Old Rivals In Battle Royal

Kimberley and Wycliffe Stage Fine Brand of Ball on Labor Day

The morning game on the G.W.V.A. grounds, which brought together Wycliffe and Kimberley in the two-game play-off for the Daily News cup, once started, hit a good pace that lasted and satisfied, more or less. Musser opposed Johren on the mound and a pitchers' battle royal was waged for five scoreless innings. Musser was pitching in his old-time form during this period and allowed but two runners to occupy the hot corner; Johren, while pitching neat ball, found himself in the pinches somewhat oftener, but was saved by beautiful support. In the sixth chapter, Wycliffe started the scoring—Argue singled, advanced on Vaughn's single, Mitchell flied out, Piper forced Vaughn at second, Clark up, two out, Piper stole second, Clark singled, scoring Argue and Piper. In the seventh Kimberley was again blanked and Wycliffe came to bat, two runs up; Logan flied out, Bamford doubled, Johren hit to infield and reached first on fielders choice: Bamford thrown out at third, two out; Argue singled, Vaughn singled, scoring Argue and Johren. In the eighth Kimberley broke into the scoring column Horne out at first, Coen flied out, Geyer to first on infield error; Pennington singled; Musser singled, scoring Geyer and Pennington; two runs, Wycliffe failed to score in their half of the eighth. With the score 4-2 in Wycliffe's favor the miners came to bat in the ninth: Kozak grounded out, J. McMahon grounded out, two out; W. Horne singled, H. Horne singled, Coen walked, bases full; Geyer singled, scoring W. Horne and H. Horne, Pennington reached first on field error, Musser to first on field error, scores Coen, Geyer, F. McMahon grounded out; four runs. With the score switched, Wycliffe had an uneventful ninth and the game stood 6-4 in favor of Kimberley. Fielding honors went to Logan and Johren for Wycliffe; Pennington and Geyer for Kimberley. Argue starred with the stick for Wycliffe while the redoubtable Coen led the winning nine with two hits and a sacrifice out of three times at bat.

SUMMARY

Hits off Johren, 12; off Musser, 9; off Pennington, 0. Bases on balls, Johren, 1; Musser, 0; Pennington,0. Struck out—Johren, 4; Musser, 7; Pennington, 2. Innings pitched — Johren, 9; Musser, 8; Pennington, 1. Three base hit, Musser. Two base hit, Bamford. Sacrifice hits — H. Horne, Coen, Geyer, J. McMahon. Stolen bases—Piper, F. McMahon. Double plays—Wycliffe—To Logan to Clark. Kimberley—Pennington to Geyer to Horne.

First base on errors—Wycliffe 2; Kimberley 4. Field errors—Wycliffe 4; Kimberley 3. Left on bases Wycliffe 7; Kimberley 10.

Umpires, F. Thompson and Patenall.

EVENING GAME

The same two teams faced each other on the diamond in the evening, with a few changes in the line-up.

Pennington did the heaving for the miners, while Mitchell, left-hander by birth and training, supplied the opposition. Pennington threw Class A ball for five innings, allowing only one hit among the nineteen men facing him. Meanwhile Kimberley scored once in the third and again in the fourth. Third inning: Kozak struck out; W. Horne singled; F. McMahon sacrificed Horne to second; two out: Coen up, W. Horne scored on Vaughn's wild throw; Coen grounded out to Clark. Fourth inning: Geyer thrown out at first, Crowe to Hinton; Pennington singled, Musser singled, Pennington thrown out at third, Piper to Logan; two out. H. Horne singled, Musser scored on error by Argue; G. McMahon struck out. The fifth was scoreless, both sides retiring in one, two, three order. In the Wycliffe half of the sixth things commenced to happen: Vaughn walked; Argue sacrificed Vaughn to second; Crowe singled, stole second; Mitchell flied out to Pennington, two out; Piper singled, scoring Vaughn and Crowe; Hinton walked; Logan reached first on W. Horne's error; Piper and Hinton scored; Bamford struck out; four runs.

Kimberley came to bat two down in their half of the sixth: Coen grounded out, Pamford to Hinton; Geyer singled; Pennington singled; Geyer scored from third on a passed ball; Musser sacrificed, scoring Pennington, Vaughn to Hinton; H. Horne struck out; two runs.

Wycliffe went to bat in the seventh

(Continued on Page 2)

Belleville, Ont.—It has been officially announced that the firm of Mead, Johnson & Co., have completed arrangements for the establishment of a Canadian branch here for the manufacture of milk products.

PHYSICAL DIRECTOR RECREATION CLUB RESIGNS POSITION

Directors Discuss Policy For Future; Meeting Again Next Week

A meeting of the directors of the Recreation Club was held in the club rooms on Tuesday evening, when a number of the members were also present. The meeting was called to determine what should be done in regard to carrying on the club. The resignation of Mr. Geo. Salter as physical director, which has been pending for some time, and now is to take effect, necessitated some action to be taken at once.

The financial report as read by M. A. Beale, showed that a deficit of $344 had accrued on the operation of the club to date this season, but that with membership fees due, this would be slightly reduced. The total deficit or liability of the club amounts to about $2500. As the directorate felt that it was impossible to carry on without the moral, as well as the financial support of the community, some of the board were in favor of discontinuing the operation of the club at once, and pledging themselves to reduce as soon as possible the liabilities existing against the organization.

After lengthy consideration, in the course of which all phases of the situation were canvassed, it was decided to call a meeting for next Tuesday evening, when representatives from various organizations are expected to be present to consider the future of the institution. The matter of the possibility of obtaining from the Rotary Club an appropriation from the fund obtained for the use of their playground committee was broached, it being felt that the use of it in this way would not in any way be betraying the confidence of those who had contributed to the carnival funds. Mr. Harry White, Dr. Miles and E. H. McPhee were representatives from the Rotary Club, Mr. White stating they were there to obtain information as to the standing of the club, on which they would report back at the next Rotary meeting.

Among other suggestions offered was one to operate the club without the services of a paid instructor. It was felt the services of a few volunteer workers could be obtained in the city, and considerable expense thus saved. Others thought such a scheme had not been a success in the past, and would not be in the future. Some were anxious that every effort be made in order to have the club continue to function.

It was difficult to see why a place like Fernie should be anxious to secure such an institution, while Cranbrook was apparently indifferent as to whether it existed or not. Since the meeting on Tuesday there has been considerable public discussion on the subject, several suggestions being made regarding the possibility of other organizations standing back of the Recreation Club, to see that its work was kept up.

SCHOOL ENROLMENTS INCREASE OVER LAST YEAR'S TOTALS

The public and high schools opened on Tuesday with good attendances in all the schools. In th high school there is an attendance of approximatly 20 over the number in attendance last year. Grade IX. has 54, Grade X 43 and Grade XI. 24. The increase is partly due to the fact that Grade XI. had only 13 last year, and the entrance class was larger this year. The staff is the same as last year with the exception that Miss F. E. Magee takes the place of Mr. McLaughlin.

At the time of going to press figures were not obtainable as to enrolment at the central school. The new teachers there are Miss Johnson, who is taking Miss Magee's place; Miss McCaslin, Grade VI., Miss Glaser, Grade VII., and Miss Best, Grade III.

NATIVE SONS RESUME MEETINGS AFTER SUMMER RECESS

Wednesday evening the first meeting since the holidays was held by the Native Sons of Canada, when a fairly large representation of members was present. Many matters of importance to the lodge were taken up. L. P. Sullivan of the tree planting committee reported progress and was further empowered to proceed with the purchase of trees and arrange for their planting on an arbor day to be arranged.

The question of the identity of the Canadian flag brought forth a discussion. Some were of the opinion that it was illegal to fly or use what was commonly known as the Canadian Ensign, or the Canadian marine flag, which is the flag with the Union Jack in one corner and the Canadian coat of arms on the red field. It was pointed out by others that the authorized Canadian flag was similar to the ensign, but in place of the old coat of arms, it bore a shield containing the arms of England, Scotland, Ireland and Wales, with three maple leaves occupying the bottom point of the shield.

A. K. Leitch, W. F. Doran and A. E. Leigh were appointed a committee to go into the matter of furthering Canadian amateur games. This committee was also instructed to attend the general meeting of the Recreation Club to be held at the Club rooms on Tuesday next.

LOCAL GOLFERS VISIT FERNIE FOR ANNUAL TOURNEY

The following Cranbrook golfers took part in the Crows Nest tournament over the holiday week-end, in which 160 players from Lethbridge, to Lumberton competed. They were Mr. and Mrs. M. A. Beale, Mrs. M. McCreery, Mrs. Forrest, A. Graham, Mr. Robertson of Lumberton, Dr. F. W. Green, Mr. and Mrs. W. R. Grubbe, Mr. Chester Staples.

The prizes won by Cranbrook Club members were as follows:

Mrs. M. A. Beale, second in driving contest.

Mrs. Forrest, second in nine hole handicap (first day).

Mrs. M. McCreery, second in ladies' nine hole handicap (second day).

Mrs. W. R. Grubbe and Mrs. Robertson of Fernie, second in ladies' foursome.

Mr. Robertson of Lumberton, second in nine hold handicap, Monday.

The visitors to Fernie report an excellent reception on the part of their hosts there. Saturday evening a dance was given in the Oddfellows' Hall, while the Fernie Club entertained at tea and luncheon each day. While not definitely decided, it is expected that the tournament will be held in Cranbrook next year.

Tennis Players at Nelson

Dr. W. A. Fergie and Mr. George Simpson returned from Nelson on Tuesday where they had been in attendance at the big tennis tournament over the weekend. Though unsuccessful in getting into the jewelry class, they report an excellent time. Dr. Fergie and his partner, Mrs. Buxton, reached the finals, but were beaten by the pair that won the cup. At the annual meeting of the district tennis association later, Mr. Simpson was elected first vice-president and Dr. Fergie elected to the executive.

TO DECIDE FUTURE OF RECREATION CLUB

The Editor,
Cranbrook Herald.

Dear Sir:

At a meeting of the Cranbrook Recreation Club, on Tuesday, Sept. 3rd, on receipt of the resignation of the present director, Mr. Geo. H. Salter, the following motion was passed.

"In view of the financial condition of the club, and the resignation of the present instructor, be it resolved that the members and everyone interested be asked to meet at the club Tuesday evening, September 10th, at eight o'clock, to decide whether or not the club shall at once shut down."

The closing of this club should be on the conscience of every citizen of Cranbrook. Surely no one doubts that such an event would be a detriment to the welfare of the youth of the town. It is the only place in the city where girls and boys may have gymnasium work, swimming and supervised games. The institution here has been the envy of visitors from other towns, not only for what it does for the children, but for its women's gym work, its business men's classes, the social life and the opportunities it affords for all to keep in fit physical condition.

At the swimming galas of the club, parents, who in their youth had not the chance to learn to swim, have watched their children perform feats of which they were justly proud. Members of the C.R.C. this summer, took a large proportion of the prizes in a Kaslo gala. Other towns on the line are making valiant efforts to achieve what we already have. But perhaps the best justification we have for the existence of the club, is the fact that lives have been saved by members trained in lifesaving by the director.

With the present fees the club cannot be maintained. Raising the fees will shut out many children from the benefits of the club. Even in cities with large memberships fees are not adequate to meet expenses. Outside voluntary help is absolutely essential. With three excellent service clubs functioning and looking about for opportunities for serving the rising generation, it is unthinkable that so good an opportunity at their very doors should be overlooked.

It is impossible for a directorate to cary this institution alone. Beside financial support they must have concerted moral backing of the community. The meeting next Tuesday presents an opportunity for every public spirited citizen to marshal himself behind a proven, all-year-round benefit to the youth of the city. Our gymnasiums and playgrounds are cheap insurance against sending boys to reform schools and jails.

THE DIRECTORATE

Purchases New Nash Closed Car

On Tuesday evening T. M. R. Stewart, of the Ratcliffe & Stewart Garage, returned from Vancouver, to which place he had gone to get delivery of a new Nash car for N. W. Burdett, of Kimberley. From Spo. kane he was accompanied by Mr. Burdett and his two daughters. The new car which is an Advanced Six five-passenger Nash sedan, embodies all that is latest in automobile manufacture. It is of a pleasing blue shade, and attracted a lot of attention when it made its appearance on Baker Street. It has full baloon tires, disc wheels, four wheel brakes, and a host of other refinements and new features that are characterizing the new cars.

COMPLETES FIVE THOUSAND MILE TRIP DRIVING NEW CAR HOME

With his mileage indicator registering 5068 miles, Mr. W. H. Wilson arrived in Cranbrook on Sunday evening accompanied by Mrs. Wilson and Miss Jean. The mileage represented the distance that had been travelled since Mr. Wilson had taken possession of his new Dodge sedan from the manufacturers at Walkerville, on an order from the local agent, Mr. F. H. Dezall, through whom the purchase was made. From Montreal the distance driven was 3832 miles.

Leaving here on July 22nd, Mr. Wilson went direct by train to Walkerville, where he secured his car and drove direct from there to Toronto, where he met Mrs. Wilson and his daughter Jean. From there they drove to Mr. Wilson"s home in Farnham, Quebec. Mr. Wilson reports a very enjoyable time in the east, visiting many places of interest while away and combining business with pleasure in stopping at such places as the Waltham watch factory and the great optical works at Southbridge, Mass. The Southbridge works he described as a wonder.

Mr. Wilson left Montreal for home on the 12th of August, went to Boston, New York and other eastern cities, and reached St. Paul on August 23rd. From there he took a jump of 1650 miles in five days. To the time he got into Vermont he travelled 1800 miles on paved roads. 16 states of the Union were passed through in coming back. The worst part of the trip was through Montana to Couer d'Alene, 175 miles of this was on the Yellowstone highway. During the trip no mixups of any kind were experienced. The storm that hit the east was encountred at Wisconsin Rapids, where miles of the road were inundated. There the rainfall registered was five inches in one hour, and the worst electrical storm in his experience was encountered. Two punctures within three hundred feet of a vulcanizer indicated to Mr. Wilson much enterprise on the part of the tire man in this particular town he was passing through. The car drove beautifully, as high as 318 miles being made in a day. With the banner "Montreal to Cranbrook" across the front of the car, it attracted much attention as it sped on its western journey.

The trip back was made on 204 gallons of gasoline, at an average cost of 22 cents per gallon. 16½ quarts of oil were used.

Mr. and Mrs. George Wragg of Spokane accompanied Mr. Wilson from that city and are visiting in Cranbrook for a week.

Victoria. — Whalers report that over 100 pounds of ambergris has been taken at the whaling grounds off the British Columbia coast this season.

Charlottetown, P.E.I. — The Potato Growers' Association are taking the necessary steps to secure a supply of labor to handle the greatly increased potato crop of the Island, which promises to yield a 300 per cent. crop, as compared with last year on account of the increased acreage. It is expected that 9,000 acres of certified seed potatoes will be harvested.

GIRL GUIDES MAY BE ORGANIZED IN CRANBROOK SOON

Provincial Official of Movement To Address Meeting Here Next Week

Word has reached Cranbrook that Miss E. Frances Mara, Deputy Provincial Commissioner for the Canadian Girl Guides Association, will address a meeting of those women who are interested, on the subject of Guiding. Unless other arrangements are made the meeting will be in the Cranbrook Recreation Club building at 8 o'clock on the evening of Tuesday, Sept. 16th. Miss Mara is touring through British Columbia, holding as many meeting as possible. From this city she will proceed to Fernie. She is said to be a very capable an excellent speaker, knowing her subject thoroughly.

Lady Byng of Vimy, is president of the Canadian Girl Guides Association. Mrs. W. C. Nichol is Provincial Commissioner.

FAIRMONT SPRINGS POPULAR HOLIDAY VENUE LAST WEEK

The fine weather of last week-end drew many local automobilists out on the roads for considerable stretches, and the attractions at Fairmont Hot Springs proved a strong magnet to many. The warm swimming tank was in full demand, and the bungalow tents, though augmented considerably in number recently, were filled with visitors, almost without exception. Among the late improvements has been the establishment of a restaraunt service at the camp, and good meals have been served on the shady verandah of the building.

Among the visitors from Cranbrook and vicinity registering at Fairmont during the week-end were: Mr. and Mrs. E. James, Kimberley; Mr. and Mrs. W. F. Cameron, Mr. and Mrs. J. E. Webster, Mr. and Mrs. G. R. Leask, Mr. and Mrs. L. Leask, Mr. and Mrs. Roy Leask, Mr. and Mrs. F. L. Constantine, Mr. and Mrs. B. A. Moorhouse, Miss Dorothy Moorhouse, Miss Jean McPhee, Mr. and Mrs. F. B. Miles and family, Miss A. Woodland, W. J. McFarlane, Mr. and Mrs. W. J. Marsden, Kimberley, Mr. and Mrs. Cockshutt, Mrs. M. Cassels, A. C. Neilly, Mr. and Mrs. J. R. Walkley, Mr. and Mrs. F. A. Williams, Miss F. E. Magee, Mr. and Mrs. P. C. Hartnell, Mr. and Mrs. Shannon, Kimberley, Miss G. Dawson, Miss Anne Fulton, Fort Steele.

Regina.—Up to the end of June more visiting cars had passed through this city than in all last year, according to the secretary of the Board of Trade. Up to that time 157 cars had put up at the auto camp, containing 559 tourists. Many of these were from across the border.

Lethbridge—A party of one hundred farmers from Montana are visiting Alberta this month. They are to be met by a group of irrigation engineers and will be taken over the various irrigation projects of Southern Alberta, and then attend the convention of the Western Canada Irrigation Association at Calgary.

Musicians In Recital

Mr. Vincent Fink and Other Local Artistes Heard to Advantage

If, besides the recent successes of the Cranbrook Musical Society and that of the Rotary Club, further evidence was wanted as to the ability of Cranbrook to offer high class entertainment to its citizens, the concert recital given by Mr. Vincent Fink and others on Friday evening last should have proven sufficient.

With pleasing recollections of the concert given by Mr. Vincent Fink assisted by Miss Wanda Fink and Miss Helen Worden last year, the audience at the Auditorium were filled with high expectations with regard to the program to be presented. That they were not disappointed could very easily be judged by the hearty applause that greeted every number given. Many competent to judge, have expressed the opinion that taken on the whole the concert was the equal of any that could be heard in much larger places than Cranbrook from professional musicians.

It was admittedly one of the best concerts of its kind ever presented here. The program, which in itself was a very generous one, was enlarged with several encores, and many would still willingly have listened much longer.

Mr. Fink, who since being heard here before, has had still further training under the best teachers, was again heard to advantage. He demonstrated the high degree of proficiency to which he has attained, while a rich tone quality was also apparent. Of his several numbers, possibly the second number in the first suite, "Symphonie Espagnole," by Lalo, was the more appreciated, though "Caprice Viennois," by Kreisler was also excellent.

Miss Helen Worden, with her unaffected manner, again captivated her audience with her rendering of several pianoforte selections. She showed marked improvement over her performance of last year, her group number proving a very enjoyable feature of the program. Her first number, Schumann's "Scenes from Childhood," was a piece descriptive of interesting phases of child life. Her last number, Moskowski's "En Automne," which was concluded amid very loud applause, showed well her interpretative ability, being also an excellent vehicle to convey her ability to execute the more difficult passages.

The violin, 'cello and piano were heard blending perfectly, Miss Wanda Fink playing 'cello with the art-

(Continued on Page 5)

Brandon—Fifty more boys from all parts of the British Isles arrived here under the auspices of the Salvation Army and were placed on farms. This is the third party under the Salvation Army immigration scheme to arrive at Brandon, the first two aggregating two hundred boys, nearly all of whom are now settled on farms in the neighborhood.

CANADIAN WEEKLY EDITORS RETURN

Here are some of the Canadian Weekly Editors (photographed on board the Canadian Pacific Liner "Montlaurier"), who have been touring the Old Country, and in Scotland have been the guests of the Corporations of Edinburgh and Glasgow, and the Publicity Clubs of these cities. They have toured the Burns, Rob Roy and the Scott Countries, and other historical parts of Great Britain, including Wembley.

They have had a most enjoyable time and returned to Canada determined to do all in their power to boost the Old Country, and to develop tourist traffic from Canada to the Motherland.

TWELFTH ANNUAL FAIR IS BIG EVENT

The 1924 Fall Fair is now a matter of history and the officers and directors of the Cranbrook District Agricultural Association have every reason to feel satisfied with the success tendinf their efforts. It is trus that the attendance of the people of the district was not all it was hoped for, and that weather conditions this summer have not been conducive to the production of first class farm produce, but nevertheless there was sufficint of merit in connection with the other features of the fair to make it more than worth while. In connection with the attendance, it has been suggested that possibly if some other day besides Labor Day were to be chosen, say a Wednesday, afternoon, more people would make it a point to attend, whereas on Labor Day the temptation appears to be too great to take advantage of the last holiday of the season and go out of the city.

Those in a position to compare this year's fair with those of former years state it surpasses any ever held here, particularly in regard to the live-stock. Mr. Hopkins, one of the judges, stated to the Herald that the exhibition of stock here was one of the best he has attended, outside of the big fairs.

The horses shown were better than in previous years, and also the cattle exhibits. All the classes were well filled, and there was keen competion. The dairy cattle made an excellent showing, but the sheep class was light. The boys' and girls' pig club put on a first class show, Yorkshires being the variety exhibited.

The track events were very satisfactory, and an enjoyable afternoon provided. Good fields and good contests marked each event. The white man's race, won by First Principle owned by Lougheed of Creston was a very fine contest. In the five-eigths dash between First Principle and Skookum from Windermere, the latter won a good race. First Principle was at a disadvantage, having just run a previous race.

The display in the building was light, this being expected, on account of the lack of moisture prevailing in the district when it was most needed. Considering the blighting frost visiting the district just previons to the fair, the flower display was very good. The Women's Institute also deserve much credit for the show they staged.

The refreshment booths under the care of the Oddfellows' Lodge, did a good business and helped make some money for the treasury.

The kewpie doll artist and the aluminumware specialist were there, and considering the fact that the carnival was hardly over, the business done was truly remarkable.

The dance on Monday evening in the Auditorium was well attended, Robinson's' orchestra supplying the music. Tuesday night, however, so few turned up that it was decided to call it off.

The baseball games at the lower grounds were well attended and good exhibitions of ball were put up. Another game between these two teams would be well worth seeing.

The poultry show was on the whole very good, some classes were a little light while in others the competition was very keen.

The Invermere experimental station are to be complimented on the excellent exhibit they had at the fair. The Cranbrook association are indebted to Mr. Newton and Mr. Turner for their action in bringing the exhibit to Cranbrook.

The winners of the horseracing events wre as follows:

Indian Horse Race, Half mile: 1st, Luke, 2nd, Little Jim.

White Man's Horse Race, Half mile, 1st, Lockhead, 2nd, Kirkland.

Five-eighth mile dash (open) 1st, Francis; 2nd, Lockhead.

Open Horse Race, half mile, 1st, Browne; 2nd, Grey Jim.

Half mile dash (open); 1st, Francis; 2nd, Glizzley.

Squaw race; 1st, Madalin; 2nd, Catherine Sussie.

Relay race; 1st, Dave Copilo; 2nd, John Starr.

Potato race on horseback; 1st, John Clark; 2nd, Phillip.

White ladies" race; 1st Emma Connelly; 2nd, Netty Owen.

Jumping contest; 1st, Phillip; 2nd, Coleman.

Owing to lack of time it is not found possible to publish the prize list in thns issue. The complete list of winners at the fair will therefore appear next week. Mr. Hay with the assistance of Miss Noble and Mr. Towson of the fruit inspection branch has prepared complete copies of the prize winners, which they have been good enough to furnish to the press.

The efforts of Mr. Hay to make the fair a success are worthy of much commendation. For many months he has had it in mind, and has been constantly planning for its betterment.

Ideal weather favored the fair on both doys, and in the old fair location, many visitors felt quite at home again.

The winners in the Women Institute section appear on another page of this issue.

KIMBERLEY NEWS NOTES

The Wallace bakery is now open, to the public, next door to the Glen Cafe. Mr. Wallace is noted for his fine bread and pastry.

Mr. Hogberg was buried on Sunday at Cranbrook, a large number from Kimberley attending the funeral.

Mr. and Mrs. Shaannon and party motored to Fairmont on Monday.

A big circus is coming to town this week and the children are all wearing a smile.

The Vincent Fink concert was a great success on Thursday night, and everyone was delighted with the talented musicians.

Jim Martin was in town on business on Wednesday.

Before deciding on that new building or that repair work, see Geo. R. Leask, the Pioneer Builder of Kimberley and Cranbrook. 18t

Mr. and Mrs. Jack Holland and family, who have been spending a week at St. Mary's Lake, returned home on Saturday.

Mrs. Hedley McLeod and family spent a few days at Green Bay.

Allan Keer is spending a couple of weeks at Banff and other points.

Mr. and Mrs. G. B. Powell of Cranbrook were in town on Tuesday.

Mr. W. M. Archibald was in town Saturday and Sunday.

Mr. N. W. Burdett and the Misses Winnie and Mildred left for Spokane on Saturday, returning on Monday in their new Nash.

Mrs. Stevens of Cranbrook, is visiting her daughter, Mrs. Maister.

Mr. McKenzie arrived on Friday from Vancouver with his bride, and will take over the management of the new hardware store which is to be opened up in the near future. Mr. McKenzie is well known in town, having travelled for the Marshall-Wells Co. for some time.

Alex Dempster returned to his home in Pincher Creek on Tuesday.

more to come

A good deal of excitement was caused on Tuesday night when a fire started in the basement of Carlson's pool room. The prompt aid of the local fire fighters soon extinguished the blaze and very little damage was done. This is one time when Kimberley appreciated the new water system.

The people of Kimberley were treated to a free ride in Brown's new bus on Monday to take in the fair at Cranbrook.

On Monday, Mr. D. Leith and family were at Perry Creek, fishing, when for some unknown reason their little daughter strayed away from the mother. The child was lost all night and search parties scoured the country. The little one had crossed the creek and fortunately was found by a Wycliffe man, sleeping under a tree at eight o'clock on Tuesday morning.

School opened on Tuesday with a large attendance. Miss Fox and Miss Diebolt returned again this term and additional teachers in the persons of Miss Freeman, of Vancouver, Miss Johnson, of Trail and Mr. Marsh, who takes the position of principal, are now on the teaching staff. It is expected that another teacher will be added in a few days.

Mr. Johnson, of Fernie, was a visitor in town for a few days this week.

The ball game between Wycliffe and Kimberley was a victory for the home team, 6-2. The game between Cranbrook and Kimberley was more evenly balanced, proving a six all tie.

Brown's stage line have put a fine big bus on their run between this town and Cranbrook. The bus will seat 18 people, and the upper structure is principally glass, which will make winter riding very comfortable. The new bus is a "White."

The Sash & Door Co. have put up a new building just below the station.

The $5.00 special prize is drawing large audiences to the Orpheum on Monday evenings, but all the pictures are well worth seeing regardless of the prize winning chances, and are the very latest.

Mrs. Campbell was a Cranbrook visitor on Tuesday.

Mr. and Mrs. Ira M. Foster and son, who have been visiting at St. Mary's Lake, expect to be back the end of this week. Mrs. Foster intends to resume her music class on September 8th.

John Neilsen, Mrs. N. Neilsen, Helen Neilsen and Ragnar Johnson, of Sullivan Hill, are back from a most enjoyable holiday spent in Southern Alberta. They report fine camps and nice conveniences for tourists, but British Columbia roads for them. "What's the matter, Johnnie, don't you like Southern Alberta any more?"

WYCLIFFE NOTES

Mrs. Kramer, of Couer d'Alene, Idaho, who with her parents, Mr. and Mrs. A. J. Anderson, resided here some ten years ago, spent several days of last week at the home of Mr. and Mrs. A. Staples, renewing old acquaintances. She returned to Couer d'Alene on Sunday last.

Although we have no information available as to the progress in hospital, of Edward Palmer, who was very seriously injured at the camp last Tuesday morning, the last report received was to the effect that he was improving, amazing in view of the terrible fall which he had. The heartfelt hope of all Wycliffe people is that he may continue to recover his health and strength as time goes on.

Mr. and Mrs. E. L. Staples and family, with Mr. and Mrs. H. S. Johnson and family, have returned to Wycliffe from their summer home at Premier Lake, where a modest camp has been transformed into a beautiful rustic bungalow that has an ideal setting by the shores of East Kootenay's lake wonderful.

The infant son of Mr. and Mrs. P. Poho, just a month old, passed away during Tuesday night of last week, following an illness of two weeks. Many were the expressions of sympathy for the bereaved parents by their neighbors, the while reflecting that the little one had passed from the toil and care of this world after one short glimpse, into the peace and quiet of the great beyond. The funeral was held on Wednesday to the cemetery in Cranbrook, Rev. B. C. Freeman conducting the service at the graveside.

The annual Sunday School picnic was held in the natural park up the river on Thursday afternoon of last week. Picnics generally afford plenty of excitement, fun and eats for the youngsters, and this was no exception. Just ask any kid.

School re-commenced on Tuesday morning with a full attendance. Miss M. Harrop, of Harrop, B.C., is in charge of the advanced grades, and Mrs. Macdonald, of Nelson will teach in the primary section.

The ball games, fall fair and dance in Cranbrook on Labor Day, filled in the holiday very fully, and, we believe very satisfactorily to a large crowd of Wycliffe people. A detailed account of the two ball games is to be found elsewhere in this issue.

CHILD SPENDS NIGHT IN THE OPEN

An event which might have terminated in sorrow, had a happy ending on Tuesday morning of this week, when the 3-year-old baby daughter of Mr. and Mrs. David Leith of Kimberley, was found in the bush after a fifteen hour search which commenced late Monday afternoon and continued throughout the long night. The child had wandered to the creek which flows past the camping ground on the Oldtown road, where the Leith family were picnicing, apparently to get a drink,—had crossed the creek, which is very shallow at that point, and then entered the dense brush, where she became confused and was not able to find her way back. When her absence was discovered, and the efforts of her parents to find her were unavailing, Mr. Leith came to Wycliffe to enlist aid and a search party was formed. All through the night the woods were combed by anxious men, but the darkness and thick brush made a thorough search practically impossible until daylight. So, with the early morning hours came an army of searchers from Wycliffe and Kimberley, the entire mill crew from this point going in a body. Upon arrival at the scene a systematic search was instituted in which over a hundred men participated. A half hour went by, and hearts had begun to sink, and thoughts of dire possibilities to arise, when suddenly, from the end of the line went up a joyous shout! and the baby was found. The sight which met the eyes of the searchers when they reached the gathering point, and witnessed the re-union of father and child, was good to behold, and the men from the far end of the line who arrived later, saw with astounded eyes, the little one wrapped in blankets, happily munching a sandwich. Next to the father, possibly the happiest man in that crowd of happy men, was Bill James, who found the child, after he, G. Tanner and W. Barrows had found her footprints in the sand and had followed into the brush in their general direction. There is added wonder to the story for the lost child was barefooted, and to think that she wandered into the sharp brush and there slept, as undoubtedly she did, through the cold dark night, without harm approaches the miraculous. The action of the management of the company in aiding in the finest possible way with the search, was a good deed done well, and there is no doubt that the gladness in the hearts of the Leith family is the greatest recompense of all to everyone who did his bit.

KIMBERLEY STAGE LINE INSTALL A NEW TYPE OF BUS

That the people of Kimberley are being well taken care of so far as means of transportation between that town and Cranbrook are concerned, was further emphasized this week when the Brown's Stage Line placed in operation on their service a brand new White bus, which represents the last word in vehicles of this kind. In reality it is a miniature street car on pneumatic tires. The chassis is made by the White company, while the body is made in Calgary, by Hay & Harding, to whom credit is due for an excellently finished car. It is well equipped with its own heating ventilating and lighting systems. The chassis is of the same type as is in use on all the big bus lines operating in Yellowstone and other parks. The Brewster Transport Co. at Banff have ten in operation, there being in all 14 in Banff. The type selected by the Brown Co. is preferable to the sedan type for the work here. The bus will seat 16 people. On its first trip down from Kimberley it carried 18. It has drop side windows of glass allowing for lots of ventilation in summer but can be kept comfortable in winter.

Mr. L. H. Higgins, factory representative, was in town for a few days this week to see that everything was in order. So far as the body is concerned, Cranbrook is the only place in the west, outside of Vancouver which has one of this type. The cost of the equipment is $7,800.

OLD RIVALS IN BATTLE ROYAL

with the score tied, four all: W. Staples walked; Vaughn singled; Argue singled; scoring Staples; Crowe out at first, Pennington to McMahon; Mitchell singled, scoring Vaughn; Piper hit to field, Argue thrown out at plate; two out; Hinton walked, bases full; Logan struck out; two runs.

A double play retired Kimberley early in the seventh, and Wycliffe went to bat in the eighth with the score 6-4, but failed to score. Kimberley went to bat in the eighth: Coen struck out; Geyer singled; Pennington doubled; Musser struck out; two out; H. Horne singled scoring Geyer and Pennington; G. McMahon struck out. The teams went into the ninth with the score again tied 6-6. Wycliffe went to bat: Crowe thrown out at first, Geyer to McMahon; Mitchell hits for three bases; Piper hit to field, Mitchell thrown out at plate, Musser to McMahon; two out; Piper stole second; Hinton struck out. Johren relieved Mitchell in the box for Wycliffe in this inning, retiring the miners, one, two, three. The game went into the tenth inning, but in spite of heavy rooting by the spectators neither team gained any advantage and the score stood as at the end of the eighth, 6-6. As Kimberley needed to win both games to lift the cup as challengers, Wycliffe will probably be the possessors for the second year of its existenece, as the Kimberley team is dispersing and there will be no opportunity of promoting the play-off.

Both of these games were well attended and the crowd that packed the bleachers and cars around the diamond seemed highly pleased at the brand of ball that was on tap at both battles.

SUMMARY

Hits off Pennington, 8; off Mitchell, 11; off Johren, 0. Struck out by Pennington, 14; by Mitchell, 10; by Johren, 4. Bases on balls by Pennington, 4; Mitchell, 0; Johren, 0. Innings pitched—Pennington 10, Mitchell 8; Johren 2. Three base hit, Mitchell. Two base hits, Argue, Vaughn, Pennington. Sacrifice hits, Argue, F. McMahon, Musser. Stolen bases—Crowe, Piper, Hinton. Double plays—Wycliffe, 2; Crowe to Bamfordl to Hinton. To Logan to Hinton. First base on errors, Wycliffe, 2; Kimberley, 2. Field errors; Wycliffe, 4; Kimberley, 3. Left on bases, Wycliffe, 8; Kimberley, 5.

FOREST DEVASTATION AND THE WEATHER

(From the Canadian Lumberman)

If any proof were needed that Canada has reached the danger zone of forest depletion. Ample evidence has been provided in the erratic and unseasonable weather we have been experiencing. There is only a comparatively narrow fringe of forest growth now left between the Arctic circle and the present inhabitable portion of Canada. When this has been completely removed, climatic conditions in the southern portion of Canada will be little different from the northern zone, the distance being so insignificant.

In corroboration, is is only necessary to refer to present conditions even as far south as the state of Florida, which conditions are interesting as bearing on the question of the devastation of forest lands in its effect upon climatic conditions. It is well known today that the frost line has extended as far south as Florida so as to affect vegetation not only at Palm Beach but also at Miami. Killing frosts are now experienced at both of these places every season.

Years ago before the winter resorts were even thought of in Florida as they now exist, oranges were grown successfully in that state even as far north as Ocala. That place, as is well known, stands at the head of navigation of the inland fresh waters. Some years ago that whole region was developed as an orange growing territory. To-day oranges are not grown in that section, and the same land that was used for orange growth is now used for wheat land.

The great change which has taken place in the tier of states north of Florida during this interval of time is the devastation of the pitch pine forests. The tier of states, together with northern Florida, has been very largely denuded of its forests. Previous to this devastation these forest lands acted as a wind break preventing the cold winds from the north sweeping over the Florida peninsula. This forest devastation is the only physical change which has taken place in this period of time, and this is fully accepted as the cause for the change in climatic conditions in Southern Florida.

With regard to the effect of forest devastation, Gene Stratton Porter says.

"With the cutting of our timber has come a change in our climate; weeks of draught in summer, and destructive cyclonic windstorms, winters alternating from a condition so open as to freeze prematurely forced fruit and grain, and winters so stringently cold that the fruit trees are killed outright.

"The even temperature and the rains every three or four days which we knew in childhood are things of the past. Summer in these days means to scorch for weeks at a stretch with unalleviated heat; and in the same state in which I was born, it has become necessary for the sons of the men who wasted the woods and the waters, to put in overhead sprinkling systems in order to grow their garden vegetables, while windmills and irrigation are becoming common.

"In my childhood my father planted grain with the same certainty of having a full crop that he had of having alternate day and night. To-day the farmer on my land has no more idea whether he will get a paying yield from the wheat, corn and potatoes that he puts into the ground than he has as to whether the next cyclone will blow his house into the lake or pass a few yards on the other side of it. We, as a nation, have already, in the most wanton and reckless waste the world has ever known, changed our climate conditions and wasted a good part of our heritage."

This striking picture of conditions existing in the United States applies with equal force to conditions in Canada to-day. We are at present experiencing every condition enumerated in the foregoing alarming narrative.

What is our government at Ottawa doing to reduce this enormous wastage of our most vital natural resources? The almost incredible answer is summed up in the one word, "NOTHING."

FRANK J. D. BARNJUM.

WATER NOTICE

Diversion and Use

TAKE NOTICE that Atlee D. Bridges, whose address is Cranbrook, B.C., will apply for a license to take and use 2 miner's inches of water out of an unnamed creek which enters North Fork of Gold Creek on sub-lot 26 of Block 4591, Kootenay District, and which flows through said sub-lot south-easterly and drains into the North Fork of Gold Creek about 343 yards north of Southeast corner of sub-lot 1 of Block 4591.

The water will be diverted from the said unnamed stream at a point about 140 yards west of Government Road through said sub-los 26 and will be used for irrigation purposes on the lands described as sub-lots 1 and 26 of Block 4591.

This notice was posted on the ground on the 18th day of August, 1924.

A copy of this notice and an application pursuant thereto and to the "Water Act 1914," will be filed in theoffice of the Water Recorder, Cranbrook, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

The date of the first appearance of this notice is August 22nd, 1924.

MORE FOREST FIRES REPORTED THIS YEAR THAN PREVIOUSLY

The rain of the latter part of August probably saved the East Kootenay from having the worst forest fire season in its history, according to Norman Moore of Cranbrook, district forester.

Up till the middle of August the forester's records show a total of 191 fires reported, as compared with a total of 68 for the same period last year. The worst fire of the year was encountered at Dutch Creek, in the Windermere country, and at one time 138 men were employed in the fight to control it. A very large area was burned over and it is feared considerable merchantable timber was destroyed. At Cameron Creek, up Goat river, 13 miles from Kitchener, another big blaze had to be handled, the rainy spell encountered during the first few days in August saving the situation.

Of the 191 fires tabulated, Mr. Moore says but ten per cent. were due to lightning, the other 90 per cent. being due to human agencies and for the most part carelessness.

A redeeming feature of this year"s forest fire patrol work is the larger measure of co-operation experienced from the general public, more fires having been extinguished by citizens abroad in the woods and afterward reported than ever before.

This year, too, forest protection is expedited through the use of the two lookout stations at Swansea, near Invermere, and at Moyie, west of Cranbrook. These have a commanding view in every direction and by making use of them it has been possible to dispense with the services of a number of patrolmen.

Patrolmen report great success with the portable Evinrude pumps they are supplied with this season. These pumps are specially adapted for coping with camp fires, near the streams, that have been neglected and set ablaze the nearby timber. Some sixty-nine of such incipient blazes have been expeditiously handled with these portable pumps, which are effective for a radius of fifty feet.

Victoria. — The Skeena Lumber Company has been registered with a capital of $500,000 to take over the Kleanza Company, Ltd., lumber and mining operators of Usk. The new company is financed by Minneapolis capital and has power to establish a pulp and paper mill.

Victoria.—An important branch of the British Columbia forest products industries is the manufacture of wooden boxes. There are twenty-five box making plants in the province representing a capital of between three and four million dollars. Some twelve hundred people are employed in the manufacture and handling of wooden boxes in British Columbia and the annual pay-roll is not less than one and a quarter million dollars.

CROFTERS DEPUTATION TO CANADA

These delegates from the Hebrides sailed to Canada on the Canadian Pacific Liner "Marburn" for the purpose of investigating the fishing and farming possibilities in the Dominion, also to see the new settlements in Western Canada made by the Hebrideans who sailed to Canada on the "Marloch" this Spring and last year.

In the foreground — The Rev. R. A. MacDonell, and the Rev. Canon A. MacDougall. The others are:—Lachlan McLeod, North Bay, Barra.; Neil MacMillan, Dalliburgh, S. Uist.; Angus MacDonald, and Lachlan Nicholson, Eochan, S. Uist., crofters.

MANY PRAIRIE VISITORS NOTED IN LOCAL TOURIST CAMPS

During a recent period of six weeks in the neighborhood of 700 people each night enjoyed the pleasure of sleeping in the 21 tourist camp sites provided by the forestry department in the East Kootenay district, which includes the Banff-Windermere highway, according to Norman Moore of Cranbrook, district forester.

This is an increase of almost 300 per cent as compared with last season, and is striking proof of the increased popularity of these camping spots with the motor tourist.

This increase does not mean that the East Kootenay tourist trade has tripled in twelve months, though it has shown a considerable gain, Mr. Moore's explanation of the situation being that very many more people are using the camps.

What observations the patrolmen can make show that by far the biggest percentage of the autoists are from Alberta and Saskatchewan, the heavy American trade that was in evidence earlier in the year having slackened off measurably.

The East Kootenay forestry district is the pioneer in the matter of supplying campsites, and is very careful to see that as soon as a camp is opened it is fully equipped with a cast-iron fireplace and grate, tables, benches and every possible sanitary convenience. Each camp will provide night accommodation for eight cars with an average passenger list of five people.

VANCOUVER FIRM WILL REBUILD BIG SAWMILL

(From the Canadian Lumberman)

Reconstruction of the Hanbury sawmill, on False Creek, Vancouver, which was completely destroyed by fire lately, will be undertaken immediately, according to John Hanbury, head of J. Hanbury & Co., Ltd. While the fire entailed a heavy loss —approximately $400,000 — it was fully covred by insurance. It will be impossible to salvage anything and some fine machinery of late design is among the losses.

The Hanbury mill had been a landmark in Vancouver for many years and occupied a strategic position from a milling and shipping standpoint. It was not the first time the mill had caught fire, but the recent blaze, occurring a few minutes before noon, advanced with such intensity that the scores of employees about the plant scarcely realized just what had happened before the flames were licking through the dry sawdust and the woodwork and spreading to every portion of the big plant.

John Hanbury, head of the firm, at one time was a lumber operator near Cranbrook, the name of Hanbury still being retained from that time.

Only a pin can get away with a double course—of being pointed one way and headed another.

MINERAL ACT

(Form F)

Certificate of Improvements

NOTICE

"Faith" "Hope" "Warhorse" and "Granite." Mineral claims situate in the Fort Steele Mining Division of East Kootenay District.

Where located: — On east bank of West Fork of Hell Roaring Creek.

TAKE NOTICE that we, A. H. Mayland, Mary Bennett and N. A. Wallinger, Free Miner's Certificate Nos. 75042, 75159, 75161, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action under Section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 15th day of July, A.D. 1924. 21-29

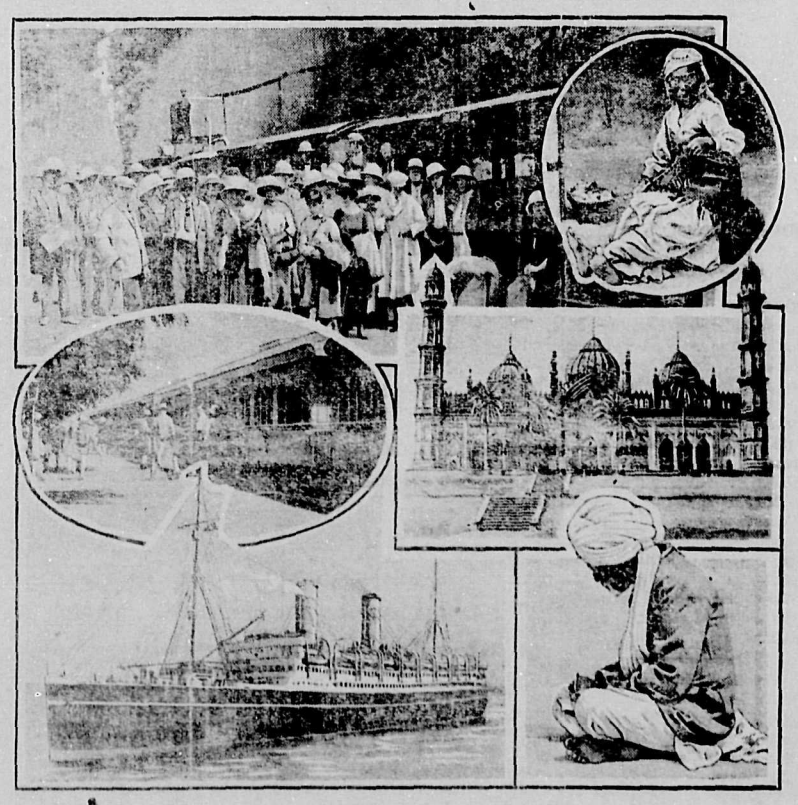
PIANOS AND BEDDING AS BAGGAGE



Top left and centre inset, Empress of Canada passengers and the trains which took them across India this year. Top inset, Tibetan Spinner, Market Square, Darjeeling. Other views are of the Canadian Pacific S.S. Empress of France, selected to carry the Canadian flag around-the-world in 1925, and of the Jama Masjid, Lucknow. Lower right is a Mohammedan at prayer, Agra Fort.

The Indian railway guage is the broadest in the world and a modern first-class compartment is the last word in comfort.

Fans, shaded lights, cooling arrangements, blue glass windows to let down in case the glare is too strong, Venetian blinds to supply an airy twilight, a luxurious bath-room next door, arm-chairs, tables, beds . . . . Yes, beds. In India, the traveller takes his bedding with him by train. After dinner his servant enters the carriage, makes the bed and lays out the Sahib's pyjamas and slippers.

Unless otherwise ordered, he will await the Sahib's return and help pull off his boots and clothes. Perhaps this is a relic of the old "John Company" days, when the Sahib came back of an evening carrying more than a necessary dose of brandy pawnee; at any rate the old-fashioned servant still expects to unlace his master's boots.

It is, however, unnecessary to do what one's servant expects. But to be without a servant in India would be impossible. For a ten-day trip each married couple and every two or three bachelors will find it desirable to have an attendant.

A word as to their treatment: Many of these servants are excellent and trustworthy men; but the idea of "liberty, equality, fraternity" is abhorent to them. The tourist who is condescending enough to show them any sort of brotherly love will be merely snubbed for his pains, for the relations of master and man have been established since immemorial time throughout the East.

The average compartment on the Indian railways is nearly twice the size of the American drawing room car. Two couches run along its length on either side, under the windows. At the foot of each there is door-space and an armchair. Above the couches are two more berths, to be let down at night as occasion requires.

A very large quantity of baggage is carried in every compartment, for many passengers take, in addition to wardrobe trunk, bedding, suitcase, helmet-case, typewriter and all sorts of odds and ends such as hogspears, golf-sticks, fishing rods and tiffin baskets. But there is room for everything and anything (a perambulator is a common sight and a cottage piano has been taken as personal luggage) on the wide floor of an Indian railway compartment.

In the early morning, when the tired sun of India is fighting its way over the mists lying over the plains, your servant comes with "chota-hazri," the "little breakast" of the East, consisting of tea and buttered toast

Later, he returns to lay out your clothes. So do the servants of the other passengers; if there happen to be four travellers in a compartment, each with a servant and with the articles of baggage enumerated above, the routine of shaving and dressing is apt to resemble a film comedy.

One compartment on the train, or sometimes more, is reserved for ladies traveling alone. A whole compartment can always be reserved by paying for four first class seats. Considering the accommodation provided, travel is not expensive in India. A first class fare from Bombay to Delhi costs about $35.

The day passes quickly on the train, for the plains of India, having been cultivated for untold ages, hold more of interest than similar places in other parts of the world, which have not been lived in so long. The diversity of types to be seen at the wayside stations is truly amazing.

Twilight. Dinner-time. The teeming plains of India still unroll before you.

You return to your carraige, where your bed has been laid out on one of the sofas. With a novel and a bedside light, you while away a few more hours, reading, smoking, watching the dim villages, shorn of their dirt and decrepitude, and invested with a certain magic in the moonlight. Between these villages, thick with a life lived in a key so minor that the North American could hardly live a day on the month's food of an Indian peasant, slow bullock carts creep along, bound on errands we know nothing of.

The mystery of India steals over your drowsy senses, you switch off the lights, the fan overhead moans, the coach wheels chatter of their travel and you pass into your own particular Western brand of nirvana, until, at last, day returns and a dusky figure says: "Salaam, Sahib, chotahaziri ready!"

The photographs reproduced above were taken by members of the Across India party of the "Empress of Canada" 1924 "Round the World" cruise passengers. Next season the second "Round the World" cruise will be conducted under Canadian Pacific auspices, the famous trans-Atlantic liner "Empress of France" being scheduled to sail from New York on January 14th, returning, via the Panama, May 23rd. Shore excursions will be made from every port of call, and, among other things, all members of the cruise will be taken by train to Delhi, one of the ancient cities of the world and capital of India, and to Agra, the beautiful city of the Moguls where facilities will also be available for members of the cruise who desire to take an extension trip from Agra to Benares, and also to Calcutta, Darjeeling, Madras and Madura, reaching the ship at Colombo.

MINARD'S "KING OF PAIN" LINIMENT

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 6,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free permits are available for settlers, campers and travellers up to ten head.

WHAT THE TIMBER INDUSTRY MEANS

The ultimate prosperity of British Columbia is to a very great degree dependent on the goodwill of its citizens towards the industrial forces that are developing its natural resources.

It is a common fault of all countries richly endowed with natural wealth to minimize the hardships and overrate the rewards of the operators engaged in the conversion of the raw material into the finished product. The sympathy of the public with the industrial groups that are building up national wealth is only effective when it is the outcome of intelligent knowledge of the scope of those industies and a study of their economic issues.

In the case of the B. C. lumber industry it is difficult to account for any lack of interest in its problems by the citizens of the province for the reason that in no country in the world, perhaps has a basic industry so entwined itself with the destiny of the community. It is a commonplace to us that we are the owners of one of the very finest stands of softwood timbers in existence. We dimly recoguize that our forest industries have been the main factor in transforming our settlements into cities and our waterfronts in to wharves. We have an idea that but for shipments of wood products by land and sea our railroads would not pay and our harbors would attract but little shipping. Those of us who have been abroad recall now and then the fact that British Columbia lumber is its principal publicity medium in far-off countries.

The Timber Industries Council of British Columbia, in a series or articles now running in these pages, are publishing some remarkable facts and figures concerning the great importance of the forest industries to the province. It is stated that the lumbermen contribute a third of the revenue of British Columbia; that they directly employ one-fourth of the workers in British Columbia, and that they are responsible for a third of the industrial payroll of the province. Further, that the combined forest industries represent an annual purchasing power of not less than $100,000,000, of something like $200 per capita of the whole population.

With facts such as these staring us in the face some loyal interest in the problems of this vast industrial force becomes a duty of our citizens. The goodwill and support of the people of British Columbia is after all the main security upon which our lumbermen have freely invested a sum exceeding two hundred million dollars. If that security depreciates into indifference the vast investment becomes imperilled and disaster faces both parties to the contract.

On the other hand complete co-operation and understanding between the public and the lumber industry can only result in the investment of further millions, more intensive development of our resources and the consequent prosperity accruing to the province.

NOTE AND COMMENT

Press despatches this week carried an item of news that could not fail to bring thrills to university and high school students particularly, and certain members of the staffs of these places as well. The missing hundred and seven or so books of Livy are said to have come to light. Just how many of them are to be added to current curriculums has not yet been announced.

In the wrestle for political honors in the recent West Kootenay by-election it took something more than a Normal half-Nelson Bridge to get Harry Houston to the mat with Premier Oliver's weight upon him. "You have elected the Premier—it will be your own fault if you do not get what you want," was the remark of Hon. Wm. Sloan, campaign manager, after the result was known. "I will thank you with deeds, not with words," said Premier Oliver. Both edifying commentaries on the political ethics of the situation.

An amazing episode is given out as having taken place at the interprovincial unemployment congress now being held at Toronto. The Premier, attending as the head of the government, took exception to the remarks of one of the speakers, branded him as a Tory, and intimated that as long as the labor unions elected men of that stamp to represent them, they could expect nothing from the government. Naturally others present objected to the introduction of such petty considerations, and a number of other thorough-going Tory votes were made on the spot by this intolerant attitude.

From Our Exchanges

PUBLIC WORKS AT NELSON

The expected happened at Nelson last Saturday in the election of Premier John Oliver. If there was any surprise about his majority, it was perhaps that it was not greater. In his final campaign address the Premier intimated that he was sure of his election and that he intended to thank the electors "not in words but in actions." Following his election, however, his words showed an everlasting gratefulness for the deliverance by Nelson and the Kootenay capital is busy lining up just how much in the way of public works to include in their first memorandum to the Prime Minister. — Grand Forks Gazette.

WILL ONTARIO GO WET TOO?

The wets and drys in Ontario are preparing to go to the mat again on the question of prohibition. This will be the sixth time since confederation that the people of that province have voted on liquor referendums, but the vote has always been consistently for prohibition. The sister province of Quebec has never wavered from the wet column. British Columbia, Alberta, Manitoba and Saskatchewan, after periods of more or less total prohibition, have in turn voted back to the selling of liquor in restricted form. That is the goal now aimed at by the Wets in Ontario, and many think that the people of Ontario are prepared to fall in line with the action of the Western provinces. The liquor interests have started a big campaign, but they are assured of the most strenuous fight they have ever known before they get the people of Ontario voting wet with a majority that will warrant the change. The result will be looked for with great interest.— Exchange.

CANADIAN TRADE

The Wembley exhibition at London, which it is expected will be continued next year, has been bearing fruit in developing business for Canada. While the great bulk of results pass without notice, some interesting instances have been published. One of particulr interest to British Columbia is that the Canadian fruit display has brought orders for more than a million boxes of assorted fruits. Canadian cheese found a splendid market, eighty thousand pounds of cheese being bought weekly by the great Lyons caterers, for their restaurants and who have also introduced it into their many London cafes. It is also stated that a dry milk dealer of Canada, showing at the Empire Exhibition, sold his entire output for the next five years to a British firm, the output having a value in the neighborhood of $800,000. Much of the real benefit of such an exhibition to Canada will only come to the surface gradually. The Englishman is a real trader, and there can be no doubt that the exhibition has brought Canadian products to the attention of those in a position to make purchases in large quantities. — Exchange.

Winnipeg.—Approximately 31,000 harvesters will be required to handle the western grain crop this year, or slightly more than half of last year's total. This estimate was arrived at as the result of a conference between prairie governments, farmers' organizations, and employment services. It is announced that 19,000 men can be secured locally and from British Columbia, and the remaining 18,000 will be brought from the eastern pro-

HEAVY EXPENSES OF ACQUIRING AND HOLDING STANDING TIMBER

Trees Purchased in the "Eighties" Only Just Being Cut for the Market

It may interest those who imagine that timber is bought today and cut tomorrow, to know that some of the areas that are being logged today have been in the possession of the holder since the "eighties."

For 40 years these stands have been paying increased taxation exposed to the risk of destruction by fire, storm and decay.

Before the axe touches the timber of British Columbia, thousands of dollars are spent in sizing up its "logging chances." Initial reconnaissances have to be made of the area and then one or more cruises to ascertain the quantity and quality of the timber. Then the services of experienced engineers are called in and th ground gone over in detail to find out the possibilities of getting the timber out by railroad. Grade problems, presenting seemingly overwhelming difficulties and entailing heavy expenditure have to be overcome or the investment must be abandoned. Finally a suitable booming ground must be located where the logs are to be dumped for rafting to the market.

When all this preliminary investigation is concluded the timber is purchased and the long period anticipatory to logging commences. During this perod of waiting the owner has to hold his own against the elements and the ever busy tax collector.

Finally, perhaps after a period of long years the timber is cut and the public asserts its further demands in addition to the carrying charges by claiming thousands of dollars cash or royalty fees.

Last year the government collected one and a half millions of dollars in royalties alone before the material that paid that amount was placed on the market.

This series of articles communicated by the Timber Industries Council of British Columbia.

BIBLE THOUGHT —FOR TODAY—

Bible Thoughts memorised, will prove a priceless heritage in after years.

Saturday, September 6

HE THAT KEEPETH HIS MOUTH keepeth his life, but he that openeth wide his lips shall have destruction.—Proverbs 13:3.

\+ + +

Sunday, September 7

THE KINGDOM OF GOD cometh not with observation: Neither shall they say, Lo, here! or, Lo, there! for, behold, the kingdom of God is within you.—Luke 17:20,21.

\+ + +

Monday, September 8

SERVE THE LORD with gladness: come before his presence with singing. For the Lord is good; his mercy is everlasting: and his truth endureth to all generations. — Psalm 100:2,5.

\+ + +

Tuesday, September 9

BUT THOU, WHEN THOU PRAYEST, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret, and thy Father, which seeth in secret, shall reward thee openly. For your Father knoweth what things ye have need of before ye ask him.—Matthew 6:6,8.

Thursday, September 11

JESUS SAID UNTO HER, I am the resurrection and the life: he that believeth in me, though he were dead, yet shall he live; And whosoever liveth and believeth in me shall never die.—John 11:25.

\+ + +

Friday, September 12

THUS SAITH THE LORD, Call unto me, and I will answer thee, and show thee great and mighty things that thou knowest not . . Behold I will bring it health and cure, and I will cure them, and will reveal unto them the abundance of peace and truth.—Jeremiah 33: 2,3,6.

TWENTY YEARS AGO

Extracts from The Cranbrook Herald of this date, 1903.

Cranbrook's Labor Day celebration was a great success, and a surplus of $361 is to be turned over to the fire brigade.

An addition of 60 feet is being added to the C.P.R. shops here, and another 12 feet is also being added to the roundhouse.

Court 8943 of the A.O.F., was organized in Cranbrook this week, with a membership of twenty-three.

The attendance at the primary classes at the school has forced the board to arrange for the opening of a fifth division.

The bishop of New Westminster was in the city this week and held services at Christ Church.

WEDDING

MURDOCH—HOPKINS

On Monday last at 2 p.m., the home of Mrs. J. Clark, Kootenay Orchards, was the scene of a very pretty wedding, when Miss Joan May Hopkins, of Clydach, Wales, became the wife of Mr. Joseph Leeming Murdoch, of Cranbrook. The ceremony was performed in the presence of a number of friends, Rev. E. W. MacKay, of Knox Presbyterian Church, officiating.

To the strains of the Lohengrin wedding march, played by Miss W. Lippett, the bride, gowned in a frock of sand crepe with hat to match, and carrying a bouquet of sweet peas and asters, entered the drawing room on the arm of Mr. Jack Flynn, who gave the bride away. Supporting the bride was Mrs. R. Richmond, as matron of honor, while Mr. Gordon Murdoch acted as best man. Following the ceremony the guests sat down to a sumptuous wedding luncheon, the guests being Mr. and Mrs. Gartside, Miss F. Gartside, Mr. Wm. Atchison, Capt. E. Sturnell, Miss W. Lippett, Mr. L. Leighton. A beautiful array of wedding gifts from friends here and in the Old Country, testified to the esteem in which the young couple are held. On Tuesday noon they left for Nelson and other points on a short honeymoon, after which they will take up their residence in Cranbrook. The bride's travelling suit was of brown gabardine.

Mrs. Murdoch is a newcomer to Canada, arriving here directly from her Welsh home just a week before her marriage. She is the daughter of Mr. Daniel Hopkins, of Clydach, Wales. Mr. Murdoch is a member of the bridges and buildings staff of the C. P. R.

Mrs. E. W. Enwright, of Montreal, a prominent worker in connection with the W.C.T.U., is a visitor at the home of Mr. and Mrs. G. L. Ingram. Mrs. Enwright is the Dominion superintendent of social hygiene work, and will give an address at the evening service in the Methodist church on Sunday evening next. At this service, Mr. W. Ellis, government auditor, will favor with a vocal solo.

IF YOUR PIANO IS WORTH ANYTHING IT IS WORTH

Expert Tuning

ALVIN E. PERKINS,

a strictly independent tuner, and the best recommended man in Canada, with 35 years of valuable factory and other experience, stands for positively the best in the profession of tuning and repairing of pianos. Honesty of purpose and conscientious workmanship, and strongly endorsed by the best authority in Canada — piano manufacturers who are positively particular where they put their signature, as follows:

Morris & Karn Co.
Heintzman & Co.
Gourlay Piano Co.
Dominion Piano Co.
Newcombe Piano Co.
Fletcher Bros.
Gerard Heintzman House.
Vancouver
Prof. J. D. A. Tripp.
Vancouver.
Mason & Risch Co.
And Others.

Mr. Perkins will be in Cranbrook in September and will make his regular calls. 27

Rev. Dr. S. S. Osterhout of Vancouver, in charge of Chinese Missions throughout British Columbia, arrived in the city Thursday evening accompanied by Rev. C. Y. Chow and family. Mr. Chow is coming to take over the charge of the local mission in place of C. Chow Ling who is leaving Cranbrook for Vancouver for a short time previous to his departure for Canton where he is taking a course in the theological college in that city.

On Thursday evening of this week a social evening was held at the Chinese mission hall, when a number of the members of the mission together with their English speaking friends gathered and spent a very enjoyable time. The meeting was addressed by Dr. Osterhout and Mr. Chow, while the retiring missionary, Mr. Ling, said a few words of farewell.

The best music, the best refreshments and a good time is assured at the Baseball Club dance on September 19th, in the K.P. Hall 28-29

Winners At Fall Fair In Women's Institute Classes

Following is the list of Prize winners in the Women's Institute section at the fall fair this week.

Names in order of first and second unless otherwise mentioned.

CLASS I.

Embroidery on white linen; Mrs. Cooper, Mrs. Healey.

Embroidered Towels; Mrs. Noble, Miss Emslie.

Tea Cloth; Mrs. Healey, Mrs. Huggins.

Tea Cloth with Cut Lace; Mrs. Cooper.

Fancy Bag; Mrs. Healey.

Tatting; Mrs. Cooper.

Rugs; Mrs. Norgrove, Mrs. Harold Brown.

Baby's Dress; Mrs. Healey.

Cross Stitch; Mrs. Healey, Miss Emslie.

Hand Knitted Article; Mrs. Healey, Mrs. G. Taylor.

Hand Knitted Sweater; Mrs. McGill.

Article in Cotton (machine work), Mrs. Cooper, Mrs. Healey.

Article in Cotton (hand made), Mrs. Healey.

Silk Embroidered on Linen; Mrs. Norgrove, Mrs. Healey.

CLASS II.

Sweet Peas; Mrs. Cooper, Mrs. Geo. Taylor.

Pansies; Mrs. Geo. Taylor, Mrs. Whittaker.

Cut Flowers; Mrs. Geo. Smith, Mrs. Geo. Taylor.

Asters; Mrs. Geo. Taylor.

House Plants; Mrs. Hill.

Geraniums; Mrs. Healey.

Begonias; Mrs. Hill.

Foliage Plants; Mrs. Loucks, Mrs. Hill.

Fern; Mrs. Hill.

Carrots; Mrs. Cooper, Mrs. O'Hearn.

Potatoes; Mrs. Smith.

Peas; Mrs. Smith, Mrs. Healey.

Cabbage; Mrs. Cooper, Mrs. Taylor.

Parsnips; Mrs. Smith.

Beets; Mrs. Smith, Mrs. O'Hearn.

Rhubarb; Mrs. Smith, Mrs. J. Healey.

Strawberries; Mrs. Geo. Smith, Mrs. Cooper.

Best Collection Vegetables; Mrs. Smith.

CLASS III.

White Bread; Mrs. Whittaker, Mrs. Walter Brown.

Brown Bread; Mrs. O'Hearn.

Fancy Bread; Mrs. O'Hearn, Mrs. Cooper.

Doughnuts; Mrs. Walter Brown, Mrs. O'Hearn.

Buns; Mrs. O'Hearn.

Fruit Cake; Mrs. G. Taylor, Mrs. O'Hearn.

Short Bread; Mrs. H. McGill, Mrs. Taylor.

Jam Tarts; Mrs. Healey, Mrs. Cooper.

Apple Pie; Mrs. Cooper, Mrs. Harold Brown.

Pineapple Pie; Mrs. O'Hearn.

Lemon Pie; Mrs. Cooper.

Collection of Jellies; Mrs. O'Hearn.

Meat (canned); Mrs. Smith.

Chicken (canned); Mrs. Smith.

Vegetables (canned); Mrs. Smith.

CLASS IV.

Tea Biscuits; Marguerite Godderis.

Candy; Marguerite Godderis.

Machine Made Article; Marguerite Godderis.

Cookies; Margurite Godderis.

BOOKINGS BEING MADE AT AUDITORIUM FOR COMING SEASON

With the approach of the winter season, the management of the Auditorium, through advantageous connections established in Calgary, are arranging for the appearance of some really high class attractions during the next few months. Three engagements of interest to the people of Cranbrook are already announced, these being the play, "The Bat," to be presented on the evening of October 31st, by a first class stock company. On November the 4th, music lovers will have an opportunity of hearing Skovgaard, the celebrated violinist in recital. On the 7th of March, next year the celebrated Dumbells will appear again in their new revue, "Ace High." This will undoubtedly top the popularity list for the season, and an effort is being made to make a two day engagement of it. The two former Dumbell companies have now amalgamated, and the company embraces the highlights of both.

Vancouver.—Mr. D. Muir, of the Scottish Co-Operative of Glasgow, a great milling company, has just left Vancouver for home after investigating the shipping facilities of the port. It is probable that his company will utilize Vancouver in shipping grain to Scotland. They have a line of elevators in Saskatchewan.

Dawson, Y.T.—A rich strike of silver lead ore has been made on claims on Galena Hill. One is eighteen feet in width and seventy per cent. lead with thirty to fifty ounces of silver. Several big mining interests are now becoming interested in the area, according to report.

SOCIAL & PERSONAL

Mr. and Mrs. A. J. Ratcliff, of Cranbrook, were recent visitors at Halcyon Hot Springs.

High and Public School Text Books and Supplies.
BEATTIE-NOBLE, Ltd.

Mr. B. Weston returned on Sunday after a week spent at the health giving springs at Fairmont.

For Carpets and Congoleum Rugs call at the Big 22. Armstrong Avenue. 20

Miss Ito left the end of last week for Spokane, where she will spend a month previous to her approaching mariage.

For service on Nash and Star cars see their agents, Ratcliffe & Stewart, opposite Post Office, Cranbrook, B.C. 20tf

The Misses May and Grace Bardgett are this week enjoying a holiday trip to Spokane, expecting to return this week-end.

We have just received a carload of Simmons Beds, Mattresses and Springs.
W. F. DORAN
Our Low Prices win every time

The subjects of the sermons to be delivered in the Baptist church on Sunday next are: In the morning, "Consider the Lilies," and in the evening, "The Coming of the Son of Man."

A popular event is announced to take place at Lumberton, on Friday, September 12, in the form of a dance under the auspices of the Lumberton Baseball Club. Robinson"s orchestra has been secured for the occasion and the best of refreshments will be served. A good time is assured for all who attend, and it is hoped there will be a good representation from Cranbrook in attendance.

Ratcliffe & Stewart, the local agents for the Nash Motor Co., are in receipt of good news in regard to the new 1925 models of this popular car. Their principals assure them that it will far surpass anything as yet produced in the auto line, and that descriptive literature with regard to it will soon be ready for distribution. Persons considering the purchase of a new car would do well to make enquiries of the Nash agents here before making a choice. 23

In Fernie the judges have completed their work in connection with the "city beautiful" contest. If the plans of a few local people make good, Cranbrook will have a similar contest next year. The success obtained by some gardeners is making others jealous so next year one may look for many other beauty spots than we have now. The gardens at the fire hall and the post office are well worth a little in spection, while various private gardens are showing up to advantage.

Special prices on New Batteries at Service Garage, Phone 34. 1tf

Cranbrook people were very much concerned over the episode on Labor Day that might have brought lasting grief to Mr. and Mrs. David Leith, of Kimberley when their little daughter, aged only about three years, became separated from her parents, and spent the night in the open, not being found till the following morning. The child strayed away from a point some miles up from the mouth of Perry Creek, where the family was spending the day at a picnic. Search made immediately the child was missed proved fruitless, and friends also joined in the hunt for the missing child. All night the search was continued but it was not until about 8 o'clock on the following morning that some men from the mill crew found the little one, who had in some way crossed the creek, and wandered some little distance away. Fortunately she was but little affected by her experience. The thanks of the parents are extended to all those who helped in the search which finally brought the little one back to safety.

CARD OF THANKS

Mr. and Mrs. Leith wish to thank the people for their kind assistance in seeking to find their little girl on Monday and Tuesday.

CARD OF THANKS

I wish to express my sincerest thanks to the many friends for their kindness to Mrs. Simpson during her long illness, and for the sympathy and kind assistance given to me through my great loss.
C. B. SIMPSON

Word has been received that R. L. Burch, who has been at Albuquerque, New Mexico, for some months, has just recovered from another spell of sickness, from which his friends are hoping that permanent improvement will now be registered.

For Beds, Bed Springs and Dressers, see the Big 22, Armstrong Avenue. 20

The East Kootenay Power Co. have put on about two hundred men at Elko in an endeavor to finish work on the flume and at the dam. A large number of idle men from Fernie have been taken on.

We carry a full line of Men's Women's and Misses' Shoes.
W. F. DORAN.
Our low prices win every time.

Quite a number of Fernie residents have purchased land on the margin of McBain's Lake for the purpose of erecting summer homes, and judging from reports a large number of others will do so before next summer. This spot bids fair to become a popular summer resort for the people of that city.

THE DRESSMAKING SHOPPE 19 ARMSTRONG AVENUE.

After spending a visit here with relatives, Miss E. L. Honeywell and Miss Edna Magee returned to their homes at Calgary and Medicine Hat respectively the end of last week. They were guests during their stay here with Mr. and Mrs. F. G. Morris, and also took a trip to the coast from here.

For Dining Room Suites and other furniture, see the Big 22, Armstrong Avenue. 20

Mr. and Mrs. D. Turner returned the end of last week from a motor trip to the coast, being accompanied also by Frank Roberts. They were away for about three weeks, and visited Vancouver, Seattle and other points, suffering no other mishap on the long trip of close on two thousand miles than a single blow out.

Tungsten Lamps, 10, 25, 40, 50, and 60 watts, at 30c each; 4 for $1. at
W. F. DORAN
Our Low Prices win every time

Mrs. N. E. Ryckman returned the end of last week from a visit extending over the last two months or so with friends and relatives in Eastern Canadian and United States cities. Among other places visited was Toronto, the exhibition there being described by Mrs. Ryckman as more wonderful and comprehensive than ever. At Lake Chautauqua the special lyceum programs were on commemorating the fiftieth anniversary of the establishment of the Chautauqua movement, and so were made of an exceptionally high and educative value.

Carload of Wheat, just received. Price still lower. J. Kerrigan & Co. Phone 468. 28

Mr. and Mrs. B. A. Moorhouse were visitors to Banff and Lake Louise for a few days last week, taking with them their little daughter, Winnifred, and their niece, Dorothy Moorhouse, of Seattle, and Jean McPhee. On their return to this city Dorothy and her brother Jack, who had been in attendance at the Wasa Lake Scout camp, returned to their home in Seattle, after a very pleasant stay this summer at the home of their aunt and uncle. Mr. Moorhouse, who has been busy this summer surveying the logged off lands near Kimberley into farm blocks, completed this work last week, and moved his outfit back to the city.

Mr. and Mrs. A. E. Leigh are moving from their home on Martin Ave., to their store on Norbury Avenue, and have rented their house to Mr. W. Stevens, the assistant forester, and his bride, who will shortly be coming to the city. Mr. Stevens was married on Thursday of this week to Miss Helen Neill, daughter of A. W. Neill, federal member at Ottawa, for Comox-Alberni district, the wedding taking place at Alberni. The bride is not exactly a stranger to Cranbrook, having been a member of the high school staff a few years ago, taking the commercial classes when they were in operation. Mr. and Mrs. Stevens have a number of friends here who will give them a warm welcome on their arrival to make their home here.

MUSICAL SOCIETY ANNUAL MEETING; OFFICERS ELECTED

On Tuesday evening the annual meeting of the Cranbrook Musical Society was held in the practice hall, the meeting being called to order at 8.30 by the president, Mr. A. C. Shankland. After the reading and adoption of the minutes of the last annual meeting, a statement of the position of the society was presented by the secretary-treasurer, which showed outstanding liabilities to the extent of some two hundred and seventy-five dollars. While this is conceded to be a somewhat regrettable state of affairs the society is not discouraged as it is realized that there were extra heavy drains on the society for services rendered, and a policy of retrenchment in some directions, it is felt will remove the possibility of a repitition of this circumstance.

The plans of the new executive so far as they could be outlined at the meeting, embrace an ambitious program for the coming winter season, and such is the spirit of optimism that it is believed the society will have a most successful year from all standpoints. The tentative plans as outlined at the meeting embrace the presentation of perhaps two varied programs, with dramatic sketches, in the early part of the season, and the production at a later date of another of Gilbert and Sullivan's operas, the choice leaning at the present time towards "The Pirates of Penzance."

A strong roster of officers was elected, and it is confidently hoped that with the unstinted support of the public, as has been experienced in previous years, the society will be able at the close of the year, to look back over the most successful period of its existence.

The officers elected for the coming year are as follows:

President ..... Alan Graham
Vice Pres. ..... E. T. Cooper
Sec.-Treas. ..... F. J. Lodge.

Executive:—Mrs. Willis, Mr. J. L. Palmer, Mr. Hogge, Mr. F. M. MacPherson, Rev. E. W. MacKay, Mr. McNaughton.

Notice of the commencement of practices will be made through the press and it is hoped that all former members will turn out as well as any others who are interested so that work for the season may be gotten under way.

SCANDINAVIANS ORGANIZE IN EAST KOOTENAY

As a result of an organization meeting held at the Queen's Hotel last Saturday, a new fraternal society has come into being in the Cranbrook district. It is to be known as the Scandinavian Brotherhood of East Kootenay, and as its name implies, its activities are meant to be confined to Canadian citizens of that nationality. The first officers were appointed as follows:

President ..... I. Burch, Cranbrook
Secretary .... B. Lundeen, Marysville
Treasurer, ... A. Benson, Cranbrook
Directors—I. Burch, A. Benson, Cranbrook; F. Sandberg, Lumberton; A. Anderson, Wycliffe; W. Lindberg, Bull River.

There were about fifteen present at the inaugural meeting, many points in the district being represented, including Bull River, Lumberton, Kimberley, Wycliffe, as well as Cranbrook. It is thought that a membership of two or three hundred may be attained before long. The objects of the society are stated to be along the usual fraternal and benevolent lines of such bodies, with the cultivation of a sturdy brand of Canadian citizenship always kept to the foremost.

Meetings of the society are to be held on the third Saturday of each month, but a hall has not yet been secured for a permanent meeting place.

Blonde Bess Opines

I should worry— even a mighty oak was once a nut.

MUSICIANS IN RECITAL

(Continued from Page One)

ists named already on the other instruments. "Farewell to Cuculain," by Kreisler, was the selection that apparently appealed most to the audience. The encore selection, "Carry Me Back to Old Virginny," was beautifully rendered and much appreciated.

Singing to the accompaniment of a violin, 'cello and piano obligato, Mr. A. McDougall Hogge contributed a group of baritone solos which added materially to the pleasure of the evening. To many, his last number, entitled "Sympathy," appealed most. Not satisfied with one encore, the audience craved and got a second number in addition to the four in the group. To Mr. W. A. Burton goes the credit of writing the orchestration for the several obligatoes to Mr. Hogge's selections.

The stage setting for the evening was in keeping with the quality of the performance and created a fitting drawingroom atmosphere.

Many regretted not hearing Miss Fink in solo numbers on the 'cello, but with the exceptionally arduous duty of accompanying her brother, and taking part in the trio, this could not be expected.

The Chickering, grand piano, which was kindly loaned for the performance by Mr. R. P. Moffatt, helped materially in making the performance the success that it was.

Considering the many events that had preceded the concert and the approach of the holiday festivities, the number present was as large as could be expected.

The full program and encores were as follows:

The program was as follows:

I.

(a) Mendelssohn ..... Concerto Andante
(b) Lalo ..... Symphonie Espagnole Andante
(c) Sarasate ..... Gipsy Airs
Encore:
Waltz in A major ..... Brahm Hockstein

VINCENT FINK

II.

(a) Schumann ..... Scenes from Childhood
(a) About Strange Lands and Strange People
(b) Curious Story
(c) Playing Tag
(d) Contentment
(e) Important Event
(f) The Knight of the Hobby Horse
(g) By the Fireside
(b) Chopin ..... Nocturne Op. 48
(c) Moskowski .. En Automme, Op 36, No. 4
Encore:
Godard ..... Jongliere

HELEN WORDEN

III.

(a) Mendelssohn-Achron .. On Wings Of Song
(b) Hueberger-Kreisler .. Midnight Bells
(c) Kreisler ..... Caprice Viennoise
Encore:
Beethoven ..... Minuet in G

VINCENT FINK

IV.

(a) Saint-Saens My Heart At Thy Sweet Voice
(b) Kreisler .... Farewell to Cuculain (Londonderry Air)
(c) Brahms ..... Hungarian Dance No. 6
Encore:
Carry Me Back to Old Virginny

TRIO—VIOLIN, CELLO, PIANO

V.

(a) Allitsen ..... The Lute Player
(b) Lee ..... Out of the Dusk
(c) Gowes ..... The Call of the Road
(d) Marshall ..... Sympathy
Encore:
Ah My Beloved

MR. HOGGE

VI.

(a) Schubert-Wilhelm .... Ave Maria
(b) Kreisler ..... Old Refrain
(c) Chopin-Sarasate .. Nocturne in Eb
(d) Nevin-Kreisler ..... Rosary
(e) Kreisler ..... Leibesfreud
Encore:
Nevin ..... Mighty Lak a Rose

Trail Riders Unveil Monument To Tom Wilson—Earliest Guide

Two hundred and six Trail Riders of the Canadian Rockies attended the first annual ride of the newly formed organization from Yoho recently. Each had qualified for membership by riding not less than fifty miles on horseback through the Rockies. Dr. Charles Walcott, secretary of the Smithsonian Institute of Washington was at their head. The photograph reproduced above was taken after the unveiling of a monument to Tom Wilson, earliest guide in the Canadian Rockies, who discovered Lake Louise and the Yoho in 1882. Mr. Wilson is seen in a long coat to the left of the group.

LAKE WINDERMERE NOTES

(Special to the Herald)

Invermere, B.C., August 30.—Mr. Thomas Hensam Walker, of the staff of the Imperial Bank of Canada, Victoria, visited his father and mother for part of his vacation, at their home, Ajax Ranch, Invermere Heights.

E. S. Archibald, B.A., B.S.A., director of the Dominion government experimental farms, and Mr. W. T. Macoun, Dominion government horticulturist, Ottawa, were visitors at the Dominion government experimental station here recently. While in the district they addressed a gathering of the members of the Windermere district Potato Growers' Association.

G. G. McGeer, K.C., of Vancouver, and Mrs. McGeer, motored through from Kamloops by way of West Kootenay, and through Windermere district, spending a couple of days with friends in Wilmer. Mr. and Mrs. E. Tunnacliffe accompanied them over the Banff-Windermere highway, taking in Banff, Lake Louise, and other points of interest. Mr. and Mrs. McGeer return via Nelson and Okanagan Valley.

TOO MUCH STYLE HURTS MERCHANTS

J. A. Banfield Says There Is No Need For Calamity Howling Now

The following from the Calgary Herald reveals at least one reason why there is so much pessimism with regard to business conditions at the present time.

Ottawa, August 18.—Interviewed here today regarding merchandising conditions throughout Canada, J. A. Banfield, president of the Retail Merchants' Association of Canada, said there was no reason for the "calamity howling" which was prevalent in some parts of the country, "particularly down East".

Mr. Banfield, who will preside at the fifteenth anual convention of the association here tomorrow, said that while there was undoubtedly a depression here at present, it was due to the abnormal conditions brought about by the war. While the basis of profit for the retail merchants in all lines was on a par with what it was in 1912 the merchants overhead had increased from 40 to 50 per cent.

Merchants were suffering from "too much style," Mr. Banfield continued. Factories, finding business dull, originated new styles, especially in the boot and shoe trade, without any regard for the retail merchants. The consuming public followed closely the styles and consequently stocks held by the retail merchants became obsolete before they had had a proper chance to offer them to the public.

Every Fellow to His Trade

Amateur Astronomer—"The sun is more than 93 million miles from here."

New Car Owner"—Does that include detours?"

• • • •

An Example

Meek Mel—"I just do the best I can day by day and let it go at that. No man was ever perfect."

Boss— "Oh, yes, there was."

Meek Mel— "Who?"

Boss—"My wife's first husband."

A laugh is just like music,
It freshens up the day,
It tips the peaks of life with light,
And drives the clouds away:
The soul grows glad that hears it,
And feels its courage strong;
A laugh is just like sunshine
For cheering folks along.—Anon

INVERMERE VISITOR RECALLS INTERESTING HISTORICAL EPISODE

Race For Control of the Fur Business of a Hundred Years Ago

(Special to the Herald)

Invermere, B.C., August 30.—Amongst the week-end visitors to this part was Prince Obolensky of the late royal house of Russia, and his bride who was Miss Alice Astor, of the famous Astor family of New York. The happy couple arrived from Banff in a special automobile, coming over the Banff-Windermere highway.

Incidentally this part should have a special interest for the bride as it was from here that the final leap was made from British territory that was to forever determine as to whether what is now the states of Washington and Oregon should or should not belong to the British people or to the United States and as to whether the North West Company of Canada or the formidable rivals, the American Fur Company should control the fur trade of the Pacific coast. A contest had arisen between the American Fur Company, headed by John Jacob Astor, of New York, and the North West Company, as to which should control the fur trade west of Michillimackinac. It was a war bitterly waged. The country west of St. Louis and south of about the present international boundary was practically no man's land and rival companies and free traders used to go after furs and incidentally Indians in a catch as catch can fashion. Suddenly with the reports from the Pacific coast of the large numbers of sea otter skins obtainable there the situation changed and the great rivals of the interior both determined to go after them. With this end in view, John Jacob Astor formed the Pacific Fur Company as a subsidiary to the American Fur Company and secretly arranged for the departure of a party on board the Tonquin from New York. The Nor Westers heard of it and called in David Thompson from Fort Kootenae in 1810 to Fort William and instructed him to proceed post haste to the mouth of the Columbia and beat the Pacific Fur Company to it. He tried his best to do this but the Piegans interfered with his crossing the mountains by way of the Kootenay plains so he had to take up by way of Athabasca Pass, a route rough and little travelled. The change in plans threw him so far back in the season as to delay his arrival at the mouth of the Columbia river by fully six months so that when he arrived he found the Pacific Fur Company already established there in a post called Astoria after the great John Jacob Astor, their founder and one of the ancestors of this present bride. Had Thompson won the race there is but little doubt that all the present states of Washington and Oregon would today have been British territory.

C.P.R. TO REPLACE FIRE LOSS AT LAKE LOUISE IMMEDIATELY

Construction of a two hundred and eight-room extension to the Chateau Lake Louise will proceed at once, it was announced recently by D. C. Coleman, vice-president of the C.P.R. western lines. The extension, Mr. Coleman stated, will be according to design prepared by Barrett & Blackadder, architects, of Montreal. The contract for the building has been awarded to Carter, Hall & Aldinger of Winnipeg, and the steel work is to be supplied by the Dominion Bridge Co., of Winnipeg, and the Manitoba Iron Works, Ltd., also of Winnipeg.

Edmonton. — There is a reported discovery of iridium in the Upper Peace River Country by the Canyon Gold Mining Company, which is now working in that territory.

BULL RIVER CAMP NOTES

The weather has cleared somewhat during the past few days, after several weeks of unusual wet weather, causing some inconvenience to loggers on the upper levels of the foothills of Bull River and its tributaries. However, much progress is being made at the various camps at this time as the result of improved weather conditions.

Jim McCormack, former stableboss at camp 6, has taken the position of freighter of supplies to the camps of the Tanglefoot, and is using "fours-up" as motive power en route.

Mike Wasyluk, chief cook at camp 6 headquarters, is delivering the goods as an exponent of the culinary art. Mike is always on the job with a smile and is a good fellow, well met.

Mr. E. Horne, manager, and Mr. P. McGrath, superintendent of Bull River operations, were business callers at the upper Tanglefoot camps during last week.

Pete and Tom Dooling are making good progress at their contract at 44 and if weather conditions will permit they will prove out all well and good as jobbers at logging operations in the Bull River district.

Norman Beech, son of Mr. and Mrs. Jas. Beech, Cranbrook, has taken the position of clerk at camp 44, relieving Mr. McLaren, who takes a similar position at Mackelson's camp near Bull River town.

Mike Mahoney, formerly with the B.C. Spruce Mills, is among those who are a factor in the makeup of camp 44.

Mr. Arthur Wright, of Cranbrook, has taken over the culinary department at camp 44, on upper Tanglefoot, for the C. P. R. Tie and Timber Department.

Mr. Tom Boyter, who has been in the service as woodsman at camp 42, resigned his position on Saturday last and departed for Cranbrook.

Mr. Fred Mitchell, foreman at camp 44, spent the week-end in Bull River town. He was accompanied by his son, Douglas, who has been spending his vacation in the forests with his father and will proceed to Pincher Creek where he will take up his duties at school the coming term.

Billie Flynn, who served in the capacity of kitchen mechanic for Mr. Reinerkein for some time, left for Bull River town for a vacation with Mr. Archie Douglas, after which they will proceed to Radium Springs for an outing and the health giving benefits to be had from the waters of Fairmont.

Messrs. P. and T. Dooling on Sunday last accomplished a feat seldom equalled by persons other than alpine climbers. They travelled over foothills and rocky inclines for a distance of some four miles, through jungle and forest, over hill and dale, fording treacherous mountain streams, until their ambition was realized, the summit of Goat Mountain. Three grizzly bears were encountered on the hazardous trip.

Calgary.—Irrigated farm lands at Taber, in South Alberta are attracting prospective settlers from the U.S. and Eastern Canada. Several land scouts have been sent to the vicinity by colonization organizations.

Calgary.—838 autos brought 1619 persons to the auto tourist camp now maintained by the Calgary Automobile Club during the month of July. The majority of these tourists were from the western U.S., although many from eastern Canada were also included in the register.

Here and There

It is announced that vigorous efforts will be made by the Government of Manitoba to effect the actual settlement of 224,000 acres of vacant provincial land now under the administration of the Crown.

For the week ended June 21st traffic earnings of the Canadian Pacific Railway amounted to $3,301,000, as compared with $3,159,000 for the corresponding period of 1923. This is an increase of $142,000 or 4.4 per cent.

Reports from the Rouyn gold fields of Quebec continue to indicate a great future for that territory. Development is proceeding apace and the English capital now flowing into Canada in search of good investments is interesting itself in this area.

Three carloads of seed grain are being shipped weekly from the provincial seed cleaning and marketing plant at Edmonton, Alta. About 50,000 bushels of seed grain have been handled by the plant since last fall and 20,000 bushels more will be handled before the year's seeding is completed.

The International Paper Company intends to add two new machines to their plant in Three Rivers, Que., so as to increase their production from 300 to 450 tons daily. Another project is also under consideration, viz., to build a plant in Batiscan instead of enlarging the Three Rivers one.

Out of every dollar the Company earns, the sum of 81 cents is spent by the Canadian Pacific Railway in the home markets of Canada for wages, materials, supplies, taxes and insurance, figures recently issued show. In 1923 the total earnings of this great corporation were $195,837,089, and every community in Canada directly benefitted by the expenditure of 81 per cent. of this huge amount in the home market.

The 1924 cut of the East Kootenay (B.C.) forestry district gives promise of running to a grand total of 150,000,000 feet. There is a particularly brisk business in poles of longer lengths and in railway ties, and a cut of some 1,000,000 sawn ties and the usual quantity of the hewn variety is looked for. Sixteen sawmills are now in operation and indications are that there will probably be thirty going before the season closes.

Canada now takes third place, and second place among British possessions, of the gold-producing areas of the world. The total gold production of the world for 1922—the latest year for which returns are available — was 15,440,000 fine ounces, of which the Transvaal produced 7,020,110, or 45.5 per cent. The United States came second, with 2,363,075 ounces, or 15.3 per cent., and Canada followed, with 1,263,364 ounces, or 8.2 per cent.

June 18th was the anniversary of the running of the first Imperial Limited, the Canadian Pacific Railway's famous transcontinental. This was not the Company's first transcontinental, as trains began regular service between Montreal and Vancouver as far back as 1886, but for several years it was the crack Canadian Pacific express. To-day the premier place is held by the Trans-Canada Limited, the fastest long-distance express in the world, which makes the run in 90 hours, or 10 hours less than the time of the original Imperial Limited.

Kaslo.—The Canadian Mines Merger Company, Ltd., with capital of $11,200,000 has been registered in British Columbia, with office at Kaslo. A group of properties in this area will come under the merger.

Regina. — Control of the lignite plant at Beinfait, Sask., is now in the hands of the Saskatchewan government, which is negotiating with one or two firms to take it over and operate it as a commercial utility, according to an announcement of the minister in charge of industries. "The plant has served its purpose in demonstrating the possibility of making briquettes from carbonized lignite," stated the minister, "and what remains now is to prove the commercial feasibility of the project. It is not the policy of this government to embark on any commercial undertaking and we will therefore endeavor to secure private capital to undertake the commercial operation of the plant.

Harold Lloyd in Girl Shy

A Pathé Picture

This big Harold Lloyd attraction comes to the Star Theatre on Friday and Saturday of next week, September 12 and 13.

STRENGTH OF WOMAN'S LOVE SHOWN IN PICTURE "THY NAME IS WOMAN"

A strong theme dramatically set out, and starring Barbara La Marr, is the picture, "Thy Name is Woman," to be shown at the Star on Friday and Saturday of this week.

His love spurned by the exotic Geurita (Barbara La Marr), Capt. Roderigo informs the Commandante of the Spanish post in the Pyrenees that Geurita's husband, Pedro the Fox, is a smuggler.

A dashing young soldier of the post Juan Ricardo, who is loved by the Commandante's daughter is ordered to visit Geurita and by passionate lovemaking induce her to betray the hiding place of her husband's contraband.

Forewarned of the purpose of his visit by her husband, Guerita allows Juan to make love to her without betraying her husband, but as his visits continue, she grows to love him and he becomes infatuated with her. One day, confessing his deceit to her, Guerita is so unselfish in her love for him that she plans to betray the smugglers.

As Pedro sees what is happening, he confesses in a frenzy to the Commandante, and to prove Juan was unfaithful to his trust, shows him a piece of lace.

Juan induces Geurita to flee with him, but Pedro stabs her; and falls dead at her feet. Juan is arrested for failure in his mission and faces prison, when Dolores, the Commandante's daughter, convinces her father he is as much to blame for involving Juan in so compromising a situation. Juan is pardoned and seeks solace in Dolores' affection.

"THE WOMAN ON THE JURY" STANDS OUT TO SAVE SISTER WOMAN

If anyone is interested in the question as to whether women should do jury service, they should not fail to see "The Woman on the Jury," showing at the Star on Monday and Tuesday next. Light is shed on the matter, and the breadth of feminine sympathy shown.

Fate took beautiful Betty Brown by the hand and led her to a secluded mountain cabin. There she was told she would be eternally happy. There she had her "Peter Pan." He talked of marriage but he was a man of words.

On one terrible day Betty discovered that her "Peter Pan" was leaving. In desperation she shot at him twice with a revolver and missed.

Grace Montgomery in a secluded New York apartment, talked of the absence of her "Peter Pan." He was due home. Mother Pierce wagged her grey head and said. "Husbands are the same the world over." Grace started at the word "Husband."

Two years later Betty Brown's name adorned an office door. Between thoughts of tracts and contracts, she thought of Fred Masters, a handsome young man who offered her his heart and hand on the slightest provocation. On day she received a card telling her of her assignment for jury duty. She was proud.

At the Masters home, Fred told his sister of his great love for Betty and how it was breaking his heart to live without her. Fred's sister pleaded with Betty and persuaded her to marry Fred even with the blight on her past. She advised secrecy.

They were married, and spent their first day together serving on the jury. It was the gruesome Montgomery murder trial.

Grace Montgomery had shot her "Peter Pan" as he was leaving her. She would have been alone with their baby. He would not marry her, she said, so she shot him.

The terrible realization that George Wayne, Betty's "Peter Pan," and George Montgomery were the same man, came to Betty as she listened to the startling evidence.

After the evidence had been displayed and the jury had convened Betty fought the supreme battle of her life. Eleven to one the votes stood for conviction. Betty's vote was the outstanding one. She stood firm. After hours of pleading, at the risk of losing Fred, the respect of the world, and her happiness, Betty told of her own experience with the deceased, and left the courtroom, not caring what happened.

Fred followed—still gasping with amazement. He took her in his arms. They went home together, happy. He was proud of her.

So fate, you see, smiled on Betty Brown.

LUMBERTON CHIPS

The picnic which was held at Green Bay on Labor Day was the crowning event of the summer season, and the L.O.L. of Lumberton certainly showed the kiddies of this community, and the older people as well, a most enjoyable day. The picnicers congregated at the company store, where autos were in waiting to convey them to Green Bay. It is estimated that one hundred and twenty-five people were in attendance from the morning throughout the entire day. The noon lunch consisted of sandwiches, cake, cookies, doughnuts, ice cream, pop, and lemonade. Fifteen gallons of ice cream had been provided for the occasion and the little tots certainly had their appetites whetted for the many cones that were in store for them. Mr. E. A. Cook took it upon himself to furnish the eats for the hungry ones and much credit is due him for he has never fallen down on the job in this department. Perhaps the best compliment paid him is in the fact that the many sandwiches that had been prepared were not enough to satisfy. However, there was enough variety at hand so that none needed to go hungry. A fine program of sports was caried out during the afternoon, consisting of dashes for the little boys and girls as well as for the grown-ups. The prizes were so awarded that all the little tots received something for their efforts even though they were not among the winners. The most exciting race for the grown-ups was the needle threading contest, the married men were all lined up for this event but it took a bachelor to show them up and the win was a wide margin. Mrs. G. Hunter and Gordon Jewel were the prize winners, and Gordon made it very obvious that it takes a bachelor to show them how it is done. While the various contests were in progress, a considerable number were taking advantage of the beach. Mike had been cavorting around in a boat just out of reach, but when he did come in where the girls could get at him the bottom disappeared from the boat and Mike was forced to desert the ship. Mike said he didn't mind the joke so much at the time but it did vex him to find out that it was a put-up job. The members of the L.O.L. are very grateful to those who furnished transportation during the day by donating the use of their cars. The people, and especially the kiddies of Lumberton are in one accord that the members of the L.O.L. did things up in a most creditable manner and the picnic was as successful as the vaudeville which made the Labor Day gathering possible.

Lumberton has been copping the bacon along quite a few lines of late. The carnival was the latest successful appearance until Monday of this week, when three of the horses of the B. C. Spruce Mills were entered in the Cranbrook Fair. We need not be ashamed of them for they walked off with a first, a second and a third. We feel especially flattered because of just one incident. We have always heard that Mr. W. E. Worden of the Cranbrook Transfer knows a good horse when he sees one, and he certainly does for it was he who led the colt from Lumberton that took the blue ribbon at the fair. He certainly can pick a winner. We turn out good good spruce lumber and we have the equipment to do it with, including our horses.

Mr. and Mrs. G. Avery and Mr. and Mrs. R. Issler and daughter Lavon, motored to Banff on Saturday of last week, returning to Lumberton on Tuesday evening. The roads were good the greater part of the way and the party spent a most pleasant time.

Miss Gene Downey left for Calgary last Saturday, where she will spend some time.

Mr. Auger, of Eholt, B.C., is visiting at the home of his daughter, Mrs. Christenson, for several days of this week.

Mr. Walter Robertson, accountant of the B. C. Spruce Mills, Ltd., took part in the golf tournament held at Fernie, starting last Saturday morning, and we should add that he did it successfully.

The game between Lumberton and Yahk, on the Lumberton diamond on Sunday last, was won by the latter team by a 10-9 score. The game was soon put on ice for Yahk for they totted up seven runs in the first three innings, when Bob Mitchell came to the rescue and stopped the avalanche. The large lead which the Yahk aggregation accumulated in the first three was too much for the locals to overcome so the outcome was a rather bitter one. The game was played before a fairly large crowd. The following was the line-up:

Lumberton		Yahk
Mitchell	(2b)	Patintll
Joyce	(cf)	Levi
Dwelley	(lf)	Argue
Mason	(c)	Kelly
Sternberg and Mitchell	(p)	Hollman
Downey	(ss)	F. Holiman
Neuman	(1b)	Brogan
Waterston	(rf)	F. Lewis
Mills	(3b)	D. Finnis

Some of the employees of the B.C. Spruce Mills are quite aristocratic. Ene and Tom are sporting a new Ford these days and it has the latest of everything in the way of equipment even to balloon tires. It must be some exceptional car among the Universal type for Ene wants a garage for his pet.

The Lumberton team will meet the Concentrator on the latter's diamond at Kimberley this coming Sunday and a good game is looked for as the two previous occasions on which these teams have met have resulted in some good ball. The following Sunday the Lumberton aggregation will meet Golden, at Windermere.

A number of Lumberton people attended the dance at the Auditorium on Monday evening.

Mr. O. N. Jacobson, (King Jake) returned on Sunday from Stettler, Alberta, where he spent several days visiting his little daughter, Catherine, and other relatives.

"The WOMAN on the JURY"

At the Star Theatre Monday and Tuesday, September 8th and 9th.

BIG GAME HUNTERS AT MICHEL RUN FOUL OF THE LAW

Dr. Hornaday, of New York, and M. J. Phillips, of Pittsburg, big game hunters, who for a number of years were wont to visit the upper Elk river, have from time to time recommended this hunting ground to their friends. A short time ago two young men from across the line, on the advice of Mr. Phillips, came to Michel with a complete hunting and fishing outfit, and decided to wait for the opening of the season. One of the visiting hunters was called suddenly to Spokane owing to the illness of his wife who was visiting there, and the young men decided to motor to that city. The provincial police got wind that the party was leaving the country and arrested them in Fernie, seizing their rifles, revolvers, etc. This province has spent thousands of dollars in advertising its hunting resources and the provincial police should use a little judgment in enforcing the Game Act against innocen offenders. A few arrests like the above would do more harm than all that a million dollars' worth of advertising could accomplish.—Fernie Free Press.

Light Delinquents Cut Off at Fernie

Over fifty users of electric light and water were cut off by the city this week owing to non-payment of dues. The failure of the Home Bank and the heavy loss sustained by the city has made it imperative that the city collect any monies due. However, the city's need will not save the authorities from severe criticism for taking drastic action at this time, as there are dozens of people who simply haven't got the money. The charge of $2.00 for re-connecting up the service seems to us at this time to be a heavy tax upon the poor of this city and should if possible be withdrawn.—Fernie Free Press.

FERNIE PRIEST LEAVES TO TAKE UP WORK AT COAST

Rev. Father Kennedy, for four years in charge of he Roman Catholic church at Fernie, has been transferred to Vancouver, where he will have charge of the city missionary work. Previous to his departure on Thursday morning, he was the guest of honor of a large number of his parishoners at a social held in the parish hall last week and was presented with a beautifully fitted club bag. During his stay in Fernie, Father Kennedy has been an indefatigable worker in the church cause and has built up a fine institution. His departure will be deeply regretted by a host of friends. Rev. Father McKennel of Edmonton will take charge of the work in Fernie. — Ferni Free Press.

Mr. and Mrs. Jock McCallum returned on Tuesday from a month's holidays spent at the coast. During their stay there, Portland, Seattle, Vancouver and Victoria were visited, and a very pleasant time was had.

Rev. F. V. and Mrs. Harrison are leaving this week-end on a short visit to the Windermere, and from there will motor on to Banff. On Sunday next Mr. Harrison, as rural dean, will conduct the services in Christ Church, Invermere.

McCreery Bros. have just completed a valuable improvement to their premises by the widening of the show space in their windows. The rear has been moved back about three feet and has all been newly decorated. With this improvement excellent scope is provided for artistic window dressing.

Mr. and Mrs. F. L. Constantine returned on Wednesday from a week's holiday spent in the Windermere district. They visited the fair at Invermere the end of last week, and were among the Cranbrook people camping at Fairmont for a few days.

Mr. Jeffrey Warren and Mr. G. A. B. McDonald are visitors in the city, coming by motor on Thursday from Penticton. While in the city, Mr. McDonald, who is a fellow townsman of Mr. J. H. McQuaid, rehearsed many eventful happenings of olden days in Charlottetown, P. E. I.

Monday and Tuesday large crowds were in attendance at the Star Theatre when Potash and Perlmutter occupied the boards. All were delighted with the picture, and complimented the management on it. Mr. A. C. Blaine has in store for his patrons during the coming season a very attractive program of pictures, amongst them being some of the finest that have been produced.

The Cranbrook Baseball Club are putting on a dance on Friday, September 19th, just two weeks from to-night. The boys have provided some good ball for the fans this summer. It has been good clean amateur sport, free from any undesirable element whatever. The citizens have not been asked as in former years to contribute one cent, so now is the opportunity to support the boys and show your appreciation by buying a ticket no matter whether you can go or not.

Mr. and Mrs. A. Crowe, now of Grand Forks, returned home on Thursday, after a visit in their old home towns of Cranbrook and Wycliffe. Mrs. Crowe has been visiting with Mr. and Mrs. Lloyd Crowe at Wycliffe for two weeks or so, Mr. Crowe coming over for the holiday. While here he disposed of the merry-go-round which has been gracing the city park for some time to Conklin & Garret, the amusement people, who are playing in Cranbrook next week. Mr. Crowe held a judgment against the former owners of it.

Tuesday evening the firemen responded to a call from Slaterville, where the Dan McDonald house, occupied by F. Abbott, was ablaze. It appears that the fire started from defective wiring. The firemen had to lay 750 feet of hose from the hydrants at the rear of the hospital. The water pressure was good, and effective work was done by the firemen. The kitchen and part of the house was damaged by the fire, and part of the contents by fire and water. The damage is stimated at about $1,500. $3,000 insurance is carried on the building and contents.

Miss Porter returned on Sunday last from her vacation spent at her home in Victoria.

Mr. A. Ashworth of Invermere, was a visitor in the city taking in the fair.

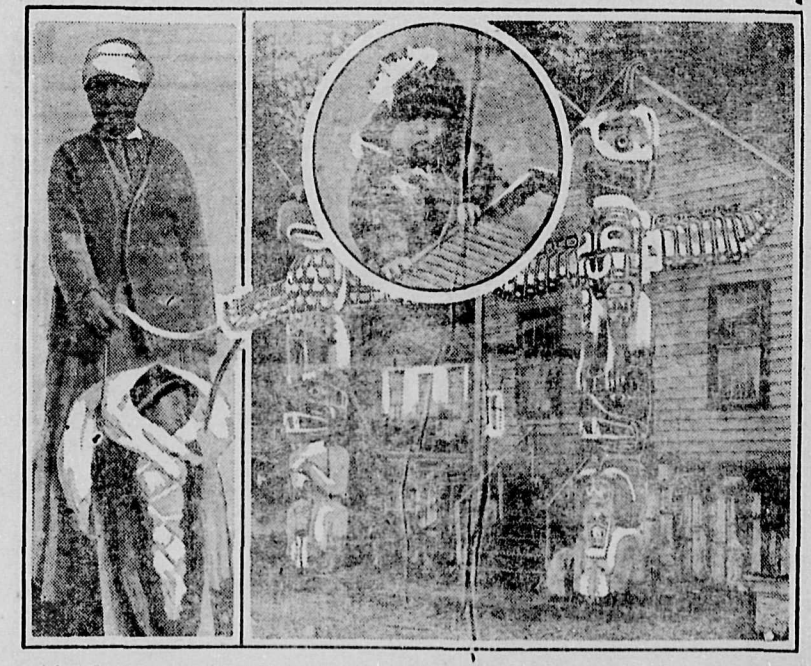
Persons desirous of obtaining logging or camp equipment, will be interested in learning that the Lovering Lumber Company at Wasa are holding an auction sale of their logging horses and other equipment on September 24th, at 1.30 p.m.

Ticket No. 668, held by Mrs. J. Daem, won the Chevrolet at the big Revelstoke carnival.

Winnipeg—It is reported that negotiations are under way for the acquisition of 12,000 acres of land in Western Canada for the formation of a community of approximately 80 families from Ohio and Virginia. According to the representative of the prospective immigrants the community will consist of competent farmers and will include two scientific agriculturists.

Winnipeg. — For the year which closed June 30, the profits on the cattle pool operated by the United States Growers, Ltd., amounted to $30,870, which will make possible the distribution of one per cent. on the value of their cattle to be paid to shippers in addition to the full market value which they have already received. Since the pool was inaugurated in 1923 it has sold more than 100,000 cattle of a value of $3,200,000.

Coastal Indians of Mysterious Origin



Left—A Siwash Squaw and "Papoose." This photograph was taken on the Canadian Pacific dock, Vancouver, where Indians have been granted permission to camp at certain seasons. Right—The striking feature of Siwash art is found in their grotesquely carved and painted totem poles. Inset—A typical infant Siwash.

THE Indians of coastal British Columbia are unlike any other Indians of North America. The name "Siwash", by which they are commonly distinguished from the plains Indians, is a corruption of the French word "sauvage", which the early explorers naturally applied to them. It is not a native name. They do not look at all like the plains Indians but like Orientals and, though their history is so obscure that it is impossible to trace their origin, this seems to prove beyond doubt that they are sprung from some such stock, most probably the Japanese. It is a fact that if a Siwash and a Japanese are dressed alike, one can hardly tell them apart.

How these people crossed the Pacific is a mystery. Perhaps they are the survivors of some hapless armada blown across the ocean in some bygone age. Perhaps they deliberately sailed across, like Columbuses of the East. Perhaps they crossed by the ice of the Bering Straits. Anyhow, there they are.

There are many other points of resemblance between the Siwash and the Oriental. Like the primitive Japanese, the Siwashes live by hunting and fishing and are much on the water—in fact, their canoes are to them what the horse was to the Sioux. Like the primitive Japanese, again, and unlike the plains Indians, they do not live in tents but in houses, which, moreover, are of very similar architecture to those of the Flowery Kingdom, though built of wood. And, like the Japanese, they are a very poetic people, with a prolific and beautiful folk-lore.

But the most remarkable distinction enjoyed by the Siwashes is their art, which does not resemble that of any other race—certainly not that of any other American Indians. Of this, conventional realism sounds the key-note. Their buildings are richly and fantastically carved. Their ceremonial dresses are equally elaborate. They delight in bold effects and bright colors, especially in red, blue and green, used in conjunction with black and white.

The striking feature of Siwash art is found in their grotesquely carved and painted totem poles,—which are placed before the houses. These poles, made to represent a column of diabolical birds and beasts standing one above the other, form what is literally a family tree, the various totems telling the story of the ancestry of the people living in the house behind them. The Siwashes also manufacture weird images resembling the idols of African tribes, which are intended to exercise various supernatural powers, such as the driving away of evil spirits.

The Siwashes of past times were, in some instances, a war-like lot, fond of fighting and bloodshed. Occasionally, if tradition speaks truth, they put their decorative ability to sinister use. There is a story, well vouched for, of a festive meeting between two tribes which had called a truce in their otherwise perpetual feud. One tribe invited the other to a friendly banquet in the community dining-hall. The architect, after the fashion of natives, who glory in complicating simple things, had so designed the hall that the only entrance was through the beak of an enormous wooden bird forming the facade. No one outside could see or hear what was going on within the walls. Every one who entered had to do so alone and head first. In turn, the guests scrambled into the beak and vanished, until all had entered. None of them ever came out. Their treacherous hosts within, armed with clubs, gave each man his quietus as soon as his head appeared.

An extremely clever way of getting rid of objectionable folk with the least possible inconvenience, though not one which appeals to Christian men!

Today the coastal Indians are quiet and law-abiding citizens of Canada. But fine specimens of their picturesque art may still be seen at several villages not far from Vancouver and Victoria.
