining car conductor on the Crow, has resigned and taken over the management of the International hotel at Kingsgate, succeeding in that capacity D. J. Elmer, who has disposed of his interests in the business. Mr. Campbell, while on the road as conductor of the dining car, absolutely made good, as he was alive to the wants of the travelling public, and as proprietor of the International hotel Mr. Campbell will be a success.

The committee in charge of the ice at the rink have made a good start and expect to have satisfactory curling ice within a few days if the weather remains as it is now.

William Craig, who has the contract for the septic tanks for the city of Fernie drainage system, spent Sunday in Cranbrook. Mr. Craig says that the drainage system will be in operation in about seven days.

Ed. Mallandaine, chief of the C. P. R. timber department, came into town from his home in Creston on Tuesday and left for Nelson on Wednesday.

A. T. Clark, of Moyie, who has spent the summer up north along the proposed line of the Grand Trunk Pacific, looking up timber limits and agricultural land, spent some days in Cranbrook this week.
