THE CRANBROOK HERALD

VOLUME 26 — CANBROOK, B.C., FRIDAY, MAY 30th, 1924 — NUMBER 14

Nomination On Friday

Likelihood Is Only Two Candidates Will Enter the Field in This District

ONE NOMINATION IS IN

With the formal closing of nominations to-morrow at two o'clock, it seems certain at this time there will be but two candidates in the field here. The nomination papers of N. A. Wallinger, the Conservative candidate, have already been filed, signed widely by influential names from all parts of the riding. The nomination of John Taylor, the Liberal candidate, will probably be placed in the hands of A. B. Smith, the returning officer, about noon on Friday. If there is any third candidate appearing on the scene at that time, it will be a vast surprise to the great majority of people, a veritable dark horse indeed.

John Taylor's nomination was quite expected at the adjourned Liberal Convention on Monday evening, a week or so having been allowed to elapse to smooth over what differences of opinion might exist as to the best man for the party to bring out.

J. G. Turgeon, Liberal organizer for the province, was in the city last week-end, and conferred with the party workers as to plans for the campaign.

The Conservative campaign has been proceeding with the same continued encouraging results. The initial meetings were held this week, Ta-Ta Creek and Wardner being among the first points to be visited, and on Monday Mr. Wallinger will speak at Marysville. A little later it is expected that W. K. Esling of Rossland, will visit the district, and will speak possibly in Cranbrook, as well as at Yahk and Kimberley. Work is being carried on from the committee rooms in the Hanson Block. A telephone, No. 512, has been installed there, and the post office box for the campaign literature is 521, so they can be reached both by phone or mail from out-of-town points.

Public meetings under Liberal auspices are being planned, and among the government speakers to appear here before long will be Mrs. Mary Ellen Smith, of Vancouver, who is planning a tour of the Kootenays shortly.

Conservative optimism does not lessen as the election draws near, and one prominent figure in the local Liberal party councils stated there would probably have been an acclamation here if it had not been regarded as unthinkable at Victoria to abandon a seat but recently held by a cabinet minister.

FURTHER IMPROVEMENTS

Following last week's visit to Sirdar, of President Beatty, announcement has just been made that at least another five hundred feet of fill will be made at the C.P.R. long trestle at Kootenay Landing, where work of the sort has been keeping three work trains busy the past two months. The earth and rock is being dug out at Canyon and when the extra five hundred yards of filling are dug out the company will have excavated a new mile stretch of right of way that will permit them putting in a new track at that point that will eliminate a bad curve at a point where the down grade from both directions made operations both dangerous and expensive, as freights stopping in there to pick up cars very often had to pull themselves out in two sections, so sharp was the grade. There was considerable excitement on Thursday last when a cave-in buried the steam shovel under several feet of earth, but as the slide occurred at the noon hour no one was hurt, but it took almost a day for the crew to remove the slide.

SPEAKERS FOR NEW PARTY DO NOT GET LARGE CROWD HERE

Eulogize McRae as Leader, and Score Both Old Line Parties as Incompetent

Cranbrook does not seem particularly fertile ground for the seeds of the new political party, their meetings never having been largely attended. The meeting on Monday evening of this week gave another instance, when an audience of twenty-two greeted the speakers when the meeting opened, increasing a little later to forty, including four ladies. The speakers were Mr. Redman of the Okanagan and Mr. Matthews, of Vancouver. Alderman Woodside of Victoria, was to have spoken also, but was called back to the coast, having been nominated as one of the party candidates in Victoria. G. F. Bond acted as the chairman for the evening, and introduced the speakers.

Mr. Redman toold of the origin and rise of the new party movement from 1920 down to the present. At that time there had been much dissatisfaction at the extravagance of the Oliver government's policies which had completely outdistanced anything that could be charged to the Conservative party before that time. He ridiculed the statement being made that the movement was being assisted by the C. P. R., and said the delegates to the first Vernon convention had paid all their own expenses. They had felt on looking into things that conditions in the province were not as bright as they should be; the population was stationary; capital was being driven out elsewhere owing to the high taxes. In appointing Gen. McRae as the leader of the party, the committee had scanned his record, and it was found that his business record was blameless. The Saskatchewan Land Co., Mr. Redman characterized as the most successful colonization effort Canada had ever seen.

Gen. McRae had other huge interests in the province in lumber and other enterprises, but none of them were on a paying basis just now, owing to high taxation and lack of markets, which was why the General was not paying any inicome tax to the province just now, as government speakers had said.

Referring to the finances of the province, Mr. Redman said that in 1907 Captain Tatlow, then the minister of finance, had succeeded in getting a good surplus together, so that the debt of that time, amounting to about seven million dollars, had actually been covered with more than that amount of cash assets. By 1917 the debt had been increased to $25,000,000, and since Mr. Bowser had gone out of office, the Oliver regime had increased this to the enormous figure of $73,000,000, with another $20,000,000 in guarantees that still remained as a debt. Is it all necessary? he asked, referring to the extravagances that were running the debt and deficits up.

In the recent P. G. E. commission he said the Liberals had over-reached themselves entirely. He charged the two old parties with conniving, and said that since they had been working hand in glove, in death let them not be divided. The new party estimated that on the basis of the last federal elections they secured majorities in eight or nine ridings at that time, and they were confident that their success of that time was going to be enlarged now. Twenty-five candidates had been nominated and a fine type of candidate generally was being put up. He would like to see Cranbrook also put up a man. During the course of his address, Mr. Redman made the announcement of an impending visit by Gen. McRae to this city, probably on the evening of June 3rd.

The chairman in introducing the second speaker of the evening, referred to the convention at Vancouver which he had attended last winter, when delegates attended from all parts of the province, including the Peace River. He drew attention to the fact that the cost of administration in the province now meant a payment of $38 per head annually, or $150 for the average family.

Mr. Matthews made references to many phases of the political situation in his address, but dwelt chiefly with the industrial conditions in the province today, and the P. G. E. enquiry. He was confident from his knowledge of things at the Coast that their party would go in easily at the head of the polls, and in this connection ridiculed a paragraph in the local Liberal paper decrying Gen. McRae's chances. The deserted farms and towns which he had seen on his journey, and the exodus he claimed was taking place from the province, he blamed all on to the excessive taxation and extravagance of the government. British companies were keeping out of the province on this account, mining companies, for instance being taxed on their output, profits and on an assessment. He quoted the recent report of General Manager Blaylock of the

NEW CAR RUNS ON STORAGE BATTERIES.

Something new in the way of passenger equipment is this Storage Battery Car operating over Canadian Pacific lines between Hamilton and Galt, Ont. The motive power is derived from four 25 h.p. motors, and the car develops a speed of 35 miles an hour. Of all-steel construction, it has three compartments, general passenger, smoking and baggage.

Gyro Club Is Instituted

Auspicious Function on Wednesday Evening Sends New Club Away on Its Career

MANY VISITING GYROS

Wednesday evening the newly formed Gyro Club of Cranbrook was given its baptism, as it were, when Governor Clarence Lougheed, of Calgary, installed the officers and members of the local club. About fifty members and guests of the club took their places round the banquet tables in the K. P. Hall, when President Al. Knight called the meeting to order. Nelson sent a delegation of fourteen members to assist in the work of installation. They were enthusiastic Gyroites, and enlivened the proceedings with their songs and choruses. Nelson is the mother club, as it were, of the Cranbrook Gyros, and their presence here in such numbers showed they were anxious to see that it got off to a good start in life. The installing officer, Clarence Lougheed, newly appointed Governor of the new north western district. No. 8, was fresh from the big convention that took place a few days ago at Edmonton, when he was elected governor of the district in which Cranbrook also is. Accompanying him was Gyro A. H. Williams, of Calgary, secretary-treasurer of the new district, which comprises Alberta, eastern British Columbia, the eastern half of the state of Washington and the state of Idaho, Nelson being also in this district.

Mine Host Alec Hurry was responsible for the banquet table, and the good things thereon were enjoyed by all.

Following the feast, the company joined in the singing of "O Canada,, and Gyro A. McDonald then favored with a song. In response to an encore he again delighted his hearers with "Give a Man a Horse he Can Ride."

Governor Lougheed, one of the founders and the first president of the Calgary Gyro Club, then performed the installation ceremony in a manner which showed him aptly fitted for the high office to which he had been elected. In his address to the club he extended to them his sincerest good wishes for their future prosperity, both as a plain Gyro member, and also from the International, whose representative he had the proud honor to be. While they could be, and doubtless would be, told what Gyro means, he stated that the great teacher, experience, would enlighten them in a manner of far greater value to them than anything he might impart to them. He was proud to say that he had been in Gyro for about three and a half years, and felt that this organization had much to accomplish. It was but in its infancy, and had a wide sphere in which it could grow and expend. Gyro means friendship. It is an organization of younger men who will

(Continued on page five.)

MUSICAL SOCIETY NOTES

At a general meeting of the Society, held on Monday evening last, a general statement of the position of the organization was presented by the secretary, showing the present position, financial and otherwise.

The statement of finances showed a deficit on the season's operations of some $250.00. It was decided that this amount be guaranteed by individual members and all bills paid up. The society looks forward optimistically to clearing this up at the beginning of next season.

Plans for next season's program were discussed in a general way, but action was laid over to the annual meeting to be held the beginning of September.

The society wishes to again extend its thanks to all those who helped in different ways to make the production of "The Mikado" the artistic success which it undoubtedly was.

The question of a picnic during the summer came up for discussion and it was finally decided to hold a picnic at St. Mary" Lake on July 1st.

All members who intend to take in this picnic are requested to advise Mr. Shankland at least one week before the date of the picnic.

"Y" SHOWS A GOOD YEAR

Annual Report Gives Statement Of Activities And Finances

Annual Report of the Railroad Young Men's Christian Association of Cranbrook, B.C., April 1st, 1923 to March 31st, 1924.

Officers and Directors of the Association, 1923 - 1924.

President	Jos. L. Palmer
Vice President	A. A. MacKinnon
Treasurer	W. M. Harris
Recording Secretary	G. T. Moir
General Secretary	J. M. Clark

Directors: M. T. Harris, F. G. Morris, W. J. Barber, T. R. Flett, J. H. Cameron, W. D. Gilroy, H. J. Huxtable, J. E. Beaton, H. L. Porter.

REPORT OF BOARD OF DIRECTORS

We appreciate and thank the Canadian Pacific Railway Company, members, friends, and all who have assisted in promoting the activities of our Association during the past year. We feel sure that members who have participated have been benefitted by so doing; we hope this coming year that a larger number will take advantage of the privileges we have to offer, with a larger membership a more varied program is possible.

We face the new year with a strong conviction that the Railway Y.M.C.A. of Cranbrook can and will make a very definite contribution to the welfare of our city.

It co-operates with all the Churches, Public Schools, Parent-Teacher Association, Board of Trade, Rotary Club, Gyro Club, Boy Scouts, and with every institution or individual working to make Cranbrook a busier and better city.

In the building are social and recreational features that appeal to young men. Billiards, Bowling, Chess and Checkers; an exercise room with Boxing Gloves, Striking Bag, Wrestling Mat and Showers. A splendid social spirit pervades all activities of the building, and around the open fireplace friends meet and talk things over. The Reading Room adoining the main lobby, is the best in the city, containing many of the leading weekly and monthly magazines and daily papers. These all assist in a large way to solve the leisure time of young men and older boys. The Social Evenings, Religious Meetings and Practical Talks help men Physically, Mentally and Morally.

The extent to which the Association can be of real service naturally depends upon the support accorded to it by its members. With all members active we may confidently look forward to the best year in the history of our Association.

The business of the Association is to render service to men and an earnest effort has been made to live up to this in every department.

This year we hope to accomplish a greater work for the young men and boys of Cranbrook and solicit your hearty co- operation and prayers for guidance in all we undertake.

Yours For Service
JOS. L. PALMER,
President

TREASURER'S REPORT
April 1st, 1923 to March 31st, 1924.

Tuesday, June 24: Knox Church Ladies' Aid Garden Party.

Thursday, June 12:—Christ Church Girls' W.A. lawn Social

Liquor Appeals Are Upheld

Defence Quotes Precedents For Questioning Magistrate's Jurisdiction

NOW BEEN AMENDED

During the past week His Honor Judge Thompson has had before him on appeal the cases in which offences under the Liquor Act are alleged to have taken place in Wardner, Bull River and Yahk. In the court below Magistrate Leask, sitting as a Stipendiary Magistrate for the Province of British Columbia, had found the four accused guilty, but upon the hearing of the evidence for the prosecution on the appeals, Mr. W. A. Nisbet and Mr. H. W. Herchmer, on behalf of the appellants asked for a dismissal of the charge upon the ground that they had been tried and convicted by Mr. Leask sitting as a "Stipendiary Magistrate for the Province" and referred to very recent decisions of Chief Justice Hunter and Mr. Justice Murphy, holding in similar cases that a stipendiary magistrate may be appointed only for one or more counties and that any one appointed for the whole province was not properly appointed, and was therefore acting without jurisdiction.

In reply, Mr. A. I. Fisher, K.C., acting on behalf of the Crown pointed out that such decisions though announced in the press were not yet reported officially, and that until such decisions were reported officially and that until certified copies of such decisions were actually before the Court and found to hold as suggested, the absolute jurisdiction of Magistrate Leask, who had acted as Stipendiary Magistrate for the province for years must be assumed.

It was conceded that the Court was bound to follow the decisions of their lordships, Chief Justice Hunter and Mr. Justice Murphy of the Supreme Court, but His Honor held that he could not take cognizance of mere newspaper reports and counsel were instructed to obtain certified copies of the decisions in question if they intended to reply on them. Counsel for the prosecution undertook to communicate at once with the Department of the Attorney General, and later it was reported to the Court that a reply had been received, stating that unfortunately the decisions of a Supreme Court judge that a Stipendiary Magistrate cannot be appointed for the whole province seemed correct. His Honor thereupon stated that he was of course bound by such decision of a higher court, but would not give any final decision in the matter until he had before him a certified copy of such decision, but indicated that he had no doubt now but that such would be forthcoming shortly, in which case he would have no alternative but to quash the convictions and in the meantime would adjourn the cases.

It might be added that the decision referred to affects only the cases in which Mr. Leask sat as a Stipendiary Magistrate for the Province and it is understood that Magistrate Leask has just received a new commission appointing him a Stipendiary Magistrate for the County of Kootenay, so that his territorial jurisdiction in the future will no longer be open to challenge.

EMPIRE DAY MARKED RIGHT ROYALLY BY CRANB'K DIST.

Good Weather Favors Big Event And City Puts On Gala Attire For Auspicious Occasion

PRIZE WINNERS IN PARADE AND EVENTS

Passing off without a hitch, everybody satisfied, the 24th or May celebration can truly be announced an unqualified success. The boys of the G.W.V.A., as well as others who took an active interest with them in the large amount of preparatory work necessary to the carrying out of such a large undertaking as this was, may justly feel proud of the success of their efforts.

The weather man could not possibly have served up a better variety of atmospheric conditions,—enough of sunshine to make it just comfortably warm, and a little rain at the proper time to lay the dust.

Friday afternoon the program got under way at the G.W.V.A. grounds when the school sports were carried out. In the evening the dance, which is always an important event on this holiday was conceded to be the best yet. Everyone was there wearing the real holiday spirit and a jolly time was the result. Robinson's five piece orchestra was in fine trim for the occasion and dispensed a brand of music that suited the most exacting dancers.

Bright and early Saturday morning old Sol was on the job to cheer up other early risers who still had work to do on their floats, or to light the paths of some wearily wandering home from the dance.

At about 10 o'clock the parade was started. Baker Street was lined from one end to the other with cars filled with spectators, while other sightseers crowded the sidewalks.

The order of the parade was as follows:

Marshals: Corporal Wilson and Constable Cummings of the R.C.M.P.

Home Town Band.

School children in cars donated by the following: Messrs W. J. McFarlane, A. A. MacKinnon, E. H. McPhee, W. A. Nisbet, Service Garage, P. W. Willis Major Hicks, J. S. Taylor, Ross Carr, W. J. Barber, Jack Taylor, Mrs. Hogarth, Mrs. P. Hartnell.

Following the school children was the bicycle brigade which was one of the prettiest features of the parade. Some of these were:

Graham Dale, "Monitor;" Jack Ferrell, "British Navy;" Marshall MacPherson, "Black Cat;" Herbert Potter "King of the Forest;" Harvey Birce, "Clown"; George Faulkner; Nellie Sakaguichi, "Red, White and Blue;" Eileen McQuaid, "Daisy;" Nellie Haddad, "Butterfly;" Sheila Paterson, "Spark Plug;" Fraser MacKay, "Butterfly;" Pauline Bowness, "Fairy;" Donna Leitch, "May Basket;" Winnifred Beale, "Spring;" Ruth Bower, "Daffodil;" Suzanne Staples, "Blue Bird." Bringing up the rear of the bicycle brigade were the Tatar brothers on little tricycles. They won the applause of the crowd as they plodded on after the older boys and girls on the bikes. Willie Tatar is only four and a half, while Seamon, who is only a tot of three, was the youngest person in the parade.

Floats, decorated cars etc., follow in the order as below:

Public School Float, Fire Hose Team, Delany & Sinclair, Float, Barney Gogle, Cranbrook Sash & Door Float, The Wolf Cubs, The Boy Scouts, The Rotary Float, Co-Operative Float, Women's' Institute Float "For Home and Country," Mrs. A. G. Hill's Float "The British Isles," Cranbrook High School, en masse; Fink Mercantile Co., Float; Native Sons, Float; Elks, Decorated Car; Beattie-Noble, Car; W. H. Wilson, Float; Hanson Garage, Car; Cranbrook Trading Co., Car; Hanson Garage, "Getwuntoo" fleet; Mrs. Leitch, Car "Gypsies;" Cranbrook Courier, Car, all baloons.

The parade after going up Baker Street, returned to the city park via Norbury Avenue. Here the band rendered some very fine selections before the results of the judging were announced.

Major Hicks acted as chairman for the proceedings.

Mayor Balment on behalf of the city, welcomed the visitors and strangers to the city to celebrate the 24th incommemoration of Good Queen Victoria, a day that was being celebrated all over the British Empire and one that he would always consider one of the most glorious of days. He felt sure that the G.W.V.A. would have every reason to feel gratified with the turnout and the showing that they had made. Ex-Mayor Cameron who was called upon to address the gathering stated that in his opinion the parade just concluded was the finest that had ever been staged in Cranbrook and congratulated the G.W.V.A. on its success. The old Indian Chief who appeared in the parade took a place on the platform.

A quick march to the ball grounds where the big game was scheduled between Kimberley and Wycliffe. The large crowd of spectators certainly got their money's worth as one of the finest games that has been

After the parade the crowd made seen on the local diamond for some time was served up. The odds were on Kimberley to win as it was reported that their team had been strengthened by a lot of new blood. However a young gentleman by the name of Pennington had not been taken into consideration. He completely upset the dope. He allowed but three hits and struck out thirteen men besides playing a good fielding game. Only thirty-four men faced him, and he struck out all except Berkel and Beysendorf one or more times. Hanley falling before him four times, never connecting with the ball at all. He allowed but one base on balls, that was to Coen.

Kimberley started the scoring in the first inning when Berkel scored. They were never dangerous again until the ninth when Muser and Shaw hit safe, Muser scoring on Shaw's hit. Hanley fanned, thus ending the game. In the fifth Scotty Mitchell made a fine catch of a bad looking fly from Beysendorf, while Bamford made a nice pick up of a long one by Horne in the eighth inning.

Pennington started his side to victory with a hit in the third inning, scoring on Hinton's hit. In the eighth Clark started things with a two bagger, scoring on hits by Breen and Argue. The ninth was somewhat of a swatfest. Mitchell, Breen, Argue and Staples all scoring, making the score for Wycliffe 6 against 2. The game was absolutely free from dispute, thanks possibly to Mr. Johnson, of Walla Walla, Washington, who was passing through the city and consented to act as umpire. His method of umpiring was unique and most effective. He had a wonderful eye and showed absolutely no partiality. It certainly was a treat that the fans had not looked for. Someone should keep his address and get him back again for other big events.

The score by innings was:

Wycliffe	0	1	0	0	0	0	0	1	4	—6
Kimberley	1	0	0	0	0	0	0	0	1	—2

The prize winners of the parade were announced as follows:

Best Decorated Bicycle, Eileen McQuaid, "Daisy;" Most Original, Sheila Paterson, "Spark Plug;" Best Cos-

(Continued on Page Five)

CONCENTRATOR TAKES FOOTBALL CUP BEATS LOCALS 2-0

Friday evening the Concentrator tained a good sized crowd of soccer

By virtue of their win over Kim- Concentrator were the contenders for and Cranbrook football teams enterfans to an exhibition of the great English game.

berley on the Sunday previous the the cup which has been held by Cranbrook for the last two years. From start to finish the game was in doubt though it is generally conceded that the better team won, their combination being better than that of the Cranbrook team. Just before the scored the first goal for the Concenend of the first half, J. Holland trator, while Ecclestone for the same team tallied the last one making the final score two to nothing against Cranbrook.

With more practice the Cranbrook team should give a good account of itself during the league games.

Gib Sinclair at back and Russell in goal for Cranbrook, distinguished themselves by their brilliant work.

The team lined up as follows:

Concentrator		Cranbrook
J. Evans	goal	F. Russell
J. Sargent	fullbacks	G. Sinclair
W. Holdsworth		S. Malcolm
W. Bidder	h,backs	P. Andrews
L. Sales		J. Russell
Jepson		W. J. Johnson
A. Fergus	forwards	A. Bell
J. Holland		H. White
R. Ecklestone		Bob Watson
H. D. Evans		J. C. Emslie
W. Dickenson		E. Dingley

J. Bell of Kimberley made an efficient referee.

In about the middle of the second half Scotty Malcolm had to retire with an injured knee. He sat watching the game for some time, then, sore knee and all he jumped into the fray again and put up a stellar game, apparently playing a better game with one leg than with two. It was only a short time, however, before he was laid out again, being carried off, hors de combat by four of the players to the side lines. Just about this time it looked as though it would be necessary to establish a field hospital, when Johnson of the Cranbrook team was also out of the game for a short time, and later when a Concentrator man took a bad spill.

KIMBERLEY NEWS NOTES

Mrs. N. W. Burdett returned to her home in Kimberley in Sunday last.

Mrs. W. B. Caldwell and daughter Barbara returned on Friday from Toronto, where they spent the winter months.

Mrs. J. Morrison entertained at a children's party on Wednesday in honor of her daughter, Florence.

List your property with Martin Bros. 35tf

Miss R. Fox and Miss O. Diebolt spent the week-end in Cranbrook.

A large number of Kimberleyites spent the holiday in Cranbrook.

Mr. and Mrs. Johnson of Fernie, motored here on Tuesday.

Mrs. Crowe, of Wycliffe, was the guest of Mrs. H. Chomat on Wednesday.

The row of new houses being put up on the townsite are nearing completion.

Before deciding on that new building or that repair work, see Geo. R. Leask, the Pioneer Builder of Kimberley and Cranbrook. 18tf

E. H. Hanley of the North American Life Assurance has returned to Nelson after spending some time in Kimberley .

A new sidewalk has been laid on Spokane Street, much to the satisfaction of the residents there.

To grow or not to grow? That is the question a number of people are asking of the numerous trees recently set out on McDougall Heights. By the looks of things everyone will be in the right whichever side they take.

The grand opening game of the Cranbrook District Football League is being played to-night (Thursday) at 6.45. Kimberley vs. Cranbrook.

Among the visitors to Kimberley this week were Mr. and Mrs. J. Warren of Toronto; Mr. and Mrs. Archibald and Miss Alice Archibald of Trail.

Mr. and Mrs. Shannon and party spent the week-end in the Windermere Valley.

On Tuesday evening the first game of the Junior Baseball League between Wycliffe and Kimberley was played. Marysville, winners of the cup two years ago, were unable to field a team that would keep within the age limit. The cup this year will go to the winners of three games out of five, to be played alternately at Kimberley and Wycliffe. The first game played at the Concentrator, proved to the many fans in both places have excellent baseball material. Both teams played well and some Babe Ruth's from each side came to the fore. The Kimberley boys proved a little too heavy for Wycliffe and won with a score of 36 to 15. The next game will be played at Wycliffe to-night.

The line-up was:

Wycliffe		Kimberley
C. Johnson	(c)	D. McKenzie
J. Peterson	(p)	A. Gough
Peterson	(1b)	T. Summers
A. Yaeger	(2b)	A. Hedquist
G. Quick	(ss)	J. Livingstone
G. Tanner	(3b)	L. Summers
B. Charters	(cf)	H. McKay
Allegretto	(rf)	E. McKay
Spare		P. Soderholm

KIMBERLEY TO CELEBRATE DOMINION DAY

At a meeting held in Kimberley on Monday evening it was decided to hold a regular First of July Celebration here on Dominion Day. Football, baseball and various other sports are to be held. Also a variety of side shows etc., will be in evidence. The whole affair will be held under the auspices of the Kimberley Amateur Athletic Association. Everyone is urged to enter into the spirit of the day and contribute as far as possible in the way of decorations, flags, financial support and attendance. Make it a day to be remembered.

The following officers and committees were appointed:

Marshal ..... E. S. Shannon
Assistant Marshal ... Dr. Hannington
Financial Committee:—C. A. Foote, A. B. Jackson, J. A. Higgins.
Sports Committee:—A. A. Robertson, A. B. Jackson, W. E. Aitchison, A. J. Higgins F. McMahon, R. E. Crerar, J. B. Geigerich, D. Clark, F. L. Irwin.
Entertainment Committee:—P. Murphy, R. E. Burke, J. O'Neil, G. Dahlgren, T. Bailey.
General Secretary: Fred Willis.

WYCLIFFE NOTES

This community is united in extending deepest sympathy to Mrs. E. L. Staples, on the occasion of the recent death of her father in California. Mrs. Staples had but recently returned from a visit with her parent, when she was huriedly called by the news of his serious illness, which terminated in peaceful death on Saturday, May 17th.

Messrs. S. G. Clark and B. Johnson joined the "Brother Bills" in Cranbrook on Tuesday evening of last week on the occasion of the installation of the new Cranbrook Lodge of the B.P.O.E.. Brother Clark was honored in being elected Esteemed Leading Knight.

One small word makes a big difference in the scheme of things—sometimes; f'r instance, Lloyd Crowe, Bill Cox and Harry Caldwell went fishing on Wednesday and on their return offered the information that they brought back fifty fish, the inevitable hitch came however, when a suspicious party enquired if they had caught them, and about that time Messrs. Crowe, Cox and Caldwell no longer held the buck. In the future we would recommend that a close check be kept on this combination; reports of fishing trips to be made in writing and submitted to a competent lawyer for examination for the Ananias complex.

Guy Shields returned on Monday of this week from Minneapolis, Minn., where he has been on business for the company for the past week.

The home team rather covered themselves with glory on the Cranbrook diamond, Victoria Day,—grabbing the jewelry,—to borrow a pet expression from the curlers; who have no use for it this weather,— by virtue of two games won on that date. The opposition in the morning was the Kimberley squad who were let down 5-2 by the locals, and in the evening Cranbrook met defeat at their hands by a score of 4-2. Both games were good and gave the fans their money's worth, an injury to Hinton, catching for Wycliffe, being the only untoward incident of the games. Charlie suffered a broken wrist when hit by a pitched ball, which will keep him out of action for several weeks. His position was taken by Vaughn, who worked with Kimberley last year and who made his first appearance in a Wycliffe uniform in these games; the Nick Altrock of baseball in this section handled the leather behind the plate with plenty of class. Mitchell and Argue also made themselves known and turned in useful games for the local crew. The winning streak that was started on Saturday was lengthened a little on Sunday, when for the second time in two days the miners took the short end of the score, consisting of a cipher; Wycliffe registerng the first shut-out of the season, 3-0.

The team travels to Fernie next Sunday, where they will meet the redoubtable "Salty" and his merry men. This game should be a baseball classic as both teams appear to be about on a par in playing qualities.

A good many people witnessed the play "The World and His Wife," presented by the U.B.C. Players in Cranbrook on Thursday night, and all report an interesting not to say instructive evening by reason of the fine quality of the play and the capabilities of those who took part in it. The lesson contained in this production may aptly be applied to this community, may it be duly observed and idle gossip stripped of its destroying power in the everyday life of its citizens.

The town was evacuated as per usual on Victoria Day, everyone turning to the center of holiday-making, that is, the G.W.V.A. celebration in Cranbrook; without taking into consideration the ball games, which were a source of joy to local citizens —the day was most enjoyably spent.

The junior ball team went to Kimberley on Tuesday evening of this week to play the junior club of that town. As it happened, however, they were matched against a team that looked more like intermediates, and as a result the game that ensued was pretty ragged. The boys are good sports, at that, and are not offering any alibis, but they were up against a beefy bunch that could wallop the pill in better shape than their smaller opponents. Harold Johnson, catching for the home boys, stopped a runner with his knee in the fourth inning and had to keep to the bench for the rest of the game. The final scor was something like 47-14—bad enough, but the kids put up a good scrap. They lined up as follows:

Geo. Tanner, 1b; Johan Pederson, p; Harold Johnson, c; Alex Yaeger, 2b; Geo. Quick, ss; Jiim Tanner, 3b; Bill Taanner, lf; Bud Charters, cf; B. Allegretto, rf; Vic Marunchak, and Ted Charters, spares.

MINARD'S "KING OF PAIN" LINIMENT

LAKE WINDERMERE NOTES

The week which ends with the 31st of this month is going to prove a gala one for the Girl Guides and the Brownies of the Lake Windermere district. The present program is that a party of officials will motor to Golden on Thursday the 29th, where they will meet Miss Joyce Walton and Mrs. Gordon Rateliffe, two Red Corders from England and Toronto respectively. With them they will return to the western entrance of the Banff-Windermere road and have an executive meting and picnic at the Radium Hot Springs. The following day will be devoted to general examinations in training, and a picnic, closing with a general reception. On Saturday the visiting officials will be taken back over the ninety miles to Golden by motor cars.

—

Work has been resumed by the Geological department of Canada in making a mineral survey of the Lake Winderemere district, as shown on their topographical map, No. 165 A. This work was commenced and carried through during the season of 1922 by Dr. Schofield, and during 1923 by Professor Walker of the graduate college at Princeton who is again in charge this year. With Professor Walker are Messrs. G. W. Norman, and a son of Senator Bostock, also G. Boggs. The first part of the work will be carried on up Windermere Creek, where the party are now encamped.

—

The season's repairs on the Banff-Windermere road have been going on for some time under the supervisors. No cars other than those of park officials are as yet allowed to pass the entrance gates, but from what can be learned from those who are on the road on business for the department, the road is in apple pie order.

—

Miss Dobbin, who has been a guest at the home of her sister, Mrs. E. G. Erickson, for the last two years, left this week for Montreal where she will catch the steamer for her home in England.

—

Mr. Robert MacDonald, superintendent of the Paradise mine, has returned after a month's holidays spent at the coast.

—

The water users taking water from Windermere Creek held a meeting last week under the chairmanship of Major H. B. Hicks, district water engineer, and came to an amicable temporary arrangement for the delivery of water to their various holdings. The hope was expressed that before long the holders and residents would be able to form themselves into a Water Users Community, as outlined under the Water Act.

COMMUNICATION

STILL PURSUING "THE BOGEY"

To the Editor,
Cranbrook Herald.
Sir:

It grieves me much to inflict, for the second week running, a letter on you and your readers. (The latter certainly have an advantage over you, as they need not — and probably will not — read it, while you for safety's sake, have to!) But having just perused your iissue of the 23rd May, I cannot let a minute pass without pointing out the serious risk you run of incurring the displeasure of our friend, Mr. C. J. Lewis, if you persist in devoting important editorials to a subject which is well known to be a mere "bogey," i.e., political patronage! Because that, of course, is what the government's decision as regards the Coast range link of the trans-provincial highway amounts to, if the views expounded in your editorials are correct — and I see no reason to suggest that they are otherwise.

But, after all, this is, perhaps, the least objectionable form of the said "bogey," as it has to be done openly, and the public has a chance of expressing its opinion on the subject, whereas the branch which deals wiith the appointing of friends and political acquaintances to posts paid from the public's pockets is run in a very underhand manner, and the public only guesses what has happened when it runs up against a more than usually inefficient public official. (May I assure you, Mr. Editor, that I do not mean to suggest that all our public officials are inefficient; in a recent issue of your paper I put it on record that you have at least one of the opposite kind at Cranbrook!)

If the Oliver government is returned to power—quo Dii avertite omen— and carries out its pledges (not that this necessarily follows, of course,) this connecting link of the trans-provincial highway bids fair to become a second P.G.E., of course, I know that this too is a "bogey", but some of us are fast getting into our second childhood (if we have not arrived there already) and bogies are apt to frighten children— and there will be a run on the shares of some well-known cost-plus contractors; whereas, if the Conservatives succeed —is it true that Mr.Bowser has announced that, when he assumes the dictatorship he will take the road via Prince Rupert and the Bulkley Valley?

Please remember, Mr. Editor, that "bogey" on the golf course is one thing, but "bogey" in a widely read journal at election time is quite another; and, remembering, refrain from perilous editorials!

J. BARNARD, Capt.

Baynes Lake,
May 26th, 1924.

REPLIES TO CAPT. BARNARD

Windermere, B.C.,
May 20, 1924

Ediitor,
Cranbrook Herald.
Sir:

I am not replying at any length to Captain Barnard's poor criticism of my views, because your pithy editorial of May 9th meets the case.

Before expressing myself in your columns I remarked that Mr. Barnard, of Baynes would be sure to reply, but I had hoped that something instructive might be returned. He admits he does not know of an honest man in politics and yet he tries to tell the country that honest government can only be found by adopting the newly created third party, the hobby of a rich man known to have exploited our resources.

Yours faithfully
G. C. H. COLEMAN.

ABSENTEE VOTES MAY BE CAST IN COMING ELECTION

Persons who find themselves away from home on election day may yet vote if they are on the lists in their own ridings, by reason of the "absentee" clause in the Elections Act. They vote as do others here, but in a separate booth and the ballots are placed in a special ballot box. All "absentee" are then segregated and sent to the returning officer in their respective ridings, who keep them sealed for twenty-one days. On the 21st day after election day the returning officers open the sealed envelopes containing the absentee votes, after setting a certain time of day for doing this, and count them in the presence of representatives of the political parties. The result of this balloting is then communicated to the government at Victoria.

James McLean, Liberal Candidate, and A. I. Fisher have been out on a still hunt for votes in the Fort Steele and Bull River districts. Jimmy is making a strong personal canvass throughout the district. Dr. Bonnell, the Conservative war horse, is still confining his canvass to the city of Fernie, but expects to get out in the district next week. The doctor is well known by everyone and this gives him a big advantage over the others when it comes to personal canvass.—Fernie Free Press.

BREWERS SUPPLYING GOV'T TO GET MORE FOR THEIR PRODUCT

Victoria:—By an arrangement recently arrived at between the brewers of the province and the government, and made retroactive as from March 1st, last, the brewers will be paid one and a half dollars per barrel more for beer than they have been getting.

While the price of beer to the consumer is not to be increased, the arrangement, it is unofficially estimated, will cost the people of the province $250,000 a year in decreased liquor profits, at the present rate of beer consumption.

Attorney-General Manson, who is responsible for the arrangement, has admitted that the increase had been given, but in a written statement, denied that the arrangement with the brewers was made in view of the coming general election.

"It is difficult to suppress sinister rumors," said Mr. Manson, when the whole story was put up to him, "but the election has nothing whatever to do with this."

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age and by aliens on declaring intention to become British subjects, conditional upon residence, occupation and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timber land, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes, minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free permits are available for settlers, campers and travellers, up to 10 head.

A HALF PAGE OF RECENTLY ARRIVED NEW COMERS TO CANADA.

To fill Canada's need for domestic workers, these English lassies crossed the Atlantic on the "Metagama."

With the exception of the chaplain, the members of this little group came to Canada recently to enter domestic service. Don't rush! They're all engaged.

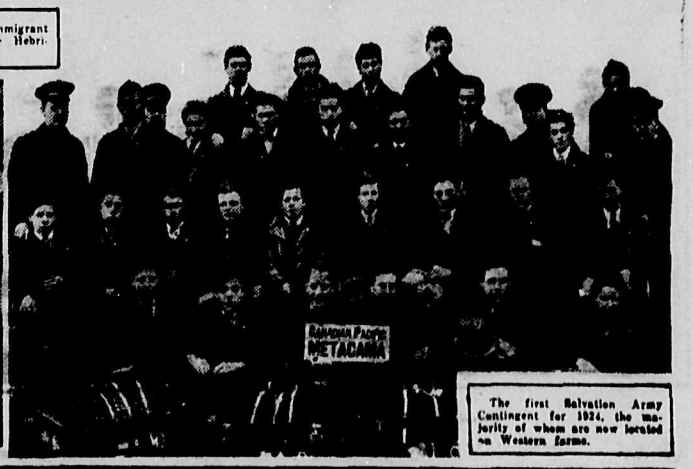
George Robb, of Auchtermuchty, with his wife and six children, have now located at Braeside, Sask.

You may count thirteen youngsters here. The fourteenth juvenile immigrant, however, is seated behind the matron whose excellent work has made the nursery at the Canadian Pacific, Windsor Station, Montreal, a great boon to travelling mothers.

This mother wanted her sons and daughters to grow up in a land of opportunity: She migrated to Canada therefore, from the Western Isles.

Youthful Hebridean pipers play "Flora Macdonald's Lament" as their ship passes the rugged rock they are leaving for Canada.

Miss Tremain, King's nurse, probably found this crowd of immigrant children at St. John more entertaining than Royalty. These are Hebrideans, too.



The first Salvation Army Contingent for 1924, the majority of whom are now located on Western farms.

FRIDAY, MAY 30th, 1924

THE TWO CANDIDATES

It seems almost a foregone conclusion that Cranbrook will be one of the few constituencies in the elections where the contest will still remain between representatives of the government and the opposition. Both have been before the electorate before, and the question that remains to be answered by the voters is whether anything has transpired since the by-election that would warrant a change being made in the decisive verdict registered at that time.

The circumstances that brought Mr. Wallinger into the political field are still fresh in the minds of the people of Cranbrook. The last thing he sought was any aggrandisement, or that political capital should be made of the incident that led to his retirement from the service of the government. But his friends—of all political persuasions, it is well known—felt that a man of his ability and integrity, and having an intimate knowledge of the needs and resources of the district, might well be able to serve the public in another capacity. So the dual purpose was sought of gaining vindication for him, as well as giving the people a representative in the legislature of a type there are all too few to be found in public life. If he is not a politician, as some say, that is even in his favor, for the trend today is to seek men who are not willing to tread in the wide and easy beaten tracks of those who take such responsibilities lightly.

His opponent, Mr. John Taylor, enjoys a wide acquaintance throughout the district from the nature of his work with the government. He has had ample opportunity to become fully conversant with what the district stands most in need of in order to come into a fuller measure of development. If he were running against any weaker candidate, he might be conceded to have an even chance, even though he labors under the handicap of following the leadership of a chieftain who by thrusting rudely aside all vestige of gentlemanliness, sought to ram down the throats of the Cranbrook electorate high-handed acts which his natural obstinacy refused to recognize as errors of judgment. Even his first lieutenant, the attorney-general, was constrained recently to refer to the matter as an "unfortunate circumstance." Such leadership cannot but be regarded as a handicap on Mr. Taylor, for the natural presumption is that the same poor judgment would govern in other directions.

THE WATER BY-LAWS

In the midst of all the undertakings now on foot in the city, meetings, election campaigns, and other matters calculated to absorb the public interest, it should not be forgotten that on Thursday next the ratepeyers of the city are to be asked to give endorsement to two water by-laws. The expenditure necessary to provide for the connection of Gold Creek with the city water supply is not large, thanks to the foresightedness of previous regimes under which sums were authorized large enough to cover undertakings then in hand and to provide for emergencies, leaving a surplus which can now be applied for the work to be taken in hand at the present time. This work is essential if the water supply the city must have is to be preserved; it is the cheapest form of insurance against a water famine that the city can have. A year like the present one will tax the water facilities under whatever scale they may be provided, making it all the more essential that an adequate supply be provided.

The Slaterville project is a self supporting one, under which the residents there pay the city double rates, one half of which are credited to the debenture sinking fund for the by-law. It is contended by some there is no obligation on the part of the city to provide water to that section, being outside the city limits, but there is moral obligation that cannot lightly be swept aside, after the precedent of the past years. The more sensible way is to see that the city's water supply is made adequate to supply all sections possible, especially when the revenue returns are as good as will now be collected from Slaterville and the other sections outside the city limits proper.

NOTE AND COMMENT

It becomes increasingly apparent, as Premier Oliver sounds the tom-tom that rallies the faithful for an election, that the freight rates question is going to be dragged across the trail, notwithstanding heated declarations from the platform in this city, that this was a bigger question than mere party politics. To it is now being added as a sort of afterthought, the burden of high express rates on the fruit grower, especially. The Premier has talked out the P. G. E., and still the people are unconvinced; he has reviled Bowser and McRae, and still they loom up on the political horizon just as before; he explains away public debt of staggering proportions, but it still casts its shadow over the government's record. One can readily see his need for new election themes.

The Premier says he has yet to go into a riding where he sees any reason to look for a change of sentiment towards the government. But there's at least one riding he hasn't been in yet.

One of the speakers at the Provincial Party meeting this week went out of his way to criticize severely expenditures made in regard to the tourist traffic. He claimed those who went out of the province took more away than those who came in brought. This is widely at variance with the facts. $38,000,000 represents what the tourist business was worth to B.C. last year, and figures will prove that the balance from the movement of the tourists was largely in favor of this province.

Large Family Party of New Canadians

Mr. and Mrs. Devonport, Miss Devonport and their married daughter, Mrs. L. Arkwright, with her eight children, photographed on board the Canadian Pacific liner "Montcalm" en route for Montreal and the west. The party hail from Manchester.

BUT THOU, WHEN THOU PRAYEST, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father, which seeth in secret shall reward thee openly. For your Father knoweth what things ye have need of before ye ask him. — Matthew 6:6,8.

ALDERMAN BRONSDON RETURNS COMPLIMENT TO MINISTER OF LABOR

Alderman T. H. Bronsdon, who it will be remembered was a candidate in the federal by-election, opposing Dr. King, after his appointment to the federal cabinet, and who seemed to draw the particular animosity of Hon. Jas. Murdock, minister of labor, has sent the following communication to Mr. Murdock at Ottawa this week:

"Cranbrook, B.C.,
"May 28, 1924

"To Hon. Jas. Murdock,
Minister of Labor,
Ottawa, Ont.

Dear Sir:

"Will you please allow me this opportunity of reciprocating, as an echo of the late federal by-election, my deepest and most tender feeling of sympathy for you in your present political distress. I always believed you would eventually show up in your true colors, but hardly thought you could possibly sacrifice the honor, dignity and confidence of a sworn cabinet minister to protect your personal deposit of $4,000 in the Home Bank.

"Yours for clean, honorable administration of the people's affairs,
"THOMAS H. BRONSDON."

SIX DAYS OF UNIQUE AND INSTRUCTIVE PROGRAMS

June 3, 4, 5, 6, 7 & 9

HAZEL EDEN.

Our long anticipations have at last been realized, and we are gratified to announce the presence of Hazel Eden, the distinguished Prima Donna Soprano, whose rich voice, charming personality and extraordinary gifts have contributed largely to the success of the Chicago Civic Opera Company in recent seasons. Miss Eden's voice is a lyric soprano of crystalline quality, yet of such volume and compass that she has scored equal success in purely dramatic soprano roles. A wonderful accompaniment has been provided for Miss Eden in the form of a band. In fact, the entire day upon which Miss Eden will appear will mark an epoch on the six-day circuit in so far as musical programs are concerned.

FRANK BOHN, Ph.D.

Dr. Frank Bohn, Author, Lecturer, Investigator and an Expert in Social Science, has the happy combination of education and experience. He has studied at the great universities of this continent, has travelled extensively throughout Europe, and yet is primarily a man of the people. For the sake of gaining real knowledge, he has worked with section-hands, has become intimately acquainted with leaders of Labor and Captains of Finance, and to such experiences he brings a strong and well-trained mind. He can speak with the authority of the man who knows; he is afraid of neither Capital nor Labor—he understands both; he comes with a comprehensive knowledge not confined to this country; and finally, he is a Foreign Representative of the New York Times, and has an inside knowledge of affairs that come to comparatively few men in this world. **Dr. Frank Bohn has a message—For You!**

If you are figuring on New Tires for your car this spring it will pay you to call on Wilson's Vulcanizing Works and get prices. We sell gasoline, oil, accessories and Second Hand Tires and Tubes. 1tf

DAUGHTER OF MAYOR HENDERSON, OF FERNIE, DIES OF PNEUMONIA

The many friends of Miss Dorothy Henderson, daughter of Mayor G. G. Henderson, of Fernie, were grieved to learn on Tuesday of her death the evening previous, in Fernie. The cause of death was bronchial pneumonia, after an illness of about two weeks.

"Dot," as she was affectionately known to all in Fernie and district, was one of those likeable characters that win the admiration of all. She was an ardent athlete, a member of the famous Fernie ladies' hockey team, a great skater and a lover of horses. For years she was the possessor of a pair of Shetland ponies that were the envy of all the boys and girls in the city.

The funeral will likely take place Saturday or Sunday.

GYRO CLUB IS INSTITUTED

(Continued from Page One)

go out to help the community in which they lived, in time to come. No community has reached the stage of perfection that it can be independent of the help of its citizens, and since organized help was of far greater value than the individual variety he felt that there was no limit to the field in which the Cranbrook club could do good. The governor paid tribute to the very efficient work and organization of the Rotary Clubs. He congratulated the local club on having the live Nelson club pay them a visit at this time. In referring to the emblem of the clubs—the Gryoscope—he said it stood for the three fundamental stones upon which Gyro was based, namely, Power, Poise and Purpose, supported by these and guided by the knowledge that Gyro means friendship, he was sure that there was no question as to the result of the efforts of this band of young fellows to make life just a little bit better for the other fellow.

Loud applause greeted the governor on the conclusion of his remarks.

Gyro A. H. Williams, Secretary-Treasurer of the new district at this juncture gave a synopsis of the proceedings at the recent meeting in Edmonton, which was of interest to the local club. He outlined the policy of the new executive with respect to extension work.

Alderman J. P. Fink, as the representative of the Mayor, greeted the new club and its guests in a very cordial manner, expressing the pleasure it gave him to welcome them on this occasion. As a member of the council he felt sure that the assistance that this new service club could render would be welcomed by them, and that there was a great space for them to fill.

N. A. Wallinger, M.P.P., gave a few reminiscences of his early life in the Kootenay and expressed his continued admiration for it as the most beautiful spot to live in. Very appropos and indicative of the friendship of the early days he said that if one were to pass a man's house after nightfall and not go in he would be considered to be on unfriendly terms with its occupant.

Father Ehmann in a very able manner proposed the toast to Gyro International. He pledged the allegiance of the Cranbrook club to the excellent principles for which Gyro stood.

Gyro Norman McDonald in response gave a brief summary of the history of Gyro. He expressed his appreciation of what Gyro had done for him, emphasizing the value of the personal touch with your fellows that it afforded.

Two excellent baritone solos by Gyro McDoughall Hogg were valuable contributions to the program at this time, they were much appreciated.

To the sister clubs across two continents Gyro Bert Collins extended the hand of friendship in a neat speech. Ivan Poole of Nelson made a fitting response.

Dr. Smith of Nelson, in an impromptu speech said that Gyro knocked about ten years from his age, it inculcates a spirit of "Peptimism."

Calgary Gyros, the home club of the governor, was proposed by Gyro A. L. Hay, who thanked that club for the interest they had shown in the installation. Ned Hanley of Nelson, responded in one of the best speeches of the evening in which he gave what he considered the true spirit of friendship. Friendship based on personal gain was entirely lost.

W. R. Grubbe, representing the Board of Trade, extended a cordial welcome to the Gyros, expressing his sympathy for its aims and objects. While these did not coincide with those of the Board there were planes he felt on which they could co-operate. After briefly outlining the activities of the board he paid a graceful compliment to the men who composed the new club. Taking an interest in affairs outside of one's own business soon eliminates selfishness, which is one of the worst evils.

V. Z. Manning, school inspector for this district paid tribute to the work various service clubs were doing generally and particularly to the splendid efforts of the Vancouver Gyro in their playground work. It was of much benefit to the children in the city.

Gyro Dr. Fergie, who proposed the toast to the Nelson club, thanked them for the great interest they, and particularly their member, Ned Hanley, had shown in the endeavor to establish a club in Cranbrook, the result of which was the happy event they were then celebrating.

In his response Gyro Bill Myers, president of the Nelson club, said that an organization to be successful must be founded on sound principles, must have as its goal a worthy object, and constantly strive to reach that objective. The object of the Gyros was not only service to its own members but to the community and the nation. He esteemed it a pleasure to have had an interest in the formation of the Cranbrook club.

Gyro Harry Herchmer proposed the toast to the Rotary Club and in a brief and concise manner explained what it stood for.

Rotarian Alan Graham extended greeting from the sister service club "The Rotary." Service according to his idea was the most abused word in the English language. In most cases it was used to denote the doing of certain acts or the giving of certain things in return for something else. True service was that which was actuated without hope of gain. He extended the hand of fellowship from the Rotarians and bespoke the co-operation of the two organizations in their community work.

Gyro Potter proposed the toast to the press which was responded to by Gyro Bill Curran of the Nelson News, who said that while he did not have much to say with regard to Gyro outside of the fact that he was prepared to give it all publicity, he could talk for an hour on the poor road from the Landing to Yahk.

Mr. J. Johnson of Nelson was another interesting speaker.

Gyro E. de la Mothe, of Victoria, who gave a very happy speech in the early part of the evening added to what Mr. Curran had said with regard to the marking of the roads.

The evening was concluded with the singing of "God Save the King."

The visitors from other Gyro Clubs present at the banquet and installation were:

From Nelson: Jack Robinson, W. A. Curran, Ned Hanley, Geo. C. Lambert, Harry A. Johnson, E. G. Smyth, W. M. Myers, I. R. Poole, Jack W. Weir, E. L. Buchanan, Dave Wade, J. B. Curran.

From Partland: R. W. Carlyle.

From Victoria: G. E. de la Mothe.

Bruce Robinson, musical director, for the Gyros officiated at the piano, his solos being very much appreciated by all.

EMPIRE DAY MARKED IN CRANBROOK DISTRICT

(Continued from Page 1)

tume, Marshall MacPherson, "Black Cat;" Youngest Boy, G. Faulkner; Youngest Girl, Suzanne Staples.

Special prizes recommended for Joe Ward and Jack DeWolf as Harold Lloyd and Charlie Chaplin.

Best Motor Float, Women's Institute, (1) $15; High School (2) $7.50; Best Horse Drawn Float, (1) Public School, $15; (2) Sash and Door Co., $7.50; Best Decorated Motor Car, W. H. Wilson, (1) $10; Gypsy Girls, (2) $5. Best Indian Costume, Chief.

In the afternoon a large crowd took in the horseracing which was pronounced by strangers to be the equal of those put on by more experienced racing associations. Considering the track, the time made by the horses was particularly good, and everything was carried out with dispatch, there being no long delays as ordinarily marks such events, and the result was that the card was run off in record time. We give below the results:

1.—Indian Horse Race: (1) "Maple Leaf," Joseph David, $45; (2) "Nellie C," Louise Joseph, $25.

2.—White Man's Race: (1) "First Principal," E. Lockhead, $45; (2) "Molasses," Earl Fennessey, $25.

3.—½ Mile Dash (open): "Fox," George Clemar, $40.00; (2) "Little Jim," $20.

4.—Open Horse Race: (1) "Fox," George Clemar, $35; (2) "Princess Pat," E. Lockhead, $20.

5.—Open Half Mile Dash: (1) "Diamond," Moses Michel, $30; (2) "Princess Pat," E. Lockhead, $15.

6.—Ladies' Race on Horseback: (1) Miss Marguerite Starrett, $25; (2) "First Principal," E. Lockhead, $12.50.

7.—Jumping Contest: (1) "Jumping Nell," Whitehead, $20; (2) "Box Car Bill," P. White, $10.

Squaw Race.—Mrs. Stanley, $20; Christina Michel, $15.

9.—Relay Race. — 1½ Miles: (1) Whitehead, $35; (2) Patrick White, $20.

The squaw race was won by Mrs. Stanley, a native daughter of some seventy summers, of whom it is said that she has yet to lose her first race.

In the jumping contest, Box Car Bill is down for second money. This wonderful artist deserves a special prize for his particular style of getting over a bar. Bill approaches the bar just like any ordinary jumper, puts his front feet over, then stands there for about five minutes, casts an eye up at the judges in a sort of "you don't think I can do it" way and when the wrecking crew is about to be summoned to remove the obstruction he pulls his hind feet over and romps away. Bill you are a wonder, and well named. The relay race was one of the most interesting events of the whole card.

A pleasant feature of the races was the playing of the Home Town Band, who dispensed lively airs during the whole afternoon.

In the evening the baseball game between Cranbrook and Wycliffe was another boost to the success of the celebration. This game, like that in the morning, was well worth seeing. Mitchell did the pitching for Wycliffe and held the Cranbrook team well under control. He weakened in the sixth and had it not been for possibly lack of judgment in base running on the part of a Cranbrook player Wycliffe might have gone home without the cup.

The fielding of the teams was on the whole excellent. In the third inning Doc. Huffman made what looked to be a sure safe hit but was robbed of it by a grand stand pick up of Staples. By a peculiar coincidence in the sixth the doctor got even by making an even more spectacular play on a fly ball from Staples which seemed to be a hundred per cent. safe. Cranbrook scored one in the sixth and another in the seventh, while Wycliffe got one in the third and three in the fifth, Pennington starting his team going again with a hit, scoring on Crowe's' bunt, Reid and Crowe also scoring in this innings.

On account of darknes the game was called in the seventh innings.

The score by innings:

Cranbrook	0	0	0	0	0	1	1	—2
Wycliffe	0	0	1	0	3	0	0	—4

The celebration wound up with another dance at the Auditorium, a cinderella dance which ended at 12 o'clock. Robinson's Orchestra was again on hand to provide the music, and the dance was enjoyed by a large number who desired to cap the festivities of the week-end in this way.

NOTES

The float of Mrs. A. G. Hill, representing the British Isles, was the subject of much favorable comment on the part of those who had seen it. To thoroughly appreciate it, one had to get a near view, to see the warship, the aeroplane, the British bull dog, and other things emblematic of the British Isles. Mrs. Hill is deserving of much credit for the interest taken in the parade.

W. H. Wilson is also to be congratulated for the appearance of what was possibly the prettiest float in the parade, the decoration of which was the work of Mrs. Wilson.

The Cranbrook Sash and Door Co. float was another most effective display.

In the baseball game between Kimberley and Wycliffe on the morning of the 24th, Catcher Hinton, of the Wycliffe nine had his wrist broken by a pitched ball. He will be out of the game for some weeks with it.

Saving Snow-bound Deer from Starvation

How they brought the deer in.

Above—Too exhausted to escape. Below—Quite happy after rescue.

WHEN winter comes and with it the deepest snows of the season the dwellers in the north country often have opportunities to perform humanitarian acts towards the animals that roam the woods. It is only now and then that the winter proves too severe for the furry folk. Cold weather they can pretty well stand and when the snow is heaviest there are always spots in the depths of the forest where it is not too deep to move and places where an energetic and resourceful deer can dig down to the food that lies underneath.

But sometimes the deer are caught in the open by a heavy fall that makes the going hard and if the way to safety is long the deer become exhausted and likely victims of starvation.

That was the case when these photographs were taken near St. Jovite, a pleasant little summer and winter resort that lies among the Laurentian hills on the Canadian Pacific Railway north of Montreal. During the stay of a party of visitors there for the winter sports, word was brought in by a guide that two deer were stranded four or five miles away on the shore of Lake Ouimet. A rescue party at once set out with snow-shoes and toboggans and when they arrived on the scene they found the deer too exhausted to make any serious attempt to escape. Gently, but firmly their feet were tied with strips of sacking to prevent injury through struggling. They were laid on the toboggans and hauled back to the hotel where their introduction to a big hay stack, and a shed to sleep in quite reconciled them to their troubles. In an astonishingly short time they became used to being with human beings and they apparently find their new home has many advantages over their older and wilder state.

PACIFIC RELIABLE THIS WEATHER

Kept in a cool place, Pacific Milk goes through hot weather in splendid condition. It is rather painful to suddenly discover, when you are in a hurry, that the cream you are depending upon has turned sour.

Those who use Pacific Milk find it can be depended upon in any weather. We have many letters which mention how well it keeps during the summer.

U. B. C. PLAYERS GIVE FINE ACCOUNT OF THEMSELVES HERE

To their already enviable reputation, the University of British Columbia Players added further laurels from their presentation last Thursday night of "The World and His Wife," at the Auditorium, in the course of their annual tour. The fact that a very good audience greeted them, in the same week as another big local attraction, would seem to indicate that the U. B. C. Players have already attained the standing which will assure them of a good hearing at any time.

The play they presented this year, a Spanish drama, is not in the usual run of plays brought by travelling companies. It has not the customary happy ending in the full sense of the term, and in place of the ecstatically happy finale that usually comes on to cover up a multitude of histrionic sins, there is a a tense scene that holds the attention to the drop of the curtain.

It is undoubtedly, as Prof. Wood of the University staff said in an introductory statement, not a play for unseasoned amateurs to take up. It calls for some exacting portrayals and delineations demanding concentration of the highest degree. But the University Players should not be classed as amateurs any longer, for they carry themselves off like seasoned veterans of the green room, leaving nothing to be desired.

The story of "The World and His Wife" shows how gossip and suspicion, with appearances only for a base, sows the seeds of doubt and questioning in hitherto unsuspecting minds, and how gossip, with slander, its handmaiden, developing into a many-headed hydra, finally blasts the lives of those against whom it is aimed. It is a powerful theme and one which calls for the portrayal of emotions and thought, rather than action and bustle. The caste is admirably taken, and a finish is put on to all the parts that adds much to the effect, and shows the careful and thorough coaching the young actors receive.

A local orchestra composed of Miss E. Anderton, piano, Miss Dorothy McKowan and Mr. J. K. Chorlton, 'cellos, and Mr. W. G. Thompson, violin, provided a program of music between the acts, and before the curtain rose that was very much appreciated.

During their brief stay in the city the members of the company were entertained at the home of Mrs. F. B. Miles.

LUMBERTON CHIPS

A large number of Lumberton people attended the dances given under the auspices of the G.W.V.A., and also the sporting events which were held in Cranbrok last week-end. All who attended reported an exceptionally good time at the various events, especially commenting on the exceptional parade which was held the morning of the 24th.

Everyone seems to be more at ease since the rain which we enjoyed last Saturday. We had all begun to think that Pluvius had gone on a holiday and forgotten to return. It rained the entire night of the 24th up in the woods where the moisture was sorely needed. We hope that the weather man will pay us a similar visit in the near future for we can use a good deal of rain.

A ball game between Cranbrook and Lumberton has been arranged for this Wednesday, to be played at Lumberton on the Lumberton diamond. Lake has been deserting the pastime for his game of golf so far this year, however, he and Bob Mitchell are busy lining up a team that we hope will be able to furnish Cranbrook with some stiff competition. The line-up is a little uncertain as yet but we have some material around from the previous games so if the two teams which played for the baseball supremacy of Lumberton get together we'll be fixed fine.

Mr. H. D. R. Stewart, post office inspector, made an inspection of the Lumberton post office last week. Mr. Stewart found everything connected with the local office very satisfactory, and complimented Mr. L. Hilton, who has been in charge of the Lumberton office for many years, on the efficient manner in which the local office was handled.

Another new car was added to the already large quota at Lumberton when Mr. G. E. Avery purchased a new Star from the Cranbrook agency last week.

Miss Edythe Macdonald of Golden, B.C., formerly of Cranbrook, spent last week with Mrs. G. C. Robson.

The families of Messrs. G. Griffiths and D. Harrison arrived in Lumberton this week. They will occupy the houses formerly tenanted by Mr. and Mrs. F. Jones and A. Clark and family, both of whom have moved to the coast.

Mr. Sandy Somerville a former resident of Lumberton, is spending a few days at the home of his daughter, Mrs. E. Gordon. Mr. Somerville has where he has been recuperating from his illness of last winter.

Mr. and Mrs. E. L. Conroy are the proud parents of a baby girl, which was born to them last week. Mr. Conroy celebrated the arrival of the first-born by treating the boys to cigars.

Mr. Jack Murray, who has been a resident of Lumberton for some time, left for the coast last week, where he will enter the automobile business. Jack made many friends during the time he spent in Lumberton and his numerous friends regretted to see him leave.

Miss Jessie Hunter returned from Calgary on Sunday of this week, after undergoing an operation for an abscess which had formed on her eye. The operation was very successful and Miss Hunter is again at her desk in the office of the Spruce Mills.

Mr. C. H. Werden of Ashland, Wis. president of the B.C. Spruce Mills, arrived in Lumberton last Friday.

Miss Luella Piper of Spokane, is spending several weeks at the home of her brother, Mr. and Mrs. Harold Piper.

YAHK HAPPENINGS

Messrs. Home, Johnson and McLeod paid Yahk a business visit on Monday.

Hary McCoubrey returned home on Wednesday after a few days visit in Spokane.

Mr. Webster paid Yahk a business call on Wednesday.

Mrs. J. B. Dickson, who has been visiting in Cranbrook and Kimberley for the last two weeks, returned to her home on Thursday.

Father Ehmann held church services at the home of Mrs. P. Heric on Thursday morning.

Mr. Bowman, agent for the Willis Piano Co., paid Yahk a visit on Wednesday.

Mr. and Mrs. D. Patenall left on Saturday for Bull River, returning home on Monday.

Mis V. Renstrom of Wardner, spent the week-end with her sister, Mrs. Coffey.

Miss T. Johnson spent the 24th of May in Cranbrook.

Mr. and Mrs. J. Nedelec motored to Cranbrook for the 24th.

Mr. W. Baird spent the week-end in Spokane.

Mr. and Mrs. W. Baum and children motored to Cranbrook to take in the sports on the 24th.

Mrs. A. Derby and Mrs. J. Martin motored in from Cranbrook on Friday.

The dance on the evening of the 24th was quite a success, being attended by a large crowd. Visitors from Bonner's Fery and Eastport, Idaho, were present for the big time. The Melody Five orchestra from Cranbrook, was in attendance and their music was appreciated by all. A vote of thanks is extended to all who assisted in any way to make it an enjoyable evening.

Empire Day Sports

Following are the results of the field day held at Yahk on the 24th of May:

Flat Races

Children under 6. Ernest Walker.
Girls 6 to 8, June Hamilton, June Crow, Margaret McInnis.
Boys 6 to 8: Ernest Allen, Dan Hamilton, John McKenzie.
Girls 8 to 10: Vera Setter, Hope Baker, Hazel McCartney.
Boys 8 to 10: Roy Stapleton, Sam Percival, Leslie Lythgoe.
Girls 10 to 12: Ethel Hamilton, Emily Burlingham, Dorothy Williams.
Boys 10 to 12: Frank Allen, George Baker, Jim Sheehan.
Girls 12 to 15: Ethel Hamilton, Adela Gulman, Emily Burlingham.
Boys 12 to 15: Harry Erskine, George Percival, Tom Shaw.

High Jumping

Children up to 7 years: June Crow, Hope McInnis.
Girls 7 to 9: Hope Baker, Lena Nedelec.
Boys 7 to 9: Sam Percival, Ernest Allen.
Girls 9 to 11: Ethel Hamilton, Hope Baker.
Boys 9 to 11: Sam Percival, Roy Stapleton.
Girls 11 to 15: Aileen Gulman, Josephine Allen.
Boys 11 to 15: Tom Shaw, George Percival.

Three-Legged Races

Girls 8 to 11: Ethel Hamilton and Emily Burlingham; June Hamilton and Agnes McInnis.
Boys 8 to 11: John McKenzie and Dan Hamilton; George Baker and Lawrence Clark.
Girls 11 to 15; Adella Gulman and Josephine Allen; Ethel Hamilton and Emily Burlingham.
Boys 11 to 15: Tom Shaw and Archie McLeod; George Smith and George Percival.

Sack Races

Children under 10: Ernest Allen, June Hamilton, Vera Setter.
Girls 10 to 15: Vera Setter, Ethel Hamilton, Emily Burlingham.
Boys 10 to 15: Frank Allen, Roy Stapleton, Archie McLeod.

Wheelbarrow Races

Boys 6 to 10: Sam Percival and Roy Stapleton; Royce Thompson and Callum McKenzie.
Boys 10 to 15: George Thompson and George Baker; George Smith and Harry Erskine.

Peanut Races

Girls 6 to 8: June Hamilton, June Crow, Margaret McInnis.
Boys 6 to 8: Dan Hamilton, Ernest Allen, John McKenzie.

Cracker Eating Contest

Boys 6 to 10: Ernest Allen, Roy Stapleton.
Boys 10 to 15: Hary Erskine, Frank Allen.

Relay Race

Boys, Open: Archie McLeod, Roy Stapleton, George Percival.

Adults Sports (Ladies)

Skipping Contest: Mrs. Baker, Mrs. Lythgoe.
50 yd. Dash, Open: Miss O. Gulman, Mrs. Roy.
50 yd. Dash, Married Ladies: Mrs. W. Smith, Mrs. Rattray.
Nailing Contest: Mrs. Rattray, Mrs. Erskine.
Needle Threading Race: Mrs. W. Smith, Miss V. Renstrom.

Adults Sports (Men)

100 yd. Dash, Open: F. Lewis.
100 yd. Dash, men over 40: J. McKenzie.
Three-Legged Race: F. Lewis, H. Holman.
Sack Race: E. Renstrom.
Obstacle Race: E. Lythgoe.
High Jump: H. Holman.
Standing Broad Jump: L. Williams.
Running Broad Jump: H. Holman.
Hop, Step and Jump: H. Nordin.

Football game between teams captained by E. Kelly and F. Lewis: the Kelly men winning by a score of 3 to 1.

Baaseball: Intermediates vs. Picked Team, won by Intermediates, Score 15 to 5.

"BIG BROTHER" PICTURE OF NEW YORK EAST SIDE LIFE AND LOVE

One of the unwritten laws of the car barn gang spelt trouble for any one of them who dared molest a woman. So Cokey Jack is beaten up by Donovan, leader of the gang, for insulting Kitty, the angel of the car barn district, who appeals to the finer nature of Jimmy. Resenting his humiliation, Cokey Joe goes to Navarro, leader of a gang of rival gunmen, and tells him of a chance to "get" Donovan, and win for himself the gang leadership of New York. This is one of the situations arising in "Big Brother," which will be seen at the Star Theatre as the headliner on Friday and Saturday of next week, June 6 and 7.

The story develops, and the gunmen get the wrong man, who gets a promise from Donovan that he will take care of Midge, the dying man's little brother. Donovan turns over a new leaf, but some well meaning officers of the law take possession of his charge by force, and Donovan throws up all his better impulses, and turns back to his old ways. With Kitty, his sweetheart, he is arrested for robbery, the charge being laid to his account by Cokey Joe and his gang. They themselves are the theives, and Donovan in an encounter succeeds in wresting the stolen money from the hands of Cokey Joe. There is a powerful situation at the end of the story, a rehabilitation of the hero, and a pretty love story all through.

GIVEN MONTH ONLY TO LIVE, HE — BUT SEE FOR YOURSELVES

"The Dawn of a Tomorrow" is the title of a strong picture to be shown at the Star Theatre on Monday and Tuesday, June 2 and 3.

Sir Oliver Holt, one of the big men of England, is broken down with responsibilities and is told he will probably die in a month. Leaving word with his only living relative, his nephew, Arthur, Sir Oliver disappear into the slums of London resolved to commit suicide. A ragged girl of the streets, Glad, prevents him from doing this. She takes him to her hovel, which she shares with other people of the streets, including The Dandy, her burglar sweetheart. Sir Oliver becomes interested in them. He spends what money he has and then gives Dandy the key to his (Sir Oliver's) house and safe, needing more money. The arrangement is that Dandy will give Sir Oliver half his loot.

Dandy clashes with Arthur Holt in Sir Oliver's library, ties the latter to a chair, and robs the safe. The same night two of Dandy's pals commit a murder and blame it on him. Dandy cannot prove an alibi without the aid of Arthur Holt. Glad goes to see Arthur at his rooms to plead for her sweetheart. Arthur attacks her, but Dandy bursts in and rescues her, but he is caught by the police.

At the critical moment Sir Oliver appears and tells the truth about the whole matter. Restored to mental and physical health he returns to his former position, and Glad and Dandy are happy together.

"THE DAWN OF A TOMORROW"

CHAUTAUQUA OPENS TUESDAY OF NEXT WEEK

Variety of Programs Presented Will Quite Live Up To Previous High Reputation

A perusal of the 1924 Chautauqua program convinces that the six days of entertainment and education, which opens at Cranbrook on Tuesday, June 3rd, is going to be considerably better than any of the previous Chautauquas.

All the youngsters and grownups, as well, will be on hand the opening night to see Pamahaska's troupe of trained birds, dogs and monkeys, which give a performance that is little short of marvellous. Amongst other things the canaries do barrel rolling and tight rope walking, whilst the dogs and monkeys are equally proficient in a great assortment of tricks and acts.

For the second day, two gifted entertainers, Lee and Ellis, play a number of different instruments, they also dance, sing and put over some very fine impersonations. The afternoon lecture is by G. H. LeBarr, on the subect, "Why You are What You Are." In addition to being a capital lecturer, no man has made a closer study of human nature than Mr. LeBarr, and his address should be exceptionally instructive. In the evening the lecture is by C. Vincent Hall, on, "Tomb Hunting in the Valley of the Kings," and presents facts and information gathered first hand by the speaker who was present at the opening of the tomb of King Tut.

The third day is music day, and for this occasion Chautauqua has an offering that has never even been approached previously. The feature is the Metropolitan Sympho Band of eleven pieces that will more than satisfy everybody with its massed numbers, as well as cornet, trombone and other instrumental solos, in addition to which there will be the vocal contributions from the soloist, Fenwick Newell, tenor, and Miss Hazel Eden, than whom America has no more popular concert soprano.

For the fourth day Chautauqua has another surprise in "The Pattons," three talented musical artists whose program, which is partly given in costume, will certainly be a treat. With them, in the evening, comes Henry Black Burns, whose talk is on "Chords and Discords," and the only introduction he needs is to say that he knows life. Men laugh and cry, smile and frown when he talks, but all the time their outlook becomes broader and brighter.

The fifth day will be still another big day, including as it does, Emory Parnell, the one man band; Will Lea, clown; and an evening lecture on "All The World and Ourselves," by Frank Bohn. Mr. Parnell has been seen here before, and brings with him an entirely new line of entertainment. Will Lea, clown; is something entirely new. He's over 70 years of age, but does gymnastic stunts that put men of 25 to shame. Besides he's the funniest clown you ever saw, and he surely can drive gloom away. In his lecture, Dr. Bohn discusses international affairs of the present day and presents present day facts without compromise.

The sixth day is sure to close Chautauqua in fitting style, the getaway attraction being the mirth producing comedy "Six Cylinder Love." The story has to do with the purchase and upkeep of an auto. It is filled with ludicrous situations, every one of which recalls something familiar in the experience of the listeners. For the afternoon too, the lecture is one that will be of particular interest here, and will be given in costume by No Yong Park, a Japanese citizen of great lecturing ability. Whether we like it or whether we don't, the Japanese question is staring us in the face, and no finer opportunity will ever be presented to hear the subject discussed than at Chautauqua's closing afternoon.

Tickets are now on sale at the popular price of $3.00, admitting adults to the whole eleven programs, whilst a similar ticket for children can be had at $1.00, and a student's season ticket at $1.50.

METROPOLITAN SYMPHO BAND.

In 1924, at great expense, The Dominion Chautauquas is bringing the finest musical organization it has ever presented. Not only is the Band a stellar attraction, but with this organization will appear Hazel Eden, of the Chicago Civic Opera Company, one of the outstanding sopranos of the present time. Also, Fenwick Newell, born in Montreal, and a tenor of international reputation, will sing on the same program. Music Day on this year's Chautauqua will engage the attention of the most accomplished musicians, but it will also provide those popular numbers which furnish inspiration and entertainment for those who have not pursued musical study. There will be ensemble numbers, of course, cornet solos, trombone solos, and a number of other very attractive instrumental features, besides a number of solos and duets by Miss Eden and Mr. Newell. Truly, this is the biggest and the best offering that has been made on a single program in Western Canada.

The death occurred at Beavermouth on Wednesday night of I. J. Corry, who has for many years been employed by the C.P.R. as operator and agent. Deceased had suffered for a considerable time from diabetes, which finally overcame him. Previous to coming to Beavermouth he was employed on the Cranbrook division.—Golden Star.

Forum Hears Candidate

A. M. Chisholm Addresses Good Audience At Windermere Gathering

GIVEN GOOD HEARING

(Special to the Herald)

Invermere, B.C., May 25. — The popularity of Arthur M. Chisholm, the Conservative candidate for Columbia riding was clearly shown by the overwhelming attendance of supporters of all parties who assembled at a meeting held under the auspices of the People's Forum on the evening of Wednesday last. The People's Forum is a strictly non-political body comprising persons of all classes, politics, and distinctions who assemble periodically to hear addresses on, and discuss subjects of public import and interest.

No greater compliment could possibly be paid to any candidate than was given to Mr. Chisholm when he rose to address his expectant audience. Rapt attention was given the speaker throughout his remarks.

A synopsis of what he laid before the electorate was a review of conditions as they stood under the preceding Conservative party and the conditions brought by the late Oliver regime. In support of his remarks the speaker gave facts and figures shewing amongst other items that the cost of administration under the Oliver government had trebled during the last eight years, or since they had taken control—this without any perceptible increase if any in the population of the province.

Dealing with the present civil service, as illustrated by the number of employees, not only at Victoria but also in other parts, where he said was an overlapping in instances of the Provincial and Dominion governments.

Dealing with public works as carried on in the Columbia riding, he dealt with the oversuperintendence in the construction of local roadways.

The interest payable under the bonded indebtedness of the province on account of the reckless expenditure by the Oliver government was dealt with in a clear and concise manner. By reading from the votes and proceedings Mr. Chisholm showed the extraordinary and unwarranted expenditures made by the Land Settlement Board in the purchase and administration of the "historic sites and undertakings," nominally for the benefit of returned soldiers. These showed a clear and unwarranted loss of over $1,000,000.00. Some of the minor undertakings of the same Board were also dealt with by recitations from the records of the legislature.

The transactions of the Oliver government in regard to the purchase of the Vancouver World and the dealings which took place over the Vancouver Liquor Warehouse were disclosed, showing conditions in connection therewith to have been thoroughly bad, putting it mildly.

The scandalous expenditure in connection with the administration of the Essondale Industrial School, and the extraordinary cost of the making of a fourteen foot well, at Oliver, as set out in cold facts and figures as revealed by the proceedings of the Legislature, and briefly reviewed, caused much merriment.

Mr. Chisholm went on further to say, "My criticism is not of the Liberal party, but of the Oliver government. So different is the latter from the former, that I find many staunch Liberals are determined to have a change and will vote accordingly."

Dealing with third parties Mr. Chisholm went on to show that they were unstable and had no permanent existence according to political history both in the United States and Canada, reciting in particularity the debacle as shown by the United Farmers of Ontario.

The various transactions which Gen. A. D. McRae is alleged to have been associated with, were reviewed, not forgetting the Saskatchewan Valley Land Co., and other Western schemes.

The untiring efforts of W. K. Esling, J. H. Schofield, and R. H. Pooley, Conservative members in the Provincial House to probe the hidden mysteries of the P.G.E. in past sessions were mentioned and it was shown how their efforts to get the truth were invariably stifled by the strong majority of the Oliver government. The ridiculous statements issued by Mr. Rossiter, through the Searchlight, were torn to shreds.

In outlining the platform of the Conservative party, the speaker went on to deal with the continuance of the University of B.C; the public purchase of liquor required by the government be made through the calling of tenders; the further aid for all legitimate irrigation projects; the reduction of all taxes pertaining to agriculture; the abolishment of the personal property tax; further aid for land development; the granting of aid in maternity cases; the purification of the civil service, and other minor changes were planks to which the Liberal-Conservatives, who are to take the reins on the 21st of June, are pledged."

"If," Mr. Chisholm went on to say, "I am elected, I will pledge myself to give my individual attention to every part of the constituency, and the legitimate requests of every individual, irrespective of politics."

He pleaded with those present to follow the course of not deciding hastily how they were going to vote, but after due consideration to vote according to what they considered the best interests of the province. Mr. Chisholm sat down amidst rounds of applause.

Other speakers in the meeting were James S. Johnston, James Sims and William Wier. Dr. F. E. Coy acted as chairman of the meeting.

SPEAKERS FOR NEW PARTY GET SMALL CROWD

(Continued from Page One)

Consolidated Mining & Smelting Co., which was now paying over $400,000 in taxes which had been an enormous increase over ten years. No inducement was held out to prospectors, he claimed, when the policy should be to open up more mines.

Mr. Matthews diverted at this point to decry the outlays being made on tourist facilities, which he claimed was a waste of money and poor business. As a way out of the present position of the province, he said there should be greater development of the natural resources. As evidences of extravagance, he referred to the Prince Rupert Courthouse, and the expenditure of $80,000 on the freight rates question, and stated a few channels of proposed retrenchment—cutting down indemnities, reducing ministers' salaries and cutting down the representation in the house.

Mr. Matthews attended a few of the sittings of the P.G.E. enquiry, and said the government had found it was necessary to employ high salaried lawyers to defend itself. The business of the P. G. E. was conducted in the loosest possible manner, and he said the evidence clearly indicated figures had been altered, gross over-payments made to sub-contractors, and important books and papers destroyed. Prices on various work had been increased to the contractors, and the price of ties increased substantially. He charged Hon. John Hart with making a false statement in saying the net debt of the province was only $38,000,000 at the present time, which counted as cash assets some items which had already been completely lost to the province.

A show of hands invited for any interested in a local organization did not bring any response, but J. L. Peterson addressed some questions to the speakers on Gen. McRae's lumber mill at Golden, saying returned soldiers had been replaced by Chinese. They were also quizzed on the attitude of the new party on such questions as the eight hour day and other things. Another questioner wanted to know what was the use of opening up more lumber concerns and mines, when the product of those already operating could not be successfully marketed.

GEORGES HENRI LEBARR.

Each person is interested in himself. This fact makes the lecture of Georges Henri LeBarr a challenge to everyone who hears it. Mr. LeBarr, a Parisian, is a famous psychoanalyst. He has made a thorough and complete study of the subject: "Why You Are What You Are." This study is not a new one, for the Greeks were interested in pursuing it, but it is only within the last hundred years that men have made progress in establishing it as a science. Based upon Biology, Anthropology, and a number of other subjects, it has arrived at the stage where its application has been of untold benefit to many people. By far the greater number of the failures in life are caused for the reason that far too many people are "round pegs in square holes," or vice-versa. Most of the marital troubles which are heralded in the Press, and the great majority of those that are not so proclaimed, have come to be for the reason that the parties concerned are mis-mated. A study of psychoanalysis would have prevented a great deal of misery. Mr. LeBarr spent a long period of time as a voluntary prisoner in jails and penitentiaries in order that he might study the unfortunates there to be found. He slept on a prison cot, he ate prison fare, and he mingled with the prisoners as one of them. This is but one of the many deeply interesting phases of his preparation. At the close of his lecture, Mr. LeBarr will be glad to hold informal conferences, particularly with young people who are trying to choose a life work.

Prest-O-Lite Storage Battery

—right for every car

Coast to Coast Service

From east to west and north to south wherever motor cars are driven there is a Prest-O-Lite service station. Prest-O-lite service is but on a par with the quality of the Prest-O-Lite Battery. Wherever you go you will find Prest-O-Lite batteries in use and Prest-O-Lite service near at hand. With rugged strength and long life built in at the factory and efficient service when ever you need it, Prest-O-Lite Storage Battery gives the utmost in battery satisfaction. You cannot get more than Prest-O-Lite gives no matter what you pay for a battery.

CRANBROOK, B.C.

November 1, is the date set for the Annual Bazaar held by the Methodist Ladies' Aid Society. 11

BORN. — At the Cottage Hospital, on Tuesday, May 27th, to Mr. and Mrs. Clifford R. Woods, of this city, a daughter.

Alderman G. D. Carlyle, who suffered a bad mishap on his engine about seven weeks ago, when his foot was badly scalded, is still unable to return to his work, but it is hoped in the next few days will be getting around a little, though still unable to put much weight on the injured foot.

The Girls' W.A. of Christ Church will hold a lawn social at the Rectory on Thursday, June 12th, afternoon and evening. Tea, coffee, ice cream and candy. Everybody Come 14-15

W. Bro. W. F. Attridge of Cranbrook, D.D.G.M. for District No. 8, paid an official visit to Creston Lodge on Monday night, when there was a large turnout of members and visitors. Work was done in the First Degree, and in his address to the Lodge the visitor complimented W.M. A. B. Norris on the proficiency shown by him and the other officers in the conduct of proceedings generally. At the close of lodge adjournment was made to the Norris Cafe, where supper was served and speechmaking and music rounded out a most enjoyable fraternal visit.—Creston Review.

British Army Blankets for sale cheap. From $1.50 up. All Wool. Apply B. Weston's Store. 10tf

LOCAL HAPPENINGS

Insure with Beale & Elwell.

BORN. — On Saturday, May 24th, at the St. Eugene hospital, to Mr. and Mrs. Jos. Rogers, of Wardner, a son.

The honorary degree of LL.D., was recently conferred upon Dr. J. H. King, member for this riding, at Ottawa, by Acadia University.

BORN. — On Monday, May 26th, at the St. Eugene Hospital, to Mr. and Mrs. Theodore Padberg, of this city, a son.

Mrs. G. D. Carlyle will be at home on Friday afternoon of this week, May 30th, in honor of her daughter-in-law, Mrs. R. W. Carlyle, of Portland, Ore.

For a first class car at a moderate figure the new Star has no equal. See Ratcliffe & Stewart. 50tf

Mr. and Mrs. R. W. Carlyle, of Portland, Ore., who have been spending a couple of weeks at the home of their parents, Alderman and Mrs. G. D. Carlyle, are leaving on Sunday next to return home.

BORN. — On Thursday, May 29th, to Mr. and Mrs. Frank Bamford, of this city, at the St. Eugene Hospital, a son.

A garden party, with its usual attractions will be held on Tuesday, June 24, under the auspices of the Ladies' Aid of Knox Church. 11

M. A. MacDonald, K.C., has been appointed by the dominion government to the vacancy on the bench of the British Columbia Court of appeal, rendered vacant by the sudden death of Mr. Justice Eberts lately. Mr. MacDonald came to Cranbrook in 1908, and remained here in the practice of law, until about the year 1913, when he removed to the coast to reside, since being joined by his brother, A. B. Masdonald. "M. A." has been president of the B. C. Liberal Association for a number of years, and besides was in the provincial house for a time, until he resigned on account of charges made as to questionable election proceedings in his behalf. He was also a candidate for the federal house at the last general elections, but failed to land a seadt, as exrpecter.fi.pd to catch a seat.

See the new Star cars at Ratcliffe & Stewart. 50tf.

W. E. Worden left on Wednesday evening on a short business trip to Calgary.

Mr. G. E. Bower spent the week-end in Lethbridge on a business visit.

It is rumored that during his stay in the Windermere country last week-end Wm. Ratcliffe, the well known local garage man, joined the ranks of the benedicts. No confirmation of the rumor has so far been had.

Mrs. F. B. Miles and those connected with the appearance of the University of B. C. Players here last week, desire to extend their thanks to the Willis Piano Co., for the use of the Chickering grand piano at the Auditorium.

"Buster" Huffman who for the last ten days has been visiting here with his mother and brother, Dr. Huffman, left on Wednesday for Calgary, where he is going in business with his father, who has recently purchased a business there. Buster expects to be playing ball there on one of the city teams. It is too bad that he could not be retained here, so that the Cranbrook ball team could have the advantage of his services.

Dr. F. W. Green left on Tuesday of last week for Mirror Lake, near Kaslo, accompanied by his daughter, Miss Betty, who had returned the day previous from attending the Royal Victoria College, Montreal. Dr. Green returned on Monday, Miss Betty remaining with Mrs. Green, who is supervising the completion of her summer home at this delightful spot on the Kootenay lake. During Dr. Green's absence, Dr. Christie, of Baynes Lake, assisted Dr. MacKinnon in their practice.

Mr. Welch who owns a barber shop on VanHorne Street had an exciting time last Friday evening when a Frenchman visited his place of business and started something, which had as its ending as follows: Said Frenchman was taken to the hospital with his head cracked open; Mr. Welch also was battered up around the head, and the whole plate glass front was knocked out of the store. The intruder, who is a staunch supporter of the government (liquor store branch), had become imbued with its spirits, and was out to show what a full-force man he was. Entering Mr. Welch's premises, he found the proprietor removing some superflouls hair from the face of a customer. Whether the idea was to harm the customer or the barber is a question, but without warning he delivered a wicked blow to the barber's chin, who retaliated, and the mill was on. While the Frenchman will not forget the beating that Welch gave him for some time, it is hoped that the authorities will remove him to a place of confinement which would prevent him from going on the spree periodically, as he is believed to be used to.

The Corporation of the City of Cranbrook

TENDERS FOR GOLD CREEK WATER DIVERSION

Tenders are invited for the construction of a dam on the north fork of Gold Creek, together with approximately three miles of ditch and flume and all the necessary work to divert water from Gold Creek into St. Joseph's Creek. The amount of excavation is approximately fifty thousand cubic yards of earth and rock. The work will include approximately one mile of government road diversion.

Plans and Specifications may be seen at the office of the City Clerk, Municipal Building, Cranbrook, B.C., from June 4 to June 10, 1924.

Tenders will be received until noon of the tenth day of June, 1924. Envelopes containing tenders should be marked "Tender for Gold Creek Water Diversion."

The lowest or any tender not necessarily accepted.

F. W. BURGESS,
City Clerk

WOMEN'S INSTITUTE

The next meeting of the Women's Institute will be held on Tuesday, June 3rd, at 3 p.m., in the K. P. Hall. There will be a paper by Mrs. Constantine on "Rambling Notes on Legislature," and piano solos will be given by Miss Lily Matson and Miss Beulah Hill.

STYLE IN GLASSES

We have just received from the manufacturers the New Shell Spectacle Frame, called

The Nobby Dayton

These have the short skull bow, and are specially convenient for ladies as they will not disarrange the hair in any way and are easily put on and taken off.

The prizes for the whole list of events will be distributed at the Central School on Friday afternoon at 3.30

To arrive from Scotland on the noon train and be rushed into a football game at 6.30 was the experience of Mr. James Russell who played center half for the Cranbrook team on Friday evening last. Mr. Russell, with Mr. Hugh Wright who accompanied him here from Glasgow, were new comers to Cranbrook and are nephews of Mrs. J. McCallum with whom they are staying.

The Corporation of the City of Cranbrook

NOTICE TO WATER USERS

Water users are requested to use every precaution in the use of water from the City Waterworks system.

The supply of water in the reservoir at the present time is only about one-half of what it was last year at this time and a serious shortage is is anticipated unless we have heavy rains in the near future.

F. W. BURGESS,
City Clerk

Painstaking Care

CHEVROLET

CHEVROLET CARS LOWER THE COST OF TRANSPORTATION

How?

1.—For a GOOD CAR the first cost is very low.

2.—The COST OF UPKEEP is exceedingly small.

3.—The COST OF OPERATION—Gas, Oil, etc., per mile, is less than any other car.

EASY RIDING, COMBINED WITH STABILITY, MAKE THE CHEVROLET THE IDEAL CAR.

WE HAVE SIX DIFFERENT MODELS TO CHOOSE FROM

We Will Be Pleased to Demonstrate These at Any Time

WHY GO ELSEWHERE?

With our Chevrolet Equipment we can make Repairs cheaper than any other Shop.

KOOTENAY GARAGE

CORPORATION OF THE CITY OF CRANBROOK

Cranbrook, B.C.
May 22nd, 1924

To the Ratepayers of the
City of Cranbrook:—

Ladies and Gentlemen:

We respectfully beg to submit the governing facts featuring the Water By-Laws which will be presented for your consideration upon Thursday, June 5th, 1924. It is of vital importance to secure your sanction on account of acute shortage of water; in normal time there is an insufficient flow to prevent a freeze-up during the severe frost of the winter months; also it is imperative to ensure an ample supply during the drought season caused by a mild winter or slight fall of snow such as we have to contend with this present season. In March 1922, you voted in favor of Thirty-Five Thousand Dollars ($35,000.00) for water improvements and extensions; of this there remains a balance of Twenty-Four Thousand Dollars ($24,000.00). The estimated cost of finally disposing of the water shortage problem is approximately Thirty-Four Thousand Dollars ($34,000.00) meaning that to deal effectively and promptly with this most urgent matter another Ten Thousand Dollars ($10,000.00) approximately will be required, hence the necessity of your endorsation of same upon Thursday, June 5th, for the hygienic welfare of the City of Cranbrook.

A few details relative to connecting Gold Creek to St. Joseph's Creek will be of value to the ratepayers. It is two and three-quarters of a mile from Gold Creek to the summit and in order to connect up most economically it will be necessary to divert the road at least one mile. There is about fifty thousand yds. of earth to be excavated and about five hundred yards of solid rock, two hundred and fifty feet of flume to carry water over a coulee, a four hundred and fifty feet of a diversion dam with head gate; the ditch will be large enough to carry thirty second feet which will give an abundant supply of water. It will give at least five times the amount of water we have now. This will also allow all ranchers within vicinity of Cranbrook a full supply of water for irrigation.

After thorough investigation it is discovered necessary that debentures be raised to the amount of Eight Thousand Dollars ($8,000.00) for renewing that portion of the water system known as Slaterville. For more than twenty years the wooden mains of the old waterworks company have been in operation and are now in such a decayed and leaky condition that fully warrants the City Council in seeking your sanction for the above By-Law. The Comptroller of Water Rights at Victoria has repeatedly complained of the excessive quantity of water passing through these mains; besides the fact of entailing great expense to the City for maintenance and repair work. The City Council are doing all within their power by taking immediate action on this alarming situation. We feel it to be our duty to acquaint you fully with all possible facts relative to the By-Laws in question. The Eight Thousand Dollars ($8,000.00) debentures will be upon a twenty year basis; the annual interest on the loan will be Four Hundred and Eighty Dollars ($480.00); the annual sinking fund charges for payment of principal will amount to Two Hundred and Sixty-Nine Dollars ($269.00). The double rates which the residents of Slaterville will pay brings in a revenue of Eighteen Hundred and Fifty Dollars ($1,850.00) per year. This will take care of both interest and Sinking Fund charges and also afford a surplus above the single rate in the city; therefore it is quite obvious that the accommodation for the people of Slaterville is not only paying them a favor but is certainly a paying proposition for the city to adopt. The debentures will if passed by the ratepayers be issued in denomination of One Hundred Dollars ($100.00) with the distinct view in mind of allowing the people of Cranbrook and Slaterville to purchase—otherwise they will be readily absorbed in the open market. We trust that the ratepayers' interest will be aroused to such an extent that will justify the City Council taking such steps to protect our water supply.

Yours most respectfully
A. J. BALMENT, Mayor.
THOS. H. BRONSDON,
Chairman of the Water Committee
