VOLUME 14 | CRANBROOK, BRITISH COLUMBIA, THURSDAY, FEBRUARY 22, 1912 | NO. 8

CUPID IN CONTROL

BACHELOR GIRLS ENTERTAIN AT A DELIGHTFUL DANCE IN THE MASONIC HALL.

"In the bright lexicon of youth, there is no such word as fail," is an old adage, which was aptly illustrated at the Leap Year ball on Monday night. Socially, Cranbrook will be dull for some time, but as a closing function the young ladies' party scintillates as the merriest and brightest of the past social season and will linger in the memory of the bachelors who were present as a shining example of what the ladies can do when they try. Perhaps, in some crusty, lonesome bachelor hearts it will stir anew the old dream of closer relationship with the fairer sex. Who knows?

For several days prior to the event the fortunate bachelors were busy securing the latest "dress," some had their hair up in curl papers, and they all appeared properly and gorgeously "gowned" with all the frills and furbelows, powdered, beribboned and flower bedecked.

At the Masonic hall Dan Cupid had laid wily snares for the unsuspecting single man. The hall was beautifully and profusely decorated. Streamers of red hearts pierced by Cupid's bow were suspended around the hall. Hearts were everywhere in evidence. The programmes were lettered on large red hearts. In the center of the hall a big round canopy was hung, from which was suspended streamers bearing hearts on the end and on each heart was a fortune. As you entered the hall you were met by the reception committee and Miss Ella O'Keefe disguised as Cupid who pinned a red heart on each dress bearing a number which secured a partner for a certain dance.

An electric moon furnished by the Empire Electric company, winked and blinked and smiled and often disappeared from view and seemed very happy to gaze upon the scene.

The ladies did everything possible that their partners might enjoy themselves. The men had only to be nice and wear the smile that won't come off and the ladies did the rest. Many of the ladies escorted their partners in automobiles and gave them flowers and bon-bons. Little Misses Frances Drummond and and Della Greaves presided over the punch bowl.

To all the ladies belong great credit for the complete success of the affair and especially to Miss Elsie P. Van Slyke, through whose efforts, as director and manager, and to Miss Della Drummond, who gracefully carried off the role of floor manager, belong exceptional mention.

The floor was crowded with dancers and Guerard's music was repeatedly encored. The supper was a most pleasing feature and here again the heart effect was brought in in decorations and shape of edibles and other ways, which only the ladies could suggest. If the gentlemen take this leap year party as a mark for their entertainments for the next four years Cranbrook will have the promise of some very delightful times.

EXPLOSION OF GASOLINE

AT CRANBROOK CLEANING WORKS CAUSES SERIOUS INJURY TO PROPRIETOR POWELL — FIREMEN ALSO SUSTAIN INJURIES.

The fire at the Cranbrook Dry Cleaning Works on Cranbrook street last Friday morning, caused by an explosion of gasoline, resulted in a property damage of some $100, and in more or less serious personal injury to the proprietor, Mr. Geo. Powell, his assistant, G. O. Randall and the following members of the fire brigade Chief Foster, R. Garvey and Walter Sowden.

George Powell sustained the severest injuries, his hands and face being very severely burned. He is now being carefully nursed at his home and his condition is still somewhat critical.

Walter Sowden is laid up at the St. Eugene hospital, suffering from bad burns to his mouth and nostrils. He is progressing favorably.

Chief Foster was badly burned about the face and neck, but not incapacitated from work. R. Garvey, who also sustained nasty burns is able to be at his work again.

Powell and Randall were injured by the first explosion of gasoline, when it was thought that all danger from further explosions had passed. Chief Foster, with Sowden and Garvey, approached the burning building, the latter two carrying the hose. Chief Foster broke open a window to let out the smoke, when at that moment another explosion occurred, the flames striking all three men in the face. Sowden was the most seriously injured, but Foster and Garvey both sustained nasty and painful burns.

Later in the day another alarm was turned in from French avenue, caused by an overheated stove pipe at Mr. French's residence. This did not amount to much and was extinguished before the arrival of the brigade.

On Monday night the brigade had another call. This time from the C.P.R. shops, where a fire had broken out among some waste in a cupboard. The C.P.R. men had the fire well under control by the time the brigade arrived and with the assistance of some of the brigade quickly had it subdued before any material damage was done.

BY AUTO TO MEXICO

PARTY OF CRANBROOK CITIZENS ENJOY SPLENDID AUTO TRIP THROUGH SOUTHERN CALIFORNIA.

Alderman Gus Erickson, N. Hanson and J. Laidlaw returned home on Sunday last from their automobile trip through Southern California and into Mexico. V. Hyde Baker will be back in the course of a few days.

To say that they had a thoroughly good time, quite inadequately expresses their verdict. They travelled close on to two thousand miles between San Francisco and the Mexican boundary, and throughout this long trip they never once had occasion to open their tool box and only experienced one punctured tire.

Leaving San Francisco, they drove first to San Diego, thence to the boundary of Mexico, and into the country as far as Tia Juana, some thirty or forty miles, but the country was too dry and dusty to tempt them further. On the return trip from Los Angeles they took the inland route to Bakersfield, thence to Fresno and into San Francisco. At times they were driving at an elevation four thousand feet above the sea and at other times as low as two hundred feet below sea level.

They made the tour in a Chalmers No. 36.

The trip proved in every respect thoroughly enjoyable and they encountered none of the unpleasant experiences too common on such jaunts.

Whilst Southern California is in many respects a delightful country, they did not see it to advantage. From sixty miles south af San Francisco they travelled continuously through a burned up country and they were particularly struck by the sparsity of cultivation. What little they saw of Mexico did not impress them very favorably with the energy or enterprise of the Mexicans. Vast irrigation schemes are underway in Southern California which in due course will greatly change the face of things and make productive a vast territory at present practically uncultivated.

RETAIL CLERKS' UNION

A meeting of the local lodge of the Retail Clerks' Protective association was held in the band hall last Sunday afternoon, when the following officers were elected:

President—F. L. Brown.
Vice-President—Wm. Dunstan.
Recording Secretary—N. Armstrong
Financial Secretary—S. G. Bassett.
Treasurer—F. Pye.

Delegates to Trades and Labor Council were elected ar follows: F. L. Brown, B. J. Beach and S. G. Bassett.

There will be a meeting on Sunday next in the band hall at 2 p.m., when the officers will be installed and other business transacted. A full attendance is requested.

PROVINCIAL ELECTIONS.

It is practically certain that the McBride government will appeal to the country within the next four or five weeks. The Herald's latest information on the subject, from a pretty reliable source, is to the effect that prorogation will take place next week, dissolution in March and the general elections in April, the date of election being on or about April 12th.

MCBRIDE GOVERNMENT'S RAILWAY POLICY

Essential that Taxpayers Shonld Investigate Thoroughly Before Endorsing Further Undertakings

It is pretty generally understood that the present session of the legislature will be prorogued in the course of the next two or three weeks, and an appeal made to the country on another railway policy, evolved for the occasion by Hon. R. McBride and his colleagues.

In view of the very unsatisfactory conditions surrounding the McBride government's guarantee of the bonds of the C.N.R. in 1910, and the equally unsatisfactory nature of the security deposited by that railway company for the due fulfillment of their contract, it is certainly very desirable that every elector should familiarize himself with all the facts obtainable concerning this deal.

It is imperative that public interest be immediately centred upon this railway proposition, as it is well understood that McBride has already signed contracts for additional railway construction which will be submitted to the legislature, after the estimates have been submitted, and rushed through with the least possible discussion.

For the guidance of Herald readers, and in order that they may be able to form a dispassionate opinion of the situation, we reproduce below a series of questions asked in the legislature by Mr. Brewster, together with Premier McBride's replies thereto; also a certified copy of the prospectus, issued by the C.N.R., and a copy of the General Guarantee, signed by W. J. Bowser, acting minister of finance:

Mr. Brewster asked the Hon. the premier the following questions:

1. What bonds have been issued by the Canadian Northern Pacific Railway company and guaranteed by the government under clause 9 of the schedule to chapter 3, statutes of 1910, with date of issue, terms and conditions?

2. What security has been given by the Canadian Northern Pacific Railway company under clause (n), paragraph 7, of schedule to chapter 3, 1910?

3. Has the Canadian Northern Pacific Railway company made any application to the government for any grant of land under the provisions of clause (d), paragraph 13, of the schedule to chap. 3, 1910? If so, what applications have been made, and what action has the government taken thereon?

The Hon. Mr. McBride replied as follows:

"1. The issue of bonds is £1,438,356; the date of issue was 18th November, 1911; the terms and conditions were as set forth in a certain prospectus, dated 11th November, 1911, and the trust deed mentioned therein. The prospectus is filed with the treasury department.

"2. Five thousand fully paid-up shares Canadian Northern railway, $500,000.

"3. No."

PROSPECTUS.

DOMINION OF CANADA.

CANADIAN NORTHERN RAILWAY SYSTEM.

Canadian Northern Pacific Railway Company.

(Incorporated Under Statutes of the Province of British Columbia).

Lloyds Bank, Limited, London (72 Lombard Street, E.C.) and Branches, Bank of Scotland, Edinburgh, London (30 Bishopsgate, E.C.) and Branches, The Canadian Bank of Commerce, London (2 Lombard Street, EIC.)

As Bankers to the Company, will Receive Subscriptions for

£1,438,356 First Mortgage 4 Per Cent Guaranteed Debenture Stock,

Principal and Interest Unconditionally Guaranteed by the Government of British Columbia.

(Part of an Issue Limited as Within Mentioned).

The stock is repayable at par on the 2nd April, 1950, at the Canadian Bank of Commerce, in London, in sterling, or in Toronto in currency at the fixed rate of $4.8666 to the £1 sterling.

The stock will be registered in London and Toronto, and when fully paid may be transferrch from one register to the other on the written instructions of the holder on a special form provided for the purpose.

Interest will be paid by warrant half yearly on the 2nd day of April and the 2nd day of October, the first payment calculated from the dates of the various instalments to be made on the 2nd day of April, 1912.

The price of issue is 99 per cent. payable as follows:

On application	£ 5 per cent
On allotment	£20 per cent
On 8th January, 1912	£20 per cent
On 5th February, 1912	£25 per cent
On 4th March, 1912 ...	£29 per cent
	£99 per £100

Or the whole may be paid up in full on allotment, or on any Monday before March 4th, 1912, under discount at the rate of 4 per cent per annum. Interest at the rate of 5 per cent per annum will be charged on all instalments in arrears.

The stock is secured by the unconditional guarantee of the government of British Columbia, both as to principal and interest, in the form appended, and by a first mortgage on the company's line of railway between the City of Vancouver and the boundary of provinces of British Columbia and Alberta, and upon certain other lines. The first mentioned line will form part of the main transcontinental line of the Canadian Northern Railway system.

The stock is constituted by a trust deed in favor of the British Empire Trust Company, Limited, of England, and the National Trust Company, Limited, of Toronto, which limits the amount of the stock at any one time outstanding to $35,000 per mile (or its equivalent in sterling or other money) (a) of the lines of railway to be constructed as specified in the said trust deed, and (b) of any additional lines hereafter to be constructed by the company in the Province of British Columbia, in respect of which the province may hereafter be authorized by its legislature to give a guarantee.

The stock is a first mortgage or charge on the said lines of railway (exclusive of terminals) and certain other property and assets of the company as specified in the said trust deed.

Copies of the trust deed and form of guarantee can be seen at the offices of the company's solicitors, Messrs. Linklater & Co., 2 Bond Court, Walbrook, E.C., or the British Empire Trust Company, Lrd., 31 Nicholas Lane, Lombard Street, E. C., at any time before the closing of the list during usual business hours.

If an allotment is not made to any applicant, the deposit will be returned in full through the post by cheque at the applicant's risk, and if an allotment is made of less than the amount applied for, the balance of the application money will be appropriated towards the sum due on allotment, and the balance, if any, returned to the allottee.

It is intended to apply, in due course, to the London Stock Exchange for a quotation of and special settlement in the debenture stock now offered.

A brokerage of one-quarter per cent will be paid on allotments made in respect of applications (other than Underwriters' applications) bearing the stamps of brokers who are members of a stock exchange, or who are recognized stock brokers in towns having no stock exchange.

Failure to pay any instalment when due will render the previous payments liable to forfeiture.

Application should be made on accompanying form.

Prospectuses and forms of application can be obtained at the offices of the company, Bond Court, Walbrook, E.C.; or at the company's bankers.

Lloyds Bank, Limited, 72 Lombard Street, E.C.

Bank of Scotland, 30 Bishopsgate, E.C.

The Canadian Bank of Commerce, 2 Lombard Street, E.C., and their respective branches.

Bond Court House,
Bond Court, Walbrook, E.C.
11th November, 1911.

COPY OF GENERAL GUARANTEE

By virtue of the powers conferred by the legislature of the province of British Columbia, Canada, and of an order of the lieutenant-governor-in-council, and pursuant to the provisions of a deed of trust dated April 2nd, A.D. 1910, made between the Canadian Northern Pacific Railway Company, National Trust Company, Limited, the British Empire Trust Company, Limited, Trustees, His Majesty the King, acting on behalf of the Province of British Columbia, and the Canadian Northern Railway Company, the said Province of British Columbia does hereby guarantee payment, according to their tenor, of the principal and interest of the debenture stock and or bonds (herein called guaranteed securities) of the Canadian Northern Pacific Railway Company, issued or to be issued under the terms of said deed of trust, payable on the 2nd day of April, A.D. 1950, and bearing interest at the rate of 4 per cent. per annum, payable half-yearly.

The amount of said guaranteed securities included in this present guarantee is the sum of twenty-one million dollars or its equivalent, four million three hundred fifteen thousand and sixty-eight pounds nine shillings ten and one-half pence sterling.

From time to time as the company may become entitled to issue further guaranteed securities under the provisions of said deed of trust and as further guarantees of the payment thereof are given, all general guarantees taken together shall represent the total securities guaranteed.

Dated at Victoria, British Columbia, 21st June, 1910.

(Sgd). W. J. Bowser,
Minister of Finance.

In reference to the foregoing it will be of interest to Herald readers to consider the remarks of John Oliver, in the course of a recent address before the Victoria Liberal association Mr. Oliver had discussed the McBride government's policy in regard to various interests and then turned so the railway policy as indicated in the deal with the C.N.P.

Mr. Oliver admitted that the company had undoubtedly spent a considerable sum of money in the province, helping a real estate boom. For years they had the promise of railway legislation, and then came the announcement of 1909. They were promised that the guarantee of the bonds would be all, that they would control freight rates, and the road was to be standard in quality. They were told repeatedly that the government was only guaranteeing the interest on thirty year bondsf As a matter of fact the bonds have been guaranteed for nearly forty years. The premier deliberately deceived the people in his address at the Victoria theatre on the eve of the 1909 election as to the period of guarantee. They had the promise that there would not be more than a four-tenths of one per cent grade. The land registry office here had plans which showed one and one-half per cent on the portion of this island, and on 12 degree curves the engine would be in the happy position of pushing and pulling at the same time. (Laughter and applause). As an inducement the C.P.R. was to be forced to reduce its freight rates.

The fixed charges per mile, instead of being lower than existing lines, would be much higher. The position was that while the credit of the province was pledged to a guarantee of $60,000 per mile in authorized bond issues there was also permission under the articles of incorporation for the company to raise $25,000,000 on the six hundred miles of line in the province, making an actual total per mile of $101,000. The C.P.R. was carrying $52,000 a mile, including terminals, as its total indebtedness, while this charge on the C.N.P. system was exclusive of terminals. The bond holders were entitled to a reasonable interest on their shares, the stockholders must receive a dividend, or the line would be declared bankrupt, in case of reference to the supreme court, as provided in the act of incorporation.

There was a clause in the act of incorporation which allowed the railway company to pay their engineers, and contractors, for supplies, from gravel pits to rolling stock, in shares or bonds of the company. No fixed estimate could be placed on the value to be rendered. Supposing the line cost $50,000 a mile to construct, there was nothing in the agreement to prevent the C.N.R. company to pay their contractors $100,000, and though this would be watered stock, the agreement makes the province liable for interest and dividends on this whole amount for the difference for which the province does not receive one cent in value.

The actual construction work was being done by the Canadian Northern Construction company, which was a subsidiary organization of the same concern. People ought to be warned that these shares and bonds were being placed in the hands of brokers for disposal to small investors, who would place their last dollar in the securities, which appeared safe. Both the honor and credit of the province were pledged to prevent the robbery of these people.

Mr. Oliver went on to say that an other proposition of this character was coming before the people of this province shortly. If the record of the government in connection with the C.N.P. contract was to be taken as a criterion they should have nothing to do with it. It was the duty of the people to inform themselves of the facts, and act as missionaries to spread knowledge of the situation to the public at large, and to place the stamp of disapproval on such proposed legislation on the statute books. A repetition of such a deal could only cause their children's children to rise up and curse them (Hear, hear).

He pointed out that it was the duty of the administration to so develop the natural resources of the country as to give to every man a share, and a fair share, of the benefit of the enormous wealth with which this country has been blessed. In this connection he alluded to the unfulfilled promise of the Conservative party years ago of reserving a portion of the coal measures for state development. The dissatisfaction among the working men would not have been so evident if the government had administered the public trust in a proper manner. He concluded his address with reference to the autocratic methods of the executive council, from their conduct in the legislature.

FORTY MILLIONS FOR RAILROADS

LATEST PROPOSALS OF MCBRIDE GOVERNMENT CALL FOR 795 MILES OF NEW RAILROAD---RE-PURCHASE B. C. SOUTHERN AND C. & W. UNSOLD LAND

Premier McBride's latest railway policy was brought down in the legislature on Tuesday of this week. It involves the expenditure in the province of approximately $40,000,000. It provides for the construction of the following lines:

The Kettle River Valley from Coldwater Junction to Hope, 50 miles.

The Canadian Northern Pacific from Kamloops to Kelowna by way of Grand Prairie, Armstrong and Vernon, with a branch to Lumby, 145 miles.

The Pacific and Great Eastern railway from Howe Sound to Fort George, by way of Pemberton Meadows, 450 miles.

The government has induced the Canadian Pacific to take over from the Great Northern the Kaslo and Slocan railway which is to be standardized and operated as a part of the C.P.R. system. The standardization of this railway will cost $100,000 toward which amount the province will give $100,000 and thereby will save the cost of a wagon road which would be in excess of that sum. This matter is provided for in the legislation just brought down.

All the railroad construction provided for in the government's policy must be commenced within six months from this date and must be completed by July, 1915.

The whole programme provides for the construction of 795 miles. The assistance to the Kettle River Valley line will be a cash grant of $10,000 a mile, involving approximately $500,000. This railway begins at Midway and ascends the Kettle river to the mouth of the west fork and follows that stream to Carmi. It then takes a northwesterly direction in order to ascend the summit lying east of Okanagan lake which it surmounts at a point between Kelowna and Naramata. It then runs down the lake to the outlet at Penticton where it crosses the Okanagan river and then extends northwards on the west side of the lake to Summerland.

Thence it will go westward and southward to Princeton at the junction of the Similkameen and Tulameen rivers thence up the Tulameen to the mouth of Otter creek to Aspen Grove, thence westerly to the Coldwater, thence northerly down the Coldwater to Merritt, where it will meet the rails of the Nicola branch of the C.P.R. from Spence's Bridge The new portion of the line will begin at the point where the road now under construction reaches the Cold water and will extend in a southerly direction to its head and thence across the divide to the headwaters of the Coquahalla and follow the latter to Hope at or near which point the Fraser will be bridged. The province will give $200,000 towards the construction of the bridge which is to be provided with a deck for highway traffic.

The Canadian Northern Pacific's new line will leave its main line where it comes down the North Thompson and will run a little to the south of east, following the general line of the present highway road, crossing the Shuswap and Okanagan at or near Armstrong thence southerly to Vernon and thence, still in a southerly direction, on the border of Long Lake and from that lake across a low summit to Kelowna. The distance from Kamloops to Kelowna is 129 miles.

From Vernon a line will extend eastwards a distance of sixteen miles to Lumby, passing through the Coldstream ranch. This railway will be assisted by a guarantee of bonds to the extent of $35,000 per mile on the same terms as the other guarantee to the same company.

The line from the head of Howe Sound to Fort George will be built by a company to be known as the Pacific Great Eastern Co., in which the contracting firm of Foley, Welch & Stewart are the chief members. It will receive aid similar to that given to the Canadian Northern Pacific. It will give Vancouver connection with Fort George and will be approximately 450 miles in length. Its location of route is as yet indefinite. It will be leased to the G.T.P., which will also have the option of purchase.

The plans of the Canadian Northern Pacific on Vancouver Island embrace construction from Victoria to Hardy Bay on the northeast coast. This line, for which the building of one hundred and fifty miles is provided, will go from Victoria to Franklin Creek on the Alberni canal, thence by way of Alberni diagonally across the island to Comox to which point construction is guaranteed by the present policy. The aid to be given by the government will be bond guarantees at the rate of $35,000 per mile.

Other matters were dealt with by the measures introduced by the premier. The E. & N. Railway company consents to the taxation of its land grant. This was made free of taxation by the legislation of 1884, which granted it to the Dominion for railway purposes. The land will hereafter be subject to taxation at the rate of 1½ cents per acre, which will yield a revenue of approximately $18,000. The Canadian Pacific agrees to pay to the province the sum of $387,000, being the earnings of the Shuswap and Okanagan railway over and above operating expenses, which will go to offset the interest charges which the province has had to meet upon the bonded indebtedness of the line.

The province also is to repurchase the unsold portion of the B. C. Southern and Columbia and Western land grants after the company has selected therefrom an area of 500,000 acres as a reserve for railway ties and to pay the company therefor a sum of forty cents per acre. This will involve a payment of $1,000,000. The purchase will remove all existing and future difficulties that have arisen or are likely to arise over pre-emptions, land purchases and mineral claims adjacent to these lands and will restore to the province the ownership of an extensive area, many parts of which are likely to become valuable for minerals now that the development of the whole southern portion of the province may be stimulated.

The legislation which was introduced by special message, comprises six bills, all of which passed their first reading. They were to come up for second reading today.

STOP PRESS DESPATCH

(Special to the Herald)

Nelson, B. C., Feby 22, 4 p.m. — Unanimous verdict for the King Lumber Mills, Ltd. in its suit for $140,000 damages against the C. P. R.

James Ryan, "Uncle Jim," is up from Vancouver, thoroughly enjoying a brief stay in his old home town.

On Thursday night last a man broke into the Salvation Army barracks and robbed the Army cash box of some forty dollars. On Friday Constable Baxter arrested a man named F. D. Hopkins on suspicion of being the guilty party. He appeared before Magistrate Ryan in due course and was committed for trial.

REGARDING MANUAL TRAINING

(Contributed).

If, as all will admit, the business of the school is to fit the pupil for life's demands, then we must see to it that our schools contain those things that are demanded in after life by the largest number. We must arrange to send the whole child to school. The schools we older people attended, laid stress on the mental and moral sides of our natures, but as a rule, sadly neglected our physical well being.

Nature said: "Run about." The ttacher said: "Sit still." Nature again gave the order: "Use your larger muscles in *running, jumping* climbing and throwing." The school said: "Use your brains."

Man has attained his present state of civilization mainly through efforts to mould what he found around him to meet his own physical needs.

It is more natural to the child to construct than to study and think. Drawing appeals to a child more than writing; physical culture more than physiology, and bench work more than arithmetic. Yet a short course in physical culture and bench work brings home to the child the importance of both physiology and arithmetic. Physical culture teaches self-control (silence and steadiness) and develops the various muscles by suitable exercises for the same.

Manual training (benchwork) develops the constructive impulses and puts him on his feet in a roomy *shop where he may move about* with a freedom not permissible in the ordinary classroom. This discipline results in muscular control, dexterity and no mean amount of technical skill.

Such pupils go back to the class room refreshed and re-invigorated, with new ideas and impulses, and it has continually been the experience of teachers that the time spent in such work is not a drawback to the general course of study, but a great help, as the pupils are more contented and happy in their work and the more nearly they attain to the *old* saying "A healthy mind in a healthy body," the better for all concerned. Remember, however, that a course in physical drill does not, nor is it intended to make a soldier, nor a course in benchwork a carpenter, than a few lessons and practices in ambulance work is intended to make a doctor or a trained nurse. All *that is aimed* at is to have the whole pupil at school and attend to every part of him for the benefit of *the whole.*

BUILDERS OF ROADS TO GET TOGETHER IN VICTORIA

OFFICERS OF CANADIAN HIGHWAY ASSOCIATION IN CONVENTION — MANY INTERESTING PAPERS.

(Special to the Herald).

Victoria, Feb. 21.—A large number of men interested in road making are meeting here tomorrow and Friday for the discussion of matters affecting the construction and maintenance of roads in British Columbia.

Deputy Minister of Public Works W. W. Foster has extended to W. J. Kerr, president of the Canadian Highway association, and P. W. Luce, the secretary, a cordial invitation to attend these meetings. As representing the Canadian Highway association, Mr. Kerr will have something interesting to say to the delegates.

The minister of public works and his colleagues have been at considerable pains to secure speakers who will deal with stated branches of *road building, and* they have succeeded in arranging for the attendance of men who have made their mark in modern road building. J. P. Ford will deal with the subject of "Road Location," while "Material for Road Construction" will be the subject treated by Duncan Irvine, who will compare the advantages and disadvantages of the different materials which go into the building of a road.

Supplementary to Mr. Irvine's remarks, G. P. Napier will deal with "Notes on the Construction of Different Types of Roads." A paper that will be of particular interest to the superintendents is being prepared by J. E. Griffiths, who intends devoting the time allotted to him in dealing with "The Use of Modern Road-Making Machinery." Mr. Griffiths will endeavor to show that money invested in the purchase of road-making machinery is one of the best investments that a district, municipality or city can make. Hamilton Lang, of Vernon, provincial *superintendent for the Okanagan* district, has been asked to speak on "Systematic Accounting Records for *Road Superintendents,*" and will be ready with papers and charts to clearly explain his ideas on the important subject.

Several other interesting papers are to be read at this convention, but probably the one most eagerly looked forward to is that by R. H. Thompson, A.M., Ph.D., engineer of the city of Seattle, who will deal with "Road Construction and Maintenance," and will draw upon his fund of experience in Seattle and in other cities as a road builder and overseer.

In addition to W. J. Kerr, other members of the Canadian Highway *association* will be present at the sessions, all interested in this work being at liberty to attend if they so *desire.*

The Canadian Highway association has a large number of members in Victoria and it is certain that many of these will make it a point to be present at the convention and get first hand knowledge of the building of good roads, a subject in which all are interested.

"5000 FACTS ABOUT CANADA" FOR 1912.

The 1912 edition of that popular *and indispensable booklet* "5000 Facts About Canada," compiled by Frank Yeigh, the widely known writer and lecturer, and author of "Through the Heart of Canada," is now out and is replete with new matter, including an outline map of Canada, a calendar and the new census figures. In compact form is found a wealth of facts and figures of the Dominion that will prove a revelation of our natural resources and growth. The mass of information, gathered with infinite pains, should be in the hands of every intelligent Canadian, and the wide sale and popularity of the publication is easily understood. Copies may be had for 25 cents from The Canadian Facts Publishing Co., 667 Spadina Ave., Toronto.

TROUBLE AMONG NATIONALISTS

ANXIOUS TO FORCE BORDEN'S HANDS ON THE SCHOOL QUESTION.

Ottawa, Feb. 21.—The French *speaking Nationalist group* are putting it up to the government again. This time the question of schools in *Manitoba is the dose.*

There was a conference of the Nationalirt twenty-two the other night which lasted until after midnight. Every one of them was there and Premier Borden was twice summoned. He obeyed the call each time and on both occasions had quite extensive visits with his Quebec supporters.

Mr. Monk was not there all of the time but was called in more than once.

It is understood that the twenty-two insisted that there should be absolute provision for the establishment of separate schools in the territory added Manitoba.

It is understood also that the prime minister declined to committ himself *for or against the granting of the de*mand.

It is understood that Sir Rodolphe *Forget agreed that the time had* come for an even closer formation to obtain the fullest possible benefits from the government and from parliament. To accomplish this Sir Rodolphe undertook to turn over one of his two seats to Mr. L. T. Marechal, who will come to Ottawa and be the captain of the Nationalist twenty-two.

HORSES FOR SALE.—Your choice out of 32 head; weighing from 1300 to 1700.—Canyon City Lumber *Company, Ltd., Creston, B.C.* 8-4t

You are probably aware that pneumonia always results from a cold, but you never heard of a cold resulting in pneumonia when Chamberlain's Cough Remedy was used. Why take the risk when this remedy may be had for a trifle? For sale by all dealers. 5-tf

Corporation of the City of Cranbrook

BYLAW NO. 102.

A By-Law to raise the sum of Six Thousand Five Hundred Dollars ($6,500.00) by debentures for the purpose of erecting and for furnishing and procuring furniture and apparatus for a Manual Training School for the City of Cranbrook.

WHEREAS the Board of School Trustees for the City of Cranbrook has prepared and on the 16th day of February, 1912, laid before the Municipal Council of the City of Cranbrook, a detailed estimate of the sum required by the said Board to meet the extraordinary expense of purchasing land for a site for and erecting and furnishing and procuring furniture and apparatus for a Manual Training School for the City of Cranbrook, which is an expense which *may* be legally incurred by the Board of School Trustees for the City of Cranbrook.

AND WHEREAS *the* said Municipal Council of the City of Cranbrook has considered the said estimate and by resolution passed on the 16th day of February, 1912, finally rejected the expenditure of the said sum for the said purpose.

AND WHEREAS within thirty days thereafter, namely, on the 16th day of February, 1912, the Mayor of the Corporation of the City of Cranbrook received a written request from the Secretary of the School Board asking the Council to pass in the manner prescribed by section 124 of the Municipal Act, a by-law authorizing the proposed expenditure and *if necessary the raising of the moneys* required to defray the same upon the credit of the Municipality.

AND WHEREAS for the purpose aforesaid, it will be necessary to borrow upon the credit of the Municipality, the sum of Six Thousand Five Hundred Dollars ($6,500.00).

AND WHEREAS the amount of the whole rateable lands or improvements or real property of the said City, according to the Last Revised Assessment Roll is Seven Hundred and Forty-Two Thousand Seven Hundred and Ten Dollars ($742,710.00) for lands and Nine Hundred and Sixty-Nine Thousand Two Hundred and Eighty Dollars ($969,280.00) for improvements, in all the sum of One Million Seven Hundred and Eleven Thousand Nine Hundred and Ninety Dollars ($1,711,990.00).

AND WHEREAS it will be requisite to raise annually by rate the sum of Four Hundred and Sixty-One Dollars and Sixty-Two Cents ($461.62) for payment of the said debt and interest thereon.

AND WHEREAS the Municipal Council has power to pass bylaws for contracting debts, by borrowing money or otherwise and for levying rates for payment of such debts on the rateable lands and improvements, or rateable real property of the Municipality for any purpose within the jurisdiction of the Council; but *the aggregate of such debts, except* for works of local improvement, and for school purposes, shall not exceed *twenty per cent (20 per cent) of* the assessed value of the lands and improvements or the real property of the Municipality according to the Last Revised Assessment Roll.

AND WHEREAS the aggregate of the present debenture indebtedness of the City of Cranbrook other than the indebtedness for works of local improvement and for school purposes is Two Hundred and Seven Thousand Nine Hundred and Forty-Seven Dollars and Twenty-Nine Cents ($207,947.29).

NOW THEREFORE the Municipal Council of the Corporation of the City of Cranbrook in Council assembled, enacts as follows:

1. The said proposed expenditure of Six Thousand Five Thousand Dollars *($6,500.00)* for purchasing land for a site for and erecting and furnishing and procuring furniture and apparatus for a Manual Training School is hereby authorized.

2. It shall and may be lawful for the Mayor of the Corporation of the City of Cranbrook to borrow upon the credit of the said Corporation by way of debentures hereinafter mentioned from any person or persons, body or bodies corporate, who may be willing to advance the same as a *loan, a sum of money not exceeding in* the whole the sum of Six Thousand Five Hundred Dollars (6,500.00) and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and with the object hereinbefore recited.

3. It shall be lawful for the Mayor of the said Corporation to cause any number of debentures to be made, executed and issued for such sum or sums as may be required for the purpose and objects aforesaid, not exceeding, however, the sum of Six Thousand Five Hundred Dollars ($6,500.00) each of the said debentures being of the denomination of Five Hundred Dollars ($500.00) and all such debentures shall be sealed with the seal of the Corporation and signed by the Mayor thereof.

4. The said debentures shall bear date the 18th day of July, 1912, and shall be made payable within thirty (30) years from the said date, in lawful money of Canada, at the office of the City Clerk of the City of Cranbrook in Cranbrook aforesaid, which said place of payment shall be designated by the said debentures, and shall have attached to them coupons for the payment of interest, and the signatures to the said coupons may be either written, stamped, printed or lithographed.

5. The said debentures shall bear *interest at the rate of Five Per Cent* (5 p.c.) per annum from the date thereof, which interest shall be payable *annually at the said office of* the City Clerk of the City of Cranbrook in Cranbrook aforesaid, in lawful money of Canada, on the 10th day of July, in each year during the currency thereof, and it shall be expressed in said debentures and coupons to be so payable.

6. It shall be lawful for the Mayor of the said Corporation to negotiate and sell the said debentures or any of them at not less than ninety-five per cent (95) of their face value after deducting all brokerage and commission charges incurred in the sale thereof.

7. There shall be raised and levied *in each year during the currency* of said debentures, the sum of Three Hundred and Twenty-Five Dollars ($325.00) for payment of interest, and the sum of One Hundred and Thirty-Six Dollars and Sixty-Two Cents ($136.62) for payment of the debt due upon said debentures by a rate sufficient therefore on all the rateable land or improvements or real property in the said Municipality.

8. It shall be lawful for the said Municipal Council to re-purchase any of the said debentures upon such terms as may be agreed upon with the legal holder or holders thereof, *or any part thereof* either at the time of sale or any subsequent time or times, and all debentures so re-*purchased shall forthwith be cancel*led and destroyed and no re-issue of debentures so re-purchased shall be made in consequence of such re-purchase.

9. This By-Law shall take effect on and after the 25th day of March, 1912.

10. This By-Law may be cited for all purposes as the "Cranbrook Manual Training School Debenture By Law."

Read the first, second and third time on the 19th day of February, 1912.

TAKE NOTICE that the above is a true copy of the proposed By-Law upon which the vote of the Municipality will be taken at the Municipal *Building, Norbury Avenue, on* Wednesday, the 6th day of March, 1912, between the hours of 9 o'clock in the morning (10 o'clock a.m. local time), and 7 o'clock in the evening (8 o'clock p.m. local time).

T. M. ROBERTS,
Clerk to the Municipal Council.

Dated at Cranbrook this 20th day of February, 1912. 8-2

Any Edison dealer will demonstrate to you how Thomas A. Edison doubled the entertaining capacity of

The Edison Phonograph

when he invented

Edison Amberol Records

—the record which plays twice as long

Then you will understand why so many good songs, so much good music of every character never appeared in record form until the Amberol Record was perfected.

Then you will understand how, *when you own an Edison Phonograph,* you can *now* have *all* of the very best entertainment of every kind.

Then you will understand how this one advantage alone makes the Edison Phonograph the greatest sound-reproducing instrument as well as the greatest musical instrument—even if it had no other advantages. But it *has:* the sapphire reproducing-point, that does not scratch or wear the record and lasts forever—no changing needles; exactly the right volume of sound for your home; home recording—the ability to make and reproduce your own records in your own home.

Any Edison dealer will demonstrate these great Edison advantages *to you.*

BRITISH RECORDS FRENCH RECORDS

In addition to *our regular monthly* list of Edison Standard and Edison Amberol Records, we issue regularly a number of British and French Records. Our British and French record catalogs contain the *completest list of these selections,* published in record form. Be sure to get them from your dealer when you go to buy your Edison Phonograph—and ask to have the new Record Supplements mailed you free *every month.*

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Edison Amberol Records. Get complete catalogs from your *dealer or from us. Edison Phonographs,* $16.50 to $240.00. Edison Standard Records, 40c. Edison Amberol Records (play twice as long), 65c. Edison Grand Opera Records, 85c to $2.50.

Silver Polish

Your silverware will soon require its Spring cleaning, and we have two excellent brands of Silver Polish at 25 cents and 35 cents per bottle. These are both put up by reliable silver manufacturers and we'll guarantee them free from grit or anything injurious to your silver.

W. H. Wilson

JEWELER AND OPTICIAN

ANNOUNCEMENT

The reason that "Vineland" Brand Canned Goods are vastly superior to the other brands is that they are packed directly on the farm where they grow at the psychological moment when they acquire their perfect color and flavor. Is it not logical, then, to assume that this is a tremendous advantage over the brands that are picked on the various fruit farms and shipped to a general canning factory to await their turn in packing? This is the way that practically all the other brands are handled, and in recommending "Vineland" Canned Fruits and Vegetables, we do so feeling that they are the finest put up in America. E. B. Hill, of Lethbridge, a nephew of E. A. Hill, of this city, accompanied by his wife, were guests of Mr. and Mrs. E. A. Hill on Tuesday. E. B. Hill is a son of E. J. Hill, the Lethbridge merchant. They were on their way to Vancouver on a pleasure trip and stopped off in Cranbrook for the day.

D. J. Johnson and Rev. C. O. Main drove over to Fort Steele on Sunday last. Mr. Main held service in the Presbyterian church in the morning and dispensed communion. Six members were received into the church, and the following children were christened: Albert Murray, son of Albert Nesbitt; Gracie Lang and Lilian May, daughters of Wm. Jones; and Myrtle May, daughter of C. P. Powell.

A very large stock of toilet sets. Special prices.—Campbell and Manning.

The musicale given last evening by the Ladies Aid of the Methodist church in the home of Mrs. J. D. Murray, was a splendid success. The excellent accommodation for a large number of guests provided by Mrs. Murray was taxed to the utmost. A very creditable programme of both vocal and instrumental music was rendered. Socially the evening was all that could be desired.

Another special meeting of the city council was held this week, at which Alderman Cameron introduced the bylaw to authorize a loan of $6,500 for manual training school purposes. The bylaw was put through its several readings and finally passed. It will be voted upon on Wednesday, March 6th, at the city hall, between the hours of 10 a.m. and 8 p.m. local time.

CLOTHING.—We are carrying one of the best makes of clothes in Canada and you will agree with us we are sure, if you will come in and look them over. We have a large range in all sizes and in many different styles.—E. K. Merc. House.

A special meeting of the city council was held last Friday to receive the report of the Electric Light committee. The committee was granted an extension time and some further authority to check up the light company's charges with the actual light furnished. The committee will report again at the next regular council meeting.

Vince Liddicoat, of Cranbrook, is visiting his sister, Mrs. Arthur Nesbitt, of Fruitlands, says the Kamloops Inland Sentinel. Mr. Liddicoat, who is a prominent contractor in Cranbrook, took a ride over the city today and was most favorably impressed with the prosperous appearance of Kamloops and the evidences of permanent growth.

We guarantee everything. Money refunded if not satisfied. A trial order will convince you. We have the goods.—Campbell and Manning.

S. F. Malonset, night operator at Moyie, was held up outside the Moyie depot, last Sunday night and relieved of $42.50 in cash, his clothes and keys. Malonset was first attacked by a man with a knife, from whom he escaped. Upon running to his office in the depot he was met by a man with a gun. Realizing that resistance was futile he threw up his hands and was stripped to his underclothes. The hold-up men made good their get away.

"Vineland" canned tomatoes are ruperior to any other brand procurable—why buy the poorer packs—when you can buy "Vineland" at the same or lower price. "Vineland" brand, three cans for 50c.—The Fink Mercantile Co., Ltd., sole agents.

In another column of this paper appears the advertisement of the Associated Agencies of London, England, which is a company organized for the purpose of interesting investors in Canadian enterprises. Ernest H. Arnott, the managing director, is personally well acquainted with the Cranbrook district and in his letter to this paper intimates that he is going to make a special effort to get settlers to locate in this district during the coming year.

The K. of P. dance at the Auditorium last Friday evening brought together a happy gathering and an exceedingly enjoyable evening was spent to the strains of Guerard's orchestra. The supper, served at midnight, was specially enjoyable. Dancing was resumed after supper and kept going until an early hour in the morning. The local Knights of Pythias certainly added considerable luster to their already splendid reputation as first-class entertainers on this occasion.

A new directory has just been issued from the Herald presses for the Kootenay Telephone Lines, Ltd. This directly affords the best kind of evidence of the growth of the K.T.L. It will be noted that the announcement is made that the K.T.L. have perfected arrangements whereby telegrams, night lettergrams, etc., may be accepted at any office of the company for transmission over the lines of the Western Union Telegraph Co., also of the Great North-Western Telegraph Co. of Canada, destined to any point on their systems or connections. If you should have any business with the telegraph department call up No. 112.

ANNOUNCEMENT — The East Kootenay Mercantile House wishes to announce to its many patrons and friends the opening of a new department, viz: Gents Furnishings, Clothing, Boots and Shoes, and all associated lines. You will find every line stocked with new goods and we are sure if you will give us a call when in need of anything in the above lines you will find that our prices are right and the quality of the goods are of the best. Drop in and examine our stock. It is no trouble to show you through whether you buy or not.—E. K. Merc. House.

Floyd Moore, alias "Montana," appeared before Judge Ryan this morning to answer to a charge of disobeying a court summons, calling upon him to appear before the court on Monday morning last to answer a charge of tin-horning. Mr. P. Wilson appeared for the defense. On the charge of disobeying the court summons Montana pleaded guilty, and was fined $25. As to the charge of being a tin-horn, prisoner pleaded not guilty. Chief Dow not being prepared to proceed with the case, owing to lack of witnesses, asked for an adjournment. This plea was strongly resisted by Mr. Wilson, the final outcome being the withdrawal of the charge, but Montana was ordered to leave town immediately, so that the city has been rid of another useless inhabitant.

Gorgonzola, Limberger, Swiss, Ingersoll, Cream Brick and McLaren's cheese.—Campbell and Manning.

Did you ever make a Phonograph Record?

Did you ever hear yourself talk, sing or play?

Talk about entertainment—there is nothing that approaches the fun and fascination of making records at home on the

Edison Phonograph

THE EDISON will record what you or your friends say, or sing, or play, and then instantly reproduce it just as clearly and faithfully as the Records you buy are reproduced. This is a feature of the Edison Phonograph you should not overlook.

You can send your voice to a friend, preserve the sayings of children, record your progress as a speaker, a singer or a musician. Anyone can make records on an Edison. It requires no special machine. The blank records can be used over and over.

Go to any Edison dealer today and let him demonstrate this great feature of the Edison Phonograph and when you buy make sure you get an Edison, the instrument that gives you not only the best renditions of the world's best entertainers, but also the opportunity for home record making. There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Edison Amberol Records. Get complete catalogs from your dealer or from us. Edison Phonographs, $16.50 to $240.00. Edison Standard Records, 40c. Edison Amberol Records (play twice as long), 65c. Edison Grand Opera Records, 85c. to $2.50.

Thomas A. Edison INCORPORATED

100 Lakeside Avenue, Orange, N. J., U. S. A.

ROLL OR FLAT TOP DESKS

(The Philistine).

I once heard a little boy define a lawyer as a man who does no work.

An executive is a man who decides quickly and is sometimes right. We used to describe a business man as a man who owned a roll-top desk. And there is no doubt that about twenty years ago every gazabo who owned a roll-top desk congratulated himself on being a businessman. Recently, a marked wave of disapproval has swept over the land for the luxurious and classic roll-top. The belief is abroad that there is no bttter way of filing things where they can never be found than with the aid of the roll-top.

Papers put in the roll-top are there until the executor comes or the receiver takes charge.

The roll-top is a bid for procrastination, and a lure for the lazy.

If some chap rushes in and want you to go to the ball game, all you have to do, if you have a roll-top desk, is to pull down the lid, thus deceiving yourself, and the office, into the fond belief that you have cleaned up your work.

There is one disadvantage: Often the roll-top gets so full of stuff that you cannot get the cover down. Drawers become clogged with letters and papers, and then those letters and papers begin to shuffle and sift. Papers which you put in the top drawers find their way to the bottom, and papers in the bottom drawers fall down behind, and can only be discovered by dynamite and the help of William J. Burns.

Generally, the letter that is lost is the one demanded by the attorney when the case comes to trial.

Last week, in New York, a man who was called on the witness-stand had his testimony impeached on account of the lack of a letter that was not found until the day after the jury had given their verdict—thirteen thousand dollars damages and costs, all for lack of a letter to brace up a somewhat fishy line of testimony, but which curiously enough was absolutely true.

And all the time the letter lay in a comatose state in the dim, dark, forgotten recesses of a roll-top desk.

Judge Ward refused to re-open the case, saying: "Probably there are more lost letters in other roll-top desks that would contradict this letter just found. The case will have to close some time—and yesterday was the time!"

Next to having no desk at all, the big business man should have a flat-top table, and then keep all papers right in sight until they are finished. also I hope the suggestion is not inappropriate, that everything should be cleaned up every day.

There are ways of filing things, and the girl knows how. I guess so'

Blessed is that man who has found somebody to do his work.

JOURNALISM'S MODERN DUTIES

The hour was 2.00 a.m. "Ah," groaned the journalist; "here's the office again, calling up for a point of information that they might just as well look up in the dictionary.

"So sorry to disturb you," came a feminine voice, which he recognized as that of a lady across the street. "It's shocking to call now, I know. But I can't get the doctor nor anybody. The baby is crying. And I thought you might be able to tell me what to do."

"Colic?" grunted the writer.

"No, it isn't a colicky cry."

"Maybe he's too warm—is he perspiring?"

"No."

"Have you hunted for pins?"

"Yes, and his clothes are perfectly comfortable."

"When did you feed him last?"

"At six; when I put him to bed."

"Maybe he's hungry."

"Oh, do you think that's what ails him?" And the lady rang off.

At 3.00 a.m. the telephone rang again. "I just wanted to thank you and tell you that you were right. The baby was hungry."

ROADSIDE FRUIT TREES

Attention is called in a recent U. S. consular report to the thrifty plan followed in the province of Hanover, Germany, of planting the roadsides with fruit trees, the product of which is sold at auction for the benefit of the local government, the revenue thus obtained going a long way toward the upkeep of the roads. Hanover has some 7,000 miles of country highways thus bordered. Last year some of the roads yielded a revenue, from this source, at the rate of $595 a mile. The fruit is protected by law, and during the season of ripening the roads are patroled by sharp-eyed watchmen, on bicycles, so that little if any of the fruit is diverted from its proper destination.

VIOLIN WON HIM A MILLION

AND NOW KUBELIK, AT 28, IS GOING TO TAKE LIFE EASY.

"I have made more than a million dollars with my violin," Jan Kubelik said the other day as he sat with his wife beside him in his apartments at the Hotel Rector, New York. And Kubelik is only 28 years old. The pair had just arrived from a tour and were tired.

"Yes," the violinist said, "and I have gained this wife and have beautiful children, and now, as far as the American life is concerned, I am done with it.

"Never again will I attempt a hundred concerts a season, as I am doing this year and as I have done for ten past. I owe something to myself, something to my family. The amassing of a fortune, the gaining of fame is not all. An artist leads a dual existence. He has his art and his home. One must give up to the other. The artist has to give up some to his family. But his family must give up much to his art."

Then a question was put him very bluntly.

"Mr. Kubelik, if you had to choose between your home life and your art which would it be?"

The young artist with the flowing locks and the Raphael face thought. The little fair-haired wife came close beside him. Before him was the picture and the memory of his young daughters. Near him was the violin that he had known before his children or his wife were known to him. Then he spake.

"Once an artist, always an artist."

The wife smiled a smile of approval. Art was evidently supreme in this household.

"Was it the violin that brought you together?" Mrs. Kubelik was asked.

"Yes," she answered. "I am a musician, too."

"I heard her play," interrupted the man in the case. "That was all."

"And the children—are they violinists too?"

The mother made the reply. "Our oldest daughters, they are twins, both play the violin," she said. "They are seven now. Ten years from now you will hear them in New York. They have inherited their father's genius."

second on his right hand. It was second on hir right hand. It was caused by carelessness on his part in filing his nails. He allows no one to do that for him. He trims them to a nicety. However, a short time ago he made the mistake of getting one too short. As a result he has suffered ever since. He is heavily insured in a London company against such injury, but he said he would not take the trouble to collect damages.

NEWBRO'S HERPICIDE

Solves the Problem of Good Hair.

After Prof. Sabouraud confirmed the germ origin of dandruff, science was confronted by a new problem which was not solved until the discovery of Newbro's Herpicide. Herpicide being the successful preparation compounded in harmony with this new theory, becomes the original remedy to kill the dandruff germ.

Since then, numerous preparations said to be "just as good" as Herpicide have adopted Herpicide claims, and without making any change in their remedies, but none have ever reached the same degree of popularity. Everywhere this remedy is recognized as the one genuine dandruff germ destroyer. As a result Herpicide has more satisfied users than all other hair preparations combined.

Being the original remedy, users expect more astonishing results from Herpicide than they would look for from any other preparation and they usually get them. So wonderful has been the success of this germicide that it is now recognized as the standard hair remedy of the world.

Herpicide kills the dandruff germ, checks falling hair. It stops itching of the scalp almost instantly.

For sale at drug stores. One dollar size bottles are guaranteed. Applications at the good barber shops. Insist on having real Herpicide. Send 10c. in postage for sample and book to The Herpicide Co., Dept. R., Detroit, Mich.

GERMANY'S TEN COMMANDMENTS

SOME OF WHICH MIGHT PROFITABLY BE TAKEN TO HEART BY MEMBERS OF THE CRANBROOK BOARD OF TRADE.

A table of ten commandments is very widely circulated in Germany at the present time, and reads as follows:

"1. Never lose sight of the interests of your compatriots or of the fatherland.

"2. Do not forget that when you buy a foreign product, no matter if it is only a cent's worth, you diminish the fatherland's wealth by just so much.

"3. Your money should profit only German merchants and workmen.

"4. Do not profane German soil, a German house or a German workshop by using foreign machines and tools.

"5. Never allow to be served at your table foreign fruits and meat, thus wronging German growers, and, moreover, compromising your health, because foreign meats are not inspected by German sanitary police.

"6. Write on German paper with a German pen and dry the ink with German blotters.

"7. You should be clothed only with German goods and should wear only German hats.

"8. German flour, German fruits and German beer alone make German strength.

"9. If you do not like the German malted coffee, drink German coffee from the German colonies. If you prefer chocolate or cocoa for the children, have a care that the chocolate and cocoa are of exclusively German production.

"10. Do not let foreign boasters divert you from these sage precepts. Be convinced, whatever you may hear, that the best products, which are alone worthy of a German citizen, are German products."

PANAMA CANAL SHOULD BE FREE.

New York World: Canada has expended more than $100,000,000 to provide ship canals from the Atlantic ocean to the Great Lakes. It is a larger expenditure relative to population or resources than the United States will make at Panama. The costs of maintenance and improvements are relatively larger.

Nevertheless, American vessels are allowed to go toll-free through those costly Canadian waterways. The American tonnage through the Welland Canal is larger than the Canadian. The tonnage of both countries through the American and Canadian canals at the Soo is larger than that of the Suez and larger than that will be at Panama. But Canada rejects the policy of cost-tolls or profit-tolls where there could be so easily collected. It adopts the policy of making its artificial waterways as free as the high seas. The United States does the same with its canal at the Soo.

Can the United States afford to adopt a Panama Canal policy less generous to Canada or to the nations than this Canadian canal policy is to the United States? Protests are being made in the Dominion parliament against preferential tolls for the American ships in the Panama Canal. Canada has a right to protest. It has an equal right to ask for a canal without tolls, and this country will perform a world service of greater profit to itself than can be computed in money by adopting the policy of a free canal.

A piece of flannel dampened with Chamberlain's Liniment and bound on to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest give it a trial and you are certain to be more than pleased with the prompt relief which it affords. Sold by all dealers. 5-tf

News of the District

ELKO

(By Fred Roo).

Lives of slow pay oft reminds us
Retail trade don't stand a chance
The more we trust we leave behind us
Bigger patches in our pants.
On our pants once new and glossy
Now are patches of a different hue
Because our customers won't pay what is due.
Now Christians lets be up and doing,
Pay a little be it ever so small,
Or when the blasts of March shall strike us
We shall have no pants at all.
—Jim Thistlebeak in Elk River Bladder.

Jim Taylor, war correspondent for the Cranbrook Prospector, Aberdeen Free Press and Sunday At Home, was down to Baynes and Waldo this week celebrating Bobbie Burns' birthday. What Jim don't know about pious Bobbie has been torn out of the Book.

If you want to know where the shoe pinches wear it.

J. Liddicoatt, the shoe manufacturer of Elko, is moving his factory from College avenue to Riverside Park, to get the cheap power for his machinery.

Contractor Dave Easton is building a big concrete barn for the Sand Creek Ranch company at RockCreek.

Dug McKee, chief engineer of Yahk waterworks, was visiting his parents at Kilmarnock Castle, College avenue this week end. Dug was surprised to see the dust blowing in Elko.

When you can't fish mend your nets.

The Elko board of trade had a very successful meeting the other night. Genial Charlie Klingensmith was in the chair and considerable business was transacted. It was one of the biggest sessions ever held by the board, and considerable advertising will be given Elko this coming summer. The board is considering building a large board of trade hall, a thirty thousand dollar hotel, race track, new opera house and seventeen different kinds of sulphur wells. It simply beats h—l how business keeps up in Elko.

Champ Clark will not visit Elko this summer. This is on the square.

A woman's as old as she looks when her hairs on the dresser.

Judge Thompson will build a beautiful residence in Elko. It was Elko that got George his job. It was inhaling Elko ozone that gave George his Solomon ideas of justice.

The Golden West Orchard company, near Roosville, have fifty men and ten teams working on their property. The copper properties, railroad surveys and the connection of the Montana good roads with the B. C. block pavement at Roosville will put this property away up in "G."

The wonder of the west, thrilling and hair raising experiences of Cheyene frontier days, played in Elko to a big house but awful poor light. The bills stated that Col. Roosevelt travelled five thousand miles to see this display. We wouldn't walk five yards, but still little things pleases little minds. If Teddy is really anxious to see something real, why he'd better come to Elko. We can make it so hot for him the starch will melt out of his collar.

Elko is once more putting on her mantle of green.

The present address of George L. Pedlar is Fernie, B.C.

Eleven hundred and thirty acres of the best fruit land in South East Kootenay is being cut up into five and ten acre tracts at Roosville, B. C. This property is the show place of Tobacco Plains.

WARDNER

(Special correspondence)

Mr. Geo. Wilson, secretary of the Western Canada Lumber and Grain Co., of Claresholm, Alta., called on old friends in Wardner last week on his way through to Cranbrook.

Mr. Stearns, superintendent of the saw mill in Wardner, was in Cranbrook on business this week.

Policeman Eggleshaw was called to Cranbrock last Wednesday on business.

Mr. Carss, of Orillia, Ont., renewed old acquaintances in town last week.

Mr. E. Elwell, of the firm of Beale and Elwell, Cranbrook, was in Wardner last Saturday on business.

The C.P.R. mill office staff, with Mr. Skead and family, moved to Tatonga last Sunday.

Mr. F. M. Stearns was in Galloway on Monday of this week on saw mill business.

Mr. Walter Magoon spent last Sunday with friends in Cranbrook.

Mr. A. Sheppard, of Jaffray, was called home last Thursday on account of his little daughter Dorothy, who was suffering from a very severe attack of croup. Since that time she has almost completely recovered.

Mr. C. M. Pennock was in Cranbrook last Tuesday on business.

Mr. P. Lund left last Friday afternoon on a business trip to Frank, Alta., from there he continued his trip to Chicago, where he will spend a couple of weeks.

Mr. Geo. Renwick was a Cranbrook visitor last Tuesday.

Mr. Harold Darling, of the Lund Land and Development Co., of Cranbrook, was in town last Friday on business.

Mrs. P. P. Herric, of the company's boarding house, was in Cranbrook last week on business.

Mr. W. B. Embree, who has served as machinist for the Crows Nest Lumber company, for some time, left with his wife and child last week for Creston, where they will visit friends. They were accompanied by Miss Clarke, who has been visiting here.

Mrs. Black, wife of the local C.P.R. agent, was visiting with friends in Fernie last week.

Mr. Graham, of Edmonton, called on friends in town last Friday.

Dr. Bell, of Cranbrook, was called to Wardner last Saturday evening to visit Mrs. Boyd, who has been very ill for several weeks at the home of her sister, Mrs. Ben Laird. We are very sorry to know that the doctor gave them no hope of recovery, as he diagnosed her disease as cancer of the stomach. Mrs. Boyd is at present in a very weak condition. Her daughter arrived from Brandon on Tuesday and will remain for some time.

Word was received here on Saturday morning that Mr. John Martin, who had gone to Cranbrook a few days previous to accept a position, was very ill. His son Charlie went at once to Cranbrook and brought Mr. Martin back on the afternoon train. He quickly grew worse and his family being very much alarmed returned with him to Cranbrook on the night train and had him taken to the St. Eugene hospital. Latest reports are that he is improving.

Mr. and Mrs. Hart have taken up house keeping for a time in the house recently occupied by Mr. and Mrs. McDonald.

The subject for next Sunday evening's service at St. Andrew's Presbyterian church is "Everlasting Fire." Everybody is welcome to attend the service.

We hope that all our friends and neighbors will make a point of attending the big concert to be given in the Library hall on Friday evening, February 23rd. The programme will be supplied chiefly by Cranbrook talent and promises to be good. The proceeds are to be used in paying off church debts.

WILMER

(Special correspondence).

Wilmer, B.C., Feb. 21.—By a happy coincidence the first ball ever held by the Masons of this district was given last week in their hall at Windermere, under the auspices of Columbia lodge, No. 38, A.F.&A.M., G.R.B.C. It was a most pronounced success and formed a splendid opening for the Wilmer Curling club's first bonspiel which opened on the open air rinks here on Thursday. Most of the participants-to-be in the bonspiel were present in addition to which nearly two hundred other persons were invited.

In addition to the local rinks taking part in this the first annual curling competition there were two rinks present from Golden and one from Athelmer. The keenness of the ice was marred this morning by the excessive warmth of the weather which for some weeks past has been prevailing. Several matches were played on Thursday, the first resulting in a win for one of the Golden rinks. In the evening the contest was carried on in the covered rink where refreshments were served in honor of the visitors by members of the Women's Hospital Aid.

The date for the annual district fair has been set for the latter part of September in order to bring it in at a time to suit the judges who will visit this circuit.

The first annual meeting of the Windermere district board of trade has been set for the afternoon of Friday, the 23rd. It is anticipated that the aggregate of membership will be largely increased by reason of the good work which the reports will show the board har been able to accomplish in the past. The report of the president deals largely with the future and draws the members' attention to the importance to be attached to the proposal of the Canadian Pacific Railway company to establish their ready-made farms in this district. It also touches on the hope of better mail service and telephonic communication; also to the opening up of the subject of making the Columbia river navigable from its source to the Pacific and the aid to local navigation. The secretary's report is largely retrospective and also embraces a statement of receipts and expenditures by the board.

When her child is in danger a woman will risk her life to protect it. No great act of heroism or risk of life is necessary to protect a child from croup. Give Chamberlain's Cough Remedy and all danger is avoided. For sale by all dealers. 5-tf

WHAT FOLLOWED A CUT.

A Magistrate's Wonderful Experience With Zam-Buk.

Mr. J. E. Arsenault, a Justice of the Peace, and station master at Wellington, on the Prince Edward Island Railway, has had a wonderful proof of the healing power of Zam-Buk. He says:

"Four years ago, I had an accident. I slipped in the station and fell on a freight truck, sustaining a bad cut on the front of my leg. I thought this would heal, but instead of doing so it developed into a bad ulcer and later into a form of eczema which spread very rapidly and also started on the other leg. Both legs became so swollen and sore that I could only go about my work by having them bandaged. My doctor said I must stop work and lay up.

"After six months of this trouble I consulted another doctor, but with no better result. I tried all the salves, liniments and lotions I heard of, but instead of getting better I got worse.

"This was my condition when I got my first box of Zam-Buk. Greatly to my delight that first box gave me relief. I continued to apply it to the sores, and day by day they got better. I could see that at last I had got hold of something which would cure me, and in the end it did.

"It is now over a year since Zam-Buk worked a cure in my case, and there has been no return of the eczema or any trace of it."

Such is the nature of the great cures which Zam-Buk is daily effecting. Purely herbal in composition, this great balm is a sure cure for all skin disreases, cold sores, chapped hands, frost bite, ulcers, blood-poisoning, varicose sores, piles, scalp sores, ringworm, inflamed patches, cuts, burns and bruises. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, upon receipt of price.

CURE FOR CONSUMPTION.

HORSE FLESH RECOMMENDED BY FRENCH DOCTORS AS BEST REMEDY.

Paris, Feb. 21.—Horse flesh as a cure for consumption is the declaration of the physicians of Paris, opening the question of the government's importing a large number of animals for slaughter in order to supply the demand.

French doctors hold that horse meat is more nourishing, easier to digest and of greater recuperative value for consumptives than beef. Besides, it is much cheaper, beef costing in Paris forty-four cents a pound while horse flesh is only twenty-two. Doctors call the method the "Superalimentation cure." It is based on a quantity of raw horse meat minced fine and eaten three times a day.

MEETING OF SYNOD

GENEROUS CONTRIBUTION IN AID OF CHURCHMEN OF FERNIE.

Rev. E. P. Flewelling and Mr. C. A. Cock returned from Nelson last Friday, where they attended the annual meeting of the Synod of Kootenay.

C. W. Busk, of Kokanee, wrote that £10,000 had been given for church work in the Kootenay to the Rev. Canon Perkins, but there were no particulars.

The election for the various committees was then proceeded with. On the executive Reverends Green, Smythe and Procunier were elected and Rev. Rural Dean Flewelling was nominated by the bishop as clerical member, and Messrs. Busk, Cock and Bird were elected and F. A. Taylor nominated by the bishop as lay members.

As clerical delegates to the general synod Archdeacon Beer, Reverends Green, Graham and Seager were appointed with Reverends Procunier, Smythe, Solly and Steele as alternates, and lay delegates, F. Irvine, E. A. Crease, H. Bird and C. W. Busk were appointed with C. R. Hamilton, C. A. Cock, F. A. Taylor and G. S. Paton as alternates.

As representatives on the board of management M. S. S. C. clerical delegates, Archdeacon Beer and Rural Dean Graham, and lay delegates, Messrs. Busk and Cock. On the Sunday school committee Archdeacon Beer and Rural Dean Graham, and Messrs. Cock and Irvine. Delegates to the British Columbia provincial synod, Archdeacon Beer, Reverends Green, Graham, Seager and alternates Reverends Procunier, Smythe, Flewelling and Simpson. Lay delegates are same as to the general synod.

Pension and sustenation fund committee, Archdeacon Beer and Reverends Seager, Graham and Solly, and Messrs. Hamilton, Johnstone, Crease and Bird.

There was a long discussion in which the most friendly feelings were expressed to the churchmen of Fernie in their troubles. It was pointed out that they had two churches burned, losing some $5,000 or more, and had always given ungrudgingly while they were able. The result was that on motion the executive, who had already promised $900, were instructed to try and arrange for money to put the mortgage, etc., in good standing. A spontaneous desire to help was manifested and the representatives of the various parishes present began to shout the amounts they would be responsible for and in less than ten monutes the large sum of $1,005 was subscribed, as follows:

Penticton, $35; Cranbrook, $40; Kokanee, $55, Archdeacon Beer, $5; Kelowna, $120; Vernon, $100; Rossland, $50; Armstrong, $30; Okanagan Center, $10; Creston, $10; Golden, $25; Nakusp, $25; Rebelstoke, $25; Trail, $50; New Denver, $25; Okanagan Mission, $15; Salmon Arm, $10; Bonnington, $10; Keremos, $5; Edgewood, $10; Nelson, $150; Grand Forks, $25; Enderby, $20; Greenwood, $55; Summerland, $50; Rev. Reed, $5; Bishop de Pencier, $25; F Richardson, $5; John McClure, $10.

His lordship the bishop expressed his great thankfulness for the fine example of western generosity, which he should always remember as the last act of the synod on what, for the good of the church, he hoped would be his last presidency of this synod.

SICKLY CHILD

Made Well By Vinol—Letters from a Grateful Mother

New Haven, Conn.—"My little girl, ever since her birth, was frail and sickly and nothing seemed to do her any good until we tried your cod liver and iron tonic, Vinol. As soon as she commenced to take it, I noticed an improvement in her health and appearance. She has now taken three bottles of Vinol, and from the good it has done her I can say it will do all you claim for it in building up and strengthening frail and delicate children." (Name furnished on request.)

Another mother of Chicago, Ill., writes: "I can not say too much in praise of Vinol for delicate, ailing children."

We ask every mother of a frail, sickly or ailing child in this vicinity to try Vinol on our agreement to return their money if it does not do all we claim.

CRANBROOK HERALD

By the Herald Publishing Company,
F. J. Deane, Managing Editor.

CRANBROOK, B. C., February 22, 1912

EDITORIAL NOTES

Within the next two or three weeks there is every probability that we shall be in the thick of a provincial election campaign. There is no real need of an appeal to the country at this time, but the McBride government wish to secure a snap verdict and thus make sure of office for at least another four years. Whilst this may be entirely satisfactory from the Tory viewpoint, it can hardly be said to be so from the point of view of the average citizen. It would be an easy matter to point out the gross injustice that will be inflicted upon certain sections of the province, in the matter of representation, by this hasty appeal to the country, but it is not worth while, the McBride government mean to secure a snap verdict and as they hold all the cards they will certainly play the game when and how they please. Whilst there is no clear reason why this early appeal should be made, Premier McBride proposes to provide a plausible excuse. He will shortly introduce a new railway policy. It is in reference to this eventuality that the Herald wishes particularly to make some comment, with a view to arousing the electorate to a sense of the situation, not with any idea of circumventing the plans of Hon. Richard McBride, but in the hope of securing such consideration of the new project as will serve to safeguard, in a measure, public interests.

There is every justification for doubting either the ability, or the desire, of the government to make a fair, square bargain a deal of the kind proposed. This view of the case is based upon past experience. For the enlightenment of Herald readers we reproduce elsewhere in this issue some particulars of the deal made with Messrs. Mackenzie & Mann, when the last railway policy carried the McBride government back into power with an overwhelming majority. It will be noted in these particulars that there is an unconditional guarantee of both principal and interest on the C.N.R. bonds repayable in 1950, the guarantee period extending about forty years, instead of thirty, as expressly promised and vouched for by Premier McBride. Here are his own words, in the course of a speech at the A.O.U.W. hall, Victoria, on Saturday, November 29th, 1909:

"What is it we are going to guarantee? We are guaranteeing thirty-year bonds to the amount of twenty-one million dollars, bearing interest at 4 per cent. We are guaranteeing $35,000 a mile for the construction work in the province.

"As an evidence of faith that the Canadian Northern railway will carry out its contract with us, we will secure from the company a deposit in cash or a proper bond amounting to $500,000."

It is quite clear from the foregoing citation that the province's guarantee was only to extend over a period of thirty years. Read the prospectus, appearing elsewhere in this issue, and you will note that the guarantee period is to extend to 1950, practically forty years. No one will question that it makes a very material difference to the liabilities of the province guaranteeing forty year bonds instead of thirty year bonds. We have the premier's explicit statements that the province's guarantee was for thirty year bonds and yet we find that the contract entered into by the government with Mackenzie and Mann calls for a guarantee for forty years. There are other features in connection with this guarantee which call for investigation, particularly in regard to the security provided by the C.N.R. for fulfillment of their contract, but we have said sufficient for today to awaken an active interest in the government's railroad negotiations, with, we hope, some chance of protecting the taxpayer from further loose and unbusinesslike negotiations upon the part of the provincial government.

There are apparently quite a few individuals in the city anxious to assist the civic authorities in the work of suppressing gambling and other vicious practices, who have not the courage of their convictions and resort to anonymous communications, addressed to the mayor, the police magistrate and the chief of police, as well as to the press. This class of reformer will accomplish very little real good. It would be far better for any person having knowledge of illicit practices to approach the mayor or chief of police, personally and give such evidence as he possesses. The odds are that it would never be necessary to make public the names of the parties who gave the information. In their own behalf the police would naturally be careful to keep the source of their knowledge quiet. Frequently these anonymous communications are couched in very abusive language, the opinion of the writers being, presumably, that the civic authorities as a matter of course, know all that there is to be known of the conditions they allege to exist and of which they complain, and that for some improper motive the authorities are withholding prosecutions. It would greatly simplify the whole matter if those having complaints to make would do so over their own names, not necessarily for publication, but as an evidence of good faith. In the event of their complaints, thus openly made, not being attended to there would then be grounds for publicity that would, in all probability, quickly bring the delinquent authorities to time.

Ratepayers will take note that the bylaw to raise funds for the erection of the proposed Manual Training School will take place on Wednesday, March 6th. This is such an eminently desirable addition to our educational facilities that it will be only necessary for ratepayers to keep the date in mind so as to turn out in force and secure the passage of the bylaw by a very decisive, if not an unanimous, vote.

Cranbrook's fire brigade is doing good work and is a credit to the city. Would it not be very much in order for the city council to see that the two permanent officials are supplied with suitable uniforms?

ORANGE GRAND LODGE

IN SESSION AT REVELSTOKE—ELECTION OF OFFICERS FOR ENSUING YEAR.

The provincial grand chapter, Royal Black Knights of Ireland, opened at 9 o'clock on Tuesday morning in Selkirk hall, Revelstoke, with Sir Knight George J. Grimason of Victoria in the chair. The business of the morning session was taken up with reports of the grand lodge officers. The report of the grand registrar showed a large increase in membership, two new preceptories being resuscitated.

The election of grand lodge officers resulted as follows:

Grand Master—F. E. Pakenham, Mission City.

Deputy Grand Master—R. Fawcett, North Vancouver.

Assistant Deputy Grand Master—W. H. Trewsdale, Victoria.

Grand Chaplain — Edward Britt, Rossland.

Deputy Grand Chaplain—H. Birmingham, Vancouver.

Grand Registrar — J. J. Tulk, Vancouver.

Deputy Grand Registrar — Charles Elliott, Vancouver.

Grand Treasurer—H. T. Thrift, White Rock.

Deputy Grand Treasurer — W. B Gamble, Abbotsford.

Grand Lecturer — Alexander Armstrong, Cumberland.

Deputy Grand Lecturer — James Atcheson, Vancouver.

Grand Censors — E. W. Cooke, New Westminster; R. N. Hopkins, Vancouver.

Grand Stand — B. L. D. McCall, Peachland; D. Gibbard, Mission City.

Grand Pursuivant — J. H. Armstrong, Revelstoke.

Grand Tyler — W. H. Dunmore, Vancouver.

Grand Committee — J. W. Morrison, W. J. Dow, George McKeever, John Jackson, W. T Jago, George Grimason and Edward Bush

Deputy Grand Lecturer — William H. Brett, Vancouver.

GETTING READY FOR GARDEN

While it may seem a little early to do anything in the garden, yet there is a great deal that can be done, and by doing it now, time will be gained for the busy season soon coming. All the garden tools should be gathered up, mended, the woodwork painted, and all blades sharpened, handles mended, and everything put into shape. Pea and tomato sticks may be got ready and put under shelter, and it is a good time to spread fertilizer, if you neglected it last fall. The garden spot should be very rich in order to have vegetables get right down to business as soon as the warm days come. If you did not gather the weeds off the ground last fall, it would be well to set matches to the piles as you bunch them now, and thus burn up a lot of insect eggs. Don't forget to read the advertising columns, send for the catalogues, look over the lists of new implements and plan for the busy days.

TRADES AND LABOR COUNCIL

The regular meeting of the Cranbrook Trades and Labor Council was held on Monday evening last in the rooms of the French club, once known as Watts hall. Eight unions were represented by full delegations and much important business was transacted. One of the principal items up for consideration, was the action of one of our principal public bodies in sending out of the city for certain matter that could have been procured locally.

The legislation and municipal committee was empowered to ascertain the true facts and find out whether or no our respected city council approve of any portion of public funds being sent out of the city that can be used to better advantage at home.

The bylaws were adopted as recommended by the bylaw committee and as a consequence a most interesting meeting is booked for on Monday evening, March 4th next at the rooms of the French club, the council having made arrangements to meet there on the 1st and 3rd Monday of each month.

CHURCH COLUMN

CATHOLIC CHURCH.

Sundays—Low mass at 8.30 a.m., high mass, 10.30 a.m.; Sunday school from 2 to 3 p.m.; Rosary and Benediction at 7.30 p.m.

Mondays and holy days of obligation—Mass at 8 a.m.

Week days—Mass at 6 a.m. at the hospital.

P. Piamondon, O.M.I.

KNOX PRESBYTERIAN CHURCH.

Feb. 25th.

Morning service at 11 o'clock. The sacrament of baptism will be administered at the close of the service.

Sunday school and Bible class at 3 p.m.

Communion will be dispensed at the morning service on March 3rd.

Young People's Guild on Tuesday at 8 p.m.

Choir practice on Friday at 8 p.m.

METHODIST CHURCH.

Rev. W. Elson Dunham, pastor.

Sunday services: The pastor will preach at 11 a.m. and 7.30 p.m.

Morning subject: "The Doctrinal Basis Proposed for Church Union."

Evening subject: "Sympathy."

Special music will be rendered by the choir.

BAPTIST CHURCH.

Morning worship, 11.00. Subject: "The Gospel of Christ, the Supreme Exhibition of Divine Power."

Sunday school 3 p.m.

Evening worship, 7.30. Subject: An Abudant Provision for "Every Need of Yours."

The pastor, Rev. O. E. Kendall will conduct the services of the day.

A cordial welcome is extended to all.

SALVATION ARMY.

Sunday morning, 11 o'clock—Holiness meetihg.

Sunday afternoon, 2 o'clock—Sunday school.

Sunday afternoon, 5.30 o'clock—Free and Easy Meeting.

Sunday night, 8 o'clock—Salvation meeting.

Subject, Bible lesson: "The Great Eternal Question."

Tuesday night, 8 o'clock — Salvation meeting.

Thursday night, 8 o'clock—Holiness meeting.

Saturday night, 8.30 o'clock—Salvation meeting.

Everyone heartily welcomed.

Fred'k A. Stride, Capt.

HOCKEY

The hockey players have been waiting for several days for a little crisp weather to put the rink in condition. Several games are scheduled if the weather will permit. Fernie came up Wednesday and the game was certainly the best seen on local ice this winter. Cranbrook started off in the lead and in the first half made three to Fernie's one. The visitors gingered up toward the finish and managed to tie the score, the game ending 4—4. In individual plays Cranbrook far outshone their opponents, but in combination work the visitors seemed to excel. Another game will be played with Fernie in the near future and it is also likely that the Taber bunch will be seen here before the end of the season. They are the Southern Alberta champions.

Following was last night's line-up:

Cranbrook.	Fernie.
Goal.	
McManus	Cadden
Point.	
Ellis	Wallace
Cover Point.	
Williams	Dunlop
Center.	
Johnson	Gardiner
Right Wing.	
Pye	Thompson
Left Wing.	
Connolly	Bulland
Rover.	
McWha	Thresher

Y. M. C. A. NOTES

The men's meeting at the Y.M.C.A. last Sunday afternoon was well attended and was addressed by Rev. C. W. Kirby, of Calgary. Rev. Kirby gave an instructive and eloquent discourse on the small sins which creep into a man's life and grow into big ones. Rev. Dudley presided at the meeting. Rev. C. O. Main will preside at the meeting on Sunday next and Captain Stride of the Salvation Army on the Sunday following.

CARD OF THANKS.

We wish to thank all those who so kindly assisted during our late bereavement in the death of Mrs. Kerr.
W. J. Flowers and Family.

	$879.89

BRUNSWICK BOWLING ALLEYS

The Brunswick Bowling alleys, located in the basement of the new Campbell and Manning building, on Hanson avenue, will be opened to the public tomorrow evening. T. Horton Campbell will be in charge. In addition to four of the best appointed alleys in the Kootenays, there is a spacious billiard and pool parlor, with a cigar and tobacco stand for the refreshment of the lovers of Lady Nicotine.

This new place of amusement is fitted up throughout in first class style. All the appointments are of the very best and everything has been installed in first class style, under the supervision of Mr. F. S. Rossiter.

It is the intention of the management to arrange for one afternoon in the week being set apart for the ladies, so that they may indulge in the invigorating game of bowls with the desired privacy.

"Hort's" alleys promise to be one of the popular resorts of the city.

TOWN TOPICS

Jim Bates, game warden of Cranbrook district, was walking out in the mountains the other day when he met a hunter with his gun. The official suggested that that ought to be a good country for hunting. "It certainly is," said the hunter proudly. "I killed one of the finest bucks yesterday I ever saw, and he weighed over two hundred pounds." It was the season when deer may not be shot without subjecting the hunter to a heavy fine. "Well, that is a fine one," said the warden, "and do you know who you are talking to?" Being assured that he did not, the official said: "Why, I am the chief game warden of Cranbrook district." The hunter was only taken aback for a moment when he asked: "And do you know who you are talking to?" The warden didn't know. "Well, sir, said the hunter, apparently much relieved, "you are talking to the biggest liar in the whole of British Columbia."

The current issue of the Western Canada Trade Gazette, published at Calgary, contains further particulars of the existence of an alleged combine of the wholesale fruit and produce merchants in that city. Retailers in Calgary as well as surrounding towns claim that there is a combine, and their statements, along with the statement of a former traveller of one of the firms in question and the statement of the manager of an independent company are very interesting, not to say astonishing. The Alberta Brokerage company has become a feature of the situation and full information is given regarding this company, the directors of which are the members or representatives of the firms who are alleged to be members of the combine.

Fresh cauliflower; nice full heads at Ward and Harris.

The efficiency of baby shows at fall fairs as an antidote to race suicide will be thoroughly tested throughout Ontario next September if the directors of the local fair societies accept the suggestion of Louis Smith, of Cornwall, Ont., at the recent session of the twelfth annual convention of the Provincial Association of Fairs and Exhibitions. "Population failed to increase in Cornwall," said Mr. Smith, "and last fall the census report occasioned so much merriment that when the directors of our fair association got together they decided that a baby show in conjunction with the fair would arouse interest among the people along this neglected line, and it did. Some forty mothers entered with their offspring and the rivalry for the prizes were keen. It also boomed the attendance at the fair, for where you have the babies there also will be the women, and where there are women you will always find men." Mr. Smith's suggestion was hailed with enthusiasm by the delegates, who will carry the idea to every town and hamlet in the province where next fall it will be put to practical operation. It is a foregone conclusion that a baby show will be a "howling" success.

Apples! Apples!! Apples!!! All varieties at Fink's Pure Food Grocery.

P. Thompson, teller in the Bank of Hamilton at Fernie lost his life by falling over a precipice near the top of Mount Fernie last Sunday afternoon. Mr. Thompson left town about ten o'clock to take a stroll on snow shoes, and not returning at night, or appearing at the bank on Monday a party went in search of him, and his lifeless body was found just before dark Monday evening within three hundred yards of Ferry creek. He had stepped over a steep shoulder of the north slope of the mountain and had dragged himself to where he was found. He evidently lived for some time and succumbed to the cold and exposure of the night. Mr. Thompson was an Englishman and fond of strolling alone over the mountains.

A meeting of the Cranbrook Poultry and Pet Stock association was held Thursday evening last at the government building, where a room has been neatly fitted up and where meetings will be held in future. After routine business had been disposed of Mrs. R. Brown, presented her report as delegate to the B.C. Poultry association. The report contained a fund of useful information to those engaged in the poultry business and as a whole was the best and most valuable presented by any delegate to previous conventions. Rev. W. E. Dunham, a poultryman of wide experience was present and after answering a number of questions put to him by several of the members in reference to winter housing, winter egg production, etc., took up the subject of "The Breeding Pen," and went fully into that subject, a most important one for this season of the year, as poultrymen are making up their breeding pens just now. At the next meeting, which will be held on Tuesday, March 5th, Mr. Dunham will again be present and take as his subject "Fattening for Market." A demonstration of drawing, plucking and other points of interest will be discussed. The election of officers will also take place at the next meeting and every member is asked to attend. Place: Government building. Time: 8.30 sharp.

F. Parks & Co.
Hardware, Stoves, House Furnishing Goods
CRANBROOK, B. C.

Fresh cauliflower, cucumbers, lettuce, celery and spinach.—Campbell and Manning.

A special passenger tariff concession has been made by the Canadian Pacific railway for the Seventh International Dry Farming Congress at Lethbridge, Alberta, October 21-26, of a single fare from all points on its lines in Canada for a round trip ticket. C. E. E. Usher, passenger traffic manager, has telegraphed E. A. Cunningham, vice-chairman of the Board of Control and president of the board of trade of Lethbridge, who has been negotiating with the railroads for low transportation, that the C.P.R. will make the lowest convention rate known, namely: one fare for going and returning, upon the certificate plan. The rates heretofore granted conventions held in the northwest and west have been one and one-quarter or one and one-half fare for a round trip, and this reduction to a single fare from all points in Canada may be followed by the transcontinental roads in the United States, assuring a very large attendance at the Congress and Exposition next October. Dates of sales of tickets and other details will be announced later on by the Canadian Pacific, and it is anticipated that the American roads will shortly make known their rates.

Baby Chic Food, ground clam shells and cracked corn at exceptionally low prices at Fink's Pure Food Grocery.

Alex. Stevenson was committed for trial on Wednesday on a charge of assaulting Robert E. McLean with intent to rob him. From the evidence it appeared that McLean met Stevenson outside the Manitoba hotel on the night of the 19th inst somewhere about midnight. There was some tussle or wrestling between them at that point, but McLean broke away from Stevenson and ran across the street towards Burns' corner, down Armstrong avenue and into the alleyway at the back of Burns' where he either fell or threw himself. Stevenson was in hot pursuit. The police, Constables Baxter and Douville, saw the chase and moving up from of the two shout "Don't take my watch." They then found the two men on the ground, Stevenson being on top of McLean. After pulling them up McLean charged Stevenson with taking his watch. The chain was hanging down. Next morning they found the broken bar of the chain. Magistrate Ryan committed Stevenson who will probably take speedy trial before His Honor Judge Thompson some day during the present week. Stevenson is a lumber jack who has worked in the camps around Cranbrook for years past.

Corporation of the City of Cranbrook

NOTICE OF COURT OF REVISION

PUBLIC NOTICE IS HEREBY GIVEN that the Court of Revision will sit on Monday, March 4th, 1912 at the hour of 10.30 a.m. (local time) at the Municipal Buildings Cranbrook, B.C., for the purpose o correcting and revising the Assessment Roll of the City of Cranbrook.

Any person complaining of an error or omission in the said roll shall give notice of his complaint in writing to the Assessor, and the grounds of his complaint, at least ten (10) days before the sitting of the said Court.

T. M. ROBERTS,

CANADIANIZING Y.M.C.A. WORK

EXTENSIVE PLAN NOW BEING CAREFULLY PREPARED FOR WINNIPEG CONVENTION NEXT JUNE.

The Young Men's Christian aesocia. tion movement in Canada has from the beginning been united to some movement in the United States. The type of association work conducted in the Dominion, while at the first differed slightly from that in the United States, has gradually conformed to that type as distinguished from the European.

The international conventions, so called, have been made up of all the associations in North America. The last convention was held in Toronto in October, 1910. There has been a growing feeling among intelligent association men in the Dominion that there needed to be some plan devised by which the Canadian work could be supervised nationally rather than internationally; that the center for Canadian work should be in Canada rather than in New York City, where the headquarters of the International committee are located.

In the Unitch States the International committee was the first agency of supervision to be created by the associations. The purpose of it was to unify the existing work and to extend the work into unorganized fields. In order that the different States might push their own work within the boundary of the Union more effectually, state committees were created by state conventions, which were called in the beginning by the international committee. These state committees were entirely independent of the international, and they exercised, or had a right to exercise, exactly the same as the international.

With the growth of the strength of the international committee on the one hand, and the state committee on the other, each seeking to lead the associations, considerable friction and overlapping have developed from time to time, and at the Buffalo International convention in 1901 the question of relationships was debated with vigor and some little heat.

Canadian association men have believed that it would be possible to work out some plan for Canada that would provide for the following things: First, a unification of the whole work under a national policy; second, prevention of overlapping and friction; third, a continuance of cooperative relations with the association movement in the United States.

A conference was held in Toronto on December 29, at which it was decided to recommend the call of a convention in Winnipeg in June next, at which time it is proposed to undertake the formation of a national committee and to arrange for the division of this committee into sections, covering the Maritime Provinces, Ontario and Quebec and the west. These divisions correspond to the scheme of provincial organizatioas, and it is expected that the functions now exercised by provincial committees will pass to the subdivision of the national, while the national committee as a whole will be expected to maintain direct relation to certain departments of work, such as the student, the railway, the immigration and secretarial supply. The whole question will have to be presented to the different associations in Canada before it can be finally acted upon by their representatives at the National convention, and the matter is now being gotten into shape for such presentation by a special committee.

STORY OF A "STRAD."

Mr. Robert Crawford, of Edinburgh, who died the other day, was the possessor of a Stradivarius violin which cost him £2,000. The instrument has a romantic history. It was bought about 1827 by an eccentric named Tarisio, who gave up his trade as a carpenter and started searching every nook and corner of Italy for Cremona violins. He lived alone in a wretched attic in Milan, where, one day in 1854, he was found dead among a confused heap of fiddles. There were two hundred and fifty of them, the result of a thirty years' hunt. A noted Parisian dealer, hearing of the wonderful collection, set off for Milan post haste, and purchased the two hundred and fifty instruments for the nominal sum of £3,166. Among them he found one specially magnificent "Strad" — the instrument which Mr. Crawford bought in 1890 for £2,000. The Parisian dealer kept it till his death in 1875, and so anxious was he for its safety that during the Franco-German war he buried it, case anh all, in a damp-proof, air-tight box, and did not unearth it till peace was proclaimed.

TO EXPLORE THE DEAD SEA.

As a variation on Arctic exploration, the Berlin Palestine Exploration Society is sending a party to Palestine to carry out a thorough scientific investigation into the phenomena of the Dead Sea. Barely thirty miles from Jerusalem, the conditions existing in the vicinity of this famous lake are such that life is almost unknown there. The air is stagnant and hot, and the atmospheric pressure normally about 33 in., while the surface of the water is almost 1,300 feet below sea level. No one has ever remained long enough at the Dead Sea to gather data useful to scientists, and the mission of the German scientists will be by no means a picnic.

INTENSIVE CHICKEN FARMING.

Mr. Godwin Edwards, of London, says forty thousand chickens can be raised on an acre in a year. The hatching is done in incubators. The chicks are never allowed at large and are fed a ration that makes them weigh three pounds at thirteen weeks old. Their feed would cost twelve cents each. At local prices here the feed might be put at fifteen cents and the three pound chicks at sixty cents, giving a margin of forty-five cents or, allowing for eggs and the cost of hatching, forty cents. Forty thousand chickens sold at a profit of forty cents each would yield $16,000 to pay for labor and interest on capital, a profit that is about as good as real estate speculation in boom times, remarks the Victoria Colonist.

Mr. Edwards also discusses the egg problem. We are going to have rhortly what he calls "super hens." He says there are breeds now that will give two hundred eggs a year, but this does not satisfy him. Apparently he wants hens that will lay an egg every day in the week and two on Sunday. But speaking seriously, he looks for a time in the near future when "by the careful management of these super-breeds and their universal adoption by poultry experts, we shall augment our home supply so enormously that the foreign egg will become unsaleable in the London market." Then we shall see, probably, the end of the alleged classification of this necessary food product into Strictly Fresh Eggs, Fresh Eggs and Eggs.

PIONEER WOMAN DOCTOR.

DEATH OF DR. JEX-BLAKE, FIRST TO GET DEGREE IN ENGLAND.

London, Feb. 21.—By the death last week of Dr. Sophia Jex-Blake at Mark Cross, Sussex, in her seventy-second year, England loses her first regular woman physician.

Sophia Jex-Blake was a sister of the late Dean of Wells. In the early sixties she visited New York and attended the lectures of Dr. Elizabeth Blackwell, who had gained her diploma in 1849. Later she studied under Dr. Lucy Sewall in Boston, returned to England in 1869, and was matriculated at Edinburgh, but, on account of her sex was not allowed to complete her studies.

After a hard struggle Miss Jex-Blake and her colleagues were admitted as medical students in Edinburgh, but they were refused admission to study in the Royal Infirmary wards, and in November, 1870, a mob of male students slammed the gates of Surgeons' hall in their faces.

Then, in face of a petition signed by nine thousand women, the Senatus upheld the decision of the lecturers prohibiting the women's attendance. In 1872 the women won their litigation, but on appeal in 1873 the court of sessions reversed the judgment by a bare majority.

After four years in London, where she helped to found the School of Medicine for Women, Miss Jex-Blake returned to Edinburgh to practise, and in 1886 she founded the Edinburgh School of Medicine for Women, which the university recognized for graduation in 1894. Since 1899 Miss Jex-Blake had lived in retirement in her native county, Sussex.

THE CRANBROOK DRUG AND BOOK CO. HAS A PREPARATION THAT WILL GROW HAIR ABUNDANTLY.

This is an age of discoveries. To grow hair after it has fallen out today is a reality.

SALVIA, the Great Hair Tonic and Dressing, will positively create a new growth of hair.

If you want to have a beautiful head of hair, free from Dandruff, use SALVIA once a day and watch the results.

SALVIA is guaranteed to stop falling hair and restore the hair to its natural color. The greatest Hair Vigor known.

Watch your hair if it is falling out. If you don't, you will sooner or later be bald.

SALVIA prevents baldness by fastening the hair to the roots.

Ladies will find SALVIA just the hair dressing they are looking for. It makes the hair soft and fluffy and is not sticky. A large bottle, 50cts. At the Cranbrook Drug and Book Co.

ARE YOU INTERESTED?

The Johnston Truss Co., of Vancouver, invite your attention to the new Johnston Mechanical Rupture appliance they are manufacturing. This appliance is the invention of Mr. J. A. Johnston, of Vancouver, who for the past three years has been perfecting it until now it is the most complete rupture truss ever made. To compare it with any other rupture truss is impossible. It meets with the approval of the medical profession and every ruptured person who has seen it. The testimonials from those wearing it are all that could be desired. It is made in a variety of sizes for men, women and children, and besides permits of twenty adjustments.

Up to the present time most of those who are wearing this appliance are cases of long standing, yet in every instance immediate and continued relief has been the result.

The Johnston Truss Co., whose address is 591 Richards St., Vancouver, has in addition to its workshop, two properly equipped fitting tooms, where all patients have the personal attention of Mr. Johnston himself. Call or write for booklet containing full instructions for self-measurement, giving us at the same time any particulars of your case you care to, and we will send you the information you require. 8-1t

Sedentary habits, lack of outdoor exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, are the most common causes of stomach troubles. Correct your habits and take Chamberlain's Stomach and Liver Tablets and you will soon be well again. For sale by all dealers. 5-tf

DIVIDEND PAYING PRINTING

Is not a hard thing to obtain, If you will only go at it in the right manner, but you should not expect to get a first-class piece of printing by going from shop to shop and accepting the lowest bid, regardless of the class of work you will get in the end. Nine times out of ten you will get something that misrepresents your house and drives business away, instead of obtaining a class of work that will show you up in your true light and bring trade to your house. Would you purchase goods from a drummer in overalls? We don't believe you would. What right, then, have you to expect the buying public to patronize your firm when you issue shoddy printing matter? As you well know, you are "judged by the company you keep," and as your advertising literature is your silent salesman, you are judged accordingly. It is not at all necessary to have a long-winded story, but it is very essential that you have your matter so attractive that the receiver is compelled to take a second look at it before casting it in the waste basket. Your story should be told in as few words as possible, but the most important part is to have the matter attractive, and something that's out of the ordinary.

You have read what competent judges have to say about our work, and we would like to "show you," that we "deliver the goods" when it comes to good printing. We will gladly furnish you estimates on anything in the printing line you may want, from a one inch label to a newspaper, and we will deliver your job the exact day we promise you.

DEATH OF FRED. H. SMALL

It is with very great regret that the Herald records the untimely death of Frederick Hughes Small, a nephew of Mr. E. H. Small, of this city. Fred Small was well known throughout the city, having lived here a good deal as a youngster, and having been located here during the past two years. He was a son of Mr. and Mrs. W. Small, of Vancouver, and was aged 23 years and 7 months. At the time of his death, due to heart failure, his parents, a sister, Mrs. C. Speer, and a brother, Sidney Small, were with him. Another brother and sister were at the family home in Vancouver.

Young Small had for several years past been engaged as a jockey, and in that capacity had established an enviable record on Western Canadian tracks, as well as in the states of Montana and Washington. He rode the winner of the Calgary derby two years ago. He also held the record of having ridden the fastest mile ever ridden on the Vancouver track.

His early demise was undoubtedly due to over training. He was physically fit in every respect, save for his heart.

He was taken ill about Christmas time and despite the tenderest care and most skilful medical attention death claimed him as its own last Saturday.

The funeral took place last Monday afternoon, and was very numerously attended. Rev. C. O. Main officiated, the funeral arrangements being in charge of W. R. Beatty.

The pall bearers were Jas. Kennedy, F. Murphy, C. McEachern, R. Naife, S. Morris and E. Davis.

The coffin was covered with a profusion of beautiful flowers, tokens of love and respect from many friends in this city and outside points, among the most beautiful of the wreaths were the following, from Mr. and Mrs. A. C. Bowness, Mr. and Mrs. J. A. Murray, H. E. Baristo, the Beattie-Murphy Co., Mr. and Mrs. Geo. Hoggarth, Mr. and Mrs. J. B. Hall, Mrs. Robichaud, Dr. and Mrs. King, and one from Spokane.

Widespread regret was expressed throughout the city at the news of Fred Small's death. He was extremely popular among a large circle of acquaintances. A bright, clean, athletic young man, and a sportsman of the very best type.

OVER SEAS CLUB

INITIAL SOCIAL AND DANCE LARGELY ATTENDED AND VERY ENJOYABLE.

There was a large gathering at Carmen's hall on Tuesday evening for the social and dance under the auspices of the newly organized Over Seas Club. President Wallinger gave a vigorous address upon the aims and objects of the club, followed by a patriotic address by Mr. J. F. Smith. The following programme was then proceeded with, the various items coming in for hearty applause:

Song—"Asleep in the Deep" ... ... Mr. Geo. Sims
Song—"Flight of Ages" ... ... Miss Leslie
Song—"Tosti's Good Bye" ... ... Mrs. G. F. Stevenson
Humorous Song—Selected ... ... Mr. Hardy
Pianoforte Solo ... ... Miss Wright
Reading—"Stove Pipe Hole" ... ... Mr. H. Darling
Song — "So Ho Little Girl" (encore) "When I Was a Girl" ... ... Mr. A. Raworth
(Selections from "The Country Girl")
Song—"When We're Together" ... ... Miss Leslie
Song—"Beauty's Eyes" (encore) "Love's Own Sweet Song" ... ... Mr. G. F. Stevenson
Song—"Under the Deodor" (special request) (from "The Country Girl") (encore) "Sleigh Song" ... ... Mrs. G. F. Stevenson
Humorous Song with Banjo—Selected ... ... Mr. Hardy

The accompanists were Mrs. G. F. Stevenson and Mr. E. Elwell. Following the musical programme came dancing, for which music was supplied by Mrs. Wallinger, F. Woods, A. Clark and D. Sims. During the evening refreshments were served by Mrs. Leslie, Mrs. J. Brake, assisted by several other ladies.

NUTE WILL MEET ELWELL

NELSON MAN ACCEPTS CRANBROOK'S LONG DISTANCE RUNNER'S CHALLENGE.

"I have given up long distance running but will race Archibald Elwell, of Cranbrook, in a sprint or in a quarter or half mile race," said Thomas Nute, Nelson's crack foot racer, last night in reply to the challenge issued by the East Kootenay man.

Nute says that he will race Elwell in Nelson or in Cranbrook for any of the distances named and suggests that possibly two races might be arranged, one to take place in Nelson and the second in Cranbrook.

The local man has the necessary backing and is ready to open negotiations for a race with Elwell but is emphatic in his statement that he has definitely decided to quit long distance running on account of the arduous training necessitated by such events.—Nelson News.

In reference to the foregoing Archie Elwell intimated to the Herald that he was prepared to run Nute a mile race, here or in Nelson, some time in May. If Nute insists upon not running more than half a mile, Archie is prepared to give him a go, but prefers the mile.
